Annual Report 2024-25

IT'S THOUGHTFUL. IT'S

Rustomjee®

For almost three decades, Rustomjee has shaped Mumbai's urban landscape with thoughtful intent, ensuring every development is rooted in a deep understanding of what people truly value.

At the core of our philosophy lies the belief that homes must mirror aspirations of those who live in them while cultivating meaningful connections within thriving, inclusive communities.

In a city where space is scarce and time is precious, each project we develop is conceived as an integrated ecosystem, blending intelligent design, smart technology, and purposeful amenities to deliver spaces that are refined, future-ready, and truly elevating everyday life.

Our process is marked by careful planning and innovative techniques, resulting in developments that contribute to the transformation of Mumbai's skyline.

Our commitment to thoughtfulness extends beyond design. It shapes our business strategy. By embracing an asset-light model, we maintain operational agility and scalability, enabling us to respond swiftly to evolving market dynamics. This approach has positioned us as a leading brand in redevelopment across

the Mumbai Metropolitan Region, where we transform ageing urban landscapes into future-ready, sustainable communities. Each project is an opportunity to optimise land use, enhance liveability, and address the city's pressing infrastructural challenges.

Anchored in technology, innovation, and ecological responsibility, our developments are designed to deliver enduring value, combining comfort, functionality, and a deep sense of belonging for every resident.

Through every decision and action, we uphold our central principle: thoughtful living shapes better communities and secures brighter future. At Rustomjee, this principle is present in every detail, shaping homes and lifestyles that reflect both care and purpose.

About Rustomjee®

Artist's impression -
Rustomjee Crown

Keystone Realtors Limited (known as Rustomjee) was founded in 1995 with a commitment to deliver excellence in real estate. Over the years, we have evolved and grown to become a prominent brand in the Mumbai Metropolitan Region (MMR).

Over the last 29+ years, we have delivered 26+ Million square feet of development with 17,000+ homes across the length & breadth of the city. We have a healthy pipeline of 40+ Million square feet of ongoing and forthcoming projects.

With a range of developments covering standalone buildings, gated communities, integrated townships, and commercial spaces, the business brings forward a thoughtful approach to each project. Our goal is to exceed customer expectations by creating spaces that resonate with their lifestyle and their aspirations maintaining a balance between me-time, family time and social time.

A key aspect of Keystone Realtors' operations is the focus on responsible redevelopment. By renewing established sites in collaboration with landowners and housing societies, the company contributes to the revitalisation of neighbourhoods while managing resources effectively. This asset light approach supports the ability to adapt within a developing market landscape. An integrated model sees every stage managed with care, from planning and design through to construction, marketing, and ongoing customer service. Commitment to responsible building, the adoption of modern technologies, and an emphasis on sustainable practices help maintain high standards and future relevance for each project.

Through every initiative and partnership, the company continues to advance its reputation for reliability and progressive thinking in urban development. By consistently prioritising quality, customer experience, and responsible growth, Keystone Realtors Limited remains committed to shaping urban communities where residents and stakeholders feel engaged, valued, and proud to call their space home.

Mission

We will strive to be a performance leader in every dimension of our business. We will never substitute price for quality. Our operating philosophy is teamwork with our customers. Our unchanged goal is 100% customer satisfaction. We will manage our business for long-term success so we can help you realise your dream of a comfortable future, 'your home'.

Vision

To continuously add value to the lives of our customers, business associates and stakeholders while also giving back to society what we've gained from it.

Diversified Project Portfolio

Our diversified project portfolio spans a wide range of price points and multiple micro-markets, allowing us to cater to the diverse needs, traditions, and lifestyles of our customers. This flexibility helps us navigate the cyclical trends of the real estate industry. Brand Rustomjee operates across integrated townships, gated communities, standalone landmarks, retail spaces, commercial projects, and social infrastructure such as schools, clubhouses, and parks within townships.

We are increasingly focusing on projects that embrace the "Blues and Greens" philosophy, integrating more sustainable and eco-friendly elements into our developments. This includes the incorporation of green spaces, water features, and environmentally conscious design principles that enhance the quality of life for our residents.

Additionally, we have made significant strides into the luxury segment. These high-end projects offer unparalleled amenities and bespoke living experiences, setting new standards in opulence and sophistication. By strategically introducing differentiated offerings and amenities tailored to the specific needs of each location and local community, we ensure that every Rustomjee development stands out for its quality and innovation.

Alternate Investment Fund (AIF)

In FY24, Mt. K Kapital, an independent brand and subsidiary of KRL, achieved a significant milestone by reaching the target fund size of ₹790 crore for its maiden fund, Mt. K Resi Development Fund. As India's first ESG-focused development management fund dedicated to residential redevelopment in the Mumbai Metropolitan Region, it continues to set new benchmarks in responsible investing and stakeholder alignment.

The fund has attracted participation from prominent institutions including SBI, ICICI, Famy Care, SBI life and 360 ONE WAM. As of date, ~40% of the capital has been strategically deployed across five projects, with a robust pipeline in place to commit the rest of the fund in the next two quarters.

Driving Profitability / Ensuring Sustainable Value.

At Rustomjee, our vision is to create communities and high-quality homes that embody sustainable value and innovation. Our commitment to excellence ensures that our meticulously designed spaces exceed expectations, offering exceptional living experiences.

We stay ahead of the curve by anticipating market trends and providing diverse

solutions that meet the changing needs of our customers. Our focus on sustainability reduces our environmental impact and is complemented by ethical practices that build lasting relationships.

Our asset-light business model drives innovation and growth, setting new benchmarks in India's real estate industry.

By **prioritising quality and sustainability**, we create enduring value for our stakeholders and the communities we serve.

Letter to Shareholders

Boman R. Irani
CHAIRMAN & MANAGING
DIRECTOR

Dear Shareholders,

As your management concludes FY25, we are proud to share the progress your company has made in an exceptionally dynamic year. This year, India's economic resilience has been put to the test, yet it continues to stand strong amidst global geopolitical uncertainties.

Despite the challenges faced globally, India's GDP growth remained robust at 6.5% in FY25, reflecting the strength of the economy, underpinned by favourable demographics, structural reforms, and rising consumer confidence. The combination of progressive government policies, infrastructure investments, and the growing aspiration of urban India ensures that real estate remains a critical engine of the economy.

A Resilient and Rejuvenated Mumbai

The year gone by has reaffirmed your management's deepest conviction - that Mumbai, as a thriving metropolis, is uniquely positioned for long-term growth in the real estate industry. The ongoing rejuvenation of the city's infrastructure - spanning metro expansion, the development of Navi Mumbai's international airport, the coastal road and the upcoming Vadhavan port—is reshaping the way this city functions and lives, and our growth will be phenomenally powered by this transformation. In FY25 alone, the city attracted \$18 billion in infrastructure investments, with several more billions slated for the future, setting the stage for exponential growth. Connectivity improvements are shortening travel times, enhancing productivity, and improving the quality of urban living.

This infrastructure renaissance is still in its early stages, and the full impact will unfold over the years to come. Alongside this, healthy private equity inflows of \$3.7 billion and a buoyant stock market have reinforced real estate as a key beneficiary. The advent of logistics hubs and data centres is further reshaping Mumbai's economic landscape. In this exciting environment, we are proud to anchor ourselves at the heart of this growth.

A Year of Confidence and Consistency

In FY25, our focus on consistency, predictability, and transparency has paid off. The housing market continues to show growth, with steady supply from trusted developers keeping prices within reach while still giving a value appreciation reinforcing the confidence of homebuyers in our trusted brand.

Your company's strategy of redevelopment, in the MMR region, continues to drive growth. The efforts, coupled with strong execution capabilities, have resulted in another strong year, achieving record pre-sales of 3,028 crore, a 34% year-on-year growth, and collections of 2,327 crore, a 6% increase. Operating cash flow stood at 580 crore, reinforcing a strong liquidity position. Operating earnings more than doubled, with EBITDA rising from 163 crore in FY24 to 332 crore, while profit after tax grew sharply by 69% to 188 crore in FY25.

In tandem with improved profitability, we took significant steps to strengthen the balance sheet. As of 31 March 2025, the Gross Debt-to-Equity ratio stands at 0.12x, down from 0.43x a year ago and net debt is nil, with cash reserves exceeding obligations. This financial flexibility, reinforced by an A (with positive outlook) credit rating, provides a solid foundation to pursue growth opportunities.

**Upgraded to A+ (Stable) in May 2025.*

Rustomjee has emerged as a leading brand in Mumbai's redevelopment space, a segment ripe with opportunity as the city renews its ageing infrastructure. Since FY23, 18 out of 22 new projects added to the portfolio have been redevelopment projects, reflecting your company's expertise. During FY25 alone, 7 new projects were successfully launched with a combined GDV of ₹5,019 crore, while the Business Development teams added 9 new projects, totalling approximately ₹4,783 crore in GDV. Since FY23, the company has cumulatively added 22 projects, representing ₹17,800 crore in GDV, with 80% focused on mid-income and aspirational segments, fully aligned with the strategy to meet this high-demand housing segment.

While keeping MMR as the primary focus, we are broadening market access and diversifying revenue streams ensuring a steady flow of opportunities for buyers and investors.

Commitment to Innovation and Sustainability

We are constantly working to innovate across technology, construction methods, and sustainable practices. By leveraging modern construction technologies, project execution cycles have been improved, for example, reducing typical slab cycles from eight days to six days - delivering faster timelines, cost efficiencies, and operational precision.

Sustainability remains a cornerstone of the strategy, with 70% of projects now powered by green energy, significant reductions in scope 2 emissions, and over 1 million safe man-hours achieved without any lost-time injury. It's worth to mention that 66% of our construction waste has gone to BMC-approved sites for backfilling of metro stations that are under construction. Water conservation initiatives have created a capacity of 1 crore litres in partnership with the INDIVISH Welfare Foundation, positively impacting over 200 farmers and improving their income. As part of our commitment to sustainability, a plantation drive was organized, during which 30,000 trees were planted, contributing to a greener environment. The commitment to eco-friendly development continues to strengthen leadership in creating sustainable, responsible urban spaces.

A company-wide Safety Week was observed, conducting medical camps, fire safety drills, and awareness programs to embed safe practices in daily operations. With a great focus on ESG initiatives, we are ensuring that we grow profitably, sustainably, and ethically, contributing to the well-being of communities served.

Building Value for Shareholders and Community Impact

FY25 marked a milestone with the first-ever dividend of ₹1.5/share, signalling the start of consistent value creation for shareholders. The management's focus on prudent growth, strong governance, and financial discipline has been validated, setting the stage for long-term shareholder value.

In FY25, your company positively impacted over 2,250 students through scholarships and educational programs for slum and tribal communities. Partnerships with organizations like CREDAI MCHI Women Wing, Victory Arts Foundation, and TYCIA Foundation facilitated skill development programs, enhancing vocational skills for women and differently-abled individuals.

A Vision for the Future

As we step into FY26, the demand for quality homes remains strong, supported by favourable demographics, ongoing infrastructure growth, and rising aspirations for home ownership. Our strategy continues to focus on mid-income housing, redevelopment, and asset-light growth, ensuring operational efficiency and sustainable expansion across MMR and emerging corridors.

We are not just constructing buildings; we are shaping the future of Mumbai - one home, one community at a time. The focus on execution excellence, innovation, and sustainability ensures readiness to capture long-term opportunities while delivering value to all stakeholders.

In closing, we extend our heartfelt gratitude to you, the shareholders, for your unwavering trust. Our sincere thanks also go to our board members, the management team, and every member of the Rustomjee family for their dedication. Together, a brighter, more sustainable future for Mumbai and its people is being built.

Sincerely,

Boman R. Irani

Testimonials

“

Buying an apartment here was one of our best decisions. In space-starved Mumbai, our new home is surprisingly spacious. The design fosters community, with amenities that bring generations together.

Our kids love the play areas, and my parents enjoy the gardens. It's more than just a home; it's a peaceful sanctuary in the city, where we've found a true sense of belonging.

“

When redevelopment was first proposed, I was worried about the complexities involved. But from the start, the developers patiently addressed every concern with care and transparency. They kept us informed at every step, which truly eased our worries. Their clear communication and professionalism rebuilt our trust completely.

“

Choosing this property was a no-brainer for me. The amenities are top-notch, and the location offers incredible connectivity, making daily life so convenient. But what really sealed the deal was the strong investment potential I saw in this place. With everything this project offers, I'm confident it's only going to appreciate in value over time. It's not just a great place to live; it's a smart investment for the future.

Well-Established Customer-Centric Brand in MMR

As a leading real estate developer in the micro markets of Juhu, Bandra East, Khar, Bhandup, Virar, and Thane, we command a significant premium in our pricing. Our projects span various segments, including affordable, mid and mass, aspirational, premium, and super premium categories. Our strong brand image makes us a preferred partner for stakeholders, particularly in redevelopment and stalled projects. Our reputation as a redevelopment expert, built on extensive experience, has enabled us to secure numerous projects over the past decade. Our focus on customer satisfaction drives our growth and strengthens our brand.

Our research provides insights into our target demographics and psychographics, allowing us to design projects that meet their needs and aspirations. Our customer engagement efforts post-delivery, including furnishing, interior design, leasing, maintenance, and community events, further enhance our brand. We also promote social relationships and community living through company-wide initiatives.

Competitive Advantage

A Well-diversified Portfolio and Strong Pipeline

Our diversified presence across micro-markets and segments helps hedge our revenue pipelines against the cyclical nature of real estate. Our self-sufficient gated communities and township projects offer a variety of amenities catering to individuals of all ages, lifestyles, and professions. We create ecosystems around our projects by building amenities such as schools, dining, retail and entertainment centres, sports clubs and amusement parks. Our focus is on nurturing and developing communities.

We have a robust pipeline of ongoing and forthcoming projects, including Urbania- Thane (W), Urban Woods Phase 1 - Dombivli, Dnyaneshwar Nagar- Sewri, Ambedkar Nagar- Khar (W), Jyotirling- Goregaon (E), Cliff Tower, Bandra (W), Bandstand, Bandra (W), Jariwala Compound- Mahim (W), Sagar Tarang- Andheri (W), Vivekanand CHSL- Bandra (E), Basant Park- Chembur, Dhuruvadi- Prabhadevi, Majithia Nagar- Kandivali (W), Crescent Apartments- Pali Hill, Haren Textiles- Dahisar (E), Veenanagar and NeelKamal- Malad (W), Avinash Tower- Versova, Belle Vue- Kasara, Shivneri- Worli. We have also diversified into 7 Micro Markets like - Chembur, Mahim, Versova, Goregaon, Dombivli, Kasara, and Nagpur.

Asset-light and Scalable Model

Our asset-light business model involves joint development agreements, redevelopment projects with landowners and developers, and redeveloping housing societies. This approach significantly reduces our upfront capital outlay compared to outright acquisition. We conduct extensive feasibility studies to identify suitable land for development or redevelopment based on location, price, infrastructure, and design constraints. Our experience in redevelopment has institutionalised and streamlined the process of managing existing members and addressing their concerns.

We maintain low capital investment through optimising upfront capital expenditure by leveraging joint development models and adhering to the finalised business plan. By prioritising better return on equity and return on capital employed, we effectively manage project risks and maintain balanced capital allocation. Our resilient business model has enabled us to record robust pre-sales from operations of ₹30.28 Bn in FY25. Moreover, our ability to generate consistent cash flows from operations allows us to operate with lower leverage. As of March 31, 2025, we maintained a gross debt-to-equity ratio of 0.12:1 and a net debt-to-equity ratio of NIL.

Demonstrated Project Execution Capabilities with In-house Functional Expertise

Our integrated real estate development model covers every stage of the property development cycle. Our in-house teams possess the necessary skills and expertise to execute projects from land acquisition to construction and delivery. We have developed a strong brand and reputation, a comprehensive track record of developing various projects, and a deep understanding of the regulatory environment in the MMR. We focus on designing amenities that meet customer demands and maintain the desirability of our real estate portfolio.

In-House Capabilities include:

1. Business Development/ Land Acquisitions

We rely on market research, trend analysis, and landscape knowledge to build feasible business development pipelines and acquire land competitively. Our in-house team engages with societies and manages site interactions.

2. Design/Architecture

Our design team, comprising horticulturists, architects, BIM specialists, and interior designers, focuses on developing integrated projects with amenities that cater to various price points. We plan homes and amenities considering the demographics and psychographics of families to provide luxurious living experiences.

3. Regulatory Compliance and Liaising

Our liaison team has deep knowledge of regulatory processes and requirements. We work closely with government and approval bodies to maximise spaces and enhance living quality while ensuring timely approvals.

4. Execution

Our construction management team oversees construction to ensure efficiency and adherence to schedules. We prioritise the safety and well-being of workers and ensure sustainable construction practices.

5. Sales and Marketing

Our sales and marketing team executes cross-channel promotions, drives customer traffic, and organises customer and channel partner events. We have a proactive loyalty team that cross-sells to existing customers, contributing significantly to total sales through Loyalty & Referral (L&R) programs. Our Direct Sales team acquires new customers and expands brand presence.

6. Post-sales Service

We offer Facility Management Services until properties are handed over to residents. Additional services include interior design, financing, and leasing solutions, aiming to build long-lasting relationships and increase customer satisfaction. We also collaborate with external specialists for diverse operations, including architects, interior designers, landscaping experts, engineers, and building services consultants.

Robust Stakeholder Management

With a proven track record of successful project execution and strong stakeholder management capabilities, we aim to be a preferred partner for landowners and societies. Our philosophy is based on long-term partnerships built on trust and synergy. Our ability to nurture relationships with landowners and multinational co-developers in joint developments provides us with a unique advantage to attract and execute large partnerships successfully.

Our business development team identifies and acquires strategic locations with good development and redevelopment prospects by offering unique value propositions. We manage costs and closely monitor timelines to ensure projects are completed within committed targets and budgeted amounts. We typically undertake redevelopment projects as a last-mile partner, capitalising on our development and marketing strengths.

Embedding Technology in Our Operations

We utilise technology as a fulcrum of our operations, encompassing project planning, execution and managing customer relationships. The focus is on digitising all manual processes to reduce delivery timelines and improve quality of delivery. Real-time data assimilation and analysis helps reduce wastage and helps in managing our vendors efficiently.

We have implemented Building Information Modeling system (BIM) which helps us visualize the construction well in advance taking care of any interdisciplinary coordination issues and clash detection thereby reducing wastage & rework. It provides us valuable insights in cost and quantity estimations and critical path analysis. The BIM system is integrated with ERP system thus resulting in realtime status update for our vendors and contractors.

We enhance our customer experience through virtual reality and customer experience centres for project walkthroughs resulting in an immersive experience for our customers. Our CRM platform has automated our sales & marketing initiatives, reducing the lead time for decision making. To ensure efficiency of our Channel Partners we have created a dedicated CP portal on our website giving them seamless access to marketing collaterals.

Expert Leadership and Committed Employees

We are led by experienced Promoters and a professional senior management team who provide direction for our growth. Our senior management team comprises professionally qualified individuals from diverse industries, bringing significant experience in finance, marketing, legal, HR, and business development. Our construction and operations team members are handpicked from top institutes. Each project is spearheaded by a project CEO who ensures operational excellence across various functions.

Nurturing Communities / Empowering People.

At Rustomjee, we are dedicated to creating a lasting impact through our unwavering focus on community engagement, employee empowerment, sustainability, and exemplary governance. Our journey begins with the communities we serve; we actively collaborate with them to design vibrant spaces that foster growth and meet their unique needs. Recognising that our employees are our greatest asset, we invest in their well-being and development, ensuring a motivated and empowered workforce that drives our success.

Sustainability is a core value that permeates every aspect of our operations. We are committed to adopting eco-friendly practices and leveraging renewable energy sources to minimise our environmental footprint and contribute to a greener future. Our dedication to sustainability is matched by our commitment to upholding the highest ethical standards and maintaining transparency in all our business practices.

By integrating these principles, we ensure robust governance that guides our actions and decisions.

This holistic approach not only defines who we are at Rustomjee but also sets us apart as leaders in **making a positive societal impact.**

Committed to Environment Sustainability

Keystone Realtors Limited has long been committed to integrating sustainability into its business operations, recognising the critical role it plays in addressing global environmental and social challenges.

In FY25, Keystone has taken significant steps to enhance its sustainability practices, focusing on environmental stewardship, social responsibility, and robust governance. These initiatives reflect the company's dedication to creating long-term value for its stakeholders while contributing positively to the environment and society.

Governance and Compliance

Keystone Realtors maintains high standards of governance and compliance:

ESG Oversight

The company has established an ESG committee, led by the Chairman and Managing Director, to oversee sustainability-related issues. This ensures that ESG considerations are integrated into strategic decision-making processes.

Ethical Conduct

Keystone has a zero-tolerance policy for bribery and corruption, with comprehensive training programmes in place to promote ethical behaviour among employees, guest management, technical monitoring, club management, and concierge services.

