Chairman's Message to Shareholders

Kumar Taurani

Ramesh Taurani

Dear Fellow Shareholders,

FY2025 was preparatory year for us. We have been working on identifying new film scripts and commissioning of new projects. To expand our scope of business we have started providing distribution services for other producers. This will also benefit our own film production business. We distributed the Salman Khan Starrer, Sikandar for Nadiadwala Grandson Entertainment Pvt. Ltd. In the fourth quarter of FY2025.

We had on floor Raj Kumar starrer Maalik, Gippy Grewal and Ammy Virk starrer Sarbala ji and Varun Dhawan Starrer Hai Jawani Toh Ishq Hona Hai during the year. At year end they are at various stages of completion. Dil ka Darwaza is also under

production. We expect atleast 2 to 3 of these movies to be released in FY2026.

Scripting work is near completion for Race-4, Bhoot Police -2 and several others. We are steadily progressing towards our aim of producing and releasing 5 to 6 movies per year. Even as we scale up, we will remain quality focused. We work with the objective that the IPR that we create must have lasting value.

Jai Hind

provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. RISKS AND CONCERNS

The risks are measured, estimated and controlled with the objective to mitigate its adverse impact on the business of the Company. The Company has inherent risk associated with its business apart from credit risk, liquidity risk and market risk. The Company has an effective risk management framework to monitor the risk controls in key business processes. The Company has identified the followings risks that can impact its business performance and plans:

● Failure or delay to obtain approvals, permits and licenses

We require certain statutory and regulatory permits and approvals for our business. Additionally, we may need to apply for more approvals in the future including renewal of approvals that may expire from time to time. There can be no assurance that the relevant authorities will issue such permits or approvals in the timeframe anticipated by us or at all. Failure by us to renew, maintain or obtain the required permits or approvals within the requisite time may result in the interruption of our operations and may have a material adverse effect on our business, financial condition and results of operations.

● Changing consumer tastes

We create filmed content, demand for which depends substantially on consumer tastes or preferences that often change in

unpredictable ways. There is no formula that will predict whether a given film will be successful. The success of our business depends on our ability to consistently create and distribute filmed entertainment that meets the changing preferences of the broad consumer market both within India and internationally.

- **Dependence on the Indian box office success of our films from which a significant portion of our revenues are derived.**

In India, a relatively high percentage of a film's overall revenues tends to be derived from theatre box office sales and, in particular, from such sales in the first week of a film's release. Indian domestic box office receipts may also be an indicator of a film's expected success in other distribution channels. As such, poor box office receipts from our films could have a significant adverse impact on our results of operations in both the year of release of the relevant films and in the future for revenues expected to be earned through other distribution channels.

- **Piracy of our content may adversely impact our revenues and business.**

Our business is highly dependent on maintenance of intellectual property rights in the entertainment products and services we create. Piracy of media products, including digital and internet piracy and the sale of counterfeit consumer products, may decrease revenue received from the exploitation of our products. Consumer awareness of illegally accessed content and the consequences of piracy is lower in India than in Western countries and the move to digital formats has facilitated high-quality piracy in particular through the internet and cable television.

STRENGTH

Our vision is to emerge as a leading entertainment and media house by establishing a sustainable connection with audiences and successfully exploiting our content library through diversified platforms on a worldwide basis. We are working to bring predictability, scalability and sustainability, to our business model ultimately resulting in profitability.

- **Valuable and expanding content library**

TIPS believes that we have a diverse content library which is constantly updated through the addition of new releases. Our library includes Hindi film titles such as Soldier, Ajab Prem ki Ghazab Kahani, Kya Kehna, Raaz, Raja Hindustani, Jab Pyaar Kisi Se Hota Hai, Ishq Vishq, Dil Apna Punjabi, Jihne Mera

Dil Luteya, Race, Tere Naal Love Ho Gaya, Race-2, Ramaiya Vastavaaiya, Phata Poster Nikla Hero, Entertainment, Love Shhuda, Ambarsariya, Kaptaan, Bhoot Police, Race 3 and Merry Christmas, Ishq Vishq Rebound, and in Marathi Regional Language include Sridevi Prasanna.

