Dear Sir / Madam,

Sub: Integrated Annual Report for FY 2024-25 and Notice of the 39th Annual General Meeting of Tata Communications Limited

The 39th Annual General Meeting ('AGM') of Tata Communications Limited ('Company') will be held on Wednesday, July 9, 2025 at 11:00 a.m. (IST) through Video Conferencing or Other Audio Visual Means.

Pursuant to Regulations 30, 34(1) and 53(2) of the SEBI (Listing Regulations and Disclosure Requirements) Regulations, 2015, we are enclosing herewith the Integrated Annual Report along with the Notice of the 39th AGM and other Statutory Reports of the Company for FY 2024-25. The same is being sent through electronic mode to those Members whose email addresses are registered with the Company/its Registrar and Transfer Agent (RTA)/Depositories. Further, pursuant to Regulation 36(1)(b) of the SEBI Listing Regulations, the Company is also sending a letter to those shareholders whose e-mail addresses are not registered with the Company/RTA/Depositories, providing the weblink and QR code for accessing the Integrated Annual Report on the Company's website.

The Integrated Annual Report and the Notice of the 39th AGM are also available on the website of the Company at <https://www.tatacommunications.com/investors/results>.

This is for your information and records.

Thanking you,

Yours faithfully,
For Tata Communications Limited

Integrated Report
2024-25

Our Founder

Jamsetji Nusserwanji Tata

March 3, 1839 to May 19, 1904

In a free enterprise, the community is not just another stakeholder in business, but is in fact the very purpose of its existence.

Remembering Mr. Ratan N. Tata

**Padma Vibhushan
Mr. Ratan N. Tata**

December 28, 1937 to October 9, 2024

It is with a profound sense of loss that we bid farewell to Mr. Ratan Naval Tata, a truly uncommon leader whose immeasurable contributions have shaped not only the Tata Group but also the very fabric of our nation.

For the Tata Group, Mr. Tata was more than a chairperson. He inspired by example. With an unwavering commitment to excellence, integrity and innovation, the Tata Group under his stewardship expanded its global footprint while always remaining true to its moral compass.

Mr. Tata's dedication to philanthropy and the development of society has touched the lives of millions. From education to healthcare, his initiatives have left a deep-rooted mark that will benefit generations to come. Reinforcing all of this work was Mr. Tata's genuine humility in every individual interaction.

His legacy will continue to inspire us as we strive to uphold the principles he so passionately championed.

Integrate. Uncomplicate. Innovate.

Imagine a world...where a cement manufacturer aims to reduce its carbon footprint and meet its sustainability targets with agility. A shipping company wants to cut down its operating costs substantially. An aviation company seeks to achieve always-on, anywhere-on connectivity for its crew.

None of these milestones would be possible for the enterprises, without the support of a strong digital foundation —one that underpins everything from cloud infrastructure and network operations to delivering exceptional customer experiences, powered by AI and Innovations.

The global business landscape is undergoing a radical shift, with new challenges and opportunities emerging on the horizon. Delivering a seamless experience is not easy as enterprises face the challenges of integrating and managing a complex array of technologies, often with a mix of legacy tools and infrastructure. Moreover, data silos, fragmented systems and disparate processes make it difficult for them to deliver omnichannel, contextual interactions. Add to it the ever-increasing security and privacy concerns.

By focusing on a strong digital foundation, global businesses can navigate headwinds and set the stage for future growth and innovation.

At Tata Communications, our Digital Fabric aims to remove these roadblocks by offering a unified platform that simplifies management, enhances visibility and provides a secure foundation for building hyperconnected ecosystems.

Given the complexity around lack of omnichannel consistency, need to deploy solutions across technologies, privacy concerns etc., coupled with the customer’s requirement to be future ready, our Digital Fabric provides Real-time, Always-on, Anywhere-on, Seamlessly Collaborative, Integrated Data Analytics and Intelligence, helping our customers stay ahead of the curve.

Our digital fabric brings together tools and expertise that can help businesses simplify large digital infrastructure, uncomplicate their IT estate and provide more visibility and control across various infrastructure systems including network, cloud and security. It facilitates the exchange of data, information and intelligence across diverse digital systems and applications.

About the Report

Our Integrated Annual Report adheres to the framework and guiding principles established by the International Integrated Reporting Council (‘IIRC’). It demonstrates our overall strategies and initiatives to the management of our business, creating value for our customers and other stakeholders.

Integrated Thinking in Action

We apply integrated thinking to shape our response to:

- Material matters that affect our ability to create value
- Short, medium and long-term priorities across financial and non-financial outcomes
- Strategic resource allocation to strengthen competitive resilience
- Sustainability imperatives including climate action, digital inclusion and human capital development

Our six capitals are integral to this process and determine how we set targets, measure outcomes and manage trade-offs. These capitals—financial, manufactured and intellectual, natural, human, social and relationship—are consistently referenced across this Report.

Our Reporting Framework

This Report is prepared in accordance with the guiding principles and content elements of the International Integrated Reporting Council (‘IIRC’) Framework, with disclosures mapped to the Global Reporting Initiative (‘GRI’) Standards where applicable. Financial and statutory disclosures comply with the following:

- The Companies Act, 2013
- Indian Accounting Standards
- SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015
- Secretarial Standards issued by the Institute of Company Secretaries of India

The sustainability content aligns with internationally recognised disclosure practices and reflects our environmental, social and governance (‘ESG’) priorities across operations. The sustainability KPIs are disclosed in detail on our website through [ESG Addendum](#) and the [GRI index](#).

Reporting Period

This Report covers the 12-month period (April 1, 2024 to March 31, 2025). Where relevant, comparative data from earlier periods has been included to provide a contextual perspective.

Reporting Scope and Boundary

This Report covers Tata Communications’ global operations and includes relevant information on our subsidiaries, associates, and key operating geographies where it is material to our performance and value-creation narrative. Any exclusions or boundary limitations are disclosed in the relevant sections.

Assurance

Financial disclosures presented herein have been audited by S. R. Batliboi & Associates LLP, our Statutory Auditor. Sustainability disclosures have undergone limited assurance by BSI Group India Private Limited. The Board of Directors and Management have reviewed the accuracy and completeness of all material content in this Report.

Our Approach

We continue to adopt integrated thinking as a cornerstone of our strategy and operations. Material matters are identified through stakeholder engagement and mapped to our strategy and capital allocation decisions. This integrated approach enables us to articulate how we deliver on our purpose, respond to external forces and manage interdependencies between financial and non-financial performance.

Feedback

We welcome feedback and dialogue with our stakeholders.

- For ESG-specific queries: EOHS@tatacommunications.com

Forward-looking Statement

Certain statements in this Report regarding our business operations may constitute forward-looking statements. These include all statements other than statements of historical facts, including those regarding the financial position, business strategy, management plans and objectives for future operations. Forward-looking statements can be identified by words such as ‘believes’, ‘estimates’, ‘anticipates’, ‘expects’, ‘intends’, ‘may’, ‘will’, ‘plans’, ‘outlook’ and other words of similar meaning in connection with a discussion of future operating or financial performance.

Forward-looking statements are necessarily dependent on assumptions, data or methods that may be incorrect or imprecise and that may be incapable of being realised and as such, are not intended to be a guarantee of future results but constitute our current expectations based on reasonable assumptions. Actual results could differ materially from those projected in any forward-looking statements due to various events, risks, uncertainties and other factors. We neither assume any obligation nor intend to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Who We Are

Transforming Enterprises Through our Digital Fabric

At Tata Communications, we are driving the future of a hyperconnected world. Evolving from a traditional telecom provider to a Digital Fabric innovator, we simplify complexity, enhance security, and elevate digital experiences—empowering businesses to thrive in the digital-first era.

Our comprehensive portfolio spans next-generation connectivity, cloud services, customer interaction solutions, IoT, media services and cybersecurity, all underpinned by our robust global network infrastructure. Our digital fabric of solutions integrates advanced platforms, tools and technologies to simplify complexities and help enterprises unlock new possibilities in a rapidly evolving digital landscape.

Through our global network accessible from over 190 countries and territories, we enable seamless communication, secure data exchange and intelligent connectivity. Guided by our ethos of innovation and sustainability, we are committed to reducing environmental impact, promoting inclusive growth and creating long-term value for all stakeholders.

Vision

To deliver a New World of Communications™ to advance the reach and leadership of customers as a global digital ecosystem enabler.

Shared Ambition

To achieve profitable growth and become a leading digital ecosystem enabler in the eyes of our customers and the industry.

Mission

To enable enterprises to succeed in the new world of digital (technologies and business models) by being borderless and always available (to our customers and partners).

DRIVE Ahead Behaviour

Daring | Responsive | Inclusive | Venturing | Ethical

- Ownership and accountability
- Collaboration
- Can-do attitude and growth mindset
- Being agile
- Innovation and problem solving
- Continuous learning and skill transformation

What Inspires Us Everyday

Our transformative journey over the years

Global provider of wholesale voice and submarine bandwidth

Launch of Re-imagine Strategy

Global leader in digital ecosystem solutions through a Digital Fabric

Why Tata Communications?

Because evolved hyperconnected ecosystems is the future

From the convergence of media to AI powered customer engagement, from the rise of hybrid workplaces to the acceleration of borderless commerce, enterprises today demand scale, agility, intelligence and seamless integration. We stand at the confluence of these transformative shifts – driving strategic expansion, sustained growth and responsible operations.

Our strategy is shaped by this evolving enterprise landscape, where integration and intelligence are no longer optional but foundational. Guided by disciplined capital allocation, platform integration and a purpose-led approach to growth, we are executing with clarity and conviction. Our ambition to double data revenue is built around a multi-dimensional scale – expanding enterprise relevance while staying true to responsible business principles. We are strengthening digital infrastructure, accelerating the integration of acquisitions and capturing the full potential of cloud, AI and IoT.

With a future-ready Digital Fabric, deep domain expertise, and a trusted global presence, Tata Communications is the partner of choice for enterprises navigating the next frontier of digital transformation.

Global leadership in digital infrastructure solutions

We are providing seamless, high-speed and secure connectivity across the globe through our extensive network and agile digital infrastructure. We have the ability to connect cloud to cloud, data centre to cloud, user to cloud as well as within and across cloud in minutes, with a superior customer experience.

Acquisitions accelerate capability enhancements

Our recent acquisitions, which include The Switch and Kaleyra, have strategically expanded our reach and product offerings. The Switch enhanced our production capabilities and presence in North American media and entertainment market, while Kaleyra strengthened our Customer Interaction portfolio capabilities. These integrations aim to increase revenue and leverage our infrastructure.

Rising data revenue share, growing relevance

Data drives 84% of our revenue, validating our transformation into a digital solutions provider. Our enterprise customers are investing in cloud, security, next-gen connectivity, Media and IoT solutions, which are cumulatively driving the expansion of our digital portfolio. The digital portfolio comprises 47% of our data revenue and is growing significantly (21.4% CAGR) since FY 19-20.

A healthy order book, with a growing funnel

We have a healthy order book with a robust funnel driven by sectoral tailwinds and customer trust. New order wins are well-distributed across verticals, geographies and offerings. The increase in order book is owing to our continuous investment in portfolio expansion and capacity expansion of our sales division. This diversity, combined with long-term contracts and customer loyalty, provides stable revenue and sustainable growth.

Led by experience, built for scale

Leadership continuity has been vital in powering our transformation journey. Our management team brings domain expertise, execution focus and a shared vision for a sustained future. Powered by a proven track record of delivering on capital allocation, integration and profitable growth, the leadership team has consistently balanced ambition with a disciplined approach. The stewardship has been vital in reshaping our portfolio and instilling a performance-led culture.

Sustainable by design

We are building a digital future that is inclusive, responsible and climate-conscious. Our commitment to be Net Zero by 2035 is backed by measurable actions, including reductions in Scope 1 and Scope 2 emissions, increased use of renewable energy and investments in green infrastructure. ESG principles are embedded across our supply chain, governance practices and portfolio innovation. Our approach to sustainability is strategically aligned with customer expectations and long-term stakeholder value.

Letter from the Chairman

I believe that we are well-placed to lead in India and compete globally. Our focus on innovation, putting customers first and building a sustainable future will continue to shape our journey ahead. As we look forward, I am confident in our ability to drive meaningful impact and unlock long-term value for all our stakeholders.

Dear Shareholders,

I feel immensely pleased and honoured to share my thoughts with you for the first time as the Chairman of the Board and present the Integrated Annual Report of Tata Communications for the financial year 2024-25.

With an overarching objective to empower enterprises by connecting them seamlessly, protecting their digital ecosystems, and driving innovation through cutting edge technologies, your Company is committed to delivering advanced, integrated solutions that not only respond to today's business demands but also anticipate the challenges of tomorrow. Your Company's robust digital fabric combines infrastructure, platforms and services through an orchestration and management layer that enables enterprises to uncomplicate their digital infrastructure, transform their cost structure and unlock new growth avenues. We are well-positioned to drive digital transformation for enterprises with Innovation, AI, Automation and Sustainability built into our business model.

Performance

Operating in an increasingly unpredictable macro environment, your Company achieved consolidated revenue from operations of ₹23,109 crore for FY 24-25 and our profit margins were stable. The Board has accordingly proposed a dividend of ₹25 per share for FY 24-25 subject to the approval of the shareholders.

Navigating Geopolitical Headwinds

Moderate global growth, changes in the geopolitical scenario, including tariffs worldwide and uncertainties surrounding sanctions, pose challenges. Your Company continues to navigate these challenges and remains resilient. While these tariffs may impact IT spending for our customers, the Company is confident in overcoming these obstacles through the value additions it has demonstrated to its customers across all its fabrics.

Future is Hyperconnected

Enterprises today need secure, flexible networks that can adapt to evolving business demands and ensure seamless user experiences. The shift to hybrid cloud, rising compliance needs, and the growth of AI, IoT, and edge technologies are accelerating demand for advanced cloud networking and digital transformation solutions. Tata Communications' product and services portfolio delivers curated and effective solutions that address these client needs.

Your Company's progress rests on strategic investments in technology, partnerships and sustainability.

On the technology front, Tata Communications is advancing next-generation technologies including its Cloud fabric, AI and IoT. For example, the newly launched Tata Communications Vayu, seamlessly integrates Infrastructure as a Service ('IaaS'), Platform as a Service ('PaaS'), AI Platform, Security, Cloud Connectivity and professional services into a single, intelligent ecosystem.

For the 11th consecutive year, Tata Communications has been recognised as a leader in the 2024 Gartner® Magic Quadrant™ for Global WAN Services. Your Company's growth strategy has been to successfully migrate customers to higher revenue bands, while maintaining execution brilliance.

This effort is reflected in us being an Industry Leader with a Net Promoter Score ('NPS') of 82, indicating strong customer support and loyalty.

Elevating our Sustainability Quotient

Our commitment to inclusive and sustainable growth extends beyond business. In line with Project Aalingana – the Tata Group's unified commitment to a greener, more sustainable future – Tata Communications is proud to play its part through focused initiatives around skill development, community well-being, climate action, circular economy and water stewardship, integrating environmental responsibility into our core business strategy. Our CSR programmes promote digital literacy and STEM learning in underserved communities, while initiatives in employability and women empowerment are helping build resilient livelihoods. We are also stepping up our efforts in climate action and water conservation – through afforestation drives, watershed development and

sustainable water management programmes across high-stress regions, like Nanneer Lake Restoration in Tamil Nadu.

Internally, we are taking decisive steps to reduce our environmental impact and build a future-ready, responsible enterprise. Our pledge to achieve Net Zero by 2035 across our global operations remains a goal that anchors all our efforts. We are proactively mitigating climate change by reducing GHG intensity, with a consistent year-on-year decline in GHG emissions per million in revenue. Our investments in energy efficiency projects across offices and networking centres have already saved 9.8 million kWh of energy, enhancing operational sustainability. As we power digital progress, we remain equally committed to creating a more equitable, connected and sustainable world. Your Company has set an absolute emission reduction target validated by Science Based Targets initiative ('SBTi') and is executing operational improvements to achieve it.

Enabling AI

You Company has accelerated its vision through use of AI across its Network fabric, Cloud fabric and Customer Interaction Suite. The use of AI will help us optimise performance, enhance network monitoring and speed up our decision making, thereby increasing reliability and efficiencies across our solutions.

Leading the Way

The growing demand for digital services opens exciting opportunities for your Company. With strong positions in Network, Cloud & Security, Interaction, and IoT, I believe that we are well-placed to lead in India and compete globally. Our focus on innovation, putting customers first and building a sustainable future will continue to shape our journey ahead. As we look forward, I am confident in our ability to drive meaningful impact and unlock long-term value for all our stakeholders.

On behalf of the entire Board, I extend our heartfelt gratitude to Ms. Renuka Ramnath, who retired this year as our Chairperson and Independent Director, for her invaluable guidance and steadfast leadership over the past decade. Her contributions and leadership have left a lasting impact. As we look to the future, I am pleased to warmly welcome Ms. Sangeeta Anand, Mr. Sujit Kumar Varma and Mr. P. Jagdish Rao to the Board—we look forward to their insights and partnership on our journey ahead.

In closing, I extend my heartfelt gratitude for your continued support and trust in Tata Communications, as it accelerates its engine of innovation and sustainable growth.

Regards,

N. Ganapathy Subramaniam
Chairman

Message from MD and CEO

Sustaining our growth momentum

Your Company is enabling enterprises worldwide by providing secure, agile and scalable digital infrastructure solutions. With global network accessibility from over 190 countries and territories, your Company is well-positioned to drive digital transformation for enterprises.

Dear Shareholders,

It is my privilege to present Tata Communications' Integrated Annual Report for the financial year 24-25. As we reflect on the year, I am proud of the progress we have made in delivering innovation, resilience and sustainable growth, despite global macroeconomic uncertainties and shifting global trade dynamics. As the world continues to redefine the boundaries of connectivity and intelligence, Tata Communications has moved forward with purpose, strengthening our position as the digital fabric of enterprises around the globe. Notwithstanding the operational headwinds and potential delays in enterprise decision-making, our differentiated digital fabric continues to reinforce our relevance to customers positioning us well for FY 25-26 and beyond.

Accelerating strategic transformation

In FY 24-25, we advanced our vision of enabling hyperconnected ecosystems with a sharp focus on financial fitness and deepening our capabilities in AI, cloud, cybersecurity, IoT and next-generation connectivity. Our commitment to driving value creation has been reflected in our financial performance.

A key highlight of the year was robust growth in our digital portfolio revenue, maintaining strong momentum over the past two years. Our Enterprise revenue from both the domestic and international markets also saw good YoY growth. Our order book has grown significantly YoY, and is now well diversified, reflecting our successful transformation over time.

During the year, our consolidated revenue from operations reached ₹23,109 crore, reflecting a 11.2% year-on-year growth. Our data revenue, which forms the backbone of our business, grew by 13.7% YoY to ₹19,513 crore, while digital portfolio revenue surged by 29.5% YoY.

Our strategic interventions, including the divestment of non-core assets such as Tata Communications Payment Solutions Limited, land parcel monetisation at Ambattur and enhanced subsidiary profitability, have strengthened our balance sheet and sharpened our focus on high-growth areas. These efforts reduced our net debt-to-EBITDA ratio to 2.06x, nearing our goal of below 2x.

₹23,109 crore
consolidated revenue from operations

29.5%
year-on-year growth in Digital Portfolio

Our Vision for the digital fabric

Over the past year, we have taken decisive steps to evolve into a global communications technology player. From cloud-first innovation to intelligent networks, from immersive media solutions to sustainable connectivity, our focus has been on creating competitive advantage for enterprises through our digital fabric.

A milestone moment this year was the launch of Tata Communications Vayu — our AI-powered cloud fabric to address the challenges of rising cloud costs, multi-cloud complexities and AI infrastructure demand. We also

A key highlight of the year was robust growth in our digital portfolio revenue, maintaining strong momentum over the past two years. Our Enterprise revenue from both the domestic and international markets also saw good YoY growth. Our order book has grown significantly YoY, and is now well diversified, reflecting our successful transformation over time.

continued to invest in strengthening our core network infrastructure, enhancing cybersecurity capabilities with zero-trust frameworks and delivering unified experiences across industries. This transformation positions us to meet the growing demands for integrated solutions that bridge network, cloud, IoT, and interaction fabrics, ensuring our customers remain competitive in an AI-driven future.

Segment-wise overview

Each segment delivered an exceptional performance in FY 24-25, reinforcing our leadership across diverse domains.

41.6%
year-on-year revenue growth in FY 24-25 in IoT fabric

13.4%
year-on-year revenue growth in FY 24-25 in next-generation connectivity

10.5%
year-on-year revenue growth in FY 24-25 in cloud fabric

Network Fabric

In FY 24-25, our Network Fabric, encompassing core and next-generation connectivity, delivered a robust performance. Driven by strong demand for data centre-to-data centre (DC-to-DC) connectivity, we achieved a steady year-on-year revenue growth of 3.2%. Our next-generation connectivity portfolio recorded an impressive 13.4% year-on-year growth, with our IZO™ Hybrid WAN and IZO™ Multi-Cloud Connect solutions driving large-scale network transformations. The latter achieved a revenue CAGR of over 50% over the past three years, securing strategic contracts across BFSI, automotive and airline sectors. Our transformation of the Tier 1 network into a software-defined, AI-enabled platform with 99.8% first-time-right deployments and 95%+ proactive fault diagnosis has strengthened our global scale, delivering predictable performance and SLAs across 150 countries.

Interaction Fabric

The Interaction fabric, which includes collaboration and managed Communications Platform as a Service ('CPaaS') solutions, experienced a 51.9% growth aided by inorganic investments. Throughout the year, we expanded our offerings to include programmable voice, video, Rich Communication Services ('RCS'), and WhatsApp channels, while investing in channel and customer journey orchestration, boosting interaction intelligence through our Kaleyra.ai platform.

Cloud Fabric

The Cloud fabric delivered an impressive 10.5% year-on-year revenue growth for the year, driven primarily by a major contract announced earlier in the year. Our security offerings have seen a strong order book, particularly in the BFSI sector.

IoT Fabric

Our IoT fabric, an incubation portfolio, achieved a remarkable 41.6% year-on-year revenue growth in FY 24-25. This was driven by the addition of new vehicles to our platform and a significant increase in data usage on our Tata Communications MOVE™ platform. These developments are encouraging indicators of our strategy to drive platform growth in this segment.

Media and Entertainment Portfolio Success

The media portfolio recorded a 4.1% growth year-on-year in FY 24-25. Our partnership with World

Athletics was another defining moment for us last year. As part of this, Tata Communications will manage broadcast operations and production for all World Athletics events from 2025 to 2029, kicking off with the Indoor Championships in Nanjing and the prestigious World Championships in Tokyo. With this partnership, we aim to enhance the fan experience, making every jump, sprint and marathon more accessible and engaging to audiences worldwide.

Embedding AI at the core of our business

We are embedding Artificial Intelligence at the core of our business to unlock transformative value across innovation, customer experience and operational efficiency. We view AI not just as a tool for operational efficiency but as a strategic lever to drive innovation, enhance customer experience and unlock new growth opportunities. By infusing AI at all levels of digital fabric, we are accelerating growth and unlocking new possibilities. Our AI Centre of Excellence is driving the adoption of AI across products, platforms and internal processes, while our AI Academy is upskilling talent across business units to deliver high-impact, domain-specific use cases. We are also working with ecosystem partners to bring diverse AI-powered solutions to the market. With AI-led innovations in areas such as Conversational AI for customer interactions and network security, we are not only transforming how we work but also helping enterprises unlock new value from their digital investments.

Unlocking value through strategic acquisitions

Our strategic acquisitions prior to FY 24-25 are yielding significant benefits. The integration of Kaleyra into our CIS business has been seamless and with the launch of Kaleyra.ai, we are enabling enterprises enhance customer communications through AI- powered workflows and templates. Kaleyra has also expanded its footprint, acquiring new customers in the UK and Europe, including leading enterprises across geographies.

Similarly, The Switch has been successfully integrated into our Media and Entertainment Business, securing significant customers in the US college sports, e-sports and global video provider segments, further strengthening our global presence.

Building a Responsible Company

Tata Communications' sustainability strategy focuses on three pillars viz., People, Planet and Community. This strategy is centered around robust corporate

governance and aims to create long-term stakeholder value and sustainable growth. The Company emphasises its commitment to social well-being, environmental stewardship, community engagement and ethical governance, aligning with the UN Sustainable Development Goals and the Tata Group Sustainability Strategy.

Your Company also helps create sustainable livelihoods, supporting women and underserved young citizens with skills training and entrepreneurship opportunities across various regions. These initiatives are aligned with the Tata Group's ethos of trust and responsibility.

In today's fast-moving world, it is essential for your Company to build a workplace where diversity and inclusion thrive. That is how we stay agile and innovative. We also place strong emphasis on supporting our people's growth—through focused training and leadership programmes that not only attract top talent but also create a culture where everyone can learn, lead and succeed together.

Enabling an exciting and empowering future

Our execution remains robust as ever, reflected in our digital data growth, combined with rising revenues and increased cash flow. We are committed to adding value to our customers by empowering them to navigate their hyperconnected ecosystems with confidence. Looking ahead, we will sharpen our focus on staying relevant by investing in innovative product offerings and expanding our portfolio in step with evolving customer needs.

We are truly honoured for the recognition that we received this year. We won the prestigious JRD QV Award under the category of 'Industry Leader', a reflection of our pursuit of quality, innovation and the Tata values that inspire and guide us. We were also recognised across key domains by analysts including Gartner, IDC, ISG, Juniper Research and Frost & Sullivan during the year. These included leadership positions in global WAN, UCaaS, SD-WAN, IoT and CPaaS. These honours signal the growing relevance of our platforms and the value we deliver to our customers worldwide.

As businesses around the world reinvent themselves, the need for them to invest in robust and secure digital infrastructure remains critical—even in the face of global macro headwinds. Tata Communications is well-positioned to be their trusted partner in

this transformation. We will continue to invest in strengthening our product portfolio and embedding AI to power intelligent, future-ready solutions. Our sharpened sales and marketing efforts have yielded tangible outcomes, with a steady rise in million-dollar customers over the past five years, a momentum we are focused on accelerating across both India and international markets. Internally, we are simplifying our processes and leveraging AI to drive operational efficiency and deliver richer customer experiences. As we grow, we remain deeply committed to our ESG goals—advancing environmental sustainability, social equity and good governance. A special highlight this year has been the phenomenal volunteering efforts of our employees, which earned us the prestigious Tata Engage Award. This is a true testament to our culture of purpose and community impact, and we will continue to focus on expanding our efforts to give back to society.

We remain committed to staying ahead of the technology curve, with the support of our customers, colleagues, partners, investors and the wider stakeholder fraternity. Your trust in our vision and capabilities fuels our ability to create amplified value in the emerging digital era.

Regards,

A. S. Lakshminarayanan
Managing Director & CEO

We are integrating AI across our digital fabric, customer interfaces, and operations to enhance efficiency, elevate service delivery, and strengthen our value proposition. Advanced AI/ML engines not only understand current operations but also anticipate future needs, creating a smarter, more adaptive infrastructure.

By harnessing AI-driven automation and data-powered insights, we are optimising performance, improving network monitoring and enabling smarter decisions—delivering greater reliability and a superior customer experience.

Network Fabric

Tata Communications' Network Fabric is a composable, high-speed, on-demand and intent-based platform. We are revolutionising network management through advanced AI and analytics. By embedding these powerful capabilities, we provide predictive and proactive assurance processes, allowing us to anticipate and resolve potential issues before impacting customer operations. Also, our AI-driven traffic pattern observation services further empower customers to proactively manage their network resources, aligning its performance seamlessly with customers' unique business cycles. Moreover, we are transforming customer experience with Generative AI agents. These intelligent agents enable early engagement with customers and dynamically deliver solutions with a Market-Based Pricing tailored to specific countries and cities. This approach ensures a more responsive, transparent and efficient journey in identifying the right solution for unique needs of each customer.

Integrating

Tata Communications Beacon Platform

AI/ML is already transforming how enterprises orchestrate hybrid infrastructure and Tata Communications Beacon puts that power directly into the hands of operations teams. Instead of drowning in alarms and fragmented dashboards, Tata Communications Beacon uses pattern mining and AI-based correlation to surface the root cause. Built on the pillars of Discoverability, Manageability and Security, it enables Network Agnostic Fault and Performance Prediction across WAN, LAN and wireless environments.

The platform uses AI/ML based correlation of Network Alarms and uses Sequence Pattern Mining for detecting the zone of fault (overlay or underlay) or predicting the occurrence of fault in advance with greater prediction accuracy and higher coverage. Tata Communications Beacon does not just show what is happening, it can act on it too. The platform democratises AI through its ML Studio interface, enabling customers to accelerate their AI/ML maturity journey and advance towards cognitive network capabilities. With ML Studio interfaces, teams can visualise alarm clusters, predict degradation and trigger auto-resolution workflows without needing a data science background.

Cloud Fabric

Tata Communications Vayu Cloud*

Tata Communications Vayu Cloud is a unified, high-performance platform that seamlessly connects cloud to edge, data to AI and security to connectivity, eliminating complexity across the enterprise. Purpose-built for agility and efficiency, it enables frictionless data movement, real-time insights and effortless technology integration. With end-to-end tools for data management, experimentation, training, fine-tuning and deployment, Tata Communications Vayu Cloud harmonises data, tools and AI workflows while ensuring consistent performance across centralised and decentralised environments.

Tata Communications Vayu AI Cloud harness AI's potential through a comprehensive platform that delivers a powerful suite of capabilities featuring large-scale GPU computing, LLM operations and serverless functions, that enable enterprises to build, train and deploy models at scale with maximum efficiency.

Tata Communications Vayu Edge*

Tata Communications Vayu Edge is a cloud- and infrastructure-agnostic, multi-access edge platform designed to power advanced business use cases with unmatched flexibility and scale. Expertly managed and highly secure, it enables seamless deployment and management of applications anywhere, backed by near-zero downtime assurance. It supports the deployment of AI models and algorithms at the edge, enabling local processing and inference. Offering a comprehensive solution that spans edge infrastructure, platform, network, managed services and industry-specific use cases, Tata Communications Vayu Edge empowers real-time analytics and decision-making at the edge. It unlocks new possibilities for innovation, helping businesses thrive in a fast-paced, data-driven world.

Interaction Fabric

Kaleyra AI

Kaleyra AI is a next-generation platform designed to elevate customer engagement, streamline workflows and unlock strategic insights with the power of Generative AI. It empowers businesses to deliver exceptional, personalised experiences effortlessly—fueling go-to-market strategies and accelerating growth. With AI-driven intelligence at its core, Kaleyra AI transforms every interaction into a meaningful touchpoint, making customer journeys more impactful and memorable.

The platform simplifies data visualisation by generating dynamic, insightful charts and graphs in seconds, while AI-powered conversations eliminate the manual grind of reporting—saving time and boosting productivity. It offers a unified view of data across all channels, enabling faster, smarter decision-making. With its intuitive no-code interface, users can build conversational assistants in minutes—no technical expertise required. Just upload your files, and the assistant is ready to deliver accurate, business-specific responses in a natural, conversational tone.

IoT fabric

AI Driven Use-cases

Our IoT fabric seamlessly integrates sensor data across multi-network environments through a robust IoT platform, forming the essential data backbone for AI and analytics. This plug-and-play solution enables effortless remote monitoring, real-time visibility, and intelligent control of connected devices. With scalable device management, API-based application integration, and a powerful analytics engine, it empowers faster, smarter decision-making. The platform's built-in Generative AI capabilities allow users to generate customised dashboards and reports using natural language queries, making data interaction intuitive and efficient. Supporting a growing suite of AI-driven use cases focused on safety and security, the platform enables applications such as asset tracking, smart lighting control, temperature and humidity monitoring and diesel generator performance management.

*Tata Communications Vayu branded services are available in India only.

Our 'Fit-to-Grow' and 'Fit-to-Compete' strategies drive disciplined capital allocation, margin improvement, and strategic investments - creating superior stakeholder value and enhanced investor returns. The value generated is channelled into growth engines, innovation, emerging technologies, sustainability and CSR initiatives - supporting inclusive growth, environmental responsibility, and long-term business resilience.

Our digital fabric integrates seamlessly with our customers' ecosystems, offering a secure, scalable, and globally consistent digital infrastructure. It builds trust, enables co-creation, supports employee-driven innovation and compliance across regions and drives better business financial outcomes. This shared foundation also advances sustainability goals for us and our customers.

Our talent strategy is deeply aligned to support business growth by building the skills needed for our digital solutions. We invest in learning programmes and talent mobility to develop these niche capabilities, helping teams drive innovation in areas like cloud and AI operations. Skilled people are key to delivering resilient, scalable services and continuous innovation.

Long-term supplier and community partnerships help strengthen ESG compliance, protect biodiversity, and supply clean energy across our operations. We work closely with customers, suppliers and communities to create shared value through collaboration and transparency. Our solutions help build strong digital infrastructure and support a more sustainable future.

Our climate-smart products and solutions support key environmental goals like Net Zero by 2035, reduced water use, and ESG-aligned operations. These efforts lower impact across our value chain, strengthen financial resilience, and build investor trust. CSR and employee volunteering further drive climate action and community development.

Why we engage	How we engage
Our people are the backbone of our organisation, driving growth and profitability through their dedication.	- Tata Communications Learning Academy, certifications and workshops - Town halls and all-hands meetings - Well-being initiatives for mental, physical and emotional health - Quarterly performance coaching and feedback sessions
Customer engagement boosts revenue, enhances brand value, and guides innovation and operational excellence.	- Customer satisfaction survey - Customer experience centre visits - Mass media, website, social media - Tata Communications Executive WeConnect / CXO Connect - Technology Showcases and interactive discussions - Customer Co-Innovation programme
Their financial support powers our business expansion and long-term success.	- Annual general meetings - Participation in investor roadshows - Quarterly earning conference calls - Analyst and Investor meetings and events - Press releases, Stock Exchange intimations and Media announcements - Investor Relations mailbox
They ensure our compliance and help maintain business continuity through alignment with laws and standards.	- Seminars and forums for discussion on key matters - Open house discussions - Consultation Process - Statutory compliances, filings
They enable operational efficiency and sustainability through collaborative practices.	- Periodic supplier reviews, audits and surveys - Workshops, training sessions and webinars - Engagement for showcase of innovation projects and initiatives
They foster community ties and support inclusive socio-economic development.	- Societal upliftment programmes - Global Employee Volunteering Program
They help communicate our performance, share insights and shape public understanding of our strategic direction.	- Quarterly earnings conference calls - Analyst and Investor meetings and events - Press releases, Stock Exchange intimations and Media announcements - Media interviews

Financial

Strategy Fuelling
Resilient Growth

With our strong business fundamentals, we have implemented multiple strategic measures to expand our capacity for future opportunities and realign our assets for long-term, profitable growth.

Our financial strategy is built to deliver sustainable growth, resilient performance and long-term shareholder value. Anchored in the Fit to Grow and Fit to Compete frameworks, we continue to strengthen our balance sheet, optimise capital deployment and drive disciplined expansion. Strategic investments in digital infrastructure, product innovation and operational efficiency position us to scale with speed while maintaining robust return ratios and enhancing capital productivity. This approach ensures we remain agile, competitive and well-positioned to generate attractive returns for our investors.

FINANCIAL FITNESS MODEL EMPOWERING SCALABLE GROWTH

Enhancing financial stability

Financial discipline remains central to our growth strategy. Through efficient capital allocation, streamlined operations and improved cashflow visibility, we have built a strong financial framework to support business growth and reinvestment.

Our structured approach – featuring zero-based budgeting, proactive working capital management and strategic asset monetisation ensures capital is allocated effectively towards high-growth areas. A balanced debt portfolio, aligned with our interest rate hedging strategy, improves financial stability by mitigating market risks and optimising cost structures.

With resilient cash flow management, we continue to prioritise liquidity and capital efficiency to fund innovation, expansion and long-term value creation.

Investing in Innovation and Infrastructure

To support this disciplined financial approach, we are making targeted investments in cable systems and underlay maintenance, ensuring the reliability and scalability of our core infrastructure. Simultaneously, we are expanding our global connectivity solutions to meet growing demand, particularly in Tier 2 and Tier 3 cities. Our focus on AI-driven solutions and hyperconnected networks is enabling the development of intelligent, real-time and seamless digital experiences. These investments are critical to enhancing service delivery, expanding market reach and positioning us for long-term leadership in a hyperconnected world.

“FY 24-25 has been a year of purposeful realignment and sharper strategic focus. Through decisive portfolio restructuring, including the exit from non-core and underperforming businesses, we have redirected capital towards high-margin, digital-led opportunities. These moves, alongside disciplined capital management and asset monetisation, have strengthened our cash flow, improved operational efficiency and positioned us to drive sustainable and profitable growth. Our financial strategy remains focused on margin improvement with incremental efficiencies invested back for long-term value creation.”

Kabir Ahmed Shakir

Gross Revenue

(₹ in crore)

EBITDA

(₹ in crore)

Net Debt to EBITDA

(in times)

PAT

(₹ in crore)

RoCE

(in %)

EBITDA Margin

(in %)

Our RoCE, EBITDA Margin and other KPIs have moderated due to certain management actions taken over the past two years, though performance remains aligned with expectations. The margin pressure was driven by increased provisions in parts of the SAARC region, impacted by geopolitical factors, and from performance of our subsidiaries and recent acquisitions. Despite these factors, our core EBITDA margins for FY 24-25 remained steady at 23.3%. The new integrations, Kaleyra and Switch are nearing inflection points, with synergies expected to materialise in the coming quarters.

We also monetised land assets and divested from our payment solutions business and NetFoundry™, enhancing profitability and reducing net debt. Continued debt reduction and profitability improvements are expected to support RoCE growth, with key metrics returning to target ranges as we are realising the synergies.

Unlocking Growth: Key Revenue and Profitability Drivers

Revenue Drivers

Our revenue growth is underpinned by the strength and diversity of our digital fabric portfolio, which includes: Network fabric; Interaction fabric; Cloud fabric; IoT fabric; and specialised Media industry solutions.

Each of these domains contributes uniquely to our top line, driven by increasing customer relevance, expanding solution capabilities and strategic investments in new platforms and services. These efforts are translating into a growing share of enterprise wallets.

We are expanding the breadth and depth of our market participation through:

- Entry into new solution areas and customer segments
- Engagement with new buying centres
- Enhanced alignment between our executive team and customer decision-makers
- Increased participation in RFPs, with improved capability-to-need matching

Our go-to-market strategy is focused on both, **acquiring new accounts** and **deepening relationships with existing clients**, ensuring sustainable revenue momentum. The market opportunity remains immense. While we are market leaders in India, we are still challengers in international markets—offering significant headroom for growth.

Profitability Drivers

Our profitability is being driven by a combination of scale, strategic focus and operational efficiency:

- Operating Leverage:** As we scale, we benefit from improved cost efficiencies and margin expansion.
- Business Model Optimisation:** We are undertaking multiple strategic initiatives to enhance long-term value creation, including:
 - Review and potential monetisation of non-core assets
 - Strategic evaluation of business areas with limited long-term leverage
 - Reassessment of subsidiary performance and alignment with core objectives

These initiatives aim to realign our asset base, improve resource utilisation and support investments in growth areas—helping to gradually strengthen profitability alongside revenue.

Together, these efforts reflect a dual approach to growth—**organic**, through internal efficiencies and strategic focus and **inorganic**, through asset optimisation and portfolio realignment—ensuring a resilient and scalable path to sustained profitability.

Strategic Expansion through M&A

Our mergers and acquisitions ('M&A') approach is guided by a flexible framework that prioritises strategic alignment over fixed predefined targets. We evaluate inorganic opportunities based on their ability to:

- Expand our product portfolio
- Broaden our geographic footprint
- Strengthen our market position

These principles have consistently shaped our recent acquisitions of Kaleyra, The Switch and Oasis, ensuring alignment with our long-term growth objectives and value creation goals.

The acquisitions of Kaleyra and The Switch have boosted digital services to over 47% of overall data revenues, aligning with our medium-term growth goals. These integrations unlock new customer segments, enhance product capabilities, improve cross-selling potential and increase enterprise wallet share.

Bridging Trust for our Investors

Our transparent and consistent communication with our shareholders and investors is key to their long-term growth and value creation.

We keep our investors well-informed about various developments within the organisation including the strategy, corporate goals, financial and ESG imperatives, overall direction of the Company and the management actions taken towards achieving these goals through Quarterly Earnings Calls, Annual Investor Day, Meetings and Conferences; Roadshows, one on one interactions and Q&A sessions. The CEO and CFO also participate in meetings with select marquee investors. These engagements offer investors a clear perspective on the business from senior leadership.

Number of shareholders

Focused Outreach to Institutional Investors

We are committed to building lasting partnerships with both our Domestic Institutional Investors ('DIIs') and Foreign Institutional Investors ('FIIs') who believe in our vision and share our confidence in the Company's long-term growth potential.

60+

Institutions and analyst houses attended the Annual Institutional Investor and Analyst Day in June 2024

Investor meetings

This year, we significantly enhanced our investor engagement through increased outreach and deeper interactions. The Investor Relations team, along with senior leadership, participated in multiple investor conferences and meetings. Our Annual Institutional Investor and Analyst Day saw strong participation from around 60 institutions and we expanded our global presence through non-deal roadshows across India, Singapore, Hong Kong and the UAE.

Simplifying our digital fabric of solutions for Investors

One of our key goals this year was to demystify our digital fabric. We focused on driving investor education by simplifying the complexities of our digital services and platforms. By breaking down the intricacies of our business, we helped investors gain a deeper understanding of what we do and how we simplify digital transformation for enterprises.

Leveraging Investor interactions to shape Strategy

Our quarterly earnings call Q&A sessions have become a key platform for investor engagement. They not only help us share updates on our financial performance, but also offer insights into investor priorities, market trends, and how our messaging is received. These interactions serve as a feedback loop, helping us refine our approach and stay aligned with stakeholder expectations.

Enhancing Shareholder Experience

Over the past year, several initiatives have been introduced by our Registrar and Transfer Agent to improve shareholder experience and service delivery. Key enhancements include:

These technology-driven improvements reflect our commitment to delivering a seamless, responsive and secure experience for our shareholders—ensuring they remain informed, empowered and well-supported.

Sustainable Value Creation

A strong balance sheet and disciplined capital management underpin our ability to maximise our current footprint, while seeding new opportunities. With unwavering focus on scalable investments and cashflow optimisation, we are creating long-term value for all those who have a stake in our progress.

Economic performance

In line with our sustainability approach, we track the capital flow across stakeholders and the broader economy. Over time, our economic performance has improved, adding value through employee benefits and community spending. The ESG Addendum provides detailed insights, while the below graph illustrates our contribution to stakeholder value creation over the years.

Tata Communications' Digital Fabric is designed to build hyperconnected ecosystems by seamlessly integrating multiple layers—Network Fabric, Cloud Fabric, Interaction Fabric, and IoT Fabric. This integration empowers enterprises to develop applications that enhance employee collaboration, elevate customer experiences and deliver intelligent, connected solutions—all built on a robust foundation of connected infrastructure.

By unifying infrastructure, platforms and services, our Digital Fabric enables fast, uninterrupted interactions, enhanced security, reduces complexity and provides scalability for our customers.

Ultimately, it is the trust, encouragement and continued support of our global customers and stakeholders that drive our innovation and execution. Simply put, our Digital Fabric aims to offer peace of mind in an increasingly hyperconnected world.

Agile service offerings for a hyper-connected world

Network Fabric

Our Network Fabric delivers a future-ready, resilient and programmable network with global reach.

Core Connectivity

We have continued to make strategic investments in expanding the geographic reach and technical capabilities of our network and services to meet the growing demand for high-bandwidth and diverse connectivity solutions across geographies.

Key Solutions

Offers secure, high-uptime bandwidth between specific business locations in customers' networks, ensuring continuity and minimising the risk of unauthorised data access.

Ideal for organisations requiring maximum security and reliability with a dynamic workload for sensitive data transmission.

Offers industry-leading service levels across six continents through multiple submarine cable systems. The diverse cable path ensures uninterrupted services even in the case of cable outages and disaster situations.

Ideal for businesses and service providers requiring high-speed, reliable, scalable internet access and cloud connectivity globally.

Ensures stringent security measures to protect both the core network and client services. Advanced segmentation and traffic isolation prevent unauthorised access to sensitive data.

Ideal for enterprises requiring a secure, private and compliant solution for global communication and data exchange.

Appreciation that Inspires Us

What truly stands out about Tata Communications is their remarkable capability to swiftly provide the required bandwidth to meet on-demand needs for short periods of time immediately. We are highly satisfied with the Bandwidth on Demand service and support provided by Tata Communications.

Next-Gen Connectivity

We enable businesses to navigate through their digital transformation needs with scalable, on-demand, agile and multi-cloud enabled solutions.

High-impact advancements in FY 24-25

01 IZO™ Multi Cloud Connect

We introduced IZO™ Multi Cloud Connect Network Hub and VNFaaS (VNF as a Service) to address customers' multi-cloud, large and complex cloud landing zone problem.

02 IZO™ Multi Cloud Network

We introduced a full-stack cloud networking solution called IZO™ Multi Cloud Network, which includes IZO™ Multi Cloud Connect and IZO™ Multi Cloud Network ensuring seamless cloud access, frictionless application management and granular security.

03 Network As a Service Capability

We integrated Network as a Service with IZO™ Multi Cloud Connect and IZO™ Multi Cloud Network to deliver new differentiated offerings by seamlessly incorporating multi-cloud connectivity into the existing enterprise architecture of the customers. This integration enhances operational efficiencies and provides global connectivity for users.

04 Extended Access Flexibility for IZO™ Internet WAN

We are continuously developing our integrated solutions to expand our coverage through both wireline access and Low Earth Orbit ('LEO') satellite connectivity to offer fast deployment and high-speed back-up alternatives for expanded reach and resilience.

05 Managed Wi-Fi and LAN Services

Coupled with our existing WAN and SDWAN portfolio, we started to provide and integrate LAN to WAN offerings for customers during the year under review.

Digital-first enterprises need seamless, secure, and agile networks that simplify end-to-end user to cloud application experience management. Our Cloud Connectivity solutions, powered by full stack of IZO™ Multi Cloud Connect and IZO™ Multi Cloud Network Solutions eliminate the distance between users and applications, reducing friction and building trust. This coupled with Integrated LAN-to-WAN solutions, our global coverage with wireline & LEO satellite-based access and Network as a Service ('NaaS') offerings in underlay connectivity solutions, enable this flexible, end-to-end enterprise networking architecture.

Cloud Fabric

Our Cloud Fabric delivers purpose-built cloud solutions designed for simplicity, scalability and enhanced control.

Cloud and Cybersecurity

Our comprehensive and fully managed cloud solutions optimise cloud investments by enhancing agility, visibility and control. We offer tailored cloud solutions, specifically designed to align with diverse business models of our clients.

Throughout the financial year, the IZO™ Cloud Platform and Managed Cloud Services underwent key improvements. These strategic enhancements focused on elevating cloud efficiency, accelerating innovation, delivering greater cost savings and enhancing scalability for businesses engaged in digital transformation.

Key improvements

- On-demand, pay-per-use ensured to manage resource and increase cost efficiency
- Advanced dashboards for real-time spend insights
- Expanded Platform as a Service offerings to include managed databases, messaging tools and AI services
- Shared Kubernetes control plane enabling scalability and reliability for applications.

Tata Communications Vayu - A Future-Ready Cloud

Tata Communications Vayu Cloud offers a unified, purpose-driven architecture designed to address the increasing cloud expenses, the complexities of multi-cloud environments and the expanding need for AI infrastructure. This purpose built solution brings cloud, AI and edge into one single platform by integrating Infrastructure as a Service ('IaaS'), Platform as a Service ('PaaS'), AI platforms, security, cloud connectivity, and professional services into a single ecosystem, eliminating management complexities. It enables cost efficiency through transparent pricing and multi-cloud flexibility.

Advantages of Tata Communications Vayu

- Sovereign environment ensures full regulatory compliance
- Single pane of glass across hybrid cloud ecosystems
- Software defined cloud gateway for on demand cloud connectivity
- AI-powered solutions equipped with future-ready tools

Cybersecurity Solutions-Achieving Cyber Resilience

Our integrated cybersecurity portfolio—covering network, cloud and endpoint security, along with advanced threat intelligence—enables organisations to proactively manage evolving digital risks. Built on industry-leading frameworks like Zero Trust and MITRE ATT&CK®, our solutions deliver predictive threat detection, rapid incident response and enhanced regulatory compliance. Through Security Consulting and Managed Services, we have strengthened clients' cyber resilience, safeguarding over 50,000 remote users and mitigating thousands of DDoS attacks. These intelligent, scalable solutions reinforce our role as a trusted partner in secure digital transformation.

Our Threat Intelligence Advisory Services provide customers with actionable insights into emerging risks, ransomware trends and threat actor behaviour, helping them stay ahead of cyber adversaries. We also support regulatory compliance and data privacy across sectors including BFSI, healthcare, and manufacturing. We have enhanced our DDoS (Distributed Denial-of-Service) protection offering through AI-driven threat detection and response. We protected over 12,000 customer profiles from DDoS attacks globally, mitigating more than 7,000 such attacks. This adaptive learning continuously refines threat signatures, minimising false positives and responding to evolving attack patterns. AI-powered traffic behaviour analysis identifies anomalies in volumes, patterns and request frequencies, automating signature generation and deployment. This automation blocks malicious traffic within 60 seconds and improves incident response times.

Our disaster recovery automation service ensures business continuity by detecting failures, triggering failover workflows and enabling single-click recovery.

40-50%

Improvement in incident response time

Recovery Time Objectives are reduced from hours to minutes, while automated reporting of disaster recovery drills and compliance enhances operational resilience. Tata Communications remains committed to empowering businesses with the tools and intelligence needed to navigate today's complex cyber landscape—ensuring operational continuity, customer trust and long-term digital resilience.

“

As digital ecosystems continue to evolve, we are strengthening our Cloud and Cybersecurity capabilities with advanced AI and zero-trust architectures. In 2025, we introduced Tata Communications Vayu — our AI-powered cloud infrastructure built to transform enterprise IT. With a firm commitment to innovation, we aim to deliver intelligent and future-ready solutions that enable businesses to innovate securely and sustainably in a hyperconnected world.

Bhaskar Gorti

Executive Vice President – Cloud and Cybersecurity Services

PITTI

Ensuring business continuity through Managed Cloud services

Pitti Engineering Limited is one of India's largest manufacturers of electrical steel laminations and precision machine components. They cater to diverse sectors with strong domestic and international presence.

Business challenge

Frequent outages disrupted ERP operations, affecting core functions such as demand planning and warehouse management. Ageing on-premise infrastructure led to downtime, revenue risks and operational inefficiencies. Managing the outdated data centre consumed significant IT resources.

Our impactful solution

To ensure business continuity, we migrated Pitti Engineering's critical SAP workloads to a robust AWS cloud environment. The managed public cloud service for AWS offered:

- Increased availability for critical workloads
- Improved ERP runtime performance
- Increased IT resource efficiency
- Cost efficiency through optimised cloud architecture
- Future ready infrastructure to support Pitti's IoT roadmap

Key Outcomes

20%

Improvement in runtime performance

25%

Cost savings due to optimisation

40%

IT efforts saved

Interaction Fabric

Our Interaction Fabric powers intelligent, seamless, and scalable engagement across multiple channels.

Customer Interaction Suite ('CIS')

We enable enterprises to drive efficiency and elevate user experience seamlessly across every touchpoint. The AI-powered integrated solution supports hyper-personalised campaigns, orchestration, intelligent care and actionable insights to achieve business outcomes. The Kaleyra acquisition has broadened our CIS offerings, empowering businesses to craft more engaging customer interactions through the power of Communications Platform as a Service and Contact Center as a Service.

Building impactful interactions

The integration of artificial intelligence through Kaleyra AI portfolio helps enterprises streamline their customer experiences and boost efficiency. It automates time-consuming, repetitive and non-value activities, thereby reducing response time while enhancing Net Promoter Score and engagement rates. The generative AI analytics capabilities enhance visibility into enterprise performance through a natural language interface.

The Kaleyra integration has helped in:

Increasing revenue streams

Geographic expansion

Product expansion

Building operational efficiencies

Empowering Last-Mile Delivery through CIS

Founded in 2007, Flipkart is among India's largest e-commerce platforms, offering over 150 million products in more than 80 categories. With a customer base exceeding 500 million and 1.4 million sellers, it has expanded digital retail through innovations like Cash on Delivery, zero-cost EMIs, and simplified return processes. With the company in its growth phase, focusing on customer experience became a priority.

Improving every interaction

Customer experience drives retention, conversion and lifetime value. We enabled Flipkart with a customised CIS offering designed to optimise last-mile delivery communications while ensuring privacy, compliance and high availability. Our solution effectively tackled Flipkart's challenges by:

- Significantly decreasing response times for reported issues
- Proactively planning infrastructure, particularly for major events such as Big Billion Days
- Considerably improving delivery rates through enhanced call connection rates, outperforming competitors

We partnered with Flipkart in their growth phase from:

70 to 80

Unified Communications as a Service (‘UCaaS’)

Tata Communications GlobalRapid: Elevating Unified Collaboration

Tata Communications continues to strengthen its leadership in the Unified Communications as a Service domain through Tata Communications GlobalRapid—a comprehensive managed services platform purpose-built for the hybrid workplace. Tata Communications GlobalRapid enables enterprises to deliver seamless, secure and scalable collaboration experiences across diverse application platforms and devices, backed by a robust, carrier-grade voice underlay.

Our end-to-end managed services—spanning assessment, migration, deployment and ongoing support via a self-service portal—simplify the enterprise digital transformation journey. With an enterprise-grade cloud voice infrastructure, PSTN replacement in 58 countries, fraud mitigation capabilities and integration with platforms such as Microsoft Teams, Cisco Webex, and other leading OEMs, we empower global organisations to boost productivity while achieving meaningful cost efficiencies. Key innovations introduced include Tata Communications JAMVEE, our in-house cloud telephony solution, and India Operator Connect/India Webex Calling—solutions tailored for compliant cloud communication within India. These offerings come fully integrated with fixed-line and internet telephony services, including calling licenses, certified devices, seamless migration, and full-stack managed services.

Advanced Voice and Communication Solutions

We continue to enhance our enterprise voice portfolio, focusing on intelligent, customer-centric solutions. Our advanced call routing engine supports time-based rules, percentage-based traffic distribution, and Global Emergency Reroute, ensuring operational resilience and uninterrupted connectivity. These capabilities are further augmented by features such as IVR, secure call recording, sentiment analysis, real-time performance monitoring, and customer feedback

Whether for contact centres, conferencing, or enterprise-wide communication, Tata Communications delivers scalable, secure and intelligent voice solutions tailored for the evolving demands of global enterprises.

Appreciation that Inspires Us

“We rely on Tata Communications GlobalRapid Unified Communications as a Service (UCaaS) to support our global collaboration requirements. Tata Communications played a pivotal role in facilitating Microsoft Teams and enabling Voice through their Tier 1 Global SIP Network, ensuring a smooth and hassle-free transition, thanks to their consultative approach.

Currently, Tata Communications connects our extensive workforce of over 6,000 employees spread across 26 locations worldwide. Their platform has enabled us to achieve a seamless collaboration experience for our global workforce.

We are highly satisfied with the level of service and support provided by Tata Communications. Their expertise and commitment have been invaluable.

Debashis Rout, IT Infra, GEP

IoT Fabric

Our IoT Fabric offers a simple, smart and secure solution to connect, manage, and scale IoT ecosystems.

Connected Solutions

Our solutions are people-first, planet-first and deliver intelligent, safe, secure and sustainable outcomes across diverse industries and global environments. It provides integrated and access agnostic secured connectivity, devices, data management and analytics solutions.

IoT

As enterprises reimagine their digital infrastructure for greater agility and efficiency, we are enriching our IoT offerings with targeted AI and ML integrations. These enhancements drive smarter automation, deeper insights, and more adaptive IoT ecosystems. From smart manufacturing to connected urban infrastructure, our IoT services are evolving to deliver actionable intelligence and automation at scale. We provide AI as both, a standalone product and as an extension to existing solutions.

Video Analytics

We introduced video analytics and video management platform that supports 25+ pre-built AI use cases designed for manufacturing, retail and urban environments. The platform provides ‘video-in-a-box’ demos with built-in analytics, in-house AI-ML models and ability to on-board third-party AI models.

Worker Safety Analytics

Our worker safety solutions are embedded with predictive analytics to support proactive safety and security management for compliance monitoring and improving productivity. Key metrics generated include location information, emergency signalling, immobility detection, access control and productive time.

Solutions for Smart Cities

We provide a suite of smart street-lighting and smart utilities solutions, aiding energy optimisation, consumption forecasting, theft prevention and carbon footprint reduction.

IoT Platform

We have introduced GenAI-based chat assistance, so users can interact with the platform to create dashboards and reports on demand.

IoT Exhibition

Enhancing Workplace Safety with SafePass™

The Dolvi plant of JSW Steel Limited, spanning 1,400 acres, required a comprehensive safety solution to monitor worker movement, prevent safety incidents and ensure swift emergency response. To fulfil this objective, we implemented SafePass™ in the coke oven department, equipping workers with our IoT-enabled safety device to improve visibility, security and efficiency. This comprehensive solution offered real-time visibility of the movement and safety of each employee in each work zone, with the ability to react instantly to any anomaly or incident.

Key advantages of SafePass™

Measurable impact

Over the past year, SafePass™ has directly contributed to the prevention of safety incidents at Dolvi Coke Oven plant, reinforcing its role in enhancing workplace safety and operational oversight.

Safe, Secure and Sustainable

Our IoT solutions enable real-time data transfer to enhance operational efficiency and create a low-maintenance, resilient system that facilitates smarter decision making.

Smart light controllers for streetlights

help optimise energy consumption by enabling intelligent dimming and lux level adjustment

Smart energy meters

empower users to make informed decisions regarding energy consumption, thereby promoting efficiency

Smart gas meters

help in reducing gas consumption by detecting gas leakage and recognising changes in consumption patterns

Smart water meters

help reduce water consumption by detecting water leakage and enabling smart decision-making

Our private 5G solution supports mission-critical IoT applications through ultra-low latency, high availability, secure and scalable deployment. Key use cases include video based quality inspection, Automated Guided Vehicles, Push-to-Talk, and drone-based use cases. We have strategic partnerships with leading global players across edge computing, network equipment OEMs, cloud platforms, cybersecurity and device manufacturers to ensure seamless delivery.