Environmental Stewardship

Keystone Realtors has made substantial progress in reducing its environmental impact through various initiatives:

Transition to Green Power

In FY25, 70% of Keystone's projects have transitioned to green power, significantly reducing Scope 2 emissions. This shift aligns with the company's commitment to reducing its carbon footprint and supporting global efforts to combat climate change.

Waste Management

The company has adopted the "Reduce, Reuse, Recycle" philosophy across all its operations. Keystone has achieved a 90% reduction in single-use plastics at project sites, and 60% of waste from construction demolition has gone to BMC-approved sites for landfilling.

Social Responsibility

Keystone Realtors is dedicated to fostering social well-being and community development:

Community Engagement

Through the Rustomjee Foundation, Keystone has supported various community initiatives, including education and healthcare programmes. The foundation has benefited over 2,145 individuals, focusing on vulnerable and marginalised groups.

Employee Welfare

The company ensures a safe and inclusive workplace, providing 100% health and accident insurance coverage for its employees. Keystone has also implemented comprehensive health and safety measures, resulting in a Lost Time Injury Frequency Rate (LTIFR) of 0 for employees.

Empowering Communities

At Keystone Realtors Limited, community empowerment is a central pillar of our corporate philosophy. Our initiatives are designed to foster personal growth and societal contribution through education, healthcare, and skill development. We believe in inclusive engagement, involving residents in decision-making to create a sense of ownership and pride. Our efforts bridge gaps, foster resilience, and empower communities for a brighter future.

Education and Skill Development

In FY25, Keystone Realtors intensified its focus on education and skill development, recognising these as key drivers of community empowerment:

Educational Initiatives

We supported over 2250+ students through scholarships and educational programmes, particularly targeting slum and tribal communities.

Our partnerships with NGOs like Aseema Charitable Trust, Utkal Gaurav Foundation, Centre for Equity and Quality in Universal Education and Suneeta Suman Shiksha Evm Seva Sansthan have been instrumental in providing quality education to marginalised children in Mumbai (Maharashtra), Keonjhar (Odisha) and Orai jalau (Uttar Pradesh).

Skill Development

Through collaborations with organizations such as CREDAI MCHI Women Wing, Victory Arts Foundation and TYCIA Foundation, we facilitated skill development programmes that enhance vocational skills, particularly among women and differently-abled individuals.

Healthcare Initiatives

Keystone Realtors has made significant contributions to healthcare, ensuring access to essential medical services for underserved populations:

Healthcare Projects

In collaboration with institutions like Dr. Abaji Thatte Seva Aur Anusandhan Sanstha, Guru Nanak Quin Centenary Memorial Hospital Trust, Lotus Foundation and International Society for Krishna Consciousness (Maharashtra), we provided healthcare services to children. These initiatives focus on preventive health and sanitation, contributing to a healthier society.

Infrastructure and Technology Adoption

We invested in healthcare infrastructure, benefiting communities by improving access to medical facilities and services.

Collaboration with Institutions

Keystone Realtors has strengthened its impact through strategic collaborations:

Partnerships with NGOs

Our collaborations with organisations such as Bal Asha Trust, Victory Arts Foundation, TYCIA Foundation and Reachout Foundation have expanded our reach, allowing us to address diverse social and environmental challenges effectively.

Healthcare Institutions

Working with hospitals like Dr. Abaji Thatte Seva Aur Anusandhan Sanstha, Guru Nanak Quin Centenary Memorial Hospital Trust, Lotus Foundation, we have enhanced healthcare delivery and infrastructure, ensuring better health outcomes for communities.

Social Welfare and Environmental Sustainability

Our commitment to social welfare and environmental sustainability is reflected in our diverse initiatives:

Social Welfare Projects

We supported over 200+ individuals through initiatives focused on senior citizens, students, and children, in collaboration with Reachout Foundation and Bal Asha Trust (Mumbai).

Environmental Projects

Keystone Realtors remains committed to water conservation and waste management. Through our partnership with the INDIVISH Welfare Foundation, we have created a water conservation capacity of ~1,00,00,000 liters which touched 200+ farmers' and increased their livelihood income by approx. ₹35,000 to ₹40,000 per acre.

Prioritising Our People

At Rustomjee, we believe that our people are our greatest asset. Our commitment to their growth, well-being, and professional development is unwavering. By fostering a supportive and inclusive work environment, we ensure that our employees thrive, driving our collective success and maintaining our reputation for excellence in the industry.

Employee Well-being and Education

We infuse human values across our teams, resources, and ecosystem. Despite the traditionally informal real estate landscape, we embrace full regulatory compliance, both in letter and spirit. Our initiatives educate contractor personnel, on-site labourers, and their families about welfare schemes and

benefits such as the Building and Other Construction Workers (BOCW) Act, the Contract Labour Act (CLA), and the Employees' State Insurance Corporation (ESIC). Prioritising their well-being and education, we aim to foster a nurturing environment that uplifts lives and ensures overall welfare.

Our Talent Acquisition Strategy

Our approach to talent acquisition excels through leveraging employee referrals, networking at industry forums, participating in HR events, and utilising platforms such as LinkedIn. Beyond acquiring talent, our team adheres to the highest standards of corporate governance, compliance, and ethics. This steadfast commitment builds a foundation of trust, quality, and integrity, distinguishing us in the industry.

Culture at Rustomjee

Our company culture is rooted in high performance, trust, ethics, and innovation, which drive exemplary corporate governance. We uphold human values and extend compliance support to contractors, labourers, and their families. Our initiatives educate them about welfare schemes, underscoring our commitment to their well-being and overall upliftment. To enhance transparency and quality governance, we have implemented key policies, including:

- Whistleblower Policy
- POSH Policy
- Information Security Policy

- Confidentiality Policy
- 'No-Gift Acceptance' Policy
- Equal Opportunities Policy
- Customer/Stakeholder Protection Policy
- Environmental Commitment Policy

These policies align with our core values:

Customer Focus

Passionately meeting customer needs, tracking satisfaction, and driving improvements.

Integrity

Upholding honesty, accuracy, and commitments while avoiding undue benefits.

Commitment to Deliver

Striving for measurable results and persistently aiming for ambitious goals.

Long-term Partnership

Cultivating enduring relationships with stakeholders and accommodating their needs.

- Group Personal Accident Policies for extra protection.
- Group Term Life Policies.

We assist employees in accessing these services and ensure coverage for construction workers under the Workman/Employee Compensation Policy. Workers earning below ₹21,000/month are covered under the Employee State Insurance Act.

Ensuring an Employee-Friendly Workplace

We have transitioned to a 5-day work week, significantly enhancing work-life balance at Rustomjee. Our employee-friendly policies include:

- Emergency Loan Policy
- Flexi-Hour Policy
- Optional Leave Policy
- Mobile Reimbursement Policy
- Role-based Incentive Policy
- Employee Referral Policy
- Open-office Policy

Learning and Growth

Our culture fosters continuous learning and growth, tailored to individual skill gaps, job requirements, and aspirations. These programmes span various functions, with coaching interventions for forward-looking roles to align with our future vision. We prioritise internal learning, especially for cross-functional teams like Sales & Marketing, enriched by external speakers. Selected individuals also participate in executive education programmes. A dedicated vertical embodies our belief in the significance of learning, aligning it with our goals to drive holistic development across the organisation.

Governance Framework

Our essence of ‘It’s thoughtful. It’s Rustomjee’ extends to ensuring fair and transparent business operations as well. We invest a significant amount of thought into following the best governance practices relevant to our industry and aim to achieve high levels of integrity, accountability and ethical behaviour in all aspects of our operations.

Board of Directors

The Board of Directors is the governing body responsible for overseeing the strategic direction and management of our organisation. Composed of experienced professionals from diverse backgrounds, the Board ensures robust governance, ethical standards, and effective decision-making. Their collective expertise and leadership guide our mission to achieve long-term success and deliver value to our stakeholders.

Global Economy

The global economic landscape in FY25 was shaped by a balance of growth and uncertainty. While the International Monetary Fund (IMF) reported overall GDP growth at 2.6%, this headline number only partially reflects the underlying complexities that businesses faced throughout the year. Geopolitical tensions, persistent trade fragmentation, and elevated inflation continued to weigh on sentiment and decision-making.

According to the World Bank's June 2025 Global Economic Prospects, global trade volumes increased by just 2.3%, falling short of pre-pandemic norms. This slowdown was driven by softer global demand and policy-driven disruptions. The trade-weighted tariffs rose to 2.1% from 1.8% in FY23, reflecting a continued strategic decoupling among major economies. These shifts were most evident in sectors such as high technology and critical minerals, where supply chains have become increasingly regionalised. Despite these challenges, supply chains demonstrated greater resilience than in previous years.

The Global Supply Chain Pressure Index averaged 0.7 in FY25, influenced by events such as the Red Sea shipping disruptions and raw material shortages in Asia. In response, companies across industries adapted their procurement strategies, with nearshoring emerging as a preferred approach to mitigate risk and enhance operational stability.

Inflation remained a central concern, averaging 5.9% globally and eroding purchasing power across both developed and emerging markets. This sustained inflationary pressure prompted central banks to maintain a tightening stance for much of the year. Encouragingly, forecasts for FY26 suggest a moderation in inflation to 4.7%, paving the way for a more accommodative monetary environment. This anticipated easing could unlock new investment opportunities, particularly in emerging markets where real interest rates are beginning to stabilise.

Looking forward, the consensus among major institutions such as the IMF and World Bank points to a gradual improvement. Global GDP is projected to rise to 2.9% in FY26, supported by robust domestic demand in emerging economies and early signs of recovery in global trade, which is expected to grow by 3.1%. While geopolitical and trade-related risks remain a part of the landscape, there is growing confidence that the most disruptive phase of economic fragmentation may be behind us.

Management Discussion and Analysis

Indian Economy

India's economic performance in FY25 reinforced its position as the world's fastest-growing large economy, with real GDP growth of 6.5%. This performance was achieved despite a challenging global environment marked by trade disruptions and geopolitical uncertainty. The economy's resilience was particularly evident in the final quarter, where GDP growth accelerated to 7.4%.

Domestic demand remained the principal driver of growth. Private consumption was buoyed by a strong agricultural harvest and improving rural incomes, as evidenced by a record foodgrain output. The services sector continued to display strength, supported by healthy consumer sentiment. On the supply side, the construction sector led with 9.4% growth for the year, while public administration and financial services also contributed significantly.

A key indicator of India's economic momentum was the historic performance in GST collections, which reached an all-time high of ₹22.08 lakh crore in FY25, up 9.4% from the previous year. The average monthly collection stood at ₹1.84 lakh crore, reflecting both formalisation and strong consumption trends. This fiscal buoyancy has provided the government with the resources to sustain high levels of capital expenditure.

The Union Budget 2024-25 allocated ₹11.1 lakh crore for capital expenditure, amounting to 3.4% of GDP. This commitment is designed to generate a multiplier effect across the economy, with targeted investments in transport, logistics, energy, and urban infrastructure. States have also been incentivised to increase their own infrastructure outlays through long-term, interest-free loans.

On the monetary policy front, the Reserve Bank of India adopted a supportive stance as inflation moderated. Headline CPI inflation eased to 2.82% in May 2025, the lowest since 2019, driven by food price stability and prudent policy management. In response, the RBI reduced the repo rate by 50 basis points to 5.5% in June 2025, and the cash reserve ratio was also lowered to inject additional liquidity into the banking system. These measures are expected to further stimulate credit growth and investment.

Looking ahead, the outlook for FY26 remains optimistic. The RBI projects GDP growth at 6.5%, while the IMF and World Bank forecast growth in the range of 6.2-6.3%. The growth narrative is expected to be supported by a resilient domestic demand, a sustained push on infrastructure, and improving financial conditions.

Indian Real Estate Market

India's real estate sector stands as a cornerstone of the nation's economic and social development, underpinned by the country's sustained economic growth and rapid urbanisation. With direct and indirect linkages to approximately 250 ancillary industries, real estate is the second-largest employment generator after agriculture, accounting for nearly 18% of total employment in India. As of 2025, the sector's market size is estimated at USD 482 billion, contributing 7.3% to India's total economic output.

Looking ahead, the sector is projected to reach USD 1.5 trillion by 2034, representing 10.5% of the country's economic output. This growth will be driven by robust residential demand, expanding requirements for modern office and retail spaces, and the rising need for warehousing and data centres, fuelled by e-commerce and digitalisation.

Demand-Supply Dynamics

Indian residential real estate has witnessed demand consistently outstripping supply in recent years. The absorption has exceeded new launches in the last seven years. This trend persisted through 2024. During the year, Tier-1 cities witnessed a robust residential market, with total home sales volumes exceeding new unit launches by approximately 15%. This favourable demand-supply gap contributed to a significant reduction in unsold inventory, which declined by around 10% year-on-year to approximately 504,000 units, compared to nearly 560,000 units in the previous year.

As a result, the inventory overhang, which measures the time required to clear existing stock at the current pace of sales, improved to thirteen months. This figure represents a notable improvement from sixteen months in 2023 and more than twenty months in the period before the pandemic. The current inventory levels reflect a balanced market environment, where strong demand is efficiently absorbing new supply.

DYNAMICS (SINCE CY 2018)

(In Thousands)

Regional Supply Trends

The year also witnessed notable variations in new supply trends across major metropolitan areas. While most cities maintained a steady pipeline of new projects, certain historically high-supply markets such as Pune, Thane, and Hyderabad experienced a combined 34% decline in new launches. In contrast, Bengaluru demonstrated resilience, recording a 27% year-on-year increase in new project supply and emerging as the leading city for fresh launches. The Delhi-NCR region also saw a resurgence, surpassing Mumbai in annual new supply for the first time since 2018.

Despite these regional shifts in supply, demand remained strong across all major markets, ensuring that absorption rates kept pace with, or even exceeded, new additions. Over the past two years, sustained demand momentum has meant that new launches have generally trailed or matched sales, effectively preventing any build-up of excess inventory.

Management Discussion and Analysis

Overall, the combination of strong absorption fundamentals and calibrated supply has maintained market equilibrium. The current environment, characterised by buoyant demand and prudent supply management, continues to support a stable and healthy residential real estate sector in India's leading cities.

Price Trends and Inventory

Residential property prices maintained an upward trajectory throughout FY24, driven by capital value appreciation and a shift towards a higher-end product mix. Across the leading cities, the weighted average prices of sold units increased at a mid to high single-digit rate on an annual basis. Industry indices indicate an average year-on-year increase of approximately 8–9% in house prices during 2024.

Several major markets experienced even stronger momentum, with Bengaluru and Delhi NCR recording notable year-on-year price growth of around 16% and 12%, respectively, as at early 2025. Developers in numerous cities have confidently executed multiple rounds of price increases in new project phases, responding to sustained end-user demand and a reduction in available ready inventory.

Furthermore, market health has remained robust despite the sustained price increases, owing to a significant improvement in the inventory situation. The reduction in unsold stock throughout 2023–24 has brought inventory levels down to multi-year lows. By the end of 2024, the combined unsold inventory across Tier-1 cities stood at approximately 504,000 units, reflecting a decline of around 10% compared to the previous year.

This inventory now equates to roughly a year's worth of sales (13 months), marking a substantial improvement from the inventory overhang of two to three years observed during the mid-2010s. The current low inventory pressure has enabled developers to maintain pricing power and implement gradual price increases without adversely affecting demand.

Infrastructure as a Growth Catalyst

The Government's sustained push on infrastructure is evident in fiscal priorities: the central capital expenditure on infrastructure has more than tripled over the past decade, rising from about 0.6% of GDP in FY15 to nearly 2.0% of GDP in FY2025. In the latest Union Budget of FY25, allocation for infrastructure development was increased by a further 11% YoY, reflecting a strong commitment to build roads, railways, urban transit and more. In fact, infrastructure's share of total government capex has swelled from 33% in FY2015 to about 61% in FY25. This unprecedented public investment in infrastructure is laying the groundwork for the next phase of real estate growth.

Improved infrastructure directly boosts real estate prospects by enhancing accessibility and reducing travel times, thus making outlying locations more viable for residential projects. Major programs like Bharatmala Pariyojana and the National Infrastructure Pipeline are expanding transport links across the country. Metro rail networks in cities like Mumbai, Delhi, Bengaluru, and Hyderabad are undergoing massive expansion, connecting suburbs to city centres. New airports and freight corridors are coming online, and the government's focus on railway modernisation aims to drastically cut logistics costs. All these initiatives are expected to spur the growth of satellite towns and peripheral suburbs.

As the Knight Frank "Decade from Now" study points out, we are witnessing "new destination" development in the form of satellite centres around Tier-1 metros. For instance, improved highways and transit routes around Delhi NCR, Mumbai and Bangalore have led to booming residential clusters in those corridors. The consequence of this multi-dimensional infrastructure growth is a virtuous cycle: businesses and jobs move outward, housing demand in those new pockets rises, and nascent asset classes like logistics parks and data centers also get a boost.

Infrastructure will remain a cornerstone of real estate development. The government has signaled a continued

focus beyond FY25, with policies targeting further increase of infrastructure spending as a percentage of GDP. This is crucial because as cities expand and new economic nodes emerge, adequate infrastructure is needed to support real estate growth. The alignment of infrastructure planning with urban expansion (e.g. new expressways linking city outskirts, dedicated industrial corridors with housing for workers, smart city missions, etc.) will likely create new growth avenues for the residential market.

India's aggressive infrastructure build-out is catalysing housing demand by making more locations liveable and by driving economic growth. The residential sector stands to be one of the chief beneficiaries of this massive infrastructure push, enjoying both direct demand stimulation and ancillary benefits from the modernisation of India's connectivity landscape.

Outlook for FY25 and Beyond

The outlook for India's residential real estate market is resoundingly positive. The optimism stems from multiple factors including, historically low inventory, buoyant consumer sentiment, and an improving financial environment for homebuyers. After a phase of rising interest rates, the cycle is turning benign. The Reserve Bank of India effected its first policy rate cut in early 2025 (25 bps in Q1) as inflation eased to multi-year lows (~3.6%). Lower inflation and interest rates, alongside measures to infuse liquidity into the banking system, are set to reduce mortgage costs and improve credit availability.

This macro tailwind should further stimulate housing demand, especially at the affordability margin. Indeed, despite worries of an overheated market last year, the stable sales in Q1 2025 (+2% YoY nationally) indicate that end-user demand remains intact and may accelerate with easier financing.

Beyond the current fiscal year, the medium-to-long term outlook (FY26–FY30 and beyond) for the Indian residential market is fundamentally robust. The country's economic and demographic fundamentals form a strong foundation for sustained housing demand. India is projected to remain one of the fastest-growing major economies, with GDP growth in the 6–7% range annually over the next few years. Such growth, coupled with rising per-capita incomes, will continue to feed the aspiration for home ownership. Demographic trends are particularly favorable. India's population is young (median age ~31 by 2034) and urbanising rapidly. By 2034, the urban population is expected to reach ~42.5% of the total population. According to Knight Frank estimates, accommodating this urban expansion will require approximately 78 million new housing units between 2024 and 2034. This translates into an enormous pipeline of demand. The residential sector could generate an additional output equivalent to USD \$906 billion over the next decade to meet housing needs.

From a strategic perspective, key transitions underway will shape the sector's evolution in the coming years. First, the premiumisation trend is expected to persist, as consumer preferences for larger, higher-quality homes appear structural. Developers will continue aligning their product mix accordingly, which should support industry margins and value growth. Second, infrastructure-led growth will open up new geographies, as highways, metro lines, and smart-city projects come to fruition, the expansion of city boundaries will create fresh residential micro-markets and investment hotspots. This will geographically broaden the market and alleviate pressure on core city areas. Third, the institutionalisation and consolidation of the developer universe will likely deepen. Organised developers will continue to extend their market share gains. The establishment of a regulated, trust-driven investment environment (e.g. the maturation of REIT frameworks or introduction of similar vehicles for rental housing in the future) could further integrate long-term capital into the housing sector, improving transparency and professionalism. All these shifts point to a more resilient and organised market structure, which bodes well for sustaining investor confidence.

Mumbai Metropolitan Region Residential Market

The Mumbai Metropolitan Region (MMR) remained one of the most resilient and strategically positioned residential real estate markets in 2025. End-user demand continued to demonstrate strength, even amidst a shifting macroeconomic environment, supported by ongoing infrastructure enhancements, robust developer activity, and the acceleration of redevelopment initiatives. The ongoing shift in buyer preferences towards premium, well-connected residences further reinforced long-term confidence in the MMR market. The year was characterised by a measured expansion in both supply and demand, underpinned by urbanisation, rising household incomes, and increasing institutional maturity within the real estate value chain.

Sales and Launch Activity

MMR achieved residential sales of approximately 96,187 units in 2025, representing an 11% year-on-year increase and underscoring sustained buyer confidence. New project launches were closely aligned, totalling 96,470 units, which reflects a prudent balance between supply and demand. Sales activity was broad-based, with a notable rise in launch volumes across the western and central suburbs. Developers maintained discipline in their launch pipelines, ensuring that new supply was well-matched to market absorption capacity. This balanced approach has contributed to price stability and mitigated the accumulation of unsold inventory.

