In case of members holding shares in physical form, such information is required to be provided to the Company's RTA in physical mode, after restoring normalcy or in electronic mode at rnt.helpdesk@linkintime.co.in, as per instructions mentioned in the form.

16. **SEBI HAS MANDATED SUBMISSION OF PAN BY EVERY PARTICIPANT IN THE SECURITIES MARKET. MEMBERS HOLDING SHARES IN ELECTRONIC FORM ARE, THEREFORE, REQUESTED TO SUBMIT THEIR PAN DETAILS TO THEIR DEPOSITORY PARTICIPANTS. MEMBERS HOLDING SHARES IN PHYSICAL FORM ARE REQUESTED TO SUBMIT THEIR PAN DETAILS TO THE COMPANY'S RTA.**
17. **TRANSFER OF SHARES PERMITTED IN DEMAT FORM ONLY:** As per Regulation 40 of the SEBI Listing Regulations, as amended, transfer of securities would be carried out in dematerialised form only with effect from April 1, 2019, except in case of transmission or transposition of securities. Request for transmission of shares etc. pursuant to SEBI Master Circular: https://www.sebi.gov.in/legal/master-circulars/may-2024/master-circular-for-registrars-to-an-issue-and-share-transfer-agents_83226.html dated May 07, 2024 shares will continue to be accepted. However, only letter of confirmation shall be issued, and shareholder has to get the shares dematerialised based on this letter.
- a) Further SEBI vide its circular number SEBI/HO/MIRSD/MIRSD-PoD/P/CIR/2025/97 dated July 02, 2025, to facilitate ease of investing for investors and to secure the rights of investors in the securities which were purchased by them, it has been decided to open a special window only for re-lodgement of transfer deeds, which were lodged prior to the deadline of April 01, 2019 and rejected/returned/not attended to due to deficiency in the documents/process/or otherwise, for a period of six months from July 07, 2025 till January 06, 2026.

During this period, the securities that are re-lodged for transfer (including those requests that are pending with the Company / RTA, as on date) shall be issued only in demat mode. Due process shall be followed for such transfer-cum-demat requests. However, members can continue to hold shares in physical form. In view of the same and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialised form. Members can contact the Company's RTA for assistance in this regard.

- b) Members may also note that SEBI vide its Master Circular dated May 7, 2024, has mandated listed companies to issue securities in dematerialized form only while processing service requests viz. Issue of duplicate securities certificate; claim from unclaimed suspense account; renewal/ exchange of securities certificate; endorsement; sub-division/ splitting of securities certificate; consolidation of securities certificates/folios; transmission and transposition. In view of the same and to eliminate all risks associated with physical shares and avail various benefits of Dematerialisation, Members are advised to dematerialise the shares held by them in physical form. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR – 4, the format of which is available on the Company's website at www.mmwlindia.com. It may be noted that any service request can be processed only after the folio is KYC Compliant.

Members who are holding shares in demat mode are requested to notify any change in their residential address, Bank A/c details and/ or email address immediately to their respective Depository Participants (DP).

SEBI vide its Master Circular dated May 7, 2024 read with SEBI Circular SEBI/HO/MIRSD/POD-1/P/CIR/2024/81 dated June 10, 2024, has made it mandatory for the holders of physical securities to furnish PAN, Choice of Nomination (Optional), Contact details, Bank A/c details and Specimen signature for their corresponding folio numbers to the RTA of the Company in respect of all concerned Folios.

Security holders, whose folios are not updated with any of aforesaid KYC details, shall be eligible to get dividend only in electronic mode w.e.f. April 1, 2024 after furnishing their KYC details. All new investors shall be required to mandatorily provide the 'Choice of Nomination' for demat accounts (except for jointly held Demat Accounts).

Further, the holders of physical securities are requested to ensure that their PAN is linked to Aadhaar as per the date specified by the Central Board of Direct Taxes.

- c) SEBI vide circular nos. SEBI/HO/OIAE/OIAE_IAD-1/P/ CIR/2023/131 dated July 31, 2023 and SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/135 dated August 4, 2023 read with master circular no. SEBI/HO/OIAE/OIAE_IAD-1/P/ CIR/2023/145 dated August 11, 2023, has established a common Online Dispute Resolution Portal ("ODR Portal") for resolution of disputes arising in the Indian Securities Market.

Pursuant to above-mentioned circulars, post exhausting the option to resolve their grievances with the RTA/ Company directly and through existing SCORES platform, the investors can initiate dispute resolution through the ODR Portal (<https://smartodr.in/login>).

- d) To support the 'Green Initiative', members who have not yet registered their email addresses are requested to register the same with their DP's in case the shares are held by them in electronic form and with the Company's RTA in case the shares are held by them in physical form. All such members are requested to kindly get their e-mail addresses updated immediately which will not only save your Company's money incurred on the postage but also contribute a lot to save the environment of this Planet.
- e) The Company has made arrangement with the RTA/NSDL/CDSL for registration of e-mail addresses in terms of the MCA Circulars for members who wish to receive the Annual Report along with the AGM Notice electronically and to cast the vote electronically.

Eligible members whose e-mail addresses are not registered with the Company/ DP's are required to provide the same to RTA, pursuant to which any member may receive the Notice of the AGM along with the Annual Report 2024-25 and the procedure for remote e-voting along with the login ID and Password for remote e-voting.

Regulation 24A of the SEBI Listing Regulations, *inter alia*, provides that with effect from April 01, 2025, the Company is required to appoint a Practicing Company Secretary for not more than one term of five consecutive years or a firm of Practicing Company Secretaries as Secretarial Auditors for not more than two terms of five consecutive years, with the approval of the members at its Annual General Meeting ("AGM") and such Secretarial Auditor(s) must be a peer reviewed company secretary and should not have incurred any of the disqualifications as specified under the SEBI Listing Regulations.

Further, as per the said Regulation, any association of the individual or the firm as the Secretarial Auditor(s) of the Company before March 31, 2025, shall not be considered for the purpose of calculating the tenure of the Secretarial Auditor.

Taking into account the above requirements, the Board of Directors of the Company ("Board"), at its meeting held on May 29, 2025 has, considering the experience and expertise and on the recommendation of the Audit Committee, recommended to the members of the Company, appointment of M/s MZ & Associates, Firm of Company Secretaries in Practice, (Firm Registration Number P2014DE040000) and Peer Review certificate No. 6995/2025, as Secretarial Auditor for a term of 05 (five) consecutive financial years, commencing from the financial year 2025-26 to the financial year 2029-30 on such remuneration as may be determined by the Board of Directors of the Company from time to time.

M/s MZ & Associates is a Company Secretaries firm, established in 2014, which possesses extensive and diverse expertise in corporate laws. It renders quality services across multiple disciplines, with a strong track record. M/s MZ & Associates is equipped with the team of qualified professionals having wide and extensive corporate experience and serving various corporate clients from different sectors.

The Company has received written consent from **M/s MZ & Associates**, confirming their eligibility and willingness to be appointed as the Secretarial Auditor of the Company. **M/s MZ & Associates** has also confirmed that it meets the requirements for such appointment in accordance with the provisions of the Act and SEBI Listing Regulations. It holds a valid certificate issued by the Peer Review Board of ICSI and has not incurred any of the disqualifications as specified by the SEBI. The proposed appointment, if made, will be in compliance with the applicable provisions of the Act and SEBI Listing Regulations.

The proposed remuneration for conducting the secretarial audit for the financial year 2025-26 shall be ₹2,50,000/- (Rupees Two Lakhs Fifty Thousand Only) plus applicable taxes and other out-of-pocket expenses. The proposed fees have been determined considering the scope of work, auditor's industry experience, and the time and expertise required to conduct the secretarial audit effectively. Any additional fees for statutory certifications or other professional services will be determined separately by the management, in consultation with the secretarial auditor and will be subject to approval by the Board of Directors and/or the Audit Committee, as applicable. The remuneration for the subsequent financial years from 2027 to 2030 will also be approved by the Board and/ or the Audit Committee, in accordance with the applicable regulatory provisions.

In accordance with the provisions of Regulation 24A of the SEBI Listing Regulations, the appointment of Secretarial Auditor is required to be approved by the Members of the Company.

Accordingly, approval of the members is sought to pass the Ordinary Resolution as set out at Item No. 4 of this Notice.

None of the Directors, Key Managerial Personnel of the Company including their relatives, except to the extent of their respective shareholdings in the Company, in any way, financially or otherwise, is interested or concerned in the above resolution.

The Board recommends the Ordinary Resolution set out at Item No. 4 of the Notice for approval of the members.

ITEM NO. 5

The Registered Office of the Company is currently situated in the State of Maharashtra at A/308, Dynasty Business Park CHS LTD, A K Road, Opp. Sangam Cinema, Near. Kohinoor Hotel, Andheri (East), Mumbai – 400059, Maharashtra. However, the Company presently does not carry out any significant operational activities from this location. The Company's day-to-day operations are largely managed from its Corporate Office in Gurugram.

Furthermore, all books of account and other statutory records are presently maintained at the Corporate Office in Gurugram, in compliance with the applicable provisions of the Companies Act, 2013.

To exercise better administrative efficiency, economic control and enable the Company to rationalize and streamline its operations as well as the management of affairs, the Board of Directors of the Company, at its meeting held on August 13, 2025, has approved the shifting of the Registered Office of the Company from “A/308, Dynasty Business Park CHS LTD, A K Road, Opp. Sangam Cinema, NR. Kohinoor Hotel, Andheri (East), Mumbai – 400059, Maharashtra to “Plot no. 38, 4th Floor, Institutional Area, Sector 32, Gurugram-122001, Haryana”, subject to the approval of the members, the Central Government (Power delegated to Hon’ble Regional Director Western Region, Ministry of Corporate Affairs) and other requisite statutory / regulatory approvals.

The shifting of Registered Office from the State of Maharashtra to the State of Haryana, is in the best interest of the Company and its stakeholders, and will not be detrimental to the interest of shareholders, creditors or employees or other public at large, in any manner whatsoever.

Pursuant to the provisions of Sections 12, 13, and all other applicable provisions, if any, of the Act read with applicable Rules made thereunder (*including any amendment(s), statutory modification(s) or re-enactment(s) thereof for the time being in force*), shifting of the Registered Office from one state to another and consequent alteration of Clause II of the Memorandum of Association (“MOA”) of the Company requires the approval of members of the Company by way of a Special Resolution and approval of the Hon’ble Regional Director, Western Region.

Therefore, the approval of the members is sought for shifting of the Registered Office of the Company from the state of Maharashtra to the State of Haryana and consequently, for altering Clause II of the MOA.