- **Value of the TIPS name**

We believe that TIPS enjoys a strong reputation in the Indian film industry as a film production company and is widely respected. We use the TIPS banner for our Hindi and other regional language film production and distribution businesses as it is widely known and well established. We believe many Indian film actors, directors, studios, exhibitors and other distributors as well as Indian audiences associate the TIPS name with quality content and a strong distribution network. Through our continued efforts, both with participants and audiences, we seek to continue to benefit from the positive values associated with the TIPS brand name.

- **Established relationship with audiences and the Film Fraternity**

As an established entity, in various aspects of the media and entertainment industry in India, we believe that we have managed to create, maintain and build our goodwill within the film fraternity including artists, actors, directors, music composers, singers, recording studios, editors and other technicians. Over the years, audiences have come to rely on us for providing quality entertainment.

- **Build diversified content portfolio and maintaining a wide release strategy**

The TIPS India Library has over 36 Hindi films and 8 Regional films, our strategy is to gradually achieve 4-5 new films releases annually. We intend to produce films in multiple languages including Hindi and other regional language films to achieve a mix of high, medium and low budget films, which will allow us to create multiple options for new releases across various distribution platforms.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTER

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial

statements of the current financial year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including annexure to Board's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and

maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we

are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure 'A' to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of TIPS FILMS LIMITED ('the Company') as of 31st March, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over

financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to

error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the

essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

(Amount expressed in INR Lakhs unless otherwise stated)

1. Company Background:

Tips Films Limited is a Company limited by shares, incorporated, and domiciled in India. The Company was incorporated on June 5, 2009 under Chapter IX of the Companies Act, 1956. The Company is engaged in the business of Production and Distribution of motion Pictures. The Company is listed on the Stock exchanges i.e. BSE Limited and National Stock Exchange Limited

2. Summary of Significant Accounting Policies:

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Basis of Preparation of financial statements:

i) Compliance with Ind As:

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under section 133 of the Companies Act, 2013, ("the act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 with effect from April 1, 2016. The financial statements were approved by the Company's board of director April 30, 2024.

These financial statements are presented in Indian rupees (INR), which is the Company's functional currency. All amounts have been rounded off to two decimal places to the nearest lakh, unless otherwise indicated.

ii) Historical cost convention:

The financial statements have been prepared on a historical cost basis, except for the following:

- A) Certain financial assets and liabilities (including derivative instruments) that are measured at fair value.
- B) Defined benefit plans assets measured at fair value.

iii) Current/ Non- Current Classification:

Any asset or liability is classified as current if it satisfies any of the following conditions:

- a) it is expected to be realised or settled or is intended for sale or consumption in the Company's normal operating cycle;
- b) it is expected to be realised or settled within twelve months from the reporting date;
- c) it is held primarily for the purposes of being traded;
- d) the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;

Notes to the Financial Statements for the year ended March 31, 2025

(Amount expressed in INR Lakhs unless otherwise stated)

- e) in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for atleast twelve months from the reporting date.

All other assets and liabilities are classified as non- current.

For the purpose of current/ non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realisation in cash and cash equivalents.

b) Use of accounting estimates and judgments:

The preparation of financial statements in accordance with Ind AS requires use of estimates and assumptions for some items, which might have effect on their recognition and measurement in the balance sheet and statement of profit and loss. The actual amounts realised may differ from the estimates.

Such estimates are reviewed at each reporting period and impact if any is given in current and future periods. Estimates and assumptions are required in particular for:

i) Estimated useful life of property, plant and equipment:

Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

ii) Recoverability of deferred income tax assets:

In determining the recoverability of deferred income tax assets, the Company primarily considers current and expected profitability of applicable operating business segments and their ability to utilise any recorded tax assets. The Company reviews its deferred income tax assets at every reporting period end, taking into consideration the availability of sufficient current and projected taxable profits, reversals of taxable temporary differences and tax planning strategies.

iii) Measurement of defined benefit obligations and other employee benefit obligations:

The Company's net obligation in respect of gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the other long-term employment benefits.