Tata Communications MOVE™

The Tata Communications MOVE™ platform enables multi-modal connectivity with its intelligent connectivity management and data enablement capabilities for IoT and consumer devices. Our customers are utilising our patented AI technology to precisely deliver software over-the-air campaigns. We have also expanded the 5G and Volte coverage globally to improve the latency and network speed.

Enabling Mission-Critical Connectivity with Tata Communications MOVE™

SATEL is the world's leading expert and innovator in wireless networking technology, focusing on development, manufacturing and sales of high-quality wireless connectivity solutions. SATEL needed a global partner to enable uninterrupted mobile network connectivity for its MCCU-20 device, which integrates UHF (Ultra High Frequency) and LTE (Long Term Evolution) for Real-Time Kinematic based Global Navigation Satellite System applications.

Reliable, Scalable Connectivity

We integrated the Tata Communications MOVE™ platform into their flagship MCCU-20 device, enabling seamless global connectivity for mission-critical operations in the agriculture, mining and construction sectors.

Key improvements

- The precise navigation and real-time monitoring helped drive significant savings in fuel, time and resources
- Helped streamline eSIM activation with global prepayment plans, eliminating the need for local subscriptions or physical SIM cards
- Enabled future portfolio expansion to include advanced connectivity options

Appreciation that Inspires Us

At SATEL, we believe in forging enduring partnerships built on trust, reliability and mutual growth. Our collaboration with Tata Communications exemplifies this commitment to long-term success. As we look ahead, we envision a future where our partnership continues to evolve and thrive, driving innovation and delivering exceptional value to our customers. With Tata Communications as our trusted supplier and partner in mobile connectivity, we are confident in our ability to meet the evolving needs of our customers for the next decade and beyond.

Media and Entertainment

We offer end-to-end managed services for video contribution, production, distribution and monetisation — designed to meet the needs of broadcasters, content owners and sports rights holders in the media landscape. The MediaHub, our unified, cloud-based media supply chain platform and network infrastructure capabilities of The Switch provide end-to-end live video production and transmission, delivering immersive experiences to viewers across devices.

Digital transformation services for traditional media companies

Cloud migration services for complex video workflows in legacy organisations

Host broadcast services to fulfil the entire production workflow for large sporting federations

To know more about MediaHub, refer: <https://www.youtube.com/watch?v=oXYkW4HUWf8&t=20s>

Media Production — The Way Forward

Efficient production operation is fundamental to a media brand's ability to create compelling stories and narratives from venues and studios. Cloud-based and distributed production allows media organisations to overcome resource-intensive processes and complexities of traditional production.

- Key benefits of remote production**

 - ▶ Reduced costs for equipment and talent transportation to venues
 - ▶ Improved production quality by centralising key talent at hub locations
- ▶ Increased scope for innovation through centralised deployment of new technology
 - ▶ Improved quality of life for production talent
 - ▶ Significant reduction in carbon footprint of media productions

Managing distribution for
3,000+ TV channels globally

100G Uncompressed global media backbone

AI-powered transformation

The adoption of AI in Media has reached an inflection point, unveiling new opportunities across our service offerings. Gen-AI use cases are being effectively implemented in production, as we manage end-to-end workflows across the entire media value chain. Some of our Gen-AI enabled solutions include:

- ▶ Content localisation by subtitling and dubbing of content to reach a wider audience base
- ▶ Intelligent object detection in moving frames to drive automated tracking
- ▶ Automated creation of sporting and entertainment highlights to improve speed to market
- ▶ AI-assisted content moderation and quality control leading to faster publishing and compliance

Appreciation that Inspires Us

“

Our partnership with Tata Communications is very important because we have made this four-year cycle in our sport a real focus on innovation. They have an unparalleled track record for delivering world-class live content across multiple platforms and will deliver an innovative and engaging product for our audiences across the globe, a product that is already exciting broadcasters.

Uncomplicating Customer Relationships

Customers are central to our purpose and progress. Our focus lies in nurturing long-term, value-driven relationships by understanding their evolving needs and delivering tailored, high-impact solutions. We combine cutting-edge technology, service excellence and a consultative approach to empower our customers to stay ahead in a rapidly transforming digital landscape.

Executive WeConnect

Our flagship customer engagement platform, Executive WeConnect, brought together over 100 C-suite leaders from our large enterprise accounts this year in New Delhi and Bangalore. Themed ‘Weaving the Future’, the event revolved around the idea of our digital fabric, a seamless, intelligent layer of connectivity, cloud and collaboration that empowers businesses to thrive.

What Happened on the Ground?

Attendees explored interactive demos across our solution portfolios and took part in high-energy panel discussions on

- ▶ Reinventing Customer Experience with Generative AI
- ▶ The Future of Automation
- ▶ Building Next-Gen Cloud Infrastructure
- ▶ Rethinking Network Connectivity for Modern Applications

“

We are proud to be the trusted partner driving our customers’ digital transformation journeys through our distinctive Digital Fabric. By aligning our innovation with their ambitions, and delivering agile and scalable solutions, we continue to forge deeper partnerships, unlock new markets, and accelerate growth across industries. Our growing base of Million Dollar customers and industry-leading NPS scores is a reaffirmation of our growing relevance and engagement with our customers, and we look forward to accelerating this momentum in the year ahead.

Executive WeConnect

Imbibing Innovation

To foster a culture of innovation in Tata Communications with emphasis on embedding impactful Innovations and AI into everything we do.

Our Innovation Pathway

Mapping 'Jobs' to 'Capabilities'

Our innovation initiatives are strategically driven to support business goals. The Corporate Venturing and Innovations Group ('CVIG') spearheads the Open Innovation programmes. The CVIG curates a portfolio of initiatives, such as AI-driven projects and solution to emerging customer challenges, leveraging the power of technology to build capabilities across products, services, processes and people. These initiatives are strategically aligned with evolving customer needs, emerging markets, new consumption models and platform developments.

We have adopted the 'Jobs-Capability framework' to strategically guide our investment and project decisions, ensuring a balanced focus on both incremental and disruptive innovations across various time horizons.

Our Open Innovation Strategy

Customer Co-Innovation

Our Customer Co-Innovation programme leverages Tata Communications’ digital fabric-led innovation engine to drive collaborative growth with strategic customers. Through thought leadership workshops and focus on art of the possible, we co-create innovative solutions that address evolving business challenges for customers in today’s dynamic digital landscape. This collaborative model has resulted in impactful use cases, fuelling revenue growth for digital fabric and strengthening enterprise relationships.

47 Strategic customer engagements

97 digital fabric led workshops

Research Collaboration and Development

Our six dedicated labs focus on critical technology domains such as IP and wireless, edge and cloud computing, IoT, cybersecurity and other disruptive technologies. These labs lead research and incubation, advancing next-generation technologies both, internally and through global collaborations with leading universities, and academia. By partnering with academic experts and leveraging cutting-edge research, we develop targeted, high-impact solutions to address complex, industry-specific challenges.

7+ University collaborations

6+ Labs and Center of Excellence

Ideation and Incubation

Our flagship Shape the Future (‘STF’) programme fosters a culture of innovation and out-of-the-box thinking across the organisation. It comprises 3 key initiatives—STF Disrupt, STF Think-A-Thon and STF Sprints.

STF Disrupt serves as an internal entrepreneurship platform, driving the creation of new businesses and products while embedding an entrepreneurial mindset and innovation-driven culture within the organisation.

STF Think-A-Thon addresses customer centric issues, fostering a culture of problem-solving and innovation within a defined time-frame.

STF Sprints enables us to fast-track innovation by crowd-sourcing solutions to complex and non-obvious problems faced by different business units.

40+ Innovation projects in the funnel

Innovation Ecosystem Engagement

We are expanding collaboration with major Innovation hubs in India and globally, alongside key players such as venture capital firms, start-ups, accelerators and industry bodies to provide early access to ‘sunrise’ technologies, market beating innovations and new business models. This enables open innovation initiatives that leverage our digital fabric to develop emerging and future-ready capabilities.

100+ Start-ups onboarded

100+ Customers acquired via partnership-led innovation products

Emerging tech bets

Generative AI

Generative AI (‘Gen-AI’) is transforming productivity by enabling rapid extraction of unstructured data, reducing manual effort and accelerating response times. It streamlines document creation by adapting existing content, cutting turnaround from days to hours. At Tata Communications, we are embedding Gen AI across core processes to enhance employee experiences, power our AI Cloud offering and elevate our customer interaction suite. These innovations are driving faster, smarter and more adaptive operations—both within our organisation and for our customers.

Key Propositions Co-Created

Augmented Reality-enabled Assisted Sales and Remote Assistance:

A comprehensive platform that integrates augmented reality with live video to create personalised, interactive product experiences, enhancing customer confidence and speeding up conversion rates. It also empowers technicians to solve complex problems more effectively by providing real-time, hands-free expert assistance and live visual annotations, reducing the necessity for on-site visits, thereby boosting customer confidence and accelerating conversion rates.

Agentic AI: Our Agentic AI solutions, powered by the newly launched Tata Communications Vayu AI Cloud, autonomously execute complex tasks, enhancing customer experience while significantly reducing service costs.

Drone-based Analytics: An AI-powered autonomous drone solution that streamlines warehouse inventory audits (indoor) and monitors safety and security compliances (outdoor) such as PPE detection, perimeter surveillance, among others with real-time accuracy.

Tata Communications’ digital fabric platform serves as a unified control layer across hybrid infrastructure—spanning WAN, LAN, IoT and more. It offers a single pane of glass for discoverability, manageability and security across the enterprise landscape. By breaking down silos, it empowers enterprises to act decisively and scale securely. In a world where an average user navigates 9+ portals and 50+ touchpoints for a single configuration change, our digital fabric simplifies this with embedded AI tools, delivering one-click control through a single interface.

Multimodal Connectivity

Our solutions enable customers to seamlessly integrate and analyse data across voice, text, images, video and sensors—unlocking smarter decision-making, streamlined automation, and richer interactions. We provide intelligent switching and aggregation across satellite, Wi-Fi and cellular networks to support a wide range of use cases with reliable, adaptive connectivity.

Connected Travel Platform: Tata Communications’ Connected Travel e-SIM platform offers seamless global connectivity for consumers and enterprises.

Our acquisition strategy is focused on strengthening our competitive edge by targeting high-impact opportunities that align with our long-term vision and growth priorities. Strategic acquisitions, such as Kaleyra and The Switch, have significantly enhanced our capabilities, broadened our market reach and deepened our ability to serve evolving customer needs. These integrations have brought valuable talent and complementary technologies into our ecosystem, while also unlocking synergies that drive innovation, accelerate go-to-market efforts and open new cross-selling opportunities across our portfolio.

Tri Pham

Executive Vice President - Corporate Strategy Head

Sustainability Strategy

Our sustainability strategy is built on three core pillars: **People**, **Planet** and **Community**, with **Governance** integrated across all initiatives. We align environmental priorities with operational efficiency, supporting our goal of achieving net-zero emissions by 2035.

Integrated Sustainability Framework

Governance structure for sustainability

We have a robust governance framework to embed sustainability targets within enterprise-level decision-making. Oversight mechanisms define responsibilities and enable consistent tracking of performance across functions.

Governance Level	Role and Function
Board and CSR, Safety & Sustainability Committee	Reviews strategy and environmental outcomes periodically
Global Management Committee	Conducts monthly reviews of sustainability targets and addresses gaps
Corporate Scorecard	Tracks environmental KPIs for alignment with business operations

Initiatives that translate strategy into action

Multiple initiatives, frameworks and projects are implemented to operationalise environmental goals through integration with financial and operational levers. These tools support internal accountability and align sustainability with growth objectives.

Framework description	Impact
Sustainability-Linked Loan Framework	Links financing terms to environmental target achievement
Internal Carbon Pricing (ICP)	Enables capital planning by assigning an internal cost to emissions
Supplier Sustainability Framework	Applies ESG metrics to procurement and supply chain processes
Community Carbon Offset Projects	Facilitates verified decarbonisation activities with traceable impact

Transparent Reporting for informed decision-making

ESG and Sustainability metrics are disclosed through established global standards, enabling comparability and supporting stakeholder analysis of long-term performance and risks.

Framework / Rating	Performance Description
EcoVadis	Bronze rating (79 th percentile)
S&P CSA - Telecom Sector	70 th percentile
CDP 2024	Score: A-
Net Zero Transition Report	Aligned with IFRS S2 and CDP Technical Note
GRI, BRSR, IIRC	Reporting standards adopted
UN Global Compact	Annual progress submitted

Stakeholder input shaping priorities

Stakeholder engagement drives materiality assessments and programme design, ensuring alignment with regulatory expectations and operational relevance.

Stakeholder Group	Engagement Mechanism
Customers	Feedback channels and survey analysis
Investors	ESG disclosures and regular reporting touchpoints
Regulators	Compliance documentation and policy input
Communities	Participation in regional initiatives and offsets

Employees

-Enabling enterprises with a future-ready talent pool

At Tata Communications, our global talent pool serves as the principal catalyst to accelerate our transformational journey. Our comprehensive employee training and engagement programmes continue to keep our people motivated, while upskilling them across multiple domains.

HR strategy

Our HR strategy is anchored to mutually deliver business growth derived from our digital fabric which emphasises on solutions-oriented offerings, helping enterprises succeed in the hyper connected ecosystem backed by strong product and value proposition. To aid this, crafting exceptional employee experiences, ensuring inclusivity and collaboration has been at the forefront. Through innovative platforms, we create a vibrant ecosystem, where every team member can thrive.

Our robust performance management process enables employees to set SMART goals based on the organisation's strategic imperatives. These imperatives

are cascaded to the teams, enabling the development of focused functional goals.

To develop employees and thereby enhance their performance, future capabilities and skills, our Coaching Conversation mechanism encourages managers and employees to engage in forward-looking dialogues. Our assessment framework is closely aligned to our **DRIVE Ahead** behaviours that accelerates growth.

We also believe in rewarding employees for their performance, association and contribution to goals - strengthening employee ownership and motivating them towards long-term growth.

Our focus areas

Enhancing employee value proposition

We enhance our employee experience through engagement surveys, robust diversity and inclusion practices and career development through our Tata Communications Learning Academy and Talent Management platform.

Effective workforce planning

Our Workforce planning platform (Workforce Studio) supports strategic workforce planning by leveraging real-time data and simulations in the direction of our business strategy on talent demand and supply. This helps the business achieve long-term and short-term goals and in skill development, leading to streamlined hiring and internal talent mobility.

Enhancing social fabric

Strengthening our 'social fabric' is imperative to aid our 'digital fabric' which integrates our Network, Cloud, IoT and Interaction fabrics elevating the value proposition for our enterprises in the digital world. As we drive our digital transformation, empathy, belonging, appreciation and commitment to employee experience become key to strengthening our social fabric.

“

At the core of our transformation lies an unwavering trust in our people. Our learning architecture is designed to meet evolving business needs while enabling individuals to explore, learn and thrive. Our focus remains on creating meaningful career pathways through internal mobility, personalised growth journeys and performance-driven coaching. We see our workforce as contributors and co-creators in a digitally interconnected world.

Aman Gupta

Chief Human Resources Officer

Driving innovation with Talent at the core

In a constant endeavour to attract and retain industry-relevant talent to drive innovation and sustainable growth in a rapidly evolving digital landscape, we leverage advanced AI-enabled hiring processes to identify the right talent, aligned with Tata Communications' goals and values.

Internal First Approach

We promote internal movements by enabling employees transition into high-demand roles leading to enhanced career mobility and opportunities for internal talent.

66%

Roles filled through Internal Talent Mobility in FY 24-25

Succession Planning

Our succession strategy focuses on proactive planning and future-readiness to ensure smooth leadership transitions and sustained growth.

A talent mapping exercise is in place to ensure a ready pipeline of incumbents for key leadership roles. This also involves establishing talent profiles on the capabilities, areas of improvement and growth trajectory followed by development interventions to be role ready.

Creating a future-ready workforce

In today's rapidly evolving workplace, building future skills and embracing technology are essential to staying role-ready and enabling internal talent mobility. Our tailored programmes address this need directly. The 'Future Role Development Journey' prepares employees for their aspired roles by building relevant skills and knowledge, while 'Future Forward' focuses on imparting knowledge on the top 20 future skills. Both programmes offer personalised learning paths, combining online courses and knowledge checks to ensure employees are equipped for future roles and challenges.

100

Future Roles identified under Future Role Development Journey

3,800+

Participations in Future Forward Programme

Fostering a Culture That Inspires

We are committed to nurturing a work environment where our teams feel motivated, supported and empowered. By fostering open communication and a strong, inclusive culture, we continuously enhance the employee experience. This commitment has led to remarkable outcomes—our engagement scores have consistently surpassed those of global best employers for three years, reaching an impressive 83%. We also continue to be in the top quartile of engagement globally among 2,600 companies worldwide across various sectors.

Voice of our people

“

I appreciate the rewarding and enriching experience of working at Tata Communications. The Company's supportive and empowering culture, combined with its dedication to work-life balance and professional growth, aligns perfectly with the Tata Group's values. As a proactive self-starter, I value the collaborative spirit and independence encouraged here; it feels like being part of a supportive extended family.

Prachi Khadri

Manager, Service Delivery & Management

Together forward

To support employees from merged entities, our refresher sessions are designed to ensure both employees and managers are well-integrated and supported within the organisation.

Sustained Employee Connects

To strengthen our Social Fabric, we encourage an environment to allow meaningful dialogue between employees across levels and leaders. Some of the key initiatives falling under this ambit are - **In it to Win It** (Middle Management + Leadership), **Unplugged Conversation** (Junior Management + Leadership) and **Leading with Lakshmi** (CEO led connects).

Our tailored interventions across levels have led the overall attrition dip as compared to Industry Standards, at

11%

Tata Communications India has been awarded as **Great Place to Work** ('GPTW') for 6 years overall | Greater China /Hong Kong for 6 years in a row

Recognised by **GPTW - Best Workplaces for Women in India** for 4 years in a row and **Best Workplaces in Health and Wellness** for 2 years in a row

Awarded **Brandon Hall Gold** in various categories since 2022

Employee Recognition

We encourage timely, personalised recognition of outstanding contributions by individuals and teams. To promote this culture, we also have monthly recognition prompts sent to managers and employees from the Applause (recognition) platform.

Our Recognition Program is closely linked to our DRIVE Ahead Behaviours, reinforcing a value-driven work culture.

Appreciation Week

To further promote meaningful in-person recognition and the celebration of accomplishments, this dedicated programme acknowledges employee achievements, elevates employee morale and reinforces our people-first culture.

12K+

Unique employees were recognised through Applause platform

Our recognition programme also honours exceptional individual contributors and people managers for extraordinary achievements in the areas of cost savings, innovation, new wins, teamwork and leadership effectiveness.

Learning and development

Our Learning & Development strategy is built on a platform-based, six-tiered approach that balances democratised learning with business-driven skill development. It focuses on equipping employees with current and future capabilities to meet evolving business demands, enabling large-scale skill transformation and fostering a future-ready workforce, all by leveraging our comprehensive learning platform **Tata Communications Learning Academy ('TCLA')**. It provides access to bite-sized modules to in-depth digital courses, articles, videos, podcasts, books, industry accreditations and customised learning.

Capability development channels

	Audience	Design	Process
 Individual Learning* Self-Learning	All employees	Select own content, anytime, anywhere and at your own pace across all skill categories	Self-Paced Digital Learning on TCLA Sponsored Providers
 Individual Skill Development** Self Development linked with Career Multi-Domain (PROACTIVE)	All employees	Identify skill gaps through employee skill profile, start your development journey	Skill gaps assessment / Digital Learning, Self-enrolment programmes on TCLA Talent Central 2.0
 Targeted Skill Development** Single-Domain (REACTIVE)	Select employees (individual/team/group)	Structured to address current business needs	Certifications / Customised Learning Requests
 Targeted Role Development** Multi-Domain (PROACTIVE)	Employees enrolled in Role Based Academies	Structured, customised, contextualised for a holistic role development	Role Academies ending in Role Readiness Maturity Levels
 Experiential Skill Development** Multi-Domain (PROACTIVE)	Employees who have achieved 80% of skill readiness	Semi-structured, contextualised for a role	On the Job Experience Criteria / Project Marketplace
 Skill Coach Development** Single/Multi-Domain (PROACTIVE)	Employees at Advanced proficiency	Structured and standard for all coaches and facilitators	Learning Organisation Internal Facilitators' Club

*Learning - (Skill learning) - Aligned to employee's interest, democratised for each employee in organisation

**Development - (Skill learning + practice/application + assessment) - Aligned with future needs to enable employee's Aspirations, Functional goals and Organisation goals

Voice of our people

“

During my five years at Tata Communications, starting as a Management Trainee, I collaborated with diverse teams on numerous products. My tenure was marked by challenging the status quo to achieve agile outcomes, driven by ownership and passion. Releasing products within tight timeframes allowed me to develop a deep understanding of the product lifecycle. The dynamic environment at Tata Communications fostered both my personal and professional growth, enabling me to adapt quickly and advance my career.

Diversity and Inclusion

Our diversity and inclusion strategy, **Winning Mix**,
is propelled by ongoing dedication from leadership,
serving as a compass for our actions. This strategy
concentrates on three core pillars-

Diversity ratio

30.6%

New hire diversity ratio in FY 24-25

14% from FY 23-24

Hiring a diverse workforce

- **Targeted Approach** - We benchmark and aspire a diversity mix for each function, which are achieved through hiring, retention strategies and tailored support for unique scenarios.
- **Each One Bring One** - Exclusive women referral programme encourages employees to refer qualified women candidates from their networks.
- **Campus Hiring** - We continue to emphasise campus recruitment, which accounts for 40% of our new women hires in FY 24-25.

Empowering Women to Stay and Succeed
Make Each Woman Count

This programme encourages positive dialogues with women employees, who are showing signs of disengagement. Proactive measures are taken to retain, supported by an internal dashboard tracking resignation, retention efforts, opportunities and best practices.

Employee Diagnostic Study

We prioritise employee voice by maintaining forums for workplace engagement. An exclusive study is in place with an external partner, interviewing women employees to identify 'Stay' factors and areas to enhance their experience.

Equitable workplace

To foster a gender-neutral workplace, our caregiving policies offer leaves for primary and secondary caregivers, adoption and elderly care including crèche facilities at various locations and also offer parenting tips, health and wellness guidance, counsellor services and aids to stay connected with the organisation.

Achieve - Leadership development
programme for women

Achieve 2.0 is a women-in-leadership programme that empowers professionals with skills, confidence and strategies to advance their careers through expert sessions, mentorship and real-world insights, enabling growth to drive impact.

Voice of our people

“

My manager has been instrumental in facilitating my successful return to work by recognising my experience and treating me with respect from the beginning. Despite my career break, they acknowledged the valuable skills I brought to the table and provided opportunities for growth and learning. They empowered me to take on more complex projects, instilling confidence in my abilities. This support enabled me to gradually increase my responsibilities and make significant contributions to the InstaCC product. The trust and mentorship I received helped in my successful transition back into the workforce

Regular mock drills have improved our crisis management and evacuation procedures across various sites.

Tech-enabled safety

Technology plays a crucial role in enhancing safety across our global operations. By digitising key safety processes, we have created a streamlined and transparent framework that improves operational efficiency and safeguards the well-being of employees, contractors and other stakeholders.

1

EOHS app for real-time incident reporting

The introduction of the EOHS App has enabled real-time reporting of incidents, unsafe observations and near-misses through an intuitive mobile interface, ensuring critical information is disseminated to relevant teams without delay.

2

Smarter safety trainings

Safety induction and refresher training are now delivered through digital platforms, ensuring a standardised and consistent learning experience for all employees and contractors.

3

Integration of Electronic Permit to Work

The digital PTW system ensures that permits are issued only after completing safety checks, risk assessments and approvals in real time.

4

Digital safety audits

Our transition to digital audit platforms has significantly enhanced the efficiency and accuracy by capturing real-time data, completing checklists and generating reports instantly using mobile devices.

5

Gaining predictive analytics

By leveraging advanced data analytics and trend analysis, we have enhanced our capability to identify patterns and predict potential safety risks.

Our Commitment to Business Human Rights

Tata Communications is firmly committed to respecting and promoting human rights across its operations and value chain. Our Business & Human Rights (‘BHR’) Policy, approved by the MD and CEO and available on our website, addresses key issues such as anti-discrimination, fair wages, digital rights and modern slavery, aligned with internal policies and processes. The CSR, Safety and Sustainability Committee exercises oversight over the BHR Policy and was apprised of the BHR gap assessment findings and the related action plan during FY 24-25.

We uphold zero tolerance for malpractice and human rights violations. A comprehensive grievance mechanism—including a robust Whistleblower Policy and independent Ethics Helpline—enables confidential, retaliation-free reporting by employees and stakeholders. No significant human rights grievances were reported during FY 24-25.

Integrating Human Rights across our operations

We have embedded human rights into supplier engagement through our Supplier Code of Conduct, which forms an integral part of business agreements. A revised ESG Due Diligence Checklist — (for suppliers crossing an identified value threshold) ensures alignment with expectations on labour rights, ethics and sustainability.

In FY 24-25, ESG assessments, conducted in partnership with EcoVadis, covered 55% of our key suppliers, enabling targeted improvement plans.

We also expanded our Supplier Diversity Programme, onboarding four new suppliers from underrepresented communities and launching a Diversity Questionnaire and awareness workshops to build their capabilities and inclusion in our sourcing ecosystem.

In FY 24-25, we began annual UNGC Communication on Progress submissions, reinforcing our commitment to its Ten Principles. We also updated our Modern Slavery Statement in line with the UK Act, affirming zero cases for forced, child labour and trafficking this year. In FY 24-25, 98% of our employees completed the mandatory trainings on the Tata Code of Conduct and Dignity in the Workplace Policy which incorporate BHR principles. Two targeted sessions were also held for suppliers on responsible business practices and grievance mechanisms.

These efforts reflect our ongoing commitment to fostering a safe, ethical and inclusive workplace that upholds human rights at every level.

Our Women Leaders in Achieve

Communities

Strengthening
Communities with
Trust

We are deeply committed to protecting our environment and creating lasting value for the communities we serve—recognising that our growth is inseparable from the well-being of the world around us. Our CSR programmes focus on promoting education, caring for the environment and creating sustainable livelihoods. We uphold very high standards of business ethics in line with the core values of the Tata Group.

Driving community impact through partnerships

Our mission is to enhance the well-being of individuals and the planet by promoting sustainable livelihoods and championing environmental conservation. We focus on skill development, entrepreneurship and the protection of water resources, biodiversity and renewable energy sources. We aim to reduce environmental impact and create a more sustainable future through collaboration, partnerships and sustainable practices.

Our CSR approach aligns with relevant **Sustainable Development Goals ('SDGs')**, focusing on gender equity, clean energy access, inclusive growth and reduced inequalities. We design programmes that address community needs, all while supporting initiatives in education, livelihoods, healthcare, environmental resilience and cross-sector partnerships for sustainable and measurable progress.

Building Pathways to Progress – Education, Sustainable Livelihoods and the Environment

Sustainable livelihoods

We support inclusive economic growth by strengthening skills, enabling entrepreneurship and improving income stability among women, youth, persons with disabilities ('PwDs') and rural communities.

Significant Outcomes

- 171 self-help groups ('SHGs') and enterprises operationalised across five blocks, with 63 of them making their first sale across Jharkhand and Odisha, with average income of participating women doubling from the previous year.
- Vocational training provided to 800 women and formed 20 self-help groups in Pune, with the revenue of the Livelihood Centre increasing multifold to ₹21 lakhs in FY 24-25.
- Supported establishment of 134 enterprises by women and PwD entrepreneurs.

Key Projects

End Ultra Poverty

In Gujarat, we work with Nudge Life Skills Foundation to support women from households in persistent poverty through training in goat and poultry farming, livelihood grants, psychosocial support and Self-Help Group integration.

MPowered Plus

In Jharkhand and Odisha, we collaborate with Trickle Up India Foundation to provide mobile-based access to training, financial services and digital tools that support sustainable livelihoods for women from marginalised communities and eradication of their poverty.

Jayanti Devi
Farmer turned Entrepreneur

"I thought I wouldn't be able to do it-but I did. Today, I am not only providing for my family, but also building a better future for my daughters and my community." - Jayanti Devi

For Jayanti Devi from Periyardha village, life took an unexpected and devastating turn when her husband passed away. His prolonged illness had drained all their savings, leaving Jayanti with the heavy responsibility of raising five children on her own. In 2016, hope arrived when Project MPowered's team conducted a participatory rural appraisal with the community members in the village to identify vulnerable families for inclusion in the project, supported by Tata Communications and implemented by Trickle Up India Foundation. Through the project, Jayanti was introduced to the concept of Self-Help Groups. She joined a group, opened her first bank account and started saving regularly. She also received training in livestock management and sustainable farming practices from Smart Sakhis and the field staff. With financial aid from the project, she bought a goat and began cultivating vegetables on her small piece of land. Determined to build a stable future, she secured a loan from her SHG, expanded her vegetable farming and started selling her produce in the local market even attending up to three haats (local markets) per week. Her goat-rearing business also flourished, adding another source of income. Technology also became a game-changer for her. Through the project, Jayanti received a smartphone-a tool she initially found intimidating but soon mastered. Now, she uses it to access farming tutorials on the PoP (Package of Practices) App to further improve her agricultural techniques.

Jayanti's success story does not end just with her personal achievements. Alongside nine other women from her village, she started a muri (puffed rice) business as part of a collective enterprise. The group's shared success stands as a powerful symbol of how collective strength and empowerment can drive sustainable change.

Skill Development for Underserved Youth – Tata STRIVE

Across Maharashtra, Tamil Nadu, Telangana, Karnataka, and Delhi, we work with Tata Strive to train underserved young people in sectors including Banking, Financial Services and Insurance ('BFSI'), Business Process Outsourcing ('BPO'), retail, android app development, auto sales consultancy, cyber security analysis, renewable energy and healthcare.

Umang – Leading Ahead

In peri-urban Pune, we partner with the Foundation for Initiatives in the Development and Education for All ('IDEA'). Through the Umang Livelihood Centre, we offer training in tailoring, beauty care and crafts, along with comprehensive entrepreneurship support.

Lakhpati Kisan – Smart Villages 2.0

In tribal Maharashtra, we collaborate with Collectives for Integrated Livelihood Initiatives (‘CInI’) to promote rural entrepreneurship and improve maternal and child health through better farm infrastructure and stronger integrated child development services.

Udaya – Entrepreneurship Development

In Maharashtra, we work with the Entrepreneurship Development Institute of India to support women from Scheduled Castes, Scheduled Tribes, PwDs, and other marginalised groups in building businesses across food processing, textiles, retail and small-scale manufacturing sectors.

Environment

Our environmental programmes address climate change, biodiversity loss and water scarcity by restoring ecosystems, reducing climate risks and involving communities in long-term resource stewardship.

Significant Outcomes

- Restored **6 acres** of land, planted **180 species**, with **7,000 native trees** around the Nanganthangal Lake.
- 3,378 cookstoves** deployed in West Garo Hills, Meghalaya, helping in annual reduction of firewood usage by **~7,000 tonnes** compared to the baseline three-stone stove.
- Supported electrification of **50** villages.

Climate Resilient Village Programme

In Meghalaya, we work with the North East Society for Agroecology Support and Global Himalayan Expedition to expand clean energy access, promote low-carbon cooking and improve healthcare for remote tribal communities.

Clean cook-stove

Bringing Light, Changing Lives: Solar Power Transforms Chasikgindam

In the quiet village of Chasikgindam, a quiet revolution is underway—one powered not by grand gestures, but by sunlight. For Banio Sangma and his family, the shift has been nothing short of life-changing. Six years ago, Banio moved to Waru Songital with his family dreaming of a peaceful life. But that dream was dimmed—literally—by the absence of electricity. Like many others in the village, the Sangmas relied heavily on kerosene and candles, spending a large chunk of their income on temporary light. Many nights were spent huddled around a bonfire, and some dinners passed in darkness, stealing away the warmth of shared moments.

That changed through the Climate Resilient Village Programme, when Banio’s household received a solar energy kit setup. A seemingly simple setup, yet it brought profound change. The benefits go beyond lighting. Evenings, once constrained by darkness, are now filled with quiet joy—reading books, completing chores and savoring the comfort of a well-lit home. Freed from the financial burden of kerosene, the family can now redirect their resources toward other essentials, building a brighter and more secure future.

“Now, our lives are very different from before”
- Banio

Climate Sustainability through Horticulture

In Maharashtra’s tribal areas, we collaborate with CInI to develop mango orchards. Utilising the Kesar and Rajapuri varieties, these initiatives support sustainable agriculture and effectively raise household incomes.

Sahjeevan – Corbett Landscape

In Uttarakhand, we work with **The Corbett Foundation** to reduce human-wildlife conflict, support conservation outside protected areas and introduce alternative livelihoods for forest-adjacent communities.

Project Sahjeevan – Corbett Landscape

Neerina Shakti – River Rejuvenation

In Karnataka, we collaborate with the International Association for Human Values to implement watershed management techniques that recharge aquifers and enhance year-round water availability for agriculture and domestic use.

Nanneer Lake Restoration

In Tamil Nadu, we partner with Pitchandikulam Forest to restore Nagan Thangal Lake’s ecological state, enhancing water quality, increasing biodiversity and bolstering local community engagement through educational and ecological activities facilitated by the Blue Green Centre for environmental learning.

We have been honoured with the prestigious Indian CSR Award by Marketing & Brand Honchos for Project Nanneer recognising our unwavering commitment to water conservation and sustainable community impact.

Vitalize Rural

In Maharashtra, we partner with Watershed Organisation Trust to conserve soil and water, support climate-resilient agriculture and build local institutions for sustainable natural resource management.

Nanneer Lake

Education

We are transforming the education system through digital enablement, educators’ training and empowerment and youth engagement to create exponential social, economic and environmental impact.

Significant Outcomes

- Environmental curriculum implemented in **60** schools, with 15 schools undergoing green school certification in partnership with the Centre for Environment Education.
- Over **350** women trained to conduct water quality tests across 58 panchayats, analysing **9 key** water quality parameters.
- Muradbas** village formally declared a '**Zero Dropout Panchayat**' after sustained efforts to re-enroll out-of-school children.
- 300** government teachers and headmasters trained in 22 hands-on environmental education activities, now being implemented in their schools.

₹2.85 crore

CSR Amount Spent

2,83,868

Beneficiaries

School Enrichment Programme

In partnership with Ballygunj Society for Children in Pain ('CHIP'), we support activity-based learning in Brihanmumbai Municipal Corporation schools in Mumbai, Maharashtra, strengthening foundational skills, quality of education in essential subjects and reducing dropout rates.

A New Education Worldview ('ANEW')

With Kaivalya Education Foundation, we strengthen Haryana's public education system by developing school leadership, promoting digital and environmental awareness and enabling women volunteers to deliver a community-driven impact.

Schools in Action for the Planet

Schools in Action for the Planet is an Environmental Education programme that empowers students from government and corporation schools to become eco stewards. Through hands-on projects, interactive sessions, and community activities, they learn about biodiversity, climate change, waste management, and more—building knowledge and skills to tackle environmental challenges.

Schools in Action for the Planet

Driving Change for Girls' Hygiene and Safety

During his community immersion at the Government School in Kherli, Dausa, Anmol Chokhandre, a Gandhi Fellow trained under Project ANEW, identified a deeply concerning issue, i.e., the school's toilet was in complete disrepair. This left all 52 enrolled girls without access to safe, hygienic restroom facilities. With no other option, the girls were forced to use nearby grasslands, exposing them to serious health risks, safety concerns and a loss of dignity.

Recognising the urgency of the situation, Anmol collaborated with community members and emphasised how inadequate sanitation on the health,

safety and academic performance of girl students. Empowered by the platform and encouraged by community support, the girls collectively demanded the repair and construction of a safe, functional toilet within the school premises. Their advocacy turned into action.

As a result, the issue was prioritised and steps were swiftly taken to renovate and rebuild the toilets. This success story is a testament to the power of collaboration between communities, students and local leadership in creating meaningful, sustainable change in girls' education and well-being.

Global Employee Volunteering Programme

The Global Employee Volunteering Programme ('GEVP'), launched in 2017, enables employees to contribute meaningfully to community development while strengthening workplace engagement. Volunteering is integrated across our operations through curated short-term, skill-based and long-duration opportunities, often aligned with CSR and Affirmative Action initiatives.

Employees access these opportunities through a dedicated platform, which tracks participation, captures feedback and supports impact reporting at leadership levels. Thematic campaigns and structured programmes continue to deepen engagement across geographies and roles.

WAVES

Launched in 2018, WAVES builds leadership among volunteers, who coordinate and amplify local community impact. The 6th edition introduced a mentorship model pairing new participants with experienced volunteers. Sessions have taken place across multiple locations, including the first in-person international edition in Singapore.

Beyond the Boardroom

This leadership immersion programme invited senior executives to engage directly with Tata Communications' CSR efforts. 11 leaders visited Meghalaya's Garo Hills and contributed to the Climate Resilient Village Programme. Over two days, they electrified 13 households with 78 solar lights, installed two streetlights and facilitated the transition to clean cookstoves in 26 homes. These efforts helped reduce smoke exposure while improving safety and energy access.

Tata Affirmative Action Programme ('TAAP')

The TAAP Vision

The Tata Affirmative Action Programme envisions creating equitable opportunities for communities through focused initiatives in employment, education, employability and entrepreneurship

We approach affirmative action with a focus on tangible inclusion, extending opportunities in skill-building, entrepreneurship and livelihoods to communities historically excluded from formal economic and social systems.

Our programme design takes into account regional disparities, particularly within Marginalised Women, Scheduled Castes ('SCs'), Scheduled Tribes ('STs') and Persons with Disabilities ('PwDs'). We also recognise that caste-based disadvantage often intersects with other forms of marginalisation. For example, women in these communities experience reduced access not only due to gender but also entrenched caste hierarchies.

We prioritise interventions that apply our core strength—digital solutions—to bridge systemic gaps. By integrating technology into skill development and livelihood

programmes, we create pathways that are scalable and aligned with future-of-work trends.

Through TAAP, we go beyond the one-size-fits-all model. Each intervention reflects local realities and each partnership is selected for its ability to unlock long-term potential within marginalised communities.

6

Aspirational districts covered across Haryana, Jharkhand, Odisha and Maharashtra

22

Affirmative Action communities engaged, including Santhal, Ho, Bhil, Pawara, Vimukta Jati and Nomadic Tribes

At Tata Communications, we carry forward the Tata legacy of giving, diversity and inclusion, working to uplift Affirmative Action ('AA') communities through our leadership, CSR projects and inclusive initiatives. This year, a team from across Tata Group companies visited our CSR sites to evaluate our AA initiatives as part of TAAP.

Our Employee Volunteers

Environment stewardship

Making confident
strides towards a more
sustainable future

Environmental degradation and climate change are globally recognised as fundamental factors impacting long-term business growth and societal wellbeing. Our targets for achieving Carbon Neutrality by FY 2030 and Net-Zero emissions by FY 2035 are backed by measurable actions across our operations.

We champion environment stewardship through our performance scorecards, project plans and partnerships. Every year, we aim to make tangible progress, whether by expanding renewable energy use, improving recycling rates or reducing the carbon impact of our operations and services.

We integrate best practices into our operations, enhancing sustainable value creation for our stakeholders. Our Environmental Management System, certified to ISO 14001:2015 standards, guides our efforts in achieving long-term environmental goals.

Sustainability-Linked Loan Framework

We have introduced a pioneering sustainability-linked loan framework that aligns our long-term debt financing with our environmental commitments. This initiative links loan margins to carbon emission reduction targets, fostering continuous sustainability improvements. By embedding environmental impact into our capital structure, we aim to drive significant change and attract investors dedicated to environmental responsibility.

Our Environmental Goals

Achieve Net-Zero emissions by 2035

Reduce **water consumption by 20%** by 2030

Ensure zero waste to landfill by 2027

GHG Emission avoidance of 20x for customers by 2027 (where x is Tata Communications operational emissions)

Climate Action and Energy Management

We are addressing climate action by reducing emissions within our operations through measurable targets and initiatives. In parallel, we provide training and technical support to suppliers to help lower emissions across the value chain. Additionally, we are expanding our portfolio of products and platforms designed to assist customers in achieving their decarbonisation objectives.

To strengthen our response to emerging climate risks, we completed a global climate scenario analysis across all our operations this year. The analysis is aligned with IPCC Shared Socioeconomic Pathways for physical risks and NGFS scenarios for transition risks, ensuring our strategy remains resilient across multiple future climate pathways.

Monitoring and Governance

We operationalise our climate strategy through eight climate levers, tracked via the internal Sustainability Development Committee and integrated into corporate KPIs. Progress is reviewed quarterly, allowing for course corrections based on site-level data to ensure that emission reduction initiatives stay on track.

Transparency

To enhance transparency, we published the Tata Communications Net Zero Transition Report, prepared in accordance with IFRS S2 Climate-related Disclosures and the CDP Technical Note: Reporting on Climate Transition Plans. This report provides detailed information on our climate initiatives and performance.

100% of our major Indian facilities are certified to ISO 14001 and ISO 45001 standards

Achieved an **A-rating** in CDP disclosures

Assessing existing and emerging climate-related risks and opportunities Implementation of Internal Carbon Pricing mechanism in overall climate action levers			
IMMEDIATE FOCUS	NEAR-TERM FOCUS	MEDIUM-TERM FOCUS	LONG-TERM FOCUS
First Layer 01 Enhancing energy efficiency 02 Transition to Renewable Energy ('RE')	Second Layer 03 Avoid emissions through products and services 04 Community-based carbon offset programmes	Third Layer 05 Reduce value chain-based emissions 06 Introduce EVs and cleaner fuel choices	Final Layer 07 Decarbonise Scope 1 emissions 08 Drive climate action through collaboration

Direct Emissions Reduction

Reducing emissions from our own operations is the first step towards accountability. We have scaled renewable energy use across key sites and continue to invest in facility upgrades that bring long-term decarbonisation benefits.

We have set an absolute emissions reduction target validated by the Science Based Targets initiative (SBTi) and are executing operational improvements to achieve it. Our focus remains on renewable energy adoption and facility-level upgrades for long-term decarbonisation.

Operational Energy Efficiency

Our energy efficiency projects directly reduce our emissions intensity while simultaneously enhancing business resilience. In line with our operational roadmap, we have set a 10% year-on-year energy savings target to institutionalise continuous improvement in resource optimisation.

Decarbonising value chain-based emissions

We have moved beyond supplier compliance to supplier capacity building. Our Supply Chain Climate Action Framework addresses the emissions profile of our upstream partners. It is designed to integrate climate performance into procurement governance while establishing our role to influence and engage with suppliers in transforming our supply chain. Under this framework, we aim to work with responsible suppliers and contribute positively to our climate action goal of Net Zero by 2035. The intended result of this framework is for our suppliers to complete their GHG inventory, respond to CDP and formulate science-based emission reduction targets.

Environmental KPIs represent a part of our Supplier Code of Conduct, with clear mandates for suppliers to disclose emissions through CDP disclosure, commitment to science-based targets and build GHG inventories that act as reference points for emission reduction roadmaps.

Responsible Business Travel

Mobility emissions are part of our broader decarbonisation challenge. Our response is a mix of policy, behavioural nudges and partnerships that reduce travel, wherever possible and decarbonise wherever necessary.

- EV-based road travel reached 5% of total kilometres travelled
- Replacement of short haul flights with rail travel resulted in 2,397 tonnes of emissions reduction
- Sustainable Aviation Fuel partnerships resulted in the mitigation of 26.75 tonnes of CO₂ emissions

For more information, please see the sustainable supply chain section of the report at page 76.

Reducing Emissions in Customer Operations (Scope 4)

We contribute to wider decarbonisation by embedding low-carbon design across all components of our digital fabric and delivering solutions which enable our customers to avoid GHG emissions. These avoided emissions are measured using internationally aligned protocols.

We have set a target to achieve avoided GHG emissions (Scope 4) at the customer end equivalent to 20 times of our total GHG emissions (Scope 1, 2, and 3) by FY 26-27. To ensure a robust tracking mechanism, we undertook a comprehensive reassessment of our Low Carbon Products Methodology to prepare it in accordance with GHG Protocol, the Avoided Emissions Framework by Net-Zero Climate Innovation Initiative and with references from the Global enabling Sustainability Initiatives resources. In FY 23-24, 7 of our products, platforms and services enabled avoidance of 3,457,749 MTCO₂e for our customers - equivalent to 14 times of our operational footprint.

Community-based Carbon Offset Initiatives

We approach offsetting through initiatives that deliver community-level impact. Our Smart Cookstoves Programme, registered under Verra's Verified Carbon Standard, has helped cut household emissions, while improving daily life for families in underserved regions such as Jharkhand, Odisha and Meghalaya. Total beneficiaries are 14,000 households under this programme.

By reducing biomass dependence, the programme contributes to better indoor air quality and household health. The resulting carbon credits are fully traceable and aligned with recognised voluntary offset markets.

Our afforestation and horticulture project in Maharashtra also enhances carbon sinks through native tree planting, while providing employment and training opportunities for local communities covering 500 acres of land. These two initiatives, complementary in their impact, are pivotal to our carbon neutrality strategy.

For more information on our Climate Action strategy, initiatives and performance, please refer the Tata Communications Net Zero Transition Report.

Water Stewardship

Tata Communications recognises water as a vital, limited, and shared resource, and is firmly committed to its sustainable management across all operations. As part of our environmental stewardship, we implement comprehensive measures to optimise water usage, including effective recycling, reuse practices and stringent leakage control at all major facilities. Regular internal audits are conducted to assess and enhance operational efficiency, while targeted training programs and awareness initiatives are carried out to engage stakeholders on the importance of responsible water use and conservation. Our strategic interventions such as wastewater recycling, deployment of rainwater harvesting systems and adoption of innovative technologies like IoT-enabled water meters, have significantly reduced our overall water consumption. We remain focused on continuously identifying and leveraging advanced solutions to further improve water efficiency and ensure long-term sustainability across our facilities.

- Recycled water usage increased from **16%** to **21%**
- Deployment of rainwater harvesting structures at high-consumption sites resulted in the reusing **3,496KL** of rainwater within our facilities
- Real-time water use tracking via IoT-based in few facilities
- Conducting water assessments and internal audits to ensure efficient and optimised water usage across **15** Indian facilities

Our Water Stewardship Initiatives for Communities

At Tata Communications, our dedication to water stewardship extends far beyond the boundaries of our own operations. As we strive towards becoming a Water Neutral company, we are committed to creating lasting, positive impacts on water availability in local communities across India through meaningful projects:

Chennai, Tamil Nadu:

Since 2022, we have partnered with local stakeholders to rejuvenate Nagan Thangal lake in Chennai. This initiative has significantly enhanced the lake's water holding capacity and groundwater recharge. Additionally, the project has revitalised local biodiversity and transformed the lake into a vibrant community space, welcoming families for recreation and learning – where water and people flourish together.

Dharashiv, Maharashtra:

We are working with local partners on integrated watershed development to restore canals and ponds and construct check dams. These interventions are improving water retention, raising ground water levels and enhancing soil fertility thereby ensuring reliable irrigation and supporting sustainable agriculture and rural livelihoods.

Through these projects, Tata Communications is not only working towards water neutrality but also fostering stronger, more resilient communities—proving that with collaboration and care, sustainable water management can lead to flourishing ecosystems and brighter futures.

Together, these initiatives reflect Tata Communications' sustained efforts to support water conservation and community resilience beyond our own facilities.

Waste Management and Circular Economy

We treat waste not as a byproduct, but as a resource. From cafeteria composting to e-waste recycling, we have established clear systems to divert material from landfills and close the loop wherever possible. The entire waste generated is classified into 12 distinct categories to enable specialised treatment and material recovery. Organic Waste Converters installed at large facilities convert food and garden waste into nutrient-rich compost used for landscaping. To ensure traceability, waste handling is tracked through our internal Management Information Systems and disposal certificates are recorded and verified.

Non-hazardous wastes are handed over for recycling and other recovery options (waste to energy). In FY 24-25, we have been able to recycle **89%** of the waste generated in our facilities, which further strengthens our Zero Waste to Landfill by 2027 goal.

100%
of our hazardous waste is recycled

Biodiversity at our Dighi Campus, Pune.

Biodiversity Conservation

Ecosystem health is critical to building long-term resilience. We have undertaken relevant steps to measure biodiversity around our facilities and involve our teams in initiatives that support regional flora and fauna.

Biodiversity at our Dighi Campus, Pune.

- Baseline biodiversity assessment completed at our Dighi Campus in Pune, identifying species presence and ecological corridors. Conducted during three seasons throughout the year, the assessment focusses on identifying conservation issues in the campus and developing a comprehensive Biodiversity Management Plan which is currently under progress.
- Conducted Citizen Science Workshops to build employee awareness and participatory monitoring.

Suppliers and Partners

Our suppliers are a crucial part of our value chain and enable us to deliver a cost-effective and high-quality proposition to our customers. We prioritise strong partnerships with suppliers who share our ethos and responsible business practices, ensuring mutual success.

Value creation for suppliers

We engage with our suppliers to ensure seamless delivery of quality products and services, uphold responsible business practices and drive shared value. A structured approach is followed to uphold integrity and responsibility across our supply chain governance practices. Our Sustainable Supply Chain Policy promotes ethical conduct, environmental responsibility and occupational health and safety, in alignment with our Supplier Code of Conduct.

Our digital interventions such as API-integrated onboarding platform, automated email notifications and unified supplier collaboration interface have helped us in increasing effectiveness and strengthening partnerships with our suppliers.

Material stakeholder interests and expectations

Material focus area	Interests and Expectations
 Strategic Partnerships	Enhancing collaboration with key suppliers
 Sustainability Commitment	Emphasising sustainable practices within the supply chain,
 Process Improvements	Continuously improving supply chain processes
 Policy Awareness	Broadening understanding and implementation of our policies among suppliers
 Supplier Diversity	Fostering an inclusive and diverse supplier network

We believe a future-ready supply chain is built on awareness, capability and collaboration. Through targeted training, digital tools and innovation platforms, we are empowering our suppliers to align with our values and co-create sustainable impact.

“

“Our operations and supply chain capabilities are built for global scale with local agility, enabling us to support mission-critical needs with speed, reliability and insight. By sharpening our focus and streamlining our portfolio, we are better positioned to drive sustainable growth and deliver greater value to our customers.”

Sivasamban Natarajan

Executive Vice President and
Head of Operations

Building Awareness and Capability

We conduct regular awareness sessions on our Supplier Code of Conduct, Whistleblower Policy and Corporate Sustainability Goals. ESG assessments, for our suppliers, in partnership with EcoVadis, a sustainability intelligence platform, guide suppliers in enhancing their adherence to sustainability standards.

Driving Inclusivity through SEED

The Supply Chain SEED (Stimulating Employability and Entrepreneurship Development) Programme, aligned with the Tata Affirmative Action Programme, promotes diversity and economic empowerment of suppliers.

A Sustainable and Responsible Supply Chain

Our Sustainable Supply Chain Framework is designed to embed responsible sourcing practices across procurement, supplier engagement and performance management. By assessing ESG factors throughout the supplier lifecycle, we are building a supply chain that is sustainable, inclusive and future-ready.

Our Four-Pillar Approach to a Sustainable and Responsible Supply Chain

Due Diligence	Monitoring and Engagement
ESG Assessment	Supplier Diversity and Inclusion

Governance

Our Approach to Corporate Governance

At Tata Communications, governance is not just a compliance requirement—it is a strategic pillar that underpins our long-term success. We believe that effective governance drives sustainable growth, fosters trust and strengthens stakeholder relationships.

Our approach emphasises substance over form

We are committed to fostering a culture of accountability across all stakeholder groups, while ensuring that value creation is pursued through legal, ethical and responsible practices. This philosophy guides our decision-making processes and reinforces our dedication to transparency, integrity and long-term value.

Board Structure

Our Board of Directors plays a critical role in overseeing the Company’s strategic direction, risk management and ethical conduct. The Board is composed of a diverse group of individuals with deep expertise across industries, ensuring balanced and informed decision-making.

57% (4/7)
Independent Directors
on the Board

Key committees include the Audit Committee, Nomination & Remuneration Committee, Corporate Social Responsibility, Safety & Sustainability Committee, Stakeholders Relationship Committee and the Risk Management Committee—each chaired by an independent director.

*As on April 22, 2025.

ESG Governance Initiatives

Environmental, Social and Governance (‘ESG’) principles are embedded in our corporate strategy. Our governance framework ensures that ESG considerations are integrated into every level of decision-making.

			
Sustainability Oversight	Climate Change	Social Impact	Transparency & Reporting
The Corporate Social Responsibility, Safety & Sustainability Committee oversees the implementation of sustainability initiatives. An internal Sustainable Development Committee, chaired by the MD and CEO along with cross-functional team representation drive the implementation of our sustainability initiatives.	We have adopted science-based targets to reduce our carbon footprint and are actively investing in renewable energy and optimising resource efficiency.	Our governance model supports inclusive growth through community engagement, employee well-being programmes and sustainable supply chain practices.	We adhere to global ESG reporting standards such as GRI, ensuring transparency and accountability in our disclosures.

Ethics in Focus

Ethics is not just a principle we uphold; it is a fundamental part of our culture and daily conduct. At every level of the organisation, we are committed to doing what is right, not just what is required.

“

Governance goes far beyond policies and compliance, it is embedded in how we think, act and engage every day. The foundation of our business is strengthened by aligning key policies with global standards and evolving regulations. We are enriching our culture of ethics through meaningful internal dialogue and awareness. Good governance not only builds trust and accountability but also empowers us to make better decisions, manage risk effectively and drive long-term value for all stakeholders.

— Troy D. Reynolds
Chief Legal & Compliance Officer

Our comprehensive ethics and compliance framework reinforces our commitment to responsible governance, ensuring that all stakeholders align with the core values embedded in the Tata Code of Conduct. We foster an ethical culture through a robust suite of policies, regularly updated to reflect global best practices. To ensure consistent adherence to our policies and processes, we conduct regular training and awareness programmes that equip employees with the knowledge and tools to act with integrity and accountability.

Our key compliance policies are

Tata Code of Conduct	Global Conflict of Interest Policy	Global Dignity in the Workplace Policy
Anti-Corruption Policy	Global Competition Policy	Prevention of Sexual Harassment Charter
Privacy Policy	Due Diligence Policy	Corporate Hospitality & Gifts Policy
Whistleblower Policy	Insider Trading Code	Business and Human Rights Policy
		Sanctions and Trade Controls Policy

Living the Code - Tata Code of Conduct

The Tata Code of Conduct (‘TCOC’) is the foundational framework that inspires us to conduct ourselves with the highest standards of integrity and drive our business ethically. The TCOC defines the core values and principles that guide our business practices. To ensure that its principles are understood all employees undertake a mandatory annual training through an interactive e-learning module, with new hires completing it at the time of onboarding. These are complemented by regular policy-specific training sessions led by our Legal Compliance team. Our third-party partners engage with the TCOC through structured onboarding, contractual acceptance and due diligence procedures.

Tata Communications Limited awarded with Jagjivan Ram Award 2024 under the category of “Good Governance” at the 34th Annual Global Conclave of IISSM held in New Delhi.

Compliance in Action

Our Compliance Certification Programme engages senior leadership in quarterly assessments of functional adherence to statutory and internal policy requirements. This certification process provides a structured oversight mechanism, ensuring that governance practices remain effective and transparent at all organisational levels.

In FY 24-25, we introduced the Compliance Outreach Programme - quarterly sessions designed to address specific compliance areas relevant to the business functions and the responsibilities of respective functional stakeholders. These sessions strive to integrate governance principles into daily operations.

Our Compliance framework is assessed through our annual compliance reporting exercise. The Annual Compliance Report is a detailed assessment report of our varied compliance policies and initiatives, guiding our continuous improvement in business ethics. This report evaluates our actions against the four pillars of the Leadership of Business Ethics Framework: Leadership, Compliance Structure, Communication & Training and Measurement of Effectiveness. We have consistently sustained the ‘**Advanced**’ maturity rating i.e., the highest rating achievable under this assessment.

Beyond compliance, we also engage employees on the practical aspects of governance through initiatives such as **Ethics Week** and the **Leadership Dialogue on Tata Values**. These forums bring ethical discussions into day-to-day decisions. We also use our internal communications platforms to regularly impart knowledge and awareness concerning our policies and procedures and related insights.

3,000+

Employees engaged in Leadership Dialogue on Tata Values

Live training sessions on Compliance Policies

Ethics Week

Our annual Ethics Week remains a cornerstone of our governance culture, enabling meaningful conversations around ethical behaviour and practical scenarios. As part of this week-long initiative, activities such as open forums, interactive contests and cross-functional engagement create space for reflection and shared learning across teams and geographies.

We also participated in the Tata Group’s Ethics and Affirmative Action Summit 2025, contributing our learnings and gaining insights from other group companies on governance and inclusive practices.

Our Legal Compliance team recognised at Ethics and Affirmative Action Summit 2025

Legal Centre of Excellence: Driving Innovation and Operational Excellence

We have established a Legal Centre of Excellence (‘LCoE’) to streamline processes and enhance efficiency across the Legal function. Serving as the operational backbone and innovation hub, the LCoE has delivered following measurable impact across four core pillars:

Legal Finance	Legal Operations	Legal Service Delivery	Legal Tech & Innovation
Introduced agile and disciplined budgeting practices, optimised the management of our vendor and law firm network and launched a project to streamline invoicing processes.	Broadened operational support for various routine requests across business units, strengthened documentation to provide support for project management and allow our legal experts to focus on specialised work.	Efficiently managed a high volume of communications and supported diverse legal matters, driving faster responses and improving client satisfaction.	Scaled tools such as the Xpress Portal and laid the foundation for adopting an AI-enabled Contract Lifecycle Management system, with a strong emphasis on responsible and ethical AI integration leading to saving of manhours.

Information Security and Data Privacy

Data privacy and information security form an integral part of our governance framework. In FY 24-25, we strengthened this framework with a multi-tiered model focused on strategic oversight, continuous improvement and regulatory alignment. Security is embedded into enterprise risk assessments and strategic planning, supported by regular Board updates, audits, third-party reviews and automated compliance checks to ensure transparency and accountability.