The copy of the existing MOA indicating the proposed amendments, resolution passed by the Board of Directors and other relevant documents, if any, being referred in the resolution will be available for inspection by the members, at the Registered Office of the Company on all working days except Saturdays, Sundays and National Holidays between 11:00 A.M. (IST) and 1:00 P.M. (IST) from the date of dispatch of the Notice up to the date of Annual General Meeting.

None of the Directors, Key Managerial Personnel of the Company including their relatives, except to the extent of their respective shareholdings in the Company, if any, in any way, financially or otherwise, is interested or concerned in the above resolution.

The Board recommends the Special Resolution set forth at Item No. 5 of the Notice for the approval of members.

Item No. 6.

Mr. Sandeep Jairath (DIN: 05300460) was previously re-appointed as a Whole Time Director cum Chief Financial Officer on the Board of your Company, in the Board meeting held on April 26, 2023 and which was subsequently approved by the Members of the Company by way of postal ballot held on June 18, 2023, for a period of 3 (three) years from May 25, 2023 to May 24, 2026.

Accordingly, the current term of appointment of Mr. Sandeep Jairath as a Whole Time Director cum Chief Financial Officer of the Company is expiring on May 24, 2026.

Based on the skills, experience, knowledge and positive outcome of performance evaluation and the substantial contribution made by Mr. Sandeep Jairath during his tenure as the Whole Time Director cum Chief Financial Officer of the Company, and on the recommendation of the Nomination and Remuneration Committee (“NRC”), at its meeting held on August 13, 2025, the Board of Directors at its meeting held on the same date, approved, subject to the approval of members, the re-appointment of Mr. Sandeep Jairath as a Whole Time Director cum Chief Financial Officer (designated as a Key Managerial Personnel), not liable to retire by rotation, for a period of consecutive three years commencing from May 25, 2026 to May 24, 2029, on the terms and conditions, including remuneration as recommended by the NRC and approved by the Board, in accordance with Sections 196, 197 and 203 read with Schedule V to the Companies Act, 2013 (the “Act”) and Regulation 17(1C) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”).

Mr. Sandeep Jairath (DIN: 05300460) has given a declaration as per Section 196(3) read with Part I of Schedule V to the Act that he fulfils the conditions for the re-appointment of a Whole Time Director and a declaration in form DIR-8 that he is not dis-qualified from being appointed as a Director in terms of Section 164(2) of the Act.

Also, in compliance with the SEBI Order dated June 14, 2018 to the Stock Exchanges and further BSE Circular No. LIST/ COMP/14/2018-19 dated June 20, 2018, this is to confirm that Mr. Sandeep Jairath (DIN: 05300460) has not been debarred from holding the office of director by virtue of any SEBI order or any other such authority.

In view of the above, it is proposed to seek the approval of the members for the re-appointment of Mr. Sandeep Jairath as Whole-time Director and Chief Financial Officer of the Company, and for the remuneration payable to him.

Apart from holding the position of Whole Time Director, he also serves as the Chief Financial Officer of the Company and is responsible for financial planning and analysis, budgeting and forecasting, financial reporting, treasury and cash management, risk management, and strategic planning.

Further, Mr. Jairath is not holding any shares in the Company.

Broad particulars of the terms of re-appointment of and remuneration payable to Mr. Sandeep Jairath as a Whole Time Director cum Chief Financial Officer are as under:

a. Salary, Perquisites and Allowances: Up to ₹ 63,50,000/- (Rupees Sixty three Lakhs and Fifty thousand only)

The Perquisites and Allowances, as aforesaid, shall include accommodation or house rent allowance in lieu thereof, leave travel concession for self and family including dependents, fuel/mobile reimbursement, contribution to provident fund, gratuity payable at a rate not exceeding half a month's salary for each completed year of service and such other perquisites or allowances.

Further, Mr. Sandeep Jairath shall be eligible for the following perquisites which shall not be included in the computation of the ceiling on his overall remuneration.

- a). encashment of leave as per the policy of the Company.
- b). medical Insurance for self and family including dependents and personal accident Insurance.

The annual increment in salary, perquisites, and allowances, as may be determined by the Board and/or the NRC of the Board, shall be included in the computation of the aforesaid ceiling of remuneration.

The appointment of Mr. Sandeep Jairath can be terminated within three months' notice or payment of three months' basic salary in lieu thereof from either side.

Notwithstanding anything to the contrary contained herein, where in a financial year, during the currency of the tenure of Mr. Sandeep Jairath, the Company has no profit or its profits are inadequate, the Company shall subject to the requisite approvals/ sanctions, if any, wherever required and subject to the provisions of Sections 196, 197 and 203 of the Act and subject to the conditions and limits specified in Schedule V to the Act, pay Mr. Sandeep Jairath, Salary, Perquisites and Allowances, as set out herein above, as the minimum remuneration.

A brief profile of Mr. Sandeep Jairath to be re-appointed as Whole Time Director cum Chief Financial Officer of the Company is given under the heading ***"Details of Directors proposed to be re-appointed, pursuant to Regulation 36(3) of the SEBI Listing Regulations and the Secretarial Standards 2 on General Meetings issued by the Institute of Company Secretaries of India"*** or elsewhere in the Notice. This Statement may also be regarded as a disclosure under Regulation 36(3) of the Listing Regulations and SS-2 on General Meetings issued by the Institute of Company Secretaries of India.

II. Information about the appointee:			
Background details:	Mr. Sandeep Jairath is a Commerce graduate from Kurukshetra University, Haryana, and holds an MBA in Finance from the Indian Management Institute (IMI) Mumbai. With a professional career spanning over three decades, he brings extensive experience in the telecom sector and allied industries.		

	Over the years, he has held key positions in reputed organisations such as Hutchison Max Telecom Limited and Quadrant Televentures Limited, where he was entrusted with critical responsibilities in the areas of finance management, strategic planning, and revenue assurance. His expertise lies in streamlining financial operations, ensuring compliance with regulatory requirements, and implementing robust revenue assurance frameworks, contributing significantly to operational efficiency and business growth.
Past remuneration	FY 2024-2025- ₹ 34,74,000/- FY 2023-2024- ₹ 26,81,000/- FY 2022-2023- ₹ 29,91,000/-
Recognition or awards	He was recognized as a star performer at HFCL Infotel Limited, where he earned three promotions within four years, and was honored with the 'Best Internal Financial Controller' award in 2014.
Job profile and his suitability	He possesses nearly three decades of extensive experience in finance and operations, having worked across diverse sectors such as Telecom, Manufacturing, Media & Entertainment (OTT services), and Distribution with reputed organizations including HFCL Infotel Limited and Hutchison Max Telecom Limited. At present, he is responsible for formulating the Company's financial strategy, overseeing internal controls, and efficiently managing working capital. With over a decade of specialized experience in the Media & Entertainment industry, particularly in managing OTT platforms, his qualifications, expertise, and professional track record make him well-suited for the role of Whole-time Director and Chief Financial Officer of the Company.
Remuneration proposed	As set out in the Special resolution forming part of the Notice and statement.
Comparative remuneration profile with respect to industry, size of the Company, profile of the position and person (in case of expatriates the relevant details would be respect to the country of his origin)	Considering the responsibility shouldered by him of the enhanced business activities of the Company, proposed remuneration is commensurate with the industry standards and board level positions held in similarly sized and positioned businesses.
Pecuniary relationship directly or indirectly with the Company, or relationship with the managerial personnel, if any.	Except for the proposed re-appointment and remuneration, Mr. Sandeep Jairath does not have any pecuniary relationship with the Company or with any other key managerial personnel.
III. Other information:	
Reason of loss or inadequate profits	During the FY25, the Company recorded a consolidated net profit of ₹444.95 Lakhs, as compared to ₹704.10 Lakhs in the previous FY24. While the Company achieved a significant increase in consolidated revenue, from ₹1,41,530.01 Lakhs in FY24 to ₹1,88,702.39 Lakhs in FY25, profitability was impacted due to increased operational costs including higher input & logistics costs associated with scaling distribution operations across India and competitive pricing pressures in consumer electronics and mobility segment among others.
Steps taken or proposed to be taken for improvement	To address challenges and enhance profitability, the Company and its subsidiary, nexG Devices Private Limited (nexG), have taken the following steps: Product Diversification: Expanded into high-demand segments such as audio (JBL), consumer electronics (AKAI, AIWA), and mobile accessories. Channel Expansion: Strengthened presence across e-commerce and quick commerce platforms including Amazon, Flipkart, Blinkit, Zepto, and Swiggy Instamart. Operational Efficiency: Invested in logistics, warehousing, and supply chain optimization to reduce costs and improve service levels. Strategic Partnerships: Continued to build alliances with leading brands to enhance market reach and profitability. These initiatives are expected to drive sustainable growth and improve profitability of the Company in the coming years.
Expected increase in productivity and profits in measurable terms	The series of steps taken/to be taken by the Company would increase productivity and profits. With these measures, the Company would expect increase in sales as well as profits.

Mr. Sandeep Jairath is interested in the resolution as set out at Item No. 6 of the Notice. The relatives of Mr. Sandeep Jairath may be deemed to be interested in this resolution to the extent of their shareholding, if any, in the Company.

Save and except the above, none of the other Directors/Key Managerial Personnel of the Company/ their relatives, is in any way concerned or interested, financially or otherwise, in the resolution set out at Item No. 6 of the Notice.

It is, therefore, proposed to seek the members' approval for re-appointment and remuneration payable to Mr. Sandeep Jairath as Whole Time Director cum Chief Financial Officer of the Company, in terms of the applicable provisions of the Act and the SEBI Listing Regulations.

Your Board recommends the Special Resolution set out at Item no. 6 of the Notice for your approval.

Item No. 7.

Pursuant to the provisions of Regulation 23(4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("**SEBI Listing Regulations**"), all material related party transactions require prior approval of the shareholders through ordinary resolution and no related party shall vote to approve such resolutions whether the entity is a related party to the particular transaction or not.

As per the SEBI Listing Regulations, a related party transaction is considered '**material**' if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year exceeds ₹1,000 crore or 10% of the annual consolidated turnover of the Company as per the last audited financial statements of the Company, whichever is lower. Considering that 10% of consolidated turnover of the Company as on March 31, 2025, amounts to ₹188.70 crore, the materiality threshold for seeking shareholders' approval is therefore ₹188.70 crore.

