MANAGEMENT DISCUSSION AND ANALYSIS

Global economy overview

The global economy remained resilient in the year 2024 (Calendar Year 2024), expanding at 3.2% (as per IMF World economic outlook, Apr'25). The rapid rise in trade tensions and heightened policy uncertainty are likely to exert a substantial drag on global economic activity. It is estimated to grow by 2.8% in CY2025 and 3% in CY2026, much below the historical average of 3.7% (2000–19) due to global challenges on various fronts. While strong real income growth and lower interest rates boosted activity, weaker government spending, sluggish consumer confidence, and external demand fluctuations restrained growth in some regions.

In advanced economies, the U.S. growth forecast for CY2025 is expected to slow down to 1.8%, on account of greater policy uncertainty, trade tensions and softer demand momentum, whereas the euro area is expected to grow at 0.8%, before rising to 1.4% in 2026 as financial conditions improve. Other advanced economies see stable growth, with recovering incomes offset by trade uncertainties. In emerging markets and developing economies, growth is expected to slow down to 3.7% in 2025 due to various trade measures in recent times. On the back of the recently implemented tariffs and prolonged trade policy uncertainty, China's growth was revised downward to 4% in 2025. India's growth to remain stable at 6.2% in 2025 and 6.3% in 2026 supported by private consumption, particularly in rural areas.

Indian economy overview

The Union Budget 2025-26 strikes a balance between sustaining economic growth and maintaining fiscal discipline. By streamlining regulations, supporting MSMEs, and boosting investments and exports, the budget outlines a clear roadmap toward Viksit Bharat 2047. The budget's emphasis on sectors including tourism, healthcare, and manufacturing will catalyse job creation. The commitment to fiscal consolidation, with a targeted fiscal deficit of 4.4% for FY26, strengthens India's path to debt sustainability. These measures are expected to stabilize the macroeconomic environment, encouraging private sector participation and investment. Overall, the budget lays a strong foundation for long-term economic resilience and growth.

Indian Economy Outlook

India to remain relatively insulated against the global shocks in the near future and continue to grow strongly. The structural long-term growth story for India remains intact driven by favourable demographics and stable governance. According to the IMF's World Economic Outlook Report, India is expected to maintain its position as the fastest-growing major economy. Growth will be driven by continued expansion in the services sector and a boost in manufacturing, supported by government efforts to enhance infrastructure and streamline tax policies.

Strong Addition in Investor Base continues

India's economic transformation over the past few decades is a narrative of rapid growth and evolving financial landscapes. Central to this story is the rise of capital markets, catalysing capital formation for the real economy, enhancing the financialisation of domestic savings, and enabling wealth creation. Investor participation has been a contributor, with number of investors growing from 2.3 crore in FY15 to 19.2 crore in FY25, increasing at a CAGR of 23% for the decade.

Post-COVID, one of the most striking developments has been the surge in retail investor participation, reflected in the sharp increase in new demat accounts opened over the years. In FY 2021, the total number of demat accounts stood at 5.5 crore, which increased to 19.2 crore by FY 2025, growing at a CAGR of 37%. In the last fiscal year, approximately 4.1 crore demat accounts were added, with CDSL, India's largest depository, contributing 3.74 crore new accounts in FY 2025.

NSE active clients see substantial growth

The financial year 2025 was marked by significant shifts and milestones. The new income tax bill was proposed, foreign institutional investor outflows reached new highs, and India witnessed its largest-ever initial public offering in the form of the Hyundai Motor India IPO. Alongside this, Narendra Modi secured a third term, while Donald Trump's return to power introduced fresh tariff policies that stirred global uncertainty.

During the year FY25, Indian capital market has witnessed strong outflows by FIIs in the secondary market (across the year). However, FIIs primary inflows (mainly IPOs) compensated the outflows to a major extent in initial 9 months till Dec'24. However, the sharp outflows in 4th Quarter of FY25 in secondary market with lower number of IPOs led the yearly number fall to negative. DIIs flows have supported the market and didn't let the market witness the fall which otherwise would have been seen.

Minimal Impact from SEBI's Regulation

FY25 witnessed slew of circulars from SEBI to streamline the market structure and few steps to prevent retail investors from speculation eventually leading to losses (as per SEBI study, 93% of F&O retail investors witnessed losses during the period from FY22 to FY24).