Cybersecurity Enhancements

Tata Communications strengthened its cybersecurity posture to proactively address evolving threats. Key initiatives included expanding defence mechanisms, enhancing Endpoint Detection and Response (‘EDR’) capabilities and integrating a robust Threat Intelligence Platform for real-time threat mitigation. We scaled our Attack Surface Management efforts to continuously identify and reduce vulnerabilities and deployed a comprehensive Vulnerability Management system to ensure timely remediation. We also successfully recertified our Information Security Management System under ISO 27001:2022, reaffirming our commitment to global best practices.

Data Privacy and Protection Framework

At Tata Communications, we prioritise the privacy and security of personal data and strive to comply with all applicable privacy laws. Significant enhancements have been made to our data privacy compliance framework, reinforcing principles of transparency, accountability, and robust security. These are supported by a structured governance model that includes regular audits, privacy impact assessments and cross-functional training. This commitment underscores our dedication to fostering stakeholder trust and maintaining the highest standards of data privacy and protection.

Regulatory Liaison and Compliance

We maintain an integrated regulatory function that supports compliance across jurisdictions, while participating in consultations and policy dialogues. Our teams engage directly with telecommunications, cybersecurity and data governance bodies across geographies.

Our collaborative approach to regulatory engagement, emphasises openness, responsiveness and mutual respect. Our goal is to foster trust and ensure full compliance with applicable laws and regulations. We continue to engage meaningfully with global and domestic regulatory authorities and industry associations to align with evolving legal frameworks and support policy development that advances digital infrastructure.

India Regulatory Engagements

India’s telecom sector operates under a complex, tightly regulated environment. We work closely with the Department of Telecommunications (‘DoT’), Telecom Regulatory Authority of India (‘TRAI’), and several Indian industry bodies to represent our business interests, ensure compliance and participate in shaping telecom reform. Through our internal compliance monitoring mechanism, we ensure timely submissions of regulatory reports and disclosures. Our participation also extends to collaborative industry initiatives focusing on AI governance, 6G research, digital infrastructure and standardisation.

Global Regulatory Engagements

We also monitor global regulatory developments to anticipate changes and ensure that our operations remain aligned with applicable frameworks. In parallel, we are exploring the use of AI governance tools for risk assessments and mitigations and regulatory compliance to stay ahead of emerging technology challenges.

Through forums such as the i3Forum’s One Consortium and the Global Informal Regulatory Antifraud Forum (‘GIRAF’), we collaborate with other global players to improve practices around robocalling mitigation, digital fraud prevention and policy harmonisation. In the U.S., we are contributing to ongoing discussions around submarine cable licensing. In Saudi Arabia, we completed a regulatory sandbox, showcasing our connected car technology and continue engagement on new licensing models.

Key Regulatory Compliance highlights

- Provided inputs to regulators in countries such as the UK, Portugal, Singapore and Saudi Arabia on telecom and cybersecurity policies
- Collaborated with global regulatory bodies on voice and messaging fraud prevention through GIRAF
- Filed comments in international regulatory proceedings, including with the U.S. FCC
- Continued internal capability-building through the Tata Communications Learning Academy, supporting upskilling in technology and compliance
- Engaged with TRAI on topics including Cable Landing Stations, ease of doing business, and telecom reforms

Risk Management

We have adopted a forward-thinking approach to risk management, shifting from a reactive stance to proactive method that anticipates and addresses potential risks effectively.

This is supported by a robust Enterprise Risk Management ('ERM') framework, which evolves in response to the ever-changing business landscape. The Board of Directors is the highest governing body overseeing all aspects of risk management. The Risk Management Committee assists the Board in monitoring and reviewing the Risk Management Policy and carries out formal review of risks and mitigation strategies. The Global Management Committee ('GMC') regularly reviews emerging and existing risks as well as implements appropriate mitigation measures. This holistic approach enables us to remain resilient and agile and ensures the seamless continuity of operations.

Strategic Risks

Macroeconomic and Geopolitical Landscape

Risk Description	Mitigation Strategies	Capitals
Global economic slowdown, inflation, interest rate hikes, currency fluctuations, high-tariff trade disputes and geopolitical tensions may impact our operations across various geographies.	- Continuously monitor macroeconomic trends and geopolitical developments - Assess potential operational impacts and implement proactive measures - Leverage our agile business model to effectively navigate challenges - Maintain a robust business continuity framework to ensure resilience	  

Technology Risk

Artificial Intelligence

Risk Description	Mitigation Strategies	Capitals
Rapid advancements in AI and Quantum Computing require continuous technology upgrades. Ineffective AI integration, insufficient reskilling and evolving regulations could affect operations, compliance and competitive advantage.	- Utilise the Technology Opportunity Risk Assessment and innovation frameworks to identify and assess emerging technologies - Prioritise, experiment and invest in relevant innovations - AI Committee has been established to oversee governance, compliance and integration - Continuously monitor technological advancements and market dynamics	 

New Competition Risk

Telecom Infra Providers

Risk Description	Mitigation Strategies	Capitals
The entry of new telecom players in India could attract price-sensitive customers, intensifying competition, driving price erosion and resulting in a fragmentation of market share.	- Leverage our extensive product portfolio to gain an edge over competitors with limited offerings - Offer multiple core connectivity solutions and next-gen services to meet diverse customer needs	  

 Residual risk increased in comparison to the previous year	 Residual risk decreased in comparison to the previous year	 Residual risk remained unchanged in comparison to the previous year	 Emerging risk
--	--	---	---

New Competition Risk

Threat from satellite communications (SatCom) Internet Service Providers

Risk Description	Mitigation Strategies	Capitals
The entry of SatCom providers into the Indian market poses a competitive threat, particularly in sectors such as energy and mining. These providers offer cost-effective satellite internet solutions, which may increase competition.	- Partnering with multiple Low Earth Orbit satellite operators to offer satellite last-mile solutions - Exploring additional revenue opportunities in tier 3 and tier 4 locations where fiber network deployment is not feasible	 

Operational Risks

Aging Cables

Risk Description	Mitigation Strategies	Capitals
Rising internet demand increases concerns over traffic migration and revenue management. Key cables passing through the Suez Canal and Red Sea are vulnerable to geopolitical instability, potentially disrupting network stability.	- Develop alternative routes to ensure business continuity - Implement a comprehensive risk mitigation strategy with backup capacity - Focus on capacity augmentation to address potential disruptions	 

Cyber Attacks and Data Privacy Breach

Risk Description	Mitigation Strategies	Capitals
As data exchange grows in the digital age, cyber threats and data breaches present significant risks, necessitating a strong security framework to protect sensitive information and ensure regulatory compliance.	- Implement and periodically monitor robust cybersecurity protocols - Enforce a comprehensive Privacy Policy aligned with relevant laws - Ensure adherence to the Digital Personal Data Protection Act, 2023 through an internal privacy policy	  

Human Resource Risk

Risk Description	Mitigation Strategies	Capitals
A skilled workforce is essential in today's evolving digital landscape. Talent shortages, high attrition rates and insufficient upskilling can hinder growth, undermine business continuity and competitive advantage.	- Promote a culture that supports both personal and professional growth - Recruit highly skilled professionals for key roles - Introduce inclusive policies promoting equal opportunities and diversity - Provide continuous learning and development opportunities - Focus on reducing attrition and building a diverse talent pipeline	 

Financial Risks

Financial Risk

Risk Description	Mitigation Strategies	Capitals
Foreign currency fluctuations, interest rate variability and reliance on external capital markets may impact Tata Communications' financial stability. Moreover, a high-tariff scenario in the USA could further affect exchange rates, working capital and financing costs.	- Implement prudent financial planning strategies - Maintain a balanced debt-equity strategy for financial stability - Prioritise strong cash flow management and liquidity focus - Use derivative instruments to hedge against currency fluctuations - Introduce effective treasury policies	 

Downward Pricing and Margin Pressure

Risk Description	Mitigation Strategies	Capitals
Global enterprise transformations drive cost-cutting measures, increasing pricing pressure on service providers like us. Declining margins in the wholesale voice and data sector may impact capital allocation and overall profitability.	- Streamline and automate processes to enhance efficiency - Optimise cost structure without compromising on quality of service - Focus on enterprise segment to offset voice and data risks - Ensure sustained growth, revenue and profitability	 

Compliance and Regulatory Risks

Legal and Regulatory Risk

Risk Description	Mitigation Strategies	Capitals
Non-compliance with regulatory frameworks in India and other operating regions may lead to legal, financial and reputational risks, potentially hindering business continuity and growth.	- Legal and compliance teams ensure adherence to all regulations - Board and senior management closely monitor regulatory compliance - Maintain transparency and accountability across operations	  

Environment Compliance and Sustainability

Risk Description	Mitigation Strategies	Capitals
Evolving regulations and growing climate change concerns require companies to reduce their carbon footprint, optimise resource use and comply with environmental laws to protect their reputation and avoid penalties.	- Adopt sustainable practices across operations - Adhere to the Environmental Management System standards (ISO 14001:2015) - Conduct periodic EMS reviews to meet global standards	  

Risk exposure

 Residual risk increased in comparison to the previous year	 Residual risk decreased in comparison to the previous year	 Residual risk remained unchanged in comparison to the previous year	 Emerging risk

NOTICE

NOTICE is hereby given that the 39th Annual General Meeting of Tata Communications Limited (‘Company’) will be held at 11:00 a.m. (IST) on Wednesday, July 9, 2025, through Video Conferencing or Other Audio-Visual Means to transact the following business:

Ordinary Business

- 1. Adoption of Audited Standalone Financial Statements**

To receive, consider and adopt the Audited Standalone Financial Statements of the Company for the financial year ended March 31, 2025 together with the Reports of the Board of Directors and the Auditors thereon.
- 2. Adoption of Audited Consolidated Financial Statements**

To receive, consider and adopt the Audited Consolidated Financial Statements of the Company for the financial year ended March 31, 2025 together with the Report of the Auditors thereon.
- 3. Declaration of Dividend**

To declare a dividend on equity shares of the Company for the financial year ended March 31, 2025.
- 4. Appointment of Mr. Ankur Verma (DIN: 07972892) as Director, liable to retire by rotation**

To appoint a Director in place of Mr. Ankur Verma (DIN: 07972892), who retires by rotation and being eligible, offers himself for re-appointment.

Special Business

- 5. Appointment of Secretarial Auditors and fixing their remuneration**

To consider and, if thought fit, to pass the following resolution as an **Ordinary Resolution**:

“**RESOLVED THAT** pursuant to the provisions of Section 204 and other applicable provisions, if any, of the Companies Act, 2013 (‘Act’) read with the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and Regulation 24A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (‘SEBI Listing Regulations’) [including any statutory modification(s) or re-enactment(s) thereof for the time being in force], M/s. Parikh & Associates, Company Secretaries in Practice (Firm Registration No. P1988MH009800), who have confirmed their eligibility to be appointed as the Secretarial Auditors of the Company in terms of Regulation 24A (1A) of the SEBI Listing Regulations, be and are hereby appointed as the Secretarial Auditors of the Company, for a term of five consecutive years, commencing from financial year 2025-26 till financial year 2029-30.”

“**RESOLVED FURTHER THAT** the Board of Directors of the Company be and is hereby authorised to fix the annual remuneration plus applicable taxes and out-of-pocket expenses payable to M/s. Parikh & Associates during their tenure as the Secretarial Auditors of the Company.”

“**RESOLVED FURTHER THAT** the Board of Directors (which term shall be deemed to include any committee of the Board constituted to exercise its powers, including the powers conferred by this Resolution) and the Company Secretary of the Company, be and are hereby severally authorised to do such acts, deeds and things as may be required and take all such steps as may be necessary, proper and expedient to give effect to this Resolution.”

- 6. Ratification of Cost Auditor’s Remuneration**

To consider and, if thought fit, to pass the following resolution as an **Ordinary Resolution**:

“**RESOLVED THAT** pursuant to the provisions of Section 148 and other applicable provisions, if any, of the Companies Act, 2013 and the Companies (Audit and Auditors) Rules, 2014 [including any statutory modification(s) or re-enactment(s) thereof for the time being in force], the Company hereby ratifies the remuneration of ₹6.60 lakhs plus applicable taxes and out-of-pocket expenses on actual basis incurred in connection with the audit, capped at 3% of the remuneration, payable to Ms. Ketki D. Visariya, Cost Accountant (Membership No.: 16028), who, on the recommendation of the Audit Committee, has been appointed by the Board of Directors as the Cost Auditor of the Company, to conduct the audit of the cost records maintained by the Company for the financial year 2025-26.”

“**RESOLVED FURTHER THAT** the Board of Directors (which term shall be deemed to include any committee of the Board constituted to exercise its powers, including the powers conferred by this Resolution) and the Company Secretary of the Company, be and are hereby severally authorised to do such acts, deeds and things as may be required and take all such steps as may be necessary, proper and expedient to give effect to this Resolution.”

- 7. Appointment of Mr. Sujit Kumar Varma (DIN: 09075212) as a Director and as an Independent Director**

To consider and, if thought fit, to pass, the following resolution as a **Special Resolution**:

“**RESOLVED THAT** Mr. Sujit Kumar Varma (DIN: 09075212), who was appointed as an Additional Director of the Company with effect from

NOTES:

1. Pursuant to General Circulars issued by the Ministry of Corporate Affairs dated April 8, 2020, April 13, 2020, May 5, 2020, and subsequent circulars issued in this regard, the latest being circular dated September 19, 2024 (collectively referred to as 'MCA Circulars'), the Company is convening the 39th Annual General Meeting ('AGM' / 'Meeting') through Video Conferencing ('VC') / Other Audio Visual Means ('OAVM'), without the physical presence of the Members at a common venue.

Further, the Securities and Exchange Board of India ('SEBI'), vide its circulars dated May 12, 2020, and subsequent circulars issued in this regard, the latest being October 3, 2024 (collectively referred to as 'SEBI Circulars'), has provided relaxations from compliance with certain provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations').

In compliance with the applicable provisions of the Companies Act, 2013 ('Act'), the SEBI Listing Regulations, MCA Circulars and SEBI Circulars, the 39th AGM of the Company is being held through VC/OAVM on Wednesday, July 9, 2025 at 11:00 a.m. (IST). The deemed venue for the 39th AGM will be the Company's Registered Office at Tata Communications Limited, VSB, Mahatma Gandhi Road, Fort, Mumbai - 400001.

2. **PURSUANT TO THE PROVISIONS OF THE ACT, A MEMBER ENTITLED TO ATTEND AND VOTE AT THE AGM IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE ON HIS / HER BEHALF AND THE PROXY NEED NOT BE A MEMBER OF THE COMPANY. SINCE THIS AGM IS BEING HELD PURSUANT TO THE MCA CIRCULARS THROUGH VC OR OAVM, THE REQUIREMENT OF PHYSICAL ATTENDANCE OF MEMBERS HAS BEEN DISPENSED WITH. ACCORDINGLY, IN TERMS OF THE MCA CIRCULARS THE FACILITY FOR APPOINTMENT OF PROXIES BY THE MEMBERS WILL NOT BE AVAILABLE FOR THIS AGM AND HENCE THE PROXY FORM, ATTENDANCE SLIP AND ROUTE MAP OF AGM ARE NOT ANNEXED TO THIS NOTICE.**

3. Institutional Investors, who are Members of the Company, are encouraged to attend and vote at the AGM through e-voting facility. Corporate Members and Institutional Investors intending to appoint their authorised representatives pursuant to Sections 112 and 113 of the Act, as the case may be, to attend the AGM through VC/OAVM or to vote through remote e-Voting are requested to send a certified copy of the Board Resolution granting such authority to the Scrutinizer by email at ucshukla@rediffmail.com with a copy marked to [evoting@nsdl.co.in](https://www.evoting.nsdl.co.in).

Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Act.

Members can join the AGM through VC/OAVM mode 30 minutes before and 15 minutes after the scheduled time of commencement of the Meeting by following the procedure mentioned in the Notice. Members will be able to view the proceedings on National Securities Depository Limited's e-Voting website at <https://www.evoting.nsdl.com/>.

4. The Explanatory Statement pursuant to Section 102 of the Act setting out material facts concerning the business under Item Nos. 5 to 8 of the Notice is annexed hereto. The relevant details, pursuant to Regulations 36(3) and 36(5) of the SEBI Listing Regulations and Secretarial Standard on General Meetings issued by the Institute of Company Secretaries of India, in respect of Directors seeking appointment / re-appointment at this AGM are also annexed. Requisite declarations have been received from the Director(s) and Secretarial Auditors seeking appointment / re-appointment.

5. The Notice of the AGM along with the Integrated Annual Report 2024-25 is being sent by electronic mode to those Members whose email addresses are registered with the Company / Depositories. A letter providing the web-link, including the exact path, where complete details of the Integrated Annual Report, is being sent to those Members who have not registered their email addresses. Members may note that the Notice and Integrated Annual Report 2024-25 will also be available on the Company's website at www.tatacommunications.com; websites of the Stock Exchanges i.e., BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com, respectively, and on the website of NSDL at <https://www.evoting.nsdl.com>.

6. **Book Closure, Record Date and Dividend:**
The Company has fixed Thursday, June 19, 2025 as the 'Record Date' for determining entitlement of Members to final dividend for the financial year ended March 31, 2025, if approved at the AGM. The Register of Members and the Share Transfer Books of the Company will be closed from Friday, June 20, 2025 till Monday, June 23, 2025, both days inclusive. Dividend of ₹25/- per equity share of ₹10/- each (i.e., 250%), if approved at the AGM, will be paid subject to tax deduction at source ('TDS') on or after Thursday, July 10, 2025 as under:

- a. to all Beneficial Owners in respect of shares held in electronic form as per the data made available by the National Securities Depository Limited ('NSDL') and Central Depository Services (India) Limited ('CDSL') as of close of business hours on Thursday, June 19, 2025; and
- b. to all Members in respect of shares held in physical form whose names appear on the Company's Register of Members after giving effect to all valid transmission or transposition requests lodged with the Company or the Registrar and Transfer Agent

April 22, 2025 by the Board of Directors, based on the recommendation of the Nomination and Remuneration Committee and in respect of whom the Company has received a notice in writing under Section 160(1) of the Companies Act, 2013 ('Act') from a Member proposing his candidature for the office of Director, and who is eligible for appointment as a Director and who has consented to act as a Director of the Company, be and is hereby appointed as a Director of the Company."

"RESOLVED FURTHER THAT pursuant to the provisions of Sections 149, 150, 152 and other applicable provisions, if any, of the Act read with Schedule IV to the Act, the Companies (Appointment and Qualification of Directors) Rules, 2014, Regulations 17, 25 and other applicable provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'), [including any statutory modification(s) or re-enactment(s) thereof for the time being in force] and Articles of Association of the Company, the appointment of Mr. Sujit Kumar Varma (DIN: 09075212), who has submitted a declaration that he meets the criteria for independence as provided in Section 149(6) of the Act and Regulation 16(1)(b) of the SEBI Listing Regulations and who is eligible for appointment as an Independent Director of the Company, not liable to retire by rotation, for a term of five consecutive years commencing from April 22, 2025 to April 21, 2030 (both days inclusive), be and is hereby approved."

"RESOLVED FURTHER THAT the Board of Directors (which term shall be deemed to include any committee of the Board constituted to exercise its powers, including the powers conferred by this Resolution) and the Company Secretary of the Company, be and are hereby severally authorised to do such acts, deeds and things as may be required and take all such steps as may be necessary, proper and expedient to give effect to this Resolution."

8. **Appointment of Mr. P. Jagdish Rao (DIN: 01991594) as a Director and as an Independent Director**

To consider and, if thought fit, to pass, the following resolution as a **Special Resolution:**

"RESOLVED THAT Mr. P. Jagdish Rao (DIN: 01991594), who was appointed as an Additional Director of the Company with effect from June 13, 2025 by the Board of Directors, based on the recommendation of the Nomination and Remuneration Committee and in respect of whom the Company has received a notice in writing under Section 160(1) of the Companies Act, 2013 ('Act') from a Member proposing his

candidature for the office of Director, and who is eligible for appointment as a Director and who has consented to act as a Director of the Company, be and is hereby appointed as a Director of the Company."

"RESOLVED FURTHER THAT pursuant to the provisions of Sections 149, 150, 152 and other applicable provisions, if any, of the Act read with Schedule IV to the Act, the Companies (Appointment and Qualification of Directors) Rules, 2014, Regulations 17, 25 and other applicable provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'), [including any statutory modification(s) or re-enactment(s) thereof for the time being in force] and Articles of Association of the Company, the appointment of Mr. P. Jagdish Rao (DIN: 01991594), who has submitted a declaration that he meets the criteria for independence as provided in Section 149(6) of the Act and Regulation 16(1)(b) of the SEBI Listing Regulations and who is eligible for appointment as an Independent Director of the Company, not liable to retire by rotation, for a term of five consecutive years commencing from June 13, 2025 to June 12, 2030 (both days inclusive), be and is hereby approved."

"RESOLVED FURTHER THAT the Board of Directors (which term shall be deemed to include any committee of the Board constituted to exercise its powers, including the powers conferred by this Resolution) and the Company Secretary of the Company, be and are hereby severally authorised to do such acts, deeds and things as may be required and take all such steps as may be necessary, proper and expedient to give effect to this Resolution."

By Order of the Board of Directors

Zubin Adil Patel

Company Secretary

- (‘R&T Agent’) as of close of business hours on Thursday, June 19, 2025.
- SEBI, vide its circular dated November 3, 2021 (subsequently amended by circulars dated December 14, 2021, March 16, 2023 and November 17, 2023) and SEBI Master Circular dated May 7, 2024, has mandated that with effect from April 1, 2024 dividend to shareholders holding shares in physical form shall be paid only through electronic mode. Such payment shall be made only if the folio is KYC compliant i.e., Permanent Account Number (‘PAN’), nomination, contact details, mobile number, complete bank details and specimen signatures are registered. In case of non-updation of any of these details in respect of physical folios, dividend shall be paid only upon furnishing of all the aforesaid details in entirety.
7. In order to receive the dividend in a timely manner, Members holding shares in physical form should be KYC compliant. Members who have not submitted their KYC documents are requested to send these documents latest by Thursday, June 19, 2025 to the R&T Agent.
8. Pursuant to the Finance Act, 2020, dividend income is taxable in the hands of the Members and the Company is required to deduct TDS from dividend paid to the Members at rates prescribed in the Income Tax Act, 1961 (‘IT Act’) including any amendments or modifications thereto. In general, to enable compliance with TDS requirements, Members are requested to complete and / or update their Residential Status, valid PAN linked to Aadhar, Category as per the IT Act with their Depository Participants (‘DPs’) or in case shares are held in physical form, with the Company / R&T Agent by sending the documents by Friday, June 20, 2025 to enable the Company to determine the appropriate TDS / withholding tax rate applicable, verify the documents and provide exemption. For the detailed process please visit the website of the Company at <https://www.tatacommunications.com/investors/> and also refer to the email sent to the Members in this regard.
9. Members holding shares in electronic form may please note that their bank details as furnished by the respective Depositories to the Company will be considered for remittance of dividend as per the applicable regulations and the Company will not entertain any direct request from such Members for change / addition / deletion in such bank details. Accordingly, Members holding shares in demat form are requested to update their Electronic Bank Mandate with their respective DPs. Further, please note that instructions, if any, already given by Members in respect of shares held in physical form, will not be automatically applicable to the dividend paid on shares held in electronic form.
10. As per Regulation 40 of the SEBI Listing Regulations, as amended, securities of listed companies can be transferred, transmitted and transposed only in dematerialised form. In view of this and to eliminate

- all risks associated with physical shares and for ease of portfolio management, Members holding shares in physical form are requested to consider converting their holdings to dematerialised form. Members can contact the R&T Agent - MUFG Intime India Private Limited (‘MUFG’) at csg-unit@in.mpms.mufg.com for assistance in this regard.
11. Members are requested to note that dividends, if not encashed for a period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund (‘IEPF’). Shares in respect of which dividends have been unclaimed for a period of 7 consecutive years are liable to be transferred to the demat account of the IEPF Authority. In view of this, Members / claimants are requested to claim their dividends from the Company, within the stipulated timeline. Members, whose unclaimed dividends / shares have been transferred to IEPF, may claim the same by making an application to the IEPF Authority, after receiving entitlement letter from the Company, in Form IEPF-5 available at www.iepf.gov.in and the website of the Company at <https://www.tatacommunications.com/investors/shares/>. For further details, please refer to Corporate Governance Report which is a part of this Integrated Annual Report.
12. As per the provisions of Section 72 of the Act, the facility for making nomination is available for Members in respect of shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form SH-13. If a Member desires to cancel the earlier nomination and record a fresh nomination, they may submit a request in Form SH-14. If a Member desires to opt out from Nomination facility, then they may submit a request in Form ISR-3. These forms can be downloaded from the website of MUFG at <https://web.in.mpms.mufg.com/KYC-downloads.html> or from the website of the Company at www.tatacommunications.com/investors/shares/. Members are requested to submit the relevant form to their DP in case shares are held in electronic form and to MUFG either by raising a request at https://web.in.mpms.mufg.com/helpdesk/Service_Request.html or sending physical copies by post / delivery to any of the offices of MUFG, in case shares are held in physical form, quoting their folio number.
13. Members are requested to register and intimate changes, if any, pertaining to their name, postal address, email address, telephone / mobile numbers, PAN, mandates, nominations, power of attorney, bank details such as name of the bank and branch details, bank account number, MICR code, IFSC code, etc.:
- a. For shares held in electronic form: to their respective DPs.
- b. For shares held in physical form: to the Company / R&T Agent through the following prescribed Forms:

Form	Description
ISR-1	Request For Registering PAN, KYC Details or Changes / Updation thereof
ISR-2	Confirmation of Signature of securities holder by the Banker
ISR-3	Declaration Form for Opting-out of Nomination
ISR-4	Request for issue of Duplicate Certificate
ISR-5	Request for Transmission of Securities by Nominee or Legal Heir
SH-13	Registration of Nomination
SH-14	Cancellation or Variation of Nomination

14. The Company, through the R&T Agent, has sent individual letters, along with the relevant forms, to the shareholders of physical securities with incomplete KYC details requesting them to furnish / update their KYC details at the earliest. Members can submit the necessary forms along with the necessary documentary evidence to the R&T Agent in following manner:
- Self-attested hard copies addressed to the registered office of the R&T Agent;
 - ‘In Person Verification’ (‘IPV’): the authorised person of the R&T Agent shall verify the original documents furnished by the Member and retain copy(ies) with IPV stamping with date and initials;
 - Service portal of the R&T Agent at https://web.in.mpms.mufg.com/helpdesk/Service_Request.html
- Members can also reach out to the Company at investor.relations@tatacommunications.com for any queries / assistance on the same.
15. SEBI vide its circular dated July 31, 2023 (updated as on December 20, 2023), has established a common Online Dispute Resolution Portal (‘ODR Portal’) for resolution of disputes arising in the Indian Securities Market.
- Pursuant to above-mentioned circulars, upon exhausting the option to resolve their grievances with the R&T Agent / Company directly and through existing SCORES platform, investors can initiate dispute resolution through the ODR Portal (<https://smartodr.in/login>). This portal can also be accessed through the Company’s website <https://www.tatacommunications.com/investors/shares/>.
16. Members attention is also drawn to the SEBI circular dated January 25, 2022 mandating all listed entities to issue securities in dematerialised form only while processing service requests relating to issue of duplicate securities certificate, claim from unclaimed suspense account renewal / exchange of securities certificate, endorsement, sub-division / splitting of securities

- certificate, consolidation of securities certificates / folios, transposition and transmission.
- Members will have to submit duly filled Form ISR-4 or Form ISR-5, as applicable, for the above-mentioned requests and surrender their original securities certificate(s) for processing of service requests to the R&T Agent. The R&T Agent shall thereafter issue a ‘Letter of Confirmation’ in lieu of physical securities certificate(s), to the securities holder / claimant within 30 days of receipt of such request after removing objections, if any. The ‘Letter of Confirmation’ shall be valid for a period of 120 days from the date of its issuance, within which the securities holder / claimant shall make a request to the DP for dematerialising the said securities.
17. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote during the AGM.
18. During the AGM, Members may access the electronic copy of Register of Directors and Key Managerial Personnel and their shareholding maintained under section 170 of the Act and the Register of Contracts and Arrangements in which Directors are interested maintained under section 189 of the Act on the NSDL e-Voting system by following the steps mentioned in point no. 30.
19. Members seeking any information with regard to the financial statements or any other matter to be placed at the AGM or who wish to inspect the relevant documents referred to in this Notice, are requested to write to the Company on or before Tuesday, July 1, 2025 through email on investor.relations@tatacommunications.com mentioning their DP ID and Client ID / Physical Folio Number. These will be replied to by the Company suitably.
20. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company of any change in address or demise of any Member as soon as possible. Members are also advised not to leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned DP and holdings should be verified from time to time.
21. Members who have not yet registered their email addresses are requested to register them with their DPs in case shares are held by them in electronic form and with MUFG in case shares are held by them in physical form.
22. **Process for registering email addresses to receive this AGM Notice and Integrated Annual Report electronically and cast votes electronically:**
- i. **Registration of email addresses with MUFG:** The Company has made special arrangements with MUFG for registration of email addresses of those

Members (holding shares either in electronic or physical form) who wish to receive this Notice electronically and cast votes electronically. Eligible Members whose email addresses are not registered with the Company / DPs are required to provide the same to MUFG on or before 5:00 p.m. IST on Wednesday, July 2, 2025.

Process to be followed for registration of email address is as follows:

- Visit the link https://web.in.mpms.mufg.com/EmailReg/Email_Register.html
- Select the company name viz. Tata Communications Limited
- Enter the DP ID and Client ID / Physical Folio Number, Name of Member and PAN details. Members holding shares in physical form need to additionally enter one of the share certificate numbers.
- Enter mobile number and email address and click on Continue button.
- The system will send a One Time Password ('OTP') on your mobile number and email address.
- Upload:
 - Self-attested copy of PAN card and
 - Address proof viz., Aadhar Card, passport or front and back side of share certificate in case of physical folio.
- Enter the OTP received on your mobile number and email address.
- The system will then confirm the email address for receiving this AGM Notice.

After successful submission of the email address, NSDL will email a copy of this AGM Notice and Integrated Annual Report for FY 2024-25 along with the e-Voting User ID and password. In case of any queries, Members may write to csg-unit@in.mpms.mufg.com or evoting@nsdl.co.in.

- Registration of email address permanently with Company / DP:** Members are requested to register their email address with their concerned DPs, in respect of electronic holding and with MUFG, in respect of physical holding, by submitting Form ISR-1 at https://web.in.mpms.mufg.com/EmailReg/Email_Register.html. Further, those Members who have already registered their email addresses are requested to keep their email addresses validated / updated with their DPs / MUFG to enable servicing of notices / documents / Annual Reports and other communications electronically to their email address in future.
- Alternatively, those Members who have not registered their email addresses are required to send an email request to evoting@nsdl.co.in along

with the following documents for procuring User ID and Password and registration for e-Voting for the resolutions set out in this Notice:

- In case shares are held in physical mode, please provide Folio No., Name of the shareholder, scanned copy of the share certificate (front and back), self-attested scanned copy of PAN card, self-attested scanned copy of Aadhar Card.
- In case shares are held in demat mode, please provide DP ID-Client ID (8 digit DP ID + 8 digit Client ID or 16 digit beneficiary ID), Name, client master or copy of Consolidated Account Statement, self-attested scanned copy of PAN card, self-attested scanned copy of Aadhar Card.

23. Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended and Regulation 44 of the SEBI Listing Regulations, as amended and the SEBI and MCA Circulars, the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with NSDL for facilitating voting through electronic means, as the authorised agency. The facility of casting votes by a Member using remote e-Voting system as well as e-Voting during the AGM will be provided by NSDL.
24. **The remote e-Voting period commences on Saturday, July 5, 2025 (9:00 a.m. IST) and ends on Tuesday, July 8, 2025 (5:00 p.m. IST).** During this period, Members holding shares either in physical form or in electronic form as on **Wednesday, July 2, 2025 i.e. cut-off date**, may cast their vote electronically. The remote e-Voting module shall be disabled by NSDL for voting thereafter. Once the vote on a resolution is cast by a Member, the Member shall not be allowed to change it subsequently or cast vote again. Those Members, who will be attending the AGM through VC / OAVM and have not cast their vote through remote e-Voting and are otherwise not barred from doing so, shall be eligible to vote through the e-Voting system during the AGM. Voting rights of Members shall be in proportion to their share of the paid-up equity share capital of the Company as on the cut-off date.
25. Members will be provided with the facility for voting through electronic voting system during the video conferencing proceedings at the AGM and Members participating at the AGM, who have not already cast their vote by remote e-Voting, will be eligible to exercise their right to vote during the AGM. Members who have cast their vote by remote e-Voting prior to the AGM will also be eligible to participate at the AGM but shall not be entitled to cast their vote again on such resolution(s) for which the Member has already cast votes through remote e-Voting.

26. A person whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the cut-off date only shall be entitled to avail the facility of remote e-Voting before the AGM as well as e-Voting during the AGM. Any person holding shares in physical form and non-individual shareholders, acquiring shares of the Company and becoming a Member of the Company after sending of the Notice, and holding shares as of the cut-off date, may obtain the User ID and Password by sending a request at evoting@nsdl.co.in. However, if the Member is already registered with NSDL for remote e-Voting, then such Member can use their existing User ID and Password for casting their vote. Individual shareholders holding securities in demat mode who acquire shares of the Company and become a Member of the Company after sending of the Notice, and holding shares as of the cut-off date, may follow the steps mentioned in the Notice of the AGM under "Access to NSDL e-Voting system".
27. The Chairperson shall, at the end of discussion on the resolutions on which voting is to be held, allow voting, by use of remote e-Voting system for all those Members who are present during the AGM through VC / OAVM but have not cast their votes by availing the remote e-Voting facility. The e-Voting module shall be disabled by NSDL for voting 15 minutes after the conclusion of the AGM.
28. The Scrutinizer shall, immediately after the conclusion of voting at the Meeting, first count the votes cast during the AGM, thereafter, unblock the votes cast through remote e-Voting and make, not later than two working days from the conclusion of the AGM, a consolidated Scrutinizer's Report of the total votes cast in favour or against, if any, to the Chairperson or a person authorised by the Chairperson in writing, who shall countersign the same.
29. The results declared along with the Scrutinizer's Report shall be placed on the Company's website www.tatacommunications.com and on the website of NSDL www.evoting.nsdl.com immediately after declaration. The Company shall simultaneously forward the results to BSE Limited and National Stock Exchange of India Limited, where the shares of the Company are listed. The results shall also be placed on the notice board of the Company at its Registered Office and Corporate Office.
30. Instructions for attending the AGM through VC / OAVM and remote e-Voting (before and during the AGM) are given below.
- A. INSTRUCTIONS FOR MEMBERS FOR ATTENDING THE AGM THROUGH VC / OAVM**
- Members will be provided with the facility to attend the AGM through VC / OAVM through

the NSDL e-Voting system. Members may access the same by following the steps mentioned hereinbelow for Access to NSDL e-Voting system. After successful login, Members will see link of "VC/OAVM" placed under "Join Meeting" menu against company name. Members are requested to click on VC / OAVM link placed under "Join Meeting" menu. The link for VC / OAVM will be available in Shareholder / Member login where the EVEN of the Company will be displayed. Please note that Members who do not have the User ID and Password for e-Voting or have forgotten the User ID and Password may retrieve the same by following the remote e-Voting instructions mentioned in this Notice to avoid last minute rush.

- Members are encouraged to join the Meeting through laptops for better experience.
- Members will be required to use internet with a good speed to avoid any disturbance during the Meeting.
- Please note that Members connecting from mobile devices or tablets or laptops via mobile hotspot may experience audio / video loss due to fluctuation in their respective network. It is therefore recommended to use stable wi-fi or LAN connection to mitigate any kind of glitches.
- Members are encouraged to submit in advance, any questions they may have with regard to the financial statements or any other matter to be placed at the 39th AGM, from their registered email address, mentioning their name, DP ID and Client ID / folio number and mobile number, to reach the Company's email address at investorrelations@tatacommunications.com before 5:00 p.m. (IST) on Tuesday, July 1, 2025. Queries will be appropriately responded to, by the Company.
- Members who would like to express their views or ask questions during the AGM may register themselves as a speaker by sending a request from their registered email address mentioning their name, DP ID and Client ID / folio number, PAN and mobile number at investorrelations@tatacommunications.com between Thursday, June 26, 2025 (9:00 a.m. IST) and Thursday, July 3, 2025 (5:00 p.m. IST). The Company reserves the right to restrict the number of speakers depending on the availability of time for the AGM.

Members who need assistance before or during the AGM may contact Mr. Sagar Gudhate, Senior Manager at evoting@nsdl.co.in or call on +91 22 4886 7000.

B. INSTRUCTIONS FOR E-VOTING BEFORE/ DURING THE AGM

The Board of Directors has appointed Mr. U.C. Shukla (Membership No. FCS 2727) of M/s Upendra Shukla & Associates, Practising Company Secretaries, as the Scrutinizer to scrutinize the e-Voting during the AGM and remote e-Voting process in a fair and transparent manner.

INSTRUCTIONS FOR REMOTE E-VOTING BEFORE THE AGM ARE AS UNDER:

The way to vote electronically on NSDL e-Voting system consists of ‘Two Steps’ which are mentioned below:

Step 1: Access to NSDL e-Voting system

A) Login method for e-Voting and joining virtual meeting for individual shareholders holding securities in demat mode

In terms of SEBI Circular dated December 9, 2020 on e-Voting facility provided by listed companies, individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email address in their demat accounts in order to access e-Voting facility.

Login method for Individual shareholders holding securities in demat mode is given below:

Type of shareholders	Login Method
Individual shareholders holding securities in demat mode with NSDL	1. For OTP based login users can click on https://eservices.nsdl.com Users will have to enter your 8-digit DP ID, 8-digit Client ID, PAN, Verification code and generate OTP. Enter the OTP received on registered email ID/mobile number and click on login. After successful authentication, users will be redirected to NSDL Depository site wherein users can see e-Voting page. Click on company name or e-Voting service provider i.e., NSDL and you will be redirected to e-Voting website of NSDL for casting your vote during the remote e-Voting period or joining virtual meeting and voting during the meeting. 2. Existing IDeAS user can visit the e-Services website of NSDL viz., https://eservices.nsdl.com either on a personal computer or on a mobile device. On the e-Services home page, click on the “Beneficial Owner” icon under “Login” which is available under ‘IDeAS’ section. This will prompt you to enter your existing User ID and Password. After successful authentication, you will be able to see e-Voting services under Value added services. Click on “Access to e-Voting” under e-Voting services and you will be able to see e-Voting page. Click on company name or e-Voting service provider i.e., NSDL and you will be re-directed to e-Voting website of NSDL for casting your vote during the remote e-Voting period or joining virtual meeting and voting during the meeting. 3. If you are not registered for IDeAS e-Services, option to register is available at https://eservices.nsdl.com. Select “Register Online for IDeAS Portal” or click at https://eservices.nsdl.com/SecureWeb/IdeasDirectReg.jsp 4. Visit the e-Voting website of NSDL. Open web browser by typing the following URL: https://www.evoting.nsdl.com/ either on a personal computer or on a mobile device. Once the home page of e-Voting system is launched, click on the icon “Login” which is available under ‘Shareholder / Member’ section. A new screen will open. You will have to enter your User ID (i.e., your 16-digit demat account number held with NSDL), Password / OTP and a Verification Code as shown on the screen. After successful authentication, you will be redirected to NSDL Depository site wherein you can see e-Voting page. Click on company name or e-Voting service provider i.e. NSDL and you will be redirected to e-Voting website of NSDL for casting your vote during the remote e-Voting period or joining virtual meeting and voting during the meeting. 5. Shareholders / Members can also download NSDL Mobile App “NSDL Speede” facility by scanning the QR code mentioned below for seamless voting experience.

Type of shareholders	Login Method
Individual shareholders holding securities in demat mode with CDSL	1. Users who have opted for CDSL Easi / Easiest facility, can login with their existing User ID and Password. Option will be made available to reach e-Voting page without any further authentication. To login, users are requested to visit CDSL website www.cdslindia.com and click on login icon and New System Myeasi. 2. After successful login, the user will be able to see the e-Voting option for eligible companies where the e-Voting is in progress. On clicking the e-Voting option, the user will be able to see e-Voting page of the e-Voting service provider for casting their vote during the remote e-Voting period or for joining virtual meeting and voting during the Meeting. Additionally, there will be links to access the system of all e-Voting Service Providers, so that the user can visit the e-Voting service providers’ website directly. 3. If the user is not registered for Easi / Easiest, an option to register is available at CDSL’s website www.cdslindia.com by clicking on login and New System Myeasi tab and then clicking on registration option. 4. Alternatively, the user can directly access e-Voting page by providing demat account number and PAN from the e-Voting link available on www.cdslindia.com home page. The system will authenticate the user by sending an OTP on the registered mobile number and email address as recorded in the demat account. After successful authentication, the user will be able to see the e-Voting options where e-Voting is in progress and will also be able to directly access the system of all e-Voting Service Providers.
Individual shareholders (holding securities in demat mode) login through their Depository Participants	Members may also login using the login credentials of their demat account through their Depository Participant registered with NSDL / CDSL for e-Voting facility. Upon logging in, you will be able to see e-Voting option which will redirect you to NSDL / CDSL Depository site. Click on company name or e-Voting service provider i.e., NSDL and you will be redirected to e-Voting website of NSDL for casting your vote during the remote e-Voting period or joining virtual meeting and voting during the Meeting.

Important note: Members who are unable to retrieve User ID / Password are advised to use “Forgot User ID” and “Forgot Password” option available at above-mentioned websites.

Helpdesk for individual shareholders holding securities in demat mode for any technical issues related to login through Depository i.e., NSDL and CDSL

Login type	Helpdesk details
Individual Shareholders holding securities in demat mode with NSDL	Members facing any technical issue in login can contact NSDL helpdesk by sending a request at evoting@nsdl.co.in or call at +91 22 - 4886 7000
Individual Shareholders holding securities in demat mode with CDSL	Members facing any technical issue in login can contact CDSL helpdesk by sending a request at helpdesk.evoting@cdslindia.com or contact at toll free no. 1800-21-09911

B) Login Method for e-Voting and joining virtual meeting for shareholders other than Individual shareholders holding securities in demat mode and shareholders holding securities in physical mode.

How to Log-in to NSDL e-Voting website?

1. Visit the e-Voting website of NSDL. Open web browser by typing the following URL: <https://www.evoting.nsdl.com/> either on a personal computer or on a mobile device.
2. Once the home page of e-Voting system is launched, click on the icon “Login” which is available under ‘Shareholder / Member’ section.
3. A new screen will open. You will have to enter your User ID, Password / OTP and a Verification Code as shown on the screen.

Alternatively, if you are registered for NSDL eservices i.e., IDeAS, you can log-in at <https://eservices.nsdl.com/> with your existing IDeAS login. Once you log-in to NSDL e-services, click on e-Voting and you can proceed to Step 2 i.e., Cast your vote electronically.

4. Your User ID details are given below:

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID
a) For Members who hold shares in demat account with NSDL	8 Character DP ID followed by 8 Digit Client ID
b) For Members who hold shares in demat account with CDSL	16 Digit Beneficiary ID
c) For Members holding shares in Physical Form	EVEN followed by Folio Number registered with the Company For example, if folio number is 001*** and EVEN is 133969 then User ID is 133969001***

5. Password details for shareholders other than Individual shareholders are given below:

- a) If you are already registered for e-Voting, then you can user your existing password to login and cast your vote.
- b) If you are using NSDL e-Voting system for the first time, you will need to retrieve the ‘initial password’ which was communicated to you. Once you retrieve your ‘initial password’, you need to enter the ‘initial password’ and the system will force you to change your password.
- c) How to retrieve your ‘initial password’?

d) Members can also use the OTP based login for casting votes on the e-Voting system of NSDL.

7. After entering your password, tick on Agree to “Terms and Conditions”.
8. Now, you will have to click on “Login” button.
9. After you click on the “Login” button, the e-Voting home page will open.

Step 2: Cast your vote electronically and join AGM on NSDL e-Voting system.

How to cast your vote electronically and join AGM on NSDL e-Voting system?

- i. If your email address is registered in your demat account or with the company, your ‘initial password’ is communicated to you on your email address. Trace the email sent to you from NSDL in your mailbox. Open the email and open the attachment i.e. a .pdf file. The password to open the .pdf file is your 8 digit Client ID for NSDL account, last 8 digits of Client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your ‘User ID’ and your ‘initial password’.
- ii. If your email address is not registered, please follow steps mentioned at Note No. 22 of this Notice.
6. If you are unable to retrieve or have not received the “Initial password” or have forgotten your password:
- a) Click on **“Forgot User Details / Password?”** (If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl.com; or
- b) Click on **“Physical User Reset Password?”** (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
- c) If you are still unable to get the password by above-mentioned two options, you can send a request at evoting@nsdl.co.in mentioning your demat account number / folio number, PAN, name and registered address.
1. After successful login at Step 1, you will be able to see the “EVEN” of all companies in which you are holding shares and whose voting cycle and General Meeting is in active status.
2. Select “EVEN” of the company for which you wish to cast your vote during the remote e-Voting period and cast your vote during the Meeting. To join the virtual meeting, you need to click on “VC / OAVM” link placed under “Join Meeting”.
3. Now you are ready for e-Voting as the Voting page opens.
4. Cast your vote by selecting appropriate options i.e., assent or dissent, verify / modify the number of shares for which you wish to cast your vote and click on “Submit” and “Confirm” when prompted.
5. Upon confirmation, a message “Vote cast successfully” will be displayed.
6. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
7. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

INSTRUCTIONS FOR E-VOTING DURING THE AGM ARE AS UNDER:

- i. The procedure for remote e-Voting during the AGM is the same as the instructions mentioned above for remote e-Voting since the Meeting is being held through VC /OAVM.
- ii. Only those Members, who are present in the AGM through VC / OAVM facility and have not cast their vote

on the resolutions through remote e-Voting and are otherwise not barred from doing so, shall be eligible to vote through e-Voting system during the AGM.

- iii. Members who have voted through remote e-Voting will be eligible to attend the AGM. However, they will not be eligible to vote at the AGM.
- iv. The details of the person who may be contacted for any grievances connected with the facility for e-Voting on the day of the AGM shall be as mentioned for remote e-Voting.

General Guidelines for shareholders

1. Institutional shareholders (i.e. other than individuals, HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of the relevant Board Resolution / Authority Letter, etc. with attested specimen signature of the duly authorised signatory(ies) who are authorised to vote, to the Scrutinizer by email at ucshukla@rediffmail.com with a copy marked to evoting@nsdl.co.in. Institutional shareholders can also upload their Board Resolution / Power of Attorney / Authority Letter, etc. by clicking on “Upload Board Resolution / Authority Letter” displayed under “e-Voting” tab in their login.
2. It is strongly recommended not to share your password with any other person and take utmost care to keep your

password confidential. Login to the e-Voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the “Forgot User Details / Password?” or “Physical User Reset Password?” option available on www.evoting.nsdl.com to reset the password.

3. In case of any queries, you may refer the Frequently Asked Questions (FAQs) for shareholders and e-Voting user manual for shareholders available at the download section of www.evoting.nsdl.com or call on: +91 22 4886 7000 or send a request to Mr. Sagar Gudhate, Senior Manager at evoting@nsdl.co.in.

Explanatory Statement

Pursuant to Section 102(1) of the Companies Act, 2013 (‘Act’) the following Explanatory Statement sets out material facts relating to business mentioned under Item Nos. 5 to 8 of the accompanying Notice.

In respect of Item No. 5

As per the provisions of Section 204 of the Act and Regulation 24A of the SEBI Listing Regulations, the Company is required to undertake Secretarial Audit by a Secretarial Auditor who shall be a Peer Reviewed Company Secretary. Regulation 24A of the SEBI Listing Regulations, as amended, further requires the Company to obtain the approval of its Members for appointment or re-appointment of the Secretarial Auditors.

The Board of Directors of the Company (‘Board’) at its meeting held on April 22, 2025 appointed M/s. Parikh & Associates, Peer Reviewed Firm of Company Secretaries in Practice (Firm Registration No. P1988MH009800 / Peer Review No. 6556/2025), as the Secretarial Auditor of the Company for a term of five consecutive years, commencing from financial year 2025-26 till financial year 2029-30, subject to approval of the Members. If appointed, M/s. Parikh & Associates will carry out Secretarial Audit for financial years 2025-26 to 2029-30. M/s. Parikh & Associates have submitted their eligibility certificate and consent to act as the Secretarial Auditor of the Company and have confirmed that their proposed appointment, if made, will be in accordance

with the conditions prescribed under Regulation 24A (1A) of the SEBI Listing Regulations.

The fee proposed to be paid to M/s. Parikh & Associates towards Secretarial Audit for FY 2025-26 shall be ₹2.50 lakhs per annum (with an increase of 10% after every 2 years), excluding applicable taxes and out of pocket expenses, with the authority to the Board to make revisions as it may deem fit. There is no material change in the proposed fee payable to M/s. Parikh & Associates compared to that of the previous Secretarial Auditor.

The fee for services in the nature of statutory certifications and other permissible non-audit services will be in addition to the secretarial audit fee as above, and will be decided by the Management in consultation with the Secretarial Auditors. The provision of such permissible non-audit services will be reviewed and approved by the Board.

M/s. Parikh & Associates is a well-known firm of Practising Company Secretaries founded in 1987 and based in Mumbai. Renowned for its commitment to quality and precision, the firm has been Peer Reviewed and Quality Reviewed by the Institute of Company Secretaries of India, ensuring the

highest standards in professional practices. The firm has a team of 35 members including 10 partners and is focused on providing comprehensive professional services in corporate law, SEBI regulations, FEMA compliance, and allied fields, delivering strategic solutions to ensure regulatory adherence and operational efficiency. The firm provides its services to various prominent companies and their expertise has earned the trust of industry leaders across sectors like banking, manufacturing, pharmaceuticals, and public utilities. The firm has the necessary capabilities and competencies to perform their duties as Secretarial Auditors of the Company. M/s. Parikh & Associates have the relevant experience and expertise to conduct the Secretarial Audit of the Company.

The Board recommends the Ordinary Resolution set out at Item No. 5 of the Notice for approval by the Members.

None of the Directors and Key Managerial Personnel ('KMP') or their relatives are concerned or interested in the Resolution at Item No. 5 of the accompanying Notice.

In respect of Item No. 6

Under the provisions of Section 148 of the Act read with the Companies (Cost Records and Audit) Rules, 2014, as amended, the Company is required to have the audit of its cost records conducted by a Cost Accountant. Further, in accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor has to be ratified by the Members of the Company.

The Board, on the recommendation of the Audit Committee, has approved the appointment and remuneration of Ms. Ketki D. Visariya, Cost Accountant, as Cost Auditor to conduct the audit of the cost records of the Company for the financial year ending March 31, 2026. Accordingly, under the approval from the Board of Directors, the remuneration of the Cost Auditor was fixed at ₹6.60 lakhs plus applicable taxes and out of pocket expenses on actual basis capped at 3% of the remuneration.

Accordingly, consent of the Members is sought by way of an Ordinary Resolution as set out at Item No. 6 of the accompanying Notice for ratification of the remuneration payable to the Cost Auditor for the financial year ending March 31, 2026.

The Board recommends the Ordinary Resolution set out at Item No. 6 of the Notice for approval by the Members.

None of the Directors and KMPs or their relatives are concerned or interested in the Resolution at Item No. 6 of the accompanying Notice.

In respect of Item No. 7

Based on the recommendation of the Nomination and Remuneration Committee and after obtaining necessary security clearance under the Company's TV uplinking license from the Ministry of Information and Broadcasting, the Board of Directors appointed Mr. Sujit Kumar Varma (DIN: 09075212), as an Additional Director (in the capacity of Independent Director), to hold office for a term of five consecutive years

i.e., with effect from April 22, 2025 up to April 21, 2030 (both days inclusive), pursuant to the provisions of Sections 149, 150 and 152 read with Schedule IV to the Act and the Articles of Association of the Company.

Pursuant to Regulation 17(1C) of the SEBI Listing Regulations, a director shall hold office until the date of next General Meeting or for a period of three months from the date of appointment, whichever is earlier. The Company has received notice under section 160 of the Act proposing his candidature as an Independent Director of the Company. If appointed, Mr. Varma will act as a Non-Executive, Independent Director, not liable to retire by rotation.

The Company has received a declaration from Mr. Varma stating that he meets the criteria as provided under section 149(6) read with section 149(7) of the Act, Regulation 16(1)(b) read with Regulation 25(8) of the SEBI Listing Regulations. Mr. Sujit Kumar Varma has also given a declaration that he is not disqualified under section 164 of the Act nor debarred from holding the office of a director by virtue of any order pass by SEBI or any other authority and has registered himself in the Independent Director's Data Bank maintained by Indian Institute of Corporate Affairs.

In the opinion of the Board, Mr. Sujit Kumar Varma is independent of the Management of the Company and is a person of integrity and possesses relevant expertise and experience and fulfils the conditions for appointment as an Independent Director as specified in the Act and the SEBI Listing Regulations and any modification(s) / amendment(s) thereto.

The terms and conditions of his appointment as an Independent Director shall be open for inspection by the Members.

Keeping in view his experience and expertise, the Special Resolution at Item No. 7 of the accompanying Notice for his appointment as an Independent Director of the Company is in the interest of the Company and is recommended by the Board for approval by the Members. The Board is satisfied that the appointment of Mr. Varma is justified on account of his educational background and rich professional experience in the areas of Finance, Banking, Risk Management and Compliance.

None of the other Directors or KMPs or their relatives except Mr. Sujit Kumar Varma is concerned or interested in the Resolution set out at Item No. 7 of the accompanying Notice.

Brief profile of Mr. Sujit Kumar Varma:

Mr. Sujit Kumar Varma is a career banker with proven track record of leading diverse business departments. Mr. Varma is highly experienced in Corporate and Retail Credit, Trade Finance, International Banking, Risk Management and Compliance. Mr. Varma had been associated with the State Bank of India ("SBI") for over 30 years where he held several important positions viz., Chief Executive Officer - SBI New York USA, General Manager - Mid-Corporate Regional Office, Mumbai, India and Chief General Manager - International Banking. Mr. Varma superannuated as Deputy Managing Director, Corporate Accounts Group from SBI in January 2021.

Mr. Varma holds a Bachelor of Arts (Hons.) in English and certifications from renowned institutes like Indian Institute of Banking & Finance, Mumbai, India; Harvard Business School; NYU Stern School of Business, New York, USA; Indian Institute of Management, Ahmedabad, India and Indian Institute of Management, Calcutta, India.

In respect of Item No. 8

Based on the recommendation of the Nomination and Remuneration Committee and after obtaining necessary security clearance under the Company's TV uplinking license from the Ministry of Information and Broadcasting, the Board of Directors appointed Mr. P. Jagdish Rao (DIN: 01991594), as an Additional Director (in the capacity of Independent Director), to hold office for a term of five consecutive years i.e., with effect from June 13, 2025 up to June 12, 2030 (both days inclusive), pursuant to the provisions of Sections 149, 150 and 152 read with Schedule IV to the Act and the Articles of Association of the Company.

Pursuant to Regulation 17(1C) of the SEBI Listing Regulations, a Director shall hold office until the date of next General Meeting or for a period of three months from the date of appointment, whichever is earlier. The Company has received notice under section 160 of the Act proposing his candidature as an Independent Director of the Company. If appointed, Mr. Rao will act as a Non-Executive, Independent Director, not liable to retire by rotation.

The Company has received a declaration from Mr. Rao stating that he meets the criteria as provided under section 149(6) read with section 149(7) of the Act, Regulation 16(1)(b) read with Regulation 25(8) of the SEBI Listing Regulations. Mr. P. Jagdish Rao has also given a declaration that he is not disqualified under section 164 of the Act nor debarred from holding the office of a director by virtue of any SEBI order or any other authority and has registered himself in the Independent Director's Data Bank maintained by Indian Institute of Corporate Affairs.

In the opinion of the Board, Mr. P. Jagdish Rao is independent of the Management of the Company and is a person of integrity and possesses relevant expertise and experience and fulfils the conditions for appointment as an Independent Director as specified in the Act and the SEBI Listing Regulations and any modification(s) / amendment(s) thereto.

The terms and conditions of his appointment as an Independent Director shall be open for inspection by the Members.

Keeping in view his experience and expertise, the Special Resolution at Item No. 8 of the accompanying Notice for his appointment as an Independent Director of the Company is in the interest of the Company and is recommended by the Board for approval by the Members. The Board is satisfied that the appointment of Mr. Rao is justified on account of his educational background and rich professional experience in the areas of Cyber Security, Data Analytics, Corporate Governance, Information Security, Mergers and Acquisitions, Corporate Operations, etc.

None of the other Directors or KMPs or their relatives except Mr. P. Jagdish Rao is concerned or interested in the Resolution set out at Item No. 8 of the accompanying Notice.

Brief profile of Mr. P. Jagdish Rao:

Mr. P. Jagdish Rao, aged 65 years, is a seasoned financial services and technology executive with over 35 years of experience at Citibank and Citigroup, where he played a pivotal role in driving large-scale business transformations, optimising global banking operations, and implementing advanced technology platforms. He has deep expertise in cyber security, data analytics and corporate governance, having interacted extensively with the Citigroup Board for 20 years. In his leadership roles, he managed technology infrastructure, corporate realty services and business operations worldwide. Mr. Rao spearheaded several strategic transformation initiatives such as consolidating Citi's global data centers, cutting IT costs by over US\$2 billion and implementing Citi's Private Cloud infrastructure, which helped enhance digital and mobile banking capabilities. He also led the consolidation of Citigroup's global real estate footprint, reducing it by over 60%, resulting in significant cost savings.

Throughout his career, Mr. Rao has held various senior leadership positions, including Chairman of Citigroup Technology Inc., Chief Administrative Officer for the Global Consumer Bank and twice serving as Citigroup's Chief Information Security Officer (CISO). He has extensive experience in mergers and acquisitions, divesting several Citi subsidiaries globally and managing corporate operations across diverse regions such as Asia, Europe, Latin America and the U.S. His earlier career included roles in corporate banking, treasury and trade services, and transaction banking. With a strong educational foundation in engineering and business, Mr. Rao is recognised for his ability to lead and implement large-scale global transformations that align technology with business goals.