SEBI vide Circular No. SEBI/HO/CFD/PoD2/CIR/P/0155 dated November 11, 2024, ("**SEBI Master Circular**"), had, inter-alia, clarified that the shareholders' approval of omnibus RPTs approved in an AGM shall be valid up to the date of the next AGM for a period not exceeding fifteen months. In case of omnibus approvals for material RPTs, obtained from shareholders in general meetings other than AGMs, the validity of such omnibus approvals shall not exceed one year.

nexG Devices Private Limited ("nexG") a subsidiary of the Company, is an established distribution & logistic house with a PAN - India footprint, specializing in sales & distribution across all states.

nexG caters to some of the largest retail chain outlets across diverse market segments and has strong capabilities in national and regional distribution across Modern Trade, General Trade, and Online Channels.

The annual audited consolidated turnover for the FY2024-25 of the Company was ₹1887.03 Crores (Rupees One Thousand Eight Hundred eighty-seven Crore and Three Lakh Only). Considering the quantum of transactions of nexG with its related parties during the previous years, the business projections for the Financial year 2025-26 and 2026-27 and the market trend, the Company anticipates that the aggregate value of proposed transaction(s) between the nexG and its related parties as mentioned in the table below under the head '**value of proposed transactions**', may exceed rupees one thousand crore or ten per cent of the annual consolidated turnover as per the last audited financial statements of the Company, whichever is lower.

Accordingly, the approval of the Members of the Company is sought, by way of an Ordinary Resolution for the proposed transactions of nexG with its related parties for a period not exceeding fifteen months from the date of present Annual General Meeting.

Similarly, Media Matrix Enterprises Private Limited ("**MMEPL**") a Material Wholly Owned Subsidiary is engaged in business of making investments in existing/new projects to be undertaken by us jointly or severally.

Considering the quantum of transactions of MMEPL, with its related parties during the previous years, the business projections for the financial year 2025-26 and 2026-27 and the market trend, the Company anticipates that the aggregate value of proposed transaction(s) between the MMEPL and its related parties as mentioned in the table below under the head '**value of proposed transactions**', may also exceed rupees one thousand crore or ten per cent of the annual consolidated turnover as per the last audited financial statements of the Company, whichever is lower.

Accordingly, the approval of the Members of the Company is sought, by way of an Ordinary Resolution for the proposed transactions of MMEPL with its related parties for a period not exceeding fifteen months from the date of present Annual General Meeting.

The Audit Committee and the Board of Directors after its due examination at their respective meetings held on August 13, 2025 have recommended the Material Related Party Transactions of nexG Devices Private Limited, Media Matrix Enterprises Private Limited with their related parties, for the consideration and approval of the members of the Company.

The Audit Committee and the Board of the Company are of the opinion that the arrangements are commercially beneficial to the Company and hence the transactions are in the best interest of the Company. The Board, therefore, recommends the Resolution no. 7 as set out in the Notice for the approval of the Members in terms of Regulation 23(4) of the SEBI Listing Regulations.

The details as required under Regulation 23(4) of the SEBI Listing Regulations read with Section III-B of the SEBI Master Circular bearing reference no. SEBI/HO/CFD/PoD2/CIR/P/0155 dated November 11, 2024, are set forth herein below:

Annexure (C-1) to Board's Report

FORM NO. MR-3 SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2025

*[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014]*

To,

The Members,
NexG Devices Private Limited,
D-7, Dhawandeep Apartments 6,
Jantar Mantar Road, New Delhi 110001.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by NEXG DEVICES PRIVATE LIMITED (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the NEXG DEVICES PRIVATE LIMITED'S books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2025 complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by NEXG DEVICES PRIVATE LIMITED ("the Company") for the financial year ended on March 31, 2025 according to the provisions of:

- A. The Companies Act, 2013 ('the **Act**') and the rules made thereunder;
- B. The Securities Contracts (Regulation) Act, 1956 ('**SCRA**') and the rules made thereunder: **Not Applicable being an unlisted company;**
- C. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder, to the extent applicable;
- D. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings to the extent applicable;
- E. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') are not applicable to the Company being an unlisted company:
 1. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011.
 2. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015.
 3. The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021.

 6. Securities and Exchange Board of India (Issue and Listing of Non- Convertible Securities) Regulations, 2021.
 7. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client.
 8. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021.
- F. The major provisions and requirements have also been complied with as prescribed under all applicable Labour laws viz. The Factories Act, 1948, Payment of Wages Act, 1936, The Minimum Wages Act, 1948, The Payment of Bonus Act, 1965, The Employees Compensation Act, 1923 etc.

I have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India.

During the period under review the Company has complied with the provisions of the applicable Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

Based on our examination and the information received and records maintained, I further report that:

- A. The Board of Directors of the Company is constituted with proper balance of Executive, Non-Executive Directors and Independent Directors. There were no changes in the composition of the Board of Directors during the period under review.
- B. Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent well in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- C. All decisions are carried through majority while the dissenting members' views, if any, were captured and recorded as part of the minutes.
- D. The Company has proper board processes.

Based on the compliance mechanism established by the Company and on the basis of the compliance certificate(s) issued by the Officers, I am of an opinion that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

INDUSTRY OVERVIEW FOR THE COMPANY & ITS SUBSIDIARIES

MOBILE HANDSETS MARKET IN INDIA

One of the subsidiaries of the Company, nexG Devices Private Limited (nexG), is engaged into trading of mobile handsets business in India.

Mobile Handset Market Overview

According to the International Data Corporation (IDC) Worldwide Quarterly Mobile Phone Tracker, India's smartphone market grew by 4% year-over-year (YoY) from calendar year 2023 to 2024, with total shipments reaching 151 million units. A strong performance in the first half of CY2024, with 7% growth, helped offset the slower 2% growth in the second half. However, after five consecutive quarters of expansion, the market experienced a cyclical dip in Q4 CY2024, with shipments declining by 3% to 36 million units.

India became the fourth largest market for Apple in 2024, after USA, China, and Japan, as shipments reached a record 12 million units in the country, with 35% YoY growth. In the fourth quarter of CY2024, Apple entered the Top 5 brands in India for the first time with a 10% share. iPhone 15 and iPhone 13 were the highest shipped models, accounting for 6% of overall shipments during the quarter.

In spite of the overall growth (4%) in the smartphone market in the CY2024, nexG with its robust distribution and logistics network had achieved growth of 33% in its turnover in the financial year 2024-25 as compared to financial year 2023-24.

Key Highlights

Market Share of top 10 brands (source IDC)

Brands	CY2023 Market Share	CY2024 Market Share	Year-over-Year unit change
VIVO	15.2%	16.6%	13.9%
Samsung	17.0%	13.2%	-19.4%
OPPO	10.4%	12.0%	21.0%
Xiaomi	12.5%	12.0%	0.2%
Realme	12.5%	11.0%	-8.5%
Apple	6.4%	8.2%	34.6%
Motorola	2.7%	6.0%	135.9%
Poco	4.9%	5.6%	18.9%
Oneplus	6.1%	3.9%	-32.6%
IQOO	2.3%	3.3%	50.9%
Others	10.0%	8.2%	-18.1%
Total	100.0%	100.0%	4.1%

Feature Phone Segment

54 million feature phones were shipped annually, declining by 11% YoY. Transsion continued to lead with a 30% share, followed by Nokia and Lava.

Key Highlights for Calendar Year 2024:

While the ASPs (average selling price) reached a new high of US\$259 in 2024, the 2% YoY growth was significantly lower than the double-digit growth seen the previous three years. The entry-premium (US\$200<US\$400) segment registered the highest growth of 35.3% YoY, with a 28% share, up from 21% a year ago. The premium segment (US\$600<US\$800) grew 34.9%, with its share up to 4% from 3%. Key models were the iPhone 15/13/14, and Galaxy S23/S24. Apple and Samsung's share increased in this segment, led by the previous generation models.

120 million 5G smartphones were shipped in the year. The share of 5G smartphone shipments increased to 79%, up from 55% in 2023, while 5G smartphone ASPs declined by 19% YoY to US\$303. Within 5G, shipments of the mass budget (US\$100<US\$200) segment almost doubled, reaching 47% share. Xiaomi Redmi 13C, Apple iPhone 15, vivo Y28, Apple iPhone 13, and vivo T3X were the most shipped 5G models in 2024.

Shipments to offline and online channels grew almost at par by 4% YoY, and shares remained similar at 51% and 49%, respectively, in 2024. Samsung continued to lead in the online channel, while Apple climbed to the fourth position, with iPhone 15 as the highest shipped smartphone online. Within the offline channel, vivo maintained its dominance, while OPPO and Xiaomi climbed to the second and third spots, respectively.

Overall, vivo surpassed Samsung for the leadership position in 2024, with its consistent omnichannel play, diversified portfolio across price segments and channel support. Nothing registered the highest growth overall, followed by Motorola and iQOO annually. The long tail of brands collectively gained ground in 2024, as the share of the above listed top five Brands depleted from 76%, 68%, and 65% in 2022, 2023, and 2024 respectively.

Future Market Outlook

With a low single-digit growth in CY2024, growth in CY2025 hinges on a stronger performance in the mass segment (US\$100<US\$200) and more offerings in the entry-premium segment (US\$200<US\$400) for upgraders. Generative AI features and use cases will start being key differentiators, moving beyond flagship models and becoming more prevalent across different price points. Online-focused long-tail brands will venture offline to sustain growth. However, the weakening rupee could impact ASPs, potentially restricting annual growth to below 5% in CY2025.

OPPORTUNITIES AND OUTLOOK

The strategy of Company and/or its subsidiaries has been towards investing in the new technologies, Media Businesses and other Business investments. It is also into Distribution of various products including imports related to Mobile, Audio segment, Consumer Electronics in both Offline and Online channels. The Company is expecting to have substantial growth over the next few years on account of rising demand of digital technology from offline and e-commerce businesses. The Company would be working either directly or through its subsidiaries to take up existing and/or new projects to achieve the above.

THREAT, RISKS & CONCERN

The Company and/or its subsidiaries operates in a competitive environment and faces competition from both the international as well as domestic players and within domestic industry from both the organized and unorganized players. However, no player in the industry is an integrated player.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company's internal financial controls are commensurate with the nature of its business, the size, and complexity of its operations and such internal financial controls with reference to the Financial Statements are adequate.

The Company has appointed S. Sunder Sharma & Company, Chartered Accountants to oversee and carry out internal audit of activities of the Company.

The Audit Committee also reviews reports submitted by internal auditors on periodic basis. INDEPENDENT AUDITOR'S REPORT

To the Members of

MEDIA MATRIX WORLDWIDE LIMITED

Report on the Audit of the Standalone Financial Statements

1. Opinion

We have audited the accompanying standalone financial statements of **MEDIA MATRIX WORLDWIDE LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there is no key audit matter to communicate in our report.

4. Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual Report but does not include the standalone financial statements and our auditor's report thereon. The other information comprising the above documents is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

5. Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the

Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

6. Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

7. Report on Other Legal and Regulatory Requirements

- A. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act 2013, we give in the "Annexure-A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- B. As required by the Non-Banking Financial Companies Auditor's Report (Reserve Bank) Directions, 2016 dated 29th September 2016, we give a separate report "Auditors' Report on NBFC" for matter specified in said Direction.
- C. As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account;
- d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder;
- e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report;
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanation given to us, the remuneration paid / provided by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V of the Act;

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact, if any, of pending litigations on its financial position in its standalone financial statements-Refer Note 31 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The Company has not declared or paid any dividend during the year.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

ANNEXURE “A” TO THE INDEPENDENT AUDITORS’ REPORT

Annexure referred to in paragraph 7 (A) of the Independent Auditors’ Report of even date to the members of **Media Matrix Worldwide Limited** on the standalone financial statements for the year ended March 31, 2025, we report that;

- I.(a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situations of its Property, Plant and Equipment.
- (B) The Company do not have any intangible assets. Accordingly, paragraph 3(i)(a)(B) of the Order is not applicable to the Company.
 - (b) Property, Plant and Equipment have been physically verified by the management during the year as per a regular program of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets and as informed, no material discrepancies were noticed on such verification.
 - (c) According to the information and explanation given by the management, there are no immovable properties owned by the Company and accordingly, the requirements under paragraph 3(i)(c) of the Order are not applicable to the Company. In respect of immovable properties of land and building that have been taken on lease and disclosed as Right of use assets in the standalone financial statements, the lease agreements are in the name of the Company.
 - (d) The Company has not revalued any of its Property, Plant and Equipment (including right of-use assets) during the year.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- II. (a) According to the information and explanation given by the management, the Company’s business did not involve holding of inventory. Accordingly, requirements under paragraph 3(ii)(a) of the Order are not applicable to the Company.
- (b) The Company has not been sanctioned working capital limits in excess of Rs. 5 crore, in aggregate, at any points of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable
- III. ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

**To the Members of
Media Matrix Worldwide Limited**

We have audited the internal financial controls over financial reporting of **Media Matrix Worldwide Limited** (“the Company”) as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on Audit of Internal financial controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting with reference to the standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on audit of Internal Financial Controls over Financial Reporting (“the Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”) and the Standards on Auditing as specified under Section 143 (10) of the Act, to the extent applicable to an audit of internal financial controls. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls over financial reporting with reference to the standalone financial statements.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting with reference to the standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with the generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting with reference to the standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to the standalone financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to the standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls over financial reporting with reference to standalone financial statements and such internal financial controls over financial reporting with reference to these standalone financial statements were operating effectively as at March 31, 2025, based on the criteria for internal control over financial reporting established by the Company considering the essential components of internal controls stated in the Guidance Note issued by ICAI.

MEDIA MATRIX WORLDWIDE LIMITED

(CIN: L32100MH1985PLC036518)

Notes forming part of the standalone financial statements for the year ended March 31, 2025

1. BACKGROUND OF THE COMPANY

- A. Media Matrix Worldwide Limited ('MMWL' or 'the Company') a Public Limited Company, was incorporated on June 07, 1985 in the State of Maharashtra. MMWL made its maiden public issue of Equity Shares in the year 1985 and got its Equity Shares listed at the Bombay Stock Exchange Ltd, Mumbai (BSE). As of March 31, 2021, Company has been doing business of digital media content and dealing in related activities in media and entertainment industry. In order to venture into new business activities viz. defence, Railways, Telecom and electronics, the Company has amended its main object clause of the Memorandum of Association of the Company by seeking shareholders' approval through postal ballot on 1st February, 2017. The aforesaid amendments in the objects have already been approved by the Registrar of Companies, Mumbai.
- B. The Company was incorporated as Rahul Trading and Finance Limited on 7th June, 1985 and was originally engaged in trading activities and later on, it changed its name to Giltfin Lease Limited. It obtained registration from Reserve Bank of India for carrying out Non-Banking Finance Company (NBFC) activities in the year 1999 vide certificate of Registration No. 13.01287 dated 13th August 1999. However, the Company didn't carry out any activities related to NBFC since 13th August, 1999, the date on which it got the NBFC certificate, but only continues to be registered with Reserve Bank of India (RBI) as a Non-deposit accepting Non-Banking Finance Company. In the Year 2000, the Company started media and content business and further changed its name to Media Matrix Worldwide Limited. Considering that the Company had neither carried out any NBFC business in the past, nor it has any intention to carry the business of NBFC in future, the Company, on September 13, 2011, submitted an application to RBI for de-registration as an NBFC. RBI has vide its letter dated December 26, 2012 has asked the Company to lower its financials assets (representing investment in subsidiaries) as percentage of total assets to enable it to deregister as NBFC. Since the Company presently does not meet the criteria of principal business as specified by the RBI in its Press Release 1998-99/1269 dated April 8, 1999 and instead qualifies the criteria of Core Investment Company (CIC) based on its current investment structure, the Company has notified the same to RBI vide letter dated April 20, 2013. The Company qualifies for exemption from registration as CIC and has applied for the same to RBI. Simultaneously, Company has applied for de registration as NBFC, however, as per the extant guidelines of RBI, the Company shall continue as NBFC till time it reduces its strategic investments below 50% of total assets to qualify for deregistration and would continue to do compliance of NBFC as applicable.
- C. During FY 2012-2013, the Company came out with issue of 90,77,85,000 equity shares with a face value of Re.1/- each at a premium of Rs. 0.20 per equity share for an amount aggregating Rs. 108,93,42,000 on a rights basis to the equity shareholders of the Company in the ratio of 9 equity shares for every 1 fully paid-up equity share held by the equity shareholders on the record date, that is, on March 19, 2013. The right issue opened on March 30, 2013 and closed on April 27, 2013. Till March 31st, 2016, the Company has utilized the amount of Rs. 1,089,342,000/- for the objects of the issue as stated in the Letter of Offer.
- D. The Company is registered with the Reserve Bank of India (RBI) as a Non deposit taking Non-Banking Financial Company ("NBFC") as defined under section 45-IA of the Reserve Bank of India (RBI) Act, 1934. The Company is classified under "Base Layer" pursuant to Master Direction-Reserve Bank of India (Non-Banking Financial Company-Scale Based Regulation) Directions, 2023 (as updated from time to time).

These standalone financial statements were approved for issue by the Board of Directors on May 29, 2025. The revision to these financial statements is permitted by the Board of Directors after obtaining necessary approvals or at the instance of regulatory authorities as per provisions of the Act.

2. RECENT PRONOUNCEMENTS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 07 May 2025, MCA issued the Companies (Indian Accounting Standards) Amendment Rules, 2025, which made certain amendments to Ind AS 21 The Effects of Changes in Foreign Exchange Rates, effective from April 01, 2025. These amendments define currency exchangeability, provide guidance on estimating spot exchange rates when a currency is not exchangeable and include related disclosure requirements. The Company does not expect this amendment to have any significant impact on its financial statements.

3. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

3.1 Compliance with Ind AS

These financial statements ('financial statements') have been prepared in accordance with the Indian Accounting Standard ('Ind AS') notified under section 133 of the Companies Act, 2013, read together with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015, as amended from time to time and other relevant provisions of the Act, to the extent applicable.

The accounting policies, as set out in the following paragraphs of this note, have been consistently applied, by the Company, to all the periods presented in the said financial statements. The preparation of the said financial statements requires the use of certain critical accounting estimates and judgements. It also requires the management to exercise judgement in the process of applying the Company's accounting policies. The areas where estimates are significant to the financial statements, or areas involving a higher degree of judgement or complexity, are disclosed in Note 28.

These financial statements have been presented in accordance with the format prescribed for Non-Banking Finance Companies under the Companies (Indian Accounting Standards) Rules, 2015, in Division III of Schedule III as per Notification no. GSR. 1022 (E) dated 11th October 2018, issued by Ministry of Corporate Affairs, Government of India along with other relevant provisions of the Act and the Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 (Updated as on May 05, 2025).

Further, for the purpose of clarity, various items are aggregated in the statement of profit and loss and balance sheet. Nonetheless, these items are dis-aggregated separately in the notes to the financial statements, where applicable or required. All the amounts included in the financial statements have been rounded off to the nearest Lakhs upto two decimals, as required by General Instructions for preparation of Financial Statements in Division III of Schedule III to the Companies Act, 2013, except per share data and unless stated otherwise.

3.2 Historical Cost Convention

The financial statements have been prepared on the accrual and going concern basis, and the historical cost convention except where the Ind AS requires a different accounting treatment. The principal variations from the historical cost convention relate to financial instruments classified as fair value for the followings:

- (a) certain financial assets and liabilities and contingent consideration that is measured at fair value;
- (b) assets held for sale measured at fair value less cost to sell;
- (c) defined benefit plans plan assets measured at fair value, and

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services

3.3 Use of estimates and judgements

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

3.4 Fair Value Measurement

The Company measures financial instruments, such as, derivatives at fair value at each Balance Sheet date. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date.

A fair value measurement of a non financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

The Company categorizes assets and liabilities measured at fair value into one of three levels as follows:

- Level 1 - Quoted (unadjusted): This hierarchy includes financial instruments measured using quoted prices.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 - They are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Company's assumptions about pricing by market participants. Fair values are determined in whole or in part using valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

4. SUMMARY OF MATERIAL ACCOUNTING POLICIES

This note provides a list of the material accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

4.1 Property, Plant and Equipment ('PPE')

An item is recognised as an asset, if and only if, it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. PPE are stated at actual cost less accumulated depreciation and impairment loss, if any. Actual cost is inclusive of freight, installation cost, duties, taxes and other incidental expenses for bringing the asset to its working conditions for its intended use (net of tax credit, if any) and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the Management. It includes professional fees and borrowing costs for qualifying assets.

Property, Plant and Equipment and intangible assets are not depreciated or amortized once classified as held for sale.

Significant Parts of an item of PPE (including major inspections) having different useful lives & material value or other factors are accounted for as separate components. All other repairs and maintenance costs are recognized in the statement of profit and loss as incurred.

Depreciation of these PPE commences when the assets are ready for their intended use. The estimated useful lives and residual values are reviewed on an annual basis and if necessary, changes in estimates are accounted for prospectively. Depreciation on subsequent expenditure on PPE arising on account of capital improvement or other factors is provided for prospectively over the remaining useful life.