The measures were as below:

- True-to-Label charges by market intermediaries.
- Upfront collection of option premiums.
- Intraday monitoring of position limits.
- Removal of calendar spread benefit on the expiry day
- Increase in the Minimum contract size
- Rationalization of weekly index products
 - Weekly options contracts are to be provided on a single benchmark index of an exchange.
- Increase in margin near contract expiry.

Your company was least impacted due to higher proportion of cash broking vis-à-vis F&O broking revenues compared to discount broking peers.

Capital Market Business

Broking Business

Our Broking revenue was 147111.16 /-thousands and total Income was 153649.84/- thousands.

In FY2025, India saw a significant surge in equity market participation, marked by the establishment of 4.92 crore new NSE clients accounts, up from 4.08 crore in FY24. This growth was driven by bullish market conditions and increased

activity in the Initial Public Offering (IPO) markets. CDSL, India's largest depository, surpassed the 19-crore mark in terms of demat clients, contributing to a cumulative total of 19.2 crores demat accounts as of March 31st, 2025.

Throughout the fiscal year, the Securities and Exchange Board of India (SEBI) introduced several new regulations and initiatives aimed at enhancing market penetration and growth. These initiatives included measures such as Application Supported by Blocked Amount (ASBA), a shortened trade settlement cycle, and extensive investor education campaigns. These regulatory efforts played a pivotal role in encouraging retail investors to actively engage across various product segments, thereby enriching the vibrancy and inclusivity of the Indian capital market ecosystem.

We plan to move to "Phygital Business model" which offers best of both the worlds Through enhanced customer experiences, high-quality advisory, digital initiatives, distribution of assets-based products, system-driven trading products, and network expansion, our business aims to increase scale and remain competitive. 4. Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	Auditor's Response
Revenue Recognition The principal services offered by the Company include broking for equities and depository participant services and syndication. Brokerage revenue is recognised on trade date upon exchange confirmations and income from Syndication is recognized based on agreements with clients and when the right to receive income is established. We identified revenue recognition as a key audit matter because there is a risk of revenue considering the judgments involved in the revenue recognition for services.	In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence: 1. We assessed the appropriateness of the revenue recognition accounting policies, by comparing with applicable accounting standards. 2. We evaluated the design of controls and operating effectiveness of the relevant controls with respect to revenue recognition and accounting for Brokerage and syndication incomes on selected transactions. 3. We performed substantive testing by selecting samples of revenue transactions recorded during the year by verifying the underlying documents. 4. We carried out analytical procedures on revenue recognized during the year to identify unusual variances. 5. We performed confirmation procedures on trade receivable balances at the balance sheet date on a sample basis. 6. We tested, on a sample basis, specific revenue transactions recorded before and after the financial year end date to determine whether the revenue had been recognised in the appropriate financial period.

Information other than the financial statements and Auditor's report thereon

5. The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the financial statements and our Auditor's report thereon.
6. Our opinion on the financial statements does not cover the other information and we do not express and form of assurance conclusion thereon.
7. In connection with our audit of financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.
8. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the financial statements

9. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with the Companies (Accounts) rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
10. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
11. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibility for the audit of financial statements

12. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
13. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than from one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
14. Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.
15. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in the internal control that we identify during our audit.
16. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may be reasonably be thought to bear on our independence, and where applicable, related safeguards.
17. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the Key Audit Matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

“Annexure B” to the Independent Auditor’s Report of even date to the members of My Money Securities Ltd.

Report on the Internal Financial Controls under clause (i) of Sub Section 3 of Section 143 of the Companies Act, 2013 (“the Act”) as referred to in paragraph 2(f) of Report on Other Legal and Regulatory Requirements’ section.

We have audited the internal financial control over financial reporting of **My Money Securities Limited** (“the Company”) as of **March 31, 2025** in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on [the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

b) Basis of Measurement

The financial statements have been prepared on the accrual and going concern basis, and the historical cost convention except where the Ind AS requires a different accounting treatment. The principal variations from the historical cost convention relate to financial instruments classified as fair value through profit or loss.