Mr. Rao is a graduate engineer in Electronics & Electrical Communication Engineering from the Indian Institute of Technology Kharagpur (1981) and has an MBA from the Indian Institute of Management Ahmedabad (1984). He has also completed the Advanced Management Program at Kellogg Business School, North Western University, Evanston, IL.

He is a US citizen residing in New York City.

Attributable to:				
Shareholders of the Company			1,836.36	968.34
Non-Controlling Interest			0.42	1.24

Company’s Performance

FY 2024-25 was a year of steady and sustained growth for Tata Communications, against the backdrop of ongoing global macroeconomic challenges. The Company continued to build momentum in the digital portfolio, which recorded a 29.5% year-on-year growth and now constitutes nearly half of the overall revenues. This performance emphasises the growing relevance of our digital fabric strategy encompassing Network, Cloud, IoT, and Interaction fabrics. The order book and deal pipeline remain healthy, supported by large, multi-fabric wins across diverse geographies and industry verticals.

During the year, the Company took several strategic initiatives, including the monetisation of a large land parcel at Ambattur, Chennai and divestment of non-core subsidiaries such as Tata Communications Payment Solutions Limited. We have sharpened capital allocation and positioned the Company to prioritise investment in core business areas.

As we enter FY 2025-26, Tata Communications is well-positioned with a sharpened strategic focus, continued digital growth, and a roadmap for delivering sustainable, long-term value.

On a standalone basis, the revenue from operations for FY 2024-25 was ₹7,277.86 crore, lower by 8.93% over the previous year’s revenue of ₹7,991.68 crore. The profit after tax (‘PAT’) attributable to shareholders for FY 2024-25 was ₹1,050.87 crore as compared to PAT of ₹638.63 crore for the previous year. These changes reflect the impact of the hive-off of the Company’s new-edged digital services business to Novamesh Limited, a wholly-owned subsidiary of the Company at the start of the financial year. The increase in PAT is additionally attributable to the exceptional income from land monetisation during the year.

On a consolidated basis, the revenue from operations for FY 2024-25 was ₹23,108.59 crore, higher by 11.18% over the previous year’s revenue of ₹20,784.68 crore. The PAT attributable to shareholders and non-controlling interests for FY 2024-25 was ₹1,836.78 crore as compared to ₹969.58 crore for the previous year. The growth in consolidated revenue is driven by additional revenue and synergies from the entities acquired during the previous financial year, gain on land monetisation and strategic divestment of Tata Communications Payment Solutions Limited by the Company during the year.

Dividend

The Board recommends a dividend of ₹25/- per fully paid equity share on 285,000,000 equity shares of face value ₹10/- each, for the financial year ended March 31, 2025. The Board has recommended dividend based on the parameters laid down in the Dividend Distribution Policy, which can be accessed at www.tatacommunications.com/resource/corporate-resources/policies/tcl-dividend-distribution-policy/.

The dividend on equity shares is subject to approval of the Members at the Annual General Meeting (‘AGM’) scheduled to be held on Wednesday, July 9, 2025.

The dividend, once approved by the Members, will be paid, subject to deduction of tax at source, on or after Thursday, July 10, 2025. If approved, the dividend will result in a cash outflow of ₹712.5 crore. The dividend on equity shares is 250% of the paid-up value of each share. The total dividend pay-out works out to 38.79% of the consolidated profit after tax attributable to shareholders and non-controlling interest for FY 2024-25.

The Company has fixed Thursday, June 19, 2025 as the ‘Record Date’ and will close the Register of Members from Friday, June 20, 2025 till Monday, June 23, 2025 (both days inclusive) for determining entitlement of Members to final dividend for the financial year ended March 31, 2025, if approved at the AGM.

Share Capital

As on March 31, 2025, the authorised share capital of the Company consisted of 400,000,000 equity shares of ₹10/-

each, and the paid-up equity share capital consisted of 285,000,000 equity shares of ₹10/- each. During FY 2024-25, the Company has not issued any shares, securities / instruments convertible into equity shares, sweat equity shares or shares with differential voting rights.

The Members, at the 37th AGM, vide special resolution approved ‘Tata Communications Limited - Employee Stock Unit Plan 2023’ (‘Plan’) to create, offer, issue, grant and allot from time to time, in one or more tranches, up to 30,00,000 (Thirty Lakh) employee stock units (‘RSUs’) to eligible employees of the Company. The Plan has been formulated in accordance with the provisions of the Companies Act, 2013 (‘Act’) and SEBI (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 (‘SBEB Regulations’). The Nomination and Remuneration Committee (‘NRC’) administers the Plan and functions as the Compensation Committee for the purposes of SBEB Regulations.

The statutory disclosures as mandated under the SBEB Regulations and a certificate from the Secretarial Auditor confirming implementation of the above-mentioned Plan in accordance with SBEB Regulations and Members’ approval, is hosted on the website of the Company at <https://www.tatacommunications.com/investors/results/>.

Eligible employees shall be granted RSUs, as determined by the NRC, which will vest as per the approved vesting schedule and are exercisable into fully paid-up equity shares of ₹10/- each of the Company, on the terms and conditions as provided under the Plan, in accordance with the provisions of applicable laws and regulations for the time being in force. During the year under review, 7,06,281 (Seven Lakh Six Thousand Two Hundred and Eighty-One) RSUs were granted to eligible employees of the Company and its subsidiaries.

Transfer to Reserves

The Board of Directors has decided to retain the entire amount of profit for financial year 2024-25 in the statement of profit and loss.

Subsidiary and Associate Companies

As on March 31, 2025, the Company had 67 subsidiaries and 3 associates. There has been no material change in the nature of business of the subsidiaries.

A report on the financial position of each of the subsidiaries and associates as per the Act as provided in Form AOC-1 is attached to the financial statements of the Company.

Further, pursuant to the provisions of Section 136 of the Act, the standalone and consolidated financial statements of the Company along with relevant documents and separate audited financial statements in respect of subsidiaries, are available on the website of the Company at <https://www.tatacommunications.com/investors/results/>.

Restructuring and Acquisitions

External Restructuring:

Pursuant to a Share Purchase Agreement ('SPA') dated November 13, 2024, the Company sold its entire stake in its wholly-owned subsidiary Tata Communications Payment Solutions Limited ('TCP SL') to Transaction Solutions International (India) Private Limited. Upon completion of all conditions precedent to the transactions stipulated under the SPA and receipt of a no-objection certificate from Reserve Bank of India, TCP SL ceased to be a wholly-owned subsidiary of the Company effective February 28, 2025.

Internal Restructuring:

During FY 2024-25, your Company has undertaken various internal restructuring activities for simplifying its existing layered group structure of subsidiaries, as follows:

1. The Company completed the transfer of its identified new-edged digital services business as a going concern to its wholly-owned subsidiary, Novamesh Limited, effective April 1, 2024.
2. Tata Communications MOVE B.V. and Tata Communications MOVE Nederland B.V., wholly-owned indirect subsidiaries of the Company ceased to exist effective June 1, 2024 on account of their merger with their immediate parent company i.e., Tata Communications (Netherlands) B.V., also a wholly-owned subsidiary of the Company.
3. The entire shareholding of Campaign Registry Inc., an indirect wholly-owned subsidiary incorporated in US was transferred from Buc Mobile Inc., to Tata Communications (Netherlands) B.V., both wholly-owned subsidiaries of the Company, with effect from August 1, 2024.
4. Subsequent to the fresh issuance of 10,41,088 ordinary shares to the Company followed by the cancellation of the entire existing share capital issued to Tata Communications International Pte. Limited ('TCIPL'), an indirect wholly-owned subsidiary of the Company, Tata Communications (UK) Limited became a direct wholly-owned subsidiary of the Company effective September 27, 2024.
5. On December 20, 2024, Tata Communications Middle East Technology Services LLC ('TC METS') acquired 99.5% shareholding of Solutions Infini FZ-LLC ('SI UAE') through a capital infusion. Thereafter, SI UAE transferred its entire business to TC METS vide an Intra-Group Business Transfer Agreement effective January 1, 2025.
6. Kaleyra UK Limited, transferred its entire business to Tata Communications (UK) Limited through an Intra-Group Business Transfer Agreement effective February 1, 2025.
7. Through an Asset Transfer Agreement, the entire assets and assumed liabilities of Buc Mobile, Inc. were transferred to Kaleyra US Inc. with effect from February 1, 2025.

8. Pursuant to an Agreement dated January 30, 2025, the entire stake of Kaleyra Dominicana S.R.L. was transferred from Kaleyra US Inc. to Tata Communications (Netherlands) B.V. On completion of the transaction, Kaleyra Dominicana S.R.L. became a wholly-owned subsidiary of Tata Communications (Netherlands) B.V. from February 1, 2025.
9. Pursuant to the investment made by the Company in Tata Communications (Netherlands) B.V. ('TC Netherlands') and subsequent buy back of its existing share capital, TC Netherlands has become a direct wholly-owned subsidiary of the Company effective April 4, 2025.
10. Tata Communications SVCS Pte. Ltd., through an Intra-Group Business Transfer Agreement dated March 31, 2025 transferred its entire business to another step-down subsidiary of the Company, viz., TC Networks Switzerland SA effective April 1, 2025.
11. Tata Communications (Hong Kong) Limited, a step down wholly owned subsidiary of the Company, incorporated TC (Shanghai) Network Services Company Limited in People's Republic of China as its wholly-owned subsidiary with effect from April 18, 2025.

Directors' Responsibility Statement

Based on the framework of internal financial controls and compliance systems established and maintained by the Company, the work performed by the internal, statutory, cost and secretarial auditors and external consultants, including the audit of internal financial controls over financial reporting by the statutory auditors and the reviews performed by Management and the relevant Board committees, including the Audit Committee, the Board is of the opinion that the Company's internal financial controls were adequate and effective during financial year 2024-25.

Pursuant to Section 134(5) of the Act, the Board of Directors, to the best of its knowledge and ability, confirm that for the year ended March 31, 2025:

- i. In the preparation of the annual accounts, the applicable accounting standards have been followed and there are no material departures;
- ii. They have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit and loss of the Company for that period;
- iii. They have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding assets of the Company and for preventing and detecting fraud and other irregularities;
- iv. They have prepared the annual accounts on a going concern basis;

- v. They have laid down internal financial controls to be followed by the Company and such internal financial controls are adequate and operating effectively; and
- vi. They have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

Directors and Key Managerial Personnel

- The Members of the Company at the AGM held on July 17, 2024, approved the re-appointment of Mr. A. S. Lakshminarayanan as the Managing Director and Chief Executive Officer of the Company for a second term commencing from November 26, 2024 till April 13, 2026 (both days inclusive).
- Ms. Sangeeta Anand was appointed as an Additional Director (Non-Executive, Independent) on the Board of the Company with effect from September 5, 2024. Vide a Special Resolution passed through postal ballot on October 27, 2024, the Members of the Company approved the appointment of Ms. Sangeeta Anand as a Non-Executive, Independent Director of the Company for a term of three consecutive years commencing from September 5, 2024 to September 4, 2027 (both days inclusive).
- On completion of her second term as an Independent Director, Ms. Renuka Ramnath ceased to be a director on the Board and Chairperson of the Board with effect from December 8, 2024. The Board extends its heartfelt gratitude to Ms. Renuka Ramnath for her invaluable guidance and steadfast leadership over the past decade.
- Mr. N. Ganapathy Subramaniam, Non-Executive, Non-Independent Director was elected as the Chairperson of the Board of Directors of the Company with effect from March 14, 2025.

On the recommendation of the NRC, the Board of Directors appointed Mr. Sujit Kumar Varma as an Additional Director (Non-Executive, Independent) of the Company with effect from April 22, 2025, for a term of five consecutive years. A proposal for his appointment will be placed before the Members for approval at the ensuing AGM scheduled to be held on July 9, 2025.

Mr. Varma fulfils the criteria of independence under Regulation 16(1)(b) and Regulation 25(8) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations') and Section 149(6) of the Act, 2013.

All appointments to the Board are subject to receipt of clearance from the Ministry of Information and Broadcasting under the Policy Guidelines for Uplinking and Downlinking of Television Channels from India dated November 9, 2022, applicable to the Company and the Company has obtained necessary approvals prior to appointment of the new director.

Pursuant to the provisions of Section 149 of the Act and Regulation 25(8) of the SEBI Listing Regulations, the Independent Directors have submitted declarations stating

that each of them fulfil the criteria of independence as provided in Section 149(6) of the Act along with rules framed thereunder and Regulation 16(1)(b) of the SEBI Listing Regulations. There has been no change in the circumstances affecting their status as Independent Directors of the Company. In the opinion of the Board, the Independent Directors are competent, experienced, proficient and possess necessary expertise and integrity to discharge their duties and functions as Independent Directors. The Independent Directors of the Company have undertaken requisite steps towards the inclusion of their names in the data bank of Independent Directors maintained with the Indian Institute of Corporate Affairs.

None of the Company's directors are disqualified from being appointed as a director as specified in Section 164 of the Act. All directors have further confirmed that they are not debarred from holding the office of a director under any order from SEBI or any other authority.

In accordance with the provisions of Section 152 of the Act and the Articles of Association of the Company, Mr. Ankur Verma retires by rotation at the ensuing AGM and being eligible, has offered himself for re-appointment.

During the year under review, the Non-Executive Directors of the Company had no pecuniary relationship or transactions with the Company, other than receipt of sitting fees, commission, reimbursement of expenses incurred by them for the purpose of attending meetings of the Board and its committees or other Company events and any other transactions as approved by the Audit Committee or the Board which are disclosed under the Notes to Accounts. For more details about the directors, please refer to the Corporate Governance Report.

During the year there was no change in the Key Managerial Personnel ('KMP') of the Company.

Pursuant to the provisions of Section 203 of the Act, the Key Managerial Personnel of the Company are:

- Mr. A. S. Lakshminarayanan - Managing Director & Chief Executive Officer;
- Mr. Kabir Ahmed Shakir - Chief Financial Officer;
- Mr. Zubin Adil Patel - Company Secretary & Head Compliance.

Number of Meetings of the Board

Seven Board meetings were held during FY 2024-25. For details of meetings of the Board, please refer to the Corporate Governance Report, which is a part of this Report.

Board Evaluation

The Board of Directors has carried out an annual evaluation of its own performance, performance of Board committees and that of individual directors pursuant to the provisions of the Act and SEBI Listing Regulations.

The performance of the Board, its committees and individual directors was evaluated by the Board after seeking inputs

from all directors on the basis of criteria established on the Guidance Note on Board Evaluation issued by the SEBI on January 5, 2017, such as the board / committee composition and structure, effectiveness of board processes / committee meetings, information and functioning, etc.

In a separate meeting of the Independent Directors, performance of Non-Independent Directors and the Board as a whole was evaluated, taking into account the views of the Executive Director and Non-Executive Directors. Separate discussions were also held by the Chairperson of the NRC with each of the Non-Independent Directors.

The Board and the NRC reviewed the performance of individual directors on the basis of criteria such as the contribution of the individual director to the Board and committee meetings, like preparedness on the issues to be discussed, meaningful and constructive contribution and inputs in meetings, etc.

In the Board meeting that followed the meeting of the Independent Directors and the meeting of the NRC, the performance of the Board, its committees, and individual directors was discussed. Performance evaluation of Independent Directors was done by the entire Board, excluding the Independent Director being evaluated.

Policy on Director’s Appointment and Remuneration and other details

The Company’s policy on director’s appointment and remuneration and other matters provided in Section 178(3) of the Act, has been disclosed in the Corporate Governance Report, which is a part of this Report, and is also available on www.tatacommunications.com/investors/governance/.

Internal Financial Control Systems and their adequacy

The details with respect to internal financial controls and their adequacy are included in the Management Discussion and Analysis Report, which is a part of this Report.

Audit Committee

The details of the Audit Committee, including its composition terms of reference, attendance, etc., are included in the Corporate Governance Report, which is a part of this Report. The Board has accepted all the recommendations of the Audit Committee and hence, there is no further explanation to be provided for in this Report.

Vigil Mechanism

The Company has adopted a Whistleblower Policy and has established a vigil mechanism for directors and employees to report their concerns. For more details on the Whistleblower Policy please refer to the Corporate Governance Report and the Business Responsibility and Sustainability Report (‘BRSR’).

Auditors

Statutory Auditor and Statutory Auditor’s Report

At the 36th AGM held on June 29, 2022, the Members approved re-appointment of M/s. S.R. Batliboi & Associates LLP, Chartered Accountants (Firm Registration No. 101049W / E300004) as Statutory Auditors of the Company to hold office for a second term of five consecutive years from the conclusion of 36th AGM till the conclusion of the 41st AGM to be held in the year 2027.

The Statutory Auditor’s Report for FY 2024-25 does not contain any qualifications, reservations, adverse remarks or disclaimers.

The Statutory Auditors of the Company have not reported any fraud as specified under Section 143(12) of the Act, for the year under review.

Secretarial Auditor and Secretarial Audit Report

Pursuant to the provisions of Section 204 of the Act and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, as amended, the Company had appointed a practising company secretary, Mr. U. C. Shukla, (FCS No. 2727 / CP No. 1654), to undertake the Company’s secretarial audit for financial year 2024-25.

The report of the Secretarial Auditor in Form MR-3 for the financial year ended March 31, 2025 is attached to this Report. The Secretarial Audit Report does not contain any qualifications, reservations, adverse remarks or disclaimers.

In terms of Regulation 24A of the SEBI Listing Regulations, the Board of Directors at its meeting held on April 22, 2025, approved the appointment of M/s. Parikh & Associates, Company Secretaries (Firm Registration No.: P1988MH009800) as the Secretarial Auditors of the Company, for a term of five consecutive years commencing from FY 2025-26, subject to the approval of the Members of the Company. A proposal for appointment of M/s. Parikh & Associates, Company Secretaries as the Secretarial Auditor of the Company will be placed before the Members for approval at the ensuing AGM scheduled to be held on July 9, 2025. M/s. Parikh & Associates, have complied with their independence status and an arm’s length relationship with the Company.

Cost Auditor

As per Section 148 of the Act read with the Companies (Cost Records and Audit) Rules, 2014, as amended, the Company is required to prepare and maintain cost records and have the cost records audited by a Cost Accountant and accordingly, it has prepared and maintained such cost accounts and records. The Board, on the recommendation of the Audit Committee, appointed Ms. Ketki D. Visariya, Cost Accountant (Firm Registration No. 102266) as the Cost Auditor of the Company for FY 2025-26 under section 148 and all other applicable provisions of the Act. Ms. Visariya has confirmed

that she is free from disqualification specified under section 141(3) and proviso to Section 148(3) read with section 141(4) of the Act and that her appointment meets the requirements of section 141(3)(g) of the Act. She has further confirmed her independent status and an arm’s length relationship with the Company.

The remuneration payable to the Cost Auditor is required to be placed before the Members in a General Meeting for their ratification. Accordingly, a resolution seeking Members’ ratification for the remuneration payable to Ms. Visariya is included in the Notice convening the AGM.

Risk Management

The Board of Directors of the Company has formed a Risk Management Committee for monitoring and reviewing the risk management plan and ensuring its effectiveness. The Audit Committee has additional oversight in the area of financial risks and controls. Major risks identified by businesses and functions are systematically addressed through mitigating actions on a continuous basis.

Further information on development and implementation of risk management policy has been covered in the Management Discussion and Analysis Report, which forms part of this Integrated Annual Report.

For more details on the key risks identified and mitigation plans, please refer to the Risk Management section of this Integrated Annual Report.

Particulars of Loans, Guarantees or Investments under Section 186

Your Company falls within the scope of a company providing infrastructural facilities under Schedule VI to the Act. Accordingly, the Company is exempt from the provisions of Section 186 of the Act with regards to loans, guarantees and investments.

Related Party Transactions

In line with the requirements of the Act and the SEBI Listing Regulations, the Company has formulated a policy on Related Party Transactions (‘RPT Policy’) which can be accessed on the Company’s website at www.tatacommunications.com/investors/governance. The RPT Policy was last reviewed and amended by the Board at its meeting held on April 22, 2025, on the recommendation of the Audit Committee.

All related party transactions are placed before the Audit Committee for review and approval. Prior omnibus approval is obtained for transactions which are of a repetitive nature and are in the ordinary course of business and at arm’s length pricing.

During the year under review, the Company obtained approval of the Members for the following material related

party transactions with STT Global Data Centres India Private Limited, an associate company, exceeding the value of ₹1,000 crore together with the existing transactions during the financial year, as per the requirements of SEBI Listing Regulations –

- 1. Related Party Transaction(s) with STT Global Data Centres India Private Limited, an associate company, for sale of the Company’s property at Ambattur, Chennai.
- 2. Related Party Transaction(s) with STT Global Data Centres India Private Limited, an associate company, for leaseback arrangements.

None of the transactions with related parties falls under the scope of Section 188(1) of the Act. There have been no materially significant related party transactions between the Company and its subsidiaries, Directors, KMPs, or the relatives of Directors and KMPs, except for those disclosed in the financial statements. Accordingly, particulars of contracts or arrangements with related parties referred to in Section 188(1) of the Act along with the justification for entering into such a contract or arrangement in Form AOC-2, does not form part of the Board’s Report.

Corporate Social Responsibility

A brief outline of the Corporate Social Responsibility (‘CSR’) Policy of the Company and the CSR initiatives undertaken during the year under review are set out in **Annexure I** of this Report in the format prescribed in the Companies (Corporate Social Responsibility Policy) Rules, 2014, as modified. For other details regarding the Corporate Social Responsibility, Safety and Sustainability Committee, please refer to the Corporate Governance Report, which is a part of this Report. The CSR Policy is also available on the Company’s website at www.tatacommunications.com/investors/governance.

Annual Return

As per the requirements of Section 134(3)(a) read with Section 92(3) of the Act and the rules framed thereunder, including any statutory modifications / amendments thereto for the time being in force, the Annual Return for FY 2024-25 is available on www.tatacommunications.com/investors/results/.

Particulars of Employees

The information required under section 197 of the Act read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, as amended, is given below:

- a. The ratio of the remuneration of each Director to the median remuneration of the employees of the Company and percentage increase in remuneration of each Director, Chief Executive Officer, Chief Financial Officer

and Company Secretary for the financial year 2024-25:

Name of Directors / KMPs	Ratio to median remuneration*	% increase in remuneration in the financial year
Non-Executive Directors#		
Ms. Renuka Ramnath ¹	NA	NA
Mr. Krishnakumar Natarajan	7.89	21.62
Mr. Ashok Sinha	6.85	36.94
Mr. N. Ganapathy Subramaniam ²	NA	NA
Mr. Ankur Verma ²	NA	NA
Ms. Sangeeta Anand ³	NA	NA
Executive Director		
Mr. A. S. Lakshminarayanan	47.75	10
Chief Financial Officer		
Mr. Kabir Ahmed Shakir	21.34	4.50
Company Secretary		
Mr. Zubin Adil Patel	4.28	12.90

#While calculating the ratio for Non-Executive Directors, both, commission and sitting fees paid have been taken into consideration.

¹Ceased to be a director w.e.f., December 8, 2024.

²As per a Tata Group directive, in case an executive who is in employment of a Tata Company and is receiving salary as an employee is appointed as a Non-Executive Director ('NE') on any Tata Company, such NE would not accept any commission. The ratio of median to remuneration is not comparable in this case and hence, not stated.

³Appointed with effect from September 5, 2024 and hence, remuneration is not comparable.

- b. The percentage increase in the median remuneration of employees in the financial year:
4.10%*
- c. The number of permanent employees on the rolls of Company: 5,852* employees as on March 31, 2025
- d. Average percentile increase already made in the salaries of employees, other than the managerial personnel in the last financial year, and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration:

During the course of the year, the total average increase was approximately 3.70%* for employees based in India, after accounting for promotions and other event-based compensation revisions. The increase in the managerial remuneration for the year was 4.00%*.

- e. Affirmation that the remuneration is as per the Remuneration Policy of the Company:

The Company affirms that the remuneration is as per the Remuneration Policy of the Company. The statement containing names of top ten employees in terms of remuneration drawn and the particulars of employees as required under section 197(12) of the Act read with Rule 5(2) and 5(3) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, as amended, is provided in a separate annexure forming part of this Report. The Report and the accounts are being sent to the Members excluding the aforesaid annexure. In terms of Section 136 of the Act, the said annexure is open for inspection. Any Member interested in obtaining a copy of the same may write to the Company Secretary at investor.relations@tatacommunications.com.

**Effective April 1, 2024, the Company transferred its new-edged digital services business along with employees associated with this business to Novamesh Limited, a wholly-owned subsidiary of the Company. As a result, these values for FY 2024-25 are not comparable with the values reported in the previous year.*

Disclosure Requirements

As per SEBI Listing Regulations, the Corporate Governance Report along with the Auditors' Certificate thereon, and the Management Discussion and Analysis Report form part of this Integrated Annual Report.

As per Regulation 34 of the SEBI Listing Regulations, BRSR is available on the website of the Company [here](#).

The Company has devised proper systems to ensure compliance with the provisions of all applicable Secretarial Standards issued by the Institute of Company Secretaries of India and such systems are adequate and operating effectively.

Deposits from the Public

The Company has not accepted any deposits from the public and as such, no amount on account of principal or interest on deposits from the public was outstanding as on the date of the Balance Sheet.

Particulars of Energy Conservation, Technology Absorption and Foreign Exchange Earnings and Outgo

The Company continues to adopt and utilise the latest technologies to improve the efficiency and effectiveness of its business operations.

Energy Conservation

Details pertaining to energy conservation initiatives of Tata Communications are as follows:

Steps taken or impact on conservation of energy	In FY 2024-25, 169 energy-saving opportunities were implemented including projects on Heating, Ventilation and Air Conditioning ('HVAC'), Switched-Mode Power Supply ('SMPS') and Uninterruptible Power Supply ('UPS') efficiency enhancement / Optimisation and Consolidation, Smart Lighting (conversion of conventional lighting into LED), and PUE enhancement. These projects resulted in energy savings of 9.8 million kWh (cumulative) and energy cost savings of ₹10.1 crore.														
Steps taken by the company for utilising alternate sources of energy	Tata Communications consumed 184 million kWh of energy procured from the national grid during FY 2024-25. Almost 63 million units (~34%) out of 184 million units consumed were produced from solar and wind energy. This year, we have added 20.69 million units ('MU') of Renewable Energy ('RE') capacity globally. In India, new RE projects were added with varied RE models, with third-party power purchase agreements leading to addition of 1.8 MU, Group captive model leading to 18.8 MU of RE addition and Capex based Solar roof top leading to addition of 0.09 MU of RE.														
Capital investment on energy conservation equipment	In FY 2024-25, 169 projects were completed with a capital investment of ~ ₹6 crore. Our Power and Network Infrastructure Services teams identified 169 energy saving opportunities involving projects on EB utilisation, electric load reduction, HVAC, PUE Enhancement, Transformer and Load Optimisation, SMPS and UPS efficiency enhancement / Optimisation and Consolidation, Smart Lighting etc. A detailed break-up of the amount invested is below: <table><tr><th>Project category</th><th>Capex (₹)</th></tr><tr><td>HVAC Optimisation</td><td>5,28,80,356</td></tr><tr><td>PUE Enhancement</td><td>1,97,080</td></tr><tr><td>Smart Cooling</td><td>60,54,440</td></tr><tr><td>Smart Lighting</td><td>2,18,500</td></tr><tr><td>UPS Optimisation</td><td>6,16,000</td></tr><tr><td>Total</td><td>5,99,66,376</td></tr></table>	Project category	Capex (₹)	HVAC Optimisation	5,28,80,356	PUE Enhancement	1,97,080	Smart Cooling	60,54,440	Smart Lighting	2,18,500	UPS Optimisation	6,16,000	Total	5,99,66,376
Project category	Capex (₹)														
HVAC Optimisation	5,28,80,356														
PUE Enhancement	1,97,080														
Smart Cooling	60,54,440														
Smart Lighting	2,18,500														
UPS Optimisation	6,16,000														
Total	5,99,66,376														

Technology Absorption

Details pertaining to technology absorption initiatives of Tata Communications are as follows:

The efforts made towards technology absorption	Tata Communications continued its strategic focus on embedding advanced technologies across its operations, platforms and customer-facing interfaces to enhance efficiency, elevate service delivery and strengthen overall value proposition. By driving innovation, advanced AI, ML engines integrated with the core of Digital Fabric, the Company is in a position to provide a smarter and more adaptive infrastructure to meet the future demands of the customers and support business goals.
The benefits derived like product improvement, cost reduction, product development or import substitution	Details of AI adoption across Fabrics and Innovation initiatives are provided on page 16 to 17 and 44 to 47, respectively, of the Integrated Report.
In case of imported technology (imported during the last three years reckoned from the beginning of the financial year)	Not applicable.
The expenditure incurred on Research and Development	₹3.54 crore.

Foreign exchange earnings and outgo

Foreign exchange earnings were equivalent to ₹931.50 crore and foreign exchange outgo was equivalent to ₹1,456.00 crore.

Environmental, Social and Governance ('ESG')

Sustainability is a key component of Tata Communications' business plan and we are committed to building an inclusive, sustainable and inter-connected ecosystem that creates long-term value for all stakeholders.

Our strategy is based on a strong commitment to responsibly benefit society, our employees, shareholders, communities, among other stakeholders and corresponds to the three key pillars – People, Planet and Community. Integrating sustainability into our core operations drives growth and contributes positively to both society and the environment. We strive to optimise economic value in accordance with environmental and social norms. These are further strengthened by our robust Corporate Governance practices.

Tata Communications aims to advance resource-efficient urban infrastructure with less greenhouse gas emissions and technological solutions for a circular economy by enabling our customers in building a more sustainable future together. Over the past year we have prioritised sustainability and employed technological innovations to address global concerns including Climate Change, Gender Equality, Energy Conservation, Zero Harm, Human Rights, Water Management and Waste Reduction, while also promoting inclusive growth for individuals and communities. Our commitment to ‘Zero Harm’ applies to our employees, society and the environment.

We have set long-term sustainability targets, to continue our efforts towards building a more sustainable organisation and future for People, Planet and Communities.

Our sustainability performance can be viewed on our website and in the BRSR and the Natural Capital section of this Integrated Annual Report.

Human Resources

At Tata Communications, we are committed to creating a workplace where every employee feels valued, empowered, and inspired to perform at their best.

Our diverse global workforce, spanning multiple continents, enriches our culture and fuels continuous technological innovation. We promote inclusivity, creating an environment where individuals can thrive and grow.

Our HR strategy is anchored in two core principles: enhancing employee experience and ensuring strategic workforce planning. These are further strengthened by our hybrid working model, designed to encourage collaboration and synergy across teams.

To learn more about our employee engagement and development initiatives, please refer to the Human Capital section of this Integrated Annual Report.

Disclosures pertaining to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

Tata Communications has zero tolerance for sexual harassment and has adopted a charter on prevention, prohibition and redressal of sexual harassment in line with the provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 and complied with all provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 including constitution of Internal Complaints Committee.

During FY 2024-25, the Company received two sexual harassment complaints, which were resolved by the Internal Complaints Committee. One complaint was pending at the end of the previous financial year, which was subsequently resolved during financial year 2024-25.

STATUTORY INFORMATION AND DISCLOSURES

Material Events after Balance Sheet Date

After the end of the financial year, the Company invested ₹ 772.31 crore in the equity shares of Tata Communications (Netherlands) B.V. (‘TC Netherlands’), its wholly owned step down subsidiary. Upon subsequent buy back of its existing share capital issued to Tata Communications International Pte. Limited at its meeting held on April 2, 2025, TC Netherlands has become a direct wholly-owned subsidiary of the Company effective April 4, 2025. There are no other subsequent events between the end of the financial year and the date of this Report which have a material impact on the financials of the Company.

Rated, Unsecured, Listed, Redeemable, Non-Convertible Debentures

On August 29, 2023, the Company, by way of private placement, issued and allotted 1,75,000 (One Lakh Seventy-Five Thousand) Rated, Unsecured, Listed, Redeemable, Non-Convertible Debentures (‘NCDs’) at a nominal value of ₹1,00,000 (Indian Rupees One Lakh only) each, aggregating to ₹1,750 crore. The NCDs were rated AAA by CARE Ratings Limited. The NCDs were listed on the Wholesale Debt Segment of the National Stock Exchange of India Limited. The NCDs have a fixed coupon rate of 7.75% and have been issued on the basis of multiple yield allotment method. The proceeds from the issue of debentures have been utilised as per the objects stated in the offer document and there have been no deviations or variations thereto.

Significant and material orders passed by the regulators or courts or tribunals impacting the going concern status and Company’s operations in future

During the year under review, there were no significant and material orders passed by the regulators or courts or tribunals impacting the going concern status and the Company’s operations in future.

Acknowledgement

The Directors thank the Company’s employees, customers, vendors, investors and all other stakeholders for their continuous support.

The Directors appreciate and value the contributions made by all our employees and their families.

Mumbai – 400 001

ANNEXURE-I

ANNUAL CSR REPORT FOR FY 2024-25

1. A brief outline of the Company’s CSR policy:

Vision:

‘Creating connected societies to advance the well-being of people and planet.’

Recognising the systemic, global challenges of equitable resource distribution, social inequality, environmental degradation, and climate change, Tata Communications envisions a future that prioritises both social and planetary well-being. Through a focused strategy, Tata Communications’ CSR programmes aim to advance the well-being of people and the planet by emphasising Sustainable Livelihoods and Environmental conservation with Education being a key driver for all. This involves skill development, entrepreneurship, protection of water, biodiversity, and use of renewable energy sources to mitigate carbon emissions. We are working towards achieving this through collaboration, partnerships, and sustainable practices.

CSR Policy and its alignment with the Tata group philosophy:

CSR at Tata Communications derives inspiration from Tata group’s philosophy ‘to improve the quality of life of the communities we serve globally through long term stakeholder value creation based on leadership with trust’. Tata Communications serves to deliver a New World of Communications™ which, can and should create social value. We are also committed to making a positive, tangible impact on the environment and society. Guided by this purpose and Tata group’s philosophy, Tata Communications leverages its core expertise, partnerships, infrastructure, and other resources to facilitate sustainable development and create long term shared value for the communities we serve, focused primarily on underserved, socially and economically backward groups, including, but not limited to, women, children, youth, Dalits & Tribals and persons with disabilities.

Complementing India’s national priorities and policies which reflect the spirit of the UN Sustainable Development Goals (‘SDGs’), all efforts at Tata Communications are aligned to drive action on the following 11 SDGs in accordance with our vision and ambition:

- SDG 1: End poverty in all its forms everywhere.
- SDG 3: Ensure healthy lives and promote well-being for all at all ages.
- SDG 4: Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.

- SDG 5: Achieve gender equality and empower all women and girls.
- SDG 7: Ensure access to affordable, reliable, sustainable, and modern energy for all.
- SDG 8: Promote sustained, inclusive, and sustainable economic growth, full and productive employment, and decent work for all.
- SDG 10: Reduced Inequality: Reduce inequality within and among countries
- SDG 13: Take urgent action to combat climate change and its impacts.
- SDG 14: Life Below Water: Conserve and sustainably use the oceans, seas, and marine resources for sustainable development.
- SDG 15: Life on Land: Protect, restore, and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss
- SDG 17: Strengthen the means of implementation and revitalize the global partnership for sustainable development.

Key focus areas and driving principles:

Tata Communications is committed to conducting its CSR activities in a manner which is rooted in ethics, promotes well-being, imparts resilience, and supports regeneration. Keeping the community at the centre of development while recognising its inter-connectedness with natural environment, Tata Communications identifies Education, Sustainable Livelihoods and Environment as priority areas for its CSR work, with health and well-being an integral part to all our interventions.

Implementation of our CSR Programmes:

The implementation of the CSR programmes approved by the Corporate Social Responsibility Safety and Sustainability Committee (‘CSRSSC’) and the Board in the identified priority areas is done through eligible entities / organisations, with an established, impeccable track record in their respective domains and the highest sense of ethics and integrity.

The CSRSSC oversees the execution of a selected CSR programme including details relating to the time period / duration over which the particular programme

will be spread and depending upon the nature of the programme, the extent of coverage and the intended impact of the programme. The execution modalities with specific targets, outcome, activities, milestones, and responsibilities of each party are incorporated in the Memorandum of Understanding signed between Tata Communications and the implementing partner. As a practice, Tata Communications establishes long-term multi-year partnerships, to provide ample time for creating an impact.

Monitoring and Evaluation:

In FY 2024-25, Tata Communications collaborated with 13 NGO partners for 16 projects across 11 states including 14 aspirational districts impacting more than 8,00,000 lives. These are mostly long-term partnerships and are helmed by organisations with domain expertise and a strong sense of ethics and integrity to deliver sustainable impact. Progress on projects is reviewed by the CSR team and leadership using a well-defined monitoring and evaluation framework with oversight from the CSRSSC.

Monitoring is done, on a quarterly basis by the CSR team, through a cloud-based technological tool that enables partners to upload real time data along with photographs and case studies. The tool facilitates last mile tracking and impact analysis. Additionally, regular interactions and site visits are conducted by the CSR team to assess the progress of the project and extend support to the partners. The projects are appraised annually by the CSR team, to assess efficacy, basis which project engagements are reviewed for the consequent year and drawn in the Annual Action Plan for the approval of the CSRSSC / Board.

Third party impact assessment is incorporated in the design of the project and is undertaken for all long-term projects in accordance with the terms prescribed in Rule 8 (3) of CSR Rules, 2014, as amended.

Awards and Recognition:

- Highest Unique Volunteers Award: Recognising the Highest Percentage of Employee Participation.

2. Composition of the CSRSSC

The Company has constituted a Corporate Social Responsibility, Safety and Sustainability Committee of the Board with three directors, as named below:

Sr. No.	Name of Director	Designation / Nature of Directorship	Number of meetings of the Committee held during the year	Number of meetings of the Committee attended during the year
1.	Mr. Krishnakumar Natarajan	Chairperson	2	2
2.	Mr. A.S. Lakshminarayanan	Member	2	1
3.	Mr. Ashok Sinha	Member	2	2

- Exemplary Volunteering Award: Brian Dowd for Unmatched Dedication to Social Impact.
- Indian CSR Awards 2024: Best CSR Project in Environment - Project Nanneer.
- iVolunteer Awards 2024: Leader in Employee Volunteering.
- WSIS Prize 2024 Champion: Project Mpowered.
- Golden Peacock Global CSR Award for Project Umang.

Making a Difference: CSR deliverables FY 2024-25

Priority Areas:

- Education: Transforming the education system through digital enablement, educators' training and empowerment, and youth engagement to create exponential social, economic and environmental impact.
 - No. of projects: 3
 - Lives Impacted: More than 2,83,800
- Sustainable Livelihoods: Empowering youth and rural communities (especially women) economically and socially through vocational, entrepreneurship and life skills training which enhance access to resources, new technology and financial services thereby supporting them in becoming active contributors to the economy.
 - No. of projects: 7
 - Lives Impacted: More than 3,47,400
- Environment: Integrating action on Climate Change, biodiversity, water, and energy into community initiatives and creating partnerships to promote environmental restoration and regeneration.
 - No. of projects: 6
 - Lives impacted: More than 1,70,600

3. Provide the web-link where Composition of CSRSSC, CSR Policy and CSR projects approved by the Board are disclosed on the website of the company.

- Composition of the CSRSSC are available on the link given below:
<https://www.tatacommunications.com/resource/corporate-resources/policies/composition-of-statutory-committees/>
- Details of the CSR policy are available on the link given below:
https://sustainability.tatacommunications.com/pdf/TCL_CSR_Policy_2025.pdf
- Details of CSR projects are available on the link given below:
<https://sustainability.tatacommunications.com/pdf/CSR%20projects%20undertaken%20by%20TCL%20and%20TCCSPL%20For%20FY25.pdf>

4. Provide the executive summary along with web-link(s) of Impact Assessment of CSR Projects carried out in pursuance of sub-rule (3) of rule 8, if applicable

No impact assessments were required to be carried out for any project in FY2024-25.

5. a) Average net profit of the Company as per section 135(5)

Financial year	2021-22	2022-23	2023-24
Net profit for the year (as per Section 198)	14,10,31,77,429	12,57,56,98,050	9,37,94,86,477

The average net profit for the last three financial years is ₹12,01,94,53,985

- b) Two percent of average net profit of the company as per section 135(5): ₹24,03,89,080.
- c) Surplus arising out of the CSR projects or programmes or activities of the previous financial years: Nil
- d) Amount required to be set off for the financial year, if any: Nil
- e) Total CSR obligation for the financial year (b+c-d): ₹24,03,89,080

6. a) Amount spent on CSR Projects (both Ongoing Project and other than Ongoing Project): ₹23,68,24,142

- b) Amount spent in Administrative Overheads: ₹39,75,749
- c) Amount spent on Impact Assessment, if applicable: Nil
- d) Total amount spent for the Financial Year (a+b+c): ₹24,07,99,891
- e) CSR amount spent or unspent for the Financial Year

Total Amount Spent for the Financial Year (in ₹)	Amount Unspent (in ₹)				
	Total Amount transferred to Unspent CSR Account as per section 135(6)		Amount transferred to any fund specified under Schedule VII as per second proviso to section 135(5)		
	Amount	Date of transfer	Name of the fund	Amount	Date of Transfer
24,07,99,891	Nil	Not applicable	Not applicable	Nil	Not applicable

- f) Excess amount for set off if any

Sr. No.	Particular	Amount (in ₹)
(i)	Two percent of average net profit of the company as per section 135(5)	24,03,89,080
(ii)	Total amount spent for the Financial Year	24,07,99,891
(iii)	Excess amount spent for the financial year [(ii)-(i)]	4,10,811
(iv)	Surplus arising out of the CSR projects or programmes or activities of the previous financial years, if any	Nil
(v)	Amount available for set off in succeeding financial years [(iii)-(iv)]	Nil

7. Details of Unspent CSR amount for the preceding three financial years:

(1)	(2)	(3)	(4)	(5)	(6)		(7)	(8)
Sr. No.	Preceding Financial Year(s)	Amount transferred to Unspent CSR Account under subsection (6) of section 135 (in ₹)	Balance Amount in Unspent CSR Account under subsection (6) of section 135 (in ₹)	Amount Spent in the Financial Year (in ₹)	Amount transferred to a Fund as specified under Schedule VII as per second proviso to subsection (5) of section 135, if any		Amount remaining to be spent in the succeeding financial years (in ₹)	Deficiency, if any
					Amount (in ₹)	Date of transfer		
1	2023-2024			NA				
2	2022-2023			NA				
3	2021-2022	1,58,15,046	NIL	NIL	NA	NA	NIL	NA

8. Whether any capital assets have been created or acquired through Corporate Social Responsibility amount spent in the Financial Year: No

If yes, enter the number of Capital assets created/ acquired : Not Applicable

Furnish the details relating to such asset(s) so created or acquired through Corporate Social Responsibility amount spent in the Financial Year: Not Applicable

9. Specify the reason(s), if the company has failed to spend two per cent of the average net profit as per section 135(5).

Not Applicable

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED March 31, 2025

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Tata Communications Limited,

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate governance practices by Tata Communications Limited (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has during the audit period covering the financial year ended on March 31, 2025 complied with the statutory provisions listed hereunder and also that the Company has proper Board process and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by Tata Communications Limited for the financial year ended on March 31, 2025 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial borrowing;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI ACT'):
 - (a) Securities and Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations, 2015.
 - (b) Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

- (c) Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- (d) Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; and
- (e) Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021.

I report that during the year under review, there was no action/event in pursuance of -

- (a) Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
- (b) Securities and Exchange Board of India (Delisting of Equity shares) Regulations, 2021;
- (c) Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018; and
- (d) Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with the client.

(vi) Based on the certificate given by the Company Secretary of the Company, it appears that the following Acts / Guidelines are specifically applicable to the Company:

- (a) The Telecommunications Act, 2023
- (b) Telecommunication Regulatory Authority of India Act, 1997
- (c) Information Technology Act, 2000

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India;
- (ii) Listing Agreement read with the Securities Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations, 2015.

I report that during the year under review, the Company has complied with the provisions of the Act, Rules, Regulations and Guidelines as applicable.

I further report that the compliance by the Company of applicable financial laws like direct and indirect tax laws has not been reviewed in this audit since the same has been subject to review by statutory financial audit and other designated professionals.

I further report that –

- The Board of Directors of the Company is constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.
- The changes in the composition of the Board of Directors that took place during the year under review were carried out in compliance with the provisions of the Act.
- Adequate notice is given to all directors to schedule all the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exist for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

- As confirmed by the management, the minutes of the meetings are duly recorded and signed by the chairman, decisions of the Board were unanimous and no dissenting views have been recorded.

I further report that there are adequate systems and processes in the Company commensurate with the size and operation of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period, there was no specific event/action having a major bearing on the Company's affairs in pursuance to the laws, rules, regulations, guidelines, standards, etc. referred to above.

Place: Mumbai

Note: This report is to be read with my letter of even date which is annexed as ‘ANNEXURE A’ and forms an integral part of this report.

ANNEXURE A

To,
The Members,
Tata Communications Limited,

My report of even date is to be read with this letter.

1. Maintenance of secretarial record is the responsibility of the Management of the Company. My responsibility is to express an opinion on these secretarial records based on my audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on the test basis to ensure that correct facts are reflected in secretarial records. I believe that the process and practices, I followed, provide reasonable basis for my opinion.
3. I have not verified the correctness and appropriateness of financial records and books of accounts of the Company.
4. Wherever required, I have obtained the management representation about the compliance of the laws, rules and regulations and happening of events etc.
5. The compliance of the provisions of corporate and other applicable laws, rules, regulations and standards is the responsibility of the management. My examination was limited to the verification of procedure on test basis.
6. The secretarial audit report is neither an assurance as to future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

CERTIFICATE OF NON-DISQUALIFICATION OF DIRECTORS

[pursuant to Regulation 34(3) and Schedule V Para C sub-clause (10)(i) of the SEBI
(Listing Obligations and Disclosure Requirements) Regulations, 2015]

To,
The Members of
Tata Communications Limited
VSB, Mahatma Gandhi Road, Fort
Mumbai - 400 001.

I have examined the registers, records, books, forms, returns and disclosures received from the Directors of Tata Communications Limited, (CIN L64200MH1986PLC039266), having Registered Office at VSB, Mahatma Gandhi Road, Fort, Mumbai 400 001 (the Company), produced before me by the Company for the purpose of issuing this Certificate in accordance with Regulation 34(3) read with Schedule V Para-C Sub-clause 10(i) of the Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. I have conducted online verification and examination of records as facilitated by the Company for the purpose of issuing this Report.

In my opinion and to the best of my information and according to the verification [including Director Identification Number (DIN) status at the portal www.mca.gov.in] as considered necessary and explanation furnished to me by the Company and its officers, I hereby certify that none of the Directors on the Board of the Company as stated below for the financial year ended on March 31, 2025 were debarred or disqualified from being appointed or continuing as Directors of companies by the Securities and Exchange Board of India and/or Ministry of Corporate Affairs:

Sr. No.	Name of the Director & DIN	Designation	Date of First Appointment in the Company
1)	Mr. Ganapathy Subramaniam Natarajan (DIN: 07006215)	Non-Executive Director (Chairperson)	02/12/2021
2)	Mr. Amur Swaminathan Lakshminarayanan (DIN: 08616830)	Managing Director and Chief Executive Officer	26/11/2019
3)	Mr. Krishnakumar Natarajan (DIN: 00147772)	Independent Director	15/07/2021
4)	Mr. Ashok Sinha (DIN: 00070477)	Independent Director	08/10/2021
5)	Mr. Ankur Verma (DIN: 07972892)	Non- Executive Director	19/04/2023
6)	Ms. Sangeeta Anand (DIN: 10715306)	Independent Director	05/09/2024

Note: Ensuring the eligibility for appointment/continuing as Director on the Board is the responsibility of the Management of the Company. My responsibility is to express an opinion based on verification of documents/ information available to me. This certificate is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

Management Discussion and Analysis Report

MACROECONOMIC & GEOPOLITICAL OVERVIEW

In CY2024, the global economy grew at 3.3%, showing resilience amid geopolitical conflicts, trade fluctuations and shifting monetary policies. However, the IMF’s World Economic Outlook (April 2025) has slightly revised the global growth forecast downward to 2.8%, highlighting the need for stronger international cooperation.¹

This adjustment reflects the impact of trade policy shift, particularly renewed tariff measures introduced by the US, which have posed significant pressure on global supply chain and pricing. Effective policy coordination and prudent fiscal management can mitigate these challenges and avert deeper disruptions.

The US economy is expected to grow by 1.8% in 2025, following a growth of 2.8% in 2024. The growth outlook for India is stable at 6.2% in 2025 and 6.3% in 2026, supported by private consumption, particularly in rural areas. China’s growth outlook stands at 4%, reflecting ongoing adjustments and shifts in trade and demand. Meanwhile, other emerging markets are navigating tighter financial conditions but continue to pursue reforms and partnerships that strengthen their economic resilience.

Global disinflation remains underway, with inflation projected to ease to 4.3% in 2025 and further to 3.6% in 2026. However, inflation expectations for the United Kingdom (‘UK’) have been raised from 3.2% to 3.9%, and for the US, from 3.3% to 4.3%.² This upward adjustment reflects persistent pricing pressures in the services sector, a recent rebound in core goods inflation, and the impact of newly imposed US tariffs. Inflation expectations for India are projected to remain stable at 4.1% in both 2025 and 2026, indicating a balanced interplay between supply-side factors and domestic demand. These projections align with the Reserve Bank of India’s medium-term inflation target, supported by consistent and calibrated monetary policy measures.

However, inflation in emerging and developing Asia, including China, is forecast to remain subdued, creating room for targeted policy support and sustained domestic demand.

Global trade volumes are expected to grow at a more modest pace of 1.7% in 2025. Although trade has been impacted by tariff increases and geopolitical developments, supply chains are demonstrating adaptability. Ongoing diversification efforts, technology adoption, and new trade negotiations are helping mitigate the effects of protectionist measures and logistical challenges. These developments highlight the capacity for adjustment and innovation across global markets.

In addition to the risks posed by shifting economic policies, rising geopolitical tensions are increasingly reshaping the global economic outlook. Several key flashpoints are now exerting significant influence over macroeconomic dynamics:

US trade policies and related uncertainties

Since early 2025, the United States has implemented a series of tariffs to safeguard its domestic economic interests, including a 10% blanket tariff on global imports and an additional 25% levy on imported vehicles, steel and aluminium, effective from April 2025. These measures initially triggered uncertainty across global markets, as businesses and consumers grappled with potential inflationary pressures and employment concerns.

However, on April 9, the US took steps to ease tensions by suspending country-specific tariffs for 90 days and instituting a uniform 10% tariff for all nations except China. This move was followed by more constructive developments, including a limited trade agreement with the UK and a 90-day tariff truce with China, which saw tariffs reduced from 145% to 30%. Ongoing trade negotiations with India and Japan further signal a shift towards greater collaboration and equilibrium in global trade dynamics.

The impact on India:

India was initially impacted by a 26% tariff imposed on April 2, higher than those on the EU, Japan and South Korea - leading to short term market adjustments including a temporary dip in the Sensex and value of Rupee. Following April 9 policy shift, the overall rate was reduced to 10%, to offer some relief.

At a sectoral level:

- Pharmaceuticals were spared, providing relief to a US\$12.2 billion export sector.
- Automobiles, which constitute 3% of Indian exports to the US, now face softer demand and rising costs.
- IT Services saw the Nifty IT index decline by 3% amid recessionary concerns in the US.
- General exports such as steel, electronics, and gems are expected to suffer from reduced price competitiveness.

In response, India is actively pursuing a bilateral trade deal with the US, while exporters explore cost-sharing mechanisms and market diversification strategies to mitigate impact. The broader economic challenges posed by these tariffs are being managed through a combination of policy diplomacy and private sector resilience.

Tata Communications is closely monitoring these evolving dynamics and proactively implementing strategies to mitigate associated risks across its global operations.

Russia-Ukraine conflict

Russia continues to face multifaceted geopolitical challenges, from the prolonged Ukraine conflict and strained Western relations to growing NATO tensions and heavy dependence on energy exports. In response, it is deepening alliances with China and other BRICS nations, recalibrating its economic model, enhancing military capabilities, and working to maintain internal stability. As on March 2025, US-Russia ceasefire talks on Ukraine may signal a shift in Russia’s political and economic trajectory in the months ahead.

Israel-Gaza conflict impacting trade routes in the Red Sea

The Israel-Gaza conflict has had far-reaching effects on global trade routes. Houthi-led attacks from Yemen have significantly disrupted maritime traffic in the Red Sea, leading to:

- A 50% drop in Suez Canal traffic
- An 80-100% rise in transit costs due to rerouting via the Cape of Good Hope
- Severe damage to telecommunications infrastructure in the region

As 2025 unfolds, the global economy remains vulnerable to a confluence of risks — from escalating trade disputes and protectionism to inflationary pressures and supply chain disruptions. These uncertainties highlight the need for businesses, investors and policymakers to remain agile and vigilant amid ongoing global disruptions.

INDUSTRY OVERVIEW

During the year the technology industry has navigated multiple headwinds but the industry appears poised for growth. According to Gartner, in 2025, more than 80% of CIOs plan to invest in foundational capabilities such as cybersecurity, Generative AI (‘GenAI’), business intelligence and data analytics, and integration technologies like APIs.³

Similarly, the telecommunications sector is adapting to rising global demand, evolving its offerings to meet the needs of digitally transforming enterprises. As core telecom services become commoditised, constraining pricing power and necessitating continued infrastructure investment, operators are actively pivoting towards growth. The focus is now on leveraging GenAI, shaping the future of 5G/6G, deploying emerging technologies strategically, and pursuing growth through mergers and acquisitions.

Here are a few key trends that are reshaping the technology and telecommunications landscape:

3. [CIO Agenda 2025 | Gartner](#)

4. [Forecast Alert: IT Spending, Worldwide, 4Q24 Update](#)

5. [Forecast Analysis: Enterprise IT Spending Across Vertical Industries, Worldwide, 4Q24 Update](#)

6. [2025 technology industry outlook | Deloitte Insights & pwc perspectives-from-the-global-telecom-outlook-2024-2028.pdf](#)

Surge in Global IT spending

The global appetite for IT services is set to grow significantly in 2025 with organisations scaling tech investments to harness AI as a revenue driver. Gartner forecasts, global IT spending⁴ will reach US\$5.6 trillion in 2025, up 7.5% from 2024. Propelled by GenAI’s rapid mainstream adoption, midterm growth expectations have been upgraded to a CAGR of 7.9% from 2023 to 2028, with total spending expected to reach US\$7.4 trillion by 2028.

Here are the key drivers:

- As GenAI moves from pilot to production, segments like data centre systems, devices and software are projected to see double-digit growth in 2025, largely due to GenAI hardware upgrade.
- By 2026, more than 50% of enterprise software spend in application software will be influenced by GenAI.
- Investment will intensify in platforms enabling scalable AI deployments — particularly around agentic AI with autonomous gen AI agents that can complete complex tasks with minimal human input.
- Communication services will gain strategic importance, especially fixed data services, which are projected to grow at a CAGR of 3.2% in five-years through 2028⁵. High-growth industries include communications, media and services, power and utilities and healthcare.

Cybersecurity: A Strategic Imperative

With the global cost of cybercrime projected to hit US\$10.5 trillion⁶ in 2025, risk management and cybersecurity will dominate C-suite priorities. Rising threats from IoT, cloud expansion, and GenAI-driven sectors are widening the attack surface. In response:

- The global market for security solutions is expected to exceed US\$200 billion by 2028.
- Cybersecurity spending will rise sharply, reinforced by geopolitical risks and regulatory mandates.
- Organisations are enhancing visibility and reporting through advanced compliance technology, although fragmented data remains a challenge.

Cloud Transformation: Toward Hybrid and Multicloud

The global spend on public cloud services is projected to reach US\$805 billion in 2024, and is expected to double by 2028, driven by scalability, efficiency and AI integration. While public cloud has dominated investments, outpacing those for private cloud by more than 3:1 in recent years, businesses are reassessing the balance between public and private cloud, with hybrid and multicloud strategies gaining traction to maximise flexibility and control.⁶

1. [World Economic Outlook, April 2025: A Critical Juncture amid Policy Shifts](#)

2. [US Tariffs: What's the Impact? | J.P. Morgan Research](#)

• **Telcos Embrace GenAI to Reinvent and Scale**

Telecom service providers are increasingly using GenAI to streamline operations, reduce costs, and create new service offerings. Their deep expertise in connectivity, edge computing, and AI-enabled network management positions them well to drive value in an AI-first world.

Key Opportunities

- **Data Centres and Long-Haul Fiber:** Telcos can play a central role in connecting hyperscale data centres and providing long-haul fiber connectivity for AI applications. While major tech firms are building their own infrastructure, telcos can still offer regional and global connectivity, especially as network capex from tech giants is projected to exceed and US\$100 billion between 2024 and 2030.
- **Monetising GenAI-Driven Data Growth:** GenAI is generating exponential data traffic. While current use cases are not bandwidth-intensive, future applications such as AI powered video) could drive significant premium demand for ultra-low latency services.
- **Edge Computing Advantage:** As smart devices integrate AI chips, demand will shift towards edge computing. Telcos are uniquely positioned to deliver on this transition, with real-time data processing closer to the source. Though this shift is expected to scale from 2026 onwards, strategic investment now can yield long-term advantage.

• **Investments in Cybersecurity and Data Compliance**

With mounting regulatory scrutiny⁷, businesses are investing heavily in data protection and compliance. Executives anticipate rising cybersecurity budgets — fuelled by both proactive risk management and mandatory compliance requirements. To navigate this complex landscape, businesses are adopting integrated solutions that improve decision-making, reporting, and visibility, while continuing to evolve governance frameworks.

• **Increased M&As and partnership activity to gain competitive advantage and scale**

2024 witnessed a wave of transformative tech deals, combining strengths in infrastructure, software, security, and AI. Beyond traditional M&A, the industry is embracing alternative deal structures — such as joint ventures and strategic alliances, especially effective in times of economic and regulatory uncertainties. Partnerships in AI infrastructure, energy-efficient software, cybersecurity, and professional services are accelerating innovation and unlocking new growth opportunities. In 2025, technology and telecom players are doubling down on innovation with a sharp focus on security, reliability, and trust. As enterprises embrace transformation at scale, the industry is redefining itself not just as an enabler of digital change, but as a driver of long-term sustainable growth.