Depreciation is provided pro-rata to the period of use on the straight-line method based on the estimated useful life of the assets. The residual values are not more than 5% of the original cost of the assets. The useful life of property, plant and equipment are as follows:

Asset Class	Useful Life
Computers	3 years
Office Equipment	5 years
Furniture and Fixture	10 years
Fixed Assets costing less than Rs 5,000	Fully depreciated when they are ready for use.

Note:

- Depreciation on the amount capitalized on up-gradation of the existing assets is provided over the balance life of the original asset.
- An item of PPE is de-recognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

4.2 Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment. Administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalised as a part of the cost of the intangible assets.

De-recognition of intangible assets

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognized in the Statement of Profit and Loss when the asset is derecognized.

Amortization: Intangible assets are amortised on straight line basis over a period ranging between 2-5 years which equates its economic useful life.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is different from previous estimates, the change is accounted for prospectively as a change in accounting estimate.

4.3 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The financial instruments are recognised in the balance sheet when the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial instruments at initial recognition.

Financial Assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories based on business model of the entity:

- Debt instruments at amortized cost.
- Debt instruments at fair value through other comprehensive income (FVTOCI).
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL).
- Equity instruments measured at fair value through other comprehensive income (FVTOCI).

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL

Any debt instrument, that does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity investments (Other than investment in subsidiary)

All other equity investments are measured at fair value. For Equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. This amount is not recycled from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in Statement of Profit and Loss.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Investments in Mutual Funds

Investments in mutual funds are measured at fair value through profit or loss (FVTPL).

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

De-recognition

A financial asset is de-recognized only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, it evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognized.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix considers historical credit loss experience and is adjusted for forward looking information. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L).

Financial liabilities

Financial liabilities and equity instruments issued by the company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

Trade and Other Payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial period which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due

within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Loans and Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Financial Guarantee Contracts

Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

4.4 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying asset are capitalized as part of cost of such asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowing of funds.

4.5 Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use.

Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are considered. If no such transactions can be identified, an appropriate valuation model is used. Impairment losses of continuing operations, including impairment on inventories, are recognized in the statement of profit and loss.

A previously recognized impairment loss (except for goodwill) is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited to the carrying amount of the asset.

4.6 Revenue recognition

The Company recognizes revenue in accordance with Ind- AS 115. Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration that the Company expects to receive in exchange for those products or services.

Revenues in excess of invoicing are classified as contract assets (which may also refer as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which may also refer to as unearned revenues).

The Company presents revenues net of indirect taxes in its Statement of Profit and loss.

The specific recognition criteria from various stream of revenue is described below:

- (i) **Revenue from Services** is recognized when respective service is rendered and accepted by the customer (i.e. when performance obligation is satisfied) at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of services rendered is net of, returns and allowances, trade discounts and volume rebates offered by the Company as part of the contract.
- (ii) **Insurance claims** are accounted for as and when admitted by the concerned authority.
- (iii) **Interest Income:** For all debt instruments measured either at amortized cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR).

- (iv) **Dividend Income:** Dividend income on investments is recognised when the right to receive dividend is established.
- (v) **Other Income:** Other Income is accounted for on accrual basis except, where the receipt of income is uncertain.

4.7 Employees Benefits

Short term employee benefits: -

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Long-Term employee benefits:-

Compensated expenses which are not expected to occur within twelve months after the end of period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the balance sheet date.

Post-employment obligations

i. Defined contribution plans

Provident Fund and employees' state insurance schemes

All employees of the Company are entitled to receive benefits under the Provident Fund, which is a defined contribution plan. Both the employee and the employer make monthly contributions to the plan at a predetermined rate (presently 12%) of the employees' basic salary. These contributions are made to the fund administered and managed by the Government of India. In addition, some employees of the Company are covered under the employees' state insurance schemes, which are also defined contribution schemes recognized and administered by the Government of India.

The Company's contributions to both these schemes are expensed in the Statement of Profit and Loss. The Company has no further obligations under these plans beyond its monthly contributions.

ii. Defined benefit plans

Gratuity

The Company provides for gratuity obligations through a defined benefit retirement plan (the 'Gratuity Plan') covering all employees. The Gratuity Plan provides a lump sum payment to vested employees at retirement or termination of employment based on the respective employee salary and years of employment with the Company. The Company provides for the Gratuity Plan based on actuarial valuations in accordance with Indian Accounting Standard 19 (revised), "Employee Benefits ". The present value of obligation under gratuity is determined based on actuarial valuation using Project Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

Defined retirement benefit plans comprising of gratuity, un-availed leave, post-retirement medical benefits and other terminal benefits, are recognized based on the present value of defined benefit obligation which is computed using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. These are accounted either as current employee cost or included in cost of assets as permitted.

Leave Encashment

The Company has provided for the liability at period end on account of un-availed earned leave as per the actuarial valuation as per the Projected Unit Credit Method.

iii. Actuarial gains and losses are recognized in OCI as and when incurred.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest as defined above), are recognized in other comprehensive income except those included in cost of assets as permitted in the period in which they occur and are not subsequently reclassified to profit or loss.

The retirement benefit obligation recognized in the Financial Statements represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of reductions in future contributions to the plans.

Termination benefits

Termination benefits are recognized as an expense in the period in which they are incurred.

4.8 Investments in subsidiaries

The Company records the investments in subsidiaries at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount.

When the Company issues financial guarantees on behalf of subsidiaries, initially it measures the financial guarantees at their fair values and subsequently measures at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

The Company records the initial fair value of financial guarantee as deemed investment with a corresponding liability recorded as deferred revenue. Such deemed investment is added to the carrying amount of investment in subsidiaries

Deferred revenue is recognized in the Statement of Profit and Loss over the remaining period of financial guarantee issued.

The Company reviews its carrying value of investments carried at cost (net of impairment, if any) annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the statement of profit and loss.

4.9 Taxation

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses, if any.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Standalone Financial Statement. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

The carrying amount of deferred tax assets are reviewed at the end of each reporting period and are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax liabilities are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries, where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

4.10 Leases

As a lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- i. the contract involves the use of an identified asset

- ii. the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- iii. the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The company's lease liabilities are included in Other financial liabilities.

Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

4.11 Segment Reporting

Identification of segments:

Operating segments are reported in a manner consistent with the internal financial reporting provided to the Chief Operating Decision Maker (CODM) i.e. Board of Directors. CODM monitors the operating results of all product segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit and loss in the financial statements. The primary reporting of the Company has been performed on the basis of business segments. The analysis of geographical segments is based on the areas in which the Company's products are sold or services are rendered.

Allocation of common costs:

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items:

The Corporate and other segment include general corporate income and expense items, which are not allocated to any business segment.

4.12 Provision, Contingent Liabilities & Contingent Assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

Contingent liabilities are disclosed in the Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

Contingent assets are not recognised in the financial statements. Contingent assets are disclosed in the Standalone Financial Statements by way of notes to accounts when an inflow of economic benefits is probable.

28 Critical accounting estimates and judgments

The estimates and judgements used in the preparation of the said standalone financial statements are continuously evaluated by the Company, and are based on historical experience and various other assumptions and factors (including expectations of future events), that the Company believes to be reasonable under the existing circumstances. The said estimates and judgements are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date. Although the Company regularly assesses these estimates, actual results could differ materially from these estimates – even if the assumptions under-lying such estimates were reasonable when made, if these results differ from historical experience or other assumptions do not turn out to be substantially accurate. The changes in estimates are recognised in the standalone financial statements in the period in which they become known.

The areas involving critical estimates or judgments are:

1. Useful lives of property, plant and equipments **Note No. 4.1 & 11**
2. Judgement required for ascertainment of contracts in the nature of lease, lease term and fair value of lease as per Ind AS 116 **Note No. 4.10 & 12**
3. Measurement of defined benefit obligation **Note No. 4.7 & 29**

38 Financial Risk Management Objectives and Policies

The Company's principal financial liabilities comprise trade and other payables, lease liabilities and financial guarantee contracts. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its subsidiaries operations. The Company's principal financial assets include cash and cash equivalents that derive directly from its operations.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk. The Company's senior management has the overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

Management of Liquidity Risk

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions.

The following table shows the maturity analysis of the Company's financial liabilities based on contractually agreed undiscounted cash flows as at the Balance Sheet date.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments.

The sensitivity analyses in the following sections relate to the position as at March 31, 2025 and 31 March 31, 2024.

POTENTIAL IMPACT OF RISK	MANAGEMENT POLICY	SENSITIVITY TO RISK
INTEREST RATE RISK		
Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Company has Fixed deposits with Banks amounting to Rs. 5,62 lakhs as at March 31, 2025 (Rs. 26.72 lakhs as at March 31, 2024). Interest Income earned on fixed deposit for year ended March 31, 2025 is Rs. 0.94 lakhs (Rs. 0.73 lakhs as at March 31, 2024).	In order to manage its interest rate risk The Company diversifies its portfolio in accordance with the risk management policies.	As an estimation of the approximate impact of the interest rate risk, with respect to financial instruments, the Company has calculated the impact of a 1% change in interest rates. A 1% increase in interest rates would have led to approximately an additional Rs. 0.06 Lakhs gain for year ended March 31, 2025 (Rs. 0.27 Lakhs gain for year ended March 31, 2024) in Interest income. A 1% decrease in interest rates would have led to an equal but opposite effect.

Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its financing activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

Trade Receivables

Customer credit risk is managed by each business unit subject to the Company established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored. As at March 31, 2025, the Company does not have any outstanding customers.

Financial Instruments and Cash Deposits

Credit risk from balances with banks and financial institutions is managed by the management in accordance with the Company's policy. Counterparty credit limits are reviewed by the management on an annual basis, and may be updated throughout the year. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2025 and March 31, 2024 is the carrying amounts as illustrated in Note 5.

Capital Management

Capital includes issued equity capital and Securities premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximize the shareholder value.

Management has assessed that Cash and cash equivalents, Other balances with banks, Loans, Trade receivables, Other financial assets, Lease liabilities, Trade payables and Other financial liabilities carried at amortized cost (Level 3) approximate their carrying amounts largely due to the short-term maturities of these instruments.