Inventory Trends and Absorption

At the close of 2025, the Mumbai Metropolitan Region reported an unsold inventory of approximately 165,678 units. The quarters-to-sell ratio stood at 7.2, reflecting a market that remains within a healthy and sustainable range. In high-demand categories, this ratio was even lower, demonstrating the region's strong absorption capacity and liquidity.

City	Unsold inventory (YoY char*O)	QTS
Mumbai	165,678 (0%)	7.2
NCR	106,652 (3%)	7.3
Bengaluru	54,131 (1%)	4.0
Hydrabad	52,544 (15%)	6.0
Pune	46,416 (18%)	3.7
Ahmedabad	32,942 (12%)	7.6
Kolkata	20,746 (-3%)	5.1
Chennai	16,729 (8%)	4.3
All India	495,839 (5%)	5.8

The improvement in this metric over the year points to a market driven by genuine end-user demand. As inventory overhang has eased, developers have found it easier to secure funding and concentrate on timely project completion. Buyers have shown a clear preference for ready-to-move-in and near-completion properties, which has reduced risk perceptions and shortened transaction cycles.

Mumbai's geographic constraints naturally limit the pace of new supply, making efficient inventory management essential for long-term stability. The current quarters-to-sell ratio supports price stability and ensures that supply growth remains closely aligned with demand.

Shift Towards Mid Premium and Luxury Segment

The Mumbai residential market witnessed a shift towards mid-premium and luxury housing, as developers responded proactively to evolving buyer preferences. Over recent years, there has been a marked increase in the launch of high-ticket homes, particularly in the above INR 20 million category. The share of such launches has more than doubled, rising from 8% in the first half of 2018 to 18% in the second half of 2024. This development highlights a clear focus on catering to affluent homebuyers who prioritise modern amenities and enhanced living experiences.

Properties priced above INR 10 million have emerged as the dominant segment in the market, accounting for 34% of total residential sales in the second half of 2024. The INR 20–50 million segment, in particular, recorded a robust 34% year-on-year growth, reflecting sustained demand for high-value homes. In contrast, sales in the sub-INR 5 million category declined, a trend attributed to both limited supply and a broader market movement towards mid-range and luxury offerings. Launch activity has closely mirrored these sales trends. Developers have increasingly concentrated on the INR 20–50 million range, with this segment's share of new launches rising from 12% in the second half of 2023 to 15% in the corresponding period of 2024. This alignment between supply and buyer demand highlights a strategic focus on larger, better-equipped homes that meet the expectations of a discerning clientele. Collectively, these trends illustrate a decisive transition in Mumbai's residential landscape, with both developers and buyers gravitating towards mid-premium and luxury segments.

Management Discussion and Analysis

Growth Drivers of Mumbai Metropolitan Region Real Estate Market

Infrastructure Development and Connectivity Enhancement

The Mumbai Metropolitan Region's real estate market continues to benefit from strategic infrastructure development initiatives that fundamentally enhance regional connectivity. The allocation of ₹29,000 crore for infrastructure projects demonstrates the government's commitment to positioning Mumbai as India's premier real estate capital. These developments systematically create new micro-markets whilst substantially enhancing the value proposition of existing areas.

The Mumbai Trans Harbour Link (MTHL), operational since 2024, has established transformative connectivity between Mumbai and Navi Mumbai, directly contributing to Navi Mumbai's 22% increase in sales. The Mumbai Metro expansion programme continues to revolutionise urban mobility, with Metro Line 3 Phase 1 operational and multiple lines under construction, generating substantial property value appreciation in surrounding areas.

The Mumbai Coastal Road Project, with Phase 1 operational and Phase 2 under construction, delivers enhanced connectivity to Western suburbs whilst significantly reducing travel times. These infrastructure investments collectively improve transportation efficiency and create new real estate micro-markets, enhancing accessibility and reducing commute times for previously underserved areas.

These infrastructure developments will continue to drive real estate demand by improving connectivity, reducing travel times, and creating new investment opportunities across the MMR. The systematic completion of these projects positions the region for sustained property value appreciation and enhanced market accessibility.

Redevelopment and Urban Renewal Initiatives

The Mumbai Metropolitan Region is experiencing comprehensive redevelopment initiatives that are systematically transforming the urban landscape. The region currently maintains over 25,000 buildings across MMR eligible for redevelopment, representing an estimated project value exceeding ₹30,000 crore. This redevelopment programme creates substantial opportunities for both urban renewal and strategic real estate investment.

The redevelopment wave addresses critical urban challenges whilst generating modern housing stock that meets contemporary market requirements. These initiatives systematically replace ageing infrastructure with contemporary developments, enhancing both residential quality and commercial viability across the region.

The ongoing redevelopment programme will continue to drive market growth by replacing obsolete housing stock with modern developments, creating premium real estate opportunities and enhancing the overall quality of the urban environment. This systematic urban renewal positions the MMR for sustained market expansion and value creation.

Economic Expansion and Employment Generation

The Mumbai Metropolitan Region's economic expansion continues to generate substantial employment growth, creating robust demand for residential and commercial real estate. The MMR's current GDP of ₹12 lakh crore (\$140 billion) is targeted to double to ₹26 lakh crore (\$300 billion) by 2030, as established by NITI Aayog. This ambitious target reflects the region's potential for sustained economic growth and systematic job creation. The region currently provides employment opportunities for one crore people, with the requirement to create 30 lakh additional employment opportunities to achieve the targeted economic expansion. This employment generation directly translates to increased housing demand across various income segments.

The planned economic expansion will continue to drive real estate demand through sustained employment generation, income growth, and increased purchasing power. The doubling of GDP by 2030 positions the MMR for substantial residential and commercial real estate growth driven by fundamental economic strength.

Source: NITI Aayog, Business Today

Demographic Growth and Urbanisation Trends

The Mumbai Metropolitan Region's demographic expansion represents a fundamental driver of sustained real estate demand through continuous population growth and urbanisation. Mumbai's population in 2025 is estimated at 22,089,000, representing 1.92% annual growth from the previous year. The metropolitan area experiences 1,000 migrants daily, with individuals and families seeking employment opportunities and subsequently establishing families, contributing to continued population growth.

Mumbai's rapid economic growth has created employment opportunities across skill levels, from high-skilled to low-skilled positions. The demographic growth benefits from enhanced healthcare options and educational opportunities, sustaining continued migration flows and natural population increase.

The sustained demographic growth will continue to drive real estate demand through consistent population expansion, migration flows, and household formation. This fundamental demographic strength ensures continued market demand across all housing segments and supports long-term market growth.

Affordable Housing and Policy Initiatives

The Mumbai Metropolitan Region's affordable housing initiatives represent a critical growth driver addressing diverse demographic needs and government policy objectives. The Maharashtra government's Housing Policy 2025 targets the construction of 3.5 million affordable homes by 2030, supported by a substantial investment commitment of ₹70,000 crore. This comprehensive policy specifically addresses economically weaker sections (EWS) and low-income groups (LIG), systematically addressing the critical housing shortage in the region.

The policy framework introduces innovative financing mechanisms and government support structures to accelerate affordable housing delivery whilst ensuring quality and accessibility for target demographics.

The affordable housing initiative will continue to drive market growth by addressing the substantial housing deficit, creating volume growth opportunities for developers, and ensuring comprehensive market development across all income segments. This systematic approach to affordable housing ensures sustained market expansion and social development.

Company Overview

About the Company

Keystone Realtors Limited, widely recognised under the Rustomjee brand, is a leading real estate developer with a longstanding presence across the Mumbai Metropolitan Region (MMR). Since its inception in 1995, the Company has been dedicated to redefining urban living by delivering thoughtfully designed spaces and sustainable communities that resonate with the evolving aspirations of Mumbai's residents.

Rustomjee's core operations span the full spectrum of real estate development. The Company is renowned for its diverse portfolio of residential projects, including premium gated communities, integrated townships, and high-rise towers, each meticulously planned to foster a sense of community and enhance the quality of life for residents. These developments are distinguished by their contemporary architecture, sustainable building practices, and a comprehensive suite of amenities that support holistic well-being and encourage meaningful social interaction. A hallmark of Rustomjee's business is its leadership in redevelopment, particularly within the dense urban micro-markets of Mumbai.

The Company partners closely with housing societies and landowners to revitalise ageing structures, transforming them into modern, efficient, and

sustainable housing solutions. This approach not only addresses the city's pressing need for urban renewal but also ensures that residents benefit from upgraded living environments and improved infrastructure. Beyond residential offerings, Rustomjee actively develops commercial and mixed-use projects that seamlessly integrate retail, office, and leisure spaces. These projects are designed to create vibrant, self-sustained communities where residents can live, work, and engage in recreational activities within a single, thoughtfully planned environment. The Company's commitment to urban transformation is further reflected in its active participation in slum rehabilitation and urban renewal programmes, contributing to the creation of inclusive, quality housing and infrastructure for underserved communities.

Rustomjee's reputation for quality, transparency, and timely delivery has established it as a trusted name in Mumbai's real estate sector. With a robust pipeline of ongoing and planned developments, the Company is well-positioned to address the dynamic demands of the region, shaping the future of urban living while upholding its commitment to excellence and customer-centricity.

Financial Performance Review and Outlook

FY25 marked a significant year of progress and achievement for Keystone Realtors Limited. Operating in a dynamic real estate environment, the Company capitalised on sustained end-user demand and historically low housing inventory in the Mumbai Metropolitan Region. Throughout the year, Keystone, under the Rustomjee brand, delivered on its commitments by achieving record pre-sales, maintaining strong cash flows, and enhancing profitability.

The residential real estate sector continued its positive trajectory, with the MMR experiencing healthy demand across all segments, supported by rising incomes, major infrastructure developments, and a growing desire for lifestyle upgrades. Inventory levels in key micro-markets reached multi-year lows, fostering a favourable pricing environment and accelerating sales velocity. Against this backdrop, Keystone's operational performance was driven by strong traction in both ongoing and new projects, particularly in redevelopment-driven launches, where the Company's reputation and expertise translated into rapid sales and high customer confidence.

The Company's robust collections and prudent working capital management further reinforced its liquidity position, enabling it to comfortably fund ongoing construction and new investments. Keystone's focus on an asset-light development model and its leadership in Mumbai's redevelopment segment allowed it to optimise returns and minimise balance sheet risk. Strategic additions to the project pipeline, with a majority in the mid-income and aspirational housing categories, have provided multi-year revenue visibility and a strong foundation for future growth.

Looking ahead, Keystone remains well positioned to benefit from the structural upcycle in housing demand within the MMR. The Company will continue to advance its asset-light and redevelopment-focused strategy, supported by operational agility, disciplined execution, and a robust project pipeline. With a strong balance sheet and a dedicated team, Keystone is poised to capture emerging opportunities and deliver sustainable value to all stakeholders in the years to come.

Internal Controls

The Company maintains a comprehensive internal control framework that is rigorously aligned with the scale and complexity of its business operations. These controls are underpinned by well-defined policies and procedures, which are systematically documented to facilitate effective oversight of business performance and operational integrity.

Our information technology systems are fully integrated with core business processes, supporting the timely and accurate capture, processing, and reporting of data. This integration enhances operational efficiency, promotes data reliability, and ensures that management has access to relevant information for decision-making. To provide independent assurance on the effectiveness of internal controls, the Company engages a reputable external audit firm to conduct periodic reviews. These audits encompass an evaluation of the adequacy and effectiveness of the Company's internal controls, compliance with applicable policies, and adherence to regulatory requirements. The external auditors' scope extends to both financial and operational controls, ensuring a holistic assessment of risk management practices.

In addition, the internal audit function operates independently and reports directly to the Audit Committee of the Board. Internal auditors perform regular assessments of key control areas, identifying opportunities for improvement and recommending corrective actions where necessary. Their findings and recommendations are presented to the Audit Committee, fostering a culture of transparency and accountability.

The Audit Committee undertakes a thorough review of all internal audit reports and monitors the implementation of recommended actions. It is responsible for evaluating the ongoing effectiveness of the Company's internal control systems and making further recommendations to management as appropriate. This structured and continuous review process ensures that the Company's internal controls remain robust, responsive to emerging risks, and effective in safeguarding assets and maintaining the integrity of financial reporting.

Risk Management

Rustomjee maintains a comprehensive risk management framework designed to systematically identify, assess, mitigate, and monitor risks across all facets of its operations. The Company's approach is grounded in robust governance and proactive oversight, ensuring that emerging risks are addressed promptly and effectively.

Governance Structure

The Company's Risk Management Committee is composed of four members, including a Non-Executive Independent Director, two Executive Directors, and the Chairman and Managing Director. This Committee is entrusted with the responsibility of reviewing and guiding the Company's risk management strategy. Its mandate encompasses the formulation, oversight, and implementation of risk management policies and the business continuity plan. The Committee ensures that appropriate methodologies, processes, and systems are in place to monitor, evaluate, and address risks inherent in the Company's business activities. Regular reviews by the Board further reinforce comprehensive oversight and accountability.

Key Risk Areas

The principal risks identified as material to the Company's business are as follows:

INFLATION:

Escalating input costs may adversely affect profitability and the financial viability of projects.

SHIFTS IN CONSUMER PREFERENCES:

Evolving market trends and customer expectations can influence sales performance and project outcomes.

PROJECT DELAYS:

Delays in project execution and delivery may result in increased construction and maintenance expenses, impacting margins and customer satisfaction.

BRAND REPUTATION:

Any lapse in maintaining the Company's brand reputation could diminish market position and erode customer loyalty.

TALENT MANAGEMENT:

The ability to attract, develop, and retain skilled professionals is critical to sustaining operational efficiency and organisational growth.

CUSTOMER SATISFACTION:

Suboptimal customer experiences may lead to reputational harm and loss of future business opportunities.

FRAUD AND UNETHICAL PRACTICES:

Incidents of fraud or unethical conduct could compromise the Company's reputation and financial stability.

REGULATORY CHANGES:

Amendments to government policies or regulatory frameworks may affect business operations and compliance requirements.

Risk Mitigation Framework

Rustomjee addresses these risks through a structured and dynamic risk management system. This framework assigns clear ownership for the monitoring and mitigation of identified risks, ensuring accountability at every level. The Company has made significant investments in transparent, customer-centric processes and advanced IT infrastructure, which collectively support effective risk mitigation and operational resilience.

Corporate governance policies are rigorously enforced to uphold transparency in business conduct, facilitate timely disclosures, and ensure strict compliance with all applicable regulations. The Company's employee engagement initiatives and welfare programmes are designed to foster a supportive work environment, thereby reducing risks associated with talent acquisition and retention.

Through these measures, Rustomjee remains committed to safeguarding stakeholder interests and sustaining long-term value creation, while maintaining a proactive stance towards risk management in an evolving business environment.

Directors' Report: 2024 – 25

C. Evaluation process outcome

The Board Evaluation process indicates that there is a high level of board effectiveness with no areas of major concern. The quality, quantity and timeliness of flow of information between the Company management and the Board is adequate for the Board to effectively and reasonably perform its duties. The Board committees and the Directors are performing their duties adequately. The Independent Directors are in true sense and spirit. They are participating and contributing effectively and efficiently in the Board and Committee Meetings.

Separate Independent Directors' Meetings

As per latest amendments in the Listing Regulations the Independent Directors of top 2000 listed companies as per market capitalization shall endeavor to hold at least two meetings in a Financial Year, without the attendance of Executive Directors and Management Representatives. It is recommended that all the Independent Directors of the Company be present at such meetings.

During the financial year 2024-25 the Independent Directors met twice without the attendance of Executive Directors. The Independent Directors meetings were held on February 20, 2025 and March 20, 2025.

During the year under review, first meeting of the Independent Directors was held on February 20, 2025 and the following matters were discussed in the meeting:

1. Evaluation of the quality, content and timeliness of flow of information between the Management and the Board that is necessary for the Board to effectively and reasonably perform its duties.

All the Independent Directors were present at the Meeting.

During the year under review, the second meeting of the Independent Directors was held on March 20, 2025 and the following matters were discussed in the meeting:

1. Evaluate the Performance of Non-Independent Directors and the Board of Directors as a whole;
2. Evaluate the Performance of the Chairman of the Company, taking into account the views of the Executive and Non-Executive Directors;

Two Independent Directors were present at the Meeting.

Board Confirmation regarding Independence of the Independent Directors

All the Independent Directors of the Company have given and furnished their respective declaration/disclosures as prescribed under Section 149(7) of the Act and Regulation 25(8) of the Listing Regulations and have duly confirmed that they fulfil the independence criteria as specified under Section 149(6) of the Act and Regulation 16 of the Listing Regulations and have also vouched that they are not aware of any circumstance or situation, which exist or may be reasonably anticipated, that could impair or impact their ability to discharge their duties with an objective independent judgement and without any external influence. Further, the Board after taking these declaration/disclosures on record and acknowledging the authenticity of the same, concluded that the Independent Directors are persons of integrity and possess the relevant expertise and experience to qualify as Independent Directors of the Company and are Independent of the Management.

None of the Independent Directors have resigned before the expiry of their tenure after the listing of the Company.

CSR Report

1. Brief outline on Corporate Social Responsibility (CSR) Policy of the Company:

Over the decades, the Company has developed thousands of environmentally responsible homes, each designed to encourage community living. These homes have formed the foundation of our neighbourhoods, providing spaces where individuals celebrate their passions, nurture relationships and build their lives. They embody respect for the past while ensuring security in the present. Looking ahead, the Company is focused on creating communities that extend beyond real estate. We believe communities should be well connected, where access and support flow seamlessly between those who seek assistance and those who wish to contribute.

The CSR Committee members have decided that the Company should spend the CSR funds on the activities as specified in the Company's CSR policy and as specified in the Schedule VII of the Companies Act, 2013 and as amendments from time to time. During the financial year under reporting, the Company has identified and supported various NGOs and charitable organisations that helps the Company to achieve its CSR objectives.

The Company has strengthened its initiatives on CSR activities and apart from other CSR activities, was more focused on providing education for the underprivileged and marginalized children with an emphasis on their overall wellbeing. The Company believes that healthcare is also one of the essential parts of the society. In line with this, the Company has contributed to various health care institutions helping them out to build excellence in the medical facilities/infrastructure.

Based on review of compliance mechanism established by the Company, I further report that there are adequate systems and processes in place in the Company which is commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period following specific events took place in the Company:

During the financial year under review, the Mumbai Bench of the National Company Law Tribunal, vide its order pronounced on January 29, 2025 approved the Scheme for amalgamation (Scheme) of Kingmaker Developers Private Limited (KDPL) with the Company and their respective shareholders. Pursuant to that Keystone Realtors Limited has become the Company's Holding company.

Upon the scheme coming into effect the authorised share capital of the Company has been reclassified and increased by the authorised share capital of KDPL. All the existing Equity and Preference paid-up share capital of the Company has been cancelled/extinguished/annulled as a part of the Scheme. Subsequently new Equity shares have been issued to the shareholders of KDPL namely Keystone Realtors Limited in lieu of the amalgamation.

26. Overview of the entity's material responsible business conduct issues Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format.

Sr. No.	Material issue identified	Indicate whether risk or opportunity	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity
1.	Environmental norms/ legislations	Risk	New laws related to environment (specifically climate related), CSR activities are being created and enforced. Adherence to these new laws poses challenge.	Our EHS team understands the regulatory requirements to be complied with for the different legal requirements. They also seek help from the Compliance team to understand any specific compliance requirements that may be applicable. These areas are covered under the internal audit program from a compliance point of view as well. As part of sustainability reporting, independent assessments conducted (by external consultants/experts) also help in addressing gaps if any in this area.	Negative Implications
2.	Regulatory Compliance	Risk	Failure to comply with regulatory requirements can manifest in financial and reputational consequences for an organisation and erode stakeholder trust.	The Company has a robust set of environmental, social and governance-related policies to foster a culture of compliance within the organisation. Disciplinary measures and reinforcement mechanisms have been defined as well. The ESG organogram further highlights the importance of overall compliance by positioning the CS in a key role, ensuring overall corporate governance in all three verticals (ESG). In addition, Legal and functional teams also monitor the regulatory compliances across businesses at defined frequencies.	Negative Implications

26. Overview of the entity's material responsible business conduct issues. Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format. (Contd.)