POLICY DEVELOPMENTS IN INDIA FOSTERING GROWTH IN THE ICT INDUSTRY

Strengthening the Telecom Ecosystem

The Department of Telecommunications (DoT) made significant progress in 2024, advancing India's digital ambitions through key initiatives focused on connectivity, inclusion, and innovation⁸. Key developments include:

- **The Telecommunications Act, 2023:** Replacing colonial-era legislation, the Indian government introduced the Telecommunications Act, 2023, in place of the Indian Telegraph Act, 1885 and other laws namely, the Indian Wireless Telegraphy Act, 1933 and the Telegraph Wires (Unlawful Possession) Act, 1950; and also amended the Telecom Regulatory Authority of India (TRAI) Act, 1997. The Bill modernises the legal framework governing India's telecom sector. It promotes innovation, competition, and secure service delivery, while aligning with best global practices. The Act also addresses critical issues such as cybersecurity threats, data privacy, and regulatory clarity.
- **Accelerated 5G Rollout:** India achieved the world's fastest 5G deployment. By March 2024, India had 4,62,000 5G base stations covering nearly 99% of all districts. This rapid rollout is expected to catalyse transformation across sectors including healthcare, education, manufacturing, and agriculture.
- **Explosive Growth in Internet Access:** Internet subscriber numbers surged 285%, reaching 969 million by June 2024. This growth is a major driver of digital inclusion and is accelerating socio-economic development across urban and rural India.
- **World-Leading Data Affordability:** With data costs at just US\$0.16 per GB, far below the global average of US\$2.59, India continues to lead in affordable connectivity. This has expanded internet access, boosted digital literacy and supported inclusive digital growth.
- **Launch of the Sanchar Saathi Portal:** The Government of India introduced the Sanchar Saathi portal to combat telecom-related cybercrime and fraud. The portal, which, *inter-alia*, enables users to trace stolen mobile phones

7. [Global Compliance Survey 2025 | PwC](#)

8. <https://pib.gov.in/PressReleasePage.aspx?PRID=2088195>

and report misuse, attracted over 90 million visitors in its initial phase, underscoring its relevance and impact.

- **Global Leadership in Telecommunications:** India hosted the World Telecommunication and Standardization Assembly (WTSA-24) in 2024, reinforcing its position as a global leader in the telecom industry and showcasing its infrastructure and regulatory advancements.
- **Economic Impact and Job Creation:** Continued investment in telecom sector advancements have generated substantial employment, especially in telecom manufacturing, digital services, and IT. These efforts are aligned with India's vision of becoming a US\$5 trillion economy.

Together, these initiatives reflect the Government of India's strategic push to build a future-ready, secure and inclusive digital ecosystem that accelerates national progress.

Union Budget 2025-26: Key tech announcements

- **BharatNet Expansion:** The Union Budget 2025-26⁹ outlined a series of technology-forward proposals designed to enhance India's position as a global digital powerhouse. These include tax reforms, policy incentives, and infrastructure investments aimed at driving innovation and fostering a resilient digital economy. Broadband connectivity will be extended to all government secondary schools and primary health centres in rural areas, under the BharatNet project — closing the digital divide and improving access to essential services.
- **AI Centre of Excellence in Education:** A new Centre of Excellence in AI will be established within the education sector, with an outlay of ₹500 crores. The initiative will promote AI education and research to equip students for a future-ready workforce.
- **IndiaAI Mission Boosted with ₹2,000 crores:** Launched in April 2024 with an initial budget of ₹10,400 crores, the IndiaAI Mission received an additional ₹2,000 crore in funding. This mission focuses on expanding AI research, computing capacity, and innovation across sectors such as healthcare, agriculture, and governance.
- **Deep Tech Fund of Funds:** The Government of India is expected to explore the creation of a dedicated Deep Tech Fund of Funds to support next-generation start-ups, particularly in AI and related fields. It also extended the start-up incorporation window by five years, signalling long-term commitment to nurturing innovation.
- **MeitY Budget Increased by 48%:** The Ministry of Electronics and Information Technology ('MeitY') has been allocated ₹26,000 crores, an increase by 48% to further the IndiaAI mission and support production-linked incentive schemes for semiconductors, electronics, and IT hardware.

- **Reduced Import Duties on AI Hardware:** To spur domestic AI infrastructure, the Budget proposes reductions in import duties on AI hardware and introduces tax incentives for technology investments, helping India remain globally competitive.
- **National Centres of Excellence in Skilling:** Five National Centres of Excellence for Skilling are to be established through global partnerships to advance India's 'Make for India, Make for the World' agenda. These centres will design industry-aligned curricula, train trainers, and set certification standards.
- **Boost to Technological Research:** Under the Prime Minister's Research Fellowship scheme, 10,000 fellowships will be offered over the next five years to support advanced research at premier institutions like IITs and IISc, with enhanced financial support.
- **Tier-II City Growth for GCC Ecosystem:** Expanding infrastructure and talent availability in Tier-II cities is a priority to strengthen India's growing Global Capability Centre footprint — a key pillar in the country's digital exports strategy.
- **Opening Nuclear Energy to Private Investment:** The Government plans to amend the Atomic Energy Act, 1962 to enable private sector participation in nuclear energy, aiming to generate at least 100 GW by 2047. This is critical for supporting sustainable power demands of energy-intensive data centres and future AI infrastructure.

These policy and budgetary initiatives reaffirm the Government of India's commitment to building a digitally empowered economy. With an emphasis on AI adoption, electronics manufacturing, innovation funding, and workforce transformation, India is poised to cement its position as a global technology leader. The convergence of public policy, infrastructure investment, and digital ambition is unlocking new pathways for sustainable and inclusive growth.

SUSTAINABILITY IN TELECOM

Tata Communications acknowledges the critical role that the ICT industry can play in supporting sustainable growth and assisting businesses in reaching their Net Zero objectives. We believe that ICT platforms and other hyperconnected systems can assist companies in securing a sustainable future by addressing some of the most important global concerns in the ways listed below.

- **Tackling the Climate Crises:** Technologies such as 5G, AI, and Internet of Things (IoT) can transform business operations, to meet international decarbonisation targets and help limit global warming to 1.5°C above preindustrial levels. Furthermore, hyperconnected systems can utilise energy efficiency and renewable energy technologies to reduce carbon emissions

9. [India's Union Budget FY 2025-26: Key Takeaways & Union Budget 2025: A boost for AI sector with a focus on education, research and skilling, ET Government](#)

- through real-time adjustments for efficiency and cost-effectiveness.
- **Augmenting Resource Efficiency:** Monitoring resource utilisation and waste management, among other things, can be made easier by AI, IoT, and other technologies that enable hyperconnected systems. Digital tracking systems can lower costs and have a beneficial environmental impact by reusing and refurbishing abandoned materials and devices.
 - **Fostering Social Accountability:** Increasing human capital through efficient methods, improving skill sets, and learning novel concepts will give employees and communities new capabilities. This skill enhancement aids in adjusting to the hyperconnected ecosystem without causing disparities because of structural changes in digital workflows and workforce patterns. Through a greater understanding of the connection between business and society and an improvement in cultural intelligence, it also strengthens an organisation's social responsibility.
 - **Securing New and Innovative Business Models:** A hyperconnected ecosystem helps build better products, improve customer experience and supplier relationships, and enhance transparency throughout the value chain. This provides sustainable competitive advantages to enterprises by building rich and interconnected communities.

SUSTAINABILITY AT TATA COMMUNICATIONS

Tata Communications prioritises sustainability by implementing sustainable practices across its operations. We have defined targets and a road-map to foster sustainability practices within our operations and value chain. The Natural Capital section of our Integrated Annual Report and the Business Responsibility and Sustainability Report ('BRSR') provides detailed information on our sustainability initiatives.

ORGANISATION OVERVIEW

Tata Communications is a global digital ecosystem enabler powering today's fast-growing digital economy in more than 190 countries and territories. Leading with trust, we enable digital transformation of enterprises globally with collaboration and connected solutions, core and next-gen connectivity, cloud hosting and cyber security solutions and media services. 300 of the Fortune 500 companies are our customers and the Company connects businesses to 80% of the world's cloud giants.

With our solutions-orientated approach, proven managed service capabilities and cutting-edge infrastructure, Tata Communications drives the next level of intelligence powered by cloud, IoT, customer interactions, cybersecurity and network services.

Over the last 25 years, enterprise-enabled services have been essential to the adoption of digital services in the country. From utility to transformation, connectivity is an essential fabric of sustenance for the economy. Tata Communications is committed to enabling enterprises to thrive in hyperconnected ecosystems, by delivering secure connected digital experiences.

OUR CULTURE

At Tata Communications, our culture is the cornerstone of our success. We have refined our core values to align with our Reimagine Strategy, focussing on six key tenets:

We foster digital dexterity in the workplace by equipping employees with the skills and mindset needed to thrive in a rapidly evolving digital landscape. Upskilling is not just encouraged but is intrinsically linked to our business objectives. Employees are empowered to explore, learn and create exceptional digital experiences for our customers. Our innovation framework further inspires and enables employees to bring new ideas to life.

To promote inclusive leadership, we have introduced an immersive learning journey for people managers, equipping them to lead diverse teams effectively. This initiative features webinars led by global diversity, equity and inclusion (DE&I) experts, as well as customised e-learning modules with assignments, case studies, and interactive social discussions.

OPPORTUNITIES AND THREATS

Opportunities

Customer and Market Expansion:

Tata Communications is pursuing a multi-dimensional growth strategy to deepen and broaden its market presence. By focusing on strategic accounts, we aim to drive higher value through deeper engagement, cross-sell, and upsell opportunities across our full portfolio. Additionally, there is a significant opportunity to go deeper with existing customers by offering the full spectrum of Tata Communications' digital fabric—tailored to evolving enterprise needs. We are also acquiring new customers across industries in existing as well as newer markets through our sharpened go-to-market strategy.

Investments in Next-Gen Digital Solutions:

Tata Communications is accelerating innovation through sustained investment in next-generation digital solutions. These efforts are designed to meet the evolving needs of global enterprises seeking agility, scalability, and intelligence in their digital operations.

AI and Automation:

Embedding AI into core products and platforms to deliver intelligent, adaptive, and predictive services—enhancing customer experience, operational efficiency, and service innovation is a significant opportunity for Tata Communications. While AI adoption introduces risks such as data privacy and cybersecurity threats, Tata Communications is actively mitigating these through intelligent security systems, AI studio and data governance.

High Customer Satisfaction

With an industry-leading Net Promoter Score (NPS) of 82, the Company continues to build strong customer trust and satisfaction. The growing number of Million Dollar customers reflects the Company's ability to deliver consistent value and support enterprise-scale digital transformation initiatives.

Capitalising on Rising Service Demand Driven by AI Adoption

The rapid integration of AI across industries is driving a surge in demand for robust networks, scalable cloud infrastructure, and advanced cybersecurity solutions. Tata Communications is well-positioned to capitalise on this trend by strategically expanding its portfolio with enhanced offerings in key areas: network solutions (including Multi-Cloud Networking, Multi-Cloud Connectivity, and Data Centre Interconnects), cloud services (AI and Edge Cloud), and cybersecurity (SASE). These initiatives are designed to meet the evolving needs of enterprises both in India and globally.

Unlocking New Opportunities in IoT and Mobility

The acquisition of Oasis has strengthened Tata Communications' MOVE™ portfolio by integrating advanced eSIM capabilities, opening up new opportunities across the mobility, automotive, and smart device sectors. This enhanced platform is designed to meet the surging demand for embedded, secure, and remotely manageable connectivity, enabling a broader range of IoT and embedded connectivity use cases.

Industry-Aligned, Verticalised Solutions

As digital transformation accelerates, industries such as BFSI, manufacturing, healthcare, and automotive increasingly require tailored technology solutions that address their unique regulatory, operational, and compliance needs. In response, technology providers are shifting from generic offerings to integrated, sector-specific solutions. Tata Communications is seizing this opportunity by delivering customised, industry-aligned solutions that combine high-performance connectivity, secure cloud infrastructure, and intelligent data capabilities. These offerings are further strengthened by specialised managed services and strategic partnerships, enabling enterprises to drive innovation and efficiency within their respective sectors.

Strong Commitment to Sustainability

Tata Communications is actively advancing its sustainability agenda, targeting Net Zero emissions by 2035. The key initiatives include 100% renewable energy usage at multiple sites, 9.8 million kWh of energy savings through 169 energy-saving opportunities and benefiting over 8,00,000 people through CSR projects.

Threats

Integration Challenges Post-Acquisitions

Newly acquired entities and incubation-stage businesses require integration time and investments, which may temporarily dilute overall margins despite improving the long-term portfolio strength.

Complex Competitive Landscape:

The Company faces pressure from multiple fronts: cloud providers expanding into telecom, system integrators offering broader managed services, OEMs entering cybersecurity, niche technology vendors directly targeting enterprises and traditional telecom players intensifying their focus on business services. This evolving landscape underscores the growing importance of strategic collaboration and the delivery of integrated, end-to-end solutions to maintain differentiation and market relevance.

Risks from Macroeconomic and Geopolitical Uncertainties

Tata Communications operates in a global environment increasingly shaped by macroeconomic volatility and geopolitical tensions. Factors such as infrastructure disruptions, evolving regulatory frameworks, and trade restrictions can impact cross-border data flows, network reliability, and enterprise IT spending. Additionally, the Company's dependence on third-party vendors for service delivery introduces further risk—any disruption in their operations can have a direct and immediate effect on Tata Communications' ability to serve its customers.

Evolving Regulatory Landscape

The regulatory environment is becoming increasingly complex, with stricter data sovereignty requirements, cross-border compliance obligations, and sector-specific regulations. These evolving mandates demand continuous adaptation and sustained investment in robust governance frameworks to ensure compliance, mitigate risks and maintain operational resilience across global markets.

Margin Pressure

Although the digital portfolio is growing rapidly, achieving sustainable profitability in digital services will require continued scale, cost optimisation and successful execution of product roadmaps.

STRATEGY

Our strategic objectives are structured around three core themes: financial fitness, growth plan and culture.

- Financial Fitness:** We are committed to maintaining a robust balance sheet and achieving double-digit profitable growth, underpinned by rigorous compliance.
 - Growth Plan:** Our ambition is to enhance our relevance by evolving from a product-centric to a platform-driven digital fabric.
 - WHO:** Deepening engagement and intimacy with our top customers, adopting a solution-oriented approach, and ensuring flawless execution to elevate them to higher revenue bands.
 - WHAT:** Developing scalable, differentiated platform offerings that set us apart in the market.
 - HOW:** Driving operational efficiency to support sustainable growth.
 - Core focus areas include Sustainability, AI and Innovation.
 - Culture:** We are dedicated to nurturing a culture that embodies collaboration, ownership, accountability, a ‘can do’ attitude, growth mindset, agility, continuous learning, skills-transformation, innovation, and problem solving. These strategic themes guide both our short and long-term priorities, ensuring we:
 - Collaborate closely with customers to co-create complex, seamless solutions that leverage our collective capabilities and deliver tangible value.
 - Invest in technological innovation to enhance our offerings, optimise assets, and drive demand, thereby expanding our market presence.
- For our strategy to succeed, these shifts must interlock and operate in harmony. We are proud of the progress we have made and remain focussed on accelerating these strategic themes to drive sustained growth.

CUSTOMER SEGMENTATION

Tata Communications serves two major customer segments:

- Enterprise
- Service Providers

Each segment is addressed through a well-defined route-to-market (RTM) strategy tailored to its unique needs.

Enterprise

In the post-pandemic era, digital transformation is fundamentally reshaping business operations, accelerating the adoption of hybrid work models and e-commerce. Enterprises increasingly recognise the strategic importance of digitalisation, leveraging it to drive borderless growth, foster product innovation, enhance customer experience, improve productivity and efficiency, build agility, and manage risk. These five drivers present significant opportunities for Tata Communications to deliver differentiated platforms, solutions, and services. Our goal is to be the partner of choice in our customers’ digital transformation journeys, enabling workforce collaboration, enterprise mobility, and omnichannel access to end customers. To maximise emerging opportunities, we have further refined our enterprise market strategy, targeting specific verticals and sectors beyond media.

Hyperscale cloud providers / Over-the-top (OTT) players represent a rapidly expanding enterprise segment, accounting for the majority of global IP traffic. Tata Communications supports their growth with robust connectivity solutions, including:

- Point-to-point network connectivity within India and worldwide
- Subsea cable capacity for intercontinental data transfer
- Inter-city and intra-city connectivity across data centres

Our offerings enable OTTs to address the explosive growth in global data consumption with reliability and scalability.

Service Providers

The service provider segment is propelled by surging global data consumption, primarily driven by end consumers. To support this segment, Tata Communications offers an integrated portfolio of services, including:

- Wholesale voice solutions
- Domestic and international data connectivity, including internet backbone (IP transit)
- Value-added roaming services for mobile operators
- Carrier-specific business process outsourcing services

Our reliable platforms empower service providers to remain relevant and agile in a rapidly evolving market landscape.

BUSINESS EXCELLENCE

At Tata Communications, we are dedicated to business excellence, continuously enhancing our management systems and processes to deliver superior value to all stakeholders. Our efforts are guided by the Tata Business Excellence Model (‘TBEM’), inspired by the Malcolm Baldrige Business Excellence Framework.

The TBEM framework enables us to systematically analyse our business processes and identify improvement opportunities across leadership, strategy, customer engagement, knowledge management, workforce development, operations, and business results. We conduct rigorous assessments every two years to evaluate process maturity and outcomes, driving continuous improvement.

In the 2023 assessment cycle, Tata Communications achieved two significant milestones:

- Business Excellence Assessment (‘TBEM’):** We attained a TBEM score of 668, an improvement of 63 points over our previous assessment (on a 1000-point scale), earning recognition as an ‘Industry Leader’.
- Data Maturity Assessment (‘DATOM’):** Our data operations received a DATOM score of 3.23, reflecting a ‘synergized’ maturity level, an advancement from the previous score of 3.17.

This consistent progress underscores our unwavering commitment to data-driven excellence and operational maturity across the core dimensions of data, technology, process, and people.

In response to insights from the 2023 TBEM assessment, we initiated several measures to enhance our management systems and deliver greater stakeholder value. Through the ‘Enhancing Social Fabric/HR Social’ program, we are cultivating a culture rooted in DRIVE behaviors, empathy, and psychological safety. This is supported by regular BUHR-employee meetings, GMC dialogues, and themed sessions with business units—fostering open communication and deeper team engagement.

Our agile 1-3-30 framework accelerates the scaling of new offerings by prioritising early customer feedback, clear ownership, and transparent metrics—enabling faster product-market fit and informed decision-making.

We are also advancing Data Maturity by promoting data literacy, improving data quality, and automating data flows. These efforts are unlocking GenAI use cases and driving measurable outcomes across our digital transformation journey.

TATA COMMUNICATIONS’ TBEM JOURNEY

FINANCIAL PERFORMANCE

We remain steadfast in our commitment to enhancing products and services that empower our customers in their digital transformation journeys, while simultaneously strengthening our balance sheet. Our Financial Fitness strategy is centred around delivering profitable revenue growth, generating robust cash flows and optimising working capital efficiency.

Our approach to sustainable, profitable growth is anchored in our finance strategy built on the twin pillars of ‘Fit to Compete’ and ‘Fit to Grow’. These pillars form the foundation of our efforts to drive market capitalisation and maximise shareholder value. By maintaining a sharp focus on profitability and financial strength, we are well positioned to pursue both organic and inorganic growth opportunities, further reinforcing our leadership in the market.

Financial Performance (Standalone)

Particulars	FY 2024-25	FY 2023-24	YoY growth (%)	Reasons for deviation more than 25%
Net Revenue (₹ in crores)	7,277.86	7,991.68	(8.93)	-
EBITDA (₹ in crores)	1,596.23	1,903.51	(16.14)	-
PAT (₹ in crores)	1,050.87	638.63	64.55	The change is primarily attributable to the following factors: gain on sale of an asset classified as 'held for sale', loss on sale of investment in a subsidiary, interest on tax related to license fees, and staff cost optimisation during the year. For further details, please refer to Note 33 of the standalone financial statements.
Net Profit Margin (in %)	14.44	7.99	80.73	
Return on Net Worth (in %)	10.33	6.47	59.66	
Operating Profit Margin (in %)	8.41	10.83	(22.35)	-
Debt Equity Ratio (in times)	0.31	0.27	14.81	-
Interest Coverage Ratio (in times)	6.78	12.24	(44.61)	Decreased mainly due to short term borrowings availed during the year.
Current Ratio (in times)	0.54	0.43	25.58	Increased mainly due to investments made and short-term borrowings availed during the year.
Debtors Turnover (in times)	6.02	6.69	(10.01)	-

HUMAN RESOURCES

The Human Capital section of our Integrated Annual Report highlights the diverse capabilities, competencies and experience of our workforce, as well as our ongoing efforts to deliver a holistic employee experience and foster a vibrant, high-performing work culture.

RISK MANAGEMENT

Operating globally across multiple industry segments, Tata Communications faces a complex and competitive landscape, exposing us to a wide array of internal and external risks. We proactively implement comprehensive measures to mitigate

these risks, guided by a holistic risk management framework that enables us to identify, assess and address any material impacts on our operations. By considering a broad spectrum of scenarios, we are able to make informed decisions that sustain our global market leadership.

Internal control systems and their adequacy

We maintain robust internal control mechanisms, with clearly defined financial authority delegated at appropriate management levels through our Delegation of Powers policies and procedures. Our technical and financial operations are

supported by advanced technology and systems, ensuring rigorous oversight and operational integrity.

Enterprise Risk Management (‘ERM’)

Risk assessments form a critical component of our annual internal audit programme, encompassing all businesses and functions. Alongside internal audits, we conduct thorough reviews and testing of key internal controls related to financial reporting, providing assurance to the Management, Risk Management Committee, Audit Committee and the Board of Directors regarding their effectiveness.

Our Board has instituted a comprehensive ERM framework to facilitate early risk identification and proactive management. The Risk Management Committee oversees critical risks that may impact organisational performance and strategic initiatives. We systematically identify and assess risks across strategic, financial, operational, sectoral (market/competition), legal and regulatory, technology, and ESG dimensions, and implement targeted treatments and control measures to mitigate their impact. We also monitor events that may present opportunities, leveraging them to benefit the organisation.

The Global Management Committee (‘GMC’), comprising the CEO, CFO and key business and operations leaders is responsible for the effective implementation and ongoing enhancement of our risk management system. Tata Communications’ risk management procedures are subject to a continual improvement process, ensuring we remain agile and resilient in a dynamic business environment.

We adhere to a suite of established risk management policies and procedures across all business units and operations, guided by experience, industry best practices and principles of good governance. This proactive approach helps mitigate potential adverse impact on the business due to changes in the external and internal environment, aligning with our commitment to achieving corporate objectives and delivering long-term value to stakeholders.

An overview of key business risks and mitigation strategies is provided in the Governance section of this Integrated Annual Report.

Ongoing legal cases with risk implications

1. Disputed Tax Matters

In past fiscal years, Tata Communications made certain tax holiday and expense claims based on its understanding of the tax laws, as reinforced by legal precedent and advice received from external tax counsel. In some cases, the Indian tax authorities have not accepted these claims and in a few instances, have sought to levy penalties against the Company. The disallowances and penalties have been challenged by the Company under the applicable legal appeals processes, which are at various stages of adjudication. Though no such appeal has been finally decided

against us, in the unlikely event of all of the disputes culminating in judgments against us, this could have adverse financial implications on our business.

2. License Fee Matters

i. In 2005, the Company had approached the Telecom Disputes Settlement and Appellate Tribunal (‘TDSAT’) to challenge the definition of ‘gross revenue’ and ‘adjusted gross revenue’ (‘AGR’) as interpreted by the Department of Telecommunications (‘DoT’) for the purpose of levying license fees. Some other telecom operators, mostly UAS Licensees, had also separately approached TDSAT for the same relief. TDSAT, vide a common judgment dated August 30, 2007, decided the petition, which was broadly in line with the Company’s arguments. However, not being satisfied on two issues viz., (i) date of applicability of the TDSAT order and (ii) disallowance by the TDSAT on deduction of certain charges passed on to other service providers, the Company had challenged TDSAT’s order before the Hon’ble Supreme Court of India. Concurrently, DoT also filed an appeal against TDSAT’s order. Based on submissions made by the Company, the appeals filed by the Company and the DoT were de-tagged from the other wider batch appeals. While the Company’s appeal and DoT’s cross-appeal remained pending, the Hon’ble Supreme Court passed its judgment on October 11, 2011, setting aside the TDSAT order dated August 30, 2007, and permitted telecom operators to approach the TDSAT for challenging the demands. This round before TDSAT culminated in the judgment dated April 23, 2015. Once again, appeals and cross-appeals were filed by the parties. The Company was not a party to these proceedings as its earlier appeals were still pending before the Hon’ble Supreme Court for adjudication. During these proceedings, which were in challenge to TDSAT judgment dated April 23, 2015, the Company’s pending appeal and DoT’s cross-appeal against TDSAT’s judgment of August 30, 2007 were again de-tagged from the other appeals. While the Company’s appeal and DoT’s cross-appeal were directed to be heard separately, the Supreme Court heard the appeals filed by other Telecom Operators and DoT, against the TDSAT judgment dated April 23, 2015, and pronounced its judgement on October 24, 2019. The Company believes that this judgment of the Supreme Court is not applicable to the appeals and licenses of the Company. In August / September 2019, the Company received Show Cause cum Demand Notices from DoT regarding license fees for financial years 2006-07 up to 2017-18, for which the Company had submitted its responses.

Subsequently, in October 2022, the Company received revised Show Cause cum Demand notices from DoT towards License Fee on its AGR for financial years 2006-07 till 2017-18 in respect of its ILD, NLD and ISP-IT licenses. The Company had duly responded in detail to these Show Cause cum Demand Notices highlighting the apparent errors in the computation of license fee dues and provided detailed submissions against the items of revenue basis which demands were raised. Also, detailed justification had been provided as to why the Supreme Court AGR judgement dated October 24, 2019 is not applicable and also for exemption for levy of license fees on non-telecom / unlicensed revenue.

Subsequently, acting on the Company’s various representations, DoT issued fresh Show Cause cum Demand Notices between June and July 2023. The Company made representations against the revised Show Cause Cum Demand notices. Thereafter, DoT issued Demand Notices from time to time on various dates between July and January 2025 as detailed below.

- (a) Vide its demand letter dated July 20, 2023, DoT called upon the Company to pay an amount of ₹875.80 crores, in respect of financial years 2005-06 (ILD), 2006-07 and 2009-10 (NLD) and 2010-11 (ISP) stating that demands for these financial years have been finalised in terms of Supreme Court’s 2019 AGR judgment dated October 24, 2019. The Company challenged the said demand in a petition, before TDSAT wherein, after a detailed hearing, the TDSAT directed the DoT not to take any coercive actions against the Company till the final disposal of the petition. The matter is currently pending adjudication.
- (b) Vide its demand letter dated August 8, 2023, DoT called upon the Company to pay an amount of ₹992 crores, towards license fee in respect of financial years 2006-07 (ILD and ISP) and 2007-08 (NLD, ILD and ISP). The Company challenged the said demand in a petition, before TDSAT wherein, after a detailed hearing, the TDSAT directed the DoT not to take any coercive actions against the Company till the final disposal of the petition. The matter is currently pending adjudication.
- (c) Vide its demand letter dated August 11, 2023, DoT called upon the Company to pay an amount of ₹51 crores, in respect of the IP-II & TCISL-ISP licenses. The Company challenged the said demand in a petition, before TDSAT wherein, after a detailed hearing, the TDSAT directed the DoT not to take any coercive actions against the Company till the final disposal of the petition. The matter is currently pending adjudication.

- (d) Vide its demand letter dated August 17, 2023 raised certain license fee demands of ₹6,159 crore (of which, enforceable demand is of ₹3,785 crore and ₹2,374 crore is realisable based on outcome of DoT’s appeal pending before the Hon’ble Supreme Court of India) pertaining to NLD, ILD, ISP-IT and UL-ISP licenses of the Company for financial years from 2008-2009 to 2021-2022 [excluding FY 2009-10 (NLD), FY 2010-11(ISP-IT) and FY 2021-22 (UL-ISP)]. These demands were also challenged in a petition, before TDSAT wherein, after a detailed hearing, the TDSAT directed the DoT not to take any coercive actions against the Company till the final disposal of the petition. The matter is currently pending adjudication.
- (e) Vide its demand letter dated September 13, 2023, DoT called upon the Company to pay an amount of ₹49.96 crore, for financial year 2021-22 in respect of UL-ISP license. The Company challenged the said demand in a petition before TDSAT wherein, after a detailed hearing, the TDSAT directed the DoT not to take any coercive actions against the Company till the final disposal of the petition. While the petition is pending adjudication, DoT revised the demand subsequently vide demand letter dated February 3, 2025 to ₹37.36 crore based on Company’s submissions.
- (f) Vide its demand letter dated April 16, 2024, DoT raised license-fee demands of ₹77.65 crores for financial year 2022-23 in respect of the Company’s ILD, NLD and ISP license authorisation under Unified License. These demands have also been challenged by the Company in a petition before TDSAT, wherein, after a detailed hearing, the TDSAT directed the DoT not to take any coercive actions against the Company till the final disposal of the petition. While the petition is pending adjudication, DoT revised the demand subsequently vide demand letter dated February 3, 2025 to ₹22.09 crore against earlier demand of ₹62.21 crore under UL-ISP based on Company’s submissions. So, total demand for FY 2022-23 stands revised to ₹37.53 crore.
- (g) Vide its demand letters dated October 30, 2024, November 22, 2024, and January 14, 2025, DoT raised license fee demands of ₹25.14 crores for financial year 2023-24 in respect of UL-ISP, UL-NLD and UL-ILD license. This includes deductions of ₹2 crore disallowed in respect of UL-NLD and UL-ILD licenses. The Company has also challenged these demands in a petition before TDSAT, wherein, after a detailed hearing, the TDSAT directed the DoT not to take any coercive actions against the Company till the final disposal of the petition. The matter is currently pending adjudication.

- ii. The Company had filed a petition before TDSAT challenging the penalty provisions under its International and National Long Distance License Agreements. Some other telecom operators had also filed petitions before TDSAT on the same issue. By a common order dated February 11, 2010, TDSAT allowed the said petitions, thereby entitling the Company for a refund of ₹115.73 crore, being the penalty and interest thereon realised by DoT, in January 2008. Under TDSAT's order of May 2012, DoT refunded to the Company, an amount of ₹226.23 crores (₹115.73 crores plus interest), and simultaneously challenged the order in the Supreme Court of India under an appeal, which is still pending.
- iii. In 2013, the DoT introduced a new Unified License ('UL') regime for Internet Service Providers ('ISPs') that replaced the old service-specific license regime and imposed a license fee of 8% of AGR on pure internet services revenue under the new UL-ISP Licenses. This created a non-level playing field among ISPs. In 2014, the Company applied to the DoT for a new UL-ISP license with the condition that the Company would not pay the new license fee on pure internet services revenue to maintain a level playing field with service providers not yet subject to the new license fee regime and requested an extension for the old service-specific ISP license. DoT, while extending the old license to enable the Company to complete the formalities for obtaining UL, imposed a license fee on internet services, which was challenged by the Company along with Internet Service Providers Association of India before TDSAT. At its hearing on March 25, 2014, TDSAT granted a stay on payment of license fee on pure internet services and provisionally extended the Company's license during the pendency of the litigation. TDSAT granted similar stays on petitions filed by other service providers on imposition of license fee on pure internet revenue by DoT. Vide judgement dated October 18, 2019, TDSAT allowed the petition, and the decision of DoT to include the revenue from pure internet services as part of AGR for levy of license fee on ISPs under Unified License regime, was set aside and directed DoT to raise revised demands of license fee, based on the same concept of AGR as was being done in respect of ISPs holding a license under the old regime. TDSAT expressed its expectation for the DoT to expedite the process of taking a decision keeping in view the relevant recommendations of Telecom Regulatory Authority of India as well as the constitutional requirement of providing and safeguarding a 'level playing field' for all ISPs. DoT was further directed to take action without any delay to end the uncertainty. DoT filed a Civil Appeal before the Hon'ble Supreme Court challenging

TDSAT's judgment. The said Civil Appeal was listed on January 5, 2021 and the Supreme Court, after hearing the submissions, condoned the delay in filing of the appeal and issued notice that in the event the appeal succeeded, the respondents would be subject to such final directions as may be passed by the Supreme Court in its judgement. While the Civil Appeal was pending, DoT on March 31, 2021, issued amendments to licences granted under the 2002 and 2007 guidelines, subjecting such licenses to payment of 8% license fee on the revenue from pure internet services with immediate effect.

On August 6, 2021, the Company was granted a UL with internet service authorisation effective from January 25, 2014.

In October 2021, DoT again amended the definition of Gross Revenue provided in various licenses, accepting the representations of various operators that revenue from non-licensed activities should not be included while calculating license fees.

The matter is pending before Supreme Court for final adjudication.

3. Access Costs on Cable Landing Stations ('CLS')

The Telecom Regulatory Authority of India ('TRAI') issued the International Telecommunication Access to Essential Facilities at Cable Landing Stations Regulations, 2007 ('2007 Regulations') on June 7, 2007, authorising the owners of Cable Landing Stations ('CLS') to fix their own cost-based charges for access to CLS, after obtaining approvals from TRAI. In 2012, TRAI amended the 2007 Regulations vide Amendment Regulation dated October 19, 2012, empowering itself to specify / prescribe these charges, and thereafter issued another regulation dated December 21, 2012 prescribing a uniform access charge in the form of a ceiling which led to an almost 90% reduction in the charges prevailing prior to issuance of these regulations. All these regulations were challenged by the Company by way of a Writ Petition filed in the Hon'ble High Court of Madras. In 2016, a single judge bench of the Madras High Court, dismissed the Writ Petition filed by the Company and the Company filed an appeal before the division bench of the Madras High Court. Since the division bench refused to grant interim stay to the Company while deciding to hear the Writ Appeal finally and kept the Misc. Petition for interim stay pending, the Company filed a Special Leave Petition ('SLP') before the Hon'ble Supreme Court of India. The Supreme Court requested the division bench of the Madras High Court to dispose of the appeal at the earliest. The Division Bench of Madras High Court, vide its judgment dated July 2, 2018, partly allowed the Writ Appeal and quashed the schedules to the regulations which prescribed charges, kept the CLS Regulations in abeyance and further

directed TRAI to rework the schedules within a period of six months. In October 2018, TRAI and other parties filed an SLP in Supreme Court against the judgement of July 2018 in which the Supreme Court ordered TRAI to re-work the figures within a period of six weeks from October 8, 2018. TRAI reworked and re-enacted the schedules and issued amendment regulations with effect from November 28, 2018.

On November 11, 2018, the Company filed another SLP before the Supreme Court against the division bench order dated July 2, 2018, challenging the jurisdiction of TRAI to regulate CLS.

In December 2018, the Association of Competitive Telecom Operators ('ACTO') filed an application in Supreme Court seeking direction and interpretation that the November 28, 2018 regulations may be declared to be effective retrospectively. This application was disposed of by the Supreme Court on January 28, 2019, stating that it is not for the Supreme Court to give any interpretation and the matter may be taken up in Telecom Disputes Settlement and Appellate Tribunal and consequently remanded the matter to TDSAT.

ACTO and Reliance Jio filed their separate petitions before TDSAT in pursuance of the Supreme Court's order dated January 28, 2019 seeking retrospective applicability of November 28, 2018 regulation. BSNL also filed a petition before TDSAT. Vide its judgement dated April 16, 2020, TDSAT dismissed the petitions filed by ACTO, Reliance Jio and BSNL and held that the amendment regulations would be applicable prospectively. Aggrieved by the said order of TDSAT, ACTO, Reliance Jio and BSNL have filed their Civil Appeals before the Supreme Court challenging the TDSAT order dated April 16, 2020 and sought stay of the TDSAT order, which was not granted.

Subsequently, as there was no stay order in the matter, the Company, in consultation with Senior Advocate and Counsel, issued a disconnection notice dated July 19, 2022 against Reliance Jio wherein Reliance Jio was asked to clear its AFA (Access Facilitation Charges) outstanding at the earliest, failing which its services would be disconnected. Reliance Jio filed an application for staying the said disconnection notice before Hon'ble Supreme Court. The said application was listed before the Court of Hon'ble Chief Justice and during the course of hearing, the Company highlighted the fact that Reliance Jio has not been granted any stay in the matter and is enjoying the services without clearing its pending outstanding. The Hon'ble Supreme Court directed Reliance Jio to make a payment of ₹70

crore and subject to the payment of the said amount, directed the Company, not to disconnect the services.

The matter was adjourned and the same is pending final adjudication before Hon'ble Supreme Court.

4. Premature termination of exclusivity and compensation

As previously reported, the Government of India terminated the company's exclusivity in the International Long Distance (ILD) business two years ahead of schedule and allowed other players to enter the ILD business from April 1, 2002. The government offered the Company a compensation package for this early termination under the terms of a letter dated September 7, 2000. It also gave the Company an assurance that it would consider additional compensation, if found necessary, following a detailed review of its decision to open up the ILD market.

Contrary to its assurances, on January 18, 2002, the government issued a further letter to the Company, unilaterally declaring that the compensation package provided in its original letter was to be treated as full and final settlement of every sort of claim against the early termination of the Company's exclusivity rights in the ILD business. The Company filed a suit in the Bombay High Court in 2005. On July 7, 2010, the Bombay High Court ruled that it did not have the jurisdiction to hear this suit, in view of the provisions of the Telecom Regulatory Authority of India Act, 1997. Aggrieved by this order, the Company instituted an appeal before a division bench of the Bombay High Court on various grounds. This appeal was admitted and is yet to come up for a hearing.

CAUTIONARY STATEMENT

Certain statements in the Integrated Annual Report, Board's Report and MDA describing Tata Communications' objectives, projections, estimates and expectations may be 'forward-looking statements' within the meaning of applicable securities laws and regulations. Actual results could differ substantially or materially from those expressed or implied. Important factors that could make a difference to our operations include economic conditions affecting demand / supply and price conditions in the domestic and overseas markets in which we operate, changes in government regulations, policies, tax laws and other incidental factors. Further, Tata Communications retains the flexibility to respond to fast-changing market conditions and business imperatives. Therefore, Tata Communications may need to change any of the plans and projections that may have been outlined in this report, depending on market conditions.

Corporate Governance Report

I. Our Philosophy on Corporate Governance

Tata Communications Limited (the ‘Company’) has a well-defined Corporate Governance framework founded upon a rich legacy of fair, ethical and transparent governance. The Board of Directors of the Company, along with its Committees undertakes its fiduciary responsibilities to all its stakeholders by ensuring transparency, fairness and independence in its decision making. The Company continues to imbibe best practices of governance and ethics, deep-rooted in the Tata culture.

The Tata Code of Conduct, along with a comprehensive suite of policies that make up our ethical framework, provide a suitable mechanism and structure for conducting our business in a fair and transparent manner. The Company has also adopted a Code of Conduct for its Non-Executive Directors which includes a Code of Conduct for Independent Directors as specified under Schedule IV to the Companies Act, 2013 (the ‘Act’) and Regulation 26(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (‘SEBI Listing Regulations’).

The Company’s corporate governance philosophy has been further strengthened through the Tata Business Excellence Model and the Tata Code of Conduct for Prevention of Insider Trading and the Code of Corporate Disclosure Practices (‘Insider Trading Code’). The Company has in place relevant Information Security policies that ensure proper utilisation of IT resources.

All members of the senior management have confirmed that there are no material, financial and commercial transactions wherein they have a personal interest that may give rise to potential conflict with the interest of the Company at large.

As on March 31, 2025, the Company is in compliance with the requirements stipulated under the SEBI Listing Regulations, as applicable, with regard to corporate governance. This report contains information of all events till March 31, 2025 unless otherwise specified.

II. Board of Directors

i. As on March 31, 2025, the Company had six Directors, of which one is an executive director and five are non-executive directors. Of the five non-executive directors, three directors are independent. Mr. N. Ganapathy Subramaniam, Non-Executive, Non-Independent Director is the Chairperson of the Board. On April 22, 2025, the Board appointed Mr. Sujit Kumar Varma as an Independent Director for a term of five

consecutive years. The profile of our Directors can be viewed at <https://www.tatacommunications.com/investors/board/>. As at the end of FY 2024-25, the composition of the Board is in conformity with Regulation 17 of the SEBI Listing Regulations read with Section 149 of the Act.

Changes that took place in the composition of the Board this year:

- The Members of the Company at the Annual General Meeting (‘AGM’) held on July 17, 2024, approved the re-appointment of Mr. A. S. Lakshminarayanan as the Managing Director and Chief Executive Officer of the Company for a second term commencing from November 26, 2024 till April 13, 2026 (both days inclusive).
- Ms. Sangeeta Anand was appointed as an Additional Director (Non-Executive, Independent) on the Board of the Company with effect from September 5, 2024. Vide a Special Resolution passed through postal ballot on October 27, 2024 the Members of the Company approved the appointment of Ms. Sangeeta Anand as a Non-Executive, Independent Director of the Company for a term of three consecutive years commencing from September 5, 2024 to September 4, 2027 (both days inclusive).
- On completion of her second term as an Independent Director, Ms. Renuka Ramnath ceased to be director on the Board and Chairperson of the Board with effect from December 8, 2024.
- Mr. N. Ganapathy Subramaniam, Non-Executive, Non-Independent Director was elected as the Chairperson of the Board of Directors of the Company with effect from March 14, 2025.
- Subsequent to the end of the financial year, Mr. Sujit Kumar Varma was appointed as an Additional Director (Non-Executive, Independent) on the Board of the Company with effect from April 22, 2025, for a term of five consecutive years. A proposal for his appointment will be placed before the Members for their approval at the ensuing AGM scheduled to be held on July 9, 2025.
- Mr. Ankur Verma retires by rotation and being eligible, offers himself for re-appointment. A resolution seeking shareholders’ approval for

- his re-appointment forms part of the Notice convening the AGM for FY 2024-25.
- ii. As per Section 165 of the Act, none of the Directors on the Company’s Board hold the office of Director in more than 20 companies, including 10 public companies. Further, as per Regulation 17A of the SEBI Listing Regulations, none of the Directors hold directorship in more than 7 listed entities and none of the Independent Directors serve as an Independent Director in more than 7 listed entities and in case they are Whole-Time Directors / Managing Directors in any listed entity, then they do not serve as Independent Director in more than 3 listed entities. Necessary disclosures regarding committee positions in other public companies as at March 31, 2025 have been made by the Directors in compliance with Regulation 26(1) of the SEBI Listing Regulations. None of the Directors are related to each other. Further, the Managing Director & CEO does not serve as an Independent Director in any listed company. All the Non-Independent Directors, except the Managing Director, are liable to retire by rotation.
- iii. Independent Directors are non-executive directors as defined under Regulation 16(1)(b) of the SEBI

Listing Regulations read with Section 149(6) of the Act along with rules framed thereunder. In terms of Regulation 25(8) of SEBI Listing Regulations, the Independent Directors have confirmed that they are not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact their ability to discharge their duties. Based on the declarations received from the Independent Directors, the Board of Directors has confirmed that they meet the criteria of independence as mentioned under Regulation 16(1)(b) of the SEBI Listing Regulations and that they are independent of the management.

- iv. Seven Board Meetings were held during the year under review and the gap between two meetings did not exceed 120 days. The said meetings were held on:

April 17, 2024	July 18, 2024
September 18/19, 2024	October 17, 2024
November 13, 2024	January 22, 2025
March 25/26, 2025	

The necessary quorum was present for all the meetings.

- v. The names and categories of the Directors on the Board, their attendance at Board Meetings held during the year and at the last AGM, names of other listed entities in which they are directors and the number of directorships and committee chairmanships / memberships held by them in other public limited companies as at March 31, 2025 are given hereinbelow. Other directorships do not include directorships of private limited companies, foreign companies, high-value debt listed companies and companies registered under Section 8 of the Act. Further, none of the Directors is a member of more than ten committees or chairperson of more than five committees across all public companies in which he / she is a director. For the purpose of determination of limit of the board committees, chairmanship and membership of the Audit Committee and Stakeholders’ Relationship Committee has been considered as per Regulation 26(1)(b) of SEBI Listing Regulations.

* Excludes directorships of associations, private limited companies, Section 8 companies or companies incorporated outside India.

** Represents chairmanship / membership of Audit Committee and Stakeholders' Relationship Committee in public limited companies whose equity shares are listed. For committee positions, the value under number of memberships includes chairmanships as well.

Ms. Renuka Ramnath, Non-Executive, Independent Director of the Board ceased to be a Director and Chairperson with effect from December 8, 2024 and hence, information pertaining to her directorships or committee positions is not provided above. During FY 2024-25, Ms. Renuka Ramnath attended four Board Meetings held on April 17, 2024, July 18, 2024, September 18/19, 2024 and October 17, 2024. Ms. Ramnath also attended and chaired the last AGM of the Company held on July 17, 2024.

- vi. During FY 2024-25, information as mentioned in Part A of Schedule II of the SEBI Listing Regulations, has been placed before the Board for its consideration.
- vii. During FY 2024-25, one separate meeting of the Independent Directors was held on March 25, 2025. The Independent Directors, *inter-alia*, reviewed the performance of Non-Independent Directors, the Board as a whole and the Committees of the Board. The Board of Directors also evaluated the performance of each Independent Director.
- viii. The Board periodically reviews the compliance reports of all laws applicable to the Company.
- ix. Mr. Krishnakumar Natarajan holds 1,963 shares of the Company as at March 31, 2025. None of the other Directors hold any equity shares of the Company as at March 31, 2025.
- x. There is no *inter-se relationship* between any of the Directors of the Company.

- xi. The Board, based on the recommendation of the Nomination and Remuneration Committee ('NRC'), has identified the following skills / expertise / competencies fundamental for the effective functioning of the Company:

	Business Management	Ability to organise, plan, lead and direct a business.
	Domain Knowledge	Expertise and knowledge in the fields of Telecom, Information Technology and Digitalisation.
	Engagement	Aware. Listens to others and is able to put across own point of view in an assertive manner. Participative in the deliberations.
	Financial and Risk Management acumen	Capability to read and interpret financial statements, understand financial and accounting policy and risk management assessment.
	Knowledge of the Legal and Compliance framework	Understanding of the legal and compliance framework within which the Board is expected to function and the duties and responsibilities of individual Board members.
	Leadership and Stewardship	Capability to have leading and influencing conversations with the executive management. Conflict resolution and facilitation. Capability to serve / balance the wider interests and objectives of the Company and its various stakeholders while being compliant with good governance practices.
	Strategic Management	Guiding the executive management in formulation and implementation of the major goals and initiatives of the Company.

The identified skills are mapped to each Director basis their level of expertise or proficiency for each identified skill:

Skill	Mr. N. Ganapathy Subramaniam	Mr. A. S. Lakshminarayanan	Mr. Krishnakumar Natarajan	Mr. Ashok Sinha	Mr. Ankur Verma	Ms. Sangeeta Anand
Business Management						
Domain Knowledge						
Engagement						
Financial & Risk Management acumen						
Knowledge of the Legal & Compliance framework						
Leadership and Stewardship						
Strategic Management						

 **Expert**  **Proficient**

The eligibility of a person to be appointed as a Director of the Company is dependent on whether the person possesses the requisite skill sets identified by the Board as above and whether the person is a proven leader in running a business that is relevant to the Company's business or is a proven academician in a field relevant to the Company's business. The Company's business runs across different industry verticals, geographical markets and is global in nature. The Directors so appointed, basis the recommendation of the NRC, are drawn from diverse backgrounds and possess special skills with regard to the industries / fields that they come from.

III. Committees of the Board

A. There are five statutory Board Committees as on March 31, 2025 that have been formed, details of which are as follows:

Statutory Committees									
Audit Committee ('AC')									
The Committee is constituted in line with the provisions of Regulation 18 of SEBI Listing Regulations and Section 177 of the Act.									
Extract of Terms of Reference									
- Oversight of financial reporting process. - Reviewing with the management, the annual financial statements and auditors' report thereon before submission to the Board for approval. - Evaluation of internal financial controls, internal audit and risk management systems. - Recommendation for appointment, remuneration and terms of appointment of auditors of the Company. - Advice on setting forth policies in relation to the implementation of the Insider Trading Code. - Review of Related Party Transactions. - Review of vigil mechanism for directors, employees or any other person to report genuine concerns in such manner as may be prescribed.	<table><tr><th>Name</th><th>Category</th></tr><tr><td>Mr. Ashok Sinha*</td><td>Non-Executive, Independent</td></tr><tr><td>Mr. Krishnakumar Natarajan</td><td>Non-Executive- Independent</td></tr><tr><td>Mr. Ankur Verma</td><td>Non-Executive, Non-Independent</td></tr></table> Other Details: - Five meetings of the AC were held during the year under review and the gap between two meetings did not exceed 120 days. - Ms. Renuka Ramnath*, Chairperson of the AC was present at the Company's last AGM held on July 17, 2024. - The AC invites a number of people to its meetings, including any Company executive it feels will be relevant, as well as representatives of the statutory auditors and internal auditors. - All members are financially literate and bring in expertise in the fields of finance, corporate laws, governance, technology, strategy and management. - Mr. Zubin Adil Patel, Company Secretary is the Compliance Officer under the SEBI Listing Regulations and SEBI (Prevention of Insider Trading) Regulations, 2015 and ensures compliance with and implementation of the Insider Trading Code of the Company.	Name	Category	Mr. Ashok Sinha*	Non-Executive, Independent	Mr. Krishnakumar Natarajan	Non-Executive- Independent	Mr. Ankur Verma	Non-Executive, Non-Independent
Name	Category								
Mr. Ashok Sinha*	Non-Executive, Independent								
Mr. Krishnakumar Natarajan	Non-Executive- Independent								
Mr. Ankur Verma	Non-Executive, Non-Independent								

*Note: Ms. Renuka Ramnath ceased to be the Chairperson of the AC on December, 8 2024.
Mr. Ashok Sinha, Non-Executive, Independent Director was appointed as the Chairperson of the AC with effect from December 8, 2024.

Nomination and Remuneration Committee ('NRC')									
The Committee is constituted in line with the provisions of Regulation 19 of SEBI Listing Regulations and Section 178 of the Act.									
Extract of Terms of Reference									
- Recommend to the Board the setup and composition of the Board and its committees. - Recommend to the Board the appointment / reappointment of Directors, Key Managerial Personnel and executive team members of the Company. - Support the Board and Independent Directors in evaluation of the performance of the Board, its Committees and individual Directors. - Recommend to the Board the Remuneration Policy for Directors, executive team or Key Managerial Personnel as well as the rest of employees. - Oversee familiarisation programs for Directors. - Oversee the HR philosophy, HR and People strategy and HR practices including succession planning. - Act as the 'Compensation Committee' to oversee and administer any share-based employment benefits scheme implemented by the Company and oversee the implementation of the share-based employee benefits scheme.	<table><tr><th>Name</th><th>Category</th></tr><tr><td>Mr. Krishnakumar Natarajan [Chairperson]</td><td>Non- Executive, Independent</td></tr><tr><td>Mr. N. 	Mr. Krishnakumar Natarajan [Chairperson]
	Non-Executive, Independent
	Mr. A. S. Lakshminarayanan
	Executive - Managing Director & CEO
	Mr. Ankur Verma
	Non-Executive, Non-Independent
Other Details: - One meeting of the SRC was held during the year under review. - Details of investor complaints and Compliance Officer are provided subsequently in the Corporate Governance Report. - Mr. Krishnakumar Natarajan, Chairperson of the SRC was present at the Company's last AGM held on July 17, 2024.	

B. Stakeholders Relationship Committee - Other Details

- a. Mr. Zubin Adil Patel, Company Secretary is the Compliance Officer for shareholder grievance redressal.
- b. Details of investor complaints received and redressed during FY 2024-25 are as follows:

Opening Balance	Received during the year	Resolved during the year	Closing Balance
0	0	0	0

The Company did not receive any complaint from its shareholders during the year under review.

C. Nomination and Remuneration Committee - Other Details

Remuneration Policy:

Encouraging a high-performance culture

Our Remuneration Policy encourages a high-performance culture to attract and retain the best

talent and motivate them to achieve results. The policy supports a customer-focused business model that demands our employees to be mobile to meet project needs. Pay models comply with local regulations in each country where we operate, with a remuneration structure tailored to reflect its domestic IT industry.

The Company has an employee stock unit plan namely Tata Communications Limited - Stock Unit Plan 2023 ('RSU Plan'), contemplating grant of employee stock units ('RSUs') to eligible employees and Directors of the Company and its subsidiaries. Vesting of RSUs to the Directors / eligible employees under the RSU Plan is subject to achievement of the corporate performance conditions as determined by the NRC.

The Company pays remuneration via salary, benefits, perquisites, incentives and allowances (fixed component) and commission, long-term incentive pay / RSUs (variable component) to its Managing Director and Chief Executive Officer ('MD & CEO').

The NRC decides on annual increments for the MD & CEO, following the salary scale approved by shareholders of the Company. Increments become effective from April 1 every year. The NRC also decides on the commission payable to the MD & CEO out of the profits for the financial year, following the ceilings prescribed under the Act. Its decision is based on various factors including Company's performance. The Remuneration Policy is available at <https://www.tatacommunications.com/resource/corporate-resources/policies/tata-communications-remuneration-policy/>

Sitting fees for FY 2024-25 as recommended by the NRC and approved by the Board

- ₹50,000/- per meeting of the Board / Audit Committee / Nomination and Remuneration Committee, to Non-Executive Directors who are not employees of any Tata company.
- ₹25,000/- per meeting for the meetings of other committees, to Non-Executive Directors who are not employees of any Tata company.
- ₹25,000/- per meeting convened for any other purpose in the interest of business.
- ₹20,000/- per meeting of the Board, any committee, or for any meeting convened for any other purpose in the interest of business, to Non-Executive Directors who are employees of any Tata company excluding the employees of the Company or its subsidiaries.

Commission and sitting fees paid to Non-Executive Directors for FY 2024-25

At the Company's AGM on August 28, 2020, shareholders authorised the Board of Directors

to decide and pay annual commission to the Non-Executive Directors starting from April 1, 2020, within the ceiling of 1% of the net profits of the Company as outlined by the Act. The Board decides the exact commission each year and then distributes it amongst the Non-Executive Directors based on their attendance and contribution at Board and committee meetings, as well as time spent on other operational matters, basis the recommendations of the NRC. The Company also reimburses any out-of-pocket expenses incurred by Directors for attending the meetings.

Details of commission and sitting fees paid to Non-Executive Directors for FY 2024-25 are below:

(₹ in lakhs)		
Name of Director	Commission	Sitting Fees
Ms. Renuka Ramnath ¹	70.00	5.00

3. 55,422 RSUs were granted effective May 1, 2024 with final vesting on April 30, 2027 subject to the satisfaction of certain vesting and other terms and conditions as stipulated in the RSU Plan.

The terms of appointment with respect to the notice period and severance fees payable to the MD & CEO as extracted from the appointment agreement are as follows:

- The appointment may be terminated by either Party by giving to the other Party six months' notice of such termination or the Company paying six months' remuneration which shall be limited to provision of Salary, Benefits, Perquisites, Allowances and any pro-rated Incentive Remuneration (paid at the discretion of the Board), in lieu of such notice.
- The employment of the MD & CEO, may be terminated by the Company without notice or payment in lieu of notice:
 - If the MD & CEO, is found guilty of any gross negligence, default or misconduct in connection with or affecting the business of the Company or any subsidiary or associated company to which he is required by the Agreement to render services; or
 - In the event of any serious or repeated or continuing breach (after prior warning) or non-observance by the MD & CEO, of

any of the stipulations contained in the Agreement between the Company and the MD & CEO; or

- In the event the Board expresses its loss of confidence in the MD & CEO; or
- In the event the MD & CEO is not in a position to discharge his official duties due to any physical or mental incapacity, the Board shall be entitled to terminate this appointment on such terms as the Board may consider appropriate in the circumstances.

Performance evaluation criteria for Independent Directors:

The NRC determines how the Company evaluates Independent Directors based on criteria including:

- Participation and contribution;
- Commitment;
- Deployment of their knowledge and expertise;
- Management of relationships with stakeholders;
- Integrity and maintenance of confidentiality;
- Independence of behaviour and judgement.

viii. Share transfer system

Transfer of equity shares in electronic form is effected through depositories with no involvement of the Company. The SRC and certain Company officials (including the Company Secretary) are empowered to approve requests relating to the shares of the Company.

In terms of Regulation 40(1) of SEBI Listing Regulations, as amended, transfer, transmission or transposition of securities can be only in dematerialised form. Members holding shares in physical form are requested to consider converting their holdings to dematerialised form, if they wish to effect such actions.

ix. Dispute Resolution Mechanism ('SMART ODR')

In order to strengthen the dispute resolution mechanism for all disputes between a listed company and/or registrars & transfer agents and shareholder(s)/investor(s), SEBI had issued a Standard Operating Procedure ('SOP') vide Circular dated May 30, 2022. As per this SOP, shareholder(s)/investor(s) can opt for Stock Exchange Arbitration Mechanism for resolution of their disputes against the Company or its R&T Agent. Further, SEBI vide circular dated July 31, 2023 (updated as on December 20, 2023), introduced the Online Dispute Resolution ('ODR') Portal. Through this ODR portal, the aggrieved party can initiate the mechanism, after exercising the primary options to resolve the issue, directly with the Company and through the SEBI Complaint Redress System (SCORES) platform. The Company has complied with the above circulars and the same are available on the website of the Company: <https://www.tatacommunications.com/investors/shares/>

xii. Outstanding GDRs / ADRs / Warrants or any convertible instruments, conversion date and likely impact on equity:

The Company has not issued any GDRs / ADRs / Warrants or any convertible instruments in the past year and does not have any such outstanding instruments as on March 31, 2025.

xiii. Commodity price risk or foreign exchange risk and hedging activities:

The Company does not deal in commodities and hence, the disclosure pursuant to SEBI Circular dated November 15, 2018 is not required

to be given. For more information on foreign exchange risk and hedging activities, please refer the Risk Management section of the Integrated Annual Report.

xiv. Equity shares in the Suspense Account:

In accordance with SEBI Circular dated January 25, 2022, the Company transferred 30 equity shares to 'Suspense Escrow Demat Account' on account of non-receipt of demat request from the investor within 120 days of issuance of the Letter of Confirmation by R&T Agent for transmission / name deletion request.