The present value of the obligation is determined based on actuarial valuation at the balance sheet date by an independent actuary using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of

Notes to the Financial Statements for the year ended March 31, 2025

(Amount expressed in INR Lakhs unless otherwise stated)

employee benefit entitlement and measures. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the balance sheet date.

c) **Property, Plant and Equipment:**

Measurement at recognition

The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably and is measured at cost. Subsequent to recognition, all items of property, plant and equipment (except for freehold land) are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost of property, plant and equipment comprises its purchase price plus any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and the initial estimate of decommissioning, restoration and similar liabilities, if any. Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

Items such as spare parts, stand-by equipment and servicing that meets the definition of property, plant and equipment are capitalised at cost and depreciated over the useful life. Cost of repairs and maintenance are recognised in the statement of profit and loss as and when incurred.

Depreciation:

Depreciation is provided on Straight Line Method, over the useful life of the assets as prescribed under Part C of Schedule II of the Companies Act, 2013 except for Improvements to Leasehold Premises.

Improvements to Leasehold Premises are amortized over the period of lease.

Depreciation on additions / deletions is calculated on a pro-rate basis from the date of addition / upto the date of deletion.

Capital work in progress and Capital advances

Assets under Capital Work in Progress includes the cost of property, plant and equipment that are not ready to use at the balance sheet date. Advances paid to acquire property, plant and equipment before the balance sheet date are disclosed under Other Non Current Assets. Assets under Capital Work in Progress are not depreciated as these assets are not yet available for use.

Derecognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in the statement of profit or loss in the period the asset is derecognised.

Notes to the Financial Statements for the year ended March 31, 2025

(Amount expressed in INR Lakhs unless otherwise stated)

d) Investment properties

Properties that are held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of item can be measured reliably. All other repairs and maintenance costs are expensed out when incurred. Investment properties are depreciated using the straight-line method over their estimated useful life. Improvements to the leasehold premises are amortised over the period of lease.

e) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i) Non-derivative financial assets:

Initial recognition and measurement

The Company recognises a financial asset in its balance sheet when it became party to the contractual provisions of the instrument. All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset.

Where the fair value of a financial asset at initial recognition is different from its transaction price, the difference between the fair value and the transaction price is recognised as a gain or loss in the statement of profit and loss at initial recognition if the fair value is determined through quoted market price in an active market for an identical asset (i.e level 1 input) or through a valuation technique that uses data from observable markets (i.e level 2 input).

In case the fair value is not determined using a level 1 or level 2 input as mentioned above, the difference between the fair value and transaction price is deferred appropriately and recognised as a gain or loss in the statement of profit and loss only to the extent that such gain or loss arises due to a change in factor market participants take into account when pricing the financial asset.

However, trade receivables that do not contain a significant financing component are measured at transaction price irrespective of the fair value on initial recognition.

Subsequent measurement:

For subsequent measurement, the Company classifies a financial asset in accordance with the below criteria:

- i) The Company's business model for managing the financial asset and
- ii) The contractual cash flow characteristics of the financial asset.

Notes to the Financial Statements for the year ended March 31, 2025

(Amount expressed in INR Lakhs unless otherwise stated)

Based on the above criteria, the Company classifies its financial assets into the following categories:

- i) Financial assets measured at amortised cost.
- ii) Financial assets measured at fair value through profit and loss (FVTPL).

i) Financial assets measured at amortised cost:

A financial asset is measured at the amortised cost if both the conditions are met:

- a) The Company's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows.
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and bank balances, trade receivables, loans, deposits and other financial assets of the Company. Such financial assets are subsequently measured at amortised cost using the effective interest method. The amortised cost of a financial asset is also adjusted for loss allowance, if any.

ii) Financial assets measured at fair value through profit and loss (FVTPL):

A financial asset is measured at FVTPL unless it is measured at amortised cost or at Fair Value through Other Comprehensive Income (FVTOCI). This is a residual category applies to inventories, and other investments of the Company excluding investment in subsidiary. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognised in the statement of profit and loss.