Sr. No.	Material issue identified	Indicate whether risk or opportunity	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity
3.	Community Development	Opportunity	Community development activities helps a company to create a positive impact on society by undertaking meaningful interventions to bring significant benefits to large sections of the society. The CSR efforts also help foster a more productive and positive work environment for employees.	The Rustomjee Foundation has been striving to create sustainable opportunities for the marginalized communities by facilitating quality education, sustainable livelihood development, promoting a healthy society and supporting rural infrastructure development. The outreach as of now has been to 741 Students, villages in Maharashtra. With an aim to contribute to the holistic development of communities, Rustomjee Foundation is contributing to the global agenda of meeting Sustainable Development Goals (SDGs) related to eradicating poverty and providing education to the underprivileged strata of society.	
4.	Modernization, Innovation and Resource Optimization	Opportunity	The world is changing constantly and to remain relevant and profitable, it is an essential need to adapt and develop new advancements for meeting new realities. The same applies to construction industry during and post construction	Innovation advancements are at centre stage, which supports enhancing operational efficiency, and reducing overall environmental impacts. The company has invested in technologies and made changes to its processes to reduce resource consumption not only during the construction phase but also as a sustainable impact to its customers. Energy efficiency through passive and active measures, reduced water consumption, effective waste management, use of sustainable and green products in the buildings are some of the initiatives taken and being enhanced for future projects. As a result two of our larger projects have achieved a silver rating from IGBC's new building rating systems and most of our upcoming and ongoing projects are slated to be certified under IGBC's new building rating systems. We are also in the process of initiating one of our key projects as a net zero energy, waste and water project.	
5.	Scarcity of Water	Risk	Water is a shared resource, making it important for businesses to use it responsibly. Ensuring responsible consumption is key to the business' social license to operate and a sustainable planet for all. Water being an important resource in construction industry its scarcity may lead to disruptions in operations and delay timelines of project completion.	Mumbai and its suburban areas/adjoining districts receive good rainfall every year and ground water table is recharged. The turbidity of water and the sulphate and iron content in water used for construction may pose a threat to quality of construction (corrosion etc). The cost of treatment of GW, procuring water and non-supply of municipal water will become a high-risk event in the future. KRL and its subsidiaries continues to adopt water conservation strategies across all of the existing project sites and also supplement internal water generation by procuring water from outside agencies. Rainwater harvesting system has been implemented at few facilities which helps in increasing the ground level water. This results in release of sub soil water from recharge pits, and this reduces the dependency on external agencies. The Company has instituted an EHS Policy that highlights the importance of Resource Conservation, this serves as a guiding principle to reduce consumption of water and other resources. The EHS team runs awareness campaigns to ensure that all personnel are aware of the risk related to water shortage.	Negative Implications

26. Overview of the entity's material responsible business conduct issues. Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format. (Contd.)

Sr. No.	Material issue identified	Indicate whether risk or opportunity	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity
6.	Human Rights such as child labor, forced/ compulsory labor, health and safety, discrimination and freedom of association and collective bargaining including anti-harassment	Risk	Upholding human rights is essential to protecting organization's communities, employees and other stakeholders.	The Company has constituted a standing forum, both at the Group Level as well as at individual entity level, that aids and advises the management in its approach towards building sustainable Human Rights. Group HR is responsible to ensure that any issue or impact related to human rights are addressed in the defined manner within the stipulated timeline. The Company has a robust contractor management system which ensures human rights practices are adhered to (as per ILO) by the contractors supplying man-power to the Company. We have very stringent norms for child labor, anti-discrimination, forced labor or bonded labor, anti- harassment, workers health and safety and other human rights issues at all project sites.	Negative Implications
7.	Economic Performance	Opportunity	Ensuring business profitability and strong economic performance helps deliver value to investors and reinvest in the growth of the business, employees, communities and other stakeholders.	The Company thrives to deliver strong economic performance through our operational practices and risk mitigation strategies that supports the nation building and create a value for all the stakeholders.	Positive Implications
8.	Climate change resulting in acute and chronic physical conditions	Risk	Severe weather events are a risk to our operations and asset management along with internal as well as external stakeholders. Climate risk is material to customers, investors, and employees too. Responding to these concerns has become central to stakeholder understanding of climate-related risk to the company. Climate change can impact our operations due to extreme weather conditions like cyclones, floods, droughts and heat waves, to name a few events that have the potential to create severe disruptions.	The Company is in the process of implementing various initiatives across projects sites/facilities to control our scope 1 and 2 GHG emissions mainly due to energy consumption & Waste generation. The company is in the process of also calculating our scope 3 emissions in 3 major categories applicable to our business in FY24-25. We also plan to work closely with our critical suppliers to understand their strategies to comply with and move beyond on their material ESG issues. Hazard Identification and Risk assessment with regards to severe weather conditions have been identified and action (emergency response) plans to mitigate their effects are in place. Exposure of workers to extreme weather conditions has been identified and control measures put in place.	
9.	Waste Management	Risk	Improper disposal of waste will lead to non-adherence of compliance and result in GHG emission. Waste Management is critical to ensure judicious use of resources and disposal under controlled conditions. We would like to follow the 3R principle of waste management at all our project sites and are in the process of setting goals to achieve the same.	Improper disposal of waste will lead to non-adherence of compliance and result in GHG emission. Waste Management is critical to ensure judicious use of resources and disposal under controlled conditions. We would like to follow the 3R principle of waste management at all our project sites and are in the process of setting goals to achieve the same.

Sr. No.	Material issue identified	Indicate whether risk or opportunity	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity
10.	Occupational health and safety	Risk	Failure to ensure the health, safety and well-being of the company employees and contractor workforce can impact productivity. This can consequently affect our business operations, customer satisfaction and profitability.	The Company strives to foster a safe working environment and ensure Zero Harm. Hazards and risks are periodically identified, with mitigation plans devised for each. Additionally, safety trainings are provided to employees and workers (labour force) on regular basis to ensure their holistic well-being. Safety and Health of labour workers is critical and our Contractor management system ensures the requirements are adhered to.	
11.	Occupational health and safety	Opportunity	The world is changing constantly and to remain relevant and profitable, it is an essential need to adapt and develop new advancements for meeting new realities. The same applies to construction industry during and post construction		
12.	Cybersecurity and data privacy.	Risk	Protecting customer (personal) and company information is of utmost concern to us. This ensure trust in the company and misappropriation of data.	We have an information security and incident management policy in place. Awareness on the policy was cascaded to all employees within the company for compliance in FY23-24 and will be continued in the coming Financial years. Presently we have access control review mechanisms that are also enabled by segregation of duties. This ensures protection of all information systems. Moving forward we are working on masking personal sensitive information as would be outlined in the data protection bill in the future.

10. Health and safety management system

a. Whether an occupational health and safety management system has been implemented by the entity?

Yes

If yes, the coverage of such a system

Yes, KRL has fully implemented occupational health, safety wellbeing and environmental requirements both in letter and spirit. We have established an EHS policy that applies to our head office and all project sites. This policy outlines our philosophy and commitment to managing key aspects of health, safety, and environment (HSE). Regular inspections of critical and hazardous processes are conducted to ensure adherence to these standards.

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

We have established a comprehensive process for Hazard Identification & Risk Assessment. All hazards and risks arising from facility operations are identified and evaluated based on two parameters: frequency and duration, and severity and likelihood. Detailed risk assessments have been conducted for all operations at project sites, with appropriate control measures implemented to mitigate identified risks and hazards. The detailed process and procedure for hazard identification and risk assessment are documented in our safety manual, which is available at all sites.

c. Whether you have processes for workers to report the work related hazards and to remove themselves from such risks

Yes

12. Describe the measures taken by the entity to ensure a safe and healthy work place.

At KRL, the safety and well-being of our team, the communities we partner with, and the clients we serve is paramount. We are committed to upholding the highest standards of health, safety, and environment (HSE) across all our projects.

Comprehensive HSE Framework:

OHS Framework Integration: We adhere to the Occupational Health and Safety (OHS) Framework principles in their entirety at every project site.

EHS Policy Coverage: Our overarching EHS Policy encompasses all our locations and personnel, including permanent employees, contractual workers, and vendors.

Regulatory Compliance: We meticulously comply with all relevant health and safety regulations as mandated by the BOCWA requirements.

Proactive Risk Management:

KRL implements a robust occupational health and safety key matrix. This matrix ensures regular monitoring of several crucial aspects:

OHS compliance
Near-miss recordings
Incident recordings
Lost time injury recordings
Emergency preparedness
Operational control monitoring and measurement

Training and awareness programs

Investing in a Culture of Safety:

This year, our project sites independently conducted a wide range of programs on various construction safety topics. These programs aim to: Train our workforce in comprehensive well-being practices

Promote healthy behaviors and safety awareness
Prevent and mitigate potential health and safety risks

The scope of these initiatives conducted at project sites were significant as stated below:

622 Health and Safety awareness trainings were delivered.

8,785 toolbox talks and safety briefings were conducted.

18,258 workers received health and safety inductions.

18,258 workers were covered by safety briefings.

Continuous Improvement Through Inspections:

Our dedicated safety team conducts regular internal inspections along with third party inspections conducted at all project sites. Last year alone, 540 inspections were carried out to identify and address any potential hazards proactively. The results of inspections/assessments are taken seriously and actions taken to correct and prevent recurrence of adverse situations.

Leadership and Board Engagement:

Chairman and Managing Director Presentation: The Chairman and Managing Director spearheads ESG initiatives, presenting relevant matters to the Board of Directors for oversight and strategic direction.

Board Feedback and Action: The Board provides feedback and potential action items on the presented ESG matters. The status of these items is then tracked and reported at subsequent Board meetings, ensuring accountability and progress.

Stakeholder Engagement:

Committee Meetings: Through dedicated committees, KRL engages with various stakeholders on a range of economic, environmental, and social topics. This fosters open communication and collaboration on ESG issues.

Internal Stakeholder Support: The ESG team conducts regular meeting and surveys with internal stakeholders. These meetings aim to:

- **Promote ESG Compliance:** Equip employees with the knowledge and resources necessary to comply with ESG best practices within their roles.
- **Share Updates:** Keep internal stakeholders informed about recent developments in the ESG landscape.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics. (Yes/No)

Yes

If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

At KRL, we are committed to integrating Environmental, Social, and Governance (ESG) principles into our core business practices. We actively seek and value stakeholder input to ensure our ESG efforts are comprehensive and impactful.

Dedicated Resources and Reporting:

ESG Resources: We have dedicated ESG resources available, demonstrating our commitment to ESG leadership. Annual ESG Report: We publish an annual ESG report, providing transparency on our ESG activities and initiatives. Stakeholder Engagement and Policy Development:

Regular Meetings: We hold regular meetings with internal stakeholders to gather valuable insights and perspectives on ESG practices.

Policy Review and Alignment: Inputs received during these meetings inform our review and potential revision of existing policies and procedures to ensure alignment with evolving ESG standards.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/marginalized stakeholder groups.

KRL's CSR initiatives with NGOs focus on partnering with vulnerable stakeholders to address their most pressing needs, driving lasting positive change.

PRINCIPLE 5: Businesses should respect and promote human rights

Essential Indicators

1. Employees and workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format:

b. Gross wages paid to females as % of total wages paid by the entity, in the following format:

	2024-25	2023-24
Gross wages paid to females as % of total wages	19.15%	17.00%

Notes:

Gross wages for employees were calculated, excluding the HRA component.

4. Do you have a focal point (Individual/Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business?

Yes

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

We have established a comprehensive framework of policies to empower employees and ensure their concerns are addressed effectively.

Grievance Redressal Policy: Implemented in FY22-23, this policy (available in the employee handbook) provides a clear mechanism for reporting and resolving employee grievances. An escalation matrix ensures timely and fair resolution.

POSH Policy: This policy, also included in the employee handbook, prohibits workplace harassment and outlines steps for prevention and reporting. We recently conducted a company-wide webinar to ensure all employees at KRL and its subsidiaries are familiar with their rights and how to access support.

Whistleblower Policy: This policy empowers employees to report potential wrongdoing or unethical behavior directly to top management. Clear reporting procedures and actions to be taken are outlined in the policy, accessible via the employee handbook and cascaded through a webinar, aligning with other human rights policies.

6. Number of Complaints on the following made by employees and workers in the previous financial year:

	2024-25			2023-24		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Sexual Harassment	0	0	NA	0	0	NA

7. Complaints filed under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013:

	2024-25	2023-24
Total Complaints reported under Sexual Harassment on of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (POSH)	0	0
Complaints on POSH as a % of female employees/workers	0%	0%
Complaints on POSH upheld	0	0

8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

At KRL, we are committed to the highest standards of professionalism, integrity, and ethical business practices. This commitment extends to creating a fair and respectful work environment for all employees.

Core Values:

- **Fairness and Transparency:** We strive for fairness and transparency in all our actions, as reflected in our company policies.
- **Mutual Trust and Equality:** We believe in fostering a culture of mutual trust and equality, where everyone feels respected and valued.
- **Equal Opportunities and Non-Discrimination:** We strongly uphold the right to work in a professional environment with equal opportunities and a complete absence of discriminatory practices, including harassment of any kind.

Strong Support Systems:

To ensure a safe and inclusive workplace, we have implemented robust support systems:

- **Grievance Redressal Mechanism:** A well-defined process allows employees to address any concerns effectively.
- **Prevention of Sexual Harassment Policy (POSH):** This policy prohibits sexual harassment and outlines clear reporting procedures.
- **Whistleblower Policy:** This policy empowers employees to report unethical behavior directly to top management without fear of retaliation. Any attempt to retaliate against someone who raises a concern is subject to disciplinary action.

9. Do human rights requirements form part of your business agreements and contracts?

Yes

10. Assessments conducted:

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Child labour	100%
Forced/involuntary labour	100%
Sexual harassment	100%
Discrimination at workplace	100%
Wages	100%

11. Provide details of any corrective actions taken or underway to address significant risks/concerns arising from the assessments at Question 10 above.

We are pleased to report that all processes functioned as intended, and no corrective actions were required during this period.

Leadership Indicators

1. Details of a business process being modified/introduced as a result of addressing human rights grievances/complaints.

We are pleased to report that all processes functioned as intended, and no process modifications were required during this period.

2. Details of the scope and coverage of any Human rights due-diligence conducted.

This year, our Human Rights Policy received formal approval from the Board, reinforcing our commitment to promoting and protecting human rights across our organisation, operations, and supply chain. The policy underscores our dedication to ensuring fairness, dignity, and equality for all—whether employees, contract workers, customers, or other stakeholders. It aligns with international human rights principles and legal frameworks, while also fostering an inclusive and respectful work environment.

At Keystone Realtors Limited (KRL) and its subsidiaries (Rustomjee), we firmly believe in the inherent dignity and rights of every individual. This belief is embedded in our business ethos and extends across all levels of our operations. We are committed to cultivating workplaces free from discrimination, harassment, or any form of human rights violation. Our responsibility also extends to the communities we engage with, where we strive to uphold these values.

In line with this commitment, we have undertaken Human Rights Due Diligence across all operational assets. This

includes robust assessments to monitor and prevent violations such as child labour, forced or bonded labour, and to ensure the health, safety, and overall well-being of both employees and contract workers across all our projects.

To support the dignity and welfare of contract workers, we have developed labour camps at select project sites that provide safe and hygienic living conditions. These camps offer access to potable drinking water, sanitised washrooms, clean rest areas, and regular pest control measures to prevent infestations. These facilities not only contribute to a healthier workforce but also enhance productivity and reduce absenteeism.

A key highlight is our new labour camp at Rustomjee Urbania, Thane—a first-of-its-kind initiative in the Indian real estate sector. Inaugurated on 13th April 2025, the facility spans 35,000 sq. ft., built at a cost of ₹ 6.25 crore, and is designed to accommodate 500 workers in 84 well-ventilated rooms (each 10 ft x 10 ft, housing up to six individuals). The camp includes upgraded infrastructure such as a Sewage Treatment Plant (STP) to enable water reuse and recreational areas to support worker well-being. Looking ahead, we plan to introduce a crèche facility to support workers with families and young children.

3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016? Yes

4. Details on assessment of value chain partners:

	% of value chain partners (by value of business done with such partners) that were assessed
Sexual harassment	20%
Discrimination at workplace	20%
Child labour	20%
Forced/involuntary labour	20%
Wages	20%

5. Provide details of any corrective actions taken or underway to address significant risks/concerns arising from the assessments at Question 4 above.

We are pleased to report that all processes functioned as intended, and no corrective actions were required during this period.

PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment

Essential Indicators

Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency?

No

Note:

41% of our electricity in FY 2024-25 has been sourced from renewable sources (Green Power).

2. Does the entity have any sites/facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India?

No

3. Provide details of the following disclosures related to water, in the following format:

Note 1: Our renewable energy consumption increased by 32% from last FY as a result our scope 2 emissions reduced by 96% despite an increase in total energy consumption.

Note 2: Our renewable energy for FY 24-25 is equal to grid electricity non-renewable in FY 23-24 which accounted for a larger percent of total electrical energy in FY 23-24.

Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency?

No

8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

Yes

If Yes, then provide details.

70% of our projects have transitioned to green power for construction activities in FY 2024-25.

9. Provide details related to waste management by the entity, in the following format:

Note :

The total construction and demolition waste generated in FY 2024-25 was 224000633.62 Kgs. However, to enhance the circularity of waste, we recovered and reused 66% of the total construction and demolition waste.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

At KRL, we are dedicated to minimizing our environmental footprint throughout the construction lifecycle. Our waste management philosophy is centered on the "Reduce, Reuse, Recycle" principles, with the ultimate goal of achieving zero waste to landfill. We have documented a waste management policy aligned to ISO 14001 standards.

Minimizing Construction Waste:

Active Minimization: We actively seek ways to reduce waste generation through careful planning, material selection, and optimized processes.

Investment in Technology: We invest in innovative recycling technologies and streamlined systems to maximize resource recovery.

Circular Economy Approach: We strive to create a circular economy by converting construction waste into valuable resources whenever possible.

Waste Management at KRL Facilities:

Reduced Hazardous Waste: As a construction company, we primarily handle construction debris and materials. Our office and facility operations generate minimal hazardous waste.

Strict Regulations: We adhere to stringent regulations regarding potentially hazardous waste generated by our contractors, ensuring proper disposal through SPCB-approved recyclers.

Organic Waste Management: KRL utilizes in-house composting systems to convert organic waste generated at our sites and labor camps into fertilizer for landscaping. This reduces waste volume and creates a valuable resource.

Single-Use Plastics Phase-Out: Committed to aligning with government directives, KRL has eliminated single-use plastics at all our sites which was one of our commitments for FY 2023-24.

Construction & Demolition Waste: As a result of our circularity initiatives, we were able to divert 66% of the C&D waste away from landfill in FY 2024-25

Moving Forward:

Reinforcing 3R Principles: In the coming year, we are dedicated to further strengthening our commitment to the "Reduce, Reuse, Recycle" philosophy. This includes the following steps:

1. Segregation of waste at source.
2. Categorization of waste into recyclable and reusable.
3. Reuse and Recycling of waste either in-house or through external vendors.
4. Maximizing the sustainable utilization of raw materials and products to minimize waste generation at the source.

Responsible Contractor Management: KRL ensures that all hazardous waste generated by our contractors is disposed of according to the Hazardous Waste Management and Handling Rules.

6. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?

The company has established labour camps at select project sites to support contract workers with safe and dignified living conditions. Aligned with our commitment to human rights and equality, we ensure that all contract labourers have access to essential amenities, including safe drinking water, hygienic and sanitised washrooms, clean rest areas, and robust housekeeping practices such as regular pest control to prevent infestations. These measures not only safeguard the health and well-being of our workforce by preventing the spread of diseases but also contribute to improved productivity and reduced absenteeism.

The labour housing incorporates eco-conscious infrastructure, including a 40 KLD Sewage Treatment Plant (STP) that recycles water for flushing and landscaping, and a 200 KG Organic Waste Composter (OWC) to manage kitchen waste on-site. A comprehensive fire protection network, with 13 yard hydrants, 900 LPM fire pumps, and sprinklers in critical areas like the gas bank and kitchen, ensures round-the-clock safety.

Independent Auditor's Report

To the Members of **Keystone Realtors Limited**

Report on the Audit of the Standalone Financial Statements

OPINION

1. We have audited the accompanying standalone financial statements of Keystone Realtors Limited ("the Company") and its jointly controlled entities (refer Note 55 to the standalone financial statements), which comprise the Standalone Balance Sheet as at March 31, 2025, and the Standalone Statement of Profit and Loss (including Other Comprehensive Loss), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company and its jointly controlled entities as at

March 31, 2025, and total comprehensive income (comprising of profit and other comprehensive loss), changes in equity and its cash flows for the year then ended.

BASIS FOR OPINION

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Statements" section of our report. We are independent of the Company and its jointly controlled entities in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

4. Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
Revenue recognition from Contract with Customers	
(Refer Note 1B(a) and 32 to the standalone financial statements).	Our audit procedures in relation to management's assessment of revenue recognition includes following:
In accordance with the requirements of Ind AS 115 'Revenue from contract with customers', revenue from sale of residential units are recognised at a point in time or over time based on the contract entered with the customers.	• Read the Company's revenue recognition accounting policies and assessed compliance with Ind AS 115 'Revenue from contract with customers'. • Understood and evaluated the design and implementation, and tested the operating effectiveness of the Company's internal financial controls over revenue recognition. • Obtained and read the customer contracts on a test check basis and evaluated the management assessment with respect to satisfaction of performance obligations at a point in time or over time and that revenue is recognised in accordance with the accounting policy. • Tested sales transaction during the year on a sample basis, by examining the underlying customer contracts and final demand letter evidencing the transfer of control of the residential unit to the customer along with occupation certificate based on which revenue is recognised.
Significant judgement is required in identifying the performance obligations and determining when 'control' of the residential units is transferred to the customer. Further, the Company assesses various conditions included in the contact with customer to identify whether the Company has unconditional right to payment for performance to date or not. Based on this revenue is recognised at point in time or over time.	