Details of shares transferred to ‘Suspense Escrow Demat Account’ are given below:

Sr. No.	Particulars	Number of Shareholders	Number of Shares
a.	Aggregate number of shareholders and the outstanding shares in the suspense account lying at the beginning of the year	0	0
b.	Number of shareholders who approached listed entity for transfer of shares from suspense account during the year	0	0
c.	Number of shareholders to whom shares were transferred from suspense account during the year	0	0
d.	Aggregate number of shareholders and the outstanding shares in the suspense account lying at the end of the year	1	30

Voting rights on these shares shall remain frozen till the rightful owner of such shares claims the shares.

xv. **Transfer of Unclaimed / Unpaid amounts to the Investor Education and Protection Fund:**

Pursuant to Sections 124 and 125 of the Act read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 (‘IEPF Rules’), dividend, if not claimed for a period of seven (7) years from the date of transfer to Unpaid Dividend Account of the Company, is liable to be transferred to the Investor Education and Protection Fund (‘IEPF’).

Further, all shares in respect of which dividend has remained unclaimed for seven (7) consecutive years or more from the date of transfer to unpaid dividend account shall also be transferred to IEPF Authority. This requirement does not apply to shares in respect of which there is a specific order of Court, Tribunal or Statutory Authority, restraining any transfer of the shares.

The Company sends periodical reminders to shareholders to claim their dividends in order to avoid transfer of dividends / shares to IEPF Authority. Notices in this regard are also published in newspapers and the details of unclaimed dividends and shareholders whose shares are liable to be transferred to the IEPF Authority, are uploaded on the Company’s website at <https://www.tatacommunications.com/investors/shares>.

In light of the aforesaid provisions, the Company has, during the year under review, transferred to IEPF, unclaimed dividends outstanding for seven (7) consecutive years. Further, shares in respect of which dividend has not been claimed for seven (7) consecutive years or more from the date of transfer to unpaid dividend account, have also been transferred to the demat account of IEPF Authority.

The details of unclaimed dividends and shares transferred to IEPF during FY 2024-25 are as follows:

Financial Year	Amount of unclaimed dividend transferred (₹)	Number of shares transferred
2016-17	14,69,868	10,460

Members who have a claim on the above-mentioned dividends and shares may claim the same from IEPF Authority by sending a request letter along with the requisite documents to MUFG and thereafter filing an online application in the prescribed e-Form IEPF-5 upon receiving the entitlement letter from the Company. The e-Form IEPF-5 is available at www.iepf.gov.in. No claims shall lie against the Company in respect of the dividend / shares so transferred.

The following table gives information relating to various outstanding dividends and the dates by which they can be claimed by the shareholders from the Company’s R&T Agent:

Dividend for the year	Date of AGM	Date of transfer to IEPF	Balance as on March 31, 2025
2017-18	August 9, 2018	September 10, 2025	9,22,653.00
2018-19	August 2, 2019	September 3, 2026	7,93,489.50
2019-20	August 28, 2020	September 29, 2027	6,59,184.00
2020-21	June 30, 2021	July 31, 2028	25,72,827.00
2021-22	June 29, 2022	July 30, 2029	21,49,774.70
2022-23	July 18, 2023	August 19, 2030	21,21,007.00
2023-24	July 17, 2024	August 18, 2031	17,38,624.90
Total			1,09,57,560.10

xvi. **Details of Non-Convertible Debentures issued and outstanding as at March 31, 2025:**

NCD Series / ISIN	Principal Amount outstanding as at March 31, 2025 (₹)
7.75% Rated, Unsecured, Listed, Redeemable Non-Convertible Debentures ISIN: INE151A08349	17,50,00,00,000

On August 29, 2023, the Company, by way of private placement, issued and allotted 1,75,000 Rated, Unsecured, Listed, Redeemable Non-Convertible Debentures (‘NCDs’) at a face value of ₹1,00,000 (Indian Rupees One Lakh only) each, aggregating to ₹17,50,00,00,000 (Indian Rupees One Thousand Seven Hundred and Fifty Crores only) to identified investors.

These NCDs were rated AAA by CARE Ratings Limited and were listed on the Wholesale Debt Segment of NSE with effect from August 31, 2023. The Company did not issue any debentures during the financial year 2024-25.

Proceeds from Public Issues, Rights Issues, Preferential Issues, etc.:

During the year under review, the Company did not raise any equity capital through public issues, rights issues or preferential issues, etc.

The Company operates from various offices globally and has no manufacturing facility.

Managing Director and CEO
(DIN: 08616830)

Independent Auditor’s Report on compliance with the conditions of Corporate Governance as per provisions of Chapter IV of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

The Members of,
Tata Communications Limited

1. The Corporate Governance Report prepared by Tata Communications Limited (hereinafter the “Company”), contains details as specified in regulations 17 to 27, clauses (b) to (i) and (t) of sub-regulation (2) of regulation 46 and para C, D, and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the “Listing Regulations”) (‘applicable criteria’) for the year ended March 31, 2025 as required by the Company for annual submission to the Stock Exchange.

Management’s Responsibility

2. The preparation of the Corporate Governance Report is the responsibility of the Management of the Company including the preparation and maintenance of all relevant supporting records and documents. This responsibility also includes the design, implementation and maintenance of internal controls relevant to the preparation and presentation of the Corporate Governance Report.

3. The Management along with the Board of Directors are also responsible for ensuring that the Company complies with the conditions of Corporate Governance as stipulated in the Listing Regulations, issued by the Securities and Exchange Board of India.

Auditor’s Responsibility

4. Pursuant to the requirements of the Listing Regulations, our responsibility is to provide a reasonable assurance in the form of an opinion whether, the Company has complied with the conditions of Corporate Governance as specified in the Listing Regulations.

5. We conducted our examination of the Corporate Governance Report in accordance with the Guidance Note on Reports or Certificates for Special Purposes (revised 2016) and the Guidance Note on Certification of Corporate Governance, both issued by the Institute of Chartered Accountants of India (“ICAI”). The Guidance Note on Reports or Certificates for Special Purposes requires that we comply with the ethical requirements of the Code of Ethics issued by ICAI.

6. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

7. The procedures selected depend on the auditor’s judgement, including the assessment of the risks associated in compliance of the Corporate Governance Report with the applicable criteria. Summary of procedures performed include:

- i. Read and understood the information prepared by the Company and included in its Corporate Governance Report;
- ii. Obtained and verified that the composition of the Board of Directors with respect to executive and non-executive directors has been met throughout the reporting period;
- iii. Obtained and read the Register of Directors as on March 31, 2025 and verified that at least one independent woman director was on the Board of Directors throughout the year;
- iv. Obtained and read the minutes of the following committee meetings / other meetings held April 1, 2024 to March 31, 2025:
 - (a) Board of Directors;
 - (b) Audit Committee;
 - (c) Annual General Meeting (AGM);
 - (d) Nomination and Remuneration Committee;
 - (e) Stakeholders Relationship Committee;
 - (f) Corporate Social Responsibility Safety and Sustainability Committee;
 - (g) Risk Management Committee
- v. Obtained necessary declarations from the directors of the Company;
- vi. Obtained and read the policy adopted by the Company for related party transactions;
- vii. Obtained the schedule of related party transactions during the year and balances at the year-end. Obtained and read the minutes of the audit committee meeting where in such related party transactions have been pre-approved by the audit committee; and
- viii. Performed necessary inquiries with the management and also obtained necessary specific representations from management.

8. The above-mentioned procedures include examining evidence supporting the particulars in the Corporate Governance Report on a test basis. Further, our scope

of work under this report did not involve us performing audit tests for the purposes of expressing an opinion on the fairness or accuracy of any of the financial information or the financial statements of the Company taken as a whole.

Opinion

9. Based on the procedures performed by us, as referred in paragraph 7 above, and according to the information and explanations given to us, we are of the opinion that the Company has complied with the conditions of Corporate Governance as specified in the Listing Regulations, as applicable for the year ended March 31, 2025, referred to in paragraph 4 above.

Other matters and Restriction on Use

10. This report is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

11. This report is addressed to and provided to the members of the Company solely for the purpose of

enabling it to comply with its obligations under the Listing Regulations with reference to compliance with the relevant regulations of Corporate Governance and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care or for any other purpose or to any other party to whom it is shown or into whose hands it may come without our prior consent in writing. We have no responsibility to update this report for events and circumstances occurring after the date of this report.

Standalone Financial Statements

Independent Auditor’s Report

To the Members of **Tata Communications Limited**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Tata Communications Limited** (the “Company”), which comprise the Balance sheet as at March 31 2025, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended (the “Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit including other comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the ‘Auditor’s Responsibilities for the Audit of the Standalone Financial Statements’ section of our report. We are independent of the Company in accordance with the ‘Code of Ethics’ issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key audit matters

Impairment of investments in Subsidiaries and Associates (as described in note 10A of the standalone financial statements)

Annually, the management assesses the existence of impairment indicators for each non-current investment and in case of occurrence, such investments are subjected to an impairment test.

As at the reporting date, the Company has non-current investments in subsidiaries, associates and others amounting to Rs 6,317.14 crores.

Emphasis of Matter

As fully discussed in note 46(a)(2)(ii) to the standalone financial statements for the year ended March 31, 2025, the Company has received ‘Show Cause-cum Demand Notices’ from Department of Telecommunications (DoT) towards license fee on its Adjusted Gross Revenue (AGR) for financial years ranging from FY 2005-06 to 2023-24 and has disclosed Rs 7,734.12 crores as contingent liability based on management’s assessment of likelihood of the demand materializing. The Company believes that it has grounds to defend its above positions based on the independent legal opinions obtained in this regard; accordingly, no provision has been made in the accompanying standalone financial statements.

Our opinion is not modified in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor’s responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

How our audit addressed the key audit matter

Our audit procedures related to this key audit matters included the following:

- We assessed the processes and key controls implemented by the Company related to the identification of impairment loss and determination of necessary impact thereof.

Key audit matters	How our audit addressed the key audit matter
Accordingly, these investments have been tested for impairment as at year end in accordance with Indian Accounting Standard ('Ind AS') 36, "Impairment of Assets". In consideration of the judgments required in particular with reference to the forecast of cash flows and the assumptions used in estimating the value-in-use, we have identified this matter to be a key audit matter.	• We obtained the business projections of the respective companies for the financial year 2025-26. We have understood the reasons for the projected growth basis our discussion with the Management and compared the projections with the past trend. • We assessed the valuation methodology and evaluated the key assumptions used by the management in the valuations, by comparing with those prevailing in the sector, using valuation experts, who also performed an independent calculation and sensitivity analysis on key assumptions. • We tested the arithmetical accuracy of the models. • We assessed the disclosures made in the standalone financial statements.

Information Other than the Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditor’s report thereon. The Annual report is expected to be made available to us after the date of this auditor’s report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibilities of Management for the Standalone Financial Statements

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating

effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis

for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely

rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor’s Report) Order, 2020 (the “Order”), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the “Annexure 1” a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph (i) (vi) below on reporting under Rule 11(g);
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph (i)(vi) below on reporting under Rule 11(g);
 - (g) With respect to the adequacy of the internal financial controls with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in “Annexure 2” to this report;
 - (h) In our opinion, the managerial remuneration for the year ended March 31, 2025 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;

- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer note 46(a) to the standalone financial statements;

ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer note 22A to the standalone financial statements;

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company;

iv.

a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities (Intermediaries), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.

As stated in note 19(c) to the standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend; and
- vi. Based on our examination which included test checks, the Company has used accounting softwares for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that, audit trail feature is not enabled for certain applications and did not operate throughout the year for changes made, using privileged/ administrative access rights for an application, as described in note 51 to the standalone financial statements. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with in respect of accounting software(s) where the audit trail has been enabled. Additionally, the audit trail of prior year has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective years.

Annexure 1 referred to in paragraph 1 under the heading Report on other legal and regulatory requirements of our Report of even date

Re: Tata Communications Limited (the “Company”)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (a) (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) Property, Plant and Equipment were physically verified by the management during the previous

Description of Property	Gross carrying value (₹ in crores)	Held in name of	Whether promoter, director or their relative or employee	Period held – indicate range, where appropriate	Reason for not being held in the name of Company
Land & Building - Jogeshwari, Mumbai	32.77	Various parties	No	29 years	Title deeds registration pending, resolution pending in Hon'ble High Court, Mumbai
Land & building - Marine Lines, Mumbai	1.39		No	Land - 73 years Building - 49 years	Title deeds due for renewal, resolution pending in Hon'ble High Court, Mumbai
Building - Gandhinagar	1.02		No	29 years	Agreement execution in progress.

- (d) The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year ended March 31, 2025.
- (e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure for such verification is appropriate.
- (b) The Company has not been sanctioned working capital limits in excess of Rupees five crores in aggregate from banks or financial institutions

years in accordance with a planned programme of verifying them once in three years which is reasonable having regard to the size of the Company and the nature of its assets.

- (c) The title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in note 4(I) to the standalone financial statements are held in the name of the Company except immovable properties as indicated in the below mentioned cases as at March 31, 2025 for which title deeds were not available with the Company and hence, we are unable to comment on the same.

during any point of time of the year on the basis of security of current assets. Accordingly, the requirement to report on clause 3(ii)(b) of the Order is not applicable to the Company.

- (iii) (a) During the year, the Company has granted loan and stood guarantees to companies, firms, Limited Liability Partnerships or any other parties as follows:
(₹ in crores)

Particulars	Guarantees	Loans
Aggregate amount granted/ provided during the year		
- Subsidiaries	4,847.14	584.10
Balance outstanding as at balance sheet date in respect of above cases		
- Subsidiaries	11,988.74	1,967.26

- (b) During the year, the investments made, guarantees provided, and the terms and conditions of the grant of loans, investments and guarantees to companies are not prejudicial to the Company's interest.

(c) The Company has granted loans to companies where the schedule of repayment of principal and payment of interest has been stipulated and the repayment or receipts are regular.

(d) There are no amounts of loans and advances in the nature of loans granted to companies, firms, Limited Liability Partnerships or any other party which are overdue for more than ninety days.

(e) There were no loans granted to companies, firms, Limited Liability Partnerships or any other party which had fallen due during the year.

(f) The Company has not granted any loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other party. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.
- (iv) There are no loans, investments, guarantees, and security in respect of which provisions of sections 185 and 186 of the Act are applicable and accordingly, the requirement to report on clause 3(iv) of the Order is not applicable to the Company.

(v) The Company has neither accepted any deposits from the public nor accepted any amounts which are
- deemed to be deposits within the meaning of sections 73 to 76 of the Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.

(vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act, related to International Long Distance services, National Long Distance services, Internet Service Provider services, Virtual Network Operator services and certain other services and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.

(vii) (a) Undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, duty of custom, cess and other statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases. According to the information and explanations given to us and based on audit procedures performed by us, more fully detailed in note 32(ii) to the standalone financial statements, we have been informed that the Company has provided custom duty in case of certain imported material which is subject to reassessment by the Custom Authorities. The details of such undisputed dues with respect to custom duty, which has been provided, at the year end, for a period of more than six months, is as follows:

Statement of Arrears of Statutory Dues Outstanding for more than six months:

Name of the statute	Nature of the Dues	₹ in crores	Period to which the amount relates to	Due Date	Date of Payment	Remarks if any
Customs Tariff Act	Customs duty on equipment imported	21.18	May 1,2020 until September 30, 2024	Sept 30, 2024	NA	Refer note 32(ii) to the standalone financial statements
	Interest on Customs duty payable on equipment imported	10.90	May 1,2020 until September 30, 2024	Sept 30, 2024	NA	

Statutory dues including sales tax, value added tax, service tax and duty of excise are not applicable to the Company.

- (b) According to the records of the Company, the dues outstanding of income tax, sales tax, service tax, value added tax and other statutory dues on account of any dispute, are as follows:

- (viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) Term loans were applied for the purpose for which the loans were obtained.

(d) On an overall examination of the financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company

- (e) On an overall examination of the financial statements of the Company, the Company has raised funds from following entity(s) on account of or to meet the obligations of its subsidiary, as per details below:

Nature	Name of lender	Amount involved (₹ in crores)	Name of the subsidiary	Relation	Nature of transaction for which funds are utilized	Remarks, if any
Rated and Listed Non-Convertible Debentures	Asset Management Companies	1,750	Tata Communications International Pte. Ltd.	Wholly Owned Subsidiary ('WOS')	Repayment of debt of WOS	Nil

- (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Hence, the requirement to report on clause (ix)(f) of the Order is not applicable to the Company.

(x) (a) The Company has not raised any money during the year by way of initial public offer / further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.

(b) The Company has not made any preferential allotment or private placement of shares/ fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) No material fraud by or on the Company has been noticed or reported during the year.

(b) During the year, no report under sub-section (12) of section 143 of the Act has been filed by cost
- auditor or secretarial auditor or by us in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of audit procedures.

(xii) The Company is not a nidhi company as per the provisions of the Act. Therefore, the requirement to report on clause 3(xii)(a), (b) and (c) of the Order is not applicable to the Company.

(xiii) Transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and the details have been disclosed in the notes to the standalone financial statements, as required by the applicable accounting standards.

(xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.

- (b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.

(xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence, requirement to report on clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) The Company is not engaged in any Non-Banking Financial or Housing Finance activities. Accordingly, the requirement to report on clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) The Company is not a Core Investment Company ('CIC') as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi)(c) of the Order is not applicable to the Company.

(d) According to the information and explanation given to us by the management, the Ultimate Holding Company's Group has five CICs which are registered with the Reserve Bank of India and one CIC which is not required to be registered with the Reserve Bank of India.

(xvii) The Company has not incurred cash losses in the current financial year and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.

(xix) On the basis of the financial ratios disclosed in note 50 to the standalone financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence

supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Act, in compliance with second proviso to sub section 5 of section 135 of the Act. This matter has been disclosed in note 32(i) to the standalone financial statements.

(b) There are no unspent amounts in respect of ongoing projects, that are required to be transferred to a special account in compliance of provision of sub section (6) of section 135 of Companies Act. This matter has been disclosed in note 32(i) to the standalone financial statements.

Annexure 2 to the Independent Auditor’s report of even date on the standalone financial statements of Tata Communications Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial controls with reference to these standalone financial statements of Tata Communications Limited (the “Company”) as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to these standalone financial statements.

Meaning of Internal Financial Controls With Reference to these Standalone Financial Statements

A company’s internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to these standalone financial statements and such internal financial controls with reference to these standalone financial

statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes forming part of the Financial Statements

for the year ended 31 March 2025

1. Corporate information

TATA Communications Limited (CIN- L64200MH1986PLC039266) (the “Company”) was incorporated on 19 March 1986. The Government of India vide its letter No. G-25015/6/86OC dated 27 March 1986, transferred all assets and liabilities of the Overseas Communications Service (“OCS”) (part of the Department of Telecommunications, Ministry of Communications) as appearing in the Balance sheet as at 31 March 1986 to the Company with effect from 1 April 1986. During the financial year 2007-08, the Company changed its name from Videsh Sanchar Nigam Limited to Tata Communications Limited and the fresh certificate of incorporation consequent upon the change of name was issued by the Registrar of Companies, Mumbai, Maharashtra on 28 January 2008.

The Company is domiciled in India and its registered office is at VSB, Mahatma Gandhi Road, Fort, Mumbai – 400 001. The Company’s equity and debt are listed on recognised stock exchanges in India.

The Company offers international and national voice and data transmission services, selling and leasing of bandwidth on undersea cable systems, internet connectivity services and other value-added services comprising mobile global roaming and signalling services, transponder lease, television uplinking and other related services. The Company also undertakes leasing, letting out, licensing or developing immovable properties to earn income of any nature including inter-alia rental, lease, license income, etc. from immovable properties of the Company including land and buildings.

2. Material accounting policies

a. Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (‘Ind AS’) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, as applicable to the financial statements.

b. Basis of preparation of financial statements

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Derivative financial instruments,
- Certain financial assets and liabilities measured at fair value (refer note 2 (p)).

- Equity settled ESOP at grant date fair value and cash settled ESOP at fair value at each reporting date.

The accounting policies adopted for preparation and presentation of financial statements have been consistently applied. The Company segregates assets and liabilities into current and non-current categories for presentation in the balance sheet after considering its normal operating cycle and other criteria set out in Ind AS 1, “Presentation of Financial Statements”. For this purpose, current assets and liabilities include the current portion of non-current assets and liabilities respectively. Deferred tax assets and liabilities are always classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified period up to twelve months as its operating cycle.

The financial statements are presented in Indian Rupees (“INR”) and all values are rounded to the nearest crores (INR 00,00,000), except when otherwise indicated.

c. Significant accounting judgements, estimates and assumptions

The preparation of these financial statements in conformity with recognition and measurement principles of Ind AS requires the management of the Company to make judgements, estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liability as at the date of the financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

i. Judgements

In the process of applying the Company’s accounting policies, the management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

a) Revenue from contracts with customers:

As per Company’s assessment, it is generally the principal in its revenue arrangements, as it typically controls the

Notes forming part of the Financial Statements

for the year ended 31 March 2025

goods or services before transferring them to the customer.

b) Operating lease commitments - Company as lessor

The Company has entered into property leases (‘the leases’) on its investment property portfolio. The Company has determined the accounting of the leases as operating lease on its Investment property portfolio, based on an evaluation of the terms and conditions of the arrangements, such as the lease term not constituting a major part of the economic life of the commercial property, the fair value of the asset and the fact that it retains all the significant risks and rewards of ownership of these properties.

ii. Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

a) Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of such obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

b) Share based payments to employees

Estimation of fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the plan, volatility and dividend yield and making assumptions about them. For cash-settled share-based payment transactions, the liability needs to be remeasured at the end of each reporting period up to the date of settlement, with any changes in fair value recognised in the profit or loss. This requires a re-assessment of the estimates used at the end of each reporting period. For the measurement of the fair value of equity-settled transactions with employees at the grant date, the Company uses Black & Scholes model. The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in note 37.

c) Useful lives and residual values of property plant and equipment, investment property and intangible assets

The Company reviews the useful lives and residual values of property plant and equipment, investment property and intangible assets at the end of each reporting period. This re-assessment may result in change in depreciation and / or amortisation expense in future periods.

d) Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair values are measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values.

Notes forming part of the Financial Statements

for the year ended 31 March 2025

Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

e) Provision for decommissioning of assets

Provision for decommissioning of assets relates to the costs associated with the removal of long-lived assets when they will be retired. The Company records a liability at the estimated current fair value of the costs associated with the removal obligations, discounted at present value using risk-free rate of return. The liability for decommissioning of assets is capitalised by increasing the carrying amount of the related asset and is depreciated over its useful life. The estimated removal liabilities are based on historical cost information, industry factors and engineering estimates. The impact of climate-related legislation and regulations is considered in estimating the timing and future costs of decommissioning of the Company's fibre network including the undersea cables.

f) Impairment of investments in subsidiaries and associates

The carrying values of the investments are reviewed for impairment at each balance sheet date or earlier, if any indication of impairment exists. The Company's telecom business layout and asset structure of its India and International (including Tata Communications International Pte Limited ('TCIPL') group and Tata Communications (UK) Limited ('TC UK')) operations are integrated for delivering products and services to its customers in all jurisdictions. For the purpose of impairment testing, the Company prepares and analyses its business units, on detailed budgets and forecast calculations, which are prepared in an integrated way across all jurisdictions.

g) Deferred Taxes

Assessment of the appropriate amount and classification of income taxes is dependent on several factors, including estimates of the timing and probability of realisation of deferred income taxes and the timing of income tax payments. Deferred income taxes are provided

for the effect of temporary differences between the amounts of assets and liabilities recognised for financial reporting purposes and the amounts recognised for income tax purposes. The Company measures deferred tax assets and liabilities using enacted tax rates that, if changed, would result in either an increase or decrease in the provision for income taxes in the period of change. The Company does not recognize deferred tax assets when there is no reasonable certainty that a deferred tax asset will be realized. In assessing the reasonable certainty, management considers estimates of future taxable income based on internal projections which are updated to reflect current operating trends the character of income needed to realise future tax benefits, and all available evidence.

h) Provisions and contingent liabilities

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation in respect of which a reliable estimate can be made.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent liabilities are disclosed in the notes. Contingent assets are not recognised in the financial statements.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Notes forming part of the Financial Statements

for the year ended 31 March 2025

Provisions and contingent liabilities are reviewed at each balance sheet date.

d. Cash and cash equivalents

Cash comprises Cash on hand and Cash at banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition) which are unrestricted from withdrawal and usage, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. Bank overdrafts do not form an integral part of the Company's cash management and so the same is not considered as component of cash and cash equivalents.

e. Property, plant and equipment

Property, plant and equipment is stated at cost of acquisition or construction, less accumulated depreciation / amortisation and impairment loss, if any. Cost includes inward freight, duties, taxes and all incidental expenses incurred to bring the assets to its working condition for their intended use.

Freehold land is measured at cost and is not depreciated.

Jointly owned assets are capitalised in proportion to the Company's ownership interest in such assets.

Capital work-in-progress includes cost of property, plant and equipment under installation/ under development as at the balance sheet date and is carried at cost (net of accumulated impairment loss, if any), comprising of direct cost, directly attributable cost and attributable interest.

Cost of property, plant and equipment also includes present value of provision for decommissioning of assets if the recognition criteria for a provision are met.

The depreciable amount for property, plant and equipment is the cost of the property, plant and equipment or other amount substituted for cost, less its estimated residual value (wherever applicable).

Depreciation on property, plant and equipment has been provided on the straight-line method as per the estimated useful lives. The assets' residual values, estimated useful lives and methods of depreciation are reviewed at each financial year end and any change in estimate is accounted for on a prospective basis.

Estimated useful lives of the assets are as follows:

Property, plant and equipment	Estimated useful life
i. Plant and machinery	
Network equipment, switches and component**	2 to 13 years
Undersea cable**	15 to 20 years or contract period whichever is earlier
Land cable**	15 years or contract period whichever is earlier
Electrical equipment and installations*	10 years
Earth station *	13 years
General plant and machinery*	15 years
ii. Office equipment	
Integrated building management Systems**	8 years
Others*	2 to 5 years
iii. Leasehold land	Over the lease period
iv. Leasehold improvements	Asset life or lease period whichever is lower
v. Buildings*	30 to 60 years
vi. Motor Vehicles*	8 to 10 years
vii. Furniture and fixtures*	8 to 10 years
viii. Computers and IT servers *	3 to 6 years

*On the above categories of assets, the depreciation has been provided as per useful life prescribed in Schedule II to the Companies Act, 2013.

**In these cases, the useful lives of the assets are different from the useful lives prescribed in Schedule II to the Companies Act, 2013. The useful lives of the assets have been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, etc.

Property, plant and equipment is eliminated from financial statements, either on disposal or when retired from active use. Losses arising in the case of retirement of property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognised in the Statement of Profit and Loss in the year of occurrence.

Notes forming part of the Financial Statements

for the year ended 31 March 2025

f. Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably. Cost incurred on intangible assets not ready for their intended use is disclosed as intangible assets under development.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Indefeasible Right to Use (“IRU”) taken for optical fibres are capitalised as intangible assets at the amounts paid for acquiring such rights. These are amortised on straight line basis, over the period of contract.

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at the end of each financial year. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible assets with finite lives are amortised over the expected useful life and assessed for impairment whenever there is an indication that the intangible asset may be impaired.

Intangible assets are amortised as follows:

Intangible asset	Expected useful life
Software and application	3 to 6 years
IRU	Over the contract period
License	Over the license period

An intangible asset is de-recognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is de-recognised.

g. Internal-Use Software Development Costs

Certain costs of the technology platform and other software applications developed for internal use

are capitalised. The Company capitalises qualifying internal-use software development costs that are incurred during the application development stage of projects with a useful life greater than one year. Capitalisation of costs begins when two criteria are met: (i) the preliminary project stage is completed, and (ii) it is probable that the software will be completed and used for its intended purpose.

Capitalisation ceases when the software is substantially complete and ready for its intended use, including the completion of all-significant testing. The Company also capitalises costs related to specific upgrades and enhancements when it is probable the expenditures will result in additional functionality. Costs related to maintenance, minor upgrades, enhancements, preliminary project activities and post-implementation operating activities are expensed as incurred.

h. Investment properties

Investment properties comprise of land and buildings that are held for long term lease rental yields and/or for capital appreciation. Investment properties are initially recognised at cost including transaction costs. Subsequently, investment properties comprising of building are carried at cost less accumulated depreciation and accumulated impairment losses, if any.

Depreciation on building is provided over the estimated useful lives (refer note 2(e)) as specified in Schedule II to the Companies Act, 2013. The residual values, estimated useful lives and depreciation method of investment properties are reviewed and adjusted on prospective basis as appropriate, at each financial year end. The effects of any revision are included in the Statement of Profit and Loss when the changes arise.

Though the Company measures investment properties using cost based measurement, the fair values of investment properties are disclosed in note 7(b).

Investment properties are de-recognised when either they have been disposed off or doesn't meet the criteria of investment property when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal.

The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the Statement of Profit and Loss in the period of de-recognition.

Notes forming part of the Financial Statements

for the year ended 31 March 2025

i. Impairment of non-financial assets

The carrying values of assets / cash generating units (“CGU”) at each balance sheet date are reviewed for impairment, if any indication of impairment exists. The following intangible assets are tested for impairment at the end of each financial year even if there is no indication that the asset is impaired:

- i. an intangible asset that is not yet available for use; and
- ii. an intangible asset with indefinite useful lives.

If the carrying amount of the assets exceed the estimated recoverable amount, impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at a revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the fair value less cost of disposal and the value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised.

The Company bases its impairment calculation on detailed budgets and forecasts. These budgets and forecasts generally cover a significant period. For longer periods, a long-term growth rate is calculated and applied to projected future cash flows after the significant period.

j. Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the

lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

The Company as a Lessee

The Company's lease asset classes primarily consist of leases for land, buildings and colocation spaces. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset (“ROU”) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. Refer to the accounting policies in note 2(i) Impairment of non-financial assets.

Notes forming part of the Financial Statements

for the year ended 31 March 2025

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. The Company uses return on treasury bills with similar maturity as base rate and makes adjustments for spread based on the Company's credit rating as the implicit interest rate cannot be readily determinable. Lease liabilities are remeasured with a corresponding adjustment to the related right-of-use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet.

The Company as a Lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

k. Inventories

Inventories of traded goods, required to provide Data Services ("DS"), are valued at the lower of cost or net realisable value. Cost includes cost of purchase and all expenses incurred to bring the inventory to its present location and condition. Cost is determined on a weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business less the estimated cost necessary to make the sale.

l. Employee benefits

Employee benefits include contributions to provident fund, employee state insurance scheme, gratuity fund, compensated absences, pension and post-employment medical benefits.

i. Short term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid

annual leave and performance incentives payable within twelve months.

ii. Post-employment benefits

Contributions to defined contribution retirement benefit schemes are recognised as expense when employees have rendered services entitling them to the contributions.

For defined benefit schemes, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date which recognized each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling (if applicable), excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Remeasurements are not reclassified to the Statement of Profit and Loss in subsequent periods.

Past service cost is recognized in the Statement of Profit and Loss in the period of plan amendment. These benefits include gratuity, pension, provident fund and post-employment medical benefits.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Company recognized changes in service costs comprising of current service costs, past-service costs, gains and losses on curtailments and non-routine settlements under employee benefits expense in the Statement of Profit and Loss. The net interest expense or income is recognized as part of finance cost in the Statement of Profit and Loss.

The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, and as reduced by the fair value of scheme

Notes forming part of the Financial Statements

for the year ended 31 March 2025

assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the scheme.

iii. Other long-term benefits

Compensated absences, which are not expected to occur within twelve months after the end of the period in which the employee renders the related services, are recognized as a liability at the present value of the defined benefit obligation at the balance sheet date.

iv. Share-Based Payments to employees

Share Based Payments are classified under equity settled and cash settled. Under the equity settled share based payment, the fair value of Restricted Stock Units (RSU's) on the grant date of the awards given to employees is recognised as 'employee benefit expenses' with a corresponding increase in equity over the vesting period.

The fair value of the options at the grant date is calculated by an independent valuer basis Black & Scholes model. At the end of each reporting period, apart from the non-market vesting condition, the expense is reviewed and adjusted to reflect changes to the level of RSU's expected to vest.

For cash-settled share-based payments, the fair value of the amount payable to employees is recognised as 'employee benefit expenses' with a corresponding increase in liabilities, over the period of non-market vesting conditions getting fulfilled. The liability is remeasured at each reporting period up to the vesting date, with changes in fair value recognised in employee benefits expenses. Refer note 37 for details.

m. Revenue recognition

Revenue is recognized upon transfer of control of promised goods or services to the customers for an amount, that reflects the consideration which the Company expects to receive in exchange for those goods or services in normal course of business. Revenue is measured at the transaction price that is allocated to performance obligation excluding taxes collected on behalf of the government and is reduced for estimated credit notes and other similar allowances based on management's best assessment of its likely outcome.

Types of products and services and their revenue recognition criteria are as follows:

- i. Revenue from Voice Solutions (VS) is recognised at the end of each month based on minutes of traffic carried during the month.
- ii. Revenue from Data Services (DS) is recognised over the period of the arrangement based on contracted fee schedule or based on usage. In respect of sale of equipment (ancillary to DS) revenue is recognised when the control over the goods has been passed to the customer and/ or the performance obligation has been fulfilled.
- iii. The Company has entered into certain multiple-element revenue arrangements which involve the delivery and performance of equipment and services. At the inception of the arrangement, all the deliverables therein are evaluated to determine whether they represent distinct performance obligations, and if so, they are accounted for separately. Total consideration related to the multiple element arrangements is allocated to each performance obligation based on their relative fair values. Revenue is recognised for respective components either at the point in time or over time on satisfaction of the performance obligation. In contracts where the Company provides significant integration services, the contract is treated as a single performance obligation and the revenue is recognized on acceptance by the customer, as per the terms of the respective contract.
- iv. Bandwidth capacity sale under IRU arrangements is treated as revenue from operations. These arrangements do not have any significant financing component and are recognised on a straight line basis over the term of the relevant IRU arrangement.
- v. Exchange/ swaps with service providers are accounted as monetary/ non-monetary transactions depending on the nature of the arrangement with such service provider.
- vi. Revenue from annual maintenance service charges is recognised over the period for which services are provided.
- vii. Income from real estate business and dark fibre contracts are recognized over the period as per the terms of the contract with the customer and are considered as revenue from operations.

Notes forming part of the Financial Statements

for the year ended 31 March 2025

of equity shares outstanding during the year is adjusted for events, if any such as bonus issue to existing shareholders or a share split.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

t. Provisions and contingent liabilities

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation in respect of which a reliable estimate can be made.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent liabilities are disclosed in the notes. Contingent assets are not recognised in the financial statements.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provisions and contingent liabilities are reviewed at each balance sheet date.

u. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of an instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

A. Financial assets

i. Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

The Company has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity investments not held for trading.

iii. Financial assets at fair value through profit or loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss. Financial assets at fair value through profit or loss are carried in the balance sheet at fair value with net changes in fair value recognised in the statement of profit and loss.

iv. De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group

of similar financial assets) is primarily de-recognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at lower of the original carrying amount of the asset and maximum amount of consideration that the Company could be required to repay.

v. Impairment of financial assets

The Company assesses impairment based on expected credit loss (ECL) model to the following:

- Financial assets measured at amortised cost;
- Financial assets measured at fair value through other comprehensive Income

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

Under the simplified approach, the Company does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECL at reporting date.

The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward looking estimates. The historically observed default rates and forward-looking changes in estimates are analyzed and updated annually.

For assessing ECL on a collective basis, financial assets have been grouped on the basis of shared risk characteristics and basis of estimation may change during the course of time due to change in risk characteristics.

B. Financial liabilities

i. Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost on accrual basis and using the EIR method.

ii. Guarantee fee obligations

Financial guarantee contracts are subsequently measured at the higher of the amount of loss allowance determined and the amount recognised less cumulative amortisation.

iii. De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

C. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention

Notes forming part of the Financial Statements

for the year ended 31 March 2025

to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

D. Derivative financial instruments – Initial and subsequent measurement

The Company uses derivative financial instruments, such as forward, option and cross currency swap contracts to hedge its foreign currency risks. Such derivative financial instruments are recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability.

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Company's risk management objective and strategy for undertaking hedge, the hedging/ economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:

i. Cash flow hedges

The Company uses derivatives such as Interest Rate Swaps, options and forwards etc. to hedge its exposure to interest rate risk on future cash flows on floating rate loans and foreign currency risk. The ineffective portion relating to such contracts is recognised in profit and loss and the effective portion is recognised in OCI. Amounts recognised as OCI are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised or when a forecast sale occurs. When the hedged item is the cost of a non-financial asset or non-financial liability, the amounts recognised as OCI are transferred to the initial carrying amount of the non-financial asset or liability. If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognised in OCI remains separately in equity until the forecast transaction occurs or the foreign currency firm commitment is met.

ii. Embedded derivatives

Derivatives embedded in a host contract that is an asset within the scope of Ind AS 109 are not separated. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest. Derivatives embedded in all other host contract are separated only if the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host and are measured at fair value through profit or loss. Embedded derivatives closely related to the host contracts are not separated.

v. Non-current assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale

Notes forming part of the Financial Statements

for the year ended 31 March 2025

transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. The Management must be committed to the sale, which should be expected to qualify for recognition as completed sale within one year from the date of classification.

Non-current assets held for sale/ for distribution to owners and disposal groups are measured at the lower of their carrying amount and the fair value less costs to sell/ distribute. Assets and liabilities classified as held for sale/ distribution are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale/ distribution to owners are not depreciated or amortised.

w. Business Combination under common control

Transactions arising from transfers of assets / liabilities, interest in entities or businesses between entities that are under the common control, are accounted at their carrying amounts. The difference, between any consideration paid / received and the aggregate carrying amounts of assets / liabilities and interests in entities acquired / disposed (other than impairment, if any), is recorded in capital reserve.

x. Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March 2025, MCA has notified Ind AS - 117 Insurance Contracts and amendments to Ind AS 116 - Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. 01 April 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

3. Business Combination

The Company has entered into Business Transfer Agreement dated 22 March 2024 to hive - off the Company's identified new edged digital services business ('identified business undertaking') to its

wholly owned subsidiary, Novamesh Limited as a going concern on 'slump - sale' basis w.e.f 01 April 2024. Accordingly, the amounts for the year ended 31 March 2024 are not comparable with current year.

In accordance to above, the Company has transferred below assets and liabilities at their carrying values as at 01 April 2024 to Novamesh Limited for a consideration of ₹ 453.05 crores. Book net worth of the identified business undertaking is ₹ 452.95 crores and the difference of ₹ 0.10 crores between the consideration and net worth is recognised in other income.

(₹ in crores)	
Particulars	Amount as at 01 April 2024
Non-current assets	
(a) Property, Plant and Equipment	326.40
(b) Intangible assets	22.27
(c) Capital work-in-progress	65.23
(d) Intangible assets under development	12.19
(e) Other non-current assets	32.08
(f) Deferred tax assets	4.37
Total Non - Current Assets (A)	462.54
Current assets	
(a) Inventories	5.91
(b) Financial assets

(₹ in crores)		
Particulars	As at 31 March 2025	As at 31 March 2024
Investment property	2,925.39	2,926.71

The fair value of investment property is based on the valuation by a registered valuer as defined under rule 2 of Companies (Registered Valuers and Valuation) Rules, 2017 and the fair value measurement is categorised as Level 2 & 3.

The best evidence of fair value is current price in an active market for similar properties. Where such

7. Investment property (Contd..)

information is not available, the Company considers information from a variety of sources including:

- Current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences.
- Capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an analysis of market evidence.

c. Title deeds of all immovable investment properties are held in the name of the Company.

10. Investments (Contd..)

- I. The Company has an investment of ₹ 3,733.41 crores (31 March 2024: ₹ 3,733.41 crores) in equity shares of Tata Communications International Pte Limited ('TCIPL').
- In the opinion of the management, having regard to the nature of the subsidiary's business and future business projections, there is no diminution, other than temporary in the value of investment despite significant accumulated losses (refer note 2(c) (ii) (f)).
- During the previous year, the Company had made additional investment of ₹ 1,212.26 crores in equity shares of TCIPL.
- II. During the previous year, the Company had made additional investment of ₹ 20 crores in equity shares of Tata Communications Payment Solutions Limited ('TCPPL') and also refer note 33 (ii).

10. Investments (Contd..)

Particulars	(₹ in crores)
Impairment value as at 01 April 2024	982.78
Add : Net impairment recognized during the year	356.50
Less : Impairment reversal during the year	(1,339.28)
Impairment value as at 31 March 2025	-

III. During the previous year, the Company had made investment of ₹ 864.30 crores (includes ₹ 30.95 crores costs directly attributable to the acquisition) in equity shares of Kaleyra Inc. (Kaleyra), thereby making it a wholly owned direct subsidiary of the Company pursuant to the reverse merger between TC Delaware Technologies Inc (a direct subsidiary of the

Notes forming part of the Financial Statements

10. Investments (Contd..)

- Company) and Kaleyra, wherein Kaleyra is the surviving entity. Additionally, the Company had assumed all of Kaleyra's outstanding adjusted gross and net debt of approximately ₹ 1,803.61 crores and ₹ 1,553.59 crores as on the acquisition date, respectively. Consequent to the completion of the acquisition on 04 October 2023, Kaleyra, was then delisted on the New York Stock Exchange.
- IV. During the current year, the Company has made investment of ₹ 500.10 crores in equity shares of Novamesh Limited, a wholly owned direct subsidiary of the Company (also refer note 3).
- V. During the current year, the Company invested ₹ 223.74 crores in equity shares of TC UK. As a result, TC UK, previously a direct wholly owned subsidiary of Tata Communications (Netherlands) B.V. under TC IPL, became a direct wholly owned subsidiary of the Company effective 27 September 2024.
- In the opinion of the management, having regard to the nature of the subsidiary's business and future business projections, there is no diminution, other than temporary in the value of investment (refer note 2(c) (ii) (f)).
- VI. During the current year, the Company has made additional investment of ₹ 281.44 crores (during previous year ₹ 267.21 crores) in equity shares of STT Global Data Centres India Private Limited (STT GDC).
- VII. Based on the assessment of the management, the carrying value of investment in TTSL does not require any adjustment.
- VIII. During the previous year, the Company had divested equity investment of ₹ 5.63 crores in KAS onsite Power Solutions LLP consequent to the novation of the power purchase agreement to STT GDC.

- i. Based on the Supreme Court order dated 8 October 2018, Telecom Regulatory Authority of India (‘TRAI’) issued amendment Regulations dated 28 November 2018 specifying charges for Cable Landing Station (‘CLS’) access. The new amendment Regulation on CLS dated 28 November 2018 became effective from date of its publication in official Gazette

Notes forming part of the Financial Statements

for the year ended 31 March 2025

15. Trade receivables (Contd..)

i.e. 28 November 2018. The Company had already separately challenged the jurisdiction of TRAI on issue of regulation on CLS in the Hon’ble Supreme Court which is pending adjudication. In the meantime, CLS Access seekers RJIO, BSNL and Association of Competitive Telecom Operators (‘ACTO’) filed a petition in TDSAT for declaring retrospective applicability of the newly notified amendment regulations dated 28 November 2018 on CLS, which was dismissed by TDSAT vide its judgment dated 16 April 2020. The order of TDSAT was challenged by RJIO and ACTO before Supreme Court by way of separate Statutory appeal wherein no stay was granted and the matter is pending for final adjudication as at the year end. During the earlier year, based on the Hon’ble Supreme Court direction, one of the customers paid ₹ 70 crores for these services. The said receipt is without prejudice to the said customers’ rights and subject to the final outcome of the appeals and application pending in the Hon’ble Supreme Court. The gross receivable balances for these services (included in disputed trade receivables– considered good and disputed trade receivables – which have significant increase in credit risk) of ₹ 107.28 crores (As at 31 March 2024 – ₹ 107.86 crores), being sub judice are disclosed accordingly.

16. Cash and cash equivalents

b. Restricted bank balance (refer i below)	51.82	51.82
	52.92	52.90

- i. Includes ₹ 50.80 crores (31 March 2024: ₹ 50.80 crores) held as lien towards bank guarantee issued for litigation matter and ₹ 1.00 crore (31 March 2024: ₹ 1.00 crore) for cash credit and overdraft limit.

18. Assets classified as held for sale

Particulars	As at	
	31 March 2025	31 March 2024
Staff quarters & building	7.60	7.66
	7.60	7.66

- i. The Management intends to dispose off few staff quarters and few buildings of the Company having net block of ₹ 7.60 crores (31 March 2024: ₹ 7.66 crores). The Company was only able to partially dispose off its assets classified as held for sale as on 31 March 2024 on account of certain circumstances beyond its control that lead to extension of the period required to complete the sale. Accordingly, these assets have been classified as assets held for sale as on 31 March 2025.
- ii. During the current year, the Company has reclassified certain assets from Property, plant and equipment (freehold land and building) and Investment property amounting to ₹ 190.09 crores. The Company has also concluded sale of few of its properties amounting to ₹ 190.15 crores as mentioned in note 33 (i).

19. Equity share capital

Particulars	As at	
	31 March 2025	31 March 2024
a. Authorised		
400,000,000 (31 March 2024: 400,000,000) Equity shares of ₹ 10 each	400.00	400.00
b. Issued, subscribed and paid up		
285,000,000 (31 March 2024: 285,000,000) Equity shares of ₹ 10 each, fully paid up	285.00	285.00

a. Issued, subscribed and paid up

There is no change in the issued, subscribed and paid up share capital of the Company during the current and past five financial years.

b. Terms / rights attached to equity shares

The Company has only one class of equity shares with a face value of ₹ 10 per share. Each shareholder of equity shares is entitled to one vote per share at any general meeting of shareholders. The Company declares and pays dividends in INR. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company, after distribution of all preferential amounts, in proportion to their shareholding.

Notes forming part of the Financial Statements

for the year ended 31 March 2025

19. Equity share capital (Contd..)

- c. The Board of Directors have recommended a dividend of ₹ 25 (2023 – 2024: ₹ 16.70) per share.
- d. Number of shares held by each shareholder holding more than 5% of the issued share capital

- iii. The Company has not undertaken any buy-back of shares.
- g. For employee share based payments – Refer note 37.

20. Other equity

Particulars	(₹ in crores)	
	As at 31 March 2025	As at 31 March 2024
a. Capital reserve (refer i below)	206.06	206.06
b. Securities premium (refer ii below)	725.01	725.01
c. General reserve (refer iii below)	5,380.75	5,380.75
d. Retained earnings (refer iv below)	4,938.58	4,363.66
e. Other comprehensive income (refer v below)	(1,117.04)	(1,074.97)
f. Share based payment reserve (refer vi below)	32.98	4.63
Total	10,166.34	9,605.14

- i. **Capital reserve** includes ₹ 205.22 crores (As at 31 March 2024 ₹ 205.22 crores) in respect of foreign exchange gains on unutilised proceeds from Global Depository Receipts in earlier years.
- ii. **Securities premium:** It is used to record premium received on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

- iii. **General reserve:** Under the erstwhile Companies Act, 1956, a general reserve was created through an annual transfer of net profit at a specified percentage in accordance with applicable regulations. Consequent to the introduction of the Companies Act, 2013 the requirement to mandatorily transfer a specified percentage of net profit to general reserve has been withdrawn.
- iv. **Retained earnings:** This reserve represents undistributed accumulated earnings of the Company as on the balance sheet date.
- v. **Other comprehensive income:** This represents the cumulative gains and losses arising on the revaluation of equity instruments measured at fair value through other comprehensive income, net of amounts reclassified to retained earnings when those assets have been disposed off, changes in fair value of derivatives designated as cash flow hedges (net of taxes) and remeasurements of defined employee benefit plans (net of taxes).
- vi. **Share based payment reserve :** The fair value of the equity-settled share based payment transactions is recognised in standalone Statement of Profit and Loss with corresponding credit to Share based payment reserve (refer note 37).

ii. During the period from May 2020 to November 2023, basis the self-assessment the Company had classified imports of certain goods into categories as prescribed under the Customs Tariff Act. However, based on prior year judgement by the Customs, Excise and Service Tax Appellate Tribunal (CESTAT) such items were classified under a different category at a higher rate. Accordingly, the Company had filed request for reassessment of Bill of Entry under the CESTAT suggested category for these goods with the various Customs ports so that payment can be made for the differential amount of custom duty. During the current year, the Company has provided ₹ 5.30 crores (2023-24: ₹ 3.02 cores). Undisputed amount (including interest) not deposited for a period exceeding 6 months as on 31 March 2025 is ₹ 32.08 crores (31 March 2024 : ₹ 26.51 crores).

33. Summary of exceptional items

Particulars	(₹ in crores)	
	For the year ended 31 March 2025	For the year ended 31 March 2024
a. Gain on sale of asset “held for sale” (refer note i)	733.02	1.97
b. Loss on sale of investment in subsidiary (refer note ii)	(356.50)	-
c. Interest on tax on license fees (refer note iii)	185.52	(185.52)
d. Staff cost optimisation (refer note iv)	(4.92)	(10.20)
	557.12	(193.75)

33. Summary of exceptional items (Contd..)

i. Gain on sale of asset “held for sale”

During the year, the Company concluded the sale of few of its properties which were disclosed under assets held for sale, for a total consideration of ₹ 926.10 crores (2023-24: ₹ 151.37 crores) (net of transaction cost) resulting in to a gain of ₹ 733.02 crores (2023-24: ₹ 1.97 crores).

The above sale of properties includes one of the property situated at Ambattur, Chennai sold to an associate company. Necessary approvals from the shareholders were obtained as this was a material related party transaction.

ii. Loss on sale of investment in subsidiary

The Company had investment in its wholly owned subsidiary Tata Communications Payment Solutions Limited (TCP SL). During the current year, the Company has divested its entire stake in TCP SL, for a consideration of ₹ 423.78 crores (net of transaction costs of ₹ 7.50 crores) (including deferred consideration of ₹ 88.30 crores disclosed under other current financial assets) resulting into a loss (including impairment) on sale of investment of ₹ 356.50 crores.

iii. Interest on tax on license fees

During the previous year, the Hon'ble Supreme Court of India had pronounced a judgement regarding the treatment of Variable License Fee paid to DOT under New Telecom Policy 1999, since July 1999, to be treated as capital in nature and not revenue expenditure for the purpose of computation of taxable income. Pertinently, even though the Company was not a party to the above judgement and its case is different and distinguishable from the above judgment, as a matter of prudence the Company had assessed and recorded a provision of ₹ 185.52 crores towards interest which had been disclosed as an exceptional item and a provision of ₹ 21.09 crores towards tax (net) due to change in effective tax rate on account of adoption of new tax regime.

During the current year, the Hon'ble Supreme Court of India has further issued an order waiving the payment of interest for the period for which the tax demand is now to be met in respect of the above matter. Based on said judgement, the Company has written back the provision of ₹ 185.52 crores towards interest which has been disclosed as an exceptional item.

iv. Staff cost optimisation

As part of its initiative to enhance the long-term efficiency of the business, the Company undertook organisational changes to align to the Company's current and prospective business requirements. These changes involved certain positions in the Company becoming redundant and the Company incurred a one-time charge.

Notes forming part of the Financial Statements

for the year ended 31 March 2025

34. Income tax

i. Income tax recognised in Statement of Profit and Loss

(₹ in crores)		
Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024 (refer note 3)

Total (a+b)	151.16	301.27

*During the previous year, the Company has recorded a tax charge of ₹ 147.94 crores on account of the judgement pronounced by Hon'ble Supreme Court of India on 16 October 2023 regarding the treatment of revenue share paid to DoT (Refer note 33(iii)). The Company had also recorded an impact of ₹ 0.26 crores on account of APA signed for financing transactions. Based on the updated facts, circumstances and evaluation available at the time of filing of return of income for the year ended 31 March 2023, the Company has reversed tax provision of ₹ 89.60 crores primarily towards tax deduction claimed on crystallization of a disputed liability in return of income.

**During the previous year, the Company has recorded tax reversal of ₹ 126.85 crores on account of the judgement pronounced by Hon'ble Supreme Court of India on 16 October 2023 regarding the treatment of revenue share paid to DoT (Refer note 33(iii)). Based on the updated facts, circumstances and evaluation available at the time of filing of return of income for the year ended 31 March 2023, the Company has recorded tax charge of ₹ 92.14 crores primarily towards tax deduction claimed on crystallization of a disputed liability in return of income.

Items that will not be reclassified to Statement of Profit and Loss	9.72	5.37

35. Employee benefits (Defined benefit plan)

i. Provident fund

The Company makes contributions towards a provident fund under a defined benefit retirement plan for qualifying employees. The provident fund (the 'Fund') is administered by the Trustees of the Tata Communications Employees' Provident Fund Trust (the 'Trust') and by the Regional Provident Fund Commissioner. Under this scheme, the Company is required to contribute a specified percentage of payroll cost to fund the benefits.

Notes forming part of the Financial Statements

for the year ended 31 March 2025

35. Employee benefits (Defined benefit plan) (Contd..)

The rules of the Fund administered by the Trust require that if the Board of Trustees are unable to pay interest at the rate declared for Employees' Provident Fund by the Government under the applicable law for the reason that the return on investment is lower or for any other reason, then the deficiency shall be made good by the Company. Having regard to the assets of the Fund and the return on the investments, the Company does not expect any deficiency in the foreseeable future. There has also been no such deficiency since the inception of the Fund.

Provident fund contributions amounting to ₹ 70.44 crores (2023 - 2024: ₹ 80.29 crores) have been charged to the Statement of Profit and Loss, under contributions to provident and other funds in note 29 "Employee benefit expenses".

ii. Gratuity

The Company makes annual contributions under the Employees Gratuity Scheme to a fund administered by Trustees of the Tata Communications Employees'

35. Employee benefits (Defined benefit plan) (Contd..)

Gratuity Fund Trust covering all eligible employees. The plan provides for lump sum payments to employees whose right to receive gratuity had vested at the time of resignation, retirement, death while in employment or on termination of employment of an amount equivalent to 15 days' salary for each completed year of service or part thereof in excess of six months. Vesting occurs upon completion of five years of service except in case of death.

iii. Medical benefit

The Company reimburses domiciliary and hospitalisation expenses not exceeding specified limits incurred by eligible and qualifying employees and their dependent family members under the Tata Communications Employee's Medical Reimbursement Scheme.

iv. Pension plan

The Company's pension obligations relate to certain employees transferred to the Company from OCS. The Company purchases life annuity policies from an insurance company to settle such pension obligations.

These plans typically expose the Company to actuarial risk such as investment risk, interest rate risk, salary risk and demographic risk:

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. Currently, the plan has a relatively balanced mix of investments in government securities, high quality corporate bonds, equity and other debt instruments.	Demographic risk	This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.
Interest rate risk	The defined benefit obligation is calculated using a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.		
Salary risk	Higher than expected increases in salary will increase the defined benefit obligation		

The most recent actuarial valuation of the plan assets and defined benefit obligation has been carried out as at 31 March 2025 by an independent actuary.

Notes forming part of the Financial Statements

for the year ended 31 March 2025

35. Employee benefits (Defined benefit plan) (Contd..)

The details in respect of the status of funding and the amounts recognised in the Company's financial statements for the year ended 31 March 2025 and 31 March 2024 for these defined benefit schemes are as under:

Particulars	Gratuity (funded)		Medical benefits (unfunded)		Pension (unfunded)	
	As at 31 March 2025	As at 31 March 2024	As at 31 March 2025	As at 31 March 2024	As at 31 March 2025	As at 31 March 2024
I Principal actuarial assumptions:						
Discount rate	6.60%	7%	6.60%	7%	6.60%	7%
Increase in compensation cost	6% - 7%	6% - 7%	-	-	-	-
Health care cost increase rate	-	-	7%	7%	-	-
Attrition rate	3% to 15%	3% to 15%	3% to 15%	3% to 15%	-	-
Post retirement mortality	-	-	Annuitants mort 2012-15	Annuitants mort 2012-15	Annuitants mort 2012-15	Annuitants mort 2012-15
Increase in dearness allowance	-	-	-	-	5.00%	5.00%

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations. The estimates of future compensation cost considered in the actuarial valuation take into account inflation, seniority, promotion and other relevant factors.

Closing defined benefit obligation	199.32	190.42	180.31	164.88	17.17	14.25

Particulars	Gratuity (funded)	
	As at 31 March 2025	As at 31 March 2024
VI Change in fair value of plan assets		
Opening fair value of plan assets	181.58	143.44
Interest income on plan assets	12.67	11.15
Return on plan assets greater/(lesser) than discount rate	4.12	4.09
Employer's contribution	-	22.92
Benefits paid	(1.15)	(0.02)
Closing fair value of plan assets	197.22	181.58

Particulars	Gratuity (funded)	
	As at 31 March 2025	As at 31 March 2024
VII Categories of plan assets as a percentage of total plan assets		
Cash and bank	4.53%	4.93%
Government securities	52.68%	51.94%
Corporate bonds	27.30%	29.47%
Equity	14.63%	11.85%
Others	0.85%	1.82%
Total	100%	100%

The fair values of the above equity and debt instruments are determined based on quoted market prices in active markets. This policy has been implemented during the current and prior years.

Notes forming part of the Financial Statements

for the year ended 31 March 2025

35. Employee benefits (Defined benefit plan) (Contd..)

VIII A quantitative sensitivity analysis for significant assumptions as at 31 March 2025 and 31 March 2024 is as shown below: (As per actuarial valuation report). The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant

(₹ in crores)

Particulars	Gratuity (funded)		Medical benefits (unfunded)		Pension (unfunded)	
	As at 31 March 2025	As at 31 March 2024	As at 31 March 2025	As at 31 March 2024	As at 31 March 2025	As at 31 March 2024
Discount rate						
Increase (1%)	(12.87)	(12.34)	(17.09)	(15.50)	(2.10)	(2.19)
Decrease (1%)	14.57	13.98	20.57	18.64	2.41	2.51
Future salary increases						
Increase (1%)	8.56	8.55	-	-	-	-
Decrease (1%)	(8.44)	(8.39)	-	-	-	-
Withdrawal rate						
Increase (5%)	4.11	4.30	(4.28)	(4.26)	-	-
Decrease (5%)	(7.19)	(7.72)	3.31	3.34	-	-
Health care cost increase rate						
Increase (1%)	-	-	12.98	11.82	-	-
Decrease (1%)	-	-	(10.97)	(10.00)	-	-
Post retirement mortality						
Increase (3 years)	-	-	(19.60)	(17.27)	(5.29)	(5.35)
Decrease (3 years)	-	-	20.48	17.89	6.17	6.13
Increase in dearness allowance						
Increase (1%)	-	-	-	-	6.02	6.29
Decrease (1%)	-	-	-	-	(5.48)	(5.74)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognized in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

The amount charged to the Statement of Profit and Loss under Salaries and related costs in note 29 "Employee benefit expenses" is ₹ 9.10 crores (2023 - 2024: ₹ 11.56 crores).