Derecognition:

A financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. On derecognition of a financial asset, the difference between the carrying amount and the consideration received is recognised in the statement of profit and loss.

Impairment of financial assets:

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- b) Trade receivables - The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Notes to the Financial Statements for the year ended March 31, 2025

(Amount expressed in INR Lakhs unless otherwise stated)

Trade receivables are tested for impairment on a specific basis after considering the sanctioned credit limits, security like letters of credit, security deposit collected etc. and expectations about future cash flows.

Presentation:

Financial assets and liabilities are offset and the net amount presented in the statement of balance sheet when, and only when, the Company has a legal right to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

ii) Non-derivative financial liabilities

Initial recognition and measurement

Financial liabilities are recognised initially on the trade date at which the Company becomes a party to the contractual provisions of the instrument. All financial liabilities are recognised initially at fair value minus, in the case of financial liabilities not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial liabilities.

Borrowings are recognised initially at fair value, net of transaction costs incurred, and subsequently carried at amortised cost; any difference between the initial carrying value and the redemption value is recognised in the statement of profit or loss over the period of the borrowings using the effective interest rate method. Other financial liabilities are recognised initially at fair value plus any directly attributable transaction costs.

Non-derivative financial liabilities of the Company comprise long-term borrowings, short-term borrowings, bank overdrafts and trade and other payables.

Subsequent measurement:

Subsequent to initial recognition these financial liabilities are measured at amortised cost using the effective interest method.

Derecognition:

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expired. When an existing financial liability is replaced from the same lender on substantially different terms, or terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in the statement of profit and loss.

f) Fair Value

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

Notes to the Financial Statements for the year ended March 31, 2025

(Amount expressed in INR Lakhs unless otherwise stated)

- i) in the principal market for the asset or liability or
- ii) in the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy that categorises into three levels, as described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (level 3 inputs).

Level 1: quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: inputs that are unobservable for the asset or liability

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation at the end of each reporting period.

g) Inventories:

Items of inventory are valued on the basis as given below:

i) Cost of Feature Films:

The Company amortize the cost of movie rights within 12 months of release.

ii) Cost of under Production Films:

Expenses of under production films incurred till the films are ready for release are inventorised.

The production of films requires various types of materials in different qualities and quantities. Considering the peculiar nature of those items including their multiplicity and complexity, it is not practicable to maintain quantitative records of those items. Further, in the absence of certainty of reusability of such items, the same are not valued.

- iii) The Company reassesses the realizable value and / or revenue potential of inventory based on market condition and future demand and appropriate write down is made in cases where accelerated write down is warranted.

h) Cash and cash equivalents:

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with remaining maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows,

Notes to the Financial Statements for the year ended March 31, 2025

(Amount expressed in INR Lakhs unless otherwise stated)

cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

i) Foreign Currency Transactions

Initial Recognition:

All transactions that are not denominated in the Company's functional currency are foreign currency transactions. These transactions are initially recorded in the functional currency by applying the appropriate daily rate which best approximates the actual rate of the transaction. Exchange differences arising on foreign exchange transactions settled during the period/ year are recognised in the statement of profit and loss.

Measurement of foreign current items at reporting date:

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rate of exchange at the reporting date. Non-monetary items measured based on historical cost in a foreign currency are not translated. Non-monetary items measured at fair value in a foreign currency are translated to the functional currency using the exchange rates at the date when the fair value was determined.

Exchange differences arising out of these translations are recognised in the statement of profit and loss.

j) Revenue recognition:

Revenue is recognized when a customer obtains control and has the ability to direct the use of and obtain the benefits of products or services for the consideration that the company expects to be entitled to in exchange for those products and services.

The Company exercises judgment whether the revenue should be recognized "over time" or "at a point of time". The company considers detailed understanding of customer contractual arrangements, transfer of control vis a vis transfer of risk and reward, acceptance of delivery i.e when control is transferred.