Independent Auditor's Report

Key audit matter	How our audit addressed the key audit matter
Considering the above-mentioned factors, revenue recognition has been considered as a key audit matter.	Assessed the appropriateness and adequacy of revenue-related disclosures in accordance with applicable Indian Accounting Standards and applicable financial reporting framework in the standalone financial statements.
Assessment of net realisable value (NRV) of inventories	
(Refer Note 1B(g) and 11 to the standalone financial statements). The Company's inventory is stated at the lower of cost and NRV. As at March 31, 2025 the carrying value of inventories is ₹ 119,178 Lakh (refer Note 11 to the standalone financial statements). NRV determination involves estimates based on prevailing market conditions, current prices, the estimated future selling price, cost to complete projects and selling costs. Considering the significance of the carrying value of inventories in the standalone financial statements and the involvement of significant estimation and judgement in assessment of NRV, the same has been considered as a key audit matter.	Our audit procedures in relation to management's assessment of valuation of inventories at lower of cost and NRV includes following: - Read and evaluated the accounting policies with respect to inventories. - Understood and evaluated the design and implementation, and tested the operating effectiveness of the Company's internal financial controls over valuation of inventories. - Tested on a sample basis that inventories are held at the lower of cost and NRV, by comparing cost of inventory and estimated cost to complete the project with corresponding selling price or the estimated future selling price by reference to recent market prices in the same projects or comparable properties, net of selling cost. - Assessed the appropriateness and adequacy of the inventory related disclosures in accordance with applicable Indian Accounting Standards and applicable financial reporting framework in the standalone financial statements.
Assessing impairment of Investments in and loans given to subsidiaries, joint ventures, associates and other related parties	
(Refer Note 7 and 15 to the standalone financial statements). As at March 31, 2025, the carrying values of Company's investment in subsidiaries, joint ventures, and associates is amounting to ₹ 46,824 Lakh. Further, the Company has granted loans to its subsidiaries, joint ventures, associates and other related parties amounting to ₹ 99,746 Lakh as at March 31, 2025 (Refer Note 15 to the standalone financial statements). Management reviews regularly whether there are any indicators of impairment of the investments by reference to the requirements under Ind AS 36 "Impairment of Assets". For cases where impairment indicators exist, management estimates the recoverable amounts. An impairment loss is recognised if the recoverable amount is lower than the carrying value. The recoverable amount is determined based on the higher of value in use and fair value less costs to sell. In respect of loans, the management performs the credit risk assessment for each loan by assessing whether the borrower has a financial capability to meet its cash flow obligations.	Our audit procedures in relation to management's impairment assessment of investments and loans in subsidiaries, joint ventures, associates and other related parties includes following: - Read and evaluated the accounting policies with respect to impairment. - Understood and evaluated the design and implementation, and testing operating effectiveness of controls over the Company's process of impairment assessment. - Tested samples of investment made and loans granted by the Company and assessed the financial condition of entities in whom the investments were made or loans were granted by obtaining the most recent audited financial statements of such entities. - Performed inquiries with management on the project status and tested future business plan of entities in whom investments were made or to whom loans were granted to evaluate their recoverability.

Independent Auditor's Report

Key audit matter	How our audit addressed the key audit matter
Significant judgements are required to determine the key assumptions used in determination of recoverable amount or forecast cash flow of borrowers which includes estimation of expected selling price, cost to complete the project and discount rate. The assessment of the recoverable amounts requires the use of significant judgements and estimates, and thus same has been considered as a key audit matter.	- Assessed the appropriateness of the Company's valuation methodology and model used to determine the recoverable amount. - Tested reasonableness of assumptions such as expected selling price, cost to complete the project and discount rate based on current economic and market conditions used for determining the recoverable amount/financial capability and performed a sensitivity analysis over key assumptions used in determining the recoverable amount. - Assessed the appropriateness and adequacy of the disclosures made by the management in respect of such investments and loans in subsidiaries, joint ventures, associates and other related parties in accordance with applicable Indian Accounting Standards and applicable financial reporting framework in the standalone financial statements.

OTHER INFORMATION

5. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report but does not include the standalone financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate action as applicable under the relevant laws and regulations.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

6. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company and its jointly controlled entities in accordance with the

accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and its jointly controlled entities and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

7. In preparing the standalone financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
8. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due

Independent Auditor's Report

to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

10. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the

underlying transactions and events in a manner that achieves fair presentation.

11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTER

14. The financial statements of 2 jointly controlled entities (refer Note 55 to the standalone financial statements) included in the standalone financial statements of the Company reflect total assets of ₹ 7,051 Lakh and net assets of ₹ 1,324 Lakh as at March 31, 2025, total revenue of ₹ 297 Lakh, total comprehensive loss (comprising of loss and other comprehensive income) of ₹ 36 Lakh and net cash inflows amounting to ₹ 31 Lakh for the year then ended. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us by the management, and our opinion on the standalone financial statements (including other information) in so far as it relates to the amounts and disclosures included in respect of these jointly controlled entities, is based on the reports of such other auditors and the procedures performed by us.

Our opinion on the standalone financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter of our reliance on the work done and reports of the other auditors.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

15. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central

Independent Auditor's Report

Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the **"Annexure B"** a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

16. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in paragraph 16(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).
- (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including other comprehensive loss), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on March 31, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 16(b) above on reporting under Section 143(3) (b) and paragraph 16(h)(vi) below on reporting under Rule 11(g) of the Rules.
- (g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in **"Annexure A"**.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements—Refer Note 51 to the standalone financial statements.
- ii. The Company was not required to recognise a provision as at March 31, 2025 under the applicable law or Indian Accounting Standards, as it does not have any material foreseeable losses on long-term contract. The Company did not have any derivative contracts as at March 31, 2025.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2025.
- iv. (a) The management has represented that, to the best of its knowledge and belief, as disclosed in Note 59(vii) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer Note 59(vii) to the standalone financial statements);
- (b) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 59(vii) to the standalone financial statements, no funds have been received by the Company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer Note 59(vii) to the standalone financial statements); and

Independent Auditor's Report

- (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. As stated in note 61 to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and that has operated throughout the year for all relevant transactions recorded in the software, except that the audit trail is not maintained for certain transactions, for changes made through specific access and for direct database changes. During the course of performing our procedures, other than the aforesaid instances of audit trail not maintained where the question of our commenting does not arise, we did not notice any instance of audit trail feature being tampered with, or not preserved by the Company as per the statutory requirements for record retention.
17. The Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

Annexure A to Independent Auditor's Report

Referred to in paragraph 16(g) of the Independent Auditor's Report of even date to the members of Keystone Realtors Limited on the standalone financial statements as of and for the year ended March 31, 2025

REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE ACT

1. We have audited the internal financial controls with reference to standalone financial statements of Keystone Realtors Limited ("the Company") as of March 31, 2025, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date. Reporting under clause (i) of sub section 143 of the Act in respect of adequacy of the internal financial controls with reference to financial statements is not applicable to 2 jointly controlled entities namely Rustomjee Evershine Joint Venture and Lok Fortune Joint Venture. (Refer Note 55 to the standalone financial statements).

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material

misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

8. In our opinion, the Company has, in all material respects, adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Annexure B to Independent Auditor's Report

Referred to in paragraph 15 of the Independent Auditor's Report of even date to the members of Keystone Realtors Limited on the standalone financial statements as of and for the year ended March 31, 2025

In terms of the information and explanations sought by us and furnished by the Company, and the books of account and records examined by us during the course of our audit, and to the best of our knowledge and belief, we report that:

- i. (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.
- (B) The Company is maintaining proper records showing full particulars of Intangible Assets.
- (b) The Property, Plant and Equipment of the Company have been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.
- (c) The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), as disclosed in Notes 3, 4 and 5 to the standalone financial statements, are held in the name of the Company.
- (d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the

net carrying value of each class of Property, Plant and Equipment (including Right of Use assets) or intangible assets does not arise.

- (e) No proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in the standalone financial statements does not arise.

- ii. (a) The physical verification of inventory has been conducted at reasonable intervals by the Management during the year and, in our opinion, the coverage and procedure of such verification by Management is appropriate. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory.

- (b) During the year, the Company has been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, from banks and financial institutions on the basis of security of current assets. The terms of sanction do not stipulate filing of quarterly returns or statements with such banks or financial institutions, and accordingly, the question of our commenting on whether the returns or statements are in agreement with the unaudited books of account of the Company, does not arise. (Refer note 59(ii) to the standalone financial statements).

- iii. (a) The Company has made investments in 17 companies and 1 Alternative Investment Fund, granted unsecured loans to 37 companies and 1 Limited Liability Partnerships, and stood guarantee to 4 companies. The Company has not granted secured loans, secured/unsecured advances in nature of loans, or provided security to any parties. The aggregate amount during the year and balance outstanding at the balance sheet date with respect to such loans and guarantees to subsidiaries, joint ventures and associates and to parties other than subsidiaries, joint ventures and associates are as per the table given below:

	(₹ in Lakh)	
	Loans	Guarantees
Aggregate amount granted/provided during the year		
Subsidiaries	43,999	28,500
Joint Ventures	4,474	15,300
Others	3,022	-
Balance outstanding as at balance sheet date in respect of the above case		
Subsidiaries	30,703	28,500
Joint Ventures	4,249	15,300
Others	3,022	-

(Also, refer note 49 to the standalone financial statements).

- (b) In respect of the aforesaid investments, guarantees, loans, the terms and conditions under which such investments were made/guarantees provided/loans were granted are not prejudicial to the Company's interest.
- (c) In respect of the loans aggregating to ₹ 117,580 Lakh the schedule of repayment of principal and payment of interest has been stipulated and in respect of the loans aggregating to ₹ 52,117 Lakh the schedule of repayment of principal has been stipulated and the parties are repaying the principal amounts, as stipulated, and are also regular in payment of interest as applicable. (Also refer note 49(II)(d) to the standalone financial statements).
- (d) In respect of the loans, there is no amount which is overdue for more than ninety days.
- (e) Following loans were granted to same parties, which has fallen due during the year and were renewed/extended. Further, no fresh loans were granted to settle the overdue loans/advances in nature of loan.

Name of the parties	Aggregate amount of dues renewed (₹ in Lakh)	Percentage of the aggregate to the total loans granted during the year
Enticier Realtors Private Limited	567	1.10%

- (f) The loans granted during the year, including to related parties had stipulated the scheduled repayment of principal and payment of interest and the same were not repayable on demand. (Also refer note 49(II)(d) to the standalone financial statements). No loans were granted during the year to promoters.

- iv. In our opinion, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees and security provided by it. As the Company is engaged in providing infrastructure facilities as specified in Schedule VI of the Act, the provisions of Section 186 except sub-section (1) of the Act are not applicable to the Company.

- v. The Company has not accepted any deposits or amounts which are deemed to be deposits referred in Sections 73, 74, 75 and 76 of the Act and the Rules framed there under.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) In our opinion, the Company is generally regular in depositing the undisputed statutory dues in respect of goods and service tax, though there has been slight delay in a few cases, and is regular in depositing the undisputed statutory dues, including income taxes, provident fund, employees' state insurance, cess and other material statutory dues, as applicable, with the appropriate authorities. Also, refer note 51 to the standalone financial statements regarding management's assessment on certain matters relating to provident fund.
- (b) The particulars of statutory dues referred to in sub-clause (a) as at March 31, 2025 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount (₹ in Lakh)	Period to which the amount relates (Financial Year)	Forum where the dispute is pending

- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.
- x. (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has made a preferential allotment during the year, in compliance with the requirements of Section 42 and Section 62 of the Act. The funds raised have been used for the purpose for which funds were raised except as disclosed in Note 58 to the standalone financial statements.
- xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.
- (b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.

- (c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and as represented to us by the management, no whistle-blower complaints have been received during the year by the Company. Accordingly, the reporting under clause 3(xi)(c) of the Order is not applicable to the Company.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the reporting under clause 3(xii) of the Order is not applicable to the Company.
- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of the related party transactions have been disclosed in the standalone financial statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act.
- xiv. (a) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) The reports of the Internal Auditor for the period under audit have been considered by us.
- xv. In our opinion, the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.
- xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under clause 3(xvi)(a) of the Order is not applicable to the Company.
- (b) The Company has not conducted non-banking financial/housing finance activities during the year. Accordingly, the reporting under clause 3(xvi)(b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.
- (d) In our opinion, the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CICs, which are part of the Group. Accordingly, the reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.
- xvii. The Company has not incurred any cash losses in the financial year or in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year and accordingly the reporting under clause 3(xviii) of the Order is not applicable.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date will get discharged by the Company as and when they fall due.
- xx. (a) In respect of other than ongoing projects, as at balance sheet date, the Company does not have any amount remaining unspent under Section 135(5) of the Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable.
- (b) In respect of other than ongoing projects, as at balance sheet date, the Company does not have any amount remaining unspent under Section 135(5) of the Act. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable.
- xxi. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of Standalone Financial Statements. Accordingly, no comment in respect of the said clause has been included in this report.

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

BACKGROUND

Keystone Realtors Limited ('the Company') is a limited Company. It is incorporated and domiciled in India and has its registered office at 702, Natraj, M V Road Junction, Andheri East, Mumbai 400 069.

The Company is incorporated since November 6, 1995 and is engaged primarily in the business of real estate constructions, development and other related activities in India.

These financial statements were authorized to be issued by the Board of Directors on May 14, 2025.

NOTE 1A: BASIS OF PREPARATION

(i) Compliance with Ind AS

The standalone financial statements of the Company comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] as amended from time to time and other relevant provisions of the Act.

(ii) Historical cost convention

The standalone financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and financial liabilities are measured at fair value;
- Defined benefit plans - plan assets measured at fair value;
- Share based payment measured at fair value.

(iii) Current - non current classification

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of business and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 4 years for the purpose of current - non-current classification of assets and liabilities. Operating cycle for all completed projects is based on 12 months period.

NOTE 1B: MATERIAL ACCOUNTING POLICIES

(a) Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other credits, if any, as specified in the contract with the customer. The Company presents revenue from contracts with customers net of indirect

taxes in its statement of Profit and Loss. The Company assesses its revenue arrangements against specific criteria to determine if it is acting as principal or agent. The Company has concluded that it is acting as a principal in all of its revenue arrangement.

Income from Property development

The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the Company considers the effects of variable consideration, the existence of significant financing components, non-cash consideration, and consideration payable to the customer (if any).

The Company satisfies a performance obligation and recognise the revenue over the time if the Company's performance does not create an asset with an alternative use to the Company and the entity has an enforceable right to payment for performance completed to date basis the agreement entered with customers, otherwise revenue is recognized point in time. The revenue from real estate development of residential unit is recognised at the point in time, when the control of the asset is transferred to the customer and the performance obligation is satisfied i.e on transfer of legal title of the residential unit, receipt of occupation certificate and final demand letter issued to the customers which generally occurs on completion of project.

The Company becomes entitled to invoice customers for construction of residential and commercial properties based on achieving a series of construction-linked milestones. When the Company satisfies a performance obligation by delivering the promised goods or services it creates a contract asset based on the amount of consideration earned by the performance. Any amount previously recognised as a contract asset is reclassified to trade receivables at the point when the Company has the right to consideration that is unconditional. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

The Company recognizes incremental costs for obtaining a contract as an asset and such costs are charged to the Statement of Profit and Loss when revenue is recognised for the said contract.

(b) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

(i) Current income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. The provision for current tax is made at the rate of tax as applicable for the income of the previous year as defined under the Income Tax Act, 1961.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(ii) Deferred tax

Deferred income tax is recognised using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts as per financial statements as at the reporting date. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, joint ventures and associates where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(c) Leases

As a lessee

Assets and liabilities arising from a lease are initially measured on a present value basis. Liabilities include the net present value of the fixed payments (including in-substance fixed payments), less any lease incentives receivable. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability;
- any lease payments made at or before the commencement date less any incentives received;
- any initial direct costs; and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a Straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

As a lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term. Initial direct cost incurred obtaining an operating lease are added to the carrying amount of the underlying asset and recognised as expense over the lease term on the same basis as lease income. The respective leased assets are included in the balance sheet based on their nature.

(d) Impairment of non-financial assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(e) Cash and cash equivalents

For the purpose of presentation in the standalone statement of cash flows, cash and cash equivalents includes cash on hand, deposits held on call with financial institutions, other short-term highly liquid investments with original maturities of less than three months that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdraft. Bank overdrafts are shown within borrowings in current liabilities in the standalone balance sheet.

(f) Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognised initially at the transaction price as they do not contain significant financing components. The company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

(g) Inventories

Inventories are valued as under:

(i) Inventory of completed saleable units

Inventory of completed saleable units and stock-in-trade of units is valued at lower of cost or net realisable value.

(ii) Construction work-in-progress

The construction work-in-progress is valued at lower of cost or net realisable value. Cost includes cost of land, development rights, rates and taxes, construction costs, borrowing costs, other direct expenditure, and appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(iii) Construction materials

The construction materials are valued at lower of cost or net realisable value. Cost of construction material comprises cost of purchases on moving weighted average basis. Costs of inventory includes rates and taxes and other direct expenditure are determined after deducting rebates and discounts.

(h) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

Financial assets:

Classification

The Company classifies its financial assets in the following measurement categories:

- Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss); and
- Those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Initial recognition and measurement

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Companies commits to purchase or sale the financial asset. Financial assets are recognised initially at fair value plus (excluding trade receivables which do not contain a significant financing component), in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

carried at fair value through profit or loss are expensed of in profit or loss.

Debt instruments

Debt instruments are subsequently measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

Amortised cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through other comprehensive income (FVOCI)

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other income/(expenses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss in the period in which it arises. Interest income from these financial assets are recognised in other income.

Equity instruments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Group decides to classify the same either as at fair value through other comprehensive income (FVTOCI) or FVTPL.

The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income (OCI). There is no recycling of the amounts from OCI to profit and loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the consolidated statement of profit and loss.

Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 43 details how the Group determines whether there has been a significant increase in credit risk.

Derecognition of financial assets

A financial asset is derecognized only when:

- The Company has transferred the rights to receive cash flows from the financial asset; or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Income recognition

Interest income

Interest income from financial assets at amortised cost is calculated using the effective interest rate method and recognised in the consolidated statement of profit and loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

Dividend income

Dividends are received from financial assets at fair value through profit or loss and at FVOCI. Dividends are recognised as other income in profit or loss when the right to receive payment is established. This applies even if they are paid out of pre-acquisition profits, unless the dividend clearly a recovery part of the cost of the investment.

Other income

All other income is accounted on accrual basis when no significant uncertainty exist regarding the amount that will be received.

Financial liabilities

Initial recognition and measurement

Financial liabilities are initially measured at its fair value plus or minus, in the case of a financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the issue/origination of the financial liability.

Subsequent measurement

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in the consolidated statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the consolidated statement of profit and loss. Any gain or loss on derecognition is also recognised in the consolidated statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the consolidated balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(i) Property, plant and equipment

Items of property, plant and equipment are stated at historical cost less accumulated depreciation and impairment. Historical cost comprises of the purchase price including import duties and non-refundable taxes

and directly attributable expenses incurred to bring the asset to the location and condition necessary for it to be capable of being operated in the manner intended by management.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the written down value method (except for office improvements which are being depreciated on straight line method), to allocate their cost, net of residual values, over the estimated useful lives of the assets. The estimated useful lives is in accordance with the Schedule II to the Companies Act, 2013, except in case of plant and machinery which is based on technical evaluation done by the management's expert, in order to reflect the actual usage of the assets. The residual values are not more than 5% of the original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

The management estimates the useful life for the property, plant and equipment as follows:

Asset	Useful Life
Plant and machinery	6 years
Office equipment	5 years
Furniture and fixtures	10 years
Computers	3 years
Vehicles	8 years

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income/other expenses.

Leasehold improvements are depreciated over the shorter of their useful life or the lease term, unless the entity expects to use the assets beyond the lease term.

(j) Investment properties

Properties that are held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, are classified as investment properties. Investment properties are measured initially at its cost, including related transaction costs and where applicable

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Investment properties are depreciated using the straight-line method over their estimated useful lives. Investment properties generally have a useful life of 60 years (other than RCC structure 30 years).

(k) Goodwill

Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or Company of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or Company of units are identified at the lowest level at which goodwill is monitored for internal management purposes.

(l) Intangible assets

Intangible assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised on a written down value basis over their estimated useful lives.

The management estimates the useful life for the intangible asset is as follows:

Asset	Useful Life
Computer software	5 years

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income/other expenses.

(m) Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period or operating cycle, as

applicable. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(n) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method.

Preference shares, which are mandatorily redeemable on a specific date, are classified as liabilities. The dividends on these preference shares are recognised in profit or loss as finance costs.

Borrowings are removed from the standalone balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income/other expenses.

Where the terms of a financial liability are renegotiated and the entity issues equity instruments to a creditor to extinguish all or part of the liability (debt for equity swap), a gain or loss is recognised in profit or loss, which is measured as the difference between the carrying amount of the financial liability and the fair value of the equity instruments issued.