36. Auditors' remuneration:

(Included in other expenses under other expenses – Refer note 32)

(₹ in crores)

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
a. Payment to statutory auditor		
i. For audit fees	5.28	5.28
ii. For taxation matters	0.16	0.11
iii. For other services	0.73	0.58
iv. For reimbursement of expenses	0.52	0.71
b. Payment to cost auditor		
i. For cost audit services	0.11	0.09
ii. For other services	0.03	-

Above amount excludes goods and services tax.

37. Share based payments to employees

Equity Settled Share based payment

During the previous year, the Company's Board of Directors approved the Employee Stock Unit Plan named as "Tata Communications Employee Stock Unit Plan 2023" (RSU Plan 2023) which was approved by the Company's shareholders on 18 July 2023. As per the plan, the Company would grant up to 3,000,000 Restricted Stock Units (RSU's) in one or more tranches to such employees as may be determined by the Nomination and Remuneration Committee (NRC).

Notes forming part of the Financial Statements

for the year ended 31 March 2025

37. Share based payments to employees (Contd..)

In terms of the provisions of the SEBI (Share Based Employee Benefits and Sweat Equity) Regulations, 2021, the details of the Stock Options and Restricted Stock Units granted under the above mentioned Schemes are available on the Company’s website.

The description of RSU’s granted under the plan are as follows:

Name of Plan	Maximum term of Option	Vesting Condition
RSU Plan 2023	3 years	Time based and performance based vesting condition as prescribed by NRC

Summary of RSU’s granted

Name of Plan	No. of Units		Weighted average Ex. Price (INR per unit)
	31 March 2025	31 March 2024	
Opening balance	348,047	-	10
Granted during the year	472,677	418,455	10
Lapsed / cancelled during the year	(224,374)	(70,408)	-
Closing Balance	596,350	348,047	10
Exercisable as at year end	-	-	-

The weighted average contractual life of the RSU’s outstanding as on 31 March 2025 is 19 Months (31 March 2024 : 25 months).

The fair value of the RSU’s are estimated using the Black-Scholes Model. The weighted average fair value per RSU’s granted during the year is ₹ 1,663 (31 March 2024 : ₹ 1,699.49)

The fair value of each RSU is estimated on the date of grant using the following assumptions.

Particulars	31 March 2025	31 March 2024
Weighted average share price (INR per unit)	1,740.64	1,766.16
Exercise price (INR per unit)	10	10
Expected volatility (%)	32.84	32.41
Basis of determination of expected volatility	Over Expected life - NSE - 253 Days	Over Expected life - NSE - 253 Days
Expected life of the option (years)	3.46	2.83
Expected dividends (%)	1.18	1.19
Risk-free interest rate (%)	7.04	6.98
Weighted average fair value as on grant date	1,663	1,699.49

37. Share based payments to employees (Contd..)

The expected life of the RSU is estimated based on the vesting term and contractual term of the RSU, as well as expected exercise behavior of the employee who receives the RSU.

Cash settled share based payment plan

The carrying value of liability towards cash-settled RSU’s for employees who have been transferred to the Company is ₹ 0.32 crores and is disclosed under Other non current financial liabilities.

Summary of share based payment expense is as follows:

Particulars	For the year ended 31 March 2025		For the year ended 31 March 2024	
	(₹ in crores)			
Equity settled share based payment to employees of the Company	23.25		3.88	
Equity settled share based payment to employees of the subsidiaries (reimbursed by subsidiaries)	5.10		0.75	
Share based payment expense during the year (A)	28.35		4.63	
Cash settled share based payment to employees of the Company (B)	0.32		-	
Total (A + B)	28.67		4.63	

38. Earnings per share

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
Net profit/ (loss) after tax attributable to the equity shareholders (in ₹ crores) (A)	1,050.87	638.63
Number of equity shares outstanding at the end of the year	285,000,000	285,000,000
Weighted average number of shares outstanding during the year (B)	285,000,000	285,000,000
Basic earnings per share (equity share of ₹ 10 each) (A/B)	36.87	22.41
Weighted average number of potential equity shares on account of unvested RSU’s (C)	165,933	165,933
Weighted average number of Equity shares (including dilutive shares) outstanding during the year (D = B + C)	285,165,933	285,165,933
Diluted earnings per share (equity share of ₹ 10 each) (A/D)	36.85	22.40

for the year ended 31 March 2025

39. Segment reporting

I. Business segments

The Board of Directors and the Managing Director of the Company together constitute the Chief Operating Decision Makers (“CODM”) which allocate resources to and assess the performance of the segments of the Company. The Company’s reportable segments are Voice Solutions (“VS”), Data Services (“DS”) and Real Estate (“RE”). The composition of the reportable segments is as follows:

Data Services (DS)

Data Services includes Core connectivity service and Digital platforms & connected services, including equipment ancillary to DS.

Voice Solutions (VS)

VS includes international and national long distance voice services.

Real Estate (RE)

Real Estate segment comprises lease rentals for premises given on lease.

	For the year ended 31 March 2025				For the year ended 31 March 2024 (refer note 3)			
	DS	VS	RE	Total	DS	VS	RE	Total
a. Segment revenues and results (refer iii below)								
Revenue from operations (refer note 26)	6,959.73	61.50	256.63	7,277.86	7,699.96	58.09	233.63	7,991.68
Segment results	590.77	(146.99)	168.32	612.10	878.50	(169.55)	156.19	865.14
Finance cost				235.53				155.57

Profit/ (Loss) before tax				1,202.03				939.90
Tax expense (net)				151.16				301.27
Profit/ (Loss) for the year				1,050.87				638.63
b. Segment assets and liabilities								
	As at 31 March 2025				As at 31 March 2024			
	DS	VS	RE	Total	DS	VS	RE	Total
Segment assets	6,997.09	77.05	272.18	7,346.32	7,077.44	88.18	445.66	7,611.28
Unallocable assets				11,536.17				10,172.45
Total assets				18,882.49				17,783.73
Segment liabilities	4,032.18	93.06	73.85	4,199.09	3,587.12	125.90	84.52	3,797.54
Unallocated liabilities				4,232.06				4,096.05
Total liabilities				8,431.15				7,893.59
c. Other segment information:								
Capital expenditure (allocable) (refer ii below)	846.34	5.32	-	851.66	1,368.62	14.98	-	1,383.60
Depreciation and amortisation (allocable)	967.32	10.43	6.38	984.13	1,018.47	10.92	8.98	1,038.37
Non-cash expenses other than depreciation and amortization	51.08	(0.87)	-	50.21	22.12	(4.62)	-	17.50

- i. Revenues and network and transmission costs are directly attributable to the segments. Network and transmission costs are allocated based on utilisation of network capacity. Revenue share license fees for VS and DS have been allocated based on adjusted gross revenues from these services. Depreciation and certain other costs have been allocated to the segments based on various allocation parameters as guided by the use of the respective asset. Segment result

- is segment revenues less segment expenses. Other income and exceptional items have been considered as “Unallocable”.
- ii. For the year ended 31 March 2025 and 31 March 2024, capital expenditure includes ₹ 324.27 crores and ₹ 119.29 crores respectively towards right of use assets.
- iii. The above is in line with segment performance as reviewed by the CODM.

Notes forming part of the Financial Statements

for the year ended 31 March 2025

39. Segment reporting (Contd..)

II. Geographical information

The revenues from operation have been allocated to countries based on location of the customers as shown below:

Segment revenues by geographical market		
Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
India	6,574.32	7,343.16
United States of America	219.97	214.57
Others	483.57	433.95
	7,277.86	7,991.68

All of the segment assets are located in India or in International territorial waters and therefore no further information by location of assets has been provided here.

Information about major customers

No single customer contributed 10% or more to revenue from operations for years ended 31 March 2025 and 31 March 2024 respectively.

III. Revenue from major services

i. DS

Service	For the year ended 31 March 2025	For the year ended 31 March 2024
Internet connectivity	2,111.97	1,933.98
Global virtual private network	1,242.22	1,252.19

40. Derivatives

I. Derivatives not designated as hedging instruments.

The Company uses foreign exchange forward and cross currency swap contracts to manage some of its transaction exposures. The foreign exchange forward and cross currency swap contracts are not designated as cash flow hedges and are entered into for periods consistent with foreign currency exposure of the underlying transactions, generally within 1 year (forward contracts) and upto 3 years (cross currency swaps).

Outstanding derivatives instruments are as follows

	As at 31 March 2025			As at 31 March 2024		
	(Amount in foreign currency in millions)	(Amount in ₹ crores)	Fair value gain / (loss)	(Amount in foreign currency in millions)	(Amount in ₹ crores)	Fair value gain / (loss)

42. Financial risk management objectives and policies

The Company's principal financial liabilities other than derivatives, comprise loans and borrowings, trade and other payables and financial guarantee contracts. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its subsidiaries' operations. The Company's principal financial assets include loans, trade and other receivables, current investments and cash and cash equivalents that derive directly from its operations. The Company has investments on which gain or loss on fair value is recognised through profit and loss or other comprehensive income and also enters into derivative transactions.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks.

The Company's senior management ensures that financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The senior management reviews and agrees policies for managing each of these risks, which are summarised below:

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, FVTPL and FVTOCI investments and derivative financial instruments.

i) Interest rate risk

Interest rate risk is the risk that the future cash flows with respect to interest receipts and payments on loans extended or availed will fluctuate because of changes in market interest rates. The Company does not have exposure to the risk of changes in market interest rates as it has long-term debt obligations and loan receivables with fixed interest rates and loans extended on variable rate are classified as short term.

ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when

Notes forming part of the Financial Statements

for the year ended 31 March 2025

42. Financial risk management objectives and policies (Contd..)

revenue or expense is denominated in a foreign currency) and the Company's net investments in foreign subsidiaries.

The Company's objective is to try and protect the underlying values of the Company's balance sheet exposures. Exposures are broadly categorised into receivables and payable exposures.

The Company manages its foreign currency risk by entering into derivatives on net exposures, i.e. netting off the receivable and payable exposures in order to take full benefit of natural hedge.

Non-crystallised (not in books) exposures for which cash flows are highly probable are considered for hedging after due consideration of cost of cover, impact of such derivatives on profit and loss due to MTMs (mark to market loss or gains), market / industry practices, regulatory restrictions etc.

As regard net investments in foreign operations, hedging decisions are guided by regulatory requirement, accounting practices and in consultation and approval of senior management on such hedging action.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rate shift of all the currencies by 5% against the functional currency of the Company.

The following analysis has been worked out based on the net exposures of the Company as of the date of balance sheet which would affect the Statement of Profit and Loss and equity.

The following tables sets forth information relating to unhedged foreign currency exposure (net) as at 31 March 2025 and 31 March 2024.

Currency	As at 31 March 2025		As at 31 March 2024	
	Financial liabilities	Financial assets	Financial liabilities	Financial assets
USD	364.48	-	244.98	-
Others	9.79	0.86	10.36	0.05

During the previous year, the Company entered into cross currency swaps (CCS) for USD 211.83 Mn against NCD issued for ₹ 1,750 Crores. The maturity of the CCS matches with the maturity date of the NCDs i.e. on August 2026. The proceeds from the CCS was immediately utilised by the Company to advance a loan of USD 212 Mn to its wholly

42. Financial risk management objectives and policies (Contd..)

owned subsidiaries (WOS) with repayment date in August 2026. As the CCS hedges against the foreign currency exposure arising out of the foreign currency loan given to its WOS, with both the CCS and loan to WOS maturing on the same date, it has been considered as natural hedge to arrive at the unhedged foreign currency exposure (net) amount in table above.

5% appreciation/ depreciation of the respective foreign currencies with respect to functional currency of the Company would result in decrease/ increase in the Company's profit before tax by approximately ₹ 18.67 crores and ₹ 12.76 crores for the year ended 31 March 2025 and 31 March 2024 respectively.

iii) Equity price risk

The Company's non-listed equity securities are not susceptible to market price risk arising from uncertainties about future values of the investment in securities as these investments are accounted for at cost in the financial statements.

b) Credit risk

Credit risk is the risk that the counterparty will not meet its obligations under a financial instrument or a customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

In determining the allowances for doubtful trade receivables, the Company has used a simplified approach by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the gross receivables as at the reporting date and the net receivables after considering expected credit loss allowance is as mentioned below:

Ageing of receivables	As at 31 March 2025	As at 31 March 2024
Within credit period	656.47	787.99
1-90 days	274.39	210.78
91-180 days	73.02	64.99
181-360 days	75.67	21.01
More than 360 days	108.79	143.04
Total	1,188.34	1,227.81

Notes forming part of the Financial Statements

42. Financial risk management objectives and policies (Contd..)

Movement in expected credit loss allowance

	For the year ended 31 March 2025	For the year ended 31 March 2024
Opening balance	325.66	314.68
Movement in expected credit loss calculated based on lifetime expected credit loss method	41.04	10.98
Effect of Business combination (refer note 3)	(21.06)	-
Balance at the end of the year	345.64	325.66

42. Financial risk management objectives and policies (Contd..)

c) Liquidity risk

The Company monitors its risk of a shortage of funds using a liquidity planning tool.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, bank loans, debentures, preference shares, finance leases and hire purchase contracts.

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's corporate treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

As at 31 March 2025	On demand	0 to 12 months	1 to 5 years	> 5 years	Total
Non-current borrowings	-	-	1,762.82	-	1,762.82
Other non-current financial liabilities	-	-	24.21	-	24.21
Current borrowings	-	1,445.68	-	-	1,445.68
Trade payables	55.67	1,386.50	-	-	1,442.17
Other current financial liabilities	170.56	328.72	-	-	499.28

Refer note 45(a) for lease liabilities

Notes forming part of the Financial Statements

for the year ended 31 March 2025

43. Capital management

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through loans and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

45. Leases

a. As lessee

The Company has lease contracts for immovable properties across various locations used in its operations. Such leases generally have lease terms between 1 to 80 years. Generally, the Company is restricted from assigning and subleasing the leased assets. There are several lease contracts that include extension and termination options.

The Company also has certain leases with lease terms of 12 months or less.

The following is the break-up of current and non-current lease liabilities

(₹ in crores)		
Particulars	As at 31 March 2025	As at 31 March 2024
Current liability	86.65	126.72
Non current liability	607.14	336.58
Balances	693.79	463.30

The following is the movement in lease liabilities during the year ended 31 March 2025 and 31 March 2024

(₹ in crores)	
Particulars	As at 31 March 2024
Balance as of 1 April 2023	424.80
Additions	119.16
Finance cost accrued during the year	37.14
Payment/ Reversal of lease liabilities	(103.35)
Liabilities settled against leased assets terminated	(14.45)
Balance as at 31 March 2024	463.30
Additions	311.35
Finance cost accrued during the year	40.45
Payment/ Reversal of lease liabilities	(117.24)
Liabilities settled against leased assets terminated	(4.07)
Balance as at 31 March 2025	693.79

Notes forming part of the Financial Statements

for the year ended 31 March 2025

45. Leases (Contd..)

The table below provides details regarding the contractual maturities of lease liabilities as at 31 March 2025 and 31 March 2024 on an undiscounted basis:

(₹ in crores)		
Particulars	As at 31 March 2025	As at 31 March 2024
Due not later than one year	134.04	106.26
Due later than one year but not later than five years	480.22	370.55
Later than five years	316.22	63.77
	930.48	540.58

The Company does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

b. As lessor

- i. In case of certain operating lease agreements relating to dark fiber contracts aggregating ₹ 124.92 crores (31 March 2024: ₹ 120.61 crores) as at 31 March 2025, the gross block, accumulated depreciation and depreciation expense of the assets given on an IRU basis cannot be identified as these assets are not exclusively leased. The lease rentals associated with such IRU arrangements for the year ended 31 March 2025 amount to ₹ 9.40 crores (2023 – 2024: ₹ 8.17 crores).

Future lease rental receipts will be recognized in the Statement of Profit and Loss of subsequent years as follows:

(₹ in crores)		
Particulars	As at 31 March 2025	As at 31 March 2024
Due not later than one year	7.53	7.89
Due later than one year but not later than five years	18.30	22.48
Later than five years	9.00	9.56
	34.83	39.93

- ii. The Company has leased certain premises under non-cancellable operating lease arrangements to its wholly owned subsidiaries, associates and other customers. Future lease rental income in respect of these leases will be recognized in the Statement of Profit and Loss of subsequent years as follows:

(₹ in crores)		
Particulars	As at 31 March 2025	As at 31 March 2024
Not later than one year	62.55	80.70
Later than one year but not later than five years	190.92	272.67
Later than five years	230.89	372.08
	484.36	725.45

Lease rental income of ₹ 68.34 crores (2023 – 2024: ₹ 83.36 crores) in respect of the above leases has been recognized in the Statement of Profit and Loss for the current year.

46. Contingent liabilities and commitments:

a. Contingent liabilities

(₹ in crores)		
Particulars	As at 31 March 2025	As at 31 March 2024
i. Guarantees (refer note 44)	-	0.20
ii. Claims for taxes on income (refer 1 below) *		
- Income tax disputes where department is in appeal against the Company	1,734.41	1,734.76
- Other tax disputes	847.01	940.45
iii. Claims for other indirect taxes (including GST, service tax, etc)*	324.28	170.59
iv. Other claims (refer 2 below)	10,610.47	9,332.63
	13,516.17	12,178.63

* In case the above cases are decided against the Company, then the Company may be liable for interest exposure of ₹ 2,050.65 crores (31 March 2024: ₹ 1,692.96 crores) on final settlement of the claims.

1. Claims for taxes on income

Significant claims by the revenue authorities in respect of income tax matters relate to disallowance of deductions claimed under section 80 IA of the Income Tax Act, 1961 from assessment years

Notes forming part of the Financial Statements

for the year ended 31 March 2025

46. Contingent liabilities and commitments: (Contd..)

1996-97 onwards and transfer pricing adjustments carried out by revenue authorities. The Company has contested the disallowances / adjustments and has preferred appeals which are pending.

The Company has certain tax receivables against the ongoing litigations which will be settled on completion of the respective litigation. The Company is of the view that the said balances are recoverable subject to favourable outcome of the same and hence does not require any adjustments as at 31 March 2025.

2. Other claims

i. Telecom Regulatory Authority of India (“TRAI”) reduced the Access Deficit Charge (“ADC”) rates effective 1 April 2007. All telecom service providers including National Long Distance (“NLD”) and International Long Distance (“ILD”) operators in India are bound by the TRAI regulations. Accordingly, the Company has recorded the cost relating to ADC at revised rates as directed by TRAI. However, BSNL continued to bill at the ADC rate applicable prior to 1 April 2007. BSNL had filed an appeal against TRAI Interconnect Usage Charges (“IUC”) regulation of reduction in ADC and currently this matter is pending with the Hon’ble Supreme Court. The excess billing of BSNL amounting to ₹ 311.84 crores (31 March 2024: ₹ 311.84 crores) has been disclosed as contingent liability.

ii. As at 31 March 2025, the Company has received ‘Show Cause-cum Demand Notices’ (‘demand notices’) from Department of Telecommunications of India (‘DOT’) aggregating to ₹ 8,064.98 crores for financial years (FY) ranging from FY 2005-06 to FY 2023-24 (As at 31 March 2024: ₹ 8,082.80 crores for financial years (FY) ranging from FY 2005-06 to FY 2022-23), which have been revised over a period of time. These demand notices include ₹ 276.68 crores (As at 31 March 2024: ₹ 276.68 crores) towards disallowance of deductions claimed by the Company on payment basis for FY 2010-11 under ISP license and FY 2006-07 & FY 2009-10 under NLD license (‘three years’), considered remote.

The Company has existing appeals relating to its ILD, NLD & ISP licenses which were filed in the past and are pending at the Hon’ble Supreme Court and TDSAT and the

46. Contingent liabilities and commitments: (Contd..)

Company’s appeals are not covered by the Hon’ble Supreme Court judgement dated October 24, 2019, on AGR under UASL. Further, the Company believes that all its licenses are different from UASL, which was the subject matter of Hon’ble Supreme Court judgement of October 24, 2019. The Company has obtained stay orders for payment of these demands and based on its assessment and independent legal opinions, believes that it will be able to defend its position.

Accordingly, the Company has included ₹ 7,734.12 crores (As at 31 March 2024: ₹ 7,751.94 crores) as part of the contingent liability (net of provision ₹ 54.18 crores (As at 31 March 2024: ₹ 54.18 crores)) and ₹ 276.68 crores (As at 31 March 2024: ₹ 276.68 crores) as remote, being the disallowance of deductions claimed by the Company on payment basis for three years.

The total contingent liability in respect of all AGR dues including above demands and interest computed from the date of the demand till the year end, amounts to ₹ 9,896.80 crores (As at 31 March 2024 - ₹ 8,679.06 crores).

iii. Other claims of ₹ 401.83 crores (31 March 2024: ₹ 341.73 crores) mainly pertain to routine suits for collection, commercial disputes, claims from customers and/or suppliers, BSNL port charges and claim from Employee State Insurance Corporation.

Based on the management assessment and legal advice (wherever taken), the Company believes that the above claims are not probable and would not result in outflow of resources embodying economic benefits.

b. Commitments

i. Capital commitments

Estimated amount of contracts remaining to be executed on capital account, not provided for amount to ₹ 546.05 crores (31 March 2024: ₹ 214.90 crores) (net of capital advances).

ii. Other commitments

The Company has committed loan facility to wholly owned subsidiaries to the tune of ₹ 2,692.12 crores (31 March 2024: ₹ 3,085.87 crores) as at 31 March 2025, utilisation of which is subject to future requirements and appropriate approval processes from time to time.

Notes forming part of the Financial Statements

for the year ended 31 March 2025

47. Dividend remitted to non-resident shareholders

The Company has not remitted any amount in foreign currencies on account of dividend during the year. The particulars of final dividend paid to non – resident shareholders are as under:

Particulars	During the year 31 March 2025	During the year 31 March 2024
Number of non – resident shareholders	5,820	4,574
Number of shares held by them	52,598,102	50,102,224
Year to which the dividend relates	2023-24	2022-23
Amount remitted (net of tax) (₹ in crores)	70.45	86.07

48. Micro and small enterprises

Dues to micro and small enterprises have been determined to the extent such parties have been identified on the basis of information collected by the management:

(₹ in crores)		
Particulars	As at 31 March 2025	As at 31 March 2024
a. Principal amount remaining unpaid to any supplier as at the end of the accounting year		
- Capital creditors	6.17	10.68
- Others	14.12	15.56
b. Interest due thereon remaining unpaid to any supplier as at the end of the accounting year	-	0.05
c. The amount of interest paid along with the amounts of the payment made to the supplier beyond the appointed day	55.25	92.77
d. The amount of interest due and payable for the year	-	0.05
e. The amount of interest accrued and remaining unpaid at the end of the accounting year	-	0.05
f. The amount of further interest due and payable even in the succeeding year, until such date when the interest dues as above are actually paid	-	-
g. Total outstanding dues of micro and small enterprises	20.29	26.29

Notes forming part of the Financial Statements

Notes:

- a. Increased mainly due to investments made and short term borrowings availed during the year.
- b. Decreased mainly due to short term borrowings availed during the year.
- c. Refer note 33.
- d. Bad debts written off ₹ 48.17 crores (2023-24: ₹ 29.59 crores).

51. The Company has used accounting software's for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that, audit trail feature is not enabled at the database level and certain master fields (asset master, supplier master and general ledger account master) for users with privileged/administrative access rights were enabled on 9 August 2024, which relates to SAP application. Also, the audit trail feature has not been enabled for a billing application with respect to its voice business unit.

Additionally, the audit trail of prior year(s) has been preserved as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective years.

52. Events after the reporting period

The Company has invested ₹ 772.31 crores in equity shares of Tata Communications (Netherlands) B.V. ('TC NL'). As a result, TC NL, previously a direct wholly owned subsidiary of TCIPL, became a direct wholly owned subsidiary of Tata Communications Limited effective 02 April 2025.

There are no significant subsequent events other than the above between the year ended 31 March 2025 and signing of financial statements as on 22 April 2025 which have material impact on the financials of the Company.

53. Approval of financial statements

These financial statements are approved for issue by the board of directors in their meeting held on 22 April 2025.

Consolidated Financial Statements

Independent Auditor’s Report

To the Members of **Tata Communications Limited**

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Tata Communications Limited** (hereinafter referred to as the “Holding Company”), its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”) and its associates comprising of the consolidated Balance sheet as at March 31 2025, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended (the “Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associates as at March 31, 2025, their consolidated profit including other comprehensive loss, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the ‘Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements’ section of our report. We are independent of the Group and associates in accordance with the ‘Code of Ethics’ issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

- i. As fully discussed in note 47(a)(III)(ii) to the consolidated financial statements for the year ended March 31, 2025, the holding company has received ‘Show Cause-cum Demand Notices’, from Department of Telecommunications (DoT) towards license fee on its Adjusted Gross Revenue (AGR) for financial years ranging from FY 2005-06 to 2023-24 and has disclosed ₹ 7,734.12 crores as contingent liability based on management’s assessment of likelihood of the demand materializing. The Group believes that it has grounds to defend its above positions based on the independent legal opinions obtained in this regard and accordingly, no provision has been made in the accompanying consolidated financial statements.

We draw attention to note 47(a)(II) to the consolidated financial statements, which describes the uncertainty related to the outcome of the ongoing tax litigation of ₹ 309.60 crores, in one of the subsidiaries of the Group. The Group is confident of defending its position and has obtained legal opinion in this regard.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor’s responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements

Key audit matters	How our audit addressed the key audit matter
Impairment of Goodwill and Intangible assets acquired by the Group (as described in notes 6 and 7 of the consolidated financial statements) Annually, the management assesses the existence of impairment indicators for each non-current investment and in case of occurrence, goodwill and intangible assets accounted are subjected to an impairment test. As at the reporting date, the Group has Goodwill of ₹ 1,932.52 crores and Intangible Assets of ₹ 2,723.10 crs accounted basis purchase price allocation method as per Indian Accounting Standard ('Ind AS') 103, "Business Combinations". Accordingly, these non current assets have been tested for impairment as at year end in accordance with Indian Accounting Standard ('Ind AS') 36, "Impairment of Assets". In consideration of the judgments required in particular with reference to the forecast of cash flows and the assumptions used in estimating the value-in-use, we have identified this matter to be a key audit matter.	Our audit procedures related to this key audit matters included the following: • We assessed the processes and key controls implemented by the Group related to the identification of impairment loss and determination of necessary impact thereof. • We obtained the business projections of the acquired entities for the financial year 2025-26. We have understood the reasons for the projected growth basis our discussion with the Management and compared the projections with the past trend. • We assessed the valuation methodology and evaluated the key assumptions used by the management in the valuations, by comparing with those prevailing in the sector, using valuation experts, who also performed an independent calculation and sensitivity analysis on key assumptions. • We tested the arithmetical accuracy of the models. • We assessed the disclosures made in the consolidated financial statements.

Information Other than the Financial Statements and Auditor’s Report Thereon

The Holding Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements and our auditor’s report thereon. The Annual report is expected to be made available to us after the date of this auditor’s report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibilities of Management for the Consolidated Financial Statements

The Holding Company’s Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of

the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of their respective companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group and of its associates are also responsible for overseeing the financial reporting process of their respective companies.

Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- (a) We did not audit the financial statements and other financial information, in respect of a subsidiary, whose financial statements include total assets of ₹ 38.17 crores as at March 31, 2025, and total revenues of ₹ 57.59 crores and net cash outflows of ₹ 22.54 crores for the year ended on that date. These financial statements and other financial information have been audited by other

auditors, for which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary is based solely on the report of such other auditor.

(b) The accompanying consolidated financial statements include unaudited financial statements and other unaudited financial information in respect of five subsidiaries, whose financial statements and other financial information reflect total assets of ₹ 18.96 crores as at March 31, 2025, total revenues of ₹ 0.13 crores and net cash inflows of ₹ 0.66 crores for the year ended on that date. These unaudited financial statements and other unaudited financial information have been furnished to us by the management. The consolidated financial statements also include the Group's share of net profit of ₹ 42.54 crores for the year ended March 31, 2025, as considered in the consolidated financial statements, in respect of three associates whose financial statements, other financial information have not been audited and whose unaudited financial statements, other unaudited financial information have been furnished to us by the Management. Our opinion, in so far as it relates amounts and disclosures included in respect of these subsidiaries and associates, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries and associates, is based solely on such unaudited financial statements and other unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary companies, incorporated in India, and whose auditor's reports issued under the requirements of the Act have been relied upon by us, as noted in the 'Other Matter' paragraph we give in the "Annexure 1" a statement on the matters specified in paragraph 3(xxi) of the Order.

2. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries, as noted in the 'Other Matter' paragraph we report, to the extent applicable, that:
- (a) We/the other auditors whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company and its subsidiaries and its associates, so far as it appears from our examination of those books and report of the other auditor; except for the matters stated in the paragraph (i) (vi) below on reporting under Rule 11(g);
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Loss, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary companies none of the Directors of the Group's companies and its associates, incorporated in India, is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph (i)(vi) below on reporting under Rule 11(g);
 - (g) With respect to the adequacy of the internal financial controls with reference to the consolidated financial statements of the Holding Company, its subsidiary companies and associate companies, incorporated in India, whose auditor's reports issued under the requirements of the Act have been relied upon by us, and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

- (h) In our opinion, the managerial remuneration for the year ended March 31, 2025 has been paid / provided by the Holding Company and its subsidiaries incorporated in India to their directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiary, as noted in the 'Other matter' paragraph:
 - i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group and its associates - Refer note 47(a) to the consolidated financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts - Refer note 22A to the financial statements;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, its subsidiaries and associates, incorporated in India during the year ended March 31, 2025;
 - iv. (a) The respective managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries to or in any other person or entity, including foreign entities (Intermediaries), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the respective Holding Company

or any of such subsidiaries (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The respective managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us, to the best of its knowledge and belief, no funds have been received by the respective Holding Company or any of such subsidiaries from any person or entity, including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material mis-statement.

v) The final dividend paid by the Holding Company and its subsidiary companies incorporated in India during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.

As stated in note 17(c) to the consolidated financial statements, the respective Board of Directors of the Holding Company, its subsidiaries and associate companies, incorporated in India have proposed final dividend for the year which is subject to the approval of the members of the respective companies at the respective ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

vi) Based on our examination which included test checks and that performed by the respective auditors of the subsidiaries and associates which are companies incorporated in India whose financial statements have been audited under the Act and auditor's reports issued under the requirements of the Act have been relied upon by us, except for the instances discussed in note 52 to the consolidated financial statements, the Holding Company and subsidiaries have used accounting software(s) for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we and respective auditors of the above referred subsidiaries, did not come across any instance of audit trail feature being tampered in respect of other accounting software. Additionally, the audit

trail of prior year has been preserved by the Holding Company and its subsidiaries as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective years, except as described in note 52(c).

Annexure 2 to the Independent Auditor’s report of even date on the consolidated financial statements of Tata Communications Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

In conjunction with our audit of the consolidated financial statements of Tata Communications Limited (hereinafter referred to as the “Holding Company”) as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as the “Group”) and its associates, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group and its associates, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Holding Company’s internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note

require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls With Reference to Consolidated Financial Statements

A company’s internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the

company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group and its associates, which are companies incorporated in India and whose auditor’s reports issued under the requirements of the Act have been relied

upon by us; have, maintained in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

1. Corporate Information

TATA Communications Limited (CIN-L64200MH1986 PLC039266) (the “Company”) was incorporated on 19 March 1986. The Government of India vide its letter No. G-25015/6/86OC dated 27 March 1986, transferred all assets and liabilities of the Overseas Communications Service (“OCS”) (part of the Department of Telecommunications, Ministry of Communications) as appearing in the Balance sheet as at 31 March 1986 to the Company with effect from 1 April 1986. During the financial year 2007 - 08, the Company changed its name from Videsh Sanchar Nigam Limited to Tata Communications Limited and the fresh certificate of incorporation consequent upon the change of name was issued by the Registrar of Companies, Mumbai Maharashtra on 28 January 2008.

The Company is domiciled in India and its registered office is at VSB, Mahatma Gandhi Road, Fort, Mumbai - 400 001. The Company's equity and debt are listed on recognised stock exchanges in India.

Tata Communications Limited and its subsidiaries (collectively “the Group”) offers international and national voice and data transmission services, selling and leasing of bandwidth on undersea cable systems, internet connectivity services and other value-added services comprising unified conferencing and collaboration services, managed hosting, mobile global roaming and signalling services, transponder lease, television uplinking and other managed services, data center colocation services, network management and support and other related services. The Group also undertakes leasing, letting out, licensing or developing immovable properties to earn income of any nature including inter-alia rental, lease, license income, etc from immovable properties of the Group including land and buildings.

During the current year the Company has divested its entire stake in Tata Communications Payments Solutions Limited (TCPSL), a wholly owned subsidiary which was in the business of setting up, owning and operating white label Automated Teller Machines (“ATMs”) (refer note 35(a)).

During the previous year, the Group acquired The Switch Enterprises LLC (Switch) along with certain of its international assets and Kaleyra Inc. (Kaleyra Group). Switch provides a platform for production and global transmission of the highest quality live video production across Sports and Entertainment sectors. Kaleyra provides mobile communications services to financial institutions, e-commerce players, OTTs, software

companies, logistic enablers, healthcare providers, retailers, and other large organizations worldwide. It is also in the business of collecting robotically driven campaign information and processing and sharing that information with mobile operators and the messaging ecosystem to reduce spam (refer note 36).

2. Material Accounting Policies

a. Statement of compliance

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013 as applicable to the consolidated financial statements.

b. Basis of preparation of consolidated financial statements

The consolidated financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- i. Derivative financial instruments,
- ii. Certain financial assets and liabilities measured at fair value (Refer accounting policy regarding financial instruments).
- iii. Equity settled ESOP at grant date fair value and cash settled ESOP at fair value at each reporting date.

The accounting policies adopted for preparation and presentation of financial statements have been consistently applied. The Group segregates assets and liabilities into current and non-current categories for presentation in the balance sheet after considering its normal operating cycle and other criteria set out in Ind AS 1, “Presentation of Financial Statements”. For this purpose, current assets and liabilities include the current portion of non-current assets and liabilities respectively. Deferred tax assets and liabilities are always classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified period up to twelve months as its operating cycle.

The consolidated financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest crores (INR 00,00,000), except when otherwise indicated.

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

c. Going Concern

The financial statements of the Group have been prepared on a going concern basis. The consolidated financial statements have been prepared as a going concern basis including considering continuing financial support to the Group's subsidiaries with continuing losses on an accrual basis under the historical cost convention.

d. Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and the entities controlled by the Company and its associates. Control is achieved when the Company:

- i. has power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- ii. is exposed or has rights, to variable returns from its involvement with the investee and has the ability to use its power over the investee to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the two elements of control listed above.

Income and expenses of a subsidiary acquired or disposed off during the year are included in the consolidated financial statements from the date the Group obtains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (“OCI”) are attributed to the owners of the Company and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group losses control over a subsidiary, it:

- i. Derecognises the assets (including goodwill) and liabilities of the subsidiary

- ii. Derecognises the carrying amount of any non-controlling interests
- iii. Derecognises the cumulative translation differences recorded in equity
- iv. Recognises the fair value of the consideration received
- v. Recognises any surplus or deficit in profit or loss
- vi. Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed off the related assets or liabilities.

e. Business Combination

Acquisitions of business are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange of control of the acquiree. Acquisition costs are recognised as expenses in the period in which the costs are incurred and the services are received.

At the acquisition date, the identifiable assets acquired, and the liabilities assumed are recognised at their fair value, except that:

- i. Deferred tax assets or liabilities and assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS - 12 Income Taxes and Ind AS 19 - Employee Benefits respectively.
- ii. Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 - Non Current Assets Held for Sale and Discontinued Operations are measured in accordance with that Standard.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

Non-Controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. The choice of basis of measurement basis is made on transaction-by-transaction basis.

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

When the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent consideration, they are measured at its acquisition-date fair value and included as part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against goodwill or capital reserve, as the case may be. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date.

The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent settlement dates and is accounted for within equity. Contingent consideration that is classified as an asset or a liability is remeasured at fair value at subsequent reporting dates with the corresponding gain or loss being recognised in profit or loss.

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to its acquisition-date fair value and the resulting gain or loss, if any, is recognised in profit or loss statement. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss where such treatment would be appropriate if that interest were disposed off.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see above), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at that date.

f. Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business (See note e above) less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash generating units (or groups of cash generating units) that is expected to benefit from the synergies of the combination.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocate to the unit and then to the other assets of the unit pro-rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss statement. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash generating unit, the attributable amount of goodwill is included in the determination of the profit or loss statement on disposal.

The Group's policy for goodwill arising on the acquisition of an associate and a joint venture is described at note g below.

g. Investments in associates and joint ventures

The associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement, have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of associates or joint ventures are incorporated in these consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with Ind AS 105. When necessary, adjustments are made to the financial statements of associates or joint ventures to bring their accounting policies in line with the Group's accounting policies. The financial statements of all associates and joint ventures used for the purpose of consolidation are drawn up to same reporting date as that of the parent company. Under the equity method, an investment in an associate or a joint venture is initially recognised in the consolidated balance sheet at cost and adjusted

thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate or joint venture. Distributions received from an associate or a joint venture reduce the carrying amount of the investment. When the Group's share of losses of an associate or a joint venture exceeds the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognizing its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture.

An investment in an associate or a joint venture is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture. On acquisition of the investment in an associate or a joint venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

After application of the equity method of accounting, the Group determines whether there is any objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment in an associate or a joint venture and that event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then it is necessary to recognise impairment loss with respect to the Group's investment in an associate or a joint venture.

When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with Ind AS 36 Impairment of Assets as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of impairment loss is recognised in accordance with Ind AS 36 to the extent that the recoverable amount of the investment subsequently increases.

When a Group entity transacts with an associate or a joint venture of the Group, unrealised profits and losses resulting from the transactions with the associate or joint venture are recognised in the Group's consolidated financial statements only to the extent of interests in the associate or joint venture that are not related to the Group.

h. Cash and cash equivalents

Cash comprises Cash on hand, Cash at banks, Cash in ATM's, Cash in vault with CRA and remittance in transit. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition) which are unrestricted for withdrawal and usage, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. Bank overdrafts do not form an integral part of the Group's cash management and so the same is not considered as component of cash and cash equivalents.

i. Property, Plant and Equipment

Property, plant and equipment is stated at cost of acquisition or construction, less accumulated depreciation/ amortisation and impairment loss, if any. Cost includes inward freight, duties, taxes and all incidental expenses incurred to bring the assets to its working condition for their intended use.

Freehold land is measured at cost and is not depreciated.

Jointly owned assets are capitalised in proportion to the Group's ownership interest in such assets.

Capital work-in-progress includes cost of property, plant and equipment under installation/ under development as at the balance sheet date and is carried at cost (net of accumulated impairment loss, if any), comprising of direct cost, directly attributable cost and attributable interest.

The depreciable amount for assets is the cost of property, plant and equipment, or other amount substituted for cost, less its estimated residual value, wherever applicable.

Depreciation on property, plant and equipment of the Group has been provided on the straight-line method as per the estimated useful lives. The assets residual values, estimated useful lives and methods of depreciation are reviewed at each financial year end and any change in estimate is accounted for on a prospective basis.

Notes forming part of the Consolidated Financial Statements

for the year ended 31 March 2025

Estimated useful lives of Property, plant & equipment of the Company and its Indian subsidiaries are as follows:

Particulars	Estimated useful life
Plant and machinery	
- Sea cable **	15 to 20 years or contract period whichever is earlier
- Land cable **	15 years or contract period whichever is earlier
- ATM and cash dispensers **	10 years
- Network equipment, switch and components **	2 to 13 years
- Electrical equipment & installations*	10 years
- Earth station*	13 years
- General plant & machinery*	15 years
Furniture & fixture*	8 to10 years
Office equipment*	2 to 5 years
Computers (Including IT Servers)*	3 to 6 years
Motor Vehicles*	8 to 10 years
Buildings*	
- Building Reinforced Cement Concrete (RCC structure)	60 years
- Building NON RCC structure	30 years
- Integrated Building Management Systems **	8 years
- Others	3 to 10 years
Leasehold land **	Over the lease period
Leasehold improvements **	Asset life or lease period whichever is lower

* On the above categories of assets, the depreciation has been provided as per useful life prescribed in Schedule II to the Companies Act, 2013.

**In these cases, the useful lives of the assets are different from the useful lives prescribed in Schedule II to the Companies Act, 2013. The useful lives of the assets have been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, etc. The management believes that these useful lives are realistic and reflect fair approximation of the period for which the assets are eligible to be used.

Estimated useful lives of the Company's foreign subsidiaries:

Particulars	Estimated useful life
Building	15 to 25 years
Plant and machinery	
- Sea cables	15 to 20 years or contract period whichever is earlier

Particulars	Estimated useful life
- Others	3 to 16 years
Computers & IT Servers	3 to 10 years
Leasehold building & improvement	Asset life or lease period whichever is lower
Furniture and fixtures	8 to 15 years
Office equipment	8 to 15 years

Property, plant and equipment is eliminated from financial statements on disposal. Losses arising in the case of retirement of property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognised in the Consolidated Statement of Profit and loss in the year of occurrence.

The present value of the expected cost of the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criterias for a provision are met.

The asset's residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively.

j. Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Group and the cost of the asset can be measured reliably. Cost incurred on intangible assets not ready for their intended use is disclosed as intangible assets under development.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Indefeasible Right to Use ('IRU') taken for optical fibres are capitalised as intangible assets at the amounts paid for acquiring such rights. These are amortized on straight line basis, over the period of agreement.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at the end of each financial year. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible assets with finite lives are amortized over the expected useful life and assessed for impairment whenever there is an indication that the intangible asset may be impaired.

Notes forming part of the Consolidated Financial Statements

for the year ended 31 March 2025

Intangible assets are amortized as follows:

Particulars	Expected useful life
Software and application	2 to 7 years
IRU	Over the contract period
Intellectual Property Rights (IPR)	10 years
License	Over the license period
Customer Relationship	10 years
Trade Name	8 to 10 years

An intangible asset is de-recognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Consolidated Statement of Profit and Loss when the asset is de-recognised.

k. Internal-Use Software Development Costs

Certain costs of the technology platform and other software applications developed for internal use are capitalised. The Group capitalises qualifying internal-use software development costs that are incurred during the application development stage of projects with a useful life greater than one year. Capitalisation of costs begins when two criteria are met: (i) the preliminary project stage is completed, and (ii) it is probable that the software will be completed and used for its intended purpose.

Capitalisation ceases when the software is substantially complete and ready for its intended use, including the completion of all-significant testing. The Group also capitalises costs related to specific upgrades and enhancements when it is probable the expenditures will result in additional functionality. Costs related to maintenance, minor upgrades, enhancements, preliminary project activities and post-implementation operating activities are expensed as incurred.

l. Investment properties

Investment properties comprise of land and buildings that are held for long term lease rental yields and/ or for capital appreciation. Investment properties are initially recognised at cost including transaction cost. Subsequently investment properties comprising of building are carried at cost less accumulated depreciation and accumulated impairment losses, if any.

Depreciation on building is provided over the estimated useful lives (refer note 2(i)) as specified in Schedule II to the Companies Act, 2013. The residual values, estimated useful lives and depreciation method of investment

properties are reviewed and adjusted on prospective basis as appropriate, at each financial year end. The effects of any revision are included in the Consolidated Statement of Profit and Loss when the changes arise.

Though the Group measures investment properties using cost-based measurement, the fair values of investment properties are disclosed in the notes.

Investment properties are de-recognised when either they have been disposed off or don't meet the criteria of investment property or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal.

The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the Consolidated Statement of Profit and Loss in the period of de-recognition.

m. Impairment of non-financial assets

The carrying values of assets / cash generating units ("CGU") at each balance sheet date are reviewed for impairment, if any indication of impairment exists. The following intangible assets are tested for impairment at the end of each financial year even if there is no indication that the asset is impaired:

- i. an intangible asset that is not yet available for use; and
- ii. an intangible asset with indefinite useful lives

If the carrying amount of the assets exceed the estimated recoverable amount, impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Consolidated Statement of Profit and Loss, unless the asset is carried at a revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the fair value less cost of disposal and the value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are considered.

When there is an indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Consolidated Statement of Profit and

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

Loss, to the extent the amount was previously charged to the Consolidated Statement of Profit and Loss. The Group bases its impairment calculation on detailed budgets and forecast. These budgets and forecast generally cover a significant period. For longer periods, a long-term growth rate is calculated and applied to projected future cash flows after the significant period. n. Leases The Group as a lessee The Group's lease asset classes primarily consist of leases for Land, buildings and colocation spaces. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, The Group assesses whether: (i) the contract involves the use of an identified asset (ii) The Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) The Group has the right to direct the use of the asset. At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. Refer to the accounting policies in note 2(m) Impairment of non-financial assets.	The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. The Group uses return on treasury bills with similar maturity as base rate and makes adjustments for spread based on The Group's credit rating as the implicit interest rate cannot be readily determinable. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if The Group changes its assessment if whether it will exercise an extension or a termination option. Lease liability and ROU asset have been separately presented in the Balance Sheet The Group as a lessor Leases for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. For operating leases, rental income is recognised on a straight line basis over the term of the relevant lease. o. Inventories Inventories of traded goods, required to provide Data Services ("DS"), are valued at the lower of cost or net realisable value. Cost includes cost of purchase and all expenses incurred to bring the inventory to its present location and condition. Cost is determined on a weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business less the estimated cost necessary to make the sale. p. Employee benefits Employee benefits include contribution to provident fund, employee state insurance scheme, gratuity fund, pension, compensated absences and post-employment medical benefits in India and Foreign jurisdiction. i. Short term employee benefits The undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave and performance incentives payable within twelve months. ii. Post retirement benefits Contributions to defined contribution retirement benefit schemes are recognised as an expense when employees have rendered services entitling them to the contributions.
---	---

For defined benefit schemes, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling (if applicable), excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not reclassified to the Consolidated Statement of Profit and Loss in subsequent periods. Past service cost is recognised in the Consolidated Statement of Profit and Loss in the period of plan amendment. These benefits include gratuity, pension, provident fund and post-employment medical benefits. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The net interest expense or income is recognised as part of finance cost in the Consolidated Statement of Profit and Loss. The Group recognises changes in service costs comprising of current service costs, past-service costs gains and losses on curtailments and non-routine settlements under employee benefit expenses in the Consolidated Statement of Profit and Loss. The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, and as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the scheme. (Refer note 37 for defined benefits). iii. Other Long-term benefits Compensated absences, which are not expected to occur within twelve months after the end of the period in which the employee renders the related services, are recognised as a liability at the present value of the defined benefit obligation at the balance sheet date.
--

iv. Share based payment to employees Share Based Payments are classified under equity settled and cash settled. Under the equity settled share based payment, the fair value of Restricted Stock Units (RSU's) on the grant date of the awards granted to employees is recognised as 'employee benefit expenses' with a corresponding increase in equity over the vesting period. The fair value of the options at the grant date is calculated by an independent valuer basis Black-Scholes model. At the end of each reporting period, apart from the non-market vesting condition, the expense is reviewed and adjusted to reflect changes to the level of RSU's expected to vest. For cash-settled share-based payments, the fair value of the amount payable to employees is recognised as 'employee benefit expenses' with a corresponding increase in liabilities, over the period of non-market vesting conditions getting fulfilled. The liability is remeasured at each reporting period up to the vesting date, with changes in fair value recognised in employee benefits expenses. (Refer note 37(C) for details). q. Revenue recognition Revenue is recognised upon transfer of control of promised goods or services to the customers for an amount, that reflects the consideration, which the Group expects to receive in exchange of those goods or services in normal course of business. Revenue is measured at the transaction price that is allocated to performance obligation excluding taxes collected on behalf of the government and is reduced for estimated credit notes and other similar allowances based on Management's best assessment of its likely outcome. Types of products and services and their revenue recognition criteria are as follows: i. Revenue from Voice Solutions (VS) is recognised at the end of each month based on minutes of traffic carried during the month. ii. Revenue from Data Services (DS) and Campaign Registry services is recognised over the period of the arrangement based on contracted fee schedule or based on usage. In respect of sale of equipment (ancillary to DS) revenue is recognised when the control over the goods has been passed to the customer and/ or the performance obligation has been fulfilled. iii. The Group has entered into certain multiple-element revenue arrangements which involve the delivery and performance of equipment and services. At the inception of the arrangement, all

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

the deliverables therein are evaluated to determine whether they represent distinct performance obligations, and if so, they are accounted for separately. Total consideration related to the multiple element arrangements is allocated to each performance obligation based on their relative fair values. Revenue is recognised for respective components either at the point in time or over time on satisfaction of the performance obligation. In contracts where the Group provides significant integration services, the contract is treated as a single performance obligation and the revenue is recognised on acceptance by the customer, as per the terms of the respective contract.

- iv. Bandwidth capacity sale under IRU arrangements is treated as revenue from operations. These arrangements do not have any significant financing component and are recognised on a straight line basis over the term of the relevant IRU arrangement.
- v. Exchange/ swaps with service providers are accounted as monetary/ non-monetary transactions depending on the nature of the arrangement with such service provider
- vi. Revenue from annual maintenance service charges is recognised over the period for which services are provided.
- vii. Revenues from payment solutions business are recognised upon the following (refer note 35):
 - On the basis of number of transactions in such month.
 - On the basis of fixed service charge for the number of days of usage in such month.
- viii. Income from real estate business and dark fibre contracts are recognised over the period as per the terms of the contract with the customer and are considered as revenue from operations.
- ix. Revenues from telecommunication network management and support services are derived based on unit-priced contracts. Revenue is recognised as the related services are performed, in accordance with the specific terms of the contract with the customers.
- x. Accounting treatment of assets and liabilities arising in course of sale of goods and services is set out below:

I. Trade receivable

Trade receivable represents the Group’s right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

II. Contract assets

Contract asset is recorded when revenue is recognised in advance of the Group’s right to bill and receive the consideration (i.e. the Company must perform additional services or complete a milestone of performance obligation in order to Bill and receive the consideration as per the contract terms).

III. Contract liabilities

Contract liabilities represent consideration, received from our customers in advance for providing the goods and services promised in the contract. The Group defers recognition of the consideration until the related performance obligation is satisfied. Contract liabilities include recurring services billed in advance and the non-recurring charges recognised over the contract/ service period. Contract liabilities have been disclosed as deferred revenue in the consolidated financial statements.

IV. The incremental cost of acquisition and/or fulfilment of a contract with customer includes non-recurring charges for connectivity services and incentives to employees for customer contracts. These costs are recognised under “Other assets” and amortised over the period of the arrangement. in network and transmission expenses for connectivity services and employee benefit expenses for incentives to employees.

r. Other Income

- i. Dividend from investments is recognised when the right to receive payment is established and no significant uncertainty as to collectability exists.
- ii. Interest income - For all financial instruments measured at amortised cost, interest income is recorded on accrual basis.

s. Taxation

i. Current income tax

Current income tax expense comprises taxes on income from operations in India and foreign tax jurisdictions. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961 (as amended). Tax expense relating to overseas operations is determined in accordance with tax laws applicable in respective countries where such operations are domiciled.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

Current tax relating to items recognised outside the Consolidated Statement of Profit and Loss is recognised outside the Consolidated Statement of Profit and Loss. Current tax items are recognised in correlation to the underlying transaction either in Other Comprehensive Income or directly in equity.

ii. Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred income tax liabilities are recognised for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries where timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled and are based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the Consolidated Statement of Profit and Loss is recognised outside the Consolidated Statement of Profit and Loss. Deferred tax items are recognised in correlation to the underlying transaction either in Other Comprehensive Income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

t. Non-current asset's held for sale and/or discontinued operations

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. The Management must be committed to the sale, which should be expected to qualify for recognition as completed sale within one year from the date of classification.

When the Group is committed to sale plan involving loss of control of a subsidiary, all of the assets and liabilities of that subsidiary are classified as held for sale when the criteria described above are met, regardless of whether the Group will retain a non- controlling interest in its former subsidiary after the sale.

Non-current assets held for sale/for distribution to owners and disposal groups are measured at the lower of their carrying amount and the fair value less costs to sell/ distribute. Assets and liabilities classified as held for sale/ distribution are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale/ distribution to owners are not depreciated or amortised. Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss before tax from discontinued operations in the consolidated statement of profit and loss.

When the Group is committed to a sale plan involving disposal of an investment, or a portion of an investment, in an associate or joint venture, the investment or the portion of the investment that will be disposed of is classified as held for sale when the criteria described above are met, and the Group discontinues the use of the equity method in relation to the portion that is classified as held for sale. Any retained portion of an investment in an associate or a joint venture that has not been classified as held for sale continues to be accounted for using the equity method. The Group discontinues the use of the equity method at the time

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

of disposal when the disposal results in the Group losing significant influence over the associate or joint venture.

After the disposal takes place, the Group accounts for any retained interest in the associate or joint venture in accordance with Ind AS 109 unless the retained interest continues to be an associate or a joint venture, in which case the Group uses the equity method (see the accounting policy regarding investments in associates or joint ventures above).

Non- current assets (and disposal groups) classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

u. Fair value measurement

The Group measures financial instruments such as derivatives and certain investments, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i. In the principal market for the asset or liability or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of a financial asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- i. Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

- ii. Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- iii. Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the balance sheet on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

v. Foreign currencies

The Group's consolidated financial statements are presented in INR, which is also the parent company's functional currency. For each entity, the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency. The Group uses the direct method of consolidation and on disposal of a foreign operation the gain or loss that is reclassified to consolidated profit or loss reflects the amount that arises from using this method.

Transactions and Balances

Transactions in foreign currencies entered into by the Group are accounted for at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction. Foreign currency monetary items of the Group, outstanding at the Balance Sheet date are restated at the closing rates prevailing at the end of the reporting period. Non-monetary assets and liabilities of the Group are carried at historical cost. Exchange differences, on foreign currency transactions are recognised in the Consolidated Statement of Profit and Loss.

On consolidation, the assets and liabilities of foreign operations are translated into INR at the rate of exchange prevailing at the end of the reporting period and their statements of profit or loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the Group uses an average rate to translate income and expense items. The exchange differences arising on translation for consolidation are recognised in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in the Consolidated Statement of Profit and Loss.

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

w. Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time till the asset get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

x. Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events if any such as bonus issue to existing shareholders or a share split.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

y. Provision for decommissioning of assets

The Group's provision for decommissioning of assets relate to the removal/restoration of/for undersea cables, switches, leased equipment's and certain lease premises at the time of their retirement/vacation.

A provision is recognised based on management's best estimate of the eventual costs that relate to such obligation and is adjusted to the cost of such assets.

Provision for decommissioning of assets costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of the particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the provision for decommissioning liability. The impact of climate-related legislation and regulations is considered in estimating the timing and future costs of decommissioning of the Group's fibre network including the undersea cables.

The unwinding of the discount is expensed as incurred and recognised in the Consolidated Statement of Profit and Loss as a finance cost. The estimated future costs of provision for decommissioning of assets are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

z. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and liabilities are recognised when the Group becomes a party to the contractual provisions of an instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

A. Financial assets

i. Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to sole payments of principal and interest on the principal amount outstanding and by selling financial assets.

The Group has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity investments not held for trading.

iii. Financial assets at fair value through profit or loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in consolidated profit or loss. Financial assets at fair value

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

through profit or loss are carried in the balance sheet at fair value with net changes in fair value recognised in the statement of profit and loss.

iv. De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is primarily de-recognised (i.e. removed from the Group balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at lower of the original carrying amount of the asset and maximum amount of consideration that the Group could be required to repay.

v. Impairment of financial assets

The Group assesses impairment based on expected credit loss (ECL) model for the following:

- Financial assets measured at amortised cost;
- Financial assets measured at fair value through other comprehensive Income

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

Under the simplified approach, the Group does not track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at reporting date.

The Group uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward looking estimates. The historically observed default rates and forward-looking changes in estimates are analysed and updated annually.

For assessing ECL on a collective basis, financial assets have been grouped on the basis of shared risk characteristics and basis of estimation may change during the course of time due to change in risk characteristics.

B. Financial Liabilities

Financial liabilities are measured at amortized cost using the effective interest method.

i. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

• Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost on accrual basis and using the effective interest rate (EIR) method.

• De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of Consolidated Statement of Profit and Loss.

ii. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities.

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

iii. Derivative financial instruments and Hedge accounting

• Initial and subsequent measurement

The Group uses derivative financial instruments, such as forward, option and cross currency contracts, interest rate swaps, cross currency swaps to hedge its foreign currency risks and interest rate risk. Such derivative financial instruments are recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability.

At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which the Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Group's risk management objective and strategy for undertaking hedge, the hedging/ economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:

• Cash flow hedges

The Group uses Derivatives such as Interest Rate Swaps, Options and Forwards etc, to hedge its exposure to interest rate risk on future cash flows on floating rate loans and foreign currency risk. The ineffective portion relating to such contracts is recognised in profit and loss and the effective portion is recognised in OCI.

Amounts recognised as OCI are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised or when a forecast sale occurs. When the hedged item is the cost of a non-financial asset or non-financial liability, the amounts recognised as OCI are transferred to the initial carrying amount of the non-financial asset or liability.

If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognised in OCI remains separately in equity until the forecast transaction occurs or the foreign currency firm commitment is met.

• Embedded derivatives

Derivatives embedded in a host contract that is an asset within the scope of Ind AS 109 are not separated. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are sole payment of principal and interest. Derivatives embedded in all other host contract are separated only if the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host and are measured at fair value through profit or loss. Embedded derivatives closely related to the host contracts are not separated.