Revenue is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

The specific recognition criteria described below must also be met before revenue is recognized:

- i) Satellite and OTT Rights Revenue from Satellite & OTT rights where a customer obtains "right to use" is recognized at the point of time the license is made available to the customer as per the terms of the agreement / contracts.
- ii) Revenue from Films:
 - Revenue from production of films is recognized on assignment of such rights as per the contract/ arrangements with the distributors.

Notes to the Financial Statements for the year ended March 31, 2025

(Amount expressed in INR Lakhs unless otherwise stated)

- Revenue from distribution of motion pictures is recognized based on ticket sales on exhibition of motion pictures at exhibition of theatres. Recoveries from films as overflows are recognized on the basis of business statements received from the distributors. Contracted minimum guarantees are recognized on transfer of theatrical rights.
 - ii) Interest Income: Interest income is accounted on accrual basis, at the contracted terms.
 - iv) Others: Revenue in respect of Insurance/Other claims is recognized only when it is reasonably certain that the ultimate collection is made.
- k) Employee Benefits:**

i) Short-term obligations:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related services are recognised in respect of employees services up to the end of the reporting period and are measured at the amount expected to be paid when liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

ii) Other long term employee benefit obligations:

Gratuity obligations:

The liability or asset recognised in the balance sheet in respect of defined benefits and gratuity plans is the present value of the defined benefits obligations at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Notes to the Financial Statements for the year ended March 31, 2025

(Amount expressed in INR Lakhs unless otherwise stated)

Defined Contribution plans:

The company pays provident fund contributions to publicly administered provident funds as per local regulations. The company has no further payment obligations once the contribution has been paid. The contributions are accounted for as defined contribution plans and the contribution are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

iii) Bonus Plan:

The company recognises a liability and an expense for bonuses. The company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

I) Taxes on Income:

Income tax expense comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

i) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year/period as per the provisions of tax laws enacted in India and any adjustment to the tax payable or receivable in respect of previous years/periods. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company has a legally enforceable right to set off the recognised amounts; and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

ii) Deferred tax:

Deferred tax is recognised on deductible temporary differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases used in the computation of taxable income, the carry forward of unused tax losses and the carry forward of unused tax credits.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax liabilities are generally recognized for all deductible temporary differences. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction that affect neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognised. Also, for temporary differences if any that may arise from initial recognition of goodwill, deferred tax liabilities are not recognised.

Notes to the Financial Statements for the year ended March 31, 2025

(Amount expressed in INR Lakhs unless otherwise stated)

Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable income will be available against which those deductible temporary differences can be utilised. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognised.

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period and reduce amounts to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the asset to be recovered.

Presentation of current and deferred tax:

Current and deferred tax are recognised as income or an expense in the statement of profit and loss, except when they relate to items that are recognised in Other Comprehensive Income/ Equity, in which case, the current and deferred tax income/ expense are recognised in Other Comprehensive Income/ Equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current income tax assets against current income tax liabilities and when they relate to income taxes levied by the same taxation authority.

m) Earnings per share:

The basic earnings per share ('EPS') is computed by dividing the net profit attributable to equity shareholders for the period, by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed using the weighted average number of equity and dilutive (potential) equity equivalent shares outstanding during the period except where the results would be anti-dilutive.

n) Provisions and Contingencies

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is more likely than not that an outflow of economic benefits will be required to settle the obligation. Provisions are discounted where the effect of discounting is material at a pre-tax rate that reflects current market assessments of the time value of money. Unwinding of the discount (accretion) is recognized as a finance cost. Discount rates are assessed and projected timing of future obligations each reporting period.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Notes to the Financial Statements for the year ended March 31, 2025

(Amount expressed in INR Lakhs unless otherwise stated)

o) Investment and other financial assets:

i) Classification:

The company classifies its financial assets in the following measurement categories:

- a) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- b) those measured at amortised cost

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.

ii) Measurement:

At initial recognition, the company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

p) Leases:

As a Lessee:

The company recognizes a right-of-use asset and a lease liability at the lease commencement date.

Right-of-use asset (ROU):

The right-of-use asset is initially measured at cost. Cost comprises of the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, any initial direct costs incurred by the lessee, an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located less any lease incentives received.