An exchange between an existing borrower and lender of debt instruments with substantially different terms shall be accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability or a part of it (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of a financial liability (or part of a financial liability) extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 48 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the consolidated financial statements for issue, not to demand payment as a consequence of the breach.

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

(o) Borrowing cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time (except for the contract on which revenue is recognised over the period of time) that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Capitalisation of borrowing costs is suspended and charged to the statement of profit and loss during extended periods when active development activity on the qualifying asset is interrupted.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

(p) Provisions and contingent liabilities

Provisions

Provisions are recognized when there is a present legal or constructive obligation as a result of a past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as an interest expense.

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company, or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

(q) Employee benefits

(i) Short term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within period of operating cycle after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Other long term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within period of operating cycle after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss. The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Group operates the following post-employment schemes:

- Defined benefit plan i.e. gratuity.
- Defined contribution plans such as provident fund.

Gratuity obligations

The liability or asset recognised in the consolidated balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefits expense in the standalone statement of profit and loss.

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

They are included in retained earnings in the standalone statement of changes in equity and in the standalone balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined contribution plans

The Company pays provident fund, ESIC, etc. contributions to publicly administered provident funds and other funds as per local regulations. The Company has no further payment obligation once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefits expense when they are incurred.

(iv) Employee options

The fair value of options granted under the Rustomjee Employee Stock Option Plan 2022 is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- Including any market performance conditions (e.g. the entity's share price).
- Excluding the impact of any service and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining an employee of the entity over a specified time period).
- Including the impact of any non-vesting conditions (e.g. the requirement for employees to save or hold shares for a specific period of time).

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

For Group transactions involve repayment arrangements that require one group entity to pay another group entity for the provision of the share-based payments to the suppliers of goods or services. In such cases, the entity that receives the goods or services shall account as a cash-settled share-based payment transaction. Where shares are forfeited due to a failure by the employee to satisfy the service conditions, any expenses previously

recognised in relation to such shares are reversed effective from the date of the forfeiture.

(v) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- The profit attributable to owners of respective class of equity shares of the Company.
- By the weighted average number of equity shares (respective class wise) outstanding during the financial year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- The after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

NOTE 1C: OTHER ACCOUNTING POLICIES

(a) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM).

The Board of Directors of the Company has been identified as being the CODM as they assesses the financial performance and position of the Company, and makes strategic decisions.

(b) Foreign currency translation

(i) Functional and presentation currency

Items included in the standalone financial statements of the company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The standalone financial statements are presented in Indian rupee (₹), which is the functional and presentation currency of the Company.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. A monetary item for which settlement is neither planned nor likely to occur in the foreseeable future is considered as a part of the entity's net investment in that foreign operation.

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

(c) Contributed equity

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(d) Dividend

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(e) Rounding of amounts

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest lakhs, unless otherwise stated. Amount below rounding off norms adopted by the Company has been represented by*.

NOTE 1D: CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

New and amended standards adopted by the Company

The Ministry of Corporate Affairs vide notification dated 9 September 2024 and 28 September 2024 notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024 and Companies (Indian Accounting Standards) Third Amendment Rules, 2024, respectively, which amended/notified certain accounting standards (see below), and are effective for annual reporting periods beginning on or after 1 April 2024:

- Insurance contracts - Ind AS 117; and
- Lease Liability in Sale and Leaseback – Amendments to Ind AS 116.

These amendments did not have any material impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

NOTE 2: CRITICAL ESTIMATES AND JUDGEMENTS

The preparation of standalone financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgment in applying the Company's accounting policies. This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

• Revenue Recognition (Refer Note 1B(a) above)

Revenue from sale of real estate inventory is recognised at a point in time or over the period based on the contract entered with the customers.

• Evaluation of net realisable value of inventories (Refer Note 1B(g) above)

Inventories comprising of finished goods and construction work-in progress are valued at lower of cost and net realisable value. Net Realisable value is based upon the estimates of the management. The effect of changes, if any, to the estimates is recognised in the Financial Statements for the period in which such changes are determined.

• Impairment losses on Investments and Impairment of financial assets (Refer Note 1B(d) and 1B(h) above)

In assessing impairment, management estimates the recoverable amounts of Investments based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future cash flows and the determination of a suitable discount rate. For financial assets, as at each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding financial assets.

(ii) Fair value

Particulars	As at March 31, 2025	As at March 31, 2024
Investment properties	2,594	2,580

Estimation of fair value

The Company carries out independent valuation for its investment properties at least annually. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the Company considers information from a variety of sources including:

- Current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences.

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

- (b) Discounted cash flow projections based on reliable estimates of future cash flows.
- (c) Capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an analysis of market evidence.

The fair values of investment properties have been determined by an independent registered valuer. The main inputs used are discounted cash flow projections based on reliable estimates of future cash flows. All resulting fair value estimates for investment properties are included in level 3.

Impairment testing of goodwill

In accordance with Ind-AS 36, goodwill is reviewed, at least annually, for impairment. The recoverable amount is estimated as the higher of the CGU's fair value less cost to sell, or its value in use. Directly observable market prices rarely exist for the Company's assets, however, fair value may be estimated based on recent transactions on comparable assets, internal models used by the Company for transactions involving the same type of assets or other relevant information. Calculation of value in use is a discounted cash flow calculation based on continued use of the assets in its present condition, excluding potential exploitation of improvement or expansion potential.

The recoverable amount of a cash generating unit (CGU) is determined based on value-in-use calculations which require the use of certain assumptions. The calculations are based on cash flow projections approved by management as part of the financial budgeting process. The goodwill is allocated to the single CGU in which the Company operates i.e. real estate constructions, development and other related activities.

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

The key assumptions used in the estimation of the recoverable amount of CGU's are set out below:

Particulars	March 31, 2025	March 31, 2024
Discount rate	15.44%	15.90%

These projected cash flows are discounted to the present value using a Cost of Equity (discount rate). The discount rate is commensurate with the risk inherent in the projected cash flows and reflects the rate of return required by an investor in the current economic conditions.

The Company uses specific revenue growth assumptions for each reporting unit based on history and economic conditions.

As a result of goodwill impairment test for the year mentioned above, no goodwill impairment was identified as the recoverable value of the CGUs to whom goodwill was allocated exceeded their carrying amounts at all the periods reported above.

Impact of possible changes in key assumptions

The Management believes that no reasonably possible change in any of the above key assumptions would cause the recoverable amount to fall below the carrying value of any of the CGU having allocated goodwill.

(ii) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are measured at amortised cost and for which fair values are disclosed in the financial statements.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

The fair values of investment in debentures and borrowings, security deposits, long term deposits with bank, trade payable, corpus, security deposit towards rented premises with original maturity of more than 12 months are calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

(iii) Valuation process

The finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values.

(iv) Fair value of financial instruments measured at amortised cost - Level 3

Particulars	As at March 31, 2025		As at March 31, 2024

NOTE 43 - FINANCIAL RISK MANAGEMENT

The Company's activities expose it to a variety of financial risks namely credit risk, liquidity risk and market risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimise potential adverse effects on its financial performance.

(i) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations. The Company is exposed to credit risk from investment in debentures, loans, deposits with banks and financial institutions.

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

Trade receivables

Trade receivables are generally unsecured and are derived from revenue earned from customers. Credit risks related to receivables resulting from sale of inventories is managed by requiring customers to pay the dues before transfer of possession, therefore, substantially eliminating the Company's credit risk in this respect. In case of cancellation of sales agreement by the customer, the company shall be entitled to sell and transfer the premises to another customer, forfeit and appropriate into itself an amount equivalent to (a) 10% (ten percent) of the Sale Consideration and (b) the actual loss to occur on the resale of the premises to the new customer. Historical experience of collecting receivables of the company is supported by low level of past default and hence the credit risk is perceived to be low.

Other financial assets

The Company has assessed for its other financial assets namely loans, interest receivable, security deposits, deposits recoverable from land owners and housing societies, receivable from JV Partner, Bank balances other than cash and cash equivalents and other receivable as high quality, negligible credit risk. The Company periodically monitors the recoverability and credit risks of its financial assets. The Company evaluates 12 month expected credit losses for all the financial assets for which credit risk has not increased. In case credit risk has increased significantly, the Company considers lifetime expected credit losses for the purpose of impairment provisioning.

The Company's maximum exposure to credit risk as at March 31, 2025 and March 31, 2024 is the carrying value of each class of financial assets as disclosed in notes 7-8 and 11-16.

The movement in allowance for doubtful debts, Interest receivables and other advances is as below:

Particulars	As at March 31, 2025	As at March 31, 2024
Opening balance	51	2,681
Changes in loss allowances	-	-
Additions	142	25
Reversal	-	(2,655)
Closing Balance	193	51

(ii) Liquidity risk

Liquidity is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. Company's objective is to, at all time maintain optimum levels of liquidity to meet its financial obligations. The Company manages liquidity risk by maintaining sufficient cash and cash equivalents and by having access to funding through an adequate amount of committed credit lines. In addition, processes and policies related to such risks are overseen by senior management.

Maturities of financial liabilities

The table summarises the maturity profile of Company's financial liabilities based on contractual undiscounted payments:

Particulars	Less than one year	One to four years	More than Four years	Total

Other payables	520	-	-	520
	60,075	72,749	391	1,33,215

(iii) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of two types of risk: interest rate risk and currency risk. Financial instruments affected by market risk include borrowings and creditors for capital expenditure.

(a) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is not materially exposed to any foreign exchange risk during the reporting periods.

(b) Interest risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to risk of changes in market rate is limited to borrowings (excluding vehicle loans and non-convertible debentures) which bear floating interest rate.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The Company manages interest rate risk by having a balanced portfolio of fixed and variable rate borrowings. The exposure of the Company's borrowing to interest rate changes at the end of the reporting period is as follows:

(a) Interest rate exposure

Particulars	As at March 31, 2025	As at March 31, 2024
Variable rate borrowing	20,398	62,507
Total	20,398	62,507

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense as a result of changes in interest rates. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates. With all other variables held constant, the Company's profit before tax will be impacted by a change in interest rate as follows:

Particulars	Increase/Decrease Profit Before Tax	
	As at March 31, 2025	As at March 31, 2024
Increase in interest rate by 100 basis points (100 bps)	(204)	(625)
Decrease in interest rate by 100 basis points (100 bps)	204	625

NOTE 44 - CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Parent, non-controlling interest and borrowings (including interest accrued and lease liability).

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns for its shareholders. The capital structure of the Company is based on management's judgment of the appropriate balance of key elements in order to meet its strategic and day-to-day needs.

The Company monitors the capital structure on the basis of debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

The Company considers the amount of capital in proportion to risk and manages the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets.

The Company's aim is to translate profitable growth to superior cash generation through efficient capital management. The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The table below summarises the capital, debt and debt to equity ratio of the Company.

Particulars	As at March 31, 2025	As at March 31, 2024
Equity share capital	12,603	11,389
Other equity	2,40,751	1,52,346

Total	1,330	831

(i) Leave obligations

The leave obligations cover the Company's liability for casual, sick and earned leave are based on Actuarial valuation.

The amount of the provision of ₹ 805 (March 31, 2024: ₹ 536) is presented as current, since the Company does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months. The following amounts reflect leave that is not expected to be taken or paid within the next 12 months.

Particulars	As at March 31, 2025	As at March 31, 2024
Leave obligations not expected to be settled within next 12 months	602	387

(ii) Defined contribution plans

The Company has certain defined contribution plans. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. During the year, the Company has recognised ₹ 323 (March 31, 2024: ₹ 238) in the standalone statement of profit and loss or construction work-in-progress.

(iii) Post employment obligations

Gratuity

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the Company makes contributions to recognised funds in India. The Company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments.

Significant estimates: actuarial assumptions

The significant actuarial assumptions were as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
Discount rate	6.59%	7.18%
Employee turnover	15.34%	17.00%

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

Significant estimates: actuarial assumptions (Contd.)

Particulars	As at March 31, 2025	As at March 31, 2024
Salary growth rate	10.00%	10.00%
Return on plan assets	6.59%	7.18%
Mortality rate	Indian assured lives mortality 2012-14 (Urban)	

(iv) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions by 1% is as below:

Particulars	Impact on defined benefit obligation			
	Increase in assumptions		Decrease in assumptions	
	As at March 31, 2025	As at March 31, 2024	As at March 31, 2025	As at March 31, 2024
Discount rate	(39)	(23)	42	25
Salary growth rate	29	18	(28)	(18)
Employee turnover	(6)	(3)	7	3

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

(v) The major categories of plan assets are as follows:

The plan asset for the funded gratuity plan is administered by Life Insurance Corporation of India ('LIC') as per the investment pattern stipulated for Pension and Group Schemes fund by Insurance Regulatory and Development Authority regulations i.e. 100% of plan assets are invested in insurer managed fund. Quoted price of the same is not available in active market.

(vi) Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Interest rate risk: A fall in the discount rate which is linked to the government securities rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Investment risk: The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Asset liability matching risk (ALM risk): The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

Notes to the Standalone Financial Statements

as at and for the year ended March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Concentration risk: Plan is having a concentration risk as all the assets are invested with the insurance Company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

(vii) Defined benefit liability and employer contributions

Expected contributions to post-employment benefit plans for the year ending March 31, 2025 is ₹ 131 (March 31, 2024: ₹ 74).

The weighted average duration of the defined benefit obligation is 6 years. The expected maturity analysis of undiscounted gratuity is as follows:

Projected benefits payable in future years from the date of reporting	As at March 31, 2025	As at March 31, 2024
1 st following year	138	124
2 nd following year	106	80
3 rd following year	112	77
4 th following year	119	74
5 th following year	135	77
Sum of years 6 to 10	349	244
Sum of years 11 and above	323	185

(vii) Employee stock option plan

The establishment of the Rustomjee Employee Stock Option Plan 2022 was approved by the Keystone Realtors Limited Shareholders on 11th May 2022. Under the plan, in respect to Tranche 1 participants are granted options which vest at 25% each year over the period of four years of service from the grant date, in respect to Tranche 2 participants are granted options which vest at 50% in year 1 and 25% each in year 2 and 3 over the period of three years of service from the grant date, in respect to Tranche 3 participants are granted options which vest at 50% each year over the period of two years of service from the grant date, and in respect to Tranche 4 participants are granted options which vest at 100% over the period of one year of service from the grant date. Independent Auditor's Report

To the Members of **Keystone Realtors Limited**

Report on the Audit of the Consolidated Financial Statements

OPINION

1. We have audited the accompanying consolidated financial statements of Keystone Realtors Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), its associate companies, jointly controlled entities and joint ventures (refer Note 59 to the consolidated financial statements), which comprise the Consolidated Balance Sheet as at March 31, 2025, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Loss), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information (hereinafter referred to as "the consolidated financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles

generally accepted in India, of the consolidated state of affairs of the Group, its associate companies, jointly controlled entities and joint ventures as at March 31, 2025, and consolidated total comprehensive income (comprising of profit and other comprehensive loss), consolidated changes in equity and its consolidated cash flows for the year then ended.

BASIS FOR OPINION

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group, its associate companies, jointly controlled entities and joint ventures in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

4. Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
Revenue recognition from Contract with Customers	
(Refer Note 2C(a) and 34 to the consolidated financial statements)	Our audit procedures in relation to management's assessment of revenue recognition includes following:
In accordance with the requirements of Ind AS 115 'Revenue from contract with customers', revenue from sale of residential units are recognised at a point in time or over time based on the contract entered with the customers.	• Read the Holding Company's revenue recognition accounting policies and assessed compliance with Ind AS 115 'Revenue from contract with customers'. • Understood and evaluated the design and implementation, and tested the operating effectiveness of the Company's internal financial controls over revenue recognition. • Obtained and read the customer contracts on a sample basis and evaluated the management assessment with respect to satisfaction of performance obligations at a point in time or over time and that revenue is recognised in accordance with the accounting policy.
Significant judgement is required in identifying the performance obligations and determining when 'control' of the residential units is transferred to the customer. Further, the Holding Company assesses various conditions included in the contract with customer to identify whether the Holding Company has unconditional right to payment for performance to date or not. Based on this revenue is recognised at point in time or over time.	

Independent Auditor's Report

Key audit matter	How our audit addressed the key audit matter
Considering the above-mentioned factors, revenue recognition has been considered as a key audit matter.	- Tested sales transaction during the year on a sample basis, by examining the underlying customer contracts and final demand letter evidencing the transfer of control of the residential unit to the customer along with occupation certificate based on which revenue is recognised. - Assessed the appropriateness and adequacy of revenue-related disclosures in accordance with applicable Indian Accounting Standards and applicable financial reporting framework in the consolidated financial statements.
Assessment of net realisable value (NRV) of inventories	
(Refer Note 2C(h) and 12 to the consolidated financial statements)	Our audit procedures in relation to management's assessment of valuation of inventories at lower of cost and NRV includes following:
The Holding Company's inventory is stated at the lower of cost and NRV. As at March 31, 2025, the carrying value of Holding Company's inventory is ₹ 119,178 Lakh.	Read and evaluated the accounting policies with respect to inventories.
NRV determination involves estimates based on prevailing market conditions, current prices, the estimated future selling price, cost to complete projects and selling costs.	Understood and evaluated the design and implementation, and tested the operating effectiveness of the Company's internal financial controls over valuation of inventories.
Considering the significance of the carrying value of inventories in the consolidated financial statements and the involvement of significant estimation and judgement in assessment of NRV, the same has been considered as a key audit matter.	- Tested on a sample basis that inventories are held at the lower of cost and NRV, by comparing cost of inventory and estimated cost to complete the project with corresponding selling price or the estimated future selling price by reference to recent market prices in the same projects or comparable properties, net of selling cost. - Assessed the appropriateness and adequacy of the inventory related disclosures in accordance with applicable Indian Accounting Standards and applicable financial reporting framework in the consolidated financial statements.
Assessing impairment of Investments in and loans given to subsidiaries, joint ventures, associates and other related parties	
(Refer Note 7 and 17 to the consolidated financial statements)	Our audit procedures in relation to management's impairment assessment of investments and loans in joint ventures, associates and other related parties includes following:
As at March 31, 2025, the carrying values of Holding Company's investment in joint ventures and associates is amounting to ₹ 31,795 Lakh. Further, the Holding Company has granted loans to its joint ventures, associates and other related parties amounting to ₹ 7,779 Lakh as at March 31, 2025.	- Read and evaluated the accounting policies with respect to impairment. - Understood and evaluated the design and implementation, and testing operating effectiveness of controls over the Company's process of impairment assessment. - Tested samples of investment made and loans granted by the Holding Company and assessed the financial condition of entities in whom the investments were made or loans were granted by obtaining the most recent audited financial statements of such entities.

Independent Auditor's Report

Key audit matter	How our audit addressed the key audit matter
Management reviews regularly whether there are any indicators of impairment of the investments by reference to the requirements under Ind AS 36 "Impairment of Assets. For cases where impairment indicators exist, management estimates the recoverable amounts. An impairment loss is recognised if the recoverable amount is lower than the carrying value. The recoverable amount is determined based on the higher of value in use and fair value less costs to sell. In respect of loans, the management performs the credit risk assessment for each loan by assessing whether the borrower has a financial capability to meet its cash flow obligations. Significant judgements are required to determine the key assumptions used in determination of recoverable amount or forecast cash flow of borrowers which includes estimation of expected selling price, cost to complete the project and discount rate. The assessment of the recoverable amounts requires the use of significant judgements and estimates, and thus same has been considered as a key audit matter.	- Performed inquiries with management on the project status and tested future business plan of entities in whom investments were made or to whom loans were granted to evaluate their recoverability. - Assessed the appropriateness of the Holding Company's valuation methodology and model used to determine the recoverable amount. - Tested reasonableness of assumptions such as expected selling price, cost to complete the project and discount rate based on current economic and market conditions used for determining the recoverable amount/financial capability and performed a sensitivity analysis over key assumptions used in determining the recoverable amount. - Assessed the appropriateness and adequacy of the disclosures made by the management in respect of such investments and loans in joint ventures, associates and other related parties in accordance with applicable Indian Accounting Standards and applicable financial reporting framework in the consolidated financial statements.