Notes forming part of the Consolidated Financial Statements

for the year ended 31 March 2025

aa. Significant accounting judgements, estimates and assumption

The preparation of these financial statements in conformity with recognition and measurement principles of Ind AS requires the management of the Company to make judgements, estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liability as at the date of the financial statement and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

A. Judgements

In the process of applying the Group’s accounting policies, the Management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

i. Revenue from contracts with customers:

As per Group’s assessment, it is generally the principal in its revenue arrangements, as it typically controls the goods or services before transferring them to the customer.

ii. Operating lease commitments – Group as lessor

The Group has entered into property leases (“the leases”) on its investment property portfolio. The Group has determined the accounting of the leases as operating lease on its Investment property portfolio, based on an evaluation of the terms and conditions of the arrangements, such as the lease term not constituting a major part of the economic life of the commercial property, the fair value of the asset and the fact that it retains all the significant risks and rewards of ownership of these properties.

B. Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

i. Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

ii. Defined Benefits plans

The cost of the defined benefit plan, gratuity and other post-employment benefits and the present value of such obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

iii. Useful lives and residual values of property, plant and equipment investments properties and intangible assets

The Group reviews the useful lives and residual values of property, plant and equipment investments properties and intangible assets at the end of each reporting period. This re-assessment may result in change in depreciation and amortization expense in future periods.

iv. Impairment of goodwill

Determining whether goodwill is impaired requires an estimation of the value in use of the cash generating units to which goodwill has been allocated. The value in use calculation requires estimation of future cash flows, expected to arise from the cash generating unit and the discount rate in order to calculate the present value. Where the actual future cash flows are less than expected, a material impairment may arise.

Notes forming part of the Consolidated Financial Statements

for the year ended 31 March 2025

v. Provision for decommissioning of assets

Provision for decommissioning of assets relates to the costs associated with the removal of long-lived assets when they will be retired. The Group records a liability at the estimated current fair value of the costs associated with the removal obligations, discounted at present value using risk-free rate of return. The liability for decommissioning of assets is capitalised by increasing the carrying amount of the related asset and is depreciated over its useful life. The estimated removal liabilities are based on historical cost information, industry factors and engineering estimates.

vi. Deferred Taxes

Assessment of the appropriate amount and classification of income taxes is dependent on several factors, including estimates of the timing and probability of realisation of deferred income taxes and the timing of income tax payments. Deferred income taxes are provided for the effect of temporary differences between the amounts of assets and liabilities recognised for financial reporting purposes and the amounts recognised for income tax purposes. The Group measures deferred tax assets and liabilities using enacted tax rates that, if changed, would result in either an increase or decrease in the provision for income taxes in the period of change. The Group does not recognise deferred tax assets when there is no reasonable certainty that a deferred tax asset will be realized. In assessing the reasonable certainty, management considers estimates of future taxable income based on internal projections which are updated to reflect current operating trends the character of income needed to realise future tax benefits, and all available evidence.

vii. Provisions and contingent liabilities

A provision is recognised when the Group has a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation in respect of which a reliable estimate can be made.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the

Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent liabilities are disclosed in the notes. Contingent assets are not recognised in the financial statements.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provisions and contingent liabilities are reviewed at each balance sheet date.

viii. Share based payments to employees

Estimation of fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the plan, volatility and dividend yield and making assumptions about them. For cash-settled share-based payment transactions, the liability needs to be remeasured at the end of each reporting period up to the date of settlement, with any changes in fair value recognised in the profit or loss. This requires a reassessment of the estimates used at the end of each reporting period. For the measurement of the fair value of equity-settled transactions with employees at the grant date, the Company uses Black & Scholes model. The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in Note 37(C).

bb. Recent pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Group w.e.f. April 1, 2024. The Group has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

b. Fair value of investment property:

Particulars	(₹ in crores)	
	As at 31 March 2025	As at 31 March 2024
Investment property	2,933.97	2,952.20

The fair value of investment property is based on the valuation by a registered valuer as defined under rule 2 of Companies (Registered Valuers and Valuation) Rules, 2017 and the fair value measurement is categorised as Level 2 & 3.

The best evidence of fair value is current price in an active market for similar properties. Where such information is not available, the Group considers information from a variety of sources including:

- i. Current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences.
- ii. Capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an analysis of market evidence.
- c. Title deeds of all immovable investment properties are held in the name of the Company/ subsidiaries.

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

13. Trade receivable(Contd..)

- i. Based on the Supreme Court order dated 8 October 2018, Telecom Regulatory Authority of India ('TRAI') issued amendment Regulations dated 28 November 2018 specifying charges for Cable Landing Station ('CLS') access. The new amendment Regulation on CLS dated 28 November 2018 became effective from date of its publication in official Gazette i.e. 28 November 2018. The Company had already separately challenged the jurisdiction of TRAI on issue of regulation on CLS in the Hon'ble Supreme Court which is pending adjudication. In the meantime, CLS Access seekers RJIO, BSNL and Association of Competitive Telecom Operators ('ACTO') filed a petition in TDSAT for declaring retrospective applicability of the newly notified amendment regulations dated 28 November 2018 on CLS, which was dismissed by TDSAT vide its judgment dated 16 April 2020. The order of TDSAT was challenged by RJIO and ACTO before Supreme Court by way of separate Statutory appeal wherein no stay was granted and the matter is pending for final adjudication as at the year end. During the previous year, based on the Hon'ble Supreme Court direction, one of the customers paid ₹ 70 crores for these services. The said receipt is without prejudice to the said customers' rights and subject to the final outcome of the appeals and application pending in the Hon'ble Supreme Court. The gross receivable balances for these services (included in disputed trade receivables– considered good and disputed trade receivables – which have significant increase in credit risk) of ₹ 107.28 crores (As at 31 March 2024 – ₹ 107.86 crores), being sub judice are considered good and recoverable and have been disclosed accordingly.

14. Cash and cash equivalents

Particulars	As at	
	31 March 2025	31 March 2024
a. Cash on hand	0.07	0.10
b. Cheques on hand	-	4.20
c. Remittances in transit (refer note 35a)	-	3.85
d. Cash at Automated Teller Machines (ATM) (refer note 35a)	-	81.78
e. Cash in Vault (refer note 35a)	-	0.45
f. Balances with Banks		
- Current accounts with banks	526.99	601.85
- Deposit accounts with banks	6.84	39.82
Total	533.90	732.05

15. Other bank balances

Particulars	As at	
	31 March 2025	31 March 2024
a. Deposits with original maturity over three months and less than 12 months	0.53	55.13
b. Deposit accounts held as margin money (refer i below)	51.88	54.19
c. Unpaid dividend accounts (refer note 22(B)(i))	1.10	1.08
Total	53.51	110.40

- i. Includes ₹ 50.88 crores (31 March 2024: ₹ 53.19 crores) held as lien towards bank guarantees issued for litigation matter and lease arrangements and ₹ 1.00 crores (31 March 2024: ₹ 1.00 crore) for cash credit and overdraft limit.

16. Assets classified as held for sale

Particulars	As at	
	31 March 2025	31 March 2024
a. Investment in Consortium Cable (refer note ii below)	-	102.88
b. Staff Quarters (refer note i below)	1.55	1.61
c. Land and building (refer note i below)	6.05	6.05
d. Discontinued Operations (refer note 35b)	47.39	-
	54.99	110.54

- i. The Management intends to dispose off few staff quarters and few buildings of the Company having net block of ₹ 7.60 crores (31 March 2024: ₹ 7.66 crores). The Company was only able to partially dispose off its assets of properties classified as held for sale as on 31 March 2025 on account of certain circumstances beyond its control that lead to extension of the period required to complete the sale.

- ii. During the year ended 31 March, 2023, the carrying value of investment in one of the consortium cable had been reclassified from CWIP to 'assets held for sale' based on the Management's intent to dispose off its interest in such cable.

During the current year, based on the assessment of the realisable value of such consortium cable, the Group provided for impairment of its carrying value.

- iii. Further the realisable value of these assets is higher than their carrying value as on 31 March 2025 and hence, no impairment loss has been recognised.

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

16. Assets classified as held for sale(Contd..)

- iv. During the current year, the Company has reclassified certain assets from Property, plant and equipment (freehold land and building) and Investment property amounting to ₹ 190.09 crores. The Company has also concluded sale of few of its properties amounting to ₹ 190.15 crores as mentioned in note 32 (iv).

f. Information regarding issue of shares in the last five years

- i. The Company has not issued any shares without payment being received in cash.
- ii. The Company has not issued any bonus shares.
- iii. The Company has not undertaken any buy-back of shares.
- g. For employee share based payment refer note 37(C).

17. Equity share capital (Contd..)

a. Issued, subscribed and paid up

There is no change in the issued, subscribed and paid up share capital of the Company during the current and past five financial years.

b. Terms / rights attached to equity shares

The Company has only one class of equity shares with a face value of ₹10 per share. Each shareholder of equity shares is entitled to one vote per share at any general meeting of shareholders. The Company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company, after distribution of all preferential amounts, in proportion to their shareholding.

- c. The Board of Directors have recommended a dividend of ₹ 25 per share (31 March 2024: ₹ 16.70 per share) for the year ended 31 March 2025.

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

18. Other equity

Particulars	(₹ in crores)	
	As at 31 March 2025	As at 31 March 2024
a. Capital reserve (refer note i below)	206.06	206.06
b. Securities premium (refer note ii below)	725.01	725.01
c. General reserve (refer note iii below)	5,394.57	5,394.57
d. Share based payment reserve (refer note iv below)	32.98	4.63
e. Retained earnings (refer note v below)	(295.92)	(1,656.18)
f. Remeasurement of retirement benefit plan (refer note vi below)	(110.93)	(84.52)
g. Reserve for equity instrument through OCI (refer note vi below)	(824.96)	(861.07)
h. Effective portion of cash flow hedge (refer note vi below)	(25.15)	44.06
i. Foreign currency translation reserve (net) (refer note vi below)	(2,365.49)	(2,271.14)
	2,736.17	1,501.42

- i. **Capital reserve:** It includes ₹ 205.22 crores (31 March 2024: ₹ 205.22 crores) in respect of foreign exchange gains on unutilized proceeds from Global Depository Receipts in earlier years.
- ii. **Securities premium:** It is used to record premium received on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.
- iii. **General reserve:** Under the erstwhile Companies Act, 1956, a general reserve was created through an annual transfer of net profit at a specified percentage in accordance with applicable regulations. Consequent to the introduction of the Companies Act, 2013 the requirement to mandatorily transfer a specified percentage of net profit to general reserve has been withdrawn.
- iv. **Share based payment reserve:** The grant date fair value of the equity-settled share based payment transactions is recognised in Consolidated Statement of Profit and Loss with corresponding credit to Share based payment reserve (refer note 37(C)).
- v. **Retained earnings:** This reserve represents undistributed accumulated earnings of the Group as on the balance sheet date.

During the year ended 31 March 2024, pursuant to fulfilment of all conditions stated in the Agreement,

18. Other equity(Contd..)

the Group, through its wholly owned international subsidiary, acquired remaining equity ownership of 41.9% in Oasis Smart Sim Europe SAS (OSSE France) for a consideration of ₹ 99.06 crores (USD 12 Mn). As a result of this transaction, OSSE France became a wholly-owned indirect subsidiary of the Company and an amount of ₹ 70.69 crores, being the difference between the carrying amount of non-controlling interest and the consideration was adjusted in retained earnings.

- vi. **Other comprehensive income:** This represents the cumulative gains and losses arising on remeasurement of defined employee benefit plans (net of taxes), the revaluation of equity instruments measured at fair value through other comprehensive income, net of amounts reclassified to retained earnings when those assets have been disposed off, changes in fair value of derivatives designated as cash flow hedges (net of taxes) and exchange differences arising on translation of the foreign operations.

8. Nature of CSR activities	Mainly for sustainable livelihoods, environmental sustainability, promotion of education, etc	Mainly for sustainable livelihoods, environmental sustainability, promotion of education, health care, etc
9. Details of related party transactions in relation to CSR expenditure as per relevant Accounting Standard	-	-

- ii. During the period from May 2020 to March 2023, basis the self-assessment the Company had classified imports of certain goods into categories as prescribed under the Customs Tariff Act. However, based on prior year judgement by the Customs, Excise and Service Tax Appellate Tribunal (CESTAT) such items were classified under a different category at a higher rate. Accordingly, the Company has filed request for reassessment of Bill of Entry under the CESTAT suggested category for these goods with the various Customs ports so that payment can be made for the differential amount of custom duty. During the current year, the Company has provided ₹ 5.30 crores (31 March 2024: ₹ 3.02 crores). Undisputed amount (including interest) not deposited for a period exceeding 6 months as on 31 March 2025 is ₹ 32.08 crores (31 March 2024 : ₹ 26.51 crores).

32. Exceptional Items

(₹ in crores)		
Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
Provision for impairment of asset "held for sale" (refer note i below)	(102.95)	-
Interest on tax w.r.t. license fees (refer note ii below)	185.52	(185.52)
Staff cost optimization (refer note iii below)	(92.06)	(52.11)
Gain on sale of assets "held for sale" (refer note iv below)	733.02	1.97
Provision for litigation (refer note v below)	(32.06)	-
Total	691.47	(235.66)

* Figures in brackets represent losses

- i. During the current year, based on the assessment of the realisable value of certain assets classified as "Held for sale", the Group has provided for impairment of its carrying value (refer note 16(ii)).
- ii. During the previous year, the Hon'ble Supreme Court of India has pronounced a judgement regarding the treatment of Variable License fee paid to DOT under New Telecom Policy 1999, since July 1999, to be treated as capital in nature and not revenue expenditure for the purpose of computation of taxable income. Pertinently, even though the Company is not a party to the above judgement and its case is different and distinguishable from the above judgment, as a matter of prudence the Company has assessed and recorded a provision of ₹ 185.52 crores towards interest which had been disclosed as an exceptional item and a provision of ₹ 21.09 crores towards tax (net) due to change in effective tax rate on account of adoption of new tax regime.

During the current year, the Hon'ble Supreme Court of India has further issued an order waiving the payment of interest for the period for which the tax demand is now to be met in respect of the above matter. Based on said judgement, the Company has written back the provision of ₹ 185.52 crores towards interest.

- iii. As part of its initiative to enhance the long term efficiency of the business, the Group undertook organisational changes to align to the Group's current and prospective business requirements. These changes involved certain positions in the Group becoming redundant and the Group incurred a one-time charge in current and previous year.
- iv. The Group concluded the sale of few of its properties which were disclosed under assets held for sale, for a total consideration of ₹ 926.10 crores (31 March 2024: ₹ 151.37 crores) (net of transaction costs) resulting into a gain of ₹ 733.02 crores (31 March 2024: ₹ 1.97 crores).

The above sale of properties includes one of the property situated at Ambattur, Chennai sold to an associate company. Necessary approval from thshareholders were obtained as this was a material related party transaction.

- v. During the current year, basis management assessment, the Group made a provision against pending litigation in one of its foreign subsidiary.

- i. As a part of the growth strategy to enhance long term efficiency of the business, the Group is in the process of streamlining and aligning its entities in various geographies. This has resulted in current tax cost of ₹ 109.72 crores during the current year (31 March 2024: Nil).
- ii. During the year ended 31 March 2024, the Company recorded a tax charge of ₹ 147.94 crores on account of the judgement pronounced by Hon'ble Supreme Court of India on 16 October 2023 regarding the treatment of revenue share license fee paid to

34. Income tax (Contd..)

DoT (Refer note 32(ii)). The Company had also recorded an impact of ₹ 0.26 crores on account of APA signed for financing transactions. Based on the updated facts, circumstances and evaluation available at the time of filing of return of income for the year ended 31 March 2023, the Company reversed tax provision of ₹ 89.60 crores primarily towards tax deduction claimed crystallization of disputed liability in return of income.

- iii. During the year ended 31 March 2024, the Company has recorded tax reversal of ₹ 126.85 crores on account of the judgement pronounced by Hon'ble Supreme Court of India on 16 October 2023 regarding the treatment of revenue share license fee paid to DoT (Refer note 32(ii)). Based on the updated facts, circumstances and evaluation available at the time of filing of return of income for the year ended 31 March 2023, the Company has recorded tax charge of ₹ 92.14 crores primarily towards tax deduction claimed crystallization of disputed liability in return of income.
- iv. On 22 March 2024, Tata Communications (Bermuda) Limited (TC Bermuda), a wholly owned indirect subsidiary of the Company, filed a notice with the Registrar of Companies in Bermuda to discontinue as a company registered under the laws of Bermuda and passed the necessary resolutions and filed an application for registration with the Commercial Register of the Canton of Jura, Switzerland, to continue as a company registered in Switzerland under the name 'TC Networks Switzerland SA' (TC Switzerland) which got approved by Swiss Commercial Registers and published in the Swiss official gazette of commerce on 22 March 2024. Accordingly, TC Bermuda has been redomiciled to Switzerland w.e.f. 22 March 2024.

Due to the change in the tax jurisdiction, the management assessed the recoverability of the past tax losses and accordingly recognised a deferred tax asset of ₹ Nil (31 March 2024: ₹ 186.00 crores) in the consolidated financial statements.

b. Income tax expense for the year reconciled to the accounting profit as follows

(₹ in crores)

*The Group has identified Campaign Registry as a separate Cash Generating Unit (CGU) in Kaleyra since it generates cash flows from assets that are largely independent of cash flows generated by other businesses of Kaleyra group entities. The identifiable intangible assets and Goodwill allocated to Campaign Registry is ₹ 236.14 crores and ₹ 613.95 crores, respectively.																							
c.	The Group has consolidated its wholly owned subsidiaries, The Switch Enterprises LLC from May 1, 2023 & Kaleyra Inc and its subsidiaries (Kaleyra) from October 5, 2023, accordingly the amounts for the year ended March 31, 2025 are not comparable with the previous year.																						
37. Employee benefits																							
A. Indian entities (Defined benefit plan): Retirement Benefits																							
i.	Provident fund:																						
	The Company makes contribution towards provident fund (the ‘Fund’) under a defined benefit plan for employees which is administered by the Trustees of the Tata Communications Employees’ Provident Fund Trust (the ‘Trust’). The Company’s Indian subsidiaries make contribution towards provident fund under a defined contribution plan for employees which is administered by the Regional Provident Fund Commissioner. Under both the above schemes, each employer is required to contribute a specified percentage of payroll cost to fund the benefits.																						
	The rules of the Fund administered by the Trust require that if the Board of Trustees are unable to pay interest at the rate declared for Employees’																						

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

37. Employee benefits (Contd..)

Provident Fund by the Government under the applicable law for the reason that the return on investment is lower or for any other reason, then the deficiency shall be made good by the Company. Having regard to the assets of the Fund and the return on the investments, the Company does not expect any deficiency in the foreseeable future. There has also been no such deficiency since the inception of the Fund.

Provident fund contributions amounting to ₹ 108.79 crores (2023-2024: ₹ 108.53 crores) have been charged to the Consolidated Statement of Profit and Loss under Contribution to Provident and other funds in Note 28 “Employee benefit expenses”.

ii. Gratuity:

The Company and one of its Indian subsidiaries make annual contributions under the Employee's Gratuity Scheme to a fund administered by trustees of the Tata Communications Employees' Gratuity Fund Trust (the 'Trust') covering all eligible employees. The plan provides for lump sum payments to employees whose right to receive

37. Employee benefits (Contd..)

gratuity had vested at the time of resignation, retirement, death while in employment or on termination of employment of an amount equivalent to 15 day's salary payable for each completed year of service or part thereof in excess of six months. Vesting occurs upon completion of five years of service except in case of death. For other Indian subsidiaries, the gratuity plan is unfunded.

iii. Medical benefit:

The Company reimburses domiciliary and hospitalisation expenses not exceeding specified limits incurred by eligible and qualifying employees and their dependent family members under the Tata Communication employee's medical reimbursement scheme.

iv. Pension Plan:

The Company's pension obligations relate to certain employees transferred to the Company from the OCS, an erstwhile department of Ministry of Commerce, Government of India. The Company purchases life annuity policies from an insurance company to settle such pension obligations.

These plans typically expose the Group to actuarial risk such as investment risk, interest rate risk, longevity risk and salary risk:

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. Currently, the plan has a relatively balanced mix of investments in government securities, high quality corporate bonds, equity and other debt instruments.
Interest rate risk	The defined benefit obligation (DBO) is calculated using a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
Salary risk	Higher than expected increases in salary will increase the defined benefit obligation.
Demographic risk	This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee

The most recent actuarial valuation of the plan assets and defined benefit obligation has been carried out as at 31 March 2025 by an independent Actuary.

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

37. Employee benefits (Contd..)

The details in respect of the status of funding and the amounts recognised in the Company's consolidated financial statements for the year ended 31 March 2025 and 31 March 2024 for these defined benefit schemes are as under:

Particulars	As at 31 March 2025	As at 31 March 2024
I Principal actuarial assumptions:		
Discount rate	6.60%	7.00%
Increase in compensation cost	6%-7%	6%-7%
Health care cost increase rate	7.00%	7.00%
Attrition rate	3%-15%	3%-15%
Post retirement mortality	Annuity mort 2012-15	Annuity mort 2012-15
Increase in dearness allowance	5.00%	5.00%

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations. The estimates of future compensation cost considered in the actuarial valuation take into account inflation, seniority, promotion and other relevant factors.

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

37. Employee benefits (Contd..)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years

v. Leave plan and Compensated absences

For executives

Leaves unavailed by eligible employees may be carried forward upto 60 days and for employees who have joined post 1 January 2020 carry forward shall be restricted to 45 days. Encashment will be maximum of 30 days by them / their nominees in the event of death or permanent disablement or resignation.

For non-executives

Leave unavailed of by eligible employees may be carried forward / encashed by them / their nominees in the event of death or permanent disablement or resignation, subject to a maximum leave of 300 days.

The total liability for compensated absences as at the year-end is ₹ 89.29 crores (31 March 2024: ₹ 87.82 crores), liability disclosed under non-current provisions ₹ 78.39 crores (31 March 2024: ₹ 73.57 crores) and current provisions

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

37. Employee benefits (Contd..)

₹ 10.90 crores (31 March 2024: ₹ 14.26 crores) as per the actuarial valuation report. The amount charged to the Consolidated Statement of Profit and Loss under salaries and related costs in Note 28 “Employee benefit expenses” is ₹ 14.17 crores (2023-2024: ₹ 17.57 crores).

B. Foreign entities:

a. Defined Contribution Plan

The Group makes contribution to defined contribution retirement benefit plans under the provisions of section 401(k) of the Internal Revenue Code for USA employees, a Registered Retirement Savings Plan (“RRSP”) for Canadian employees and a Group Stakeholder Pension plan (“GSPP”) for UK employees and other plan in other countries. An amount of ₹ 97.70 crores (2023-2024: ₹ 82.43 crores) is charged to Consolidated Statement of Profit and Loss under Contribution to Provident and other funds in Note 28 “Employee Benefits”.

b. Defined Benefit Pension Plans

Pension Plan:

The Group has both a contributory and non-contributory defined benefit pension plans covering certain of its employees in Canada. The Group also has an unfunded Supplemental Employee Retirement Plan (“SERP”) covering certain senior executives in Canada. The plan provides for defined benefit based on years of service and final average salary.

Health and Life insurance:

The Group also assumed a post-retirement health care and life insurance plan.

The defined benefit plan in Canada expose the Group to different risks such as:

Investment Risk	The financial situation of the plan is calculated using a prescribed discount rate. If the return on assets is lower than the discount rate, it will create a deficit.
Interest rate risk	A variation in bond rates will affect the value of the defined benefit obligation and of the assets.
Longevity risk	A greater increase in life expectancy than the one predicted by the mortality table used will increase the defined benefit obligation.
Inflation risk	The defined benefit obligation is calculated taking into account an increase in the level of salary and cost of living adjustment. If actual inflation is greater than expected, that would result in an increase in the defined benefit obligation.
Health care cost trend risk	The defined benefit obligation of the Post-Retirement Benefits (Other than Pension) is calculated taking into account a health care cost trend rate. If the trend is greater than expected, that would result in an increase in the defined benefit obligation for the plan.

The most recent actuarial valuations of the plan assets and the present value of the defined benefit obligation in were carried out as at 31 March 2025 by an independent technical expert. The present value of the defined benefit obligation and the related current service cost and past service cost were measured using the projected unit credit method.

The details in respect of status of funding and the amounts recognised in the consolidated financial statement as for the year ended 31 March 2025 and 31 March 2024 for these defined benefit schemes are as under:

Particulars	As at 31 March 2025	As at 31 March 2024
I. Principal actuarial assumptions:

	(₹ in crores)
Expected benefit payments for the year ending	
31 March 2025	74.80
31 March 2026	75.89
31 March 2027	76.11
31 March 2028	75.99
31 March 2029	76.02
31 March 2030 to 31 March 2034	376.99

Weighted average no. of years	Pension Plan		Health care, life insurance & Gratuity	
	As at 31 March		As at 31 March	
	2025	2024	2025	2024
No. of years	9	9	9	9

37. Employee benefits (Contd..)

c. Leave plan and compensated absences

The liability for compensated absences as at the year end is ₹ 78.70 crores (31 March 2024: ₹ 75.17 crores) as disclosed under current provisions. The amount charged to the Consolidated Statement of Profit and Loss under salaries and related costs in note 28 "Employee benefits" is ₹ 10.03 crores (2023-2024: ₹ 7.13 crores).

C. Share based payment

During the previous year, the Company's Board of Directors approved the Employee Stock Unit Plan named as "Tata Communications Employee Stock Unit Plan 2023" (RSU Plan 2023) which was approved by the Company's shareholders on 18 July, 2023. As per the plan, the Company would grant up to 3,000,000 Restricted Stock Units (RSU's) in one or more tranches to such employees as may be determined by the Nomination and Remuneration Committee (NRC).

In terms of the provisions of the SEBI (Share Based Employee Benefits and Sweat Equity) Regulations, 2021, the details of the Stock Options and Restricted Stock Units granted under the above mentioned Schemes are available on the Company's website

The description of RSU's granted under the plan are as follows:

Name of Plan	Maximum term of Option	Vesting Condition
RSU Plan 2023	3 years	Time based and performance based vesting condition as prescribed by NRC

(i) Equity Settled Share based payment:

Summary of RSU's Granted

Name of Plan	No. of Units		Weighted average Ex. Price (₹ per unit)
	31 March 2025	31 March 2024	
Opening balance	348,047	-	
Granted during the year	472,677	418,455	10
Lapsed during the year	(224,374)	(70,408)	
Closing Balance	596,350	348,047	10

The weighted average contractual life of the RSU's outstanding as on 31 March 2025 is 19 months (31 March 2024: 25 months)

The fair value of the RSU's are estimated using the Black-Scholes Model. The weighted average fair value per RSU's granted during the year is ₹ 1,663.00 (31 March 2024: ₹ 1,699.48)

The fair value of each RSU is estimated on the date of grant using the following assumptions

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

37. Employee benefits (Contd..)

	31 March 2025	31 March 2024
Weighted average share price (INR per unit)	1,740.64	1,766.16
Exercise price (INR per unit)	10	10
Expected volatility (%)	32.84%	32.41%
Basis of determination of expected volatility	Over expected life-NSE-253 days	Over Expected life - NSE - 253 Days
Expected life of the RSU's (years) (Refer note a. below)	3.46	2.83
Expected dividends yield (%)	1.18%	1.19%
Risk-free interest rate (%)	7.04	6.98
Weighted average fair value as on grant date	1,663.00	1,699.48

a. The expected life of the RSU is estimated based on the vesting term and contractual term of the RSU, as well as expected exercise behaviour of the employee who receives the RSU.

(ii) Cash settled share based payment plan

The carrying value of liability towards cash-settled RSU's is ₹ 15.69 crores (31 March 2024 ₹ 2.34 crores) and is disclosed under Other non current financial liabilities.

Summary of RSU's Granted

Name of Plan	No. of Units		Weighted average Ex. Price (INR per unit)
	31 March 2025	31 March 2024	
Opening balance	148,961	-	
Granted during the year	233,604	177,135	10
Lapsed during the year	(65,077)	(28,174)	
Closing Balance	317,488	148,961	10

The weighted average contractual life of the RSU's outstanding as on 31 March 2025 is 20 months (31 March 2024: 25 months)

iii. Effect of share based payment transactions on the Consolidated Statement of Profit and loss

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
Equity settled share based payment transaction	28.00	4.53
Cash settled share based payment transactions	12.68	2.32
Total	40.68	6.85

Note: The amount considered in Consolidated Statement of Profit and Loss related to continuing operations is ₹ 40.68 crores (31 March 2024: ₹ 6.85 crores) and discontinued operations ₹ 0.35 crores (31 March 2024: ₹ 0.10 crores).

38. Earnings per share

Basic earnings per share (₹) (A/B)	64.44	33.98
b. Diluted EPS		
Add: Weighted average number of potential equity shares on account of unvested RSU's (C)	1,65,933	1,65,933
Weighted average number of Equity shares (including dilutive shares) outstanding during the year (D)=(B+C)	285,165,933	285,165,933
Diluted earnings per share (₹) (A/D)	64.39	33.96
Face value per share (₹)	10	10

39. Segment reporting

a. Business segments

The Board of Directors and the Managing Director of the Company together as a Group constitute the “Chief Operating Decision Makers” (CODM) and allocate resources to and assess the performance of the segments of the Group.

The Group (the Company and its subsidiaries together referred to as “the Group”) has identified the following operating segments based on the organizational structure and for which discrete financial information including segment results is available:

- i. Data Services (DS) include Core and Nextgen Connectivity services, Digital platforms and connected services, including equipment ancillary to DS. (refer note 35b).
- ii. Voice Solutions (VS) includes International and National Long-Distance Voice services.
- iii. Payment Solutions (PS) includes end-to-end ATM deployment end-to-end POS enablement hosted core banking end to end financial inclusion and card issuance and related managed services and switching services to banking sector carried out by Company's wholly owned subsidiary Tata Communications Payment Solutions Limited (TCPSL) (refer note 35a).

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

39. Segment reporting (Contd..)

- iv. Transformation Services (TS) includes the business of providing telecommunication network management and support services. These services are carried out by the Company's wholly owned subsidiary Tata Communications Transformation Services Limited and its subsidiaries.
- v. Campaign Registry (CR) includes the business of collecting robotically driven campaign information and processing and sharing that information with mobile operators and the messaging ecosystem to reduce spam. These services are carried out by the wholly owned indirect subsidiaries of the Company acquired during the previous year.
- vi. Real Estate (RE) segment comprises lease rentals for premises given on lease.

(₹ in crores)

(₹ in crores)

Particulars	For the year ended 31 March 2024							
	DS	VS	PS	TS	RE	CR	Inter-segment	Total
a. Segment revenues and results (refer note iii)								
Revenue from services	17,219.68	1,699.06	-	1,550.43	237.07	264.52	(186.08)	20,784.68
Inter-segment revenue	4.78	-	-	171.09	10.21	-	(186.08)	-
Segment results	1,429.03	184.64	-	0.51	146.51	159.16	-	1,919.85
Finance cost								630.09
Unallocable (income)/expense (net)								(28.46)
Profit from operations before tax and share of profit of associate								1,318.22
Tax expense (net)								213.50
Net Profit for the year before share in profit/(losses) of associates								1,104.72
Share in profit of associates (net)								19.99
Loss from discontinued operations								(155.13)
Net Profit from total operation								969.58
b. Segment assets and liabilities								
Segment assets	17,194.20	393.88	122.84	559.04	439.47	855.06	-	19,564.49
Unallocable assets								4,996.85
Total assets								24,561.34
Segment liabilities	9,674.92	443.77	266.08	347.22	84.12	33.12	-	10,849.23
Unallocable liabilities								11,921.81
Total liabilities								22,771.04
c. Other segment information								
Non-cash expenses	85.59	2.14	-	13.49	-	3.15	-	104.37
Capital expenditure (allocable)	2,224.92	35.07	18.52	21.37	-	5.30	-	2,305.18
Depreciation and amortization (allocable)	2,300.28	34.07	-	28.37	11.76	22.87	-	2,397.35

- i. Revenues and network and transmission costs are directly attributable to the segments. Network and transmission costs are allocated based on utilization of network capacity. Revenue share License fees for VS and DS have been allocated based on adjusted gross revenues from these services.
- ii. Depreciation and certain other costs have been allocated to the segments during the current year based on various allocation parameters as guided by the use of respective asset. Segment result is segment revenues less segment expenses. Other income and exceptional items have been considered as "Unallocable".
- iii. The above is in line with segment performance as reviewed by the CODM
- iv. Further assets and liabilities including fixed assets have been allocated to segments on similar basis of related revenue and expense.
- v. Inter-segment revenues are generally made at values that approximate arm's length prices.

41. Derivatives

a. Derivatives not designated as hedging instruments:

The Group uses foreign currency forward, option and cross currency swaps (CCS) contracts to manage some of its transaction exposures. The foreign currency forward, option and cross currency swaps (CCS) contracts are not designated as cash flow hedges and are entered into for periods consistent with foreign currency exposure of the underlying transactions, generally within 1 year (Forward and Option contracts) and upto 3 years (Cross currency swap). These hedges are also not designated as Cash flow hedge.

Outstanding forward contracts

b. Derivatives designated as hedging instruments:

The Group uses interest rate swaps and foreign exchange forward contracts to manage some of its forecasted exposures relating to interest rate risk on future cash flows on floating rate loans and foreign currency risk. These interest rate swaps and foreign exchange forward contracts are designated as cash flow hedges and are entered into for periods consistent with interest rate or foreign currency exposure of the underlying forecasted transactions.

As on 31 March 2024

As on 31 March 2024, there were no outstanding forward contracts which were considered as hedging.

Risk category

Hedging activities: Derivatives may qualify as hedges for accounting purposes if they meet the criteria for designation as fair value hedges or cash flow hedges in accordance with Ind AS 109.

Cash flow hedges: - Instruments designated in a cash flow hedge include interest rate swaps hedging the variable interest rates primarily related to US\$ SOFR.

All cash flow hedges were effective in the period.

Reclassification of OCI balance

The Group carries the changes in fair value of the swap in Other Comprehensive Income until the interest expense is recognised. The portion of fair value change pertaining to the interest expense being recognised is recycled to the profit and loss account in the accounting period in which the interest expense is being recognised.

The figures shown in the tables above take into account interest rate swaps used to manage the interest rate profile of financial liabilities. Interest on floating rate borrowings is generally based on USD SOFR equivalents.

*Excludes Investment measured using equity method accounting.

Carrying amount of cash and cash equivalents, trade receivables, loans and trade payables as at 31 March 2025 and 31 March 2024 approximate the fair value because of their short-term nature. Difference between carrying amount and fair value of other bank balances, other financial assets, other financial liabilities and borrowings subsequently measured at amortized cost is not significant in each of the years presented.

b. Fair value of the financial assets and financial liabilities that are measured at fair value on a recurring basis

Except as detailed in the above table, the Group considered that the carrying amounts of financial assets and financial liabilities recognised in the financial statements approximate their fair value.

43. Financial risk management objectives and policies

The Group's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables and financial guarantee contracts. The main purpose of these financial liabilities is to finance the Group's operations and to provide guarantees to support

its operations. The Group's principal financial assets include loans, trade and other receivables, investments and cash and cash equivalents that derive directly from its operations. The Group also holds FVTOCI investments, FVTPL investments and enters into derivative transactions.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

43. Financial risk management objectives and policies (Contd..)

management of these risks. The Group's senior management is supported by a financial risk committee that advises on financial risks and the appropriate financial risk governance framework for the Group. The financial risk committee provides assurance to the Group's senior management that the Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Group's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

a. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, FVTPL & FVTOCI investments and derivative financial instruments.

i. Interest rate risk

Interest rate risk is the risk that the future cash flows with respect to interest payments on borrowings will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates.

The Group manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Group generally uses generic derivative products (eg. Interest Rate Swap, Coupon Swap, Interest rate Options etc) to cover interest rate risk on variable rate long term debt obligations. The Group may also enter into structured derivative products unless prohibited by the applicable statute(s).

The Group enters into interest rate derivatives, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts calculated by reference to an agreed-upon notional principal amount. At 31 March 2025, after taking into account the effect of interest rate derivatives, approximately 34% of the Group's borrowings are at a fixed rate of interest (31 March 2024: 42%).

43. Financial risk management objectives and policies (Contd..)

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Group's profit before tax is affected through the impact on floating rate borrowings, as follows:

(₹ in crores)		
Particulars	Increase/ decrease in basis points	Effect on profit before tax
31-Mar-25	100	30.31
31-Mar-24	100	21.64

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

ii. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign currency rates. The Group's exposure to the risk of changes in foreign currency rates relates primarily to the Group's operating activities (when revenue or expense is denominated in a foreign currency) and the Group's net investments in foreign subsidiaries.

The Group's objective is to try and protect the underlying values of the functional currency of respective Group company's balance sheet exposures. All exposures in currency other than functional currency are treated as 'Forex Exposures' irrespective of the Group company from where the exposures originate. Exposures are broadly categorized into receivables and payable exposures.

The Group manages its foreign currency risk by entering into derivatives on Net Exposures, i.e. netting off the receivable and payable exposures in order to take full benefit of Natural Hedge.

Non-crystalized (not in books) exposures for which cash flows are highly probable are considered for hedging after due consideration of cost of cover, impact of such derivatives on Income statement due to mark to market loss or gains, market / industry practices, Regulatory restrictions etc.

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

43. Financial risk management objectives and policies (Contd..)

As regards net investments in foreign operations, hedging decisions are guided by regulatory requirement, accounting practices and in consultation & approval of Senior Management on such hedging action.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rate shift of all the currencies by 5% against the functional currency of the respective Group entity.

The following analysis has been worked out based on the net exposures of the respective Group entity as of the date of balance sheet which would affect the Consolidated Statement of Profit and Loss and equity.

The following tables sets forth information relating to foreign currency exposure (net) as at 31 March 2025 and 31 March 2024:

Particulars	As at 31 March 2025		As at 31 March 2024	
	Financial liabilities	Financial assets	Financial liabilities	Financial assets
GBP	274.57	-	317.30	0.79
USD	462.10	31.38	375.51	48.16
SGD	143.88	1.76	182.61	-
EUR	53.47	-	272.18	11.79
JPY	51.71	-	108.26	-
HKD	37.80	-	26.99	-
AED	10.30	0.79	19.16	0.30
SAR	6.57	32.25	6.23	20.92
Others	100.50	12.08	86.21	21.41

5% appreciation/ depreciation of the respective foreign currencies with respect to functional currency of the respective Group entity would result in decrease/ increase in the Group's profit before tax by approximately ₹ 53.13 crores and ₹ 60.73 crores for the year ended 31 March 2025 and 31 March 2024 respectively.

iii. Equity price risk

The Company's listed and non-listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment in securities.

At the reporting date, the exposure to unlisted securities at fair value was ₹ 167.48 crores as on 31 March 2025 (31 March 2024: ₹ 152.11 crores).

b. Credit risk

Credit risk is the risk that the counterparty will not meet its obligations under a financial instrument or a customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities including deposits with banks and financial institutions, foreign currency transactions and other financial instruments.

The Group uses a practical expedient in computing the expected credit loss allowance for trade receivables

b. Credit risk (Contd..)

based on provision matrix. The provision matrix takes into consideration the historical credit loss experience and the adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the gross receivables as at the reporting date and the net receivables after considering expected credit loss allowance is- as mentioned below:

(₹ in crores)		
	As at 31 March 2025	As at 31 March 2024
Within Credit period	2,642.22	2,364.57
0-90 days	812.06	928.71
91-180 days	164.77	205.18
181-360 days	192.29	107.76
>360 days	194.76	152.14
Total	4,006.10	3,758.36

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

Discontinued operation	(1.00)	-
Impact of foreign exchange translation	6.66	1.10
Balance at the end of the year	799.12	664.69

i. The amount considered in statement of profit and loss related to continuing operations is ₹ 133.78 crores (31 March 2024: ₹ 40.64 crores) and discontinued operation ₹ (1.23) crores (31 March 2024: ₹ (0.06) crores)

c. Liquidity risk

The Group monitors its risk of a shortage of funds using a liquidity planning tool.

The Group objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, bank loans, debentures, preference shares, finance leases and hire purchase contracts.

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time or at a reasonable price. The Group corporate treasury department is responsible for maintaining funding limits to ensure liquidity.

The table below summarizes the maturity profile of the Group financial liabilities based on contractual undiscounted payments.

(₹ in crores)					
As at 31 March 2025	On demand	Upto 12 months	1 to 5 years	> 5 years	Total

*Excludes arrangement fees of ₹ 13.16 crores (31 March 2024: ₹ 11.80 crores)

** Excludes lease liability (refer note 46(A)(f))

44. Capital Management

The objective of the Group's Capital Management is to maximise shareholder value, safeguard business continuity and support the growth of the Group. The Group determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through loans and operating cash flows generated. The Group is not subject to any externally imposed capital requirements.

Terms and conditions of transactions with related parties

All transactions with all the related parties are made on terms as applicable to third parties in an arm's length transaction and in the ordinary course of business. Significant terms include payment terms, interest rates, royalty and guarantee fees which are based on comparative pricing, fair value by independent external valuer and are on uniform principles charged within the group. The Group mutually negotiates and agrees transaction price and other significant terms with the related parties. All related party transactions (except Dividend paid and remuneration to Key Managerial Personnel) are approved by the Audit Committee and shareholders (as applicable).

Related party balances are unsecured, interest free and most of these balances (except those shown as non-current) are recoverable within 12 months from the reporting date..

Additions	-	422.55	233.29	655.84
Acquisition of subsidiaries	-	-	-	-
Terminated	-	(14.68)	(7.90)	(22.58)
Depreciation (refer note i and ii below)	(2.65)	(135.42)	(180.99)	(319.06)
Effect of foreign currency exchange differences	-	4.04	8.69	12.73
Balance as of 31 March, 2025	158.64	759.41	512.37	1,430.42

- i. The aggregate depreciation expense on ROU assets is included under depreciation and amortisation expenses in the consolidated statement of Profit and Loss.
- ii. The amount considered in Consolidated Statement of Profit and Loss related to continuing operations is ₹ 317.79 crores (31 March 2024: ₹ 278.01 crores) and discontinued operations ₹ 1.27 crores (31 March 2024: ₹ 12.80 crores)

b. The Group has lease contracts for immovable properties across various locations used in its operations. Such leases generally have lease terms between 1 to 99 years. Generally, The Group is restricted from assigning and subleasing the leased assets. There are several lease contracts that include extension and termination options.

- c. The Group also has certain leases with lease terms of 12 months or less.
- d. The following is the break-up of current and non-current lease liabilities as at 31 March 2025 and 31 March 2024:

(₹ in crores)		
Particulars	As at 31 March 2025	As at 31 March 2024
Current maturities of lease liabilities	314.67	323.03
Non-Current Liabilities	1,162.60	822.38
Total	1,477.27	1,145.41

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

46. Leases (Contd..)

- e. The following is the movement in lease liabilities during the year ended 31 March, 2025 and 31 March, 2024:

(₹ in crores)		
Particulars	As at 31 March 2025	As at 31 March 2024
Opening Balance	1,145.41	1,043.16
Additions	655.46	444.24
Acquisition of subsidiaries	-	38.35
Finance cost accrued during the year (refer note i below)	74.14	67.36
Payment of lease liabilities	(398.95)	(377.74)
Liabilities settled against leased assets terminated	(21.67)	(72.96)
Translation Differences	22.88	3.00
Closing Balance	1,477.27	1,145.41

- i. The amount considered in Consolidated Statement of Profit and Loss related to continuing operations is ₹ 73.92 crores (31 March 2024: ₹ 64.61 crores) and discontinued operation ₹ 0.71 crores (31 March 2024: ₹ 2.75 crores)
- f. The table below provides details regarding the contractual maturities of lease liabilities as at 31 March, 2025 and 31 March, 2024 on an undiscounted basis:

(₹ in crores)		
Particulars	As at 31 March 2025	As at 31 March 2024
Less than one year	398.97	314.60
One to five years	1,005.13	793.89
More than five years	402.85	182.35
Total	1,806.95	1,290.84

The Group does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

B. As lessor:

- a. In case of certain operating lease agreements relating to dark fiber contracts aggregating ₹ 613.46 crores (31 March 2024: ₹ 609.55 crores)

46. Leases (Contd..)

as at 31 March 2025, the gross block, accumulated depreciation and depreciation expense of the assets given on an Indefeasible Right to Use ("IRU") basis cannot be identified as these assets are not exclusively leased. The lease rentals associated with such IRU arrangements for the year ended 31 March 2025 amount to ₹ 50.77 crores (2023 - 2024: ₹ 48.01 crores). Further lease income in respect of certain premises under non-cancellable operating lease arrangements for the year ended March 2025 amount to ₹ 4.30 crores (2023 - 2024: ₹ 7.41 crores).

Future lease rental receipts will be recognised in the Consolidated Statement of Profit and Loss in subsequent years as follows:

(₹ in crores)		
Particulars	As at 31 March 2025	As at 31 March 2024
Due not later than one year	51.65	51.51
Due later than one year but not later than five years	123.53	146.75
Later than five years	100.10	119.67
Total	275.28	317.93

- b. The Group has leased certain premises under non-cancellable operating lease arrangements to its associate and other customer. Future lease rental income in respect of these leases will be recognised in the Consolidated Statement of Profit and Loss of subsequent years as follows:

(₹ in crores)		
Particulars	As at 31 March 2025	As at 31 March 2024
Not later than one year	62.55	78.46
Later than one year but not later than five years	190.92	272.67
Later than five years	230.89	372.08
Total	484.36	723.21

Lease rental income of ₹ 65.68 crores (2023-2024: ₹ 76.42 crores) in respect of the above leases has been recognised under revenue from operations in the Consolidated Statement of Profit and Loss for the current year.

Notes forming part of the Consolidated Financial Statements

for the year ended 31 March 2025

47. Contingent liabilities and Commitments:

a. Contingent Liabilities:

(₹ in crores)		
Particulars	As at 31 March 2025	As at 31 March 2024
I. Claims for taxes on income (refer I below)*		
Income tax disputes where department is in appeal against the Group	1,737.00	1,734.76
Other disputes related to income tax	850.07	947.70
Income tax disputes in foreign jurisdiction (refer I (ii) (iii) & (iv) below)	1,810.96	1,386.11
II. Claims for other indirect taxes*	648.45	483.80
III. Other claims (refer III below)	10,622.50	9,363.21
IV Group's share of contingent liabilities of associates	6.26	0.54
Total	15,675.24	13,916.12

* In case the above cases are decided against the Group, then the Group may be liable for an interest exposure of ₹ 2,592.35 crores (31 March 2024: ₹ 2,110.72 crores).

I. Claims for taxes on income

- i. Significant claims by the revenue authorities in respect of income tax matters relate to disallowance of deductions claimed under section 80 IA of the Income Tax Act, 1961 from assessment years 1996-97 onwards and transfer pricing adjustments carried out by revenue authorities. The Company has contested the disallowances / adjustments and has preferred appeals which are pending.

The Company has certain tax receivables against the ongoing litigations which will be settled on completion of the respective litigation. The Company is of the view that the said balances are recoverable subject to favourable outcome of the same and hence does not require any adjustments as at 31 March 2025.

- ii. Canada Revenue Agency (CRA) had made addition to the taxable income equivalent to ₹ 1,400.09 crores ₹ (USD 163.77 million) (31 March 2024: ₹ 1,365.20 crores (USD 163.77 million) on Tata communications

47. Contingent liabilities and Commitments: (Contd..)

Canada Limited (hereafter referred to as the subsidiary) in respect of adjustments made while carrying out audit of international telecommunications services for the financial year 2007-08 to 2017-18 with potential tax demand (including interest) equivalent to ₹ 378.90 crores (USD 44.32 million) (31 March 2024: ₹ 310.09 crores (USD 37.20 million)). The said subsidiary has filed notice of objections for nine years which is yet to come up for hearing. As a result of primary adjustments, deemed dividend provisions became applicable and corresponding withholding tax implications (WHT) are equivalent to ₹ 102.90 crores (USD 12.04 million) (31 March 2024: ₹ 102.75 crores (USD 12.33 million)). The Management has been advised that Transfer Pricing (TP) methodology implemented is as per industry practice and sustainable. In view of the above, the Management believes that issue will be settled in its favor and will not have any material adverse impact on its financial position and results of operations. The said subsidiary has applied for an Advance pricing agreement (APA), on completion of which, matter will be concluded. Pending settlement of the matter, the Group has disclosed the potential tax demand equivalent to ₹ 481.80 crores (USD 56.36 million) (31 March 2024: ₹ 310.09 crores (USD 37.20 million)) which includes WHT equivalent to ₹ 102.90 crores (USD 12.04 million) (31 March 2024: ₹ 102.75 crores (USD 12.33 million)) as contingent liability in the consolidated financial statements.

- iii. CRA audited support services rendered by Tata Communications Canada Limited (hereafter referred to as 'the subsidiary') to Tata Communications Services (Bermuda) Limited ('TCSBL') for all fiscal years from 2007-08 to 2017-18. CRA proposed rejection of transfer pricing method applied by the said subsidiary and made additions to the taxable income equivalent to ₹ 2,447.19 crores (USD 286.25 million) (31 March 2024: ₹ 2,063.72 crores (USD 247.57 million)). The said subsidiary has received reassessment notice from CRA for federal portion (including interest and penalty) equivalent to ₹ 907.82 crores (USD 106.19 million) (31 March 2024: ₹ 774.29 crores (USD 92.89 million)). Tax adjustment includes primary adjustment of ₹ 278.56 crores

Notes forming part of the Consolidated Financial Statements

for the year ended 31 March 2025

47. Contingent liabilities and Commitments: (Contd..)

(USD 32.58 million) (31 March 2024: ₹ 234.07 crores (USD 28.08 million)) and secondary adjustment of ₹ 381.36 crores (USD 44.61 million) (31 March 2024: ₹ 330.75 crores (USD 39.68 million)) due to non-settlement of the adjustment through cash consideration. The subsidiary had obtained an opinion from external consultant in 2016 and updated opinion dated 12 April, 2024, which stated and re-confirmed that the CRA's adjustment is not sustainable as it does not reflect the facts underlying the adjusted transfer pricing and is also not consistent with arm's length principle. The subsidiary has filed the appeal in the Tax Court for FY 2007-08 to 2013-14. Accordingly, the Group believes that the issue will be settled in its favour and will not have any material adverse impact on its financial position and results of operations and accordingly, disclosed the potential tax demand (including interest and penalty) of ₹ 907.82 crores (USD 106.19 million) (31 March 2024: ₹ 774.29 crores (USD 92.89 million)) as contingent liability in the books.

- iv. Revenue Quebec has followed the adjustment made by CRA at Federal level. As a consequent to adjustments made by CRA, Revenue Quebec (Provincial Tax Authorities) have also made adjustments for FY 2007-08 to FY 2017-18. Accordingly, the demand is raised of ₹ 325.70 crores (USD 38.10 million) (31 March 2024: ₹ 244.41 crores (USD 29.32 million)) which includes interest of ₹ 148.27 crores (USD 17.34 million) (31 March 2024: ₹ 123.31 crores (USD 14.79 million)). Revenue Quebec shall also provide relief as and when there is relief provided by CRA on above issues and thus Management on the same lines of above believes that the adjustment is not sustainable. In case the above cases are against the Group, it may be liable for an interest exposure of ₹ 489.02 crores (USD 57.20 million) (31 March 2024: ₹ 389.26 crores (USD 46.70 million)).
- v. The Group has certain tax receivables against the ongoing litigations which will be settled on completion of the respective litigation. The Group is of the view that the said balances are recoverable subject to favourable outcome of the same and hence does not require any adjustments as at 31 March 2025.

47. Contingent liabilities and Commitments: (Contd..)

II. Claims for other taxes

During the year ended 31 March 2020, a subsidiary domiciled abroad, received a final VAT assessment from VAT authorities for ₹ 142.84 crores (EUR 15.5 Mn) and a final penalty assessment of ₹ 166.76 crores (EUR 18.1 Mn). On 1 July, 2020, the Group filed its grounds for appeal with the Economic Administrative Court towards the final VAT and penalty assessments. On 29 March 2022, the Economic Administrative Court notified its resolution, finding against the Group and dismissing the appeal against the VAT and penalty assessments.

The Group lodged a contentious-administrative appeal before the National Court on 24 May, 2022. Additionally, the Group filed a request for the suspension of the final VAT and penalty assessment payment pending the outcome of the appeal, which was granted. The National Court declared the contentious-administrative appeal proceedings closed on 25 November 2022 and the Group awaits the National Court's decision. The Group believes that there are grounds to defend its' position and has accordingly disclosed ₹ 309.60 crores (EUR 33.6 Mn) as contingent liability.

III. Other claims:

- i. Telecom Regulatory Authority of India ("TRAI") reduced the Access Deficit Charge ("ADC") rates effective 1 April 2007. All telecom service providers including National Long Distance ("NLD") and International Long Distance ("ILD") operators in India are bound by the TRAI regulations. Accordingly, the Company has recorded the cost relating to ADC at revised rates as directed by TRAI. However, BSNL continued to bill at the ADC rate applicable prior to 1 April 2007. BSNL had filed an appeal against TRAI Interconnect Usage Charges ("IUC") regulation of reduction in ADC and currently this matter is pending with the Hon'ble Supreme Court. The excess billing of BSNL amounting to ₹ 311.84 crores (31 March 2024: ₹ 311.84 crores) has been disclosed as contingent liability.
- ii. As at March 31, 2025, the Company has received 'Show Cause-cum Demand Notices' ('demand notices') from Department of Telecommunications of India ('DOT') aggregating to ₹ 8,064.98 crores for financial years (FY) ranging from FY 2005-06 to FY 2023-24 (31 March 2024: ₹ 8,082.80 crores

Notes forming part of the Consolidated Financial Statements
for the year ended 31 March 2025

47. Contingent liabilities and Commitments: (Contd..)

for financial years (FY) ranging from FY 2005-06 to FY 2022-23), which have been revised over a period of time. These demand notices include ₹ 276.68 crores (31 March 2024: ₹ 276.68 crores) towards disallowance of deductions claimed by the Company on payment basis for FY 2010-11 under ISP license and FY 2006-07 & FY 2009-10 under NLD license ('three years'), considered remote.

The Company has existing appeals relating to its ILD, NLD & ISP licenses which were filed in the past and are pending at the Hon'ble Supreme Court and TDSAT and the Company's appeals are not covered by the Hon'ble Supreme Court judgement dated October 24, 2019, on AGR under UASL. Further, the Company believes that all its licenses are different from UASL, which was the subject matter of Hon'ble Supreme Court judgement of October 24, 2019. The Company has obtained stay orders for payment of these demands and based on its assessment and independent legal opinions, believes that it will be able to defend its position.

Accordingly, the Company has included ₹ 7,734.12 crores (31 March 2024: ₹ 7,751.94 crores) as part of the contingent liability (net of provision ₹ 54.18 crores (31 March 2024: ₹ 54.18 crores)) and ₹ 276.68 crores (31 March 2024: ₹ 276.68 crores) as remote, being the disallowance of deductions claimed by the Company on payment basis for three years.

The total contingent liability in respect of all AGR dues including above demands and interest computed from the date of the demand till the year end, amounts to ₹ 9,896.80 crores (As at 31 March 2024 ₹ 8,679.06 crores).

iii. Other claims of ₹ 413.86 crores (31 March 2024: ₹ 372.32 crores) mainly pertain to

47. Contingent liabilities and Commitments: (Contd..)

routine suits for collection, commercial disputes, claims from customers and/or suppliers, BSNL port charges and claim from Employee State Insurance Corporation.

iv. Based on the management assessment and legal advice, wherever taken, the Group believes that the above claims are not probable and would not result in outflow of resources embodying economic benefits.

b. Capital commitments:

Estimated amount of contracts remaining to be executed on capital account, not provided for amount to ₹ 1,250.72 crores (31 March 2024: ₹ 1,057.48 crores) (net of capital advances). Further Group's share in associate's capital commitment is ₹ 342.58 crores (31 March 2024: ₹ 294.27 crores) (net of capital advances).

As at 31 March 2025, the Group has remaining commitment of ₹ Nil (equivalent of USD Nil) (31 March 2024: ₹ 26.68 crores (equivalent of USD 3.2 million)) towards investments in Northgate Telecom Innovations Partners, L.P., one of the investee.

48. Dividend remitted to non-resident shareholders

The Company has not remitted any amount in foreign currencies on account of dividend during the year. The particulars of final dividend paid to non - resident shareholders are as under:

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
Number of non - resident shareholders	5,820	4,574
Number of shares held by them	52,598,102	50,102,224
Year to which the dividend relates	2023-24	2022-2023
Amount remitted (net of tax) (₹ in crores)	70.45	86.07

**Refer note 36 b

52. The Holding Company and subsidiaries which are companies incorporated in India and whose financial statements have been audited under the Act have complied with the requirements of audit trail except for the following:

- a. For Company and its 2 subsidiaries: Instances of accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that, audit trail feature is not enabled at the database level and certain master fields (asset master, supplier master and general ledger account master) for users with privileged/administrative access rights were enabled on August 9, 2024, which relates to SAP application. Also, the audit trail feature has not been enabled for a billing application with respect to its voice business unit.

Additionally, the audit trail of prior year has been preserved as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective years.

- b. For a subsidiary: Instances of accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that, audit trail feature at the database level and certain master fields (asset master, supplier master and general ledger account master) for users with privileged/administrative access rights were enabled on September 13, 2024, which relates to SAP application.

Additionally, the audit trail of prior year has been preserved as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective years.

- c. For another subsidiary: Instances of accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that, audit trail feature is not enabled as it relates to Oracle Netsuite application upto the date of migration to SAP application (September 30, 2024) and not enabled for database level as it relates to SAP application for the period October 1, 2024 to March 31, 2025.

Additionally, the audit trail of prior year has not been preserved as per the statutory requirements for record retention.

Notes forming part of the Consolidated Financial Statements

for the year ended 31 March 2025

53. These consolidated financial statements include unaudited financial statements and other unaudited financial information with respect to 2 associates incorporated in India, hence, the audit trail feature and the backup of the books of accounts and other relevant books and papers maintained in electronic mode, is not covered above.

54. Events after the reporting period

There are no significant subsequent events except above between the year ended 31 March 2025 and signing of financial statements as on 22 April, 2025 which have material impact on the consolidated financial statements of the Group.

55. Approval of financial statements

The consolidated financial statements are approved for issue by the board of directors in their meeting held on 22 April 2025.