After the commencement date, a lessee shall measure the right-of-use asset applying cost model, which is Cost less any accumulated depreciation and any accumulated impairment losses and also adjusted for certain re-measurements of the lease liability.

Right-of-use asset is depreciated using straight-line method from the commencement date to the end of the lease term. If the lease transfers the ownership of the underlying asset to the company at the end of the lease term or the cost of the right-of-use asset reflects the company will exercise the purchase option, ROU will be depreciated over the useful life of the underlying asset, which is determined based on the same basis as property, plant and equipment.

Notes to the Financial Statements for the year ended March 31, 2025

(Amount expressed in INR Lakhs unless otherwise stated)

Lease liability:

Lease liability is initially measured at the present value of lease payments that are not paid at the commencement date. Discounting is done using the implicit interest rate in the lease, if that rate cannot be readily determined, then using the company's incremental borrowing rate. Incremental borrowing rate is determined based on entity's borrowing rate adjusted for terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprises of fixed payments (including in substance fixed payments), variable lease payments that depends on an index or a rate, initially measured using the index or rate at the commencement date, amount expected to be payable under a residual value guarantee, the exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

Lease liability is measured at amortised cost using the effective interest method. Lease liability is re-measured when there is a change in the lease term, a change in its assessment of whether it will exercise a purchase, extension or termination option or a revised in-substance fixed lease payment, a change in the amounts expected to be payable under a residual value guarantee and a change in future lease payments arising from change in an index or rate.

When the lease liability is re-measured corresponding adjustment is made to the carrying amount of the right-of-use asset. If the carrying amount of the right-of-use asset has been reduced to zero it will be recorded in statement of profit and loss.

Right-of-use asset is presented under "Property, Plant & Equipment" and lease liabilities are presented under "Financial liabilities" in the balance sheet.

The company has elected not to recognise right-of-use assets and lease liabilities for short term leases. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

As a Lessor: Lease income from operating leases where the Company is a lessor is recognised as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

q) Impairment of non-financial assets:

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units).

r) Borrowing costs:

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Other borrowing costs are expensed in the period in which they are incurred, unless they are capitalised.

Currency	March 31, 2025 INR	March 31, 2024 INR
USD	12.87	1.27
Total	12.87	1.27

ii) Sensitivity Analysis

A reasonably possible strengthening (weakening) of the foreign currency against the Indian Rupee at March 31 would have affected the measurement of financial instruments denominated in foreign currencies and affected equity and profit and loss by the amounts shown below.

This ananlysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases

Effect in INR	March 31, 2025		March 31, 2024	
	Profit or Loss		Profit or Loss	
	Strengthening	Weakening	Strengthening	Weakening

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

iii) Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

The risk estimates provided assume a parallel shift of 100 basis points interest rate across all yield curves. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

c] Price Risk

Price risk refers to risk that the fair value of a financial instrument may fluctuate because of the change in the market price. The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumption the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognized in the Balance Sheet.

iii] Leave Obligation

The Company provides leave to employees. The employees at the end of the financial year can carry forward their balance leave to the subsequent financial year and it gets lapsed if not availed in that subsequent financial year. The Company Rules does not provide encashment of Leave at any time during the tenure of employment and also on retirement or termination. The Company records a provision for leave obligation at the end of the financial year. The total provision recorded by the Company towards this obligation was INR 2.32 Lakhs as on March 31, 2025 (INR 2.13 lakhs as on March 31, 2024)

iv] Risk Exposure

Through its defined benefit plans, the Company is exposed to some risks, the most significant of which are detailed below:

Discount rate risk

The Company is exposed to the risk of fall in discount rate. A fall in discount rate will eventually increase the ultimate cost of providing the above benefit thereby increasing the value of the liability

Salary growth risks

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability

Demographic risk

In the valuation of the liability, certain demographic (mortality and attrition rates) assumptions are made. The Company is exposed to this risk to the extent of actual experience eventually being worse compared to the assumptions thereby causing an increase in the benefit cost.