OTHER INFORMATION

5. The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate action as applicable under the relevant laws and regulations.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

6. The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows, and changes in equity of the Group including its associate companies, jointly controlled entities and joint ventures in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associate companies, jointly controlled entities and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to

Independent Auditor's Report

the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

7. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate companies, jointly controlled entities and joint ventures are responsible for assessing the ability of the Group and of its associate companies, jointly controlled entities and joint ventures to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
8. The respective Board of Directors of the companies included in the Group and of its associate companies, jointly controlled entities and joint ventures are responsible for overseeing the financial reporting process of the Group and of its associate companies, jointly controlled entities and joint ventures.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

9. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We are also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate companies, jointly controlled entities and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate companies, jointly controlled entities and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate companies, jointly controlled entities and joint ventures to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Independent Auditor's Report

11. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

14. The financial statements of 54 subsidiaries and 2 jointly controlled entities reflect total assets of ₹ 369,175 Lakh and net assets of ₹ (13,607) Lakh as at March 31, 2025, total revenue of ₹ 134,227 Lakh, total comprehensive income (comprising of profit and other comprehensive loss) of ₹ 14,613 Lakh and net cash inflows amounting to ₹ 5,139 Lakh for the year ended on that date, as considered in the consolidated financial statements. Annexure A to Independent Auditor's Report

Referred to in paragraph 16(g) of the Independent Auditor's Report of even date to the members of Keystone Realtors Limited on the consolidated financial statements for the year ended March 31, 2025

REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE ACT

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of Keystone Realtors Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, its associate companies, jointly controlled entities and joint ventures, which are companies incorporated in India, as of that date. Reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements is not applicable to 3 subsidiary companies, 2 associates, 2 jointly controlled entities and 1 joint venture incorporated in India namely (Refer Annexure I), pursuant to MCA notification GSR 583(E) dated June 13, 2017.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

2. The respective Board of Directors of the Holding Company, its subsidiary companies, its associate companies and joint ventures, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to consolidated financial statements is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards

on Auditing deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system with reference to consolidated financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

6. A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3)

provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

8. In our opinion, the Holding Company, its subsidiary companies, its associates and joint ventures, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

OTHER MATTERS

9. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements insofar as it relates to 51 subsidiary companies and 4 joint ventures, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not modified in respect of this matter.

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

NOTE 1: BACKGROUND OF THE GROUP

Keystone Realtors Limited ('the Company') is a public limited Company. It is incorporated and domiciled in India and has its registered office at 702, Natraj, M V Road Junction, Andheri East, Mumbai 400 069.

The Company is incorporated since November 6, 1995 and is engaged primarily in the business of real estate constructions, development and other related activities in India.

The Company together with its subsidiaries is hereinafter referred to as the 'Group' (Refer note 59). These consolidated financial statements were approved for issue by the Board of Directors on May 14, 2025.

NOTE 2A: BASIS OF PREPARATION

(i) Compliance with Ind AS

The consolidated financial statements comply in all material aspects with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015], as amended from time to time and other relevant provisions of the Act.

(ii) Historical cost convention

The consolidated financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and financial liabilities are measured at fair value;
- defined benefit plans - plan assets measured at fair value;
- defined benefit plans - plan assets measured at fair value;
- share based payment measured at fair value.

(iii) Current - non current classification

All assets and liabilities have been classified as current or non-current as per the Group's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of business and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 4 years for the purpose of current - non-current classification of assets and liabilities relating to ongoing projects. Operating cycle for all other purpose including completed projects is based on 12 months period.

NOTE 2B: PRINCIPLES OF CONSOLIDATION AND EQUITY ACCOUNTING

(i) Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and consolidated statement of assets and liabilities respectively.

(ii) Associates

Associates are all entities over which the Group has significant influence but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting (see (iv) below), after initially being recognised at cost.

(iii) Joint arrangements

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement. The Group has both joint ventures and joint operations.

Joint operations

The Group recognises its direct right to the assets, liabilities, revenues and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenues and expenses. These have been incorporated in the financial statements in the appropriate headings.

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

Joint ventures

Interests in joint ventures are accounted for using the equity method (see (iv) below), after initially being recognised at cost in the consolidated statement of assets and liabilities.

(iv) Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

Where the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in note 2(i) below.

(v) Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequent accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amount previously recognised in other comprehensive income in respect of that entity is accounted for as if the Group had directly disposed of the related assets or liabilities. This

may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

NOTE 2C: MATERIAL ACCOUNTING POLICIES

(a) Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other credits, if any, as specified in the contract with the customer. The Group presents revenue from contracts with customers net of indirect taxes in its Consolidated Statement of Profit and Loss. The Group assesses its revenue arrangements against specific criteria to determine if it is acting as principal or agent. The Group has concluded that it is acting as a principal in all of its revenue arrangement.

Income from Property development

The Group considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the Group considers the effects of variable consideration, the existence of significant financing components, non-cash consideration, and consideration payable to the customer (if any).

The Group satisfies a performance obligation and recognise the revenue over the time if the Group's performance does not create an asset with an alternative use to the Group and the entity has an enforceable right to payment for performance completed to date basis the agreement entered with customers, otherwise revenue is recognized point in time. The revenue from real estate development of residential unit is recognised at the point in time, when the control of the asset is transferred to the customer and the performance obligation is satisfied i.e on transfer of legal title of the residential unit, receipt of occupation certificate and final demand letter issued to the customers which generally occurs on completion of project.

The Group becomes entitled to invoice customers for construction of residential and commercial properties based on achieving a series of construction-linked milestones. When the Group satisfies a performance obligation by delivering the promised goods or services it creates a contract asset based on the amount of consideration earned by the performance. Any amount previously recognised as a contract asset is reclassified

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

to trade receivables at the point when the Group has the right to consideration that is unconditional. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

The Group recognizes incremental costs for obtaining a contract as an asset and such costs are charged to the Consolidated Statement of Profit and Loss when revenue is recognised for the said contract.

(b) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

(i) Current income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. The provision for current tax is made at the rate of tax as applicable for the income of the previous year as defined under the Income Tax Act, 1961.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(ii) Deferred tax

Deferred income tax is provided in full using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts as per consolidated financial statements as at the reporting date. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences,

unused tax losses, depreciation carry-forwards and unused tax credits could be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, joint ventures and associates where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, joint ventures and associates where the Group is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and where the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(c) Leases

As a lessee

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the fixed payments (including in-substance fixed payments), less any lease incentives receivable. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Group, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Group uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received.

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability;
- any lease payments made at or before the commencement date less any incentives received;
- any initial direct costs; and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Group is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a Straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

As a lessor

Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term. Initial direct costs incurred obtaining an operating lease are added to the carrying amount of the underlying asset and recognised as expense over the lease term on the same basis as lease income. The respective leased assets are included in the balance sheet based on their nature.

(d) Business Combination

The acquisition method of accounting is used to account for all business combinations except common control, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a business comprises the:

- fair values of the assets transferred;
- liabilities incurred to the former owners of the acquired business;
- equity interests issued by the Group; and
- fair value of any asset or liability resulting from a contingent consideration arrangement.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. The Group recognises any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets.

Acquisition-related costs are expensed as incurred.

The excess of the:

- consideration transferred;
- amount of any non-controlling interest in the acquired entity; and
- acquisition-date fair value of any previous equity interest in the acquired entity.

Over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the business acquired, the difference is recognised in other comprehensive income and accumulated in equity as capital reserve provided there is clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. In other cases, the bargain purchase gain is recognised directly in equity as capital reserve.

Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the entity's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date. Any gains or losses arising from such remeasurement are recognised in profit or loss or other comprehensive income, as appropriate.

Business combination between entities under common control is accounted using pooling of interest method of accounting. Under pooling of interest method of accounting, assets and liabilities of combining entities are reflected at carrying amount and no adjustments are made to reflect fair values, or recognize any new assets and liabilities. The only adjustments are made to harmonise accounting policies. The difference between the amount recorded as share capital plus any additional consideration in the form of cash or other assets and amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves.

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

(e) Impairment of non-financial assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are Grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or Groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(f) Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are shown within borrowings in current liabilities in the consolidated statement of assets and liabilities.

(g) Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognised initially at the transaction price as they do not contain significant financing components. The Group holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

(h) Inventories

Inventories are valued as under:

(i) Inventory of completed saleable units and Construction work-in-progress

The inventory is valued at lower of cost or net realisable value. Cost includes cost of land, development rights, rates and taxes, construction costs, borrowing costs, other direct expenditure, and appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(ii) Construction materials

The construction materials are valued at lower of cost or net realisable value. Cost of construction material comprises cost of purchases on moving weighted average basis. Costs of inventory includes rates and taxes and other direct expenditure are determined after deducting rebates and discounts.

(i) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument.

Financial assets:

Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss); and
- those to be measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at FVOCI.

Initial recognition and measurement

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Group commits to purchase or sale the financial asset. Financial assets are recognised initially at fair value plus (excluding trade receivables which do not contain a significant financing component), in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed off in profit or loss.

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

Debt instruments

Debt instruments are subsequently measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

Amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through other comprehensive income (FVOCI)

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other income/ (expenses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss in the period in which it arises. Interest income from these financial assets are recognised in other income.

Equity instruments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Group decides to classify the same either as at fair value through other comprehensive income (FVTOCI) or FVTPL.

The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the

instrument, excluding dividends, are recognised in other comprehensive income (OCI). There is no recycling of the amounts from OCI to profit and loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the consolidated statement of profit and loss.

Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Derecognition of financial assets

A financial asset is derecognized only when:

- the Group has transferred the rights to receive cash flows from the financial asset; or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Income recognition

Interest income

Interest income from financial assets at amortised cost is calculated using the effective interest rate method and recognised in the consolidated statement of profit and loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

Dividend income

Dividends are received from financial assets at FVTPL and at FVOCI. Dividends are recognised as other income in profit or loss when the right to receive payment is established. This applies even if they are paid out of pre-acquisition profits, unless the dividend represents a recovery part of the cost of the investment.

Other income

All other incomes are accounted on accrual basis when no significant uncertainty exists regarding the amount that will be received.

Financial liabilities

Initial recognition and measurement

Financial liabilities are initially measured at its fair value plus or minus, in the case of a financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the issue/origination of the financial liability.

Subsequent measurement

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and changes in fair value are recognised in the consolidated statement of profit and loss, except for credit risk relating to that liability which is recognised in other comprehensive income. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the consolidated statement of profit and loss. Any gain or loss on derecognition is also recognised in the consolidated statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expired.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the consolidated statement of assets and liabilities where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

(j) Property, plant and equipment

Items of property, plant and equipment are stated at historical cost less accumulated depreciation and impairment. Historical cost comprises of the purchase price including import duties and non-refundable taxes and directly attributable expenses incurred to bring the asset to the location and condition necessary for it to be capable of being operated in the manner intended by management.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the written down value method (except for office improvements & building which are being depreciated on straight line method), to allocate their cost, net of residual values, over the estimated useful lives of the assets. The estimated useful lives is in accordance with the Schedule II to the Companies Act, 2013, except in case of plant and machinery which is based on technical evaluation done by the management's expert, in order to reflect the actual usage of the assets. The residual values are not more than 5% of the original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

The management estimates the useful life for the property, plant and equipment as follows:

Asset	Useful Life
Plant and machinery	6 years
Office equipment	5 years
Office improvements	5 years
Furniture and fixtures	10 years
Computers	3 years
Vehicles	8 years

Gains and losses on disposal are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income/other expenses.

Leasehold improvements are depreciated over the shorter of their useful life or the lease term, unless the entity expects to use the assets beyond the lease term.

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

(k) Investment properties

Properties that are held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, are classified as investment properties. Investment properties are measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Investment properties are depreciated using the straight-line method over their estimated useful lives. Investment properties generally have a useful life of 60 years (other than RCC structure 30 years).

(l) Goodwill

Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or Groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or Groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes.

(m) Intangible assets

Intangible assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised on a written down value basis over their estimated useful lives.

The management estimates the useful life for the intangible asset as follows:

Asset	Useful Life
Computer software	5 years

The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income/other expenses.

(n) Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period or operating cycle, as applicable. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(o) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method.

Preference shares, which are mandatorily redeemable on a specific date, are classified as liabilities. The dividends on these preference shares are recognised in profit or loss as finance costs.

Borrowings are removed from the consolidated statement of assets and liabilities when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income/other expenses.

Where the terms of a financial liability are renegotiated and the entity issues equity instruments to a creditor to extinguish all or part of the liability (debt for equity swap), a gain or loss is recognised in profit or loss, which is measured as the difference between the carrying amount of the financial liability and the fair value of the equity instruments issued.

An exchange between an existing borrower and lender of debt instruments with substantially different terms shall be accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability or a part of it (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of a financial liability (or part of a financial liability) extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for a period at least beyond the Group's operating cycle. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the consolidated financial statements for issue, not to demand payment as a consequence of the breach.

(p) Borrowing cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time (except for the contract on which revenue is recognised over the period of time) that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Capitalisation of borrowing costs is suspended and charged to the consolidated statement of profit and loss during extended periods when active development activity on the qualifying asset is interrupted.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

(q) Provisions and contingent liabilities

Provisions

Provisions are recognized when there is a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as an interest expense. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group, or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

(r) Employee benefits

(i) Short term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within period of operating cycle after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Other long term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within period of operating cycle after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss. The obligations are presented as current liabilities in the balance sheet if the Group does not have an unconditional right to defer settlement for a period at least beyond the Group's operating cycle, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Group operates the following post-employment schemes:

- defined benefit plan i.e. gratuity;
- defined contribution plans such as provident fund.

Gratuity obligations

The liability or asset recognised in the consolidated statement of assets and liabilities in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefits expense in the consolidated statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

They are included in retained earnings in the consolidated statement of changes in equity and in the consolidated statement of assets and liabilities.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined contribution plans

The Group pays provident fund contributions, ESIC, etc to publicly administered provident funds and other funds as per local regulations. The Group has no further payment obligation once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefits expense when they are incurred.

(iv) Employee options

The fair value of options granted under the Rustomjee Employee Stock Option Plan 2022 is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- including any market performance conditions (e.g. the entity's share price);
- excluding the impact of any service and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining an employee of the entity over a specified time period);
- including the impact of any non-vesting conditions (e.g. the requirement for employees to save or hold shares for a specific period of time).

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact

of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

Group transactions involve repayment arrangements that require one group entity to pay another group entity for the provision of the share-based payments to the suppliers of goods or services. In such cases, the entity that receives the goods or services shall account as a cash-settled share-based payment transaction.

Where shares are forfeited due to a failure by the employee to satisfy the service conditions, any expenses previously recognised in relation to such shares are reversed effective from the date of the forfeiture.

(s) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- The profit attributable to owners of respective class of equity shares of the Group.
- By the weighted average number of equity shares (respective class wise) outstanding during the financial year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares; and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

NOTE 2D: OTHER ACCOUNTING POLICIES

(a) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM).

The Board of Directors of the Company have been identified as the CODM as they assess the financial performance and position of the Group, and makes strategic decisions.

(b) Foreign currency translation

(i) Functional and presentation currency

Items included in the consolidated financial statements for each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The consolidated financial statements are presented in Indian rupee (₹), which is Keystone Realtors Limited's functional and presentation currency.

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. A monetary item for which settlement is neither planned nor likely to occur in the foreseeable future is considered as a part of the entity's net investment in that foreign operation.

(c) Contributed equity

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(d) Dividend

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(e) Rounding of amounts

All amounts disclosed in the consolidated financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated. Amount below rounding off norms adopted by the Group has been represented by*.

NOTE 2E: CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

New and amended standards adopted by the Group

The Ministry of Corporate Affairs vide notification dated September 09, 2024 and September, 28 2024 notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024 and Companies (Indian Accounting Standards) Third Amendment Rules, 2024, respectively, which amended/ notified certain accounting standards (see below), and are effective for annual reporting periods beginning on or after April 01, 2024:

- Insurance contracts - Ind AS 117; and
- Lease Liability in Sale and Leaseback – Amendments to Ind AS 116.

These amendments did not have any material impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

NOTE 2F: CRITICAL ESTIMATES AND JUDGEMENTS

The preparation of standalone financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgment in applying the Group's accounting policies. This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

• Revenue Recognition (Refer Note 2C(a) above)

Revenue from sale of real estate inventory is recognised at a point in time or over the period based on the contract entered with the customers.

• Evaluation of net realisable value of inventories (Refer Note 2C(h) above)

Inventories comprising of finished goods and construction work-in progress are valued at lower of cost and net realisable value. Net Realisable value is based upon the estimates of the management. The effect of changes, if any, to the estimates is recognised in the Financial Statements for the period in which such changes are determined.

- Consolidation decisions
- Transactions with shareholders

The Group assesses the facts and circumstances of each case to determine whether a lender is acting in its capacity as a shareholder in a transaction or for transactions between fellow subsidiaries, whether there is, in substance, a capital contribution or a distribution given (effectively via the parent). This affects the determination of whether the effect of the transaction is recorded in equity or profit or loss. This includes, for instance, the waiver of interest payment by non-controlling shareholder on the corresponding debt issued to the non-controlling shareholder, resulting in modification of debt. In such cases, the Management exercises its judgment in determining if the lender is acting in its capacity as a shareholder and therefore whether the gain or loss on such modification should be recorded in equity.

• Impairment losses on investments and Impairment of financial assets (Refer Note 2C(e) and 2C(i) above)

In assessing impairment, management estimates the recoverable amounts of investments based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future cash flows and the determination of a suitable discount rate. For financial

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

assets, as at each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding financial assets.

- **Investment in compulsory convertible debentures of jointly controlled entity**

The Group has classified its investment in compulsory convertible debentures (CCD) of a jointly controlled entity as part of its net investment in jointly controlled entity subject to equity method of accounting. The Group has made significant judgements in

determining the nature of its interest in CCD. The CCD is convertible at any point in time by the issuer into a fixed number of shares and therefore it was assessed to be classified as equity from the issuer's point of view. The Group also determined that CCDs do not have any liquidation preference to ordinary shares and therefore will rank pari passu with the ordinary shares on conversion. Further, since the issuer can convert the instruments at any point in time before the maturity, it can be converted into ordinary shares before liquidation and therefore appropriate to be considered as in-substance equity from the Group's point of view.

Estimation of fair value

The Group carries out independent valuation for its investment properties at least annually. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the Group considers information from a variety of sources including:

- current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences.
- discounted cash flow projections based on reliable estimates of future cash flows.
- capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an analysis of market evidence.

The fair values of investment properties have been determined by an independent registered valuer. The main inputs used are discounted cash flow projections based on reliable estimates of future cash flows. All resulting fair value estimates for investment properties are included in level 3.

Impairment testing of goodwill

In accordance with Ind-AS 36, goodwill is reviewed, at least annually, for impairment. The recoverable amount is estimated as the higher of the CGU's fair value less cost to sell, or its value in use. Directly observable market prices rarely exist for the Group's assets, however, fair value may be estimated based on recent transactions on comparable assets, internal models used by the Group for transactions involving the same type of assets or other relevant information. Calculation of value in use is a discounted cash flow calculation based on continued use of the assets in its present condition, excluding potential exploitation of improvement or expansion potential.

The recoverable amount of a cash generating unit (CGU) is determined based on value-in-use calculations which require the use of certain assumptions. The calculations are based on cash flow projections approved by management as part of the financial budgeting process. The goodwill is allocated to the single CGU in which the Group operates i.e., real estate constructions, development and other related activities.

The key assumptions used in the estimation of the recoverable amount of CGU's are set out below.

Particulars	March 31, 2025	March 31, 2024
Pre-tax discount rate	15.44%	15.90%

These projected cash flows are discounted to the present value using a Cost of Equity (discount rate). The discount rate is commensurate with the risk inherent in the projected cash flows and reflects the rate of return required by an investor in the current economic conditions.

The Group uses specific revenue growth assumptions for each reporting unit based on history and economic conditions.

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

As a result of goodwill impairment test for the year mentioned above, no goodwill impairment was identified as the recoverable value of the CGUs to whom goodwill was allocated exceeded their carrying amounts at all the years reported above.

Impact of possible changes in key assumptions

The Management believes that no reasonably possible change in any of the above key assumptions would cause the recoverable amount to fall below the carrying value of any of the CGU having allocated goodwill.

(ii) Fair value hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are measured at amortised cost and for which fair values are disclosed in the consolidated financial statement:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. The Mutual fund are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

The fair values of investment in debentures and borrowings, security deposits, long term deposits with bank, trade payable, corpus, security deposit towards rented premises with original maturity of more than 12 months are calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

(iii) Fair value of financial instruments measured at amortised cost - Level 3

Particulars	As at March 31, 2025		As at March 31, 2024	
	Carrying value	Fair value	Carrying value	Fair value
Financial liabilities				
Borrowings (including interest)	92,308	92,308	1,09,807	1,09,807

For financials liabilities the carrying amounts are equal to the fair value as interest rate on financials liabilities that are measured at fair value is at the prevailing market rates.

NOTE 46 - FINANCIAL RISK MANAGEMENT

(i) Credit risk

Credit risks is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligation.

Trade receivables

Trade receivables are generally unsecured and are derived from revenue earned from customers. Credit risks related to receivables resulting from sale of inventories is managed by requiring customers to pay the dues before transfer of possession, therefore, substantially eliminating the Group's credit risk in this respect. In case of cancellation of sales agreement by the customer, the Group shall be entitled to sell and transfer the premises to another customer, forfeit and appropriate into itself an amount equivalent to (a) 10% (ten percent) of the Sale Consideration and (b) the actual loss to occur on the resale of the premises to the new customer. Historical experience of collecting receivables of the Group is supported by low level of past default and hence the credit risk is perceived to be low.