B Fair value hierarchy :

The financial instruments are categorized into three levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Valuation Methodology

All financial instruments are initially recognized and subsequently re-measured at fair value as described below :

- Trade receivables, cash and cash equivalents, trade payables and other financial assets and liabilities approximate the carrying value due to their short term maturities. Fair value is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in forced or liquidation sale.
- The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Company uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period.
- Fair value of the remaining financial instruments is determined using discounted cash flow analysis, unless the carrying value is considered to approximate to fair value.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
MEDIA MATRIX WORLDWIDE LIMITED

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

1. OPINION

We have audited the accompanying consolidated financial statements of **MEDIA MATRIX WORLDWIDE LIMITED** ("the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") comprising of the consolidated Balance sheet as at March 31, 2025 the consolidated Statement of Profit and Loss (including other comprehensive income), the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2025, and its profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in this report based on key audit matters reported in audit reports issued by respective auditors of the subsidiaries, reproduced by us:-

Sr. No.	Key Audit Matter	Auditor's Response
1.	Investment in financial instruments of closely held (other than fellow subsidiary) Company - classification, measurement and impairment. As on March 31, 2025, one of the Subsidiary Company had invested in Zero Percent Compulsorily Convertible Debentures (CCDs). The CCDs are compulsorily convertible into Equity Shares at any point of time commencing after completion of 10 years from the date of allotment till the expiry of 15 years from the said date. Every 10 CCD of Rs.100 each will be convertible into 3.15 equity shares of Rs.10 each of the Investee Company. In accordance with Ind AS 32 'Financial Instruments', the investment has been classified as 'Financial assets measured at FVTOCI'. The same has been measured at fair value in standalone financial statements of aforesaid subsidiary Company. Based on the Valuation report of the valuation specialist engaged by the management, fair valuation of investment at Rs. 4,103.75 Lakhs (FY 2023-24 Rs. 20,626.76 Lakhs) is considered necessary for the investments made in the said closely held Company. {Refer Note No. 44 to the consolidated financial statements}	Principal audit procedures performed by the respective auditors: - Considered the business model and terms of the financial instrument considering rights and obligation of the issuer and the holder. - Obtained independent valuation report containing valuation of the closely held investee Company. Assessed the professional competence, objectivity and capabilities of the valuation specialist engaged by the management. Assessed reasonableness of the assumptions used and current and future business plans of the Investee Company's management. Evaluated the disclosure included in the financial statements as adequate.

4. Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual Report, but does not include the consolidated financial statements and our auditor's report thereon. The other information comprising the above documents is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

5. Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Boards of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

6. Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material

uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statement of such entities included in the consolidated financial statement of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

7. Other Matters

- a) Based on the consideration of the report of other auditor on separate financial statement and other financial information of subsidiary companies, these consolidated financial Statements includes:
 - nexG Devices Private Limited (CIN: U32300DL2011PTC215856)
 - Media Matrix Enterprises Private Limited (CIN: U74900HR2011PTC085813)
- b) We did not audit the financial statements and other financial information, in respect of both subsidiaries, whose financial statements/financial information, before consolidated adjustments, reflects total assets of Rs. 36,967.30 Lakhs as at March 31, 2025, total revenues of Rs. 1,88,396.44 Lakhs, total net profit of Rs. 229.19 Lakhs, total comprehensive Income of Rs. (15,915.77) Lakhs and net cash inflows/(outflows) of Rs. 3,686.75 Lakhs for the year ended on that date. These financial statements/financial information have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub section (3) of section 143 of the act, in so far as it relates to the aforesaid subsidiaries is based solely on the report of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

8. Report on Other Legal and Regulatory Requirements

- A. As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate financial statements and the other financial information of subsidiaries, as noted in the 'other matters' paragraph above, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;

- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and reports of other auditors;
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with relevant rules issued thereunder;
- e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2025 taken on record by the Board of Directors of Holding Company, the report of the statutory auditors of its subsidiary companies, none of the directors of the group companies is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" to this report;
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, and based on the auditor's reports of subsidiary companies, the remuneration paid by the Holding Company to its directors and such subsidiary companies to their respective directors during the year is in accordance with the provisions of section 197 of the Act;

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group – Refer Note no. 38 to the consolidated financial statements;
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group.
 - iv. (a) The respective Management of the Holding Company and its subsidiaries, which are companies incorporated in India and whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The respective Management of the Holding Company and its subsidiaries, which are companies incorporated in India and whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been received by the Holding Company or any of such subsidiaries from any person(s) or entity(ies), including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures performed by us and those performed by the auditors of the subsidiaries, that have been considered reasonable and appropriate in the circumstances performed, nothing has come to our or other auditor's notice that has caused us or other

auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The Holding Company and its subsidiaries have not declared or paid any dividend during the year.
 - vi. Based on our examination which included test checks, and based on the other auditor's reports of its subsidiary companies incorporated in India whose financial statements have been audited under the Act, the Parent Company and its subsidiary companies incorporated in India have used accounting software for maintaining their respective books of account for the financial year ended March 31, 2025, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of audit, we and the respective other auditors, whose reports have been furnished to us by the Management of the Parent Company, have not come across any instance of the audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.
- B. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order" / "CARO") issued by the Central Government in terms of section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us and CARO reports issued by the respective auditors included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, as provided to us by the Management of the Parent, we report that no qualifications or adverse remarks by the companies included in the consolidated financial statements except for the following:

ANNEXURE “A” THE INDEPENDENT AUDITOR’S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

To the Members of

MEDIA MATRIX WORLDWIDE LIMITED

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2025, we have audited the internal financial controls over financial reporting of **MEDIA MATRIX WORLDWIDE LIMITED** (hereinafter referred to as “the Holding Company”), its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”), as on that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Group’s, internal financial controls over financial reporting with reference to these consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing both, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company and its subsidiary companies.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting with reference to these consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting with reference to these consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting with reference to these consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these consolidated financial statements to future periods are

subject to the risk that the internal financial control over financial reporting with reference to these consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors, as referred to in the Other Matters paragraph below, the Group have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025 based on the internal control over financial reporting criteria established by the respective companies of the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to two subsidiary companies is based solely on the corresponding report of the auditors of such companies.

Our opinion is not modified in respect of the above matter.

Notes forming part of the consolidated financial statements for the year ended March 31, 2025

1. GROUP INFORMATION

i. Background of Parent Company

- a) Media Matrix Worldwide Limited ('MMWL' or 'the Company'), a Public Limited Company, was incorporated on June 07, 1985 in the State of Maharashtra. MMWL made its maiden public issue of Equity Shares in the year 1985 and got its Equity Shares listed at the Bombay Stock Exchange Ltd, Mumbai (BSE). As of March 31, 2021, Company has been doing business of digital media content and dealing in related activities in media and entertainment industry. In order to venture into new business activities viz. defence, Railways, Telecom and electronics, the Company has amended its main object clause of the Memorandum of Association of the Company by seeking shareholders' approval through postal ballot on 1st February, 2017. The aforesaid amendments in the objects have already been approved by the Registrar of Companies, Mumbai.
- b) The Company was incorporated as Rahul Trading and Finance Limited on 7th June, 1985 and was originally engaged in trading activities and later on, it changed its name to Giltfin Lease Limited. It obtained registration from Reserve Bank of India for carrying out Non-Banking Finance Company (NBFC) activities in the year 1999 vide certificate of Registration No. 13.01287 dated 13th August 1999. However, the Company didn't carry out any activities related to NBFC since 13th August, 1999, the date on which it got the NBFC certificate, but only continues to be registered with Reserve Bank of India (RBI) as a Non-deposit accepting Non-Banking Finance Company. In the Year 2000, the Company started media and content business and further changed its name to Media Matrix Worldwide Limited. Considering that the Company had neither carried out any NBFC business in the past, nor it has any intention to carry the business of NBFC in future, the Company, on September 13, 2011, submitted an application to RBI for de-registration as an NBFC. RBI has vide its letter dated December 26, 2012 has asked the Company to lower its financials assets (representing investment in subsidiaries) as percentage of total assets to enable it to deregister as NBFC. Since the Company presently does not meet the criteria of principal business as specified by the RBI in its Press Release 1998-99/1269 dated April 8, 1999 and instead qualifies the criteria of Core Investment Company (CIC) based on its current investment structure, the Company has notified the same to RBI vide letter dated April 20, 2013. The Company qualifies for exemption from registration as CIC and has applied for the same to RBI. Simultaneously, Company has applied for de registration as NBFC, however, as per the extant guidelines of RBI, the company shall continue as NBFC till time it reduces its strategic investments below 50% of total assets to qualify for deregistration and would continue to do compliance of NBFC as applicable.
- c) During FY 2012-2013, the Company came out with issue of 90,77,85,000 equity shares with a face value of Re.1/- each at a premium of Rs. 0.20 per equity share for an amount aggregating Rs. 108,93,42,000 on a rights basis to the equity shareholders of the Company in the ratio of 9 equity shares for every 1 fully paid-up equity share held by the equity shareholders on the record date, that is, on March 19, 2013. The right issue opened on March 30, 2013 and closed on April 27, 2013. Till March 31st, 2016, the Company has utilized the amount of Rs. 1,089,342,000/- for the objects of the issue as stated in the Letter of Offer.
- d) The Parent Company is registered with the Reserve Bank of India (RBI) as a Non deposit taking Non-Banking Financial Company ("NBFC") as defined under section 45-IA of the Reserve Bank of India (RBI) Act, 1934. The Parent Company is classified under "Base Layer" pursuant to Master Direction-Reserve Bank of India (Non-Banking Financial Company- Scale Based Regulation) Directions, 2023.

These consolidated financial statements for the year ended March 31, 2025 were approved for issue by the Board of Directors on May 29, 2025. The revision to these financial statements is permitted by the Board of Directors after obtaining necessary approvals or at the instance of regulatory authorities as per provisions of the Act.

2. RECENT PRONOUNCEMENTS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 07 May 2025, MCA issued the Companies (Indian Accounting Standards) Amendment Rules, 2025, which made certain amendments to Ind AS 21 The Effects of Changes in Foreign Exchange Rates, effective from April 01, 2025. These amendments define currency exchangeability, provide guidance on estimating spot exchange rates when a currency is not exchangeable and include related disclosure requirements. The Group does not expect this amendment to have any significant impact on its financial statements.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS

3.1 Compliance with Ind AS

These consolidated financial statements ('consolidated financial statements') have been prepared in accordance with the Indian Accounting Standard ('Ind AS') notified under section 133 of the Companies Act, 2013, read together with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015, as amended from time to time.

The accounting policies, as set out in the following paragraphs of this note, have been consistently applied, by the Group, to all the periods presented in the said consolidated financial statements. The preparation of the said consolidated financial statements requires the use of certain critical accounting estimates and judgments. It also requires the management to exercise judgment in the process of applying the group's accounting policies. The areas where estimates are significant to the consolidated financial statements, or areas involving a higher degree of judgment or complexity, are disclosed in Note 34.