Fair Value Measurement

Fair value is the price at measurement date, at which an asset can be sold or paid to transfer a liability, in an orderly transaction between market participants. The Company's accounting policies require, measurement of certain financial assets at fair value.

Subsequent to initial recognition, PPE are stated at cost less accumulated depreciation or any impairment losses. When significant parts of PPE are required to be replaced in regular intervals, the Company recognises such parts as separate component of assets.

Depreciation on PPE is computed using the Written-down Value method over the useful life of the asset as defined in Schedule II to the Companies Act, 2013.

i. Current Tax

The current tax is calculated on the basis of the tax rates, laws and regulations, which have been enacted or subsequently enacted as at the reporting date. The payment made in excess / shortfall of the Company's income tax obligation for the period is recognized in the balance sheet as current asset / liability.

ii. Deferred Tax

Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

h) Cash and Cash Equivalents

When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

k) Borrowing Costs

Borrowing costs consist of interest and other ancillary costs that the Company incurs in connection with the borrowing of funds. The borrowing costs directly attributable to the acquisition or construction of any asset that takes a substantial period of time to get ready for its intended use or sale are capitalised. All the other borrowing costs are recognised in the statement of profit and loss within finance costs of the period in which they are incurred.

l) Foreign Currency Transactions and Balances

Transactions in foreign currencies are initially recorded in the relevant functional currency at the exchange rate prevailing at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into functional currency at the closing exchange rate prevailing as at the reporting date with the resulting foreign exchange differences, on subsequent re-statement / settlement, recognised in the Statement of Profit and Loss. Non – Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency using the exchange rate prevalent, at the date of initial recognition (in case they are measured at historical cost) or at the date when the fair value is determined (in case they are measured at fair value) – the resulting foreign exchange difference, on subsequent re-statement / settlement, recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in the other comprehensive income ('OCI') or directly in equity. The equity items denominated in foreign currencies are translated at historical cost.

m) Leases

Company as lessee

The Company recognises a ROU and a corresponding lease liability with respect to all lease agreements in which it is the lessee in the Balance Sheet. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the incremental borrowing rate (as the rate implicit in the lease cannot be readily determined). Lease liabilities include the net present value of fixed payments (including any in-substance fixed payments) and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

Subsequently, the lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments including or when the lease contract is modified and the lease modification is not accounted for as a separate lease. The corresponding adjustment is made to the carrying amount of the ROU, or is recorded in profit or loss if the carrying amount of the related ROU has been reduced to zero and there is a further reduction in the measurement of the lease liability.

ROU are measured at cost, comprising the amount of the initial measurement of lease liability, any lease payments made at or before the commencement date and any initial direct costs less any lease incentives received.

Subsequent to initial recognition, ROU are stated at cost less accumulated depreciation and any impairment losses and adjusted for certain remeasurements of the lease liability. Depreciation is computed using the straight-line method from the commencement date to the end of the useful life of the underlying asset or the end of the lease term, whichever is shorter. The estimated useful lives of ROU are determined on the same basis as those of the underlying asset. In the Balance Sheet, the ROU and lease liabilities are presented separately. In the Statement of Profit and Loss, interest expense on lease liabilities are presented separately from the depreciation charge for the ROU.

Short-term leases and leases of low value assets

The Company has elected not to recognise ROU and lease liabilities for short term leases that have a lease term of twelve months or less and leases of low value assets. The Company recognises lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Company as lessor

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Amounts due from lessees under a finance lease are recognised as receivables at an amount equal to the net investment in the leased assets. Finance lease income is allocated to the periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the finance lease.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight line basis over the lease term.

n) Earnings Per Share (EPS)

The Company presents the Basic and Diluted EPS.

Basic EPS is computed by dividing the profit for the period attributable to the shareholders of the Company by the weighted average number of shares outstanding during the period.

Diluted EPS is computed by adjusting, the profit for the year attributable to the shareholders and the weighted average number of shares considered for deriving Basic EPS, for the effects of all the shares that could have been issued upon conversion of all dilutive potential shares. The dilutive potential shares are adjusted for the proceeds receivable had the shares been actually issued at fair value. Further, the dilutive potential shares are deemed converted as at beginning of the period, unless issued at a later date during the period.