Other financial assets

The Group has assessed for its other financial assets namely loans, interest receivable, security deposits, deposits recoverable from land owners and housing societies, receivable from JV Partner, Bank balances other than cash and cash equivalents and other receivable as high quality, negligible credit risk. The Group periodically monitors the recoverability and credit risks of its financial assets. The Group evaluates 12 month expected credit losses for all the financial assets for which credit risk has not increased. In case credit risk has increased significantly, the Group considers life time expected credit losses for the purpose of impairment provisioning.

The Group's maximum exposure to credit risk as at March 31, 2025, March 31, 2024 is the carrying value of each class of financial assets as disclosed in notes 8-9 and 13-18.

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

The movement in allowance for doubtful debts, interest receivables and other advances is as below:

Particulars	As at March 31, 2025	As at March 31, 2024
Opening balance	57	2,687
Changes in loss allowances:		
Additions	142	25
Reversal	-	(2,655)
Closing Balance	199	57

(ii) Liquidity risk

Liquidity is defined as the risk that the Group will not be able to settle or meet its obligations on time or at a reasonable price. Group's objective is to, at all time maintain optimum levels of liquidity to meet its financial obligations. The Group manages liquidity risk by maintaining sufficient cash and cash equivalents and by having access to funding through an adequate amount of committed credit lines. In addition, processes and policies related to such risks are overseen by senior management.

Maturities of financial liabilities

The table summarises the maturity profile of Group's financial liabilities based on contractual undiscounted payments:

Particulars	Less than one year	One to four years	More than Four years	Total

Other payables	5,161	-	-	5,161
	1,08,619	1,21,782	8,053	2,38,455

(iii) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of two types of risk: interest rate risk and currency risk. Financial instruments affected by market risk include borrowings.

(a) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group is not materially exposed to any foreign exchange risk during the reporting periods.

(b) Interest risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to risk of changes in market rate is limited to borrowings (excluding vehicle loans and non-convertible debentures) which bear floating interest rate.

The Group's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The Group manages interest rate risk by having a balanced portfolio of fixed and variable rate borrowings. The exposure of the Group's borrowing to interest rate changes at the end of the reporting period are as follows:

(a) Interest rate exposure

Particulars	As at March 31, 2025	As at March 31, 2024
Variable rate borrowing	28,273	37,733
Total	28,273	37,733

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense as a result of changes in interest rates. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates. With all other variables held constant, the Group's profit before tax will be impacted by a change in interest rate as follows:

Particulars	Increase/(decrease) in profit before tax	
	As at March 31, 2025	As at March 31, 2024
Increase in interest rate by 100 basis points (bps)	(283)	(377)
Decrease in interest rate by 100 basis points (bps)	283	377

NOTE 47 - CAPITAL MANAGEMENT

For the purpose of the Group's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Parent, non-controlling interest and borrowings (including interest accrued and lease liability).

The Group aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns for its shareholders. The capital structure of the Group is based on management's judgment of the appropriate balance of key elements in order to meet its strategic and day-to-day needs.

The Group monitors the capital structure on the basis of debt to equity ratio and maturity profile of the overall debt portfolio of the Group.

The Group considers the amount of capital in proportion to risk and manages the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets.

The Group's aim is to translate profitable growth to superior cash generation through efficient capital management. The Group's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Group will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The table below summarises the capital, debt and debt to equity ratio of the Group.

Particulars	As at March 31, 2025	As at March 31, 2024
Equity share capital	12,603	11,389
Other equity	2,64,596	1,68,387
Total equity attributable to owners of the parent	2,77,199	1,79,776
Non-controlling interests	1,260	(358)
Total equity (A)	2,78,459	1,79,418
Borrowings (including interest accrued and lease liability)	94,887	1,11,458
Total Debt	94,887	1,11,458
Debt to equity ratio	0.34	0.62

The Group was in compliance with all of its debt covenants for borrowings as at each of the dates mentioned above.

NOTE 48 - EMPLOYEE BENEFIT OBLIGATIONS

Particulars	As at March 31, 2025	As at March 31, 2024
Non-current

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

(i) Leave obligations

The leave obligations cover the Group's liability for casual, sick and earned leave. The amount of provision of ₹ 1,097 (March 31, 2024: ₹ 825) is presented as current, since the Group does not have unconditional right to defer settlement for any of these obligations. However, based on past experience, the Group does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months. The following amounts reflect leave that is not expected to be taken or paid within next 12 months.

Particulars	As at March 31, 2025	As at March 31, 2024
Leave obligations not expected to be settled within next 12 months	666	479

(ii) Defined contribution plans

The Group has certain defined contribution plans. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the Group is limited to the amount contributed and it has no further contractual nor any constructive obligation. During the year, the Group has recognised ₹ 603 (March 31, 2024: ₹ 381) in the consolidated statement of profit and loss or construction work-in-progress.

(iii) Post employment obligations

Gratuity

The Group provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the Group makes contributions to recognised funds in India. The Group does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments.

Balance Sheet Amounts - Gratuity

As at March 31, 2025	1,172	(507)	665

The net liability disclosed above relating to funded and unfunded plans is as below:

Particulars	As at March 31, 2025	As at March 31, 2024
Present value of funded obligations	1,172	912
Fair value of plan assets	(507)	(549)
Deficit of funded plan	665	363
Unfunded plans	-	-
Deficit of gratuity plan	665	363

Significant estimates: actuarial assumptions

The significant actuarial assumptions were as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
Discount rate	6.59%	7.18%
Employee turnover	15.34%	17.00%
Salary growth rate	10.00%	10.00%
Return on plan assets	6.59%	7.18%
Mortality rate	Indian Assured Lives Mortality 2012-14 (Urban)	

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

(iv) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions by 1% is as below:

Particulars	Impact on defined benefit obligation			
	Increase in assumptions		Decrease in assumptions	
	As at March 31, 2025	As at March 31, 2024	As at March 31, 2025	As at March 31, 2024
Discount rate	(36)	(35)	40	39
Salary growth rate	31	28	(30)	(27)
Employee turnover	(7)	(4)	8	4

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

(v) The major categories of plan assets are as follows

The plan asset for the funded gratuity plan is administered by Life Insurance Corporation of India ('LIC') as per the investment pattern stipulated for Pension and Group Schemes fund by Insurance Regulatory and Development Authority regulations i.e. 100% of plan assets are invested in insurer managed fund. Quoted price of the same is not available in active market.

(vi) Risk exposure

Through its defined benefit plans, the Group is exposed to a number of risks, the most significant of which are detailed below:

Interest rate risk: A fall in the discount rate which is linked to the government securities rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Investment risk: The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Asset liability matching risk (ALM risk): The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Concentration risk: Plan is having a concentration risk as all the assets are invested with the insurance Group and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

(vii) Defined benefit liability and employer contributions

Expected contributions to post-employment benefit plans for the year ended March 31, 2025 is ₹ 131 (March 31, 2024: ₹ 109).

Notes to the Consolidated Financial Statements

as at and for the March 31, 2025

(All amounts in ₹ lakhs, unless otherwise stated)

The weighted average duration of the defined benefit obligation is 8-10 years. The expected maturity analysis of undiscounted gratuity is as follows:

Projected benefits payable in future years from the date of reporting	As at March 31, 2025	As at March 31, 2024
1 st following year	583	172
Sum of years 2 to 5	233	479
Sum of years 6 to 10	447	365
Sum of years 11 and above	349	284

(viii) Employee stock option plan

The establishment of the Rustomjee Employee Stock Option Plan 2022 was approved by the Keystone Realtors Limited Shareholders on 11th May 2022. Under the plan, in respect to Tranche 1 participants are granted options which vest at 25% each year over the period of four years of service from the grant date, in respect to Tranche 2 participants are granted options which vest at 50% in year 1 and 25% each in year 2 and 3 over the period of three years of service from the grant date, in respect to Tranche 3 participants are granted options which vest at 50% each year over the period of two years of service from the grant date, and in respect to Tranche 4 participants are granted options which vest at 100% over the period of one year of service from the grant date. Participation in the plan is at the Keystone Realtors Limited Board's discretion and no individual has a contractual right to participate in the plan or to receive any guaranteed benefits.

Once vested, the options remain exercisable for a period of four years. When exercisable, each option is convertible into one equity share.

Set out below is a summary of options granted under the plan:

Particulars	March 31, 2025		March 31, 2024	
	Average exercise price per share option (₹ in absolute)	Number of options	Average exercise price per share option (₹ in absolute)	Number of options

Stock options exercisable as at March 31, 2025 is 690,862 with Weighted average remaining contractual life of options outstanding at end of period is 3.95.

Weighted average remaining contractual life of options outstanding at end of period is 4.04.

Fair value of options granted

The fair value at grant date is independently determined using the Black-Scholes Model which takes into account the exercise price, the term of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk-free interest rate for the term of the option.

The model inputs for options granted during the year ended March 31, 2025 includes:

Grant - 1

- Vested options are exercisable for a period of four years after vesting
- Exercise price: ₹ 480 (in absolute)
- Grant date: August 01, 2022
- Share price at grant date: ₹ 499.34 (in absolute)
- Expected price volatility of the company's shares: 43%
- Dividend yield: 0%
- Risk-free interest rate: 6.95% to 7.27%

Grant - 2

- Vested options are exercisable for a period of three years after vesting.

- It is not practicable for the Group to estimate the timing of cash outflows, if any, in respect of above matters pending resolution of the respective proceedings.
- The Group has evaluated the impact of the Supreme Court (SC) judgment dated February 28, 2019 in case of "Vivekananda Vidyamandir And Others Vs The Regional Provident Fund Commissioner (II) West Bengal" and the related circular (Circular No. C-I/1(33)2019/Vivekananda Vidya Mandir/284) dated March 20, 2019 issued by the Employees' Provident Fund Organisation in relation to non-exclusion of certain allowances from the definition of "basic wages" of the relevant employees for the purposes of determining contribution to provident fund under the Employees' Provident Funds & Miscellaneous Provisions Act, 1952. In the assessment of the management which is supported by legal advice, the Group believes that the aforesaid judgement does not have material impact on the Group. The Group will continue to monitor and evaluate its position based on future events and developments.
- One of the Group company has been issued a notice by I.G.R (Pune) w.r.t short levy of stamp duty. In an order passed by the I.G.R, the Group company had been asked to pay the stamp duty at 5% on the entire monetary consideration paid under the development agreement amounting to short levy of stamp duty along with interest of ₹ 181. The Group company has challenged the said order by filing a writ petition by citing the various provisions of 'the Maharashtra Stamp Act', and the matter is pending before the Bombay High Court. As per direction of the High Court, the Group company has deposited a sum of ₹ 90 in the Court.
- The Group has ongoing disputes with direct tax authorities relating to tax treatment of certain items in the Group. These mainly include timing difference of expenses claimed, tax treatment of certain items of income/expense, etc.

NOTE 58 - BUSINESS COMBINATIONS

(a) Summary of acquisition

Business Combination in financial year 2023-24: Acquisition of Real Gem Buildtech Private Limited

On November 6, 2023, the wholly owned subsidiary of the Company, Kingmaker Developers Private Limited (KDPL) acquired 100% stake in Real Gem Buildtech Private Limited (RGBPL). The acquisition has been accounted as a business combination using the acquisition method of accounting in accordance with Ind AS 103 'Business Combinations'. The purchase price has been provisionally allocated to the assets acquired and liabilities assumed based on the estimated fair values at the date of acquisition. The excess of the purchase price over the fair value of the net assets acquired has been allocated to goodwill. The Group believes that the information provides a reasonable basis for estimating the fair values of the acquired assets and assumed liabilities, but the potential for measurement period adjustments exists based on the Group's continued review of matters related to the acquisition. The Group expects to complete the purchase price allocation not later than one year from the acquisition date.

Details of purchase consideration, net assets acquired and goodwill are given below:

1. The Explanatory Statement, pursuant to Section 102 (1) of the Companies Act, 2013 ("Act") setting out material facts concerning the business under item nos. 5 to 7 of the Notice and the details of Director seeking appointment/re-appointment under Item No. 4 pursuant to Regulation 36(3) of the SEBI LODR Regulations and Secretarial Standard - 2 on General Meetings ('SS-2'), issued by The Institute of Company Secretaries of India, are annexed hereto.
2. The Ministry of Corporate Affairs ('MCA') vide General Circular No. 09/2023 dated September 25, 2023 read with Circular No. 14/2020 dated April 08, 2020, Circular No.17/2020 dated April 13, 2020 followed by Circular No. 20/2020 dated May 05, 2020 and Circular No. 02/2021 dated January 13, 2021, 02/2022 dated May 5, 2022 and 10/2022 dated December 28, 2022 and 09/2023 dated September 25, 2023 and No.9/2024 dated September 19, 2024 (collectively 'MCA Circulars'), has permitted the holding of the Annual General Meeting ('AGM') through VC/OAVM without the physical presence of Members at a common venue.
3. In compliance with the provisions of the Act, SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") and MCA Circulars, the 30th Annual General Meeting ("Meeting" or "AGM") of the Company is being held through VC/OAVM on Thursday, September 18, 2025 at 04:00 PM (IST). The proceedings of the AGM deemed to be conducted at the Registered Office of the Company situated at 702 – Natraj, M. V. Road Junction, Western Express Highway, Andheri East, Mumbai – 400 069.
4. The Members can join the AGM through VC/OAVM mode 30 minutes before commencement of the Meeting and at any time during the AGM by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available for 1,000 Members on first-come-first-served basis. This will not include large shareholders (Members holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, Chairpersons of the Audit/Stakeholders' Relationship Committees, Auditors, etc., who are allowed to attend the AGM without restriction of first come first served basis. The facility of participation through VC/OAVM will be provided by National Securities Depository Limited ("NSDL").
5. Since the AGM is being held through VC/OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM. The proxy form as well as the attendance slips are therefore not annexed to this Notice.
6. Since the AGM will be held through VC/OAVM, the route map of the venue of the Meeting is not annexed to this Notice.
7. Institutional Investors/Corporate members intending to authorise their representatives to participate and vote at the AGM are requested to e-mail to cs@rustomjee.com and dmassociatesllp@gmail.com, a scanned copy (PDF/JPEG format) of the Board Resolution/Power of Attorney/Authority Letter authorising their representatives to attend and vote at the AGM, pursuant to Section 113 of the Act.
8. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Act.
9. In line with MCA Circulars and circulars issued by SEBI, the Notice calling the AGM along with the Annual Report for FY25 ("**Annual Report**") is being sent through electronic mode to those Members whose e-mail addresses are registered with the Company/Depositories. A Member can request for a physical copy of the Annual Report by sending an e-mail to the Company at cs@rustomjee.com mentioning their Folio numbers/DP ID and Client ID. The Notice calling the AGM and the Annual Report for FY25 has been uploaded on the website of the Company at <https://www.rustomjee.com/about-us/financial-statements/>. The Notice and the Annual Report for FY25 may also be accessed from the websites of the Stock Exchanges i.e. BSE Limited ("BSE") at www.bseindia.com and National Stock Exchange of India Limited ("NSE") at www.nseindia.com and also on the website of RTA i.e. MUFG Intime <http://www.in.mpms.mufig.com/> and NSDL (www.evoting.nsdl.com).
10. Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014, Regulation 44 of the Listing Regulations, MCA Circulars and SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 in relation to e-Voting facility provided by listed entities, the Company will provide facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has engaged the services of NSDL for facilitating voting through electronic means, as the authorised agency. The facility of casting votes by a Member using e-Voting system on the date of the AGM will be provided by NSDL. The process and manner for availing the said facility is explained in this Notice.
11. All documents referred to in the Notice and the Register of Directors and Key Managerial Personnel and their Shareholding maintained under Section 170 of the Act, the Register of Contracts or arrangements in which Directors are interested under Section 189 of the Act and the certificate from Practicing

Notes

Company Secretary certifying that the ESOP Scheme of the Company is being implemented in accordance with the SEBI (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 will be available electronically for inspection by the Members from the date of circulation of this Notice up to the date of AGM. Members seeking to inspect such documents can send an email to cs@rustomjee.com. Alternatively, all the documents are available for inspection at the Registered Office of the Company on any working day, between 11:00 a.m. to 01:00 p.m. (IST). The Members can inspect the same with prior intimation to the Company.

12. In terms of Rule 18 of the Companies (Management and Administration) Rules, 2014, the Company may give notice through electronic mode addressing to the person entitled to receive such e-mail as per the records of the Company or as provided by the depository, provided that the Company shall provide an advance opportunity at least once in a financial year, to the Member to register his e-mail address and changes therein and such request may be made by only those Members who have not got their email ID recorded or to update a fresh email ID and not from the Members whose e-mail IDs are already registered. In view of the above, the Company hereby requests to the Members who have not updated their email IDs to update the same. Further, the Members holding shares in electronic mode are requested to keep their email addresses updated with the Depository Participants. Members holding shares in the physical mode are also requested to update their email addresses by writing and quoting their folio numbers to the MUFG Intime India Private Limited, Registrar and Transfer Agent of the Company ("R&T Agent") by email to rnt.helpdesk@linkintime.co.in or by letter addressed to MUFG Intime India Private Limited, Unit of Keystone Realtors Limited, C 101, Embassy, 247 Park, L.B.S. Road Junction, Western Express Highway, Andheri East, Mumbai – 400 069.
13. Members holding shares in dematerialized form are requested to intimate all changes pertaining to their bank details, National Electronic Clearing Service (NECS) and Electronic Clearing Service (ECS) mandates, nominations, power of attorney, change of address, change of name, e-mail address, contact numbers, etc., to their Depository Participant ("DP"). Changes intimated to the DP will then be automatically reflected in the Company's record which will help the Company and the Company's R&T Agent to provide efficient and better services. Members holding shares in physical form are requested to intimate such changes either to the Company or to the Company's R&T Agent.
14. The SEBI has mandated submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in demat form are, therefore, requested to submit PAN details to the Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to the Company's R&T Agent.
15. The voting rights of the Members shall be in proportion to the number of equity shares held by them as on the cut-off date i.e. Thursday, September 11, 2025.
16. A person, whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the depositories as on the cut-off date i.e. Thursday, September 11, 2025 only shall be entitled to avail the facility of remote e-Voting or e-Voting at the AGM. A person who is not a Member as on the cut-off date should treat this Notice for information purpose only.
17. The remote e-Voting period will commence on Saturday, September 13, 2025 at IST 09:00 AM and will end on Wednesday, September 17, 2025 at IST 5:00 PM. During this remote e-Voting period the Members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date i.e. Thursday, September 11, 2025, may cast their vote by remote e-Voting. The remote e-Voting module shall be forthwith blocked by NSDL for voting thereafter. Once the vote on a resolution is casted by the Member, the Member shall not be allowed to change it subsequently or vote again.
18. The Company has appointed Mr. Dinesh Kumar Deora, (CoP No. 4119), Practicing Company Secretary or failing him Mr. Tribhawneshwar Kaushik, (CoP No. 16207), partners of DM & Associates Company Secretaries LLP as the scrutinizer (the 'Scrutinizer') for scrutizing the remote e-Voting process as well as e-Voting at the AGM in a fair and transparent manner.
19. During the AGM, the Chairman and/or Company Secretary shall, after responding to the questions raised by the Members in advance or as a speaker at the AGM, formally propose to the Members participating through VC/OAVM Facility to vote on the resolutions as set out in the Notice of the AGM and announce the start of the casting of vote through the e-Voting system. After the Members participating through VC/OAVM facility, eligible and interested to cast votes, have casted the votes, the e-Voting will be closed with the formal announcement of closure of the AGM.
20. The Scrutiniser shall after the conclusion of e-Voting at the AGM, first download the votes cast at the AGM and thereafter unblock the votes cast through remote e-Voting and shall make a consolidated scrutinizer's report of the total votes casted in favour

Notes

or against, invalid votes, if any, and whether the resolution has been carried or not, and submit such Report to the Chairman or Company Secretary or any person authorised by the Chairman, who shall then countersign and declare the result of the voting forth-with.

21. The results declared along with the report of the Scrutinizer will be placed on the website of the Company <https://www.rustomjee.com/about-us/financial-statements/> and on the website of MUFG Intime immediately after the declaration of result by the Chairman or Company Secretary or a person authorized by him. Based on the scrutinizer's report, the Company will submit, within two working days of the conclusion of the AGM, to the stock exchanges, the details of the voting results as required under regulation 44(3) of the Listing Regulations.

22. In terms of Section 152 of the Act, Mr. Chandresh Mehta (DIN: 00057575), retires by rotation at the Meeting and being eligible, offers himself for reappointment. The Nomination and Remuneration Committee and the Board of Directors of the Company have recommended his re-appointment.

23. Mr. Chandresh Mehta (DIN: 00057575) is interested in the Ordinary Business as set out at Item No. 4 of the Notice with respect to his re- appointment. The relatives of Mr. Chandresh Mehta (DIN: 00057575) may also be deemed to be interested in the said resolution to the extent of their shareholding interest, if any, in the Company. Save and except the above, none of the Directors/Key Managerial Personnel of the Company/their Relatives are, in any way, concerned or interested, financially or otherwise.

24. Final Dividend for FY 2024-25:
