ION EXCHANGE...

across the globe

At Ion Exchange, we take great pride in being forerunners of positive change. Today, we have become a global icon in the water and environment management domain in our endeavor to provide total integrated solutions to our customers for sustainable development.

In 1965, Ion Exchange pioneered the production of world class resins in India, and simultaneously commenced the design, engineering and supply of water treatment plants to India's industrial sector. We further expanded our technology base to provide integrated solutions, being the first in India to introduce many of these technologies.

Today, we have supplied more than 100,000 plants worldwide including over 1,000 major installations in the core sectors such as thermal and nuclear power stations, steel, fertilizer and refineries, as well as diverse industries such as chemicals, automobile, electronics, paper, food & beverage, pharmaceutical and textile.

Convinced that exports would impel us to enhance quality to international standards, we made a determined push into the intensely competitive international market.

In 1976, we set up our first international plant, through BHEL, at the Sultan Ismail Power Station of the National Electricity Board in Malaysia. This was followed by exports to Russia and Africa in the '80s. We formed an expert team to further explore the global markets. Benchmarking with the best was rewarded by a breakthrough in the quality conscious Japanese market in 1995. Since then, we have successfully executed a large number of projects globally with stringent requirements of customers. Besides this, more than 45% of resin produced by us is exported across the world.

Today, we cover the global market through our offices in Asia, Africa, North America and other continents through our business associates. We work with leading EPC companies and multinational customers in Japan, Europe, USA and Korea for export of our products and projects.

We continue to be guided by our vision – "To be the leader in our business which is so vital to people's lives and the environment".

DIRECTORS' REPORT

To

The Members,

Your Directors have pleasure in presenting the 52nd Annual Report and Accounts for the year ended 31st March, 2016.

FINANCIAL RESULTS

The highlights of the financial results are as follows:

	Year ended March 2016 (Rs. in Lacs)	Year ended March 2015 (Rs. in Lacs)
Profit before taxation	5,136	3,802
Less: Provision for taxation :		
Current tax	1,720	1,315
Deferred tax	(33)	(127)
Profit after tax	3,449	2,614
Add: Balance in Statement of Profit & Loss brought forward from Previous Year	9,630	7,684
Less: Additional Depreciation	---	163
Profit balance available for appropriation	13,079	10,135
Appropriations:		
Dividend including Proposed Dividend	437	436
Tax on dividend	56	69
Balance in Statements Profit & Loss Carried Forward to Balance Sheet	12,586	9,630

OPERATIONS

During the financial year ended 31st March, 2016, the net profit after tax of the company has increased by 32% to Rs.3,449 Lacs as compared to previous year's net profit after tax of Rs. 2,614 Lacs. The turnover was higher at Rs. 831 Crores as compared to Rs. 762 Crores of the previous year showing a increase of 9%.

DIVIDEND

The Directors are pleased to recommend a dividend of Rs. 3/- [30%] per equity share for the financial year ended 31st March, 2016.

FUTURE OUTLOOK

According to International Monetary Fund (IMF), growth in advanced economies is projected to rise by 0.2 percentage points in 2016 to 2.1 percent, and hold steady in 2017. Growth in emerging markets and developing economies is projected to increase from 4 percent in 2015 - the lowest since the 2008 - 09 financial crisis - to 4.3 and 4.7 percent in 2016 and 2017, respectively.

India continues to remain a bright spot in an overall gloomy global economy. As per the World Economic outlook released by the IMF, India will be the fastest growing major economy in 2016-17 growing at 7.5%, ahead of China, at a time when

global growth is facing increasing downside risks. India's growth is expected to continue to be driven by private consumption, which has benefited from lower energy prices and higher real incomes. With the revival of sentiment and pickup in industrial activity, a recovery of private investment is expected to further strengthen growth.

Your company is well poised to benefit from the revival of industrial activity in the Indian economy. The increasing government regulations and focus on water and water management such as the Swachh Bharat Mission, the Clean Ganga initiative, the National Rural Drinking Water Programme, along-with stricter enforcement of the environmental norms for polluted water discharge, reduced carbon footprint, waste water treatment and requirement of zero liquid discharge plants from various industries will also drive the demand for water and wastewater treatment solutions. Your company is simultaneously making good headway in the international markets where demand for such water and waste water management solutions continues to be good with increased requirement for Company's speciality chemical and resin products.

Your company is strategically well positioned as one of the leading players in the organised water solutions industry in India and one of the very few companies providing end-to-end water solutions to its customers, from engineering equipments to water treatment resins and chemicals to consumer products.

FINANCIAL RESOURCES**Share Capital**

Under Employees Stock Option Scheme – ESOS – 2001 & 2003, the Employees Stock Option Compensation Committee (ESOCC) allotted 92,500 & 42,000 Equity shares respectively to the employees of the Company. The Paid-up equity capital of the Company increased from Rs. 14,53,21,590/- to Rs. 14,66,66,590/- after allotment.

ANNEXURE IV

Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo

The information under Section 134 (3) (m) of Companies Act, 2013 read with Rule 8 (3) of Companies (Accounts) Rules, 2014 is given herein below:

(A) Conservation of energy

- (i) the steps taken or impact on conservation of energy;

The electricity consumption in the Patancheru Plant was controlled with marginal increase. 8% increase was commensurate with production increase of 9%. However due to 6% better availability of power from State Grid, overall cost was lower by Rs.100/Ton of Production.

- (ii) the steps taken by the company for utilizing alternate sources of energy; - NIL

- (iii) the capital investment on energy conservation equipments; -

Capital Investment: Rs. 70.40 lacs.

Following is the breakup of capital amount spent for the energy conservation equipment.

- | | | |
|----|-----------------|---------------|
| 1. | 10 KL REACTORS: | Rs.44.47 lacs |
| 2. | 8 KL REACTOR: | Rs.25.93 lacs |

(B) Technology absorption –

- (i) the efforts made towards technology absorption;

Specific areas in which R&D has been carried out by the company are as follows:

- WATER VENDING MACHINE:** A purified water vending machine specifically targeted for high footfall areas like Railway Stations, Malls etc was designed and developed by R&D .
- CUSTOMIZED RO PURIFIER FOR RAILWAY PANTRY CARS:** R&D has developed customized RO purification systems for Indian Railways pantry car with the purpose of providing hygienic water for tea making and cooking
- HIGH TDS RO (Up to 3000 ppm TDS):** R&D has developed high TDS home RO systems specifically for the very hard water regions with TDS up to 3000 ppm.
- High stress polymer for cooling water treatment.
- Automatic chlorine dioxide system with acid and chlorite technology.
- Primary amine with high total exchange capacity.
- Perchlorate selective ion exchange resins

- (ii) The benefits derived like product improvement, cost reduction, product development or import substitution.

- WATER VENDING MACHINE (WVM):** At most railway stations, the general public have to either opt for unhygienic tap water for drinking or buy bottled water at a steep price. This WVM incorporating high recovery RO and an Electrolytic Sanitizing System (ESS), aims at providing chilled and purified drinking water at an affordable price. The operator uses a pre-paid smart card for dispensing water in various options. This WVM is also equipped with a smart system for storing and sending the daily business data to the franchisee.
- CUSTOMIZED RO PURIFIER FOR RAILWAY PANTRY CAR:** This high recovery RO system on a SS skid is specifically designed to provide purified water at a peak demand of 100 LPH in the pantry car. Its in-built ESS system also ensures that all the in-loop tanks and plumbings of the pantry water system remain free of bacterial contamination 24X7. The design has a back-up UV purification in the event of a RO malfunction.
- HIGH TDS RO (Up to 3000 ppm TDS):** Most home RO can perform satisfactorily in the TDS range upto 1500 TDS. In the very high TDS areas, users have little choice of either buying bottled water or putting up with dubious RO systems that do not survive in such hard waters. This high TDS RO is specifically designed to work in such hard water conditions and make way for a select market in such areas.

- d) High Stress polymer is used to control corrosion and scaling in cooling water system. Presently such products are being imported at high cost. This development will help us to reduce the end product cost with a competitive advantage in the market.
- e) Automatic chlorine dioxide system based on acid and chlorite are demanded by food and beverages industries. R&D developed this model and handed over to production. This helps us to penetrate the disinfection market in food and beverages industry.
- f) Primary amine with high total exchange capacity is a new development which is helpful for some speciality applications. As the capacity is high, the requirement of such product is having its own competitive advantage in the market.
- g) Perchlorate removal resin is used to remove perchlorate from water. This product is having high market demand both in national and international market.
- (iii) in case of imported technology (imported during the last three years reckoned from the beginning of the financial year)-
- (a) the details of technology imported : None
- (b) the year of import : NA
- (c) whether the technology been fully absorbed : NA
- (d) if not fully absorbed, areas where absorption has not taken place, and the reason thereof and : NA
- (ii) the expenditure incurred on Research and Development

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A. Industry Structure and Development

Overview:

Ion Exchange (India) Ltd. (IEIL) is a leading end to end water solution provider to industry and municipal corporations. The company is present across the entire water solution and management value chain including design, construction and maintenance of water and wastewater treatment plants, manufacturing and supply of water treatment chemicals. The company has a wide range of products offering in water treatment, specialty chemical and customized chemical treatment, which complements its engineered water treatment solutions and also provides optimum plant performance. The company's water management solution also extends beyond industrial to home, hotels, and hospitals under the brand name Zero B.

Global Economy:

In the financial year 2015-16, global economic activity continued to remain subdued. The emerging markets and developing economies, which account for around 70 percent of the global growth, declined for the fifth consecutive year, while the advanced economies continued to recover slowly. There were few key influencing factors to the global economy.

China's economy witnessed a faster than expected slowdown due to rebalancing economic activities moving away from investment and manufacturing towards consumption and service related activities.

Energy and various commodity prices witnessed a decline. Lower oil prices strained the fiscal positions of fuel exporters and weighed on their growth prospects, while supporting household demand and lowering business energy costs of importers. However, strain due to oil shock and its impact on investment climate and weak pick-up in oil-consuming economies due to limited pass-on of lower prices has resulted in global growth stalling.

The United States has been going through a gradual monetary policy tightening scenario where the U.S. Federal Reserve lifted the federal funds rate from the zero lower bound, while monetary easing continued in the euro area and Japan. Prospects of a gradual increase in policy interest rates in the United States as well as bouts of financial volatility amid concerns about emerging market growth prospects have contributed to tighter external financial conditions, declining capital flows, and further currency depreciations in many emerging market economies.

According to International Monetary Fund (IMF), Growth in advanced economies is projected to rise by 0.2 percentage points in 2016 to 2.1 percent, and hold steady in 2017. Growth in emerging market and

developing economies is projected to increase from 4 percent in 2015 - the lowest since the 2008–09 financial crisis - to 4.3 and 4.7 percent in 2016 and 2017, respectively.

Indian Economy:

India remained a relatively bright spot in the global economy with its growth story continuing to bloom. One of the contributors to the strong growth experienced by the Indian economy was the sharp decline in crude oil prices. The Indian economy grew at 7.6% in FY 2015 (ending 31st March 2016). Despite a weak monsoon for a second consecutive year, agriculture grew by 1.1% in FY2015. While the industry and private consumption accelerated to a growth of 7.3% and 7.6% respectively, the services growth moderated to 9.2%.

India continued to remain at the top of Nielsen's global consumer confidence index for the sixth quarter in a row. The Foreign Direct Investment (FDI) inflows increased 40 percent during April-December 2015 to reach USD 29.44 billion, compared to same period last year. Also, India's foreign exchange reserves remained comfortable at USD 356 billion in the week up to March 25th, 2016.

The regulatory regime witnessed easing and the Reserve Bank of India (RBI) cut interest rates as inflation eased sharply. The government's strong focus on reviving growth was evident from the Union budget, where the Finance Minister gave relief to small tax payers, nudged the affluent to shell out more while focusing on the rural economy with much higher fiscal outlays. The Finance Minister also reaffirmed that the government would continue the reform agenda to usher in the long awaited GST by passing the Constitutional Amendment Bill in the Parliament.

On the government initiative front, the "Make in India scheme", "Smart cities plan", "Jan-Dhan Yojna", "Digital India plan", "Skill Development & Start-up India initiatives", "Power for All", "UDAY", "Housing for All", "Scheme to revitalise public sector banks", "Ease of Doing Business (EoDB) initiative" and other ambitious infrastructure programmes present significant opportunities for investors to be part of one of the largest development programmes in the world. These programmes are expected to transform not only the cities and the country as a whole, but also the way business is done in India.

As per the World Economic outlook released by the IMF, India will be the fastest growing major economy in 2016-17 growing at 7.5%, ahead of China, at a time when global growth is facing increasing downside risks. India's growth is expected to continue to be driven by private consumption, which has benefited from lower energy prices and higher real incomes. With the revival of sentiment and pickup in industrial activity, a recovery

of private investment is expected to further strengthen growth.

Indian Industry:

After a few years of poor industrial growth and low market sentiments, the financial year 2015-16 has clearly brought a positive in the Indian economy as multiple reforms were rolled out to provide positive impetus to industrial capex.

The Industrial sector in India has been growing at a Compound Annual growth rate CAGR of 5% to 7%. But with the recent push on the government reforms, this is expected to pick up significantly in coming years. Industrial production in India increased 1.2 percent year-on-year in May of 2016, recovering from an upwardly revised 1.3 percent drop in April and beating market expectations for 0.4 percent decline. The contraction in capital goods abated in May and consumer goods production returned to growth. In addition, intermediate goods production gained steam.

As industrial capex picks up, demand for water and wastewater management solutions has also shown improvement as they are directly co-related. The Make in India Initiatives and Swachh Bharat Abhiyan are expected to create significant opportunities in this segment. It is estimated that Capital expenditure on water and wastewater infrastructure in India is set to increase by 83% over the next five years. The projected wastewater treatment CAGR is expected to be 8-10% through 2015-2020.

The water sector is predominantly driven by the government in areas related to its universal service obligation. Beyond the government's push in the betterment of water sanitation and availability, the world's second most populous country is also attracting supplementary financial and technological contributions from the private sector in the development of sustainable water solutions. Wastewater management in India has become an extremely important area of focus due to increasing health awareness and population pressure. Despite the wastewater sector witnessing major growth in the last decade due to increasing government support and private participation, the scale of the problem remains enormous. For instance, it is estimated that less than 20% of domestic and 60% of industrial wastewater is treated. Metros and large cities (more than 100,000 inhabitants) are treating only about 29.2% of their wastewater; smaller cities treat only 3.7% of their wastewater.

The water treatment chemicals and resins industry in India continue to see stable growth. However the outlook for this segment of the industry remains positive on the back of the growing investments of MNCs, urbanization and Government in sewage treatment plants. The target industries include Oil & Gas, Power, Chemicals & Fertilisers, F&B, Paper, Textile, Auto and Pharma.

Overall, your company is well positioned to benefit from the changing Industrial landscape in India and also the government reforms. Its presence across the water management value chain provides it with a superior edge in this industry. Your company is one of the few companies in India which can provide its customers an end to end water management solution.

B. Highlights of Performance

For the year under review the profit after tax registered a growth of 32% at Rs. 3,449 Lacs as compared to Rs. 2,614 Lacs in the previous year. The gross turnover however increased at Rs. 831 Crores compared to Rs. 762 Crores of the previous year.

C. Segment-wise Operational Performance

The company's business segments can be broadly categorised as following:

1. Engineering
2. Chemicals
3. Consumer Products

ENGINEERING

The segment achieved higher turnover of Rs. 449 crores compared to Rs. 398 crores for the previous year. Engineering is one of the key business segments of the company. In this segment, the company designs, engineers, builds and maintains medium and large sized water and waste water treatment plants including recycling and zero liquid discharge plants. Your company caters to diverse industries under this segment such as petrochemical & refinery, power, steel, auto, sugar, electronics, pharma, pulp & paper, textile, cement, F&B etc. The company is one of the leading players in this segment and has played a major role in industrial desalination plants in India.

Water and wastewater management is key priority area for Government and your company is well positioned to benefit from the strong government focus on water investment.

As a result of the changing landscape, the company has also selectively increased focus on government projects to benefit from the growing demand in this area. Simultaneously, the company has taken significant steps to diversify its geographical footprints and has also expanded presence in the international market like the Middle East. These initiatives have started showing traction. The company currently has a strong order book in this segment.

Going forward, the company is taking multiple strategic steps to improve growth in this segment such as selectively targeting projects in the Infrastructure and Municipal Segments and capitalising on technology and application knowledge in SWRO, Recycle and ZLD, increasing application coverage of resin and membrane

technologies and providing value engineering to maintain superior value to customers, gain market share and ensure better profitability.

CHEMICALS

The segment achieved Sales turnover of Rs. 305 crores compared to Rs. 286 crores of the previous year.

During the year the domestic sales for conventional resin was steady whereas the sales of speciality resins continued to show good growth and continued the upward trend of previous two years. Number of new applications and customers in the speciality resin segment were identified and this will provide us new avenues of growth in coming years. The resins for potable water treatment achieved much higher sales compared to the last year and the trend is likely to continue next year. Exports of resins to USA increased substantially and exports to Europe and Far Asian markets have remained steady.

The company successfully renewed the WHO-GMP certification for the Pharma facility at Ankleshwar. Company also received US FDA nod for the manufacturing of resins for pharma industry in this facility. Your company is also filing the EU-DMF for this drug active. Thus the company is now ready to tap the large potential markets in US and Europe for Drug Active resins.

Combination of subdued raw material prices, higher sales in anion and speciality resins and controlled overheads saw significant improvement in profitability. Water treatment and Industrial Chemical segment also achieved improvement in bottom line due to much higher production of intermediates, sourcing of quality raw material at lower prices and controlled overheads.

During the year Industrial Chemical Division took a significant step of installing a Blending Facility in Bahrain to cater to Customers in Gulf Countries. Thus in coming years company will be able to cater to the growing demand of this market and increase the market share.

Your company will continue investments in R&D to develop new products, improve the processes and reduce the cost.

Company's business prospective of Specialty Chemicals and Resins are on strong footings and is expected to grow year on year with healthy net profits.

CONSUMER PRODUCTS

The segment achieved a turnover of Rs. 87 crores during the year.

Home Water Solutions (HWS) division has relaunched the automatic softener 'Zero B Auto Soft'. It is an advanced softener that contains the revolutionary Purple Soft resin and an upgraded automatic valve. Softener converts hard water into soft water.

The product has been launched in two versions, the original 3 AS version and 6AS version for higher water usage. HWS also introduced a food grade resin which does not leach out harmful chemicals from the resin beads unlike other resins for softening application. 'It is named as Zero B PURPLE SOFT'.

HWS division has also launched an upgraded Zero B Kitchen Mate RO with a unique inbuilt ESS (electrolytic sanitisation system) technology which releases trace amounts of silver and hydroxyl ions in the water. These ions prevent slime buildup in the storage tank and thus keep the stored water fresh for a longer time.

Your company received Water Digest Water Awards in association with UNESCO for the year 2015-16 for the Best Water Company – Made In India (2015-16) and Best Complete Domestic Water Management Solutions Provider Domestic & Institutions (2015-16).

The institution division primarily focuses on Construction, Hospitality & Healthcare, Educational institutes, Corporate offices & PSU segments such as Defense, Railways, State transport Corporations, CPWD etc. During last year this division has registered an impressive top line growth of 22% year over year. All the regions have shown good growth in order bookings & have also built a healthy offer bank.

During this year your company has worked closely with the Indian Railways & IRCTC to offer economical drinking water options for the community. First set of such carefully designed "Water Vending Stations" are supplied & installed at identified locations in state of Tamil Nadu. We hope to expand our foot print in Railways & IRCTC with an aim to take 10% share of drinking water needs.

This division continued to increase its presence by expanding dealer network which will help your Company to increase market presence and business growth. Your company continues efforts to design & develop new range of treatment options in this segment. During this year, Company introduced new sewage treatment options like INDION "ECO-Membranes Bio Reactor" (ECO MBR) & INDION "Sequential Batch Reactor" SBR technology in line with companies philosophy to develop environmentally friendly treatment solutions.

Your company continued to increase its presence in the rural market by introducing new technologies and adapting existing ones to meet the requirements of the rural communities. INDION Lampak - a compact, single tank unit to treat highly contaminated surface water and solar powered gravity based fluoride & iron removal systems were launched.

Besides this, the company expanded its presence by entering new territories and states by partnering with local & state Government authorities (Zilla Parishads, PHEDs, Jal Nigams, Rural Drinking Water & Sanitation Departments, etc.) as well Non Government Organisations (NGOs).

In the current year, your company will work towards increasing its penetration across rural India and introduce ground and surface water treatment solutions as well as other products and technologies to meet their specific requirements.

EXPORTS

During the year, your company has registered export turnover of Rs. 175 crores which was marginally lower as compared to previous year due to the slowdown in Middle East as a result of which many project got deferred. The drop in oil prices has affected the Company's performance in many of the markets where your Company is operating. However, growth of resin market in North America has substantially improved the export business.

With the increased demand for water & wastewater management solutions in the international markets your company is poised to register growth in the export business.

D. Risks, Threats, Concerns and Risk Mitigation

Risk mitigation has been a priority of the management's agenda. Our risk management framework is designed to be simple, consistent and clear for managing and reporting risks related to group's business to the board. The multi-layered risk management framework implemented by your company is aimed at achieving strategic objective of increasing the market share, optimal utilization of the assets to increase productivity, comprehensive financial reporting and compliance to regulatory and social obligations.

Though India remained a relatively bright spot in the global economy with its growth story continuing to bloom, recent events viz the Brexit has put pressure on the exchange rates and is impacting the international business scenario. The sharp decline in crude oil prices, though have favourable impact to the internal economics of India, has created widespread crisis particularly in the Gulf region where your company has business interest. During the year, the Reserve Bank of India (RBI) cut interest rates four times as inflation eased sharply, however, till the end of the year due to the global scenario and also domestic water scarcity inflationary trends resulting in upward movement of Raw Material prices were visible. The recent introduction of GST and IND AS has posed fresh challenges on the domestic industry front. Your management has been vigilant about the risk emanating from the Global as well as domestic events and has adopted sound strategies to mitigate these risks.

The management keeps a track of continuous changes in water treatment industry pre-dominantly to reassess risk and opportunities. Your company remains vigilant of its credibility, quality, services and technology vis-à-vis major Indian and global players. Regular efforts are made to shore up competitiveness through cost reduction, value engineering and tie ups with vendors

for quality products at competitive prices. Your company continues to invest in research and development and is also always on the lookout for technology assimilation through partnership with respected and reliable international parties.

Regulatory policies and the changes in the law of the land, though completely beyond the control of the company, affect business operations. Many compliance regulations are enacted to ensure that organizations operate fairly and ethically. Your company takes utmost care about meeting the legal and social compliances in the geographies in which they operate. Your company has augmented its practice and systems to ensure complete regulatory compliance with the amendments to the Companies Act. .

E. Human Resources & Training

Your Company believes that human resources play a critical role in its future growth.

The function is linked with the strategic goals and objectives of the business, to improve productivity and efficiency, companywide.

Global benchmarking is a powerful instrument that helps us compete with the best and serve our customers better. With an unswerving focus on nurturing and retaining talent, your Company provides avenues for learning and development through functional, behavioral and leadership training programs, knowledge exchange programs, and communication channels for information sharing.

In keeping pace with today's competitive business environment, specialized programmes have been conducted by prestigious and reputed Training Institutes. Technical training in total environment solutions and soft skill training including executive/ management development workshops as well as job-function related training are an on-going feature.

Your Company recognizes that talent management is a constantly evolving discipline that needs to be addressed. This stems from our belief that performance leads to recognition. Identifying and grooming high potential employees for greater responsibility and leadership roles has indeed enabled employee retention. Every effort is therefore made to ensure that recruitment processes are in place and candidates are suitably selected.

The Human Resource function plays a key role in building a conducive and performance-oriented work environment with a focus on fairness, transparency, and accountability. Introduction of reward & recognition incentive schemes have also acted as motivating factors for employee satisfaction.

F. Internal controls

The Directors of your company carry the ultimate responsibility for ensuring that the group maintains a robust internal control framework to provide them with

reasonable assurance that all information within the business and available for external publication is correct and adequate. The existing governance and policy framework implemented by your company provides reasonable assurance of the efficacy of the internal control operating within the company.

The company has well qualified internal audit department. The planning of internal audit is approached from risk perspective. In preparing the annual audit plan reference is made to past audit experience, current economic and business environment, the Group's risk matrix, inputs sought from the top, senior management and Audit committee members. Major observations are periodically highlighted to the Audit committee members and are also reviewed by the statutory auditors.

In line with the amendments to the Companies Act, 2013, your Company initiated and implemented improved internal control framework to ensure and provide reasonable assurance on the efficacy of operating controls.

G. Social responsibility initiatives

At Ion Foundation, we continue to be involved in meaningful social initiatives giving back to society what we owe it, impacting the quality of lives of the disadvantaged sections of society.

Our projects emanate from an understanding of the needs of the economically disadvantaged communities and reflect our values. Some of the initiatives in our focus areas of Education, Health & Hygiene and the Environment include: sponsorship of tuition fees, higher education, supporting teaching expenses, computer education, infrastructural development, installation of drinking water purification plants, providing relief during natural calamities like floods, construction of sanitation facilities; spreading environmental awareness through campaigns and tree plantation drives.

Corporate Social Responsibility at Ion Foundation, not only touches the hearts and lives of the underprivileged but also its employees and their family members, who are actively involved in various activities. Remarkable is the fact that we have the support of top management, at all our locations and our involvement is a way of telling the people among whom we operate that 'we care'.

Our strong all-India Service and Rural Marketing network gives us the added advantage of monitoring and gaining feedback on previous years' projects.

With our consistent effort, we are happy to make a difference to the lives of over 68,000 beneficiaries during this year and to over 1,62,000 beneficiaries since the inception of Ion Foundation in 2010.

Employees appreciate working for organizations that have strong values, alignment & integration of CSR in their employee programs, which helps motivate, develop and retain employees.

Independent Auditors' Report

To
**The Members of
 Ion Exchange (India) Limited**

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of Ion Exchange (India) Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2016, the Statement of Profit and Loss and the Cash Flow Statement for the year ended on that date, and a summary of the significant accounting policies and other explanatory information, in which are incorporated the return for the year ended on that date audited by the branch auditor of the Company's branch at Bengaluru.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in sub-section 5 of Section 134 of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 ("the Rules"). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under sub-section 10 of Section 143 of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2016 and its profit and its cash flows for the year ended on that date.

Other Matter

We did not audit the financial statements/information of one branch included in the standalone financial statements of the Company whose financial statements / financial information reflect total assets of Rs. 44,08,04,498 as at 31st March 2016 and total revenues of Rs. 86,70,66,666 for the year ended on that date, as considered in the standalone financial statements. The financial statements/information of this branch have been audited by the branch auditor whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of this branch, is based solely on the report of such branch auditor.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ('the Order'), issued by the Central Government of India in exercise of powers conferred by sub-section 11 of section 143 of the Act, we enclose in 'Annexure A' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by sub-section 3 of Section 143 of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The reports on the accounts of the branch office of the Company audited under Section 143 (8) of the Act by the branch auditor have been sent to us and have been properly dealt with by us in preparing this report.
- (d) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (e) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Rules.
- (f) On the basis of the written representations received from the Directors as on 31st March 2016 and taken on record by the Board of Directors, none of the Directors are disqualified as on 31st March 2016 from being appointed as a Director in terms of sub-section 2 of Section 164 of the Act.
- (g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in 'Annexure B' and
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (i). The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 41 to the financial statements;
 - (ii). The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - (iii). There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure A to the Independent Auditor's Report - 31st March 2016

(Referred to in our report of even date)

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified in a phased manner over a period of three years. In accordance with this programme, a portion of the fixed assets has been physically verified by the management during the year and no material discrepancies have been noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) According to the information and explanations given to us, the title deeds of immovable properties, as disclosed in Note 12 to the standalone financial statements, are held in the name of the Company, except for the following:

(Amount in Rupees)

Particulars	Freehold Land	Buildings
Gross block as at 31st March 2016	18,44,060	76,882
Net block as at 31st March 2016	18,44,060	Nil

- (ii) The inventory, except goods-in-transit and stock lying with third parties, has been physically verified by the management at reasonable intervals during the year. In our opinion, the frequency of such verification is reasonable. In respect of inventory lying with third parties, these have substantially been confirmed by them. The discrepancies noticed on verification between the physical stocks and the book records were not material.
- (iii) The Company has granted unsecured loans to eleven companies covered in the register maintained under Section 189 of the Companies Act, 2013 ('the Act').
- (a) In our opinion, the rate of interest and other terms and conditions on which the loans had been granted to the companies listed in the register maintained under Section 189 of the Act were not, prima facie, prejudicial to the interest of the Company.
- (b) The loans granted are repayable on demand. We are informed that the Company has not demanded repayment of such loan from five such companies during the year and other companies has paid the loan as per demand, and thus, there has been no default on the part of the companies covered in the register maintained under section 189 of the Act. The payment of interest has not been regular incase of five subsidiaries.
- (c) There are no overdue amounts in respect of the loan granted to a companies listed in the register maintained under section 189 of the Act.
- (iv) In our opinion, and according to the information and explanations given to us, in respect of investments, loans, guarantee and security, the Company has complied with the provisions of Section 185 and 186 of the Act.
- (v) In our opinion, and according to the information and explanations given to us, during the year the Company has not accepted any new deposits. The Company has complied with the provisions of Section 73 to 76 of the Act or other relevant provisions of the Act and the rules framed thereunder/the directives issued by the Reserve Bank of India (as applicable) with regard to deposits accepted from the public. No order has been passed by the Company Law Board or National Company Law Tribunal (as applicable) or Reserve Bank of India or any Court or any other Tribunal.
- (vi) We have broadly reviewed the records maintained by the Company pursuant to the rules prescribed by Central Government for maintenance of cost records under sub section 1 of Section 148 of the Act and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records.
- (vii) (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues including provident fund, employees state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess, professional tax and other material statutory dues, as applicable, with the appropriate authorities.
- According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess, professional tax and other material statutory dues were in arrears as at 31 March 2016 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there are no dues of Income tax, Sales tax, Value added tax, Service tax, duty of customs, duty of excise which have not been deposited with the appropriate authorities on account of any dispute other than those mentioned in Annexure I to this report.

Annexure B to the Independent Auditor's Report- 31st March 2016

(Referred to in our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of Ion Exchange (India) Limited ("the Company") as of 31 March, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the

Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act 2013 ("the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing,

issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

Other Matters

We did not audit the internal financial controls over financial reporting of a branch of the Company's branch at Bengaluru. The internal financial control over financial reporting of this branch have been audited by the branch auditors whose report have been furnished to us, and our opinion in so far as it relates to such internal financial controls over financial reporting included in respect of this branch, is based solely on the report of such branch auditor.

NOTES TO FINANCIAL STATEMENTS for the year ended 31st March 2016**1. Basis of Preparation:**

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The financial statements have been prepared under historical cost convention on accrual basis except in case of assets acquired before 30th April 1986 which are carried at revalued amounts. The financial statements comply in all material respects with the accounting standards as prescribed under section 133 of the Companies Act, 2013 (the "Act") read with rule 7 of the Companies (Accounts) Rules, 2014, provisions of the Act (to the extent notified). The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

The operating cycle in case of projects division comprising of turnkey projects which forms a part of engineering segment is determined for each project separately based on the expected execution period of the contract. In case of the other divisions the company has ascertained its operating cycle as twelve months.

2. Significant Accounting Policies:

- (i) Fixed assets, depreciation, amortization and impairment:

Tangible assets

Fixed assets acquired before 30th April 1986 are stated at revalued amounts while assets acquired subsequent to that date are stated at historical cost of acquisition less accumulated depreciation and impairment losses, if any. Cost comprises of the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing cost relating to acquisition of fixed assets which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Depreciation is provided on straight line basis based on life assigned to each asset in accordance with Schedule II of the Act or as per life estimated by the Management, whichever is lower, as stated below:

Assets	Useful lives
Road	10 years
Building - Other than factory buildings	30 – 60 years
- Factory buildings	20 – 30 years
Plant and machinery	10 – 15 years
Furniture and fixtures	10 years
Vehicles	4 – 8 years
Office equipments	3 – 5 years

Site equipments are depreciated over 3 years.

Leasehold assets are depreciated over the period of lease.

The incremental depreciation attributable to the revalued amount is transferred from the revaluation reserve to the statement of profit and loss.

Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost and are carried at cost less accumulated amortization and impairment.

Intangible assets are amortized on a straight line basis over the estimated useful economic life. The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

Computer Software is amortized on a straight line basis over the period of 5 years.

Impairment

Impairment loss, if any, is provided to the extent the carrying amount of assets exceeds their recoverable amount. Recoverable amount is the higher of an asset's net selling price and its value in use. Carrying amounts of assets are reviewed at each Balance Sheet date for any indication of impairment based on internal / external factors. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at end of its useful life. In assessing value in use, the present value is discounted using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. Net selling price is the amount obtainable from sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal.

NOTES TO FINANCIAL STATEMENTS for the year ended 31st March 2016 (contd...)

2. Significant Accounting Policies (contd...)

(ii) Foreign currency transactions:

Transactions in foreign currencies are recognized at exchange rates prevailing on the transaction dates. Exchange differences arising on the settlement of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise. Foreign currency monetary items are reported at the year-end rates. Exchange differences arising on reinstatement of foreign currency monetary items are recognized as income or expense in the statement of profit and Loss. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

The premium or discount arising at the inception of forward exchange contracts is amortized as income or expense over the life of the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the year. None of the forward exchange contracts are taken for trading or speculation purpose.

(iii) Investments:

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

(iv) Inventories:

Inventories are valued at lower of cost and net realizable value.

Cost of raw materials, components, stores and spares are computed on a weighted average basis. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

Cost of work-in-progress includes cost of raw material and components, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is computed on weighted average basis.

Contract cost that has been incurred and relates to the future activity of the contract are recognized as contract Work-in-Progress as it is probable that it will be recovered from the customer.

Cost of finished goods includes cost of raw material and components, cost of conversion, other costs including manufacturing overheads incurred in bringing the inventories to their present location / condition and excise duty. Cost is computed on weighted average basis.

Costs of traded goods are computed on First-in-First-out basis. Cost includes cost of purchases and other costs incurred in bringing the inventories to their present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(v) Accounting for CENVAT:

The Company follows on a consistent basis, the "non-inclusive" method of accounting for CENVAT under Central Excise Act with regard to its inventories, purchases and consumption.

(vi) Research and development:

Capital expenditure on research and development is treated in the same manner as fixed assets. Research costs are expensed as incurred. Development expenditure incurred on an individual project is carried forward when its future recoverability can reasonably be regarded as assured.

(vii) Retirement and other employee benefits:

a) Retirement benefit in the form of provident fund managed by Government Authorities, Employee State Insurance Corporation, Labour Welfare Fund and Superannuation Fund are defined contribution scheme and the contribution is charged to the statement of profit and loss of the year when the contribution to the respective fund is due. There is no other obligation other than the contribution payable.

b) Gratuity Liability is defined benefit obligation and is provided for on the basis of an actuarial valuation on Projected Unit Credit method made at the end of each financial year.

c) Short term employee benefits are charged off at the undiscounted amount in the year in which the related service is rendered. Long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per Projected Unit Credit method made at the end of each financial year. The Company presents the leave liability as non- current in the Balance Sheet, to the extent it has an unconditional right to defer its settlement for a period beyond 12 months, balance amount is presented as current.

NOTES TO FINANCIAL STATEMENTS for the year ended 31st March 2016 (contd...)**2. Significant Accounting Policies (contd...)****(vii) Retirement and other employee benefits (contd...)**

d) Provident Fund scheme managed by trust set up by the company is a defined benefit plan. Employee benefits, in form of contribution to provident fund managed by such trust, is charged to the statement of profit and loss as and when the related services are rendered. The deficit, if any, in the accumulated corpus of the trust is recognised in the statement of profit and loss based on actuarial valuation.

e) Actuarial gains / losses are immediately taken to the statement of profit and loss and are not deferred.

(viii) Revenue recognition:

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

Sales are accounted for inclusive of excise duty but excluding sales tax / VAT. Sale of goods is recognized when the property and all significant risks and reward of ownership is transferred to the buyer and no significant uncertainty exists regarding the amount of consideration that is derived from the sale of goods.

Contract revenue and contract costs in respect of construction contracts, execution of which is spread over different accounting periods, is recognized as revenue and expense respectively by reference to the basis of percentage of completion method of the project at the balance sheet date.

Determination of revenues under the percentage of completion method by the company is based on estimates (some of which are technical in nature) concerning the percentage of completion, costs to completion, contracted revenue from the contract and the foreseeable losses of completion.

Foreseeable losses, if any, which are based on technical estimates, are provided in the accounts irrespective of the work done. The company does not have outflow on account of warranty given to customers as all the outsourced work has a back to back guarantee.

Income from services:

Revenue from maintenance contracts are recognized pro-rata over the period of the contract as and when services are rendered. Income from commission and management fees is recognized on completion of services. Service income is accounted net of service tax..

Interest:

Revenue is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividends:

Revenue is recognized when the shareholders' right to receive payment is established by the Balance Sheet date

(ix) Taxation:

a) Provision for current taxation has been made in accordance with the Indian Income tax laws prevailing for the relevant assessment years.

b) Deferred tax is recognized, subject to the consideration of prudence, on timing differences being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. If the company has unabsorbed depreciation or carry forward losses, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that such deferred tax assets can be realized against future taxable profits.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date. The Company writes down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

At each balance sheet date, the company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

(x) Employee stock compensation cost:

Measurement and disclosure of the employee share-based payment plans is done in accordance with SEBI (Share Based Employee Benefits) Regulation, 2014 and guidance note on accounting for employee share-based payments, issued by the Institute of Chartered Accountants of India. The company measures compensation cost relating to employee stock options using the intrinsic value method. Compensation expense is amortized over the vesting period of the option on a straight-line basis. The unamortized portion of the cost is shown under stock options outstanding.

(xi) Provisions and contingent liabilities:

Provisions are recognized when the company has a present obligation as a result of past event for which it is probable that an outflow of resources will be required and a reliable estimate can be made of the amount of obligation. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates (without discounting to its present value).

NOTES TO FINANCIAL STATEMENTS for the year ended 31st March 2016 (contd...)

2. Significant Accounting Policies (contd...)

(xi) Provisions and contingent liabilities (contd...)

Contingent liability is disclosed for a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or a reliable estimate of the amount of the obligation cannot be made.

(xii) Earnings per share:

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xiii) Segment reporting policies:

Identification of segments:

Segments are identified and reported taking into account the nature of products and services, the differing risks and returns, the organization structure and the internal financial reporting system. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Inter-segment Transfers:

The Company accounts for inter-segment sales and transfers at cost plus appropriate margin.

Allocation of common costs:

Common allocable costs are allocated to each segment according to the turnover of the respective segments.

Unallocated costs:

The unallocated segment includes general corporate income and expense items which are not allocated to any business segment.

Segment policies:

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

(xiv) Cash and cash equivalents:

Cash and cash equivalents in the cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

(xv) Leases:

Where the company is the lessor

Leases in which the company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets given on operating leases by the company are included in fixed assets. Lease income is recognized in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognized as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of profit and loss.

Where the company is the lessee

Finance leases, which effectively transfer to the company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in the statement of profit and loss. However, finance charges pertaining to the period upto date of commissioning of assets are capitalised. Lease management fees, legal charges and other initial direct costs of lease are capitalized.

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and Loss on a straight-line basis over the lease term.

In case of profit on sale and lease back arrangements resulting in operating leases, where the sale price is above fair value, the excess over the fair value is deferred and amortized over the period for which the asset is expected to be used.

(xvi) Borrowing costs:

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

(xvii) Use of estimates:

The preparation of financial statements in conformity with Indian GAAP requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

30. EMPLOYEE BENEFITS

- A) The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn basic salary) for each completed year of service. The scheme is funded to a separate trust duly recognized by Income tax authorities.

The guidance note on implementing AS 15, 'Employee Benefits' issued by the Accounting Standard Board (ASB) of the Institute of Chartered Accountants of India states that provident funds set up by employers that guarantee a specified rate of return and which require interest shortfall to be met by the employer would be defined benefit plans in accordance with the requirements of paragraph 26(b) of AS 15.

The following table summarises the components of net benefit expense recognized in the statement of profit and loss and the funded status and amounts recognized in the balance sheet for the gratuity and provident fund plan

NOTES TO FINANCIAL STATEMENTS for the year ended 31st March 2016 (contd...)
34. RELATED PARTY DISCLOSURES (contd...)

- (b) Investment made by the loanee in the shares of the Company

Name of the Related Party	No. of shares as at	
	31st March 2016	31st March 2015
IEI Shareholding Trusts	26,62,914	26,62,914

35. In early 90s, the company had given loans to Employees' IEI Shareholding Trusts. The amount outstanding as at 31st March 2016 is Rs. 21,25,09,000 (2014-2015 : Rs. 21,86,35,000). The Company has carried out valuation of the assets held by the Trusts. Considering the valuation, book value of the corpus of the Trusts as on the Balance Sheet date and future opportunities, the Management does not anticipate any ultimate loss arising out of these loans.

36. The Company has an investment of Rs. 54,70,000 (2014-2015 : Rs.54,70,000) in Equity Shares and 15,00,000 (2014-2015 : 15,00,000) 7% secured redeemable non-convertible debentures of Rs. 100 each fully paid up, in Ion Exchange Enviro Farms Limited (IEEFL), a subsidiary company, as at 31st March 2016 and it has also granted loans and advances aggregating Rs. 13,39,08,658 (2014-2015 : Rs. 12,31,74,629) as at 31st March 2016 to IEEFL. As at 31st March 2016, the accumulated losses of IEEFL have substantially exceeded its paid-up share capital.

IEEFL has undertaken various cost reduction programs and it expects better returns in the coming years from its organic farming activities, bio-pesticides and bio-fertilizers marketing. Moreover, IEEFL has adequate assets in the form of developed and undeveloped land and the redeemable non-convertible debentures are secured by way of mortgage of office premises.

Also the company had filed appeal against the Security Appellate Tribunal Order of refunding monies to investors with return and winding-up of scheme with Supreme Court of India on 4th July 2006. The Hon'ble Supreme Court of India had dismissed the company's appeal on 26th February, 2013. Subsequent to this dismissal, IEEFL approached SEBI with a proposal related to the compliance of the said order vide letter dated 17th May 2013. During personal hearing with SEBI officials on 27th November 2013, pursuant to the above letter, SEBI had called for furnishing additional details which have been duly complied with vide letter dated 13th December 2013. Pursuant to this, IEEFL has initiated actions in line with the aforesaid meetings with SEBI officials and letters submitted to SEBI.

On 30th December, 2015, SEBI directed completion of the closure of the scheme (as per their original order of 27th November 2003), which inter-alia also include directions to pre-deposit sum of Rs. 20.06 Crores refundable to Investors. IEEFL replied on 14th January, 2016, requesting suitable modifications to the said directives, in view of the latest status of the scheme including several refunds made to Investors in the intervening period as well as direct sale of their lands by many investors etc.

IEEFL also requested permission to wind up the scheme in terms of Rule 73(1) to (9) of CIS Regulations, as the company has complied with all obligations towards the farms owners, i.e. sale of lands to the farms owners and developing and maintaining the said lands thereafter, as per agreements.

SEBI granted personal hearing on 3rd February, 2016 to understand IEEFL's submission / proposal and during this meeting asked for providing additional details which were submitted on 23rd March 2016, wherein the company proposed to get discharge certificates from 693 farm owners aggregating Rs. 16.89 Crores within 2 years. Further directions from SEBI are awaited.

Independent Auditors' Report

To the Members of Ion Exchange (India) Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Ion Exchange (India) Limited (it includes return of branch at Bengaluru for the year ended 31st March 2016 audited by the branch auditor) (hereinafter referred to as "the Holding Company") and its subsidiaries (collectively referred to as "the Group"), its associates and jointly controlled entity, comprising of the Consolidated Balance Sheet as at 31st March 2016, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (particularly Accounting Standard 21, Consolidated Financial Statements). The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under sub-section 10 of Section 143 of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain

reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements of the subsidiaries, its associates and jointly controlled company, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of consolidated balance sheet, of the consolidated state of affairs of the Group, its associates and its jointly controlled company as at 31st March, 2016;
- b) in the case of the consolidated statement of profit and loss, of the consolidated profits for the year ended on that date; and
- c) in the case of the consolidated cash flow statement, of the consolidated cash flows for the year ended on that date.

Emphasis of matter

The Auditors of Ion Exchange Enviro Farms Limited (IEEFL), a subsidiary company has mentioned emphasis of matter in audit report in respect the matters stated below:

- a) As stated in Note 40 to the consolidated financial statements, the Honorable Supreme Court of India has dismissed IEEFL's appeal against the order of Securities Appellate Tribunal for refunding monies to investors with return and winding up of scheme. Further IEEFL has furnished relevant details to SEBI and have initiated actions in line with the details submitted to SEBI which in December 2015 had asked IEEFL to pre deposit amount due to farm owners and close the scheme. The Company has submitted that it shall get discharge certificates from balance farm owners within a period of two years from March 2016. SEBI's response in this regard is awaited.

- b) As stated in Note 41 to the consolidated financial statements, maintenance expenses recoverable aggregating Rs 2,82,66,499 (net of provision) considered as fully recoverable by the Management from future Crop Sales/Land Sales. In view of this no provisions is considered necessary by the management of IEEFL.

Our opinion on the consolidated financial statements and our report thereon on other legal and regulatory requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

Other matter

We did not audit the financial statements of branch, fourteen subsidiaries and all associates, whose financial statements reflect total assets of Rs 1,60,30,32,687 as at 31st March 2016, total revenues of Rs 1,90,39,44,514 and net cash inflows amounting to Rs 4,29,46,455 for the year then ended and certain associates whose financial statements reflect a total profit (net) of Rs. 21,48,265 for the year ended 31st March 2016, the Holding Company's share in the loss (net) of such associates being Rs. 11,15,453 whose financial statements/ financial information have been audited by other auditors and whose reports have been furnished to us by the Management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiaries and associates, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements and our report thereon on other legal and regulatory requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by sub-section 3 of Section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of a subsidiary companies, associate companies and a jointly controlled company, as noted in the 'Other Matter' paragraph, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - (c) The consolidated balance sheet, the consolidated statement of profit and loss, and the consolidated cash flow statement dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March 2016 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiaries, its associates and jointly controlled entity in India, none of the directors of the Holding Company, its subsidiaries, its associates and jointly controlled entity in India are disqualified as on 31st March 2016 from being appointed as a director in terms of sub-section 2 of Section 164 of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company, its subsidiaries, its associates and jointly controlled entity incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure A"; and
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 1. The consolidated financial statements disclose the impact of the pending litigations on the consolidated financial position of the Group – Refer Note 47 to the consolidated financial statements;
 2. The Group and its associates and jointly controlled entity did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 3. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group, its associates and jointly controlled company incorporated in India except one associate which has not transferred to the Investor Education and Protection Fund a sum of Rs. 15,100 and Rs. 44,000 pertaining to year ended 31st March 2007 and 31st March 2008 respectively.

Annexure to the Independent Auditors' Report on the Consolidated Financial Statements- 31st March 2016

(Referred to in our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31st March 2016, we have audited the internal financial controls over financial reporting of Ion Exchange (India) Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, its associates and jointly controlled entity which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding company and its subsidiary companies, its associates and jointly controlled entity which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are

subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies, its associates and jointly controlled entity, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to a six subsidiaries and three associates, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not qualified in respect of this matter.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31st March 2016**1. Basis of preparation:**

The consolidated financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The consolidated financial statements have been prepared under historical cost convention on accrual basis except in case of assets acquired before 30th April 1986 which are carried at revalued amounts. The consolidated financial statements comply in all material respects with the accounting standards as prescribed under section 133 of the Companies Act, 2013 (the "Act") read with rule 7 of the Companies (Accounts) Rules, 2014, provisions of the Act (to the extent notified). The accounting policies adopted in the preparation of consolidated financial statements are consistent with those of previous year.

The operating cycle in case of projects division comprising of turnkey projects which forms a part of engineering segment is determined for each project separately based on the expected execution period of the contract. In case of the other divisions the company has ascertained its operating cycle as twelve months.

2. Principles of consolidation:

The consolidated financial statements comprise the financial statements of Ion Exchange (India) Limited, its subsidiary companies, interest in jointly controlled entity and associates mentioned in note 3, 4 and 5 below which constitute the group.

Reference in these notes to 'the company' shall mean to include Ion Exchange (India) Limited, and/or any of its subsidiaries, jointly controlled entity, associates consolidated in the financial statements unless otherwise stated.

The consolidated financial statements have been prepared on the following basis:

- The financial statements of the company and its subsidiary companies have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealized profits. Unrealized losses are eliminated unless costs cannot be recovered.
- Subsidiaries are consolidated from the date on which effective control is transferred to the group and are no longer consolidated from the date of disposal.
- The difference between the cost of investment in the subsidiaries over the company's portion of equity of the subsidiary is recognized in the financial statements as goodwill or capital reserve.
- Goodwill on consolidation is amortized over a period of 5 years.
- Investments of the company in associates are accounted as per the 'Equity Method' prescribed under Notified Accounting Standard 23 – 'Accounting for Investments in Associates in Consolidated Financial Statements'.
- Interest in Jointly Controlled Entity is accounted as per the Proportionate Consolidation Method prescribed under Notified Accounting Standard 27 – 'Financial Reporting of Interests in Joint Venture in Consolidated Financial Statements'.
- Minority interest in the net assets of consolidated subsidiaries consists of the amount of equity attributable to the minority shareholders at the dates on which investments are made by the company in the subsidiary companies and further movements in their shares in the equity, subsequent to the dates of investments as stated above.
- The financial statement of the subsidiaries, associates and joint venture used for consolidation are drawn up to the same reporting date as that of the company i.e. 31st March, 2016.

6. Significant accounting policies:

- (i) Fixed assets, depreciation and impairment:

Tangible assets:

Fixed assets acquired before 30th April 1986 are stated at revalued amounts while assets acquired subsequent to that date are stated at historical cost of acquisition less accumulated depreciation and impairment losses, if any. Cost comprises of the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing cost relating to acquisition of fixed assets which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Depreciation is provided on straight line basis based on life assigned to each asset in accordance with Schedule II of the Act or as per life estimated by the management, whichever is lower, as stated below.

Assets	Useful lives
Road	10 years
Building - Other than factory buildings	30 – 60 years
- Factory buildings	20 – 30 years
Plant and machinery	10 – 15 years
Furniture and fixtures	10 years
Vehicles	4 – 8 years
Office equipments	3 – 5 years

- Lease hold assets are amortized over the period of lease.
- In respect of certain foreign Subsidiaries, the depreciation has been made on pro-rata basis at the rates and methods as prescribed in the respective local regulations of the country of incorporation. The impact on account of the different rates and methods, is however not material.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31st March 2016 (contd...)**6. Significant accounting policies (contd...)****(i) Fixed assets, depreciation and impairment (contd...)**

The incremental depreciation attributable to the revalued amount is transferred from the revaluation reserve to the statement of profit and loss.

Intangible assets:

Intangible assets acquired separately are measured on initial recognition at cost.

Intangible assets are amortized on a straight line basis over the estimated useful economic life. The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. Intangible assets comprise of goodwill and computer software.

Computer Software is amortized on a straight line basis over the period of 5 years.

Impairment:

Impairment loss, if any, is provided to the extent the carrying amount of assets exceeds their recoverable amount. Recoverable amount is the higher of an asset's net selling price and its value in use. Carrying amount of assets are reviewed at each balance sheet date for any indication of impairment based on internal/external factors. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at end of its useful life. In assessing value in use, the present value is discounted using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. Net selling price is the amount obtainable from sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal.

(ii) Foreign Currency Transactions:

Transactions in foreign currencies are recognized at exchange rates prevailing on the transaction dates. Exchange differences arising on the settlement of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise. Foreign currency monetary items are reported at the year-end rates. Exchange differences arising on reinstatement of foreign currency monetary items are recognized as income or expense in the statement of profit and loss. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

The premium or discount arising at the inception of forward exchange contracts is amortized as income or expense over the life of the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the year. None of the forward exchange contracts are taken for trading or speculation purpose.

In respect of non-integral foreign operations, the assets and liabilities, both monetary and non-monetary are translated at the closing rates and income and expenses are translated at average exchange rates, where such rates approximate the exchange rate at the date of transaction and all the resulting exchange differences are accumulated in foreign exchange fluctuation reserve until disposal of the net investment.

(iii) Investments:

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

(iv) Inventories:

Inventories are valued at lower of cost and net realisable value.

Cost of raw materials, components, stores and spares are computed on a weighted average basis. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

Cost of work-in-progress includes cost of raw material and components, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is computed on weighted average basis.

Contract cost that has been incurred and relates to the future activity of the contract are recognized as contract work-in-progress as it is probable that it will be recovered from the customer.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31st March 2016 (contd...)

6. Significant accounting policies (contd...)

(iv) Inventories (contd...)

Cost of finished goods includes cost of raw material and components, cost of conversion, other costs including manufacturing overheads incurred in bringing the inventories to their present location/ condition and excise duty. Cost is computed on weighted average basis.

Costs of traded goods are computed on first-in-first-out basis. Cost includes cost of purchases and other costs incurred in bringing the inventories to their present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(v) Accounting for CENVAT:

The group follows on a consistent basis, the "non-inclusive" method of accounting for CENVAT under Central Excise Act with regard to its inventories, purchases and consumption.

(vi) Research and development:

Capital expenditure on research and development is treated in the same manner as fixed assets. Research costs are expensed as incurred. Development expenditure incurred on an individual project is carried forward when its future recoverability can reasonably be regarded as assured.

(vii) Retirement and other employee benefits:

- a. Retirement benefit in the form of provident fund managed by Government Authorities, Employee State Insurance Corporation, Labour Welfare Fund and Superannuation Fund are defined contribution scheme and the contribution is charged to the statement of profit and loss of the year when the contribution to the respective fund is due. There is no other obligation other than the contribution payable.
- b. Gratuity liability is defined benefit obligation and is provided for on the basis of an actuarial valuation on Projected Unit Credit method made at the end of each financial year.
- c. Short term employee benefits are charged off at the undiscounted amount in the year in which the related service is rendered. Long-term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per Projected Unit Credit method made at the end of each financial year. The company presents the leave liability as non-current in the balance sheet, to the extent it has an unconditional right to defer its settlement for a period beyond 12 months, balance amount is presented as current.
- d. Provident fund scheme managed by trust set up by the company is a defined benefit plan. Employee benefits, in form of contribution to provident fund managed by such trust, are charged to the statement of profit and loss as and when the related services are rendered. The deficit, if any, in the accumulated corpus of the trust is recognised in the statement of profit and loss based on actuarial valuation.
- e. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred.

(viii) Revenue recognition:

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

Sales are accounted for inclusive of excise duty but excluding sales tax / VAT. Sale of goods is recognized when the property and all significant risks and reward of ownership is transferred to the buyer and no significant uncertainty exists regarding the amount of consideration that is derived from the sale of goods.

Contract revenue and contract costs in respect of construction contracts, execution of which is spread over different accounting periods, is recognized as revenue and expense respectively by reference to the basis of percentage of completion method of the project at the balance sheet date.

Determination of revenues under the percentage of completion method by the company is based on estimates (some of which are technical in nature) concerning the percentage of completion, costs to completion, contracted revenue from the contract and the foreseeable losses of completion.

Foreseeable losses, if any, which are based on technical estimates, are provided in the accounts irrespective of the work done. The group does not have outflow on account of warranty given to customers as all the outsourced work has a back to back guarantee.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31st March 2016 (contd...)**6. Significant accounting policies (contd...)**

(viii) Revenue recognition (contd...)

Income from services:

Revenue from maintenance contracts are recognized pro-rata over the period of the contract as and when services are rendered. Income from commission and management fees is recognized on completion of services. Service income is accounted net of service tax.

Interest:

Revenue is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividends:

Revenue is recognized when the shareholders' right to receive payment is established by the balance sheet date.

(ix) Taxation:

- a) Provision for current taxation has been made in accordance with the tax laws of respective jurisdiction.
- b) Deferred tax is recognized, subject to the consideration of prudence, on timing differences being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. If the company has unabsorbed depreciation or carry forward losses, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that such deferred tax assets can be realized against future taxable profits.

The carrying amount of deferred tax assets is reviewed at each balance sheet date. The company writes down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

At each balance sheet date, the company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

(x) Employee stock compensation cost:

Measurement and disclosure of the employee share-based payment plans is done in accordance with SEBI (Share Based Employee Benefits) Regulation, 2014 and guidance note on accounting for employee share-based payments, issued by the Institute of Chartered Accountants of India. The company measures compensation cost relating to employee stock options using the intrinsic value method. Compensation expense is amortized over the vesting period of the option on a straight-line basis. The unamortized portion of the cost is shown under stock options outstanding.

(xi) Provisions and contingent liabilities:

Provisions are recognized when the group has a present obligation as a result of past event for which it is probable that an outflow of resources will be required and a reliable estimate can be made of the amount of obligation. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates (without discounting to its present value).

Contingent liability is disclosed for a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or a reliable estimate of the amount of the obligation cannot be made.

(xii) Earnings per share:

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31st March 2016 (contd...)**6. Significant accounting policies (contd...)****(xiii) Segment reporting policies:**Identification of segments:

Segments are identified and reported taking into account the nature of products and services, the differing risks and returns, the organization structure and the internal financial reporting system. The analysis of geographical segments is based on the areas in which major operating divisions of the group operate.

Inter-segment transfers:

The group accounts for inter-segment sales and transfers at cost plus appropriate margin.

Allocation of common costs:

Common allocable costs are allocated to each segment according to the turnover of the respective segments.

Unallocated costs:

The unallocated segment includes general corporate income and expense items which are not allocated to any business segment.

Segment policies:

The group prepares its segment information in conformity with the Accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

(xiv) Cash and cash equivalents:

Cash and cash equivalents in the cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

(xv) Leases:Where the group is the lessor

Leases in which the group does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets given on operating leases by the company are included in fixed assets. Lease income is recognized in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognized as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of profit and loss.

Where the group is the lessee

Finance leases, which effectively transfer to the group substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in the statement of profit and loss. Lease management fees, legal charges and other initial direct costs of lease are capitalized.

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

In case of profit on sale and lease back arrangements resulting in operating leases, where the sale price is above fair value, the excess over the fair value is deferred and amortized over the period for which the asset is expected to be used.

(xvi) Borrowing costs:

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

(xvii) Use of estimates:

The preparation of financial statements in conformity with Indian GAAP requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

The Group has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn basic salary) for each completed year of service. The scheme is funded to a separate trust duly recognized by Income tax authorities.

The guidance note on implementing AS 15, 'Employee Benefits' issued by the Accounting Standard Board (ASB) of the Institute of Chartered Accountants of India states that provident funds set up by employers that guarantee a specified rate of return and which require interest shortfall to be met by the employer would be defined benefit plans in accordance with the requirements of paragraph 26(b) of AS 15.

The following table summarises the components of net benefit expense recognized in the statement of profit and loss and the funded status and amounts recognized in the balance sheet for the gratuity and provident fund plan.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31st March 2016 (contd...)

39. In early 90s, the company had given loans to Employees' IEI Shareholding Trusts. The amount outstanding as at 31st March 2016 is Rs. 21,25,09,000 (2014-2015 : Rs. 21,86,35,000). The company has carried out valuation of the assets held by the Trusts. Considering the valuation, book value of the corpus of the trusts as on the balance sheet date and future opportunities, the management does not anticipate any ultimate loss arising out of these loans.

40. The company has an investment of Rs. 54,70,000 (2014-2015 : Rs. 54,70,000) in equity shares and 15,00,000 (2014-2015 : 15,00,000) 7% Secured Redeemable Non-Convertible Debentures of Rs. 100 each fully paid up, in Ion Exchange Enviro Farms Limited (IEEFL), a subsidiary company, as at 31st March 2016 and it has also granted Loans and Advances aggregating Rs. 13,39,08,658 (2014-2015 : Rs. 12,31,74,629) as at 31st March 2016 to IEEFL. As at 31st March 2016, the accumulated losses of IEEFL have substantially exceeded its paid-up share capital.

IEEFL has undertaken various cost reduction programs and it expects better returns in the coming years from its organic farming activities, bio-pesticides and bio-fertilizers marketing. Moreover, IEEFL has adequate assets in the form of developed and undeveloped land and the redeemable non-convertible debentures are secured by way of mortgage of office premises.

Also the IEEFL had filed appeal against the Security Appellate Tribunal Order of refunding monies to investors with return and winding-up of scheme with Supreme Court of India on 4th July 2006. The Hon'ble Supreme Court of India had dismissed the IEEFL's appeal on 26th February, 2013. Subsequent to this dismissal, IEEFL approached SEBI with a proposal related to the compliance of the said order vide letter dated 17th May 2013. During personal hearing with SEBI officials on 27th November 2013, pursuant to the above letter, SEBI had called for furnishing additional details which have been duly complied with vide letter dated 13th December, 2013. Pursuant to this, IEEFL has initiated actions in line with the aforesaid meetings with SEBI officials and letters submitted to SEBI.

On 30th December, 2015, SEBI directed completion of the closure of the scheme (as per their original order of 27th November 2003), which inter-alia also include directions to pre-deposit sum of Rs. 20.06 Crores refundable to Investors. IEEFL replied on 14th January, 2016, requesting suitable modifications to the said directives, in view of the latest status of the scheme including several refunds made to Investors in the intervening period as well as direct sale of their lands by many investors etc.

IEEFL also requested permission to wind up the scheme in terms of Rule 73(1) to (9) of CIS Regulations, as the company has complied with all obligations towards the farms owners, ie sale of lands to the farms owners and developing and maintaining the said lands thereafter, as per agreements.

SEBI granted personal hearing on 3rd February, 2016 to understand IEEFL's submission / proposal and during this meeting asked for providing additional details which were submitted on 23rd March 2016, wherein the company proposed to get discharge certificates from 693 farm owners aggregating Rs. 16.89 Crores within 2 years. Further directions from SEBI are awaited.

41. Other loans and advances includes maintenance expenses recoverable of IEEFL, which represent expenses incurred on sites sold under the scheme, which are to be recovered from future income generated by sale of intercrops and main crops. The recovery is dependent on farm activities. The Management expects that there will be sufficient future returns from crop/land sales to completely recover all these expenses. No provision is considered necessary by the management for the balance as at the end of Rs. 2,82,66,499 (2014-2015 : Rs. 3,18,50,064) as future returns from crop sales and sale of land will be available to recover the same.
42. Other loans and advances includes security deposit of Rs. 2,56,97,178 (2014-2015 : Rs. 2,56,97,178) paid by IEEFL for acquiring agricultural land, inclusive of stamp duty and registration charges, which are unsold as at 31st March 2016. IEEFL has conducted valuation of land and accordingly, provision of Rs. 55,82,922 (2014-2015 : Rs. 55,82,922) has been made as at 31st March 2016.
43. Other loans and advances includes repurchase advance of Rs. 3,27,32,699 (2014-2015 : Rs. 3,27,32,699) paid by IEEFL to investors for repurchase of agricultural land sold to them in earlier years, at prices announced by IEEFL from time to time. These amounts are paid to investors on their execution of an irrevocable Power of Attorney in favor of IEEFL's nominees for sale thereof at future date.
44. Capital expenditure incurred on research and development during the year is Rs. 61,23,839 (2014-2015 : Rs. 12,34,639). Revenue expenditure of Rs. 5,47,41,612 (2014-2015 : Rs. 4,71,34,662) incurred on research and development has been expensed to the statement of profit and loss under various expense heads.

FORM A
(for audit report with unmodified opinion)

1.	Name of the company	Ion Exchange (India) Limited
2.	Annual Consolidated financial statements for the year ended	31st March 2016
3.	Type of Audit observation	Emphasis of matter The Auditors of Ion Exchange Enviro Farms Limited (IEEFL), a subsidiary company has mentioned emphasis of matter in audit report in respect the matters stated below: a) As stated in Note 40 to the consolidated financial statements, the Honorable Supreme Court of India has dismissed IEEFL's appeal against the order of Securities Appellate Tribunal for refunding of monies to investors with return and winding up of scheme. Further IEEFL has furnished relevant details to SEBI and have initiated actions in line with the details submitted to SEBI which in December 2015 had asked IEEFL to pre deposit amount due to farm owners and close the scheme. IEEFL has submitted that it shall get discharge certificates from balance farm owners within a period of two years from March 2016. SEBI's response is awaited. b) As stated in Note 41 to the consolidated financial statements, maintenance expenses recoverable aggregating Rs 28,266,499 (net of provision) considered as fully recoverable by IEEFL from future Crop Sales/Land Sales. In view of this no provisions is considered necessary. Our opinion is not qualified in respect of these matters.