These consolidated financial statements have been presented in accordance with the format prescribed for Non-Banking Finance Companies under the Companies (Indian Accounting Standards) Rules, 2015, in division III of Notification no. GSR. 1022 (E) dated 11th October 2018, issued by Ministry of Corporate Affairs, Government of India along with other relevant provisions of the Act and the Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 (as updated from time to time).

Further, for the purpose of clarity, various items are aggregated in the statement of profit and loss and balance sheet. Nonetheless, these items are dis-aggregated separately in the notes to the consolidated financial statements, where applicable or required. All the amounts included in the financial statements have been rounded off to the nearest Lakhs upto two decimals, as required by General Instructions for preparation of Financial Statements in Division III of Schedule III to the Companies Act, 2013, except per share data and unless stated otherwise.

3.2 Principles of Consolidation

A. The Consolidated Financial Statements relate to **Media Matrix Worldwide Limited** (hereinafter referred to as the "Parent Company") and its subsidiaries (these group entities and the Parent Company hereinafter collectively referred to as "the Group"). In the preparation of these Consolidated Financial Statements, investments in Subsidiaries have been accounted for in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

I. Subsidiaries

Subsidiaries are all entities (including structured entities) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the group.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

II. Associates

Associates are all entities over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

III. Equity method

Under the equity method of accounting, the investments are initially recognized at cost and adjusted thereafter to recognise the group share of the post-acquisition profits or losses of the investee in profit and loss, and the group share of other comprehensive income of the investee in other comprehensive income.

When the group share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Holding Company and its associates and joint ventures are eliminated to the extent of the group interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described below.

IV. Changes in ownership interests

The group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

When the group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognized in other comprehensive income are reclassified to profit or loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

- B. As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented, to the extent possible, in the same manner as the Parent Company's stand-alone financial statements. Differences in accounting policies are disclosed separately.
- C. The financial statements of the entities used for the purpose of consolidation are drawn up to reporting date as that of the Parent Company i.e. March 31, 2025.
- D. Only the notes involving items which are material has been disclosed. Materiality for this purpose is assessed in relation to the information contained in the consolidated financial statements. Further, additional statutory information disclosed in separate financial statements of the subsidiary and/or a parent having no bearing on the true and fair view of the consolidated financial statements need not be disclosed in the consolidated financial statements.
- E. Material Accounting Policies and notes to these consolidated financial statements are intended to serve as a means of informative disclosure and guide to better understanding the consolidated position of the companies. Recognizing this purpose, only such policies and notes from the individual financial statements, which fairly present the needed disclosures have been disclosed. Lack of homogeneity and other similar consideration made it desirable to exclude some of them, which in the opinion of the management, could be better viewed, when referred from the individual financial statements.

3.3 Business Combination and Goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation

and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognized and measured in accordance with Ind AS 12 - Income Taxes and Ind AS 19- Employee Benefits respectively.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognized in profit or loss or OCI, as appropriate.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, then the gain is recognized in OCI and accumulated in equity as capital reserve. After initial recognition, goodwill is measured at cost less any accumulated impairment losses.

Goodwill is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. Any impairment loss for goodwill is recognized in profit or loss. An impairment loss recognized for goodwill is not reversed in subsequent periods.

3.4 Historical Cost Convention

The consolidated financial statements have been prepared on the accrual and going concern basis, and the historical cost convention except where the Ind AS requires a different accounting treatment. The principal variations from the historical cost convention relate to financial instruments classified as fair value for the followings:

- (a) certain financial assets and liabilities and contingent consideration that is measured at fair value;
- (b) assets held for sale measured at fair value less cost to sell;
- (c) defined benefit plans plan assets measured at fair value, and

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services

3.5 Use of estimates and judgements

The preparation of these consolidated financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Group to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the consolidated financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

3.6 Fair Value Measurement

The Group measures financial instruments, such as, derivatives at fair value at each Balance Sheet date. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date.

A fair value measurement of a non financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

The Group categorizes assets and liabilities measured at fair value into one of three levels as follows:

- Level 1 - Quoted (unadjusted): This hierarchy includes financial instruments measured using quoted prices.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 - They are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Group's assumptions about pricing by market participants. Fair values are determined in whole or in part using valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

4. SUMMARY OF MATERIAL ACCOUNTING POLICIES

This note provides a list of the material accounting policies adopted in the preparation of these consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

4.1 Property, Plant and Equipment ('PPE')

An item is recognised as an asset, if and only if, it is probable that the future economic benefits associated with the item will flow to the Group and its cost can be measured reliably. PPE are stated at actual cost less accumulated depreciation and impairment loss, if any. Actual cost is inclusive of freight, installation cost, duties, taxes and other incidental expenses for bringing the asset to its working conditions for its intended use (net of tax credit, if any) and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the Management. It includes professional fees and borrowing costs for qualifying assets.

Property, Plant and Equipment and intangible assets are not depreciated or amortized once classified as held for sale.

Significant Parts of an item of PPE (including major inspections) having different useful lives & material value or other factors are accounted for as separate components. All other repairs and maintenance costs are recognized in the statement of profit and loss as incurred.

Depreciation of these PPE commences when the assets are ready for their intended use. The estimated useful lives and residual values are reviewed on an annual basis and if necessary, changes in estimates are accounted for prospectively. Depreciation on subsequent expenditure on PPE arising on account of capital improvement or other factors is provided for prospectively over the remaining useful life.

Depreciation is provided pro-rata to the period of use on the straight-line method based on the estimated useful life of the assets. The useful life of property, plant and equipment are as follows:

Note:

Asset Class	Useful Life
Computers	3 years
Office Equipment	5 years
Server	6 years
Furniture and Fixture	10 years, except in case issued to employees, where asset is depreciated in 5 years
Vehicles - Motor Cars	8 Years
Fixed Assets costing less than Rs 5,000	Fully depreciated when they are ready for use.

- Depreciation on the amount capitalized on up-gradation of the existing assets is provided over the balance life of the original asset.
- An item of PPE is de-recognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

4.2 Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment. Administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalised as a part of the cost of the intangible assets.

De-recognition of intangible assets

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognized in the Statement of Profit and Loss when the asset is derecognized.

Amortization: Intangible assets are amortised on straight line basis over a period ranging between 2-5 years which equates its economic useful life.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is different from previous estimates, the change is accounted for prospectively as a change in accounting estimate.

4.3 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The financial instruments are recognised in the balance sheet when the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial instruments at initial recognition.

Financial Assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame are recognized on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories based on business model of the entity:

- Debt instruments at amortized cost.
- Debt instruments at fair value through other comprehensive income (FVTOCI).
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL).
- Equity instruments measured at fair value through other comprehensive income (FVTOCI).

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Group recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL

Any debt instrument, that does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Group may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Group has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity investments (Other than investment in subsidiary)

All other equity investments are measured at fair value. For Equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. This amount is not recycled from OCI to P&L, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in Statement of Profit and Loss.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Investments in Mutual Funds

Investments in mutual funds are measured at fair value through profit or loss (FVTPL).

Cash and cash equivalents

The Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

De-recognition

A financial asset is de-recognized only when

- The Group has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Group has transferred an asset, it evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognized.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Impairment of financial assets

The Group assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires Expected Credit Losses ('ECL') to be measured through a loss allowance. In determining the allowances for doubtful trade receivables, the Group has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L).

Financial liabilities

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Initial recognition and measurement

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

Trade and Other Payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial period which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within

12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Loans and Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Financial Guarantee Contracts

Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

4.4 Inventories

- a) Basis of valuation:
 - i. Inventories other than scrap materials are valued at lower of cost and net realizable value after providing cost of Obsolescence, if any.
 - ii. Inventory of scrap materials have been valued at net realizable value.
- b) The Cost is determined using FIFO basis.
- c) Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

4.5 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying asset are capitalized as part of cost of such asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowing of funds.

4.6 Impairment of Non-Financial Assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use.

Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are considered. If no such transactions can be identified, an appropriate valuation model is used. Impairment losses of continuing operations, including impairment on inventories, are recognized in the statement of profit and loss.

A previously recognized impairment loss (except for goodwill) is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited to the carrying amount of the asset.

4.7 Revenue recognition

The Group recognizes revenue in accordance with Ind- AS 115. Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration that the Group expects to receive in exchange for those products or services.

Revenues in excess of invoicing are classified as contract assets (which may also refer as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which may also refer to as unearned revenues).

The Group presents revenues net of indirect taxes in its Statement of Profit and loss.

The specific recognition criteria from various stream of revenue is described below:

- (i) **Revenue from the sale of goods** is recognized upon transfer of control of promised products, usually on delivery of the goods (i.e. when performance obligation is satisfied) at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of returns and allowances, trade discounts and volume rebates offered by the Group as part of the contract.
- (ii) **Revenue from Services** is recognized when respective service is rendered and accepted by the customer (i.e. when performance obligation is satisfied) at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of services rendered is net of, returns and allowances, trade discounts and volume rebates offered by the Group as part of the contract.
- (iii) **Insurance claims** are accounted for as and when admitted by the concerned authority.
- (iv) **Interest Income:** For all debt instruments measured either at amortized cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR).
- (v) **Dividend Income:** Dividend income on investments is recognised when the right to receive dividend is established.
- (vi) **Other Income:** Other Income is accounted for on accrual basis except, where the receipt of income is uncertain.

4.8 Foreign Currency Transactions

The functional currency of the Group is Indian Rupees which represents the currency of the economic environment in which it operates.

Transactions in currencies other than the Group's functional currency are recognized at the rates of exchange prevailing at the dates of the transactions. Monetary items denominated in foreign currency at the year end and not covered under forward exchange contracts are translated at the functional currency spot rate of exchange at the reporting date.

Any income or expense on account of exchange difference between the date of transaction and on settlement or on translation is recognized in the profit and loss account as income or expense.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation difference on such assets and liabilities carried at fair value are reported as part of fair value gain or loss.

In case of forward exchange contracts, the premium or discount arising at the inception of such contracts is amortized as income or expense over the life of the contract. Further exchange difference on such contracts i.e. difference between the exchange rate at the reporting /settlement date and the exchange rate on the date of inception of contract/the last reporting date, is recognized as income/expense for the period.

4.9 Employees Benefits

Short term employee benefits: -

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Long-Term employee benefits

Compensated expenses which are not expected to occur within twelve months after the end of period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the balance sheet date.

Post-employment obligations

i. Defined contribution plans

Provident Fund and employees' state insurance schemes

All employees of the Group are entitled to receive benefits under the Provident Fund, which is a defined contribution plan. Both the employee and the employer make monthly contributions to the plan at a predetermined rate (presently 12%) of the employees' basic salary. These contributions are made to the fund administered and managed by the Government of India. In addition, some employees of the Group are covered under the employees' state insurance schemes, which are also defined contribution schemes recognized and administered by the Government of India.

The Group's contributions to both these schemes are expensed in the Statement of Profit and Loss. The Group has no further obligations under these plans beyond its monthly contributions.

ii. Defined benefit plans

Gratuity

The Group provides for gratuity obligations through a defined benefit retirement plan (the 'Gratuity Plan') covering all employees. The Gratuity Plan provides a lump sum payment to vested employees at retirement or termination of employment based on the respective employee salary and years of employment with the Group. The Group provides for the Gratuity Plan based on actuarial valuations in accordance with Indian Accounting Standard 19 (revised), "Employee Benefits". The present value of obligation under gratuity is determined based on actuarial valuation using Project Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

Defined retirement benefit plans comprising of gratuity, un-availed leave, post-retirement medical benefits and other terminal benefits, are recognized based on the present value of defined benefit obligation which is computed using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. These are accounted either as current employee cost or included in cost of assets as permitted.

Leave Encashment

The Group has provided for the liability at period end on account of un-availed earned leave as per the actuarial valuation as per the Projected Unit Credit Method.

iii. Actuarial gains and losses are recognized in OCI as and when incurred.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest as defined above), are recognized in other comprehensive income except those included in cost of assets as permitted in the period in which they occur and are not subsequently reclassified to profit or loss.

The retirement benefit obligation recognized in the Consolidated Financial Statements represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of reductions in future contributions to the plans.

Termination benefits

Termination benefits are recognized as an expense in the period in which they are incurred.

4.10 Investments

The Group records the investments in subsidiaries, associates and joint ventures at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount.

When the Group issues financial guarantees on behalf of subsidiaries, initially it measures the financial guarantees at their fair values and subsequently measures at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

The Group records the initial fair value of financial guarantee as deemed investment with a corresponding liability recorded as deferred revenue. Such deemed investment is added to the carrying amount of investment in subsidiaries

Deferred revenue is recognized in the Statement of Profit and Loss over the remaining period of financial guarantee issued.

The Group reviews its carrying value of investments carried at cost (net of impairment, if any) annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the statement of profit and loss

4.11 Taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses, if any.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in

which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated Financial Statement. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

The carrying amount of deferred tax assets are reviewed at the end of each reporting period and are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax liabilities are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries, where the Group is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

4.12 Leases

As a lessee

The Group's lease asset classes primarily consist of leases for land and buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- i. the contract involves the use of an identified asset
- ii. the Group has substantially all of the economic benefits from use of the asset through the period of the lease and
- iii. the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The company's lease liabilities are included in Other financial liabilities.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

4.13 Segment Reporting

Identification of segments:

Operating segments are reported in a manner consistent with the internal financial reporting provided to the Chief Operating Decision Maker (CODM) i.e. Board of Directors of Parent Company. CODM monitors the operating results of all product segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit and loss in the financial statements. The primary reporting of the Group has been performed on the basis of business segments. The analysis of geographical segments is based on the areas in which the Group's products are sold or services are rendered.

Allocation of common costs:

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items:

The Corporate and other segment include general corporate income and expense items, which are not allocated to any business segment.

4.14 Provision, Contingent Liabilities & Contingent Assets

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

Contingent liabilities are disclosed in the consolidated Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

Contingent assets are not recognised in the financial statements. Contingent assets are disclosed in the Consolidated Financial Statements by way of notes to accounts when an inflow of economic benefits is probable.

The expected credit loss is mainly based on the ageing of the receivable balances and historical experience. The receivables are assessed on an individual basis or grouped into homogeneous groups and assessed for impairment collectively, depending on their significance. Moreover, trade receivables are written off on a case-to-case basis if deemed not to be collectible on the assessment of the underlying facts and circumstances.

7.1 The movement in allowances for doubtful debts is as under: -

Additions	6.89	2.92
Write Off (net of recovery)	-	(151.12)
Closing balance	9.81	2.92

7.2 In determining the allowance for trade receivables the Group has used practical expedients based on financial condition of the customers, ageing of the customer receivables and over-dues, availability of collaterals and historical experience of collections from customers. The concentration of risk with respect to trade receivables is reasonably low as most of the customers are B2B (large Corporates) organisations.

35 Critical accounting estimates and judgments

The estimates and judgements used in the preparation of the said consolidated financial statements are continuously evaluated by the Group, and are based on historical experience and various other assumptions and factors (including expectations of future events), that the Group believes to be reasonable under the existing circumstances. The said estimates and judgements are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date. Although the Group regularly assesses these estimates, actual results could differ materially from these estimates – even if the assumptions under-lying such estimates were reasonable when made, if these results differ from historical experience or other assumptions do not turn out to be substantially accurate. The changes in estimates are recognised in the consolidated financial statements in the period in which they become known.

The areas involving critical estimates or judgments are:

1. Useful lives of property, plant and equipments **Note No. 4.1 & 14**
2. Judgement required for ascertainment of contracts in the nature of lease, lease term and fair value of lease as per Ind AS **116 4.12 & 15**
3. Useful life of intangible asset **Note No. 4.2 & 16**
4. Taxes **Note No. 4.11, 12, 13 & 21**

48 Financial Risk Management Objectives and Policies

The Group's principal financial liabilities comprise trade and other payables, lease liabilities and financial guarantee contracts. The main purpose of these financial liabilities is to finance the Group's operations and to provide guarantees to support its operations. The Group's principal financial assets include cash and cash equivalents that derive directly from its operations.

The Group's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk. The Group's senior management has the overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

Management of Liquidity Risk

Liquidity risk is the risk that the Group will face in meeting its obligations associated with its financial liabilities. The Group's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, Board of Parent Company considers both normal and stressed conditions.

The following table shows the maturity analysis of the Group's financial liabilities based on contractually agreed undiscounted cash flows as at the Balance Sheet date.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments.

The sensitivity analyses in the following sections relate to the position as at March 31, 2025 and March 31, 2024.

POTENTIAL IMPACT OF RISK	MANAGEMENT POLICY	SENSITIVITY TO RISK
INTEREST RATE RISK		
"Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates. a) Group has Fixed deposits with Banks amounting to ₹ 2,826.97 Lakhs as at March 31, 2025 (₹ 443.07 Lakhs as at March 31, 2024) Interest Income earned on fixed deposit for year ended March 31, 2025 is ₹ 23.43 Lakhs (₹ 48.61 Lakhs as at March 31, 2024) b) Group has Borrowing from Banks amounting to ₹ 9,806.80 Lakhs as at March 31, 2025 (₹ 11,411.61 Lakhs as at March 31, 2024) Interest Expenses on such borrowings for the year ended March 31, 2025 is ₹ 899.78 Lakhs (₹ 528.78 Lakhs for the year ended March 31, 2024)"	In order to manage its interest rate risk The Group diversifies its portfolio in accordance with the risk management policies.	"As an estimation of the approximate impact of the interest rate risk, with respect to financial instruments, the Group has calculated the impact of a 1% change in interest rates. a) A 1% increase in interest rates would have led to approximately an additional ₹ 28.27 Lakhs gain for year ended March 31, 2025 (₹ 4.43 Lakhs gain for year ended March 31, 2024) in Interest income. A 1% decrease in interest rates would have led to an equal but opposite effect. b) A 1% increase in interest rates would have led to approximately an additional ₹ 98.07 Lakhs loss for year ended March 31, 2025 (₹ 114.11 Lakhs loss for year ended March 31, 2024) in Interest expense. A 1% decrease in interest rates would have led to an equal but opposite effect."
Price Risk		
The Group is mainly exposed to the price risk due to its investment in equity instruments. The price risk arises due to uncertainties about the future market values of these investments.	In order to manage its price risk arising from investments, the Group diversifies its portfolio in accordance with the limits as per the risk management policies.	The sensitivity analysis below have been determined based on the exposure to equity price risks at the end of the reporting period.
"Equity Price Risk is related to the change in market reference price of the investments in equity securities.	The use of any new investment must be approved by the Management.	If the equity prices had been 5% higher / lower: Other comprehensive income for the year ended March 31, 2025 would increase / decrease by ₹ 267.64 Lakhs (for the year ended March 31, 2024: increase / decrease by ₹ 1,115.07 Lakhs) as a result of the change in fair value of equity investment measured at FVTOCI and FVTPL

Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its financing activities, including deposits with banks and financial institutions and other financial instruments.

Trade Receivables

Customer credit risk is managed by each business unit subject to the Group established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored. At March 31, 2025, the Group had top 10 customers that owed the Group more than ₹ 8,958.82 Lakhs (March 31, 2024: ₹ 11,723.39 Lakhs) and accounted for approximately 97.82% (March 31, 2024: 96.89%) of all the receivables outstanding. An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 7. The Group does not hold collateral as security. The Group evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

Financial Instruments and Cash Deposits

Credit risk from balances with banks and financial institutions is managed by the management in accordance with the Group's policy. Counterparty credit limits are reviewed by the management on an annual basis, and may be updated throughout the year. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The Group's maximum exposure to credit risk for the components of the balance sheet at March 31, 2025 and March 31, 2024 is the carrying amounts as illustrated in Note 6,8-10.

Capital Management

Capital includes issued equity capital and Securities premium and all other equity reserves attributable to the equity holders. The primary objective of the Group's capital management is to maximize the shareholder value.

B Fair value hierarchy :

The fair value measurement hierarchy of the Company's assets and liabilities are as follows: (₹ in Lakhs)

	Level 1		Level 2		Level 3	
	As at March 31, 2025	As at March 31, 2024	As at March 31, 2024	As at March 31, 2024	As at March 31, 2025	As at March 31, 2024
Financial assets						
At fair value through profit or loss						
Investment	234.98	245.73	-	-	-	-
At fair value through Other Comprehensive Income						
Investment	263.99	678.82	-	-	8,853.75	21,376.76

Management has assessed that Cash and cash equivalents, Other balances with banks, Loans, Trade receivables, Other financial assets, Borrowings, Lease liabilities, Trade payables and Other financial liabilities carried at amortized cost (Level 3) approximate their carrying amounts largely due to the short-term maturities of these instruments.

The financial instruments are categorized into three levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Valuation Methodology

All financial instruments are initially recognized and subsequently re-measured at fair value as described below :

- (a) Trade receivables, cash and cash equivalents, trade payables and other financial assets and liabilities approximate the carrying value due to their short term maturities. Fair value is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in forced or liquidation sale.

- (b) The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Group uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period.
- (c) Fair value of the remaining financial instruments is determined using discounted cash flow analysis, unless the carrying value is considered to approximate to fair value.
